

## The Plains Record

Combined With The Yoakum County Review March 1, 1961

THURSDAY, MAY 28, 1964

NUMBER 22

# by Johnnie Moore

"A group of economists, educators and writers has come up with a 1964 version of Utopia. In a statement sent to President Johnson it argues that every American should be guaranteed an annual income as a matter of right. whether he works or not.... Left unanswered are such questions as how many would be willing to support millions who simply don't want to work. Workers will always be needed, no matter how many machines there are.... If millions are to eat without working, there will have to be some way of persuading others to work. On this interesting detail, the committee is silent.

GUEST EDITORIAL

"PHYSICIAN, HEAL THYSELF"

. . . .

By: John J. Synon, Director Fundamental American Freedoms, Washington, D. C.

According to those Senators who are advocating passage of the Civil-Rights Bill, mail has been running heavily against the measure. People, it seems, have grown disturbed over the bill's provisions.

In an effort to alleviate this concern, civil-rights Senators have struck upon a thought which they pass along to their letter writers.

In replying to their constituients they invaribly counsel them not worry about the bill, "it will have no effect in our State". In "our" State, so the Senatorial letters read, there are laws already on their State's books which are more comprehensive, more meaningful than the one now pro-posed in Congress. "Broader" is the word New York's Senator Keating uses.

That being so, the question comes, why are these States having so much trouble?

If laws could solve "civilrights "problems it seems those States which have such laws --- there are 34 of them---would be the nation's most harmonious.

And yet, in New Work, in Illinios, in ohio, in Arizona, in California, across the broad sweep of our Northern tier of

states, trouble is afoot. Isn't there a lesson in this?

#### SCOUTS TO ATTEND CAMP

Members of Plains Boy Scout Troop 778, are planning to attend camp this summer at Camp Post, near Post, Tex-

About 17 or 18 members of the local unit have stated their intention to attend the week-long encampment.

Dates on which the local troop plans to be at the camp begin on June 14 and will last

through June 20. Little League play and practice is being suspended during that entire week to enable the boys who participate in both to attend the camp without penalizing themselves in the local summer baseball pro-

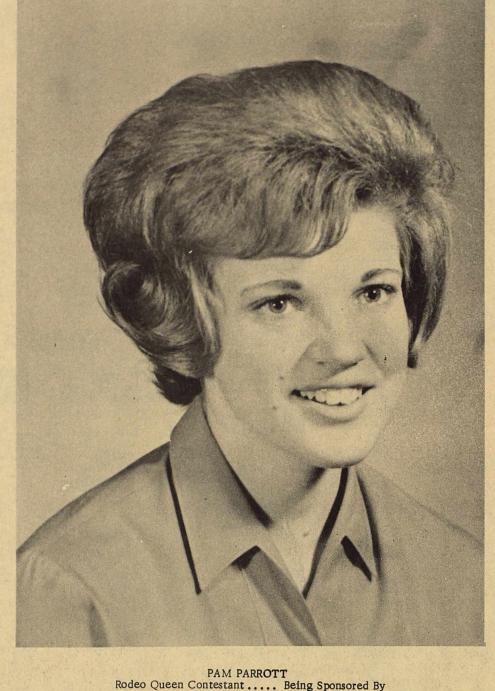

#### COUNTY COMM. COURT MINUTES

County Commissioners, in their regular meeting last Monday morning transacted a great deal of business including routine matters such as paying the bills and giving approval to the use of county chinery for some Soil Conation work in the county.

In addition, the court voted to put the recently-voted County Park bonds, amounting to \$235,000.00 up for sale on June 1.
A bid of \$17, 285 less trade

In allowance of \$6, 600, making a net of \$10, 685, submitted by Caprock Machinery Co. was accepted for the purchase of a tractor and shovel.

Action also was taken to officially again hire Mrs. J. E. Cooke as supervisor for the Plains swimming pool at a monthly salary of \$250.

OUR 34th YEAR

PAM PARROTT
Rodeo Queen Contestant.... Being Sponsored By
Yoakum County Roping Club

## Plains Rodeo **Plans Made**

Yep, it's that time of year again. Another version of the Yoakum County Rodeo, held in Plains each summer, is in the advanced planning stages and will soon be making its annual appearance.

The annual Queen's contest held each year in connection with the rodeo will be the first of all the various events to get started.

