

# The Plains Record

Combined With The Yoakum County Review March 1, 1961

OUR 34th YEAR

THURSDAY, JANUARY 16, 1964

NUMBER 3

## Announce For State Rep. Post

A. B. (Alf) Carpenter, well-known Plains resident and area farmer today announced his intention of seeking the office of State Representative for the 90th District.

This is the office recently resigned by former Rep. Olen Petty of Levelland.

Carpenter issued a formal statement announcing his candidacy which appears on page 2 of this issue of The Record.

In announcing, Carpenter's name is being added to an already formidable list of other aspirants for the post. W. A. (Judge) Bynum of Brownfield who is a Terry County farmer and Roy R. Edwards a Denver City farmer have both officially announced, and it is rumored that at least two other prospective candidates, one from Levelland and the other from Brownfield will soon toss their hats into the ring.

Filing deadline, February 3, drawing nearer is seeing a great many decisions on the part of would-be candidates being made.

In the races for Yoakum County offices, no new announcements were made official this week, although a large number of rumors are still going strong.

In the race for tax assessor-collector, E. W. Craig who is seeking re-election to that post is so far unopposed.

In the two precinct jobs to be balloted on, commissioners for precincts 1 and 3, the incumbents, Vance Brown and Raymond Bookout, who are both seeking re-election are as yet unopposed.

In the race for County Sheriff the incumbent, Vester Sanders is seeking re-election to that post and is being actively opposed by another Denver

Citizen, Woody Sullivan, who is presently Police Chief there.

The County Attorney's office is being actively contested for by Plains Attorney, Don Hancock and Denver City Attorney, Claude Freeman. It is currently being strongly rumored that Vernon Townes, presently County Attorney, is planning to enter the race.

### WEATHER

The Plains area experienced a new low for the season this week on Monday when the mercury dropped to a bone-chilling 2 degrees below zero.

Temperature readings as reported by Plains weatherman Uncle Johnny Hague, were as follows:

	Min	Max
Jan 8	48	24
Jan 9	40	5
Jan 10	57	11
Jan 11	49	20
Jan 12	36	16
Jan 13	34	-2
Jan 14	41	1

He reported also that the moisture received in the above period was only a trace.

### CREDIT UNION ANNUAL MEET

Yoakum County Federal Credit Union will hold its annual meeting Monday, Jan. 20, at 7 p. m. in the Club Room which is downstairs in the old Courthouse.

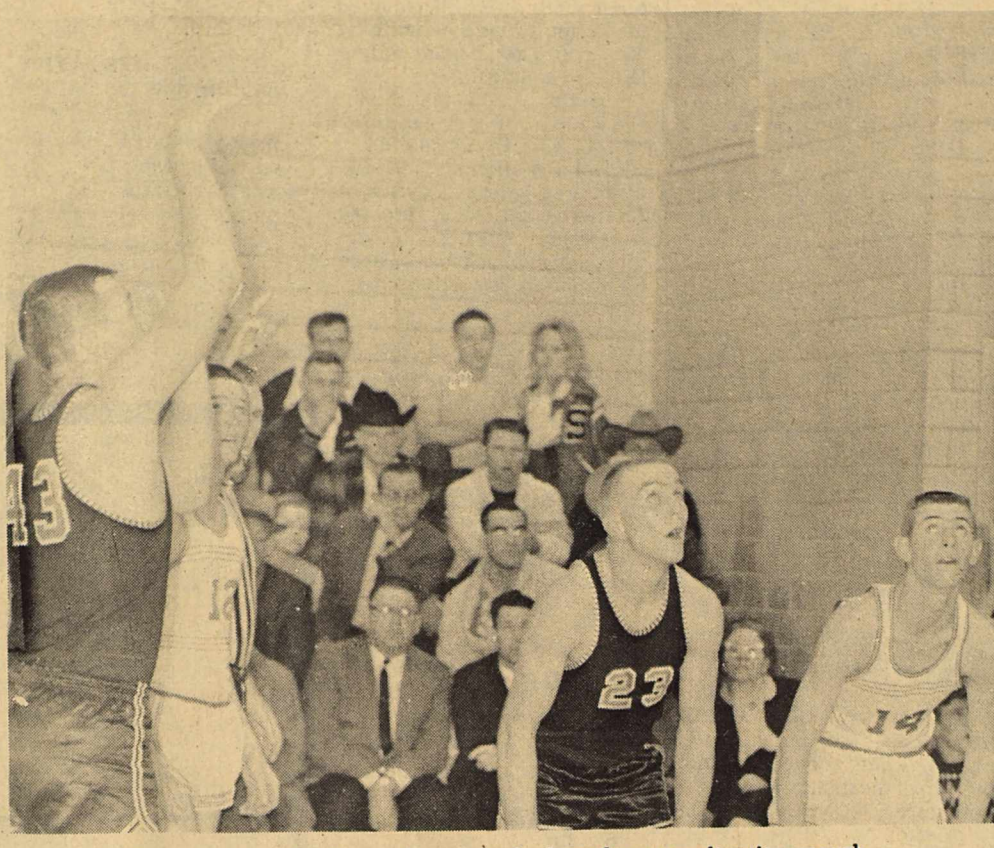

Mr. Wayne Hilton, District Supervisor, will be on hand and will present some slides. A discussion of the advantages of being a member of, and borrowing from your Credit Union, in comparison to some other lending agencies will also be held.

