Number 36

"If Patrick Henry thought that taxation without representation was bad, he ought to see it with representation." ---selected.

Sure is a lot of football talk around Plains. I sure am hoping for a big turnout at the first Booster Club meeting at the Legion hall on Monday night. The coaches report the boys are really putting all they've got into it this year, and that team prospects are looking pretty bright.

I think, win, lose or draw, we owe it to the team to support it with just as much enthusiasm as they put into the game.

Young people, in practically any phase of their activities, need the approval and backing of the so-called "older generation."

A pretty good piece of news for the United States in regard to Red China is making the rounds lately.

It seems that there is a rather severe food shortage in that very polluce country and that the shortage is reaching pretty serious proportions. Seems the communal system of farming (government support and control carried to the fullest limits) is not working out so good for the people of China.

Few Americans would wish any individual to go hungry, even the Communist Chinese, but if this can bring about an overthrow of the Red Chinese Regime, it would be welcomed. This is especially true when we view the precepts of the Red leaders when compared, even to those of the Reds in Russia. They are almost without exception dedicated to forcing the world into communism with the use of direct force.

The present plight could lead the Red Chinese to take a dangerously military gamble. This is one possibility to be considered. But it is also highly possible that the regime in China today is more vulnerable than in years--to infiltration and resistance.

The U. S. cannot interfere in Red China's internal affairs nor can it participate in any invasion, which might prove endless and terribly costly. But we can certainly encourage the dissidents and refuse to do anything to help the Communists, in any country.

A weakened and divided China might be the most we can hope for in the near future, but that would be far better than a militant, disciplined, well-ordered nation of 700 million Communists. And that has been the prospect for several years.

A publication in newspaper form passed across my desk this week. It is published by the Christian Education Association in Union, N. J.

I don't know where they got the name "Christian" for their title, but if I've ever heard of blasphemy then this is certainly it.

I'd like to quote just a few choice sayings from this publication.

Quote, "Democracy is the Jews cover-up word for communism!"

Quote, "The Germany of Adolph Hitler wanted peace!"

Quote, "If you believe in race-mixing you are helping Communism."

Quote, "If you believe that our State Department is trying to destroy communism then you have been brainwashed."

Now, by George, I certainly believe in a free press, but there is a limit to anything. I certainly believe our country has been headed too long (since the time of F.D.R.'s New-Dealism) toward the ranks of becoming a welfare state. I don't believe, however, that the country is being run by a bunch of traitors. I don't believe racial bigotry is the answer to any problem that has ever or will ever face America.

What a lot of well-meaning critics of many of the trends of our government in recent years, and I think we must criticize and voice our opinions and let our representation know just how we feel on any and all matters, the trouble is many time though, we so vigorously oppose the left that we become too radical in our opinions and

(Continued on page 2)

LUCKY WINNER---Miss Kathy Smith, daughter of Mr. and Mrs. Gene Smith of Plains, was the proud winner this week of a free trip for her and her entire family to Six Flags Over Texas. The trip includes all car expenses and a nights lodging at the Inn of the Six Flags. The trip was awarded to Kathy, over Lubbock T. V. by Carpet City of Lubbock.

Cowboys Make Good Showing At Muleshoe

Plains Cowboys travelled to Muleshoe on Tuesday evening of this week for their first scrimmage of the season to test out the things they have been practicing for the last two weeks in pre-season workouts.

The Muleshoe Mules are rated, by the Lubbock Avalanche Journal sports department to wind up their season in first place in their district, so the local coaching staff expected some really stiff competition from them.

In reporting on the results of the workout against the Mules, a class AA team, Coach Pierce reported that the Cowboys made four touchdowns to the Mules two. He also pointed out that the two the Mules made were at the end of the workout and that one, in fact, was at a time when many of the Cowboys' "B" squad was on the field.

Ronnie Hendricks was responsible for all four of the Plains touchdowns.

Plains coaches report that they are very well satisfied with the effectiveness of the new defensive system put into the Cowboy strategy for this year, and that the boys themselves seem to feel very confident with it.

The Plains coaches pointed out the really outstanding efforts of many of the Cowboys, and stated that doing real commendable jobs in the backfield are Ronnie Hendricks, Clyde Lym, Tetum Perrin, J. B. Wilson, Mike Field and Jim Harris. In the line the efforts of Dennis Hickman, Clarence Todd, Fred Blount, Johnny Robertson, Ty Powell, Ernie Anderson, Donald Davis, Jimmy O'Neal, Jackie Faulkenberry, Red Spencer, Hampton, Jack Lowe, Omar Hyman, and Taunton were pointed out as being especially noteworthy.

Coaches also pointed out that out on slight injuries are Roland Faibes, Jimmy Kerby and

Freddie Carnally, each of whom is expected to give a lot of support and help to the team this year.

Coach Pierce also pointed out that in the planning stages is an effort to begin something of a new incentive program for boys. This will, as is now planned, consist of awarding a certificate to the Outstanding Defensive and the Outstanding Offensive player of the week and then in addition to the fighting heart award given at each year's football banquet will be the new awards of "Outstanding Offensive Player of

(Continued on page 2)

FRESHMEN--Reports are that this years freshmen squad of Cowboy footballers is looking exceptionally good and a lot of potential is seen among them.

Young Farmers Group Organized

A local chapter designated as the Yoakum County Chapter of Young Farmers, was organized in Plains on the night of August 27.

