OUR 33rd YEAR

THURSDAY, DECEMBER 26, 1963

NUMBER 52

MOORE
or
Less

by Johnnie Moore

There was a custom followed in many regions of Ancient Greece which, in 20th Century America, might be well worth thinking very seriously about.

It was the custom that any Greek Peoples' Representative who wished to speak before the Peoples' Senate for the purpose of proposing a new law would do so with a noose, which was secured to the ceiling, tied around his neck.

If the law he proposed was passed, the rope was removed; if not, the platform on which he was standing was removed.

I wonder if this might not tend to do away with an awful great amount of the legislation that is brought before our own U. S. Congress each year.

You know, one thing that has certainly stuck in my mind about the recent Santa Day extravaganza that was staged here was the amount of cooperation that was displayed by all.

It has seemed to me in many things that have been tried here in the past to stimulate trading at home, has met with opposition from some quarter or other every single time that it has been tried.

It almost seems that we who are merchants in Plains have been so much more concerned about our own private business concern, that we were unable to see that we have to pull together, even if it does mean we might, as a side effect help another Plains businessman, maybe even a competitor.

You just can't sell folks a thing if you don't get 'em into town.

The demonstration of cooperation and the very fine results of Santa Day, which all the merchants I have talked to think were tremendous, should leave no doubt in anyone's mind about the value of working together toward the common goal of building Plains in every way possible.

You know, by golly, I do believe I'm plugging the Chamber of Commerce.

McINTYRE IS AUTO VICTIM

Boyd V. McIntyre of Plains was killed instantly on Tuesday of this week when he was struck by an automobile driven by Mr. Ted Murph, also of Plains.

According to Olan Heath, Yoakum County Deputy Sheriff, McIntyre received a broken neck as the impact of the auto threw him about 70 feet.

The accident occurred about one-half mile west and one and one-half miles south of Plains on a dirt ranch road.

Heath stated that apparently McIntyre, who had been trying to get a car started that was parked on one side of the road, had walked across the road to his own vehicle, and that he, apparently without warning or without looking up, started to go back across the road just as Murph's car was travelling between the two cars.

Barrett's Funeral Home ambulance came to the scene, and reports are that the body was sent to Odessa where McIntyre has some relatives. He was locally employed by BW Hot Oil Service.

SS REP DUE

HERE 2nd

People with "long" memories should replace lost social security cards with duplicate cards. "Long" memories sometimes jumble long numbers, thereby delaying the crediting of social security accounts," warns Mrs. John G. Hutton, manager of the Lubbock Social Security Office.

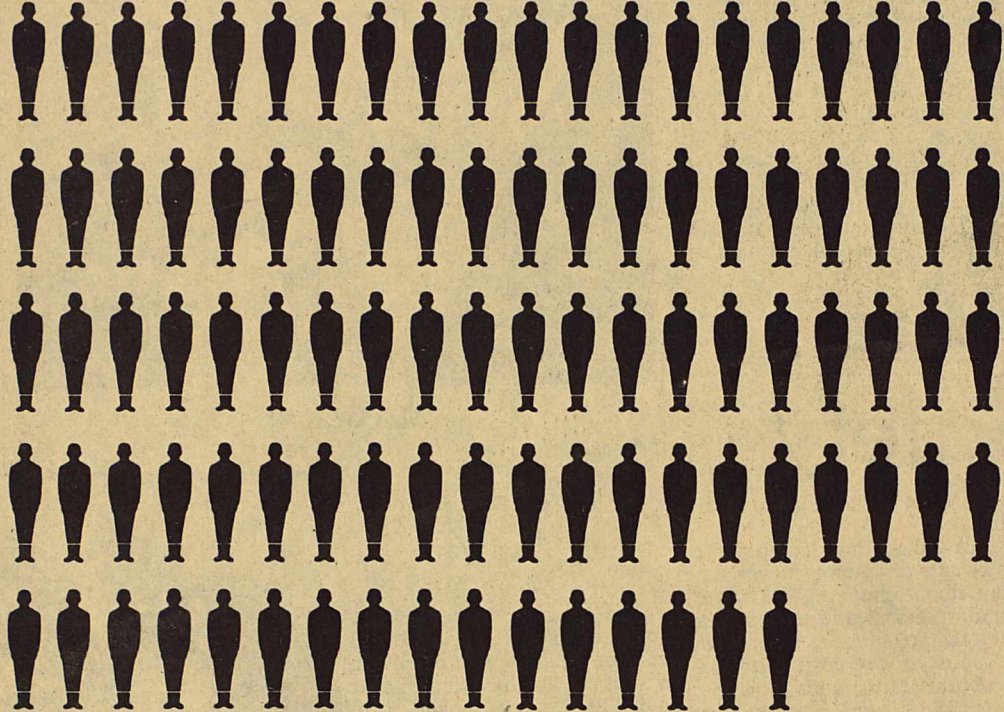

Mr. Hutton said that often this delay could be avoided if the worker had not reversed one or two digits in his social security number.

