**T**homas Carlyle said: "An educated man stands, as it were, in the midst of a boundless arsenal and magazine, filled with all the weapons and engine which man's skill has been able to devise from the earliest time."

Applying these words to the American scene they become more important than when written. More than ever before in the world's history, it is the educated man and woman, the trained young people, who will find themselves working and participating members of an exciting society in the next few decades.

If you take advantage of the opportunities offered young people today, you will, as Carlyle indicated, stand in a boundless arsenal,

equipped to meet the problem of the future as an individual.

That is why your graduation is so important. You have completed a part of your education and training, but it must not stop. You must seek more education and training if you are to find a place for yourself in the era of great technological change now taking place in this country.

We urge you to prepare yourself to the full degree of your ability.

And now we join your family, friends and the entire community in wishing each of you well in whatever endeavor you may plan for the future.

# Set Graduation Exercises Monday

## Baccalaureate Sunday Night

Beginning the several events which will mark the end of school and the graduation of 22 young men and women from Plains High School, will be the annual Baccalaureate Services that are to be held in the School Auditorium on this Sunday night at 8 p. m.

Baccalaureate speaker for this year, it has been announced, is to be Mr. Jack W. Bates, Ph. D., of Lubbock. Dr. Bates is Dean of Lubbock Christian College and reports are that he is a very capable and challenging speaker.

Invocation for the program is to be given by Rev. James L. Bozeman, pastor of the local Baptist Church; and the Benediction by Rev. Walter L. Driver, pastor of Plains' Methodist Church.

Special music will be furnished by the Fine Arts Choir of Plains, accompanied by Mrs. Jack Pierce. The choir will do three numbers, "Dear Lord and Father of Mankind," "Green Cathedral" and "Just For Today."

Then on Monday evening also at 8 p. m., and also in the auditorium, the annual

High School Commencement will be held, at which this year's seniors, 22 of them, are to receive their diplomas.

Following the Processional the Invocation will be given by Rev. Johnnie Moore, pastor of the local First Christian Church.

The Salutatory address will then be given by Miss Dana Bryson, and this will be followed by a woodwind sextet, composed of Betty Hamm, Ann Lattimore, Tonya Randolph, Jean Stewart, Loretta Taylor, and Dana Bryson, who will play, "Air and Tarantel-

la."

Class History will be read by Mr. Mike Field followed by the Valedictory Address by Miss Sarah Lee Hunt.

Miss Hunt is this year's top ranking student scholastically with a scholastic average of 91.93%. She is the daughter of Mr. and Mrs. Earl D. Hunt, and states that she plans to enter West Texas State U. at Canyon in the fall where she will study toward becoming an elementary teacher.

This year's salutatorian, Miss Dana Bryson, has maintained a scholastic average of

89.27%. She plans to enter Texas Tech at Lubbock also to study in the field of education.

Mr. Mike Field is the senior boy who has maintained the highest grade average, 87.23%. Mike has stated that he plans to enter the University of Texas and has selected law as his vocation.

Following the Valedictory, several awards of various kinds will be presented by various teachers, administrators and other citizens of the area.

OUR 34th YEAR

THURSDAY, MAY 14, 1964

NUMBER 20

## Park Bond Balloting Set Friday, 15th

The decision in what can be described as an issue which has caused a great deal

of discussion, will be made by Yoakum County voters in Friday's (May 15) bond elec-

tion. Purpose of the proposed bond is to construct a County-

owned park on a tract of land donated for that purpose by Mr. Gene Bennett of Denver City. The property donated lies south of Plains nine miles on the Plains-Denver City highway.