Herry Stockton, local vocational agricultural advisor and instructor in Plains High School was named advisor of the local group.

Stockton explained the functions of a local chapter and some of the advantages to an individual in belonging to the Young Farmers.

Temporary officers were elected at last week's meeting. Officers named were Jim Barron, President; Travis Jones, Treasurer; and Jack Cobb, Secretary.

There were 12 regular and six associate members, enrolled at the organization meeting to form the local chapter.

The next meeting is scheduled for October 8, in the Vo-Ag building at Plains High School at 8 p.m.

Stockton urged that any more young farmers in the area who are interested in becoming members of the new organization are certainly most welcome to come to the next meeting.

He pointed out further that anyone interested and desiring more details could contact either himself or one of the above named temporary officers.

Booster Club To Meet Monday

First meeting of the Cowboy Booster Club is scheduled to be held on Labor Day, next Monday, September 3.

The meeting is set to begin promptly at 8 p.m. and should be of great interest to local football fans.

A film of the Cowboys in action in their scrimmage this week against the Muleshoe Mules will be shown, so that local fans can get a look at prospects for this year and can see the new techniques, especially in defense, being put into practice.

Also reports about the potential of this year's team will be heard from the Coaches and the potentials of the Golden Cranes that the Cowboys will meet on Friday night, September 7.

All interested persons are urged to attend the meeting in

the Legion Hall in Plains at 8 p.m.

Rides for the football boys, who remain after school most afternoons for football practice need to be arranged for among the membership of the Booster Club.

Interested fans should show their support for the team by being on hand and showing an active interest in the boys and their efforts and by booster members welcoming the team onto the playing field at each game.

Officers for the new year will be elected also at Monday night's meeting. And word was received by this editor that anyone who didn't automatically want to be elected to an office should be sure to be at the meeting Monday night.

County Valuation Set At \$58,500,000

Yoakum County valuations for tax purposes are expected to total \$58,500,000 this year, a sum which represents a \$1,500,000 increase in County oil valuations.

County Commissioners, last week approved the 1963 County budget which called for the spending of \$1,129,976.

Tax rate for citizens of the Denver City area was reduced

two cents from \$1.35 to \$1.33 per \$100 valuation because of a two cent drop in the road district levy in that area.

Bill Moorehead, county Auditor pointed out that this was made possible by the fact that twenty three cents instead of the regular twenty five cents is all that will be needed in that fund to retire the remaining portion of the six hundred thousand dollar bond issue passed in 1954.

Taxation receipts for next

year are computed to be \$1,166,096.81 which will mean that a surplus of approximately thirty six thousand dollars will be on hand at the end of next year. However, that surplus will be used to retire a portion of the \$165,000 overdraft which has hung over the county's head for several years.

Moorehead reported that county plans at present call for a \$40,000 payment each year until the overdraft is cleared up.

Games Set For 6th And 7th

Members of the Plains Cowboys' "B" team will have their first taste of action in a regular game on September 6, at Tahoka. Game time has been set at 5 p.m.

Varsity Cowboy team will take the field the following night, September 7, against their first official rival of the season in the Crane Golden Cranes.

The very highly regarded Cranes should furnish the Cowboys with a taste of real stiff competition.

Plains - Crane game will be played in Cowboy stadium at 8 p.m. as will all non-conference games this year. Conference games are slated to begin at 8 p.m.

First Bale For Co. Brought In Monday

First bale of cotton in the Plains area was brought into the Pleasant Hill Gin, operated by O'Neal Spencer.

The bale was brought in by Mr. Pat Minor of the Pleasant Hill community.

Minor received a \$50 bonus check from O'Neal in addition to gift certificates totaling \$519 presented by Mr. Reeves Newman, chairman of the Denver City Chamber of Commerce's agriculture committee, on behalf of Denver City merchants.

Although Minor previously had worked farms in Brownfield, Seagraves and Sligo, this is the first time he had farmed in 10 years. He produced the crop for the bale on the Freeman Estate farm. His bale was ginned Monday night.

Oral Vaccine Clinic Counted Big Success

An unusually good turnout of Yoakum County citizens turned out for the mass polio immunization clinic which was held simultaneously in Plains and Denver City last Sunday afternoon.

It is reported that about 5,600 local citizens turned out to receive the highly-recommended Sabin Oral serum in a joint effort sponsored by the Five-County Medical Society.

A second clinic is slated for October 7, also probably in the cafeteria, at which the type two Sabin serum will be administered.

The importance of all interested in receiving complete immunity by use of the new serum in getting all three of the dosages, which are to be given six weeks apart was especially stressed by a spokesman for the Medical Society.

It was pointed out that there are definitely three different kinds of virus which can give individuals paralytic - polio.

NOTICE

A special meeting of all parents of high school band members has been called by PHS band director, Gene Young, for the evening of August 31.

The meeting is set to take place at 8 p.m. on that evening in the bandhall.

With the Sabin immunity, only one virus is immunized against with each of the three dosages, so that a person with only one or two kinds of the serum could still very easily take polio, and in fact not be protected from the third kind of virus at all.

Price for the second and third dosages will be the same as it was for the first, that is, 25 cents per dose, for individuals who are able to pay.

Report was that the money received in Plains on Sunday was just a few dollars over the 25 cents per person receiving the dosage.