Directors have declared a 4 percent dividend again this year it was reported.

Invitation was issued by the directors to, "Come, put your mouth where your money is, and help elect officials for the coming year at this annual meeting."

Announcement was also made to the effect that at the meeting there will be door prizes and refreshments.

The election is set for 7:30 p. m.

YEP! It was good. Two points and a basket after weren't quite enough though to get the Plains Cowboys by the Seagraves Eagles Tuesday night.

## Cowboys In Conference Play

The Plains Cowboys took third place in the Seagraves Invitational Tournament in which were entered Sundown, Denver City, Seagraves and Plains.

On the first night of play the Cowboys met Seagraves. Scoring for Plains ran by quarters 9, 16, 10, 17 and for the Eagles 10, 15, 20, 14, the final score being 59 for Seagraves and 52 for Plains. Mike Field with 14 and Jimmy Smith with 13 points were high scorers for Plains.

The second night Plains took on Denver City and was beaten soundly, 39-60. Scoring by quarters for Plains ran 7, 12,

10, 10, and for Denver City, 15, 10, 19, 16. Dan Smith was high scorer for Plains with 11.

On the final night Plains with 3 regulars out managed to overcome Sundown 44-66. Plains scored 15, 19, 18, 16 in the various quarters while the Roughnecks' scores were 8, 10, 13, 13. Jack Lowe with 17 was high point man.

The Cowboys again traveled to Seagraves on Tuesday of this week to vie with Eagles in the season's first conference game for either team. Even though the Cowboys managed to take the lead in both the third and fourth periods, the Eagles managed to wind up on top 61-53. High scorers for Plains in the tilt were Danny Smith with 15, Jack Lowe with 11 and Mike Field with 9.

In the B game which preceded the conference tilt Plains subdued Seagraves 58-53. High point men for Plains were J. E. Todd, 16; Dennis Crutcher, 13; Bobby Taylor, 12; Ronnie Elmore with 10.

Next tilt for the Cowboys will be this Friday night when they meet Wink here in both Varsity and B games.

### LOCAL CHURCH SETS REVIVAL

Everyone is invited to see and hear "Youth In Action" as an old fashioned Revival gets under way Sunday morning at The Assembly of God Church with Evangelists Thomas and Esther Lance of Bakersfield, California.

Rev. and Mrs. Lance are among the leading youth Evangelists of The Assemblies of God and both are accomplished musicians and singers.

Rev. Lance was a star football player for the Mexia Black Colts during 1955, 1956, 1957, at Mexia, Texas. He was converted in 1960 at the Mexia Assembly of God Church. He entered full time evangelistic work in 1961. His tours have carried him to Alaska twice as Camp Meeting Speaker, and he and Mrs. Lance just closed a very successful Revival Sunday night in Spokane, Washington.

Special music and singing will be a feature at the Revival each evening at 7:30.

Rev. H. A. Tarkington, pastor of The Plains Assembly, was pastor of the Mexia Assembly when Thomas was converted, and would like for everyone to hear his "Preacher Boy".

## Call Meeting To Discuss Water District

On Monday, January 27, a meeting that will quite possibly have far-reaching implications and that could quite conceivably be one of the most important discussions held in this area has been scheduled for 8 p. m. on that evening in the District Courtroom in the new Courthouse.

The purpose of the gathering is twofold, the main one being to ascertain and evaluate the amount of interest in the County in the establishment of a water district for all of

### AUTO INSPECTION DEADLINE NEAR

The director of the Texas Department of Public Safety, Col. Homer Garrison Jr., today reminded Texas vehicle owners that the 1964 vehicle inspection deadline will soon be upon them.

He reported that some 60 percent of the allotted inspection period has elapsed and only 20 percent of the vehicles have been inspected.

"If this trend continues, vehicle owners can expect to have to wait in line in order to get their vehicles inspected by the April 15 deadline," he said.

Garrison pointed out that Texas experienced its worst traffic fatality record in 1963 and vehicle defects were in-

involved in some of these fatal accidents. He urged all Texans to begin the new year with safe vehicles and to keep them safe throughout the year. He added that vehicles involved in traffic accidents should be re-inspected after repairs have been made.