Plans for the entire park can be seen just to the right below. To be included in the proposed park would be a big recreational building for such things as club meetings, soc-

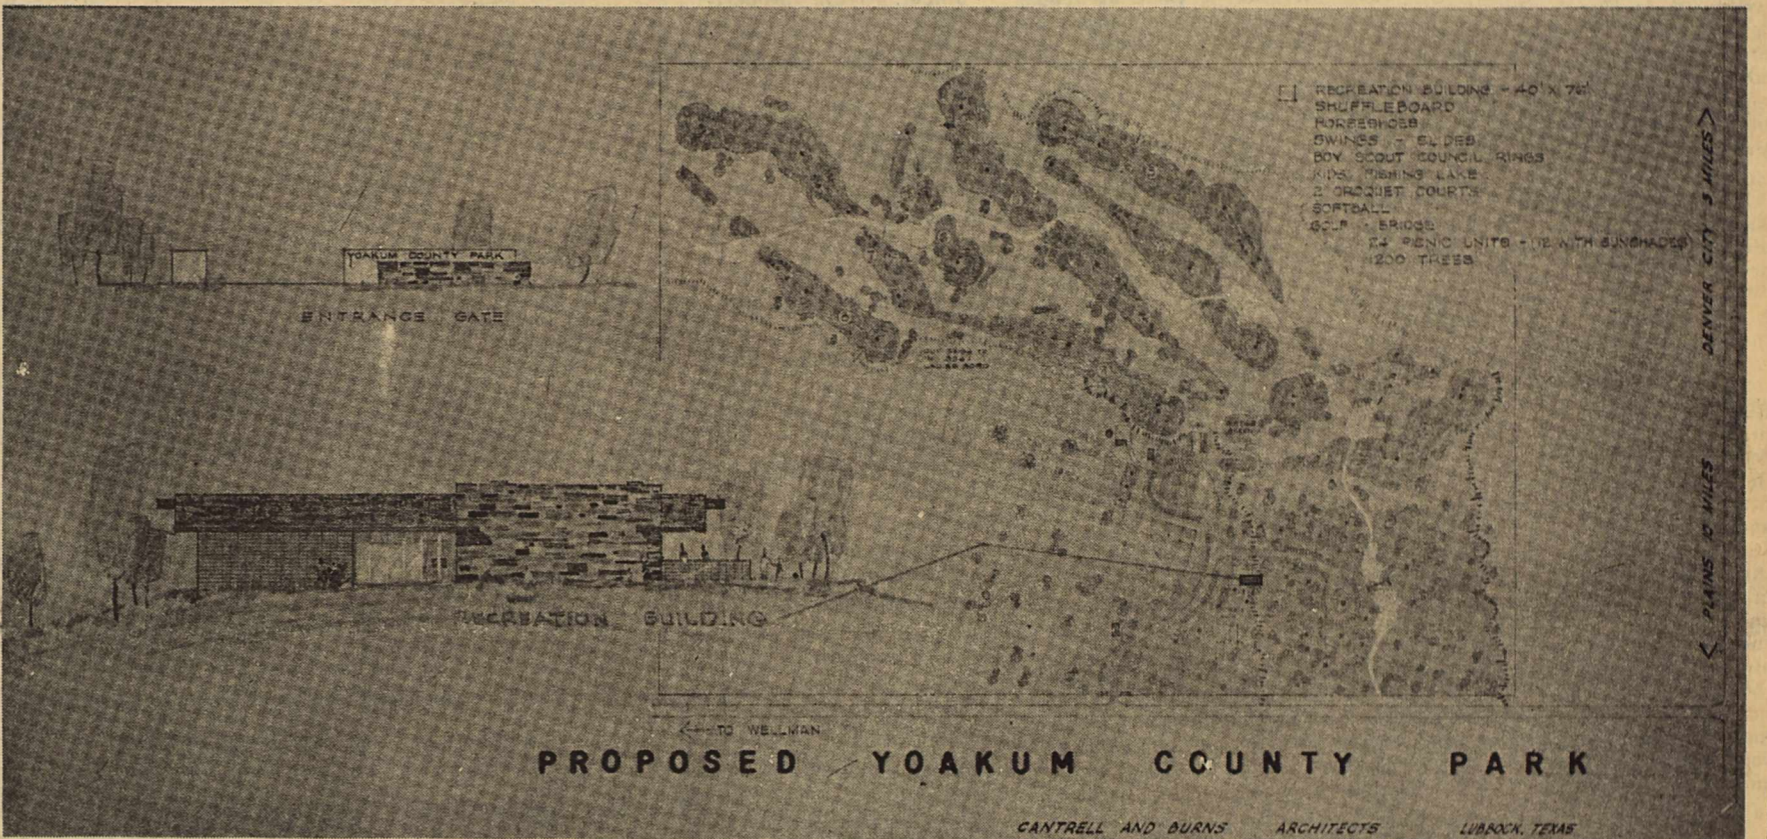

ial gatherings, and other large functions. Other facilities planned are horseshoe and croquet courts, possibly some lighted tennis courts, a shallow kid's fishing lake, picnic and barbecue facilities, and several items for both Boy and Girl Scouts.