It does, as the spokesman went on to say, cost a great deal of money to put in effect such a joint effort and to carry it out successfully. He went on to say that anyone who can possibly afford the 25 cents should feel obligated to pay it, but that payment of the 25 cents was not necessary if it simply could not be afforded.

October 7, has been set as the next immunization clinic for Yoakum County, both Plains and Denver City, and then six weeks after that date the third clinic to administer the third virus will be held.

Anyone who missed their dosage last Sunday may go to the Plains Hospital and Clinic in Plains or the Yoakum County Hospital in Denver City and receive it.

A Look At The Texas Oil Industry

DALLAS, Texas -- In addition to the production of almost a billion barrels of crude oil a year, Texas' 200,000-plus wells produce thousands of statistics, which Texas Mid-Continent Oil & Gas Association has distilled to "62 Facts About Texas Oil & Gas."

Vital statistics about the state's oil and gas industry, published in the free leaflet, include these:

Texas has 18.6 billion barrels of oil reserves -- 14.8 billion in crude oil; 3.8 billion from natural gas liquids (47.9% of U.S.). Texas has 119 trillion cubic feet of natural gas reserves (44.8% of U.S.). Texas operators spent \$751 million drilling in 1961; \$205 million lost to dry holes.

Texas petroleum industry's 1961 tax payments to state government were \$213 million. Last year Texas produced

35.8% of U. S. oil -- total of 938,017,000 barrels.

Texas receives more than a third of a billion dollars a year for gas sold to other states.

Texas uses more natural gas than any other state; more than rest of world outside U. S. Gas.

Texas refineries processed 799 million barrels of crude oil in 1961, an amount equal to 85% of state crude production.

During 1961, 6.1 trillion cubic feet of Texas gas were marketed.

Texas Permanent School Fund in 1961 received \$32,326,989 from petroleum industry for lease rentals, bonuses, royalty payments; total since 1932, \$393,049,120.

More than 2,000 miles of pipelines have been constructed in coastal area to carry fuel and products in chemical industry. Oil is produced in 196 Texas counties.

Proper Adjusted Picker Can Mean \$10 Extra Per Bale

College Station--A properly adjusted cotton picker will harvest an extra \$10 per bale, reports B. G. Reeves, extension cotton ginning and mechanization specialist, Texas A&M College.

Here are some suggestions for more efficient operation given by the specialist. Doffers, or stripper bars, should be adjusted to remove all the cotton each time. The spindle should not touch the doffer and can best be adjusted by letting it barely touch and then backing off until light can barely be seen between the doffer and the spindle.

Moisture pads should be adjusted so that they touch the entire picking surface of the spindle in order to keep the spindles clean of plant and leaf juices. Poor moisture pad adjustment allows the spindles to gum up, thus causing poor doffing, staining and soiling of the lint and lower grades.

Using too much water makes cotton more difficult to gin and can cause lower grades, the specialist says. The use of excess water causes mud and trash to collect in the picker unit and stain cotton. Adjust the moisture pad properly and then use barely enough water to clean the spindles.

Reeves points out these two important things: (1) Doffers and moisture pads should be

Cowboys Make--

the Year" and the "Outstanding Defensive Player of the Year."

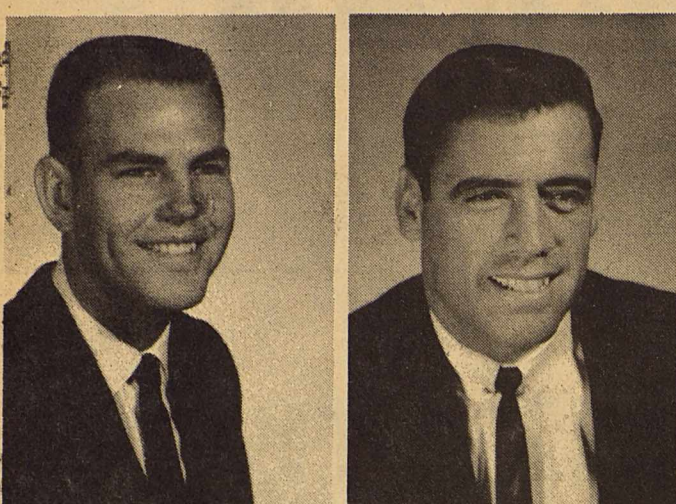

The other new incentive program started this year in the Cowboy ranks is the addition of a white stripe on the center of the helmets who, in the opinions of the coaches are giving their very best efforts to the team.

When a boy slacks off or doesn't put his best into the game or into practice, the white stripe will be removed.

The Record plans to run a picture each week during the entire football season of the members of the Cowboy team who have earned the white "Badge of Effort."

"I feel like I'd like to punch the boss in the jaw again." "Gosh! Did you say AGAIN?" "Yeah, I felt like doing it once before today."

swing almost so far to the right in our thinking that we meet the left.
There is after all very little difference in the effects and deprivations on the common man in Communism when compared to the radical right, fascism, Naxism or some other form of absolute authority.
We need to be constantly alert in our thinking about the very serious business of the way our country is run, but we need to temper our own points of view with the fact that we too could be a little bit wrong.
The kind of publication that ran that trash that I quoted to you above should be sued for libel and slander and run out of the publishing business, because if you tell a lie long enough somebody is liable to start believing it.