He urged those people who have lost their cards, or have changed their names, to apply for duplicated cards.

A representative of the Lubbock Social Security Office will be in Plains on January 2, in the Courthouse at 2:00 p. m.

OPERATION "DEATHWATCH"

DEC. 24 thru JAN. 1 • ESTIMATE • 96 MOTORCIDES

"DEATHBOARDS," such as the one shown above, will be used to tabulate the terrible toll of traffic fatalities during the Christmas-New Year holiday period. The Texas Department of Public Safety estimates that 96 persons will be killed in traffic accidents in the state during the period beginning at 12:01 a.m., December 24, and ending at 11:59 p.m., January 1, 1964. The DPS has issued a special appeal to Texans to do their part in proving that the estimate is too high, simply by driving with extra care and observing traffic laws.

Ashburn Named To Hospital Board

Mr. J. B. Ashburn a resident of Plains and area farmer was appointed as a member of the Yoakum County Board of Hospital Managers. It was reported here this week.

In essence, Ashburn actually succeeded the late Rod Duff on the board, but the official record shows that he took the place of C. Murrell Thompson also of Plains.

Thompson, who is an em-

ployee of the Federal Government in his capacity of the local soil conservation advisor, had been asked to serve on the board. He had made it clear that it would be necessary for him to obtain permission from his superiors before accepting. He stated that after he had received no word from the State office in about thirty days, he took their silence as a form of con-

sent. Following his acceptance by five days, he received word from his superiors. They stated that they would not say "no" to his request for permission to serve on the board, but that they would certainly also not recommend it. Following which Thompson resigned and Ashburn was appointed to take his place.

Caprock Tourney Underway

Plains Cowboys took part in the portion of the Denver City Tournament which was played last week. The final go-around which was to have been played on Saturday night, with Seagraves playing Morton in the first game and Plains being pitted against host Denver City, was called off due to the bad weather and road conditions.

On Thursday evening, the Cowboys, in the opening game of the invitational tournament,

met their district rivals, the Eagles from Seagraves. In the opening moments of play, the Cowboys jumped out to a 5-0 lead, and maintained never less than a three point advantage in the entire first half of play.

Second half play had barely resumed though, Seagraves edged ahead and were able to stay that way for the balance of the game.

The Cowboys tied the Eagles in the field goal department,

each team sinking 16 each, but Seagraves received more gratis shot at the free-throw line than did the Cowboys, and that was about the difference. For instance, in the third period, the Plains team was not given a free throw and in the entire second half Plains was only given 4 while the Eagles were handed 13.

High scorer for Plains was Larry Williams with a total of 11 and Jack Lowe followed with seven.

Monty Sansom was high for the Eagles with 20.

SEEK DOCTOR FOR PLAINS

Expectation here is that Yoakum County Commissioners' Court will be now actively seeking a new doctor to lease the Yoakum County Clinic here.

Doctor Clyde Lynn, who has been the lessor of the clinic for over four years, it was reported, has now officially released the clinic, effective January 1.

Dr. Lynn has stated that he is re-entering the service, this time the U. S. Navy at Pensacola Florida, for the purpose of enrolling in a special aviation medical course.

He will be enrolled in the course until July 8, 1964, and has stated that following its completion, he has made no definite plans or commitments.

It was reported that the Court and other interested persons are seeking actively to secure a doctor to lease the local clinic in Lynn's place.

Dr. Lynn, himself, stated that this particular time of year is usually a good time to look for doctor applicants, as several are finishing tours of duty with the armed forces and many others are completing internships and residences.

West's Last Rites Held In Odessa

Funeral services for both Mr. and Mrs. Clarence King West were held on Sunday, December 22, in Odessa.

Mr. West was a retired Shell Oil Company employee, and he and Mrs. West (Ida) lived in Kingsland, Texas.