Oueen tickets go on sale here beginning this Saturday. So far, the Queen contestants which have been officially announced as being in the race are Pam Parrott for the Yoakum County Roping Club, and Pam Long for the Plains Chamber of Commerce. The Plains Lions Club has stated

that they definitely will sponsor a candidate this year, but she has not as yet been officially named.

As in last year's contest, the girl winning the title of Rodeo Queen will receive a large trophy belt buckle and a \$40 gift certificate. The girl sho is runner-up gets just the belt buckle and all other girls in the race receive \$10

gift certificates.

The events and jackpots, more about which will be told in the coming issues of The Record, are to be substantially the same as they were in last year's rodeo.

Producer for this year's show is Dick Ratchen of Hap-

One difference this year

in the Queen Contest is that there is to be a beard-growing contest in connection with it, A person may obtain a permit so that he will not have to grow a beard. The permit is purchased by buying five tick ess from the same queen contestant at the same time, at which time, she will write out the permit.

Each contestants ticket purchased costs \$1 and is one vote for the girl from whom it was purchased, plus it entitles the purchaser to one chance on the saddle to be given away at the final performance of

Dates for the rodeo this year are July 30 and 31, and

3. Drive defensively and use common sense in all week-

## Memorial Holiday Driving Care

Captain E. L. Psoey, High-y Patrol Commander for the Lubbock district today called on all motorists to exercise extreme caution ober the coming Memorial Day weekend.

In a conference at the District Headquarters plans for

enforcement activity were discussed. "Over the weekend," said the Captain, "All available highway patrol units will be in service. They will be using all means of detecting traffic violators. We anticipate that radar will be in service for a large part of the time. " The Captain emphasized that the apprehension of violators is only part of the job of the Highway Patrol. 'Our men will be on the alert for the motorist who is having trouble and will try to be of assistance whenever possible"

Last year with only a one day holliday there were seven deaths on highways in Texas. With the three day holiday this year it is anticipated that there will be a substantial increase in the number of accidents, injuries and deaths on

our streets and highways. Here are a few pointers presented by the Captain to help you to have a safe, plea-

1. Check your car's safety equipment before leaving on a trip.

2. Plan your trip to allow plenty of time for frequent rest stops and plenty of time to make the drive within the

Make this holiday one of pleasure instead of tragedy. Drive to arrive alive.

end activities.

## Pony League Play Starts

After a couple of false starts in which the Gophers, the Plains Babe Ruth League baseball team, were beaten

by both the Colts and Oilers of Denver City, the local boys came back real strong and soundly beat the Pirates of Denver City here last Saturday evening.

Final score in the game,

behind the fine pitching of Jimmy Massey, the winning pitcher, was Plains 6 and the Pirates 1. Losing pitcher was Redwine. Roster of the Plains team,

which is coached and managed by Cordell Huddleston, is as follows:

Calvin Smith

Joe Beal Lynn Rollins Mokey McCrary Ronnie Nach Danny Kelley Billy Kennedy Billy Lee Gary Liles Alton Earl McGinty Bobby Haines. Wayne Wauson Milton Romans Alton Raines Carlton Wilkins Mike Wilkins Jimmy Harget N. C. Clannahan Season's schedule is as fol-

Jimmy Massey

Mr. Sherm Tingle, this year's president of the Plains Little Lague, reports that MAY..... the league is off and running 29-Indians vs. Cubs

to a real fine start this season. Tingle revealed that the sponsors for the teams this year have been obtained and they are to be especially commended this year as the spon-sor fee is higher than usual, due to the fact that new uniforms are being bought for the entire four teams.

Sponsor fee this year ran to \$175 per team, and the sponsors obtained are Plains Farm Supply, Yoakum County Co-op Gin, Ross Irrigation,

and Iota Pi Sorority.

In the opening night's play which was Tuesday night, the Indians met the Yankees in the opening game and were downed by the Yankees 8-11. Scoring by innings in that contest for the Yankees ran 5, 4, 0, 2, and for the Indians 2, 3,

In the second game the Giants met the Cubs. Score for the Cubs wound up at 17, and for the Giants 5. By innings the Cubs scored 1/7/9, and the Giants 2/3/0.

Managers for the teams this year are Yankees, Jack Lowe; Indians, Dub Nelms; Cubs, Al Nugent; and Giants,

rain showers that we are still Record by Curry-Edwards for a full two inch rain. Some said it was much like

experiencing. In the period allotted in the agreement with Cury-Edwards only a total of six tenths of an inch fell, so The Record will be responsible for all the charges on the full 168 inches of advertising.