ASCS Committee 15 Nominees For
According to W. M. Overton local ASCS office manager 15 farmers and ranchers have been nominated to have their names placed on the Yoakum County ASCS election ballot for the Sept. 14/62 committee election. The nominees are as follows-- K. H. Banks, Ray Bearden, Howard Borland, Rufus Brian, Clay Duffey, T. A. Elmore, D. M. Gray, R. M. (Bob) Jones, R. A. (Bob) Long, M. W. Luna, Henry May, Lee Roy McCravey, W. M. Nelson, T. J. Murphey and Gene Smith.
All farmers and ranchers and wives are urged to vote in this committee election to elect three committeemen and two alternates for the 1963 crop year. The above listed names will appear on the ballot unless found ineligible to serve or such persons are found not willing to serve. Overton stated that the final date for filing petitions to have names placed on the ballot has past, however, the present county committee may make such additional nominations as it determines desirable.
Ballots will as in the past be mailed to all on the ASCS mailing list and to be counted must be voted and returned in person not later than Sept. 14/62 or ballots may be mailed and must be postmarked not later than the Sept. 14th date.
All eligible voters that fail to receive a ballot or misplace the one mailed are urged to come by the County ASCS Office.

BROWNFIELD GOOD NEIGHBOR REVIEW

Primm Rexall Drug

The Primm Drug is located at 111 S. 6th. in Brownfield, phone 2212. This store has one of the largest stocks of school supplies in this section of the state. Be sure to see them for school supplies while shopping in Brownfield.

Primm Drug always has an air of cheery welcome that makes every one happy to visit this establishment.

They are specialists in filling prescriptions, all work being in charge of a graduate pharmacist.

They carry a complete stock of drugs, sundries and toilet articles. The best in cosmetics and in shaving accessories—in fact this store has one of the most complete stocks in this section. This modern drug store also assures you of the best prices anywhere along with the most courteous attention. All this excellent service is the reason for the success of Primm Rexall Drug.

We recommend that you make this well known firm your prescription headquarters.

Bob Eakin's Terry County Office Supply

This firm carries a complete stock of PORTABLE TYPEWRITERS ADDING MACHINES. CALCULATORS AND TIME CLOCKS. Also a complete machine repair service. A large stock of typewriter accessories is carried at all times. There is no question that this is the age of the typewriter. The typewriter has come into universal use. This firm has seen this condition and in order to be of aid to everyone that uses any of these machines they offer an excellent service in servicing what they sell.

J. B. Marsh representative for Bob Eakin's office supplies will be in Plains once a week to help you with any problems you may have along this line. They are just as close as your telephone. Call "COLLECT" 4131 in Brownfield.

They carry school supplies and you can get your name stamped free on any zipper binder.

Located at 316 W. Main in Brownfield.

Western Pump & Supply Co.

This firm located at 1019 Lubbock Rd. in Brownfield, Phone 2156. They offer a complete irrigation service, that includes drilling, testing, development and casing. They carry a line of sprinkler irrigation equipment.

In this particular field of endeavor there is no company more worthy of extended mention in this review than this well known firm. Under the direction of men thoroughly conversant in every feature of this industry, it has become a very important asset to this community.

By reason of the fact the management has had wide experience in every branch of this business and because of their comprehensive knowledge of every feature of the trade they have continued to witness an increase in the number of their patrons.

In this business and professional review we highly recommend the Western Pump & Supply Co. as being an asset to the community. The management and assistants are men of practical experience in this type of business.

Tim's Safety Lane

This firm is located at 1315 Lubbock Rd. in Brownfield, Phone 2534 for estimates. Tim's Safe Lane features The Bear System of wheel alignment by factory trained men. They specialize in wheel balancing mufflers and brake repair.

For the sake of your family always keep your brakes in good working order. Wrecks are expensive and destructive, so avoid them by having good brakes on your car at all times. You will receive the best in service if you take your car here. They will turn the drums and relines your brakes, making them as good as new.

Wheels out of line or out of balance cost the car owner many unnecessary dollars. Tires are expensive while wheel balancing is very reasonable. Be wise, economize by letting this firm balance the wheels on your car. Brownfields only Bear Telaliner.

C.R. Anthony Co.

Conveniently located at 105 S. 6th in Brownfield phone 6310. The friendly atmosphere which predominates in this store at all times has placed it in a class all by itself and can well be termed "shopping headquarters" for the city and surrounding territory.

That much discussed word "service" finds true expression in the friendly employees who are ready and willing to assist the customers of this store.

Each department of this store is supervised by those well trained in the needs of the department and the merchandise is well marked according to price, style, etc. to assist you in making your selections. You will find that they only stock those items that are in current style, design, materials and quality.

We call the attention of our readers to the advantage of having a store like this which has maintained the best in service to the public. This policy should guide one to do business with this reliable firm which has the interest of every customer at heart.

Murphy Meat Co.

Murphy Meat Co. is located at 211 S. 14th in Brownfield, Phone 2632.

We would like to call the attention of our readers to the advantage of having a custom butchering fire in our vicinity.

Murphy Meat Co. has all the latest equipment to butcher your meat so that you may get the most out of your hog or beef. They work on the principal that every customer must have the best and most expert service they can give them. Sanitary conditions are maintained at all times and they are inspected and approved by the health department.

Bring them your beef or hog and they will butcher it exactly the way you prefer it done.

In this Business Review we are more than glad to give them extended mention, and are glad to recommend their services to all our readers.

Hamilton Auto Parts

The Hamilton Auto Parts is located at 220 S. 5th. in Brownfield Phone 2121 for any information on parts.