They were killed on December 20, when they were engaged in an automobile accident near Llano, Texas, as they were enroute to Plains to be with their daughter and her family, the B. E. Loyd's.

Their survivors include: a son, John T. West of Wink; three daughters, Mrs. J. W. Shaw of Big Spring, Mrs. C. T. Carr of Odessa and Mrs. Loyd. He has three brothers and four sisters, and Mrs. West is survived by five brothers and two sisters.

Services were held in Odessa's Sherwood Church of Christ with Mr. Loye Ruckman, presiding.

Burial was in Sunset Memorial Garden under the direction of Hubbard-Kelly Funeral Home.

In Friday night's opener, the Cowboys crossed swords with a fine looking team from Morton and were unable to ever overcome a very commanding 10 to 3 lead that Morton established in the first quarter.

The game ended with Morton 51 and the Cowboys 38. Field was high point man for Plains with 11 and Jack Lowe was in (SEE PAGE 2)

SOME SCENES FROM THIS YEARS EDITION OF THE ANNUAL PLAINS SCHOOL CHRISTMAS PROGRAM HELD ON THURSDAY

ANNOUNCE COLORING CONTEST WINNERS

Winners in The Record's annual coloring contest were announced this week.

First, second and third places were announced and will be awarded prize money in the amount of \$5 for first, \$3 for second and \$2 for third places.

Winners should come by the Record office to pick up their cash awards just as soon as it is possible.

It was reported that picking the winners this year was particularly difficult, as so many of the entries were done so well.

First place and the \$5 prize was won by Elaine Felts of Bronco who is nine years old.

Second place and \$3 was won by Ronald Gayle four years old and also a Bronco resident.

Third place and \$2 was won by Miss Joetta Warren of Plains. Joetta is nine years old.

BOND SALES

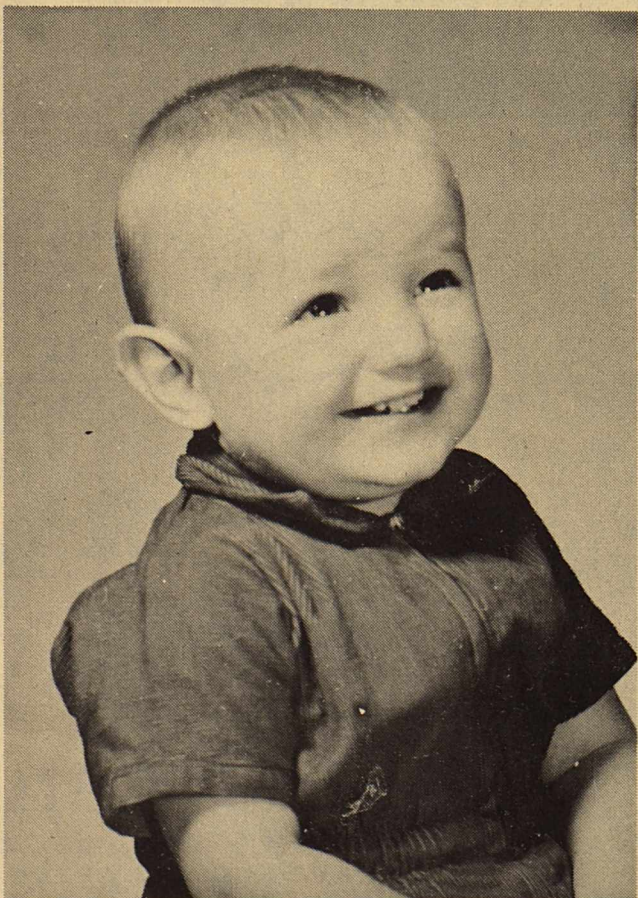

Sales in Yoakum County totaled \$2,737 for the month of November, bringing the year's total to \$48,658, which represents 69.5% of the 1963 goal for the County, according to Mr. D. P. Moorhead chairman of Yoakum County Savings Bonds Committee.

Sales in Texas through November 1963 were \$133,225,946 which is 88.4% of the state goal.

"The county Bond Committee and I would like to remind every one that Savings Bonds make wonderful Christmas gifts. In case there is someone special on your Christmas list, let us suggest that you go to your Bank and buy "the gift that keeps on giving" - United States Savings Bonds. Special gift envelopes are available, without cost, at your bank," Chairman Moorhead stated.