But just remember, it did rain. The whole complexion of the business tempo around Plains is really on the up-

The next time you have something that needs to be sold or made known to the public, remember The Record.

Trying to run a business in Plains or anywhere else without advertising is like trying to drive a car without any gas in it. You're leaving out the very thing that makes it go.

The public expects, and has a right to do so, for you, the businessman, to think enough of its patronage to ask for it. Advertising doesn't cost,

ad that brought results and, it pays! in turn started this series of

## Salvation Army Drive Set

Annual Plains area Salvation Army Drive is being plan-this year for June 4, which is next Thursday.
Workers are being solicited

to help with the drive, which is designed to last about one

Campaign Chairman for this year's drive is Mr. Roy Edwards of the Curry-Edwards Pharmacy here. Roy, along with Don Han-cock, and Johnnie Moore are

the local committee for the Salvation Army.

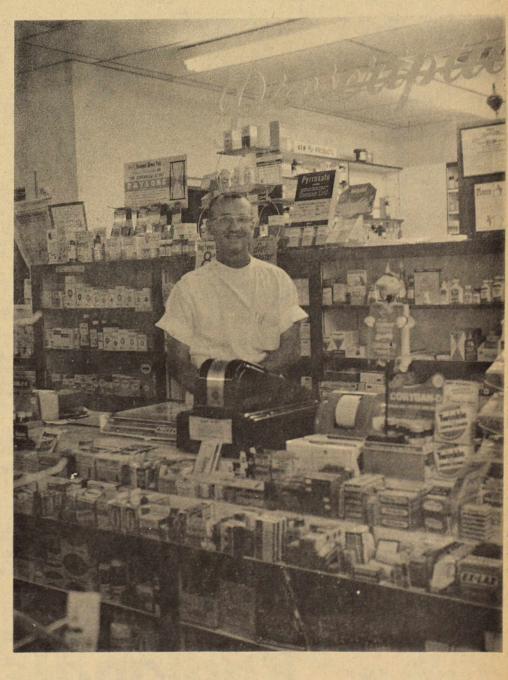

They are responsible for dispensing the funds received

in the annual drive.

It was pointed out that over 50 persons who were in need were helped by the locally operated Unit. They were helped with items ranging all the way from food, clothing, and other basic necessities to fitting one child with glasses, and other items and services.

The annual drive for Plains is the only time during the entire year when the Army asks for funds in Plains.

Some have asked concerning the people who have come around to business houses in Plains soliciting funds, dressed in clothes similar to those usually worn by Salvation Army members. It should be noted that these, in Plains, are not members of the Salvation Army, but of "The Army of Christ," This is a relatively new organization, about which (at least not by your editor) very little is

## 121st District **Court Docket**

The following cases are sec for trial at 10 a. m., on Tuesday, June 9, 1964, in Plains, Texas.

Announcements will be

#### **BOATING** & FISHING SAFETY TIPS

Several million small boats will go back into the water on Memorial Day weekend after a winter in storage and several weeks of scraping, painting and other work this

The Memorial Day weekend of May 30 also will provide its usual quoat of boating and fishing accidents and deaths from drowning. Most of these need not happen. Safety experts have said many times that most boating and fishing accidents could be prevented if outdoorsmen would observe a few simple precautions.

Good manners and common sense in boating will prevent most accidents. Don't overland the boat; have life preservers for each occupant; don't stand up or change seats in a small boat while under way; keep a watchful eye out for other boats, swimmers, and fishermen, and give all a comfortably wide berth. These rules are repeated each boating season, but there still are drownings because someone igorned them. Most marine operators and many sporting goods stores have pamphlets on boating safety. Get one, study it, follow it.

-- NEWS FROM--FARMERS HOME ADMINISTRATION

The measures proposed by President Johnson to eliminate rural poverty will be discussed at a three day regional meet of the Farmers Home Administration to be held in Dallas, June 2-4, L. J. Cappleman, Texas state director for the federal agrilcultural credit azency announced today.

At the meeting the officials will also discuss steps being taken to help young farmers take over the farms of retiring elders, progress made in deve eloping rural community water systems, and the housing as= sistance given senior citizens in rural areas.