Their stock is made up of the very best lines of auto parts. The principle on which their business has been built is that they carry only the best in auto, truck and tractor parts. Keeping this in mind they have filled their shelves with parts and supplies for all models. IF THEY DON'T HAVE IT THEY WILL GET IT.

The system in which their stock is arranged enables them to give you the quickest and most efficient service in filling every need of their many customers.

The Hamilton Auto Parts is in the hands of men who know this business and the needs of their customers and endeavor to supply these needs. We are glad to recommend them in this business and professional review of Brownfield.

Sears Roebuck & Co.

The reputation of Sears Roebuck & Co. has been built upon its excellent service, the satisfaction and good will of its many customers. It is one of the leaders of its kind in this section. This business is under the new management of John Roberts who knows the demands of their many customers and furnishes quality merchandise at fair prices.

People prefer trading with Sears Roebuck & Co. located at 208 W. Main in Brownfield because they are assured of fair treatment and courteous dependable service. It has often been said that business goes where it is invited and stays where it is well treated. This fact accounts for the success and popularity of this company among the people of this area.

In this Good Neighbor Review of the reliable firms in our trade territory we wish to recommend Sears Roebuck to our readers for their years of satisfactory service to the public. Their quality merchandise is your assurance that it is the best place in Brownfield to trade.

Boston Super Dog Stand

This Drive-In is located at 810 Lubbock Rd. in Brownfield.

People from all over this section acclaim this Drive-In as one of finest eating places to be found anywhere. It is a common expression to hear, "MEET ME AT THE BOSTON SUPER DOG STAND."

It is attractively decorated which makes it a most cheerful eating place, along with the most courteous service afforded the public. Whether for lunch, or dinner or just a snack, also a variety of soft drinks and good service that will please you. Quality food is their motto.

Go burgers, hot dogs, cheeseburgers, French fries, and ice cream are their specialties.

Enjoy food and drinks right in your car for those desiring it served that way. There is no hurry, you are given all the time desired.

In this Review we are happy to recommend this fine Drive-In Cafe to all our readers.

Brownfield Manufacturing Co.

Located in Brownfield at 1609 Lubbock Hwy. Phone 4977. They feature Manufacturing of Bromco "12" chassis cotton, implement and utility trailers, sand fighters and stalk cutters.

No review of the Business, Agricultural and Industrial interests of this section of the state would be complete without prominent mention of this well known firm, which adds in no little measure to the progress and prosperity of this area. They have wide experience because of their comprehensive knowledge of every branch of the trade, this business has continued to witness and increase in the number of patrons. They deal on a large scale and their activity is conducive to the progress and expansion of the community in no small degree.

It is important that we have conscientious firms like this foremost company which aids in the reduction of prices of living of people. There are no more public spirited citizens in the community than the management of this concern and we direct your attention to this business institution of the community as one of the reliable establishments which has added to the development and progress of this community. In making this review, we wish to compliment them upon the management in which the business is operated and upon their progressive and public-spirited policies.

Crabtree Machine Shop

The Crabtree Machine Shop located on Foster Rd. just south of the John Deere Dealer offers a complete machine shop and welding service. This firm is outstanding for promptness in filling their orders and they specialize in designing and preparing structural steel for erection. When you place an order you accept the benefit of their vast engineering ability at no extra expense to you.

The management's keen business judgement and foresight has in no small degree been responsible for their growth and increased business progress. They are rendering a genuine service to their many customers and the public in general. Not only are they known for their products and service but are likewise known for their courtesy.

Let this modern machine and welding shop supply you with all your needs in this line, for they are unexcelled by any similar establishment in this area. Whether your business with them be large or small you will still receive the fullest and most complete service.

Christian Auto Electric

Located at 604 Lubbock Rd. in Brownfield, Phone 7-695. This shop renders a complete motor tuneup, battery, magneto and generator service to motorist from this section and give unexcelled service in the repair of any electric motor. No automobile adjustment or repair is more delicate or requires more careful technical skill than adjustment of the electrical system -- starting, lighting, ignition and the storage battery. This company is organized to handle in an expert manner just such delicate work.

No automobile owner wants to take a chance on his starting, lighting and ignition system being defective. Anyone can grease the car or change the oil, but the electrical system must be entrusted to an expert. These experts hold the policy that no piece of work leaves the shop without a guarantee of satisfaction.

It is a tribute to them that dealers of standard automobiles have made this establishment the official starting, lighting, and ignition service station for their cars.

Drive your car to Christian Auto Electric in Brownfield for expert service.

Davis Spraying Service

Davis Spraying Service is located on Foster Road in Brownfield, phone 6157.

Protecting crops through scientific crop dusting in order that farmers and ranchers may realize peak production from their fields is the pride of Davis Spraying Service. Their experience is a recognized fact by all who have called upon them for service. Their complete, up to date knowledge of the latest scientific developments in crop dusting assures the farmer that his crops will receive the best protection available today.

You are cordially invited to call them for free information or estimates.

We in this Good Neighbors Review highly recommend Davis Spraying Service to our readers for reliable and dependable service in the field of crop dusting.

Westex Irrigation & Supply

This modern up-to-date establishment has done much to modernize farming methods. It was originated by men of character and integrity with farming know-how and experience, and by developing and applying new methods they have progressed as this western section has grown and progressed.