JOHN W. MOORE, Publisher

PUBLISHED EACH THURSDAY AT PLAINS, TEXAS

Entered as second class matter at the Post Office at Plains Texas, under the act of Congress, March 3, 1879

SUBSCRIPTION RATES: \$3 per year in Yoakum and Terry Counties; \$4 per year elsewhere.

Political Announcements

The Plains Record has been authorized to announce the candidacies of the following candidates for office in the May 2, 1964, Democratic Primary Election:

- COUNTY SHERIFF: Vester E. Sanders
- COUNTY ATTORNEY: Claude Freeman Don Hancock
- COMMISSIONER--Prct. 1: Vance Brown
- COMMISSIONER--Prct 3: Raymond Bookout
- STATE REPRESENTATIVE 90th District: W. A. (Judge) Bynum

WA Bynum For State Rep.

W. A. (Judge) Bynum has authorized the Record to announce that he will be a candidate for the office of State Representative of the 90th District, which comprises Terry, Yoakum, Cochran and Hockley counties.

Bynum lives at 802 East Main Street in Brownfield with his wife, Jewell. He has two daughters, Mrs. J. R. Bunts of El Paso and Mrs. A. R. Knox of San Angelo, a step-daughter, Mrs. Leon Nolan of Odessa and a step-son, Bobby Moore, who is attending law school at the University of Houston.

Mr. Bynum is a member of the Methodist Church, is a mason and a charter member of the American Legion Post #269 --- and has been quite active in State and National politics for a number of years and is a Democrat. He is presently engaged in irrigation farming in Terry County, owning and operating his own farm and those

of his daughters.

Bynum said, "I have never held a public office but I have grown up with this four county area, having watched it develop from an open pioneer ranch country to its present status of a high agricultural and oil empire and I definitely agree with my many friends in all four counties that we are sorely in need of good sound and mature representation in The State Legislature at Austin. This, of course, I would not claim I could give alone, but with my conturbation together with the vast wealth of experience and knowledge that I will have to draw upon from my many friends in every walk of life, I am sure we can have just that, and at the same time maintain and uphold all the dignity and decorum of this high office.

"I will be working to that end and discussing it with the people all through the campaign and if elected--all through my tenure in office."

W. A. BYNUM

man, I invite you to accept my Saviour and believe on Him. He will save you. "I am persuaded that he will keep that which I have delivered to Him against that last day." This is what Paul believed.

I will write on the Lodge in the next writing. I don't think the Lodge should be discussed in the same writing with the Church.

Yes, I love my Church and put it above all other organizations. Go to the Church of your choice every Sunday.

The way of the world is to praise dead saints and persecute the live ones. . . .

When winter snow covers the ground. . . . And we rest from our summer labors. . . . 'Tis then our lawns look just as good. . . . As that of our hard working neighbors.

We wrote the above while thinking about what Uncle Fid used to tell his neighbors when they were knocking themselves out trying to win the summer battle with weeds: "Just let them alone for awhile and the frost will kill them all."

The fellow who never picks up the check could be said to have an impediment in his reach.

The girl who swears she has never been kissed, might really have something to swear about.

A fine is said to be something which we have to pay for doing wrong. A tax is what we have to pay for doing alright.

We owe it to ourself to become a success. After that we owe it to the tax collector.

What Mother Nature is so generous in giving us, before we dream of such a thing Father Time is taking it away.

An auction sale is a place where we can get something for nothing. Once another person and myself spoke across the ring while a high priced bull was being sold. Their bid for \$500 was taken.

(FROM PAGE 1)
second spot again with 7 points. Today (Thursday) Plains was to have opened with Floydada in Lubbock in the annual and highly regarded ABC Caprock Invitational Tournament. Plains was to play at 4:30 in the Coliseum.

Underscore Toy Safety

Attention, youngsters who got new bikes or guns for Christmas. This story is for you.

They're beauties, aren't they the bike, the gun? But do you understand the new responsibility they impose? They imply that you're well on the way to growing up.

When your parents gave you the bike, it was expression of their respect for your understanding of traffic rules and signals.

They're betting your judgement is mature enough that you will ride only on the right side of the street with the flow of traffic.

Your parents, by their gift to you, demonstrated their belief that you have enough discretion to light up the bike when night riding, not to ride double, and that you will always walk your bike through heavy traffic.

They're counting on you to give proper hand signals and to ride single file when out with your bike-owning buddies.

If you got a gun for Christmas your parents are, in effect, saying the same thing: that they trust your judgement and common sense.