"Some 5,000 official inspection stations over the state are waiting to inspect the four million vehicles which will have to be inspected by April 15," the DPS director said. "There can be no extension of time, and after the deadline date of April 15, vehicles with come under the provisions of the Inspection Act which do not display the 1964 inspection sticker will be operating in violation of the law."

### SCOUT TROOP HAS BOARD OF REVIEW

Members of Scout Troop 778 of Plains went on an overnight camping trip last Friday and Saturday a few miles east of Plains. Purpose of the trip was explained as being to enable members of the troop to have an opportunity to pass several of their advancement requirements which can only be done out of doors.

Over twenty boys made the encampment, accompanied by Scout Masters Gene Young and Johnnie Moore.

On Monday night, as a result of the tests passed over the weekend, 16 scouts appeared before a three man board of

review composed of Roy Edwards, Don Hancock and Johnnie Moore and petitioned the board to be passed to their next individual rank.

A Court of Honor at which the 16 scouts will be awarded their various badges of rank and achievement will be held this Monday night from 7 to 7:45 p. m. in the Scout Hut located in the room just south of the School Band Hall. The public is invited to attend.

Those receiving badges are as follows:

Second Class--Mike Loe, Morris Rushing, Terry Fitzgerald, John Robertson, Mike Duke, Donald Todd, Clark Parrott, Mike Harbour, Eddie Hickman and Bobby Haines.

First Class--Gary Hennington, Jimmy Taylor, Russell Jones, and Donnie Spencer.

Star--Jackie McDonnell and Billy Kennedy.

In addition, McDonnell, Jones and Kennedy will be awarded various merit badges.

### FIRE DEPARTMENT TO ELECT OFFICERS

It was announced earlier this week that the annual election of officers for the Plains Volunteer Fire Department will be held on Monday night, January 20, at the Fire Station.

Several officers will be elected including chief, fire marshal, assistant chief, two lieutenants, and a secretary-treasurer.

The election is set for 7:30 p. m.

## Hobo Supper Set For 25th

Come One! Come All! to the Hobo Supper, sponsored by the Young Farmers and Young Homemakers Organizations of Yoakum County.

Beans, cornbread and trimmings along with the Lamesa Slumtown Sumpunny will be on hand for your enjoyment at the School Cafeteria, January 25, at 7:30 p. m. Admission

will be \$1 for adults and 50¢ for children.

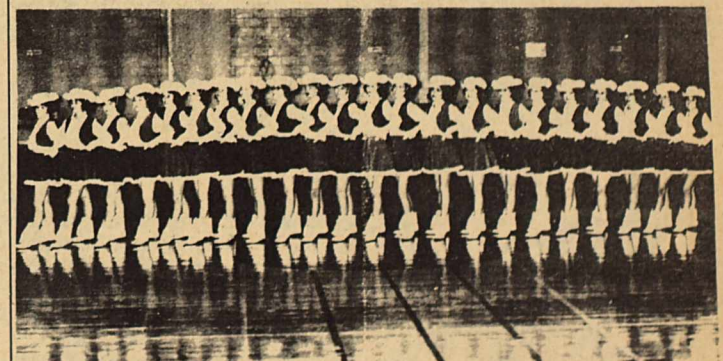

The Lamesa Slumtown Sumpunny was originally organized in 1935 then reorganized after World War II and have continued to perform since that time. The original members were Sanders and Crawley Brothers.

They have recently appeared with Loren Green (Ben Cartwright) at the Whoopenanny in Lubbock. Also in Brownfield and at the Area Gold Star Banquet in Lubbock.

In 1949 they performed for the Lions Club in Plains and auctioned off a Muscovy Duck supplied by Murphy Luan.

This will be some of the most enjoyable entertainment Plains has ever had. Tickets are now on sale from any member of the two organizations or may be bought at the Plains Record.

Members of the Sumpunny are Bob Crawley-Saxophone; Mesa Irrigation Supply; Jack Sanders - Drum; Sanders Meat Company; Leon Brown-Violin, Parts Manager, Farmall House; Bill Butler-Guitar, Butler Irrigation; Lavoy Miller-Piano, Music Teacher; Jim Williams-Trombone, H.S. Band Director; Jerry Bartley-Bass, Jr. High Band Director; Richard Crawley-Trumpet, President of the First National Bank, Lamesa.

Entered as second class matter at the Post Office at Plains Texas, under the act of Congress, March 3, 1879

SUBSCRIPTION RATES: \$3 per year in Yoakum and Terry Counties; \$4 per year elsewhere.

### SPECIAL WASHINGTON REPORT

## LBJ to Activate Kennedy Programs Humphrey Predicts

By U.S. Sen. Hubert H. Humphrey  
*Senate Majority Whip*

This is the time for a hard look at the record of Congress for 1963, the unfinished business for 1964, and the basic role of Congress in our Nation.

Hubert H. Humphrey

The record of the first session of the 88th Congress was far from perfect. I have been outspoken in expressing my view that Congress should have completed action on several major problems which are still pending.