They supply complete irrigation service and have the equipment to accomplish jobs such as; drilling, testing, casing and completing your irrigation system whether flooding, overhead or underground system. At this firm you will find seasoned judgment, dependability and accuracy in advising you of methods to use with your lay of land and type of farming you desire.

This firm displays the famous well known brand of Layne & Bowler Vert-Line pumps and the necessary attachments for that watering system you prefer. They also maintain complete repair and service department for your convenience. For the best, this Good Neighbor's Review recommends the Westex Irrigation & Supply, Inc. on Lamesa Road in Brownfield, phone 2009.

Brownfield Tractor Co.

This firm has moved to their new spacious headquarters at 1801 Lubbock Rd.

The Brownfield Tractor Company features the Ford farm machinery. Also the Dempster line.

This reliable firm in Brownfield knows that farm machinery must be built to stand the test of time. This exactly is why the Brownfield Tractor company chose to represent the famous Ford farm equipment.

This progressive business firm in Brownfield knows that Ford farm implements are built for the specific job they do. To really put your farm on a paying basis be sure to contact this dealer and they will work out your individual problem to your complete satisfaction.

Because they carry a complete line of parts for all equipment be sure to call 2636 (phone) when you need a repair or overhaul job. They will get the work out in record time with a complete guarantee. This is the firm to see for farm implements. We'll be looking for you.

Ideal Paint & Body Shop

Employees at this firm are specialists in body and fender work as well as auto painting and complete body rebuilding. The place to have that car rebuilt is at the Ideal Paint & Body Shop in Brownfield. They are located at 514 Tahoka Rd. Phone 4573 for any information. The owner of this shop fully understands body and fender repair. Because of their excellent workmanship and service it will be well worth your while to have this reliable firm take care of all your body work.

Their automobile painting surpasses any done in this area. They have the know how that puts their work in a class by itself. Be sure to see the Ideal Paint Body Shop in Brownfield and get a free estimate on any work of this kind.

Ed's Texaco Service

This is a modern service station where you will find the employees courteous and accommodating. When you stop here they are always willing to check your car completely. Besides just filling your gas tank, they wash your windshield, check your oil, water and tires. Ed's Texaco service station is a complete one stop station and they carry the well known Texaco products.

They handle only the better grades of oil and gasoline which assures every motorist of the most mileage per gallon. If your car needs a wash and grease job take it to Ed's Texaco Service at 322 S. 1st. in Brownfield and you will be pleased with the results. Leave it there while you are shopping and it will be ready when you return.

In this Business and Professional Review we are proud to recommend Ed's Texaco Service to all our readers and urge you to visit them whenever you are in Brownfield.

Gould Drilling Co.

Mr. Gould in Brownfield is completely equipped to drill a well promptly and efficiently. Phone 4384 in Brownfield for free estimates, on any well that you may want drilled or repaired.

The Gould Drilling Co. has had 16 years of experience in drilling and repairing wells. Many in this community have had an occasion to call on them in the past. Mr. Gould specializes in test holes, and has always rendered efficient and reliable service at reasonable prices. When you think of drilling a well or test hole, think of Mr. Gould in Brownfield, located at 315 Tahoka Rd.

In this Review we feel we can highly recommend this reliable well driller and suggest you call him when in need of this service.

Bowman-Oldsmobile-Cadillac-Pontiac

This is your authorized dealer for these popular automobiles. They are located at 321 W. Broadway in Brownfield, Phone 2144.

These cars are a motorists dream come true. They give you the advantage of driving comfort, safety, efficiency of operation and handles easily. Treat yourself to a ride. You will agree that they have beauty, roominess and plenty of power.

This firm is completely equipped to service any and all makes of cars. Enjoy your car by keeping it in first class condition.

The machinists at this firm are experienced and will give your car the best of care. In this review we are happy to recommend this firm to all of our readers. You can be sure of a square deal when trading with this popular firm in Brownfield.

MRS. Ray Lee Rutledge

Pool-Rutledge Exchange Vows

The Rev. Dr. Bill Cooke performed a double ring service for the Miss Judy Dee Pool and Ray Lee Rutledge at 6 p.m. Friday in the First Baptist Church. Parents of the couple are Mr. and Mrs. Harvie D. Pool of Levelland and Mr. and Mrs. M. H. Rutledge 2103 7th. Street in Lubbock.

Given in marriage by her father, the bride wore a gown of white peau de soie in princess style. A portrait neckline and elbow-length sleeves were accented with imported and hand-clipped Gulpure lace. The same lace designed an empire waistline in front and continuing to the back from which fell a fan design court train edged in lace. She added white wrist gloves and a pearl necklace. Her veil of French illusion was caught by a circlet of orange blossoms. She carried a cascade of butterfly orchids nestled in stephanotis and entwined with English ivy.

Maid of honor was Miss Jan Pool sister of the bride. Bridesmaid was Miss Jessie Pool, sister of the bride. They wore identical dresses in silk linen designed with bateau necklines and elbow-length sleeves. Panel fronts flowed into softly pleated skirts. Each added a princess tiara and white gloves and carried a basket of English ivy.

Best man was Carl A. Lane of Las Vegas, Nev. Groomsman was Bobby Smith of Wichita Falls. Ushers were Kenney Allred, Lubbock; Lowell Pool brother of the bride and Wayne Winn.