Largest amount of discussion is concerning the proposed nine-hole grass-green golf

course which is also planned. The course is planned to operate along the lines of the Gaines County Park and the Gaines County Golf Course, which were constructed with funds made available through a bond election. That is, the golf course itself, could be lease to the PGA, and would become self-supporting as is the course in Gaines County at the present time.

Amount of the bond election as called is \$235,000 to mature in not more than 20 years at an interest rate not to exceed 3.75 per cent.

County Commissioners' Court has gone on record as stating definitely that no rise in tax rates would result if the issue is passed, as the pay-off on the resulting indebtedness can be met within the present structure of taxes and debts.

I AM QUITE SURE THAT NO MINDS WILL BE CHANGED BECAUSE OF THIS EDITORIAL, BUT IT DOES SEEM NECESSARY THAT SOME OF THE MATTERS BEING DISCUSSED IN CONNECTION WITH THE COUNTY PARK BOND ELECTION ON FRIDAY SHOULD BE SET STRAIGHT.

A FEW PEOPLE, who are opposed to the issue, and you know there'll always be some who are opposed to any bond issue, no matter what its purpose, evidently think the best way to defeat something of this kind is to try to discredit it in the minds of others. Certainly we don't propose to even remotely attempt to tell you how to vote, that is your privilege as granted to you under the Constitution of the U. S.

We do however, have the responsibility to let you know the facts, and some of the little stories begun by someone or other are anything but the facts. An odd quirk to human nature, in some at least, seems to be that if you say something bad enough about a thing or about an individual, you'll get someone to believe it.

One such story, without any basis in fact or truth whatever, is currently making the rounds. Someone started the blatant untruth that in addition to the 160 acres that Mr. Gene Bennett donated for the purpose of building the Park, some additional acreage is now needed for which Bennett supposedly is going to charge for, money for which is said to be coming from the Bond Election. This is not true. Bennett has donated all the land necessary for the construction of the entire Park.

OTHERS HAVE EXPRESSED an honest apprehension as to the possibility of the golf course part of the park becoming something like a Country Club, which would exclude all but the most affluent in our county. And in this connection, the possibility of the limited sale and consumption on the premises of alcoholic beverages has been feared by some. This course, run on the lines of any PGA sponsored course of a county nature, anywhere in the country, will be open to any and all citizens of the county, and on a very reasonable

basis. As for the sale and consumption of alcohol, this is a fear expressed by individuals who have not been around such an institution as a County Golf Course. Jim Terry, his wife and his children, are all good friends of mine (Jim is the golf pro at the Gaines County Golf Course) and they are fine members of our Church, The First Christian Church, in Seminole. About the strongest beverage you can find around such a course as this is coke or coffee.

WITH NO RISE IN TAX rates and the availability of the land at no cost to the County it seems that this would most certainly be a good investment for the citizens of Yoakum County.

WITH THE FACILITIES AS THEY ARE PLANNED for the park, whether you play golf or not, we certainly believe the venture will become a real item of civic pride, something that can be used by all the citizens of the county, in all age all income, and all social groups.

A VOTE "FOR" THE YOAKUM COUNTY PARK, we believe, is a vote "for" progress in the County.

## DENVER CITY LITERACY COUNCIL TO MEET

The general session of the Denver City Literacy Council will be held Monday, May 11 at 6:45 at the Grill Cafe in Denver City.

New officers for the year will be elected and reports given at the breakfast meeting.

The Council is comprised of Denver City and Plains men and women who have been teaching non-reader adults to read and write in the Laubach literacy program.

All persons interested in the program are requested to attend the meeting.

## RAIN STILL ELUSIVE

Well, I guess it just isn't going to rain this week. Here it is Thursday already, and there's not a cloud in the sky.