But the excessive criticism of Congress in recent months has not been reasonable. This was not a "do-nothing" Congress. Those who use that phrase should be reminded of the following:

After a long and responsible debate, the Senate approved ratification of the treaty banning nuclear weapons testing in the atmosphere—the most significant step in the field of disarmament and peace since the end of World War II.

Congress completed action in the final days of the first session on the most comprehensive aid-to-education program in history—including a loan and grant program to higher education, a program of aid to vocational and technical schools, and expansion of both the National Defense Education Act and the Aid to Impacted Area schools programs.

Congress also sent to the President for his signature these major programs: Mental Health program; Aid to Medical Schools; legislation which settled the rail dispute, and a new and effective feed grains program.

Above all, the critics should be reminded that the 88th Congress lasts two years. We are half way through the time we have to do the work of the 88th Congress. And we are more than half way through the work which must be done on other major programs.

My bill to establish a Youth Conservation Corps (the Youth Employment Act) is an example. It has already been approved overwhelmingly by the Senate, and was voted out of the House Committee on Education and Labor. It now requires action by the House Rules Committee and a vote by the House of Representatives.

The major challenges to Congress for 1964—during the second session of the 88th Congress—were initiated by President Kennedy and were reaffirmed as goals by President Johnson.

The first—the civil rights program—is a moral responsibility for the Nation and for Congress. The letters pouring into my office and into other congressional offices call for action on this program as "a fitting memorial to the late President Kennedy." President Johnson is deeply committed to this program.

The second—legislation to reduce taxes—is a fiscal responsibility for Congress and the government. This tax legislation is essential to give new thrust to the economy, to strengthen the base of our prosperity, and to create new jobs for the unemployed.

These are just a few of the goals of the 88th Congress. They were conceived as tools to strengthen America, by President John Fitzgerald Kennedy. They will be forged into action and reality in 1964, through the challenges and the leadership of President Lyndon B. Johnson.

tion and Labor. It now requires action by the House Rules Committee and a vote by the House of Representatives.

Then from Mrs. Lillian Punst of Box 1703, Juneau, Alaska. Her husband, about 65, is a fisherman by trade. Her hobby is giving books to her favorite libraries up there. Send her a book if you wish. She was written up last year as the woman doing the mostest along this line in those parts. We sent her the Boys Ranch story.

I couldn't forget the one from E. T. Cummings of Box 8414, Tampa, Florida. It was stuffed with clippings which we can use. He could write a dozen weekly columns with all his knowledge. He is a retired postal worker and loves papers and magazines from all over. Send him something to read and he doesn't care which denomination it leans toward or what party it boosts. He can well take care of himself.

We heard again from Mrs. Olga Long, who now lives at Box 72, Porter, Texas. She would like to hear from folks, especially those she has known through the years.

And Miss Carmelia R. Coloma, Philippine Union College, Box 1772, Manila, Philippines. She will soon graduate as secretary and would like pen-pals galore, especially from Texas.

Kathy Morales, the little lady who rides the big brown horse out to meet the train at Silverton, Colo. Her box number is 597 and she would like letters and souvenir cards.

Miss Diana Balogh, the young lady who had such a time with a broken back. Her address is 2713 Winston Road, Oklahoma City. So many of you wrote to her after we mentioned her name and that she has scrapbooks all over the place, not to mention a half dozen well autographed plaster casts. You were wonderful to do this.

This is just a sample, but I see that we can't begin to mention them all, even from out of state. . . . The following came from someone: "The best way to get your wife to return from a trip is to send the hometown paper to her with a part of the personal news clipped out."

## Political Announcements

The Plains Record has been authorized to announce the candidacies of the following candidates for office in the May 2, 1964, Democratic Primary Election:

### COUNTY SHERIFF:

Vester E. Sanders  
 Woody Sullivan  
 COUNTY ATTORNEY:

Claude Freeman  
 Don Hancock

COMMISSIONER--Pct. 1

Vance Brown

COMMISSIONER--Pct 3

Raymond Bookout

### COUNTY TAX ASSESSOR:

E. W. Craig

### STATE REPRESENTATIVE 90th District

W. A. (Judge) Bynum

Roy R. Edwards

A. B. (Alf) Carpenter

## CARPENTER ISSUES

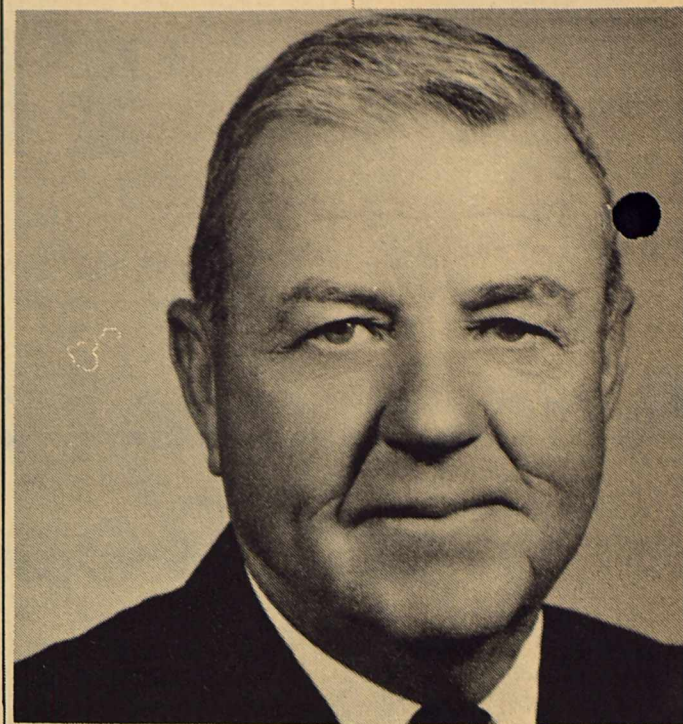

### FORMAL STATEMENT

In officially announcing his candidacy for the post of State Representative, 90th District, A. B. (Alf) Carpenter, well known Plains resident issued the following formal statement concerning his intention in seeking the office.

"I have received requests and encouragement from many people in the 90th District to make the race for State Representative. I have decided to make this race and in announcing my candidacy, I do so realizing the importance of this office to the people of this district and the duties and responsibilities connected with it.

"You will need to know my qualifications for this office. I was engaged for ten years in the retail grocery business and for eight years in the wholesale gasoline business. I have for many years been engaged in farming. I believe my years of experience in agriculture and in the business world acquaint me with the many problems of this work. My two daughters have been teachers, and my son for several years was affiliated with the San Angelo Junior College and I appreciate the needs of mem-

bers of the teaching profession. and will campaign on a person to person basis. I want this office and solicit your support. If elected I will do my best to make you a good representative."

## Blowin' Out the Corners

Often, before we get all the Christmas Cards addressed and in the mail, the job becomes a real chore. Then, before no time at all we begin receiving them from our friends and the whole experience turns into a special thrill. . . . Many with little messages written in, and others from so very far away. Then, often we get one from someone we have known a long time and for a reason unknown to us they send a good wish our way. It all makes Christmas and New Year a great blessing.

There's the one this year from G. D. Cochrum of Box 68, Enid, Okla. Coming from the Indian State he writes on the back this comment, from one Indian to another: "Someday, my son, all this land will belong to the Indians again. . . . White man all go to the moon." . . . And, "The experts say we are wasting too much water . . . in other words, we're spending it like money."

Another card comes from Mrs. Bertha G. Hayes, our friend who set off the buying spree about a year ago on our book. She is the mother of Bill Hayes who ran for Lt. Governor on the Republican ticket last time. Mrs. Hayes is now visiting with friends on Star Route, Rochester, New Hampshire. Last year she sent us a subscription to "The Sunshine Magazine," which led to the book sales. This year she is sending us a subscription to "The Shaker News." I can't imagine what it will be like.

## Time To Separate

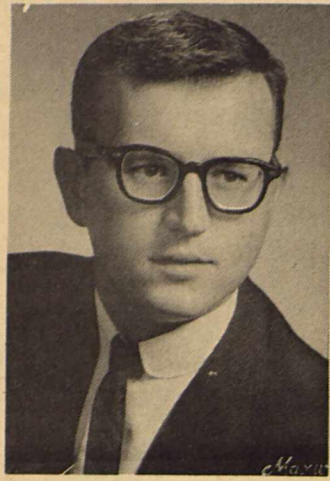

### EDWARDS ANNOUNCES HIS CANDIDACY

Roy R. Edwards has been a resident of Yoakum County for 25 years. He completed his high school education at Denver City High School. Attended Texas Tech and the Freedom School at Colorado Springs which is now being made a four year college dealing with politics, stressing the old American idea "Each to his own ability."

He held many class offices while in school. Was elected "Best All Around Senior". Completed his Army training at Fort Ord, California. Served as 1963 President of Ex-student Association of Denver City High School. Has served as an officer of the association for three years. Is a member of the Chamber of Commerce. Is married to the former Miss Anjie White.

EDWARDS STATES: If I am elected to the important office of State Representative, I will follow the basic Democratic principles of individual freedom, free enterprise and for local government under which our district has grown and prospered. Being associated with the oil

field and farming, I believe that I can represent the best interest of all people in our district. My past and my future are tied to West Texas and to the 90th District and its people. I shall give my very best to see that this district continues to have an honest, fair and strong voice in Austin. I sincerely solicit your counsel your support and one of your most precious rights, Your Vote. Roy Edwards owns his own farm and ranch and is active in real estate.