The brides mother was attired in a beige silk linen sheath with a matching coat, gloves and hat. Her corsage was of butterfly orchids. The grooms mother wore a blue silk linen suit accented with blue accessories. Her corsage was of butterfly orchids also.

Mrs. Don Raymond accompanied by Miss Geneva Ellis sang wedding selections, "One Hand, One Heart", "Ah, Sweet Mystery of Life", and "The Lord's Prayer". Mrs. Lowell Pool sister-in-law of the bride presided over

the guest register. A white linen embroidered edged table cloth, a gift of the late Mrs. W. M. Pool, grandmother of the bride, decorated the guest registering table. The cloth was accented by English ivy.

A reception followed in the

Fellowship Hall of the church. Presiding at the bride and grooms table were Miss Deana Ward, Mrs. Don Gillispie, Lubbock; Miss Carolyn Nelson, Plains. Included in the house-party were Miss Lutine Harris, Miss Sherry Mullins, Levelland; Miss Geneva Ellis, Lubbock;

Miss Jane Keener, Seminole; Miss Marilyn McDermott, Los Angeles, California; Mrs. Billie Jacobs, Norman, Oklahoma; Mrs. Nathan Chesser, Carlsbad, New Mexico.

For travel the bride wore a white wool suit accented by a mink wedding band neckline and

added black accessories. The couple will make their home at 304 N. Dotsy in Odessa. Rutledge is a graduate of Lubbock High School and Texas Tech with a B.S. degree in petroleum engineering. He is employed by Delta Drilling Company in Odessa. Mrs. Rutledge is a graduate of Tech with a B.S. degree in home economics education and has been employed as Home Demonstration agent here in Plains.

Sand dunes in Central Asia's Gobi Desert have been known to migrate as much as 65 feet in one day because of strong winds.

Clothing Leaders Attend Seminole Training Meeting

Clothing leaders in Yoakum County are to attend a training meeting at Seminole on September 6th, according to information received from Graham Hard, Extension Clothing Specialist of College Station.

Each leader attending will need to bring note paper, pencil and a pair of pants for a girl 9 to 11 years of age. The pants may be new or they may have been laundered. If they bring new pants, they will need to bring all the labels that came with the garment and if used all information possible about the laundered garment.

The Local Angle

Debbie Anderson was honored on her third birthday with a party in the home of her parents. Refreshments of cup cakes and punch were served to Susan Stroup, Ron Craft, Melody Moore, Penny Pierce, Susie and Barbara Skinner and Charles Cooke. Favors of little party hats were given. Mothers attending were Mrs. Carl Stroup, Mrs. Gayle Craft, Mrs. Jack Pierce, and grandmothers, Mrs. Russell Faulkenberry and Mrs. John Anderson. Also attending was Mrs. Royce Randall and Pam Long.

Mr. and Mrs. Terry Faulkenberry and Tubby and Bill of Tucson, Arizona visited in the home of Mr. and Mrs. Russell Faulkenberry and Mr. and Mrs. Alvie Faulkenberry, Sunday Mr. and Mrs. Alvie Faulkenberry and Mr. and Mrs. Russell Faulkenberry attended the Faulkenberry Reunion in Snyder.

Mr. and Mrs. Foye Cogburn are in Dallas this week attending market.

Mrs. J. A. Parks is in Fort Worth visiting relatives for a few days.

After an extended vacation to Alaska the Robert Youngs are back in the store.

Mr. and Mrs. Alton Henson and daughter are here spending a few days with her parents Mr. and Mrs. Archie Whitaker.

Wednesday night guest in the home of Mr. and Mrs. James Anderson and celebrating Debbie's birthday were her grandparents, Mr. and Mrs. Russell Faulkenberry and Mr. and Mrs. John Anderson. Also attending were Mr. and Mrs. Roy Edwards.

Mrs. George Cleveland was called to Canyon Wednesday of last week to attend the funeral of her sister Mrs. Z. J. Steen. Mrs. Steen was the former Mary Fields, who taught school in Yoakum County for several years.

The first U.S. census, in 1790, showed Virginia to be the most populous state, with 747,160 inhabitants.

The "4010" Row-Crop, pictured with a 77 Cotton Stripper, delivers over 80 PTO h.p.

Hustle your harvest with the "hungry" 77 Cotton Stripper

Why bottleneck your cotton? Let it flow from the field—fast, clean, and steadily. That's how you make more money with the John Deere 77 Stripper.

More than a dozen improvements in the 1962 model, from gatherers to elevator, make the 77 Stripper sturdier, steadier, and "hungrier" than ever.

Brand-new "tall-cotton" strip rolls help you wade through heavy yields to get your harvest wrapped up before bad weather strikes again. Positive roller-chain drive has adjustable idlers. Spring-loaded strip bars take large and small stalks in stride. Big paddles and augers hurry the cotton into wide conveyors. Large grates let trash fall out.

See your John Deere dealer for complete information. Trade up now on the convenient Credit Plan—pay as you profit.

CURRY AND EDWARDS

Proclamation By The Governor

WHEREAS, it has been determined by investigations made by regularly employed representatives of the Texas Animal Health Commission that bovine brucellosis, and infectious disease of cattle, exists in Yoakum County, Texas and

WHEREAS, pursuant to Section 23 of Article 1525b, Vernon's Annotated Penal Code, seventy-five per cent (75%) of cattle owners, owning at least

fifty-one per cent (51%) of the cattle in Yoakum County, Texas, as attested by the Tax Assessor-Collector of said County, have petitioned the Texas Animal Health Commission to have all of Yoakum County Texas, designated as a Type II Control Area for the purpose of declaring said County as a Modified Certified Brucellosis Area;

THEREFORE, all of Yoakum County, Texas, is subject to designation as a Type II Brucellosis Control Area by the Texas Animal Health Commission, effective on and after this 17th day of November, A. D. 1962.