Folks at The Record and at Curry-Edwards Pharmacy have been watching for signs of rain real anxiously this week, because of the ad which was run in the issue of two weeks ago by Curry-Edwards advertising for a two-inch rain by May 15.

The understanding between the Record and Curry-Edwards was that if it came a two inch rain in that period, the drug store would pay for the full-page ad at the regular rate. If however, the rain wasn't forthcoming, The Record is to stand the full cost.

## TELL COUNTY BOND SALES

Savings Bond sales for the first three months of 1964 in Yoakum County totaled \$15,809. Of this amount \$3,622 were purchased in March according to a report released by Mr. D. P. Moorhead, local County Chairman.

Sales in Texas for the first quarter of 1964 amounted to \$16,181,153, which represents 26.6% of the state goal of \$150,000,000.

"On May 1 the new \$75 Series E Savings Bond, bearing a portrait of the late President John F. Kennedy, went on sale.

"This new bond will fill the gap in the lower denomination range of Savings Bonds.

The issue date of May 1 is also the 23rd anniversary of the issuance of the first Series E Bond," Chairman Moorhead reported.

## BRYCE NAMED NEW NIGHT-WATCHMAN

Mr. M. J. Bryce was hired last week by City of Plains to act in the capacity of night-watchman for Plains.

Comments on a stopover in Childress: on the good side we found friendly people, an interesting town, the home of our long-time friend Ruth Fite, nice motels, and a beautiful park that would out-do the deserves of a town twice the size. On the bad side: missed the best place to eat no doubt, and failed to get adjusted to the taste of the water, wound up in church expecting to hear a well recommended pastor only to hear a visiting booster for some good moral organization I guess one can't get all the coons up one tree, and we did enjoy the short visit.

Do you remember the story of the colored preacher who was a died in the wool believer in predestination? He claimed that: "What is to be, will be, whether it ever happens or not." Sometimes we almost agree.

Speaking of our friend Miss Ruth Fite: she has been our shut-in pen-pal for many years. She, despite her handicaps, is one of the town's busiest citizens. From her bed she operates a telephone answering service that takes two telephones, an intercom system that among other things brings in the sermons from her church, and a typewriter. For many years she has remained the Sweetheart of the Lions Club, and each year they bring a party to her bedside. She is just another living smiling proof that just because you are down doesn't always mean that you are out.

## TURBO JET AUTOMATIC CAR WASH

(coin operated)

TURBO JET CO., INC., has revolutionized the car wash industry in developing a new type coin-operated car wash. The factory has developed a three-in-one combination machine that soaps, rinses and dries off an automobile while the car stands still. It is the only ceiling suspension automatic car washer of its type in the world. We install the machine in such places as super market parking lots, shopping centers, discount stores, large apartment buildings, super gas stations and motels. We have a firm commitment for the installation of these machines on the premises of the leading motel chain in the country. These franchises are now available in your local or regional area. Previous experience is unnecessary. We install the equipment and help provide good locations in high volume areas, local city or statewide franchises are available at this time. However, some major cities in your area may have already been franchised.

If you are sincerely interested in a money-making business the amount of investment required is from \$4,000.00 up. As for city and statewide distributors, financing would be available. The manufacturer of these machines has been in business almost 4 years. Only high quality individuals or companies need apply. Write our company and give a brief resume of yourself. We will arrange for a personal interview in the very near future.

## I BELIEVE

BY

GOV. GEORGE C. WALLACE

Everyone has the right to vote in Russia. After all, what qualifications are really required of a fourth class citizenship? A fourth class citizenship is a slave citizenship. Such a citizen bears no responsibility for his own welfare, the government sees to that. He has relinquished to the government all responsibility for running his schools; his housing is supplied by the government, and he need not trouble himself with the responsibilities of a free man. Consequently, he has no need of qualifications to be a voter, since there are really no decisions for him to make. His future existence is assured, albeit a slave existence, and he has only the one party for which to vote, the left-wing, government-welfare, Communist Party.

Since private property has been abolished "in the public interest," the fourth class citizen need not concern himself with protecting or preserving what belongs to the government. The free citizen must be willing to accept all these responsibilities. If freedom is too much trouble and requires too much responsibility for him, he will find the government assuming the responsibility and consequently the control over him.