### Publishers to Honor "Tex" Thornton As "Texan of the Year" On Jan. 25

AUSTIN, Tex. — Charles B. "Tex" Thornton, a man with intuition and a flair for the right deal at the right time, has been named "Texan of the Year" by the Texas Press Association.

Announcement of Thornton's selection was made by TPA Director Phil McMullen, publisher of the Garland Daily News. McMullen is chairman of the program committee for TPA's Mid-Winter Meeting. Committee chose Thornton from a host of names recommended by Texas newspaper publishers.

This is an annual award presented to a native-born Texan, outside the field of politics, residing outside the state of Texas, who has brought fame to himself and to his home state.

Presentation of the honor award will be made by TPA Pres. William E. Berger, publisher of the Hondo Anvil Herald, during the Association's 17th Annual Mid-Winter Meeting which will be held at the Commodore Perry Hotel in Austin, on January 25.

Previous recipients of the award include Paul Richards, Van Cliburn, and Dan Blocker.

"Tex" Thornton is Chairman of the Board of Litton Industries, one of the fastest growing companies in the entire United States. Formerly classified as an electronics firm, Litton's products now range from nuclear submarines to the printing of more trading stamps than Uncle Sam produces in postage stamps.

His business acumen and drive have carried him far. A student of business administration, he helped introduce modern management into the Air Force during World War II. Later, at Ford Motor Company, he helped set up a group that became known as the famed Whiz Kids.

Thornton moved from Ford to Hughes Aircraft as vice president and assistant general manager.

In 1953 Thornton persuaded

"Tex" Thornton

NATIVE TEXAN HONORED Charles B. "Tex" Thornton of Los Angeles, California, who was born in Haskell, Texas, and has risen to Chairman of the Board of Litton Industries, will be honored on January 25 as TEXAN OF THE YEAR.

The tribute is bestowed annually by the Texas Press Association on a native born Texan, not in the field of politics, and now residing outside the state, who is bringing honor and fame to himself and to the Longhorn State.

Thornton is a graduate of Texas Tech. His breadth of vision and business acumen have developed Litton Industries from a small microwave tube manufacturing company into a sprawling giant encompassing 71 plants in the USA and 12 other countries.

ed Lehman Brothers to back him and two other young executives — Roy L. Ash and Hugh W. Jamieson — in the purchase of Litton Industries. At that time the firm was a tiny microwave-tube company in San Carlos, California. Now it's a sprawling giant encompassing 71 plants

in the USA and 12 other countries.

Thornton was born in the north central Texas farm town of Haskell. He learned the meaning of responsibility in his early years. At the age of 12, and under the guidance of a firm mother, he bought and paid for nearly 40 acres of land with money he earned doing odd jobs. At 19 he had a successful gasoline station and the dealership for Plymouth and Chrysler automobiles. But he left Haskell after a few months to enroll in Texas Technological College in Lubbock.

Thornton also attended George Washington University and Columbia University. He holds a Bachelor of Commercial Science Degree from George Washington University and an honorary LLD from Texas Tech.

During World War II, he served in the U. S. Army Air Force and was one of the youngest colonels in the War Department. At the conclusion of World War II, he was on the Secretary of War's list for promotion to brigadier general.

Thornton received a number of decorations during his military career. These included the Distinguished Service Medal and the Legion of Merit.

Last February Thornton was presented the 1963 Merit Award by the Albert Einstein College of Medicine of Yeshiva University in New York City.

Thornton, who has no time for useless leisure, finds that he does his best thinking on a solitary 30 or 40-mile horse-back ride through the mountains. During the week he and his wife live in a Spanish-style ranch house in the Holmby Hills section of Los Angeles. On weekends they usually move to the ranch, only 40 minutes away. There he raises a string of prize horses.

The Thorntons have two sons, Charles B. Jr., 21, a Stanford senior; and William Lane, 18, a Harvard freshman.

### 64 VOLLEYBALL SCHEDULE TOLD

Another fine team can be looked for this year from the Plains Volleyball girls.

Having won the state title two years in a row, the Plains girls are considered to be a real tough opponent.