They know a gun is the weapon of a man, or a bright lad well along toward manhood.

If your parents are right, you will treat every gun as though it were loaded. You'll unload yours when it isn't in use, and you'll be constantly alert to muzzle direction when handling it.

A man who knows guns is always sure of his target before he shoots, and he never points at anything he doesn't intend to kill. Such a man has better judgment than to climb a tree

or a fence with a loaded weapon.

A skilled gun handler like you wants to become never shoots without checking the barrel for obstructions, and never shoots at flat hard surfaces or at water because of the possibility of ricochet. He stores his ammunition and his gun separately to avoid accidents.

It takes intelligence and good judgment to follow the rules of bicycle and gun safety, to live up to the responsibilities ownership imposes.

Your parents are convinced you have the necessary qualifications.

100F

The Church is the greatest organization in the world. I am not speaking of some faith or sect. I am speaking of that Invisible Church spoken of in the 12th Chapter and 23 Verse of the Hebrew letter. The word Religion is misunderstood a lot of times. Religion means a belief. Paul told a group of religious people that they were superstitious and that they were worshipping an unknown God. Jesus asked his disciples who

SHOULD YOU TAKE FLU VACCINE?

WHAT 4 ARMED FORCES FIELD TRIALS REVEALED

*FLU VACCINE HAS GIVEN SIGNIFICANT PROTECTION!

Field trials of vaccine against Asian influenza conducted in 1957 by Commission on Influenza, Armed Forces-Epidemiological Board. Data from American Review of Respiratory Diseases, 83: 47 (1960). Variation in figures due to differing potencies of vaccines tested.

Your chance of remaining well during the cold winter months ahead may be increased if you take certain simple precautions now.

With the onset of winter, the various respiratory infections. Of these, influenza is undoubtedly most important. It breaks out in epidemic form about every two or three years, affecting large numbers of individuals within a short time. It is a more serious disease when it occurs in the middle-aged and older groups and in pregnant women. Influenza takes its greatest toll among those who are chronically ill with such debilitating diseases as high blood pressure, rheumatic heart disease, asthma, bronchitis, tuberculosis, and hardening of the arteries.

The health hazard from flu has in the past been lessened by a simple immunization program. Vaccination now is recommended as a useful precaution, and, if the virus does not change, should provide protection for a significant number of

commonest causes of illness are individuals. The chart above shows that in 1957 Asian flu was substantially reduced after vaccination.

Flu vaccine is manufactured according to formulas and procedures prescribed by the United States Public Health Service. It presently contains killed virus of the A and B strains now prevalent in the United States, and of several other strains known to cause influenza in the past.

Surgeon General Luther L. Terry strongly urges the use of flu vaccine, especially by certain groups. He has repeatedly emphasized that the chronically ill and those over forty-five, but especially those over sixty-five, should be vaccinated. For some of these people, timely immunization may be a life-saving measure.

Cotton Election

Yoakum County Cotton farmers voted on December 10 along with other farmers over the nation in favor of cotton marketing quotas on the 1964 cotton crop. The vote in Yoakum County was 224 for and 90 against. Farmers voted at all the cotton gins in the county and at the Plains Courthouse. This year almost 100% of the Yoakum County farmers voted in any cotton referendum in this count. The percent voting for Marketing Quotas over the nation was 94.2%. The FOR vote ranged from 38.3% in California to 98% in Mississippi.

Due to the fact that a number of new cotton bills have been introduced in Congress, it would be well for all interested persons to keep a close watch on new legislation that may be passed affecting cotton.

The Price of Freedom

By Bill Berger, President Texas Press Association

What a price we pay for "freedom" in these United States.

In order to impress the thoughtless, and to pick up votes among those who are easily swayed, a few of our politicians go about the country implying that those who think differently are not really good Americans. There are many who make their living out of organizing hatred against our government, yes, even some who pretend to be ministers of the Gospel. Some of these have been preaching for years that our national leaders, such men as Dwight Eisenhower and the late John F. Kennedy, are about to betray their native land.

We give men who preach such rot the freedom to do so because our Constitution requires it, and because we have assumed that no one can be so foolish as to believe them.

We have allowed the rabble-rousers full freedom to preach lies, and then we are horrified when some of the rabble are aroused.

We have allowed full freedom to those who stand ready to sell high-powered rifles through the U. S. mails to any man, woman or child who is able to raise \$12.78.