Since the government of a free people is kept intact or changed by the voter, the voter has a sacred duty first to maintain freedom; whether in that freedom he, himself, succeeds or fails; still the opportunity provided for by freedom must remain open.

Would you want a plumber who is not qualified, who does not understand plumbing, to install plumbing in your house? Certainly not. But today we have the proposal before us to lower or eliminate all qualifications for voting. At a time when freedom is vanishing from the earth, when we are being effectively challenged by a vicious, atheistic conspiracy, federal demagogues demand we put Millions of unqualified "plumbers," so to speak, to work on our house of freedom; people who do not want to take the trouble, as free men must, to qualify themselves, but who complain of being second-class citizens.

They would in fact make fourth-class citizens of us all. We should, we must, endeavor to raise our citizenship. To require higher and better qualifications of our people, is to improve and strengthen our freedoms and our free system.

### THE SOCIALISTS' OMNIBUS BILL OF 1963 NOW BEFORE THE SENATE

The American people are being set up for a blow that would destroy their right to determine for themselves how they will live. What is being piously presented as a humane effort to redress past wrongs—the "Civil Rights" bill—is, in fact, a cynical design to make even the least of us, black and white alike, subject to the whim and caprice of government bureaucrats.

Unless American workers, farmers, business and professional men, teachers, homeowners, every citizen awakens now, harsh Federal controls will reach into our homes, jobs, businesses, and schools, into our local and State elections, and into our municipal and State governments.

### \$100 BILLION BLACKJACK

You should know, through this bill you are to be struck by a \$100 Billion Blackjack—almost the total Federal budget. Your tax money is to be used as a weapon against you.

That is the meaning of the Civil Rights bill:

- (1) It would amend every Federal law (hundreds of them) that deals with financing so that each Federal department or agency could make its own regulations to manipulate Federal funds: Each Federal department or agency would define for itself what is "discrimination" and apply its own penalties (Sec. 601-602).
- (2) It would empower Federal political appointees—through the use of the blacklist, cancellation of contracts, foreclosure, and other punitive means—to use almost \$100 billion a year to force our people to knuckle under to Executive dictation (Secs. 601-602).

You should know this.

### TOTAL FEDERAL CONTROL

The bill now pending in the United States Senate would

- (a) Allow people to be jailed without trial by jury (Titles I, II, III, IV, and VII).
- It would
- (b) Allow the government to hold Star Chamber sessions and to imprison those who disclose, without permission, what went on behind its closed doors (Sec. 501).
- It would
- (c) Deny an individual the right to freely seek employment without Federal interference as to race or religion—it would deny this right (Titles VI and VII).
- It would
- (d) Deny the employer the right to hire, fire, promote and demote without Federal interference as to race or religion—it would deny this right (Titles VI and VII).
- It would
- (e) Deny to School Boards (public and private) and to colleges the right to determine, unhampered by the Federal government, how their students and teaching staffs should be handled—it would deny this right (Titles IV, VI and VII).
- It would
- (f) Take from local and State officials their right, without Federal interference
  - To handle local and State elections (Title I);
  - To regulate local parks, swimming pools and other recreational facilities (Title II);
  - To regulate hotels, restaurants, motion-picture houses, stadiums, etc. (Title III); and
  - To regulate employment practices (Titles VI and VII).

### THE MYSTERY WORD: "DISCRIMINATION"

The bill now pending in the United States Senate would:

- (a) Allow each Federal department and agency to determine for itself what is and what is not "discrimination" (Titles V, VI, and VII)—the bill, itself, does not define the word.
- (b) Allow each Federal department and agency to determine for itself what is and what is not "race" and "religion" (Titles IV, V, VI and VII)—the bill, itself, does not define either word.

Therefore, there would be no uniformity of interpretation. What might be classified as a "discriminatory practice" by one agency, might not be so classified by another agency.

### OMNIPOTENT PRESIDENT

And always—if this bill becomes law—there will be the Omnipotent President or his appointees to rule, thumbs up, thumbs down. Sometimes, yes. Sometimes, no.

Only a Dictator has such prerogatives. It follows, then, under the Socialists' Omnibus Bill—misnamed the Civil Rights Bill—those who enjoy political favor may expect political favors. Others may expect something else.