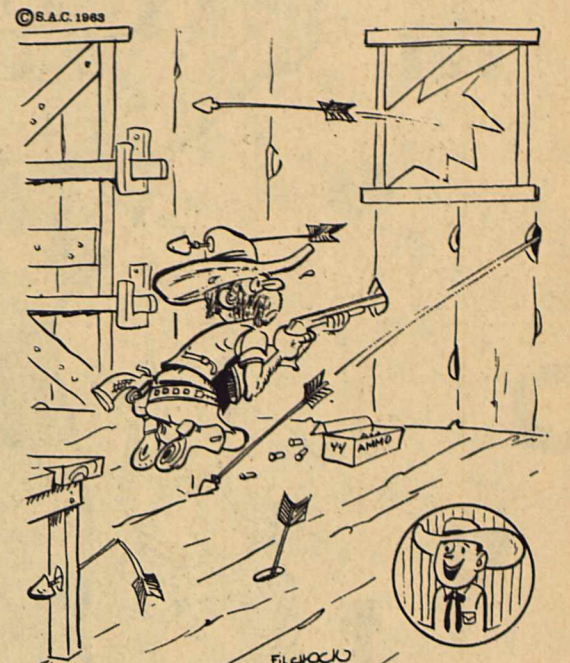

Their schedule for the coming season is as follows: January 23, Lamesa, Here,

6:30 January 27, Lamesa, There, 6:30 January 30, Seminole, Here, 6:30 February 6, 7, 8, Odessa, State Tournament 6:30 February 13, 14, 15, Denver City Tournament 6:30 February 25, Andrews, There

6:30 February 27, Seminole, There 6:30 March 5, Seagraves, Here, 6:30 March 12, 13, 14, Howard County Junior College Tournament 6:30 March 19, Benner City, There 6:30 March 26, Seagraves, There 6:30 April 2, Denver City, Here 6:30 April 18, District

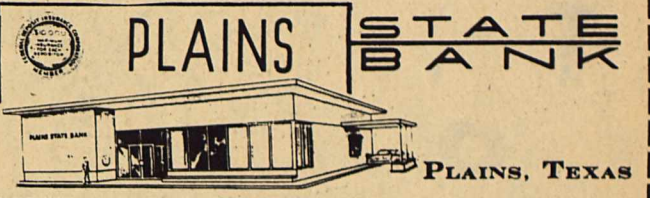

SPORTIVE—Wide wale cotton corduroy is beautifully tailored into a softly belted town and country suit. In Crompton's fleece, grey, or olive corduroy, it's an Evan Picone design.

"Is your old homestead drafty — Does it need insulation? Your modern bank could come to your rescue!"

Arrange now for an improvement loan to modernize the kitchen, add a bathroom or a bedroom, and redecorate the house, inside and out. Keep your home in good condition with an Improvement Loan if needed—see us TODAY.

### Set January 25th As Wedding Date

Mr. and Mrs. W. C. Williams are announcing the approaching marriage of their daughter, Sandra Sue, to Mr. Murrell A. Thompson, son of Mr. and Mrs. C. Murrell Thompson of Plains.

The wedding ceremony is to be held on January 25, at 6 p.m. in the home of the bride's parents. Both bride and groom are attending college at West Texas State U.,

in Canyon, where they plan to continue their college work next semester.

The bride is a 1961 graduate of Plains High School, and the groom is a 1959 graduate of Albany High School.

The Bidding:  
South West North East  
1♦ pass 1 NT pass  
2 NT pass 3♣ pass  
3 NT pass pass pass  
Opening lead: six of hearts.  
North plays low from the board, west plays low and south wins with the ten. North leads a low spade to the jack and west lets the trick hold. North leads the queen of clubs from the board, west covers with the king and east is forced to play the ace. East leads a low heart which West wins with the ace and North show out. West returns a heart which forces East to go up with her king to win the trick. East returns a heart which is won by the queen in the dummy. Then North has solid clubs and diamonds for the remaining trick and four NT.

### BARRETT OPENING WELL ATTENDED

Reports were that the formal opening here of Barrett's Funeral Home was very well attended. Those who went to the opening also stated that they were quite impressed with the facilities which have been installed in the local establishment. Three door prizes were given to three of the many visitors who registered. I. A. M'Connell was given a steak knife set. T. J. Miller won a nice set of throw pillows. J. F. Hague won the towel set. Mr. Barrett expressed his thanks for the fine attendance, for the many words of well-wishing and for the many flowers that helped with his opening.

### Bowling

Womens' bowling team of Plains sponsored locally by Moore & Oden bowled against the Denver City women who are being sponsored by the Denver City Press. The Plains women managed to come out the better in the match as they won 2-1/2 of the games and only lost 1-1/2. Carolyn Culwell was high bowler for Plains with a 452 for three games. It was reported that the local team is holding down seventh place in the twelve team league.

### CWF Has Meeting

C. W. F. of the First Christian Church had a regular meeting Tuesday, Jan. 14, at 9:30 a.m. in the home of Mrs. Bill Fitzgerald. An interesting program on missions in India was discussed by Mrs. Dick McGinty and Mrs. John Anderson. The devotional was given by Mrs. Johnnie Moore. There were nine members of the organization present.

# Claude Addison Seeks Soil Improvement

One farmer's answer to an increase in allotment acres is being solved locally. Claude Addison who farms five miles east and one north of Plains, has done something about this problem himself. The high cost of land and the near impossibility of getting allotment acres for either maize or cotton set this young farmer to thinking and doing.