THEREFORE, in accordance with the duty and power vested in the Texas Animal Health Commission by law, all of Yoakum County, Texas, is hereby designated as a Type II Control Area for bovine brucellosis control and eradication and said County and all premises therein are quarantined and all bovine animals therein except calves under six months of age, officially vaccinated cattle under thirty (30) months of age, steers and spayed heifers are quarantined and shall be moved into and within said County, Texas, effective on and after the 17th day of November, A.D. 1962, ONLY as prescribed by the rules and regulations of the Texas Animal Health Commission.

Under provisions of existing statutes, notice is hereby given that on the 8th day of October, A.D. 1962, at 9:30 a.m., a hearing will be held in the office of the Texas Animal Health Commission, 1020 State Office Building, Austin, Texas at which hearing any person owning cattle within Yoakum County, Texas, who desired to protest the designation and establishment of Yoakum County, Texas, as a Type II Brucellosis Control Area shall have the right to appear, other in person or by representative, or

both, and there express to the Texas Animal Health Commission his views and opinions as to why Yoakum County, Texas, should not be designated and established as a Type II Brucellosis Control Area.

All evidence submitted in favor of and in opposition to the designation of Yoakum County, Texas, as a Type II Brucellosis Control Area shall be examined and acted upon by the Texas Animal Health Commission and said Commission shall, within ten (10) days after such hearing, issue a statement showing its decision upon the question of whether or not Yoakum County, Texas, shall be designated as a Type II Brucellosis Control Area.

Such decision by the Texas Animal Health Commission shall be final and in the event the Texas Animal Health Commission overrules the objections and protests of livestock owners appearing at the hearing, it shall then be the duty of these livestock owners to cooperate with the Texas Animal Health Commission in the control and eradication program.

This order and these provisions shall become effective on the 17th day of November, A.D. 1962, and shall remain in effect thereafter until revoked by the Texas Animal Health Commission or by law.

This order and these provisions were adopted by the Texas

"Operation Motorcide" Effective Over Weekend

Three times every year, "Operation Motorcide," the official count of holiday traffic deaths on Texas city streets, country roads and main highways, calls for unusual activity on the part of the Texas Department of Public Safety, the Texas Highway Patrol and local law enforcement agencies.

One of these special occasions is the annual 72-hour Labor Day holiday, the last long holiday of the summer, and the DPS has been the keystone of a Statewide special-emphasis program to reduce traffic crashes and hold down traffic deaths. It is joined each Labor Day by city and county law enforcement agencies throughout Texas.

Governor Price Daniel, again this year, has asked every city chief of police and every sheriff to put as many men as possible on the streets and highways in order to get holiday traffic violators "off the highways and into the courts." Col. Homer Garrison, Jr., director of the DPS, has announced that 150 uniformed patrolmen from other DPS services will join the regular Highway Patrol in its holiday safety campaign.

"Operation Motorcide" results in special police attention to the two types of violations which result in most Texas traffic fatalities -- speeding and driving while intoxicated. During those 72 hours of the Labor Day holiday, from 12:01 A.M., Saturday, Sept. 1, to 11:59 P.M., Monday, Sept. 3, more law enforcement officers will be on the highways and streets than usual. They will give close attention to the two major types of violations, but they will also work at places where heavy traffic concentration is known or expected to occur.

day safety campaign.

Plains Texas

The above picture which was taken by Mr. C. M. Thompson of the Yoakum County SCS office has appeared in the local paper and in the brochure issued by the Plains Chamber of Commerce. It was used also by the National Association of SCS districts in their newsletter which goes to ten states. The picture was taken on the Johnnie L. Fitzgerald ranch.

Yoakum SCD News

For some time now we have been reporting who was planting grass and how much they planted. Now that the end of the planting seasons has passed we ran a check on just how much grass planting we had done. This season 1275 acres of crop land was planted to grasses most of which was Midland Bermuda, Weeping Love, Blue Panic, Side-oat Grama, and Switch grass were also planted.

Some early planting of Bermuda grass have become well established and are ready for limited grazing.

Another important Conservation job that has become widely accepted is the installation of under-ground high pressure pipe. This year we have assisted with the installation of 35,000 ft. and will install more before the first of the year.

This under-ground pipe was used to reorganize 48 sprinkler systems and bring about a saving of both water and soil.

With cover croplanting time here a large number of District Cooperators are planting Rye and other small grain to provide a cover for their land. H. M. Edwards, D. V. French, Rollin McCord, Paul Cobb, L. R. Henson and J. B. Ashburn are a few who have planted cover crops of Rye or small grain.

Robert Long is planting Millet on some land as a protection from the blowing next spring. Several late Bermuda plants will be planted to Rye or Millet as a cover crop. Skip row cotton and feed grain lay out land are also areas where cover crops could save a lot of soil next spring. Now is the time to plant cover crops, next spring when they are needed it will be too late to plant, only tillage will be left to help control wind erosion. Plant all you can to cover crops NOW and use all the burs you can then use tillage where you need to.