We maintain open borders, and let our citizens change their minds with little hindrance as to which country they will claim as home. We let men go to live in Russia, we let them come back home — and even advance them the money to get back to our free shores. People here are free to proclaim admiration for Cuba, Rus-

sia or any of our Communist adversaries, and some of the misguided, demented or criminal do so.

We citizens of Texas have allowed partisans of the opposite extreme to spit on our ambassador to the United Nations, and we let a former general insult the American flag he once served by deliberately flying it upside down, all this in our once proud city of Dallas.

Three years ago, we citizens of Texas let a Dallas congressman and a group of his constituents insult Senator Lyndon Johnson and his wife, brushing it aside as merely a political demonstration.

We listen to, laugh at and repeat vicious, ugly jokes about the men we expect to keep us secure from enemies around the world. We pour out applause and wealth for a man whose only claim to fame was the ability to sound like our late President on a phonograph record, and to make him seem ridiculous.

All of this we have tolerated, excusing it because we like to say "It's a free country."

Which of these thoughtless acts, piled one upon another, added up to enough that a distorted mind reached the conclusion that it was his duty to kill our President?

As our new Commander in Chief is forced against his will to take command of this Nation in a time of world-wide heartbreak, let us all reflect upon the terrible price we have paid for our "freedom" in these United States.

Relive Thrills Of Movie Monsters

John Barrymore (left) in "Dr. Jekyll and Mr. Hyde" and Boris Karloff in "Frankenstein," are only two of the monsters shown in the amusing NBC-TV program, "Monsters We've Known and Loved," segment of the series, "Hollywood and the Stars," which Purex presents on Monday evening, January 6, 1964.

More than forty years of monsters created by the movies to frighten audiences are encompassed in the television program, "Monsters We've Known and Loved," presented by Purex over NBC-TV network on Monday evening, January 6, 1964.

This is the latest segment in the popular David L. Wolper series, "Hollywood and the Stars," which is seen weekly following Monday night movies.

The subject embodies the greatest collection of "ghouls, ghosties and long-legged beasties" ever crowded into a thirty-minute program. Among the blood-chilling objects covered will be waltzing hands, monsters of the deep, vampires, ghouls, prehistoric creatures, werewolves, phantoms, giant apes, colossal humans, saucer men, enemies from space, and even teen-aged monsters.

REPORT PICKUP OVER TURNED

A one car auto wreck was reported, by Yoakum County Deputy Sheriff, Olan Heath, which occurred ten miles east of Plains on the Brownfield highway.