Early in 1963 Claude approached the local soil conservation office for assistance in soil fertility and what he could do to maintain and improve his soil. In the course of working out a conservation plan a soil sample was taken and an analysis made by the laboratory at Texas A&M sub-station no. 8 at Lubbock. Claude conservation program called

for conservation cropping system, management of crop residue, deep tillage to mix the sand and clay and supplemental tillage when needed on land that did not have sufficient cover to control wind erosion. Based on the soils analysis Claude thought he would try fertilizing as a means of increase grain and stalk. The stalk could be a big help in holding the soil and later would become much needed organic matter in the soil.

In early May of 1963 began applying fertilizer to dry crop land. He applied 150# per acre of 16-8-3 chisled in on 20" row spacing. He followed immediately planting in 40" rows 2-2 1/2 lbs. of seed per acre. The crop came up and grew off fast ahead of the weeds there by saving some cultivation and making it easier to control the weeds. There was an area left where fertilizer was not applied. This area was two weeks later maturing and being late got hit hard by the maize midge, cutting production by one third. Grain

produced on the fertilized land averaged 1950# per acre, only 1200# per acre was produced on the unfertilized land. Residue produced on the fertilized land was in the proportion to grain. This accomplished with between 6 & 7 inches of rainfall

during the growing season and only fair soil moisture to start with. This story once again proves that farming better, conservation farming is a good way to increase the size of a farm and make farming more profitable and more secure for future generations.

## SPECIAL WASHINGTON REPORT

### Speaker Sees Push By White House-Congress To Meet Nation's Needs

By Rep. John W. McCormack  
Speaker, National House of Representatives

What can we reasonably expect the 88th Congress to accomplish between now and next summer when it must adjourn to take up the important business of a national election? Will Congress and President Johnson be able to come up with a major part of the original Administration program?

John W. McCormack

These questions—or variations of them—are uppermost in the minds of most people, judging from the mail and personal inquiries which all of us in Congress have been receiving the last few months.

It would be foolish to make precise predictions, but I am confident that when the record of the 88th Congress is finally written, it will be a notable record of achievement.

There are good reasons for believing this. First, there is President Johnson's legislative genius and his vast understanding of Congress and its problems. More important than this, is President Johnson's determination that the major programs be passed and his declared intention to use every bit of his influence and prestige to accomplish it. Then, you have the attitude of Congress itself.

I think this Congress has every intention to measure up to its responsibilities in the area of civil rights, tax reduction, economy in government, national security, education, employment and the many other pressing programs important to the people of the nation and to the peace of the world.

President Johnson

There is plenty of justification for saying this. It should be remembered that the 88th Congress already has some notable achievements to its credit—approval of the test ban treaty, expansion of the Peace Corps, initiation of mental health and mental retardation programs, college aid and a whole body of less dramatic but very important legislation that often goes unnoticed by the general public. In addition, the House and Senate separately have completed a massive load of committee work and actually passed much basic legislation that only awaits action in the other house for completion.

As President Johnson said to the joint session of Congress on November 27th: "... no memorial... could more eloquently honor President Kennedy's memory than the earliest possible passage of the Civil Rights bill for which he fought so long."

It is a mistake to pass judgment on this or any Congress before it has completed its work.

It should be remembered when judging the progress of this Congress that probably no Congress has been asked to deal with legislation of such magnitude, scope and complexity as repre-

sented by the Civil Rights, the tax reduction and the national security bills of this session.

There is no easy electronic computer answer to the Civil Rights problem, a problem that has been with us since the first slave was brought to America. This is a problem involving deep and entrenched emotions dating back more than 100 years.

A Civil Rights Bill must be much more than a quick political gesture for the record. A Civil Rights Bill, to be passed, must have bipartisan support. A Civil Rights Bill to be workable must stand the test of acceptance by the people.

As President Johnson said to the joint session of Congress on November 27th: "... no memorial... could more eloquently honor President Kennedy's memory than the earliest possible passage of the Civil Rights bill for which he fought so long."

**The great highway performer**

**'64 Jet-smooth Luxury Chevrolet**

What does it take to make a car a great highway performer?  
If the car happens to be a '64 Chevrolet, one thing only. A highway.  
You'll find everything else already neatly packaged for you—on the car exactly as you pick it off the showroom floor.  
There's a choice of seven engines—all the way up to a twin-carb high-compression 425-hp V8\*—and four transmissions, including a finely honed 4-speed stick shift.\*  
And underlying it all—a bump-skimming Jet-smooth ride that helps keep the performance great even when the highways aren't so great.

What about special performance equipment? Professional driving skills? Forget them.  
Nobody has to doctor or coax or soup up these Chevrolets to get the best out of them. And that's really the test of a great highway performer: Just about anyone can get a kick out of driving one, just about anywhere, just as it comes out of the showroom.  
Next time you're out your dealer's way, allow a few extra minutes to sample one of these highway performers on your own. A few are really all you'll need. That's enough time to do a lot of driving in a Chevrolet. \*Optional at extra cost