Such is the significance of the bill now pending in the United States Senate: It would establish the Rule of Man and abolish the Rule of Law.

Six members of the House Committee on the Judiciary, each an attorney and each an expert in this sort of legislation, have said: "The reported bill is not a 'moderate' bill and it has not been 'watered down'. It constitutes the greatest grasp for executive power conceived in the 20th Century."

If you wish this bill defeated, you can defeat it: Write your Senators, both of them. Write them, now, today, and tell them you oppose it. Tell them why.

There is no other way. If you want this bill stopped, write your Senators, now, and tell them so.

Tear sheets of this ad, suitable for reproduction in other newspapers, may be had upon request.

### Within The Coverage Of This Bill Federal Inspectors Would Dictate To\*

#### SCHOOLS AND COLLEGES:

- As to
- 1. Handling of pupils.
- 2. Employment of faculties.
- 3. Occupancy of dormitories.
- 4. Use of facilities.

#### TEACHERS:

- As to
- 1. Their employment, discharge and promotion.
- 2. Preferential treatment of minorities.
- 3. Compensation, terms, and conditions of their employment.

#### HOSPITALS:

- As to
- 1. Medical and nursing staffs.

- 1. State FEPC acts.
- 2. State Labor laws.
- 3. Handling of public facilities.
- 4. Supervision of private facilities.
- 5. Judges and Law Enforcement Officers.
- 6. Handling of elections.

#### Dictatorial Attorney General

This bill would make the Attorney General a virtual dictator of America's manners and morals. It would grant him unprecedented authority to file suits against property owners, plain citizens and State and local officials, even though the supposed grievant has not filed suit. The Attorney General would become the grievant's lawyer at the taxpayers' expense. The bill grants to the Attorney General—

- (1) The unprecedented power to shop around for a judge he prefers to hear a voting suit (Title I).
- (2) The right to sue an owner of public accommodations before the owner is accused of a "discriminatory practice" (Title II).
- (3) To sue State or local officials concerning public facilities, without an individual having filed suit (Title III).
- (4) To sue local school boards, although no suit has been filed by any school child or other person (Title IV).

Last fall, when broad authority to sue in Civil Rights matters was first proposed, the Attorney General said: "Obviously the proposal injects Federal executive authority into some areas which are not its legitimate concern and vests the Attorney General with broad discretion in matters of great political and social concern." This bill falls within that condemnation.

Mrs. Tom Box, Yoakum County farm wife, has been elected District 2 Director of the Texas Home Demonstration Association. Mrs. Box was elevated to this position Thursday, March 30, at the District 2 THDA meeting in Floydada.

## Yarborough News Letter

Dear Fellow Texan:  
On my return to Washington this week, I testified before the U. S. Tariff Commission, a fact-finding body, to urge strongly a cut-back on imports of foreign-produced beef, and to show the Commission how heavy imports of beef are hurting our domestic livestock industry.

The Tariff Commission will reach a decision on the extent of meat imports damage to the livestock industry in the United States, and will make its recommendation to the Senate Finance Committee as to whether or not imports should be curbed.

I strongly support the position of the cattlemen in Texas and other meat-producing states, that the 11 per cent rate of imports is far too high and must be reduced.

The situation in Texas, which I reported to the Tariff Commission and which exists in other western and southwestern states, should be convincing. Texas livestock producers have lost more than \$22 million in values in beef

to the 1962-63 drop in beef prices.

I am co-author of S. 2525, a bill to sharply reduce foreign beef imports.

In 1962 and 1963, Texas farmers marketed 3.6 million head of beef cattle, 13 per cent of the nation's total. There are 180,000 farms and ranches with cattle in Texas, and much of this land is good only for grazing.

It is up to the Tariff Commission to recommend to the Senate Finance Committee that a reasonable import quota be established, giving full consideration to the massive losses already inflicted on our domestic industry.

I have also recommended and voted for laws this year to require labeling of meat so the American housewife will know when she goes to the store to buy whether the meat is produced in the U. S. or elsewhere.

We are fighting on several fronts to help our domestic livestock industry survive.

--Ralph W. Yarborough