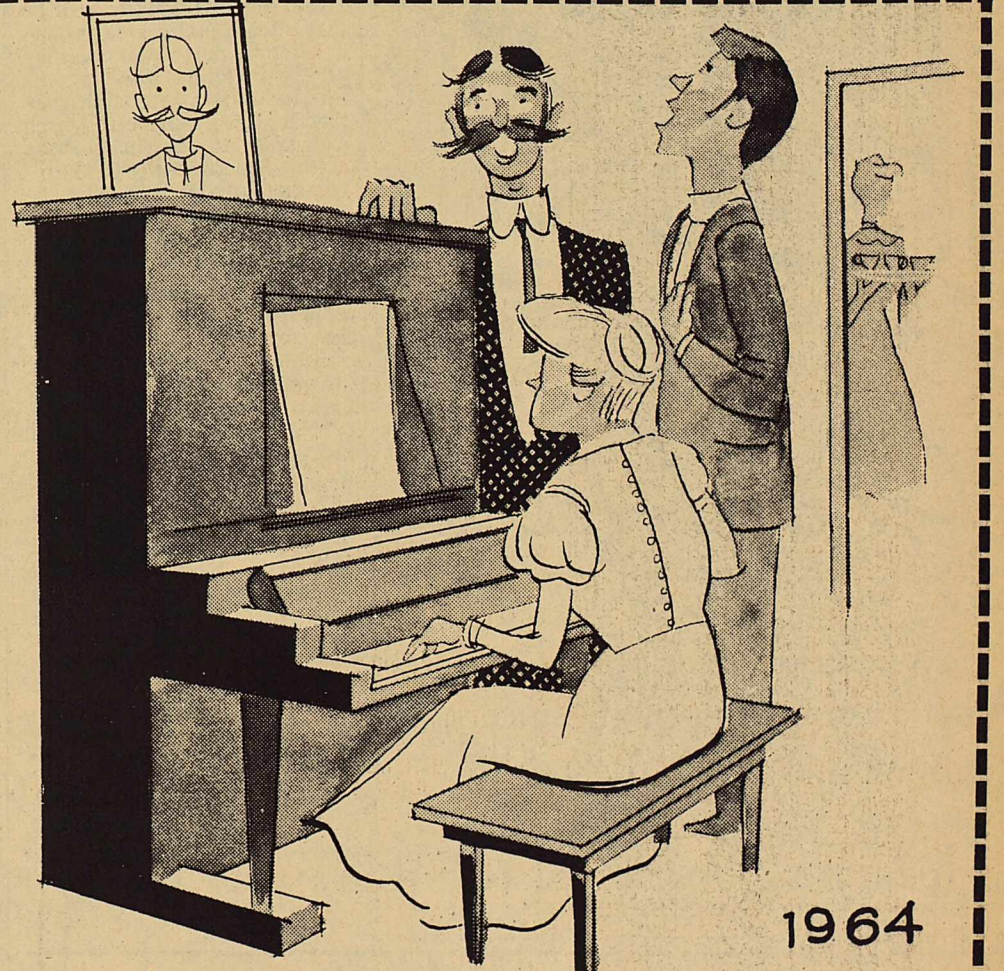

Heath stated that there were three Latin American occupants in the pick-up whose names are not as yet known, as they were rushed immediately to the hospital in Brownfield.

Heath said further that wreck which occurred about 5:40 a. m. was caused, at least in part, by the icy roads. The pick-up was reported to have left the pavement, veered down the ditch for quite a distance and then to have overturned three times, winding up in a cotton field some distance from the road-

way. None of the occupants who were reported to be travelling from El Paso to Ropes, was believed to be in serious condition.

Ag Weather Station

George Mahon reports that he has been successful in securing an appropriation for the establishment of an agricultural weather service...

the effect of weather upon plants and insect control. Reports from the areas where the special agricultural weather

service is now available indicate the program is quite successful and is resulting in large financial savings to farmers.

ROCKET CITY is located halfway between Orlando and the Cape Kennedy Space Center...

New Space-Age City Rising In Florida

There's a new city rising in Central Florida. A city that will cover 36 square miles, have 150,000 residents and feature all-electric living.

Rocket City is the newly planned billion dollar urban/suburban complex now rising between Orlando and the Cape Kennedy Space Center.

Within eight years, 65,000 will be living at Rocket City in 15,000 all-electric homes and 3,000 all-electric apartments in the 7,000 acre "central city".

All dwellings will be built to Gold Medallion standards to make sure that each resident has today's most modern appliances plus adequate wiring to handle electrical conveniences of the future.

The first homes, already built by Ace Craft Homes of Fort Meyers, have the latest Hot-point electric range, garbage disposer, dishwasher and water heater and G-E heating and air conditioning.

Rocket City land was first offered for sale last year and sales quickly soared to over \$1 million per month indicating that the project will certainly reach its goal of 65,000 people within seven years.

MW LUNA IN ASSOCIATION

M. W. Luna, Plains, today was named to membership in the American Hereford Association the world's largest purebred registry organization...

One hundred fifty-two hereford breeders were placed on the Association's official roster during November. The Association maintains active accounts for more than 80,000 breeders of registered Herefords over the nation.

The Hereford Association during the last fiscal year recorded 513,076 purebred calves. The year's total recordings were the fifth highest on record and almost twice the combined registrations of other major beef breeds.

Mr. and Mrs. Joe McLaren of Lubbock, Mr. and Mrs. J. D. McKee of Denver City, and Mrs. Nora McKee of Plains attended the funeral of Mrs. Nora McKee's sister, Mrs. Vera Comes in Stanford on Friday.

Pipe Work

The cotton comes out and in goes the pipe. Reorganization of irrigation systems is beginning in a big way. R. C. Trout, T. A. Elmore are starting this week to install under-ground pipe line.

K. O. Hendricks and Claude Freeman Have completed their their pipe installation. Fred Lowery is waiting on approval of his Great Plains Contract as is Carl Lowery. 9,533 ft. have been installed this year and 159,788 ft. have been installed to date in the district.

This time of year always brings a lot of changes in plans. We have been helping revising conservation plans on Forrest Reeves, Johnnie M. Sims, Olen Cox, Clifford Anderson, W. C. Patman, Mrs. Nell Duff and Kenneth Nelson.