During the past three years under a vastly expanded program the agency has advanced \$2 billion for the strengthening of family farms and rural communities. The \$613 million loaned in the first 10 months of fiscal 1964 was nearly 100 percent greater than the amount loaned during fiscal 1960.

called for at 10 a. m. on June 9; all motions, exceptions, etc., will be heard at that time. The jury will report at 1:30 p. m. on the same day. The Court should be noti-

C. Murrell Thompson

Rain-Rain, from 1 inch to 1.5 inches pretty well over the district has changed the outlook on both the faces of the farmers and ranchers and

of the land. Grass planting, long overdue, is beginning in a big way. C. E. Boley, Fred Lowrey, Robert Heath, J. W. McCan and Robert Long are a few of the many who are try-

before winter and have a good cover next spring to control wind erosion. The demand for grass seed is good this year and promises to be even better next spring. This could be a cash crop under irrigation in this district and there is no allotment on the acres that can be planted. New plans, revisions of

old ones, and modifications of Great Plains contracts continue to keep local Soil Conservation technicians busy. A revision on the John E. Fitzger-ald ranch, T. E. Fillingim ranch, new plans on two Lee Brownfield farms operated by T. A. Elmore, and revising of K. O. Hendricks' GPCP contracts are a few of the farms and ranches being worked this week.

ing to get a drill or seed to plant now. Switch, sideoats and weeping love should be

planted as soon as possible so

that it will make a good growth

Remember the meeting on June 9 to present the Yoakum County Soil Survey report. The principal speaker will be R. E. Daniell, Field Specialist - Soil from Lubbock, who will explain the uses to be made of the report and W. S.

Goodlett, Jr., Area Conservationist from Big Spring who will explain how the report was made and who may use it. Remember June 9, 8 p. m., District Court room in Plains. Get your FREE copy. Refreshments will be served by Plains Farm Supply.

# AN OPEN LETTER

## TO THE YOUNG MEN AND WOMEN OF SOUTHAMPTON'S DEBUTANTE PARTY

- WE READ A STATEMENT in the Press made by one of the young defendants after the court case involving alleged damages at a debutante party in Southampton, Long Island: "Everyone knows there is too much drinking in this country, but what can you do about it? Everybody knows the morals of this country are going down the drain."
- WE THE UNDERSIGNED believe we have the answer to the young man's question.

We believe it is time our generation stopped self-righteously deploring this state of the nation or irresponsibly contributing to it. The time has come to change it.

- WE REPRESENT hundreds of young Americans across the nation who have committed their lives to create a new society in America and the world with the global program of Moral Re-Armament.
- WE ARE IN REVOLT against a society which creates the climate of immaturity and lawlessness that leads to such a debacle and to such a cynical statement. We have got to stop it.
- WE ARE IN REVOLT against the gutlessness of "good" Americans who lack the courage to explode the corruption existing in all levels of our society, who sit silently while one woman forces God out of our schools, who permit men committed to atheism and anti-God to proceed unchecked, who proclaim one set of standards and live another.
- WE ARE IN REVOLT against the line of the "new morality" which is forced down our throats by books, magazines, television, films, professors and some churchmen. Sex, violence, lust and godlessness are taking over the nation. When venereal disease among young Americans rises 130% between the years 1956 and 1961, when 13,000,000 children come from broken homes-who is responsible? We are.
- WHERE ARE THE YOUNG AMERICANS who will pay the price in their own lives to stand up for what is right in the country? Where are the fighting Americans who will cure the hatred, bitterness, impurity and selfishness

- which divide families, destroy races, deaden youth, split nations?
- THE FREE WORLD looks to us for leadership. The captive world looks to us to make freedom a reality again. We know that if America fails the world fails.
- WE ARE OUT TO BUILD A NATION where families teach mankind how to live together, where industry-management and labor-teach the whole world how to work together, where all races, colors and classes learn together with all nations how to lead the whole world forward. We are out to create a force of young Americans more dedicated to building a world that works than any Communist or materialist. We will create an America to whom the whole world will turn and say, "That is the way men are meant to live."
- WE BELIEVE IN MODERN AMERICA. We believe she will rise to the challenge of the times. We believe she will demonstrate the great reality that free men will accept of their own accord the discipline to be governed by God, so that millions on the earth will never be ruled by tyrants.
- THE CHALLENGE facing the American youth is not to go backward to the decadence that destroyed the Roman Empire, but to go forward to the revolution of Moral Re-Armament.
- WE CAN REBUILD THE MODERN WORLD. Let us go forward to absolute moral standards for all men everywhere: absolute honesty, purity, unselfishness and love, not as an end in themselves, but as a means for giving us the energy, the maturity, the responsibility, the clarity that will take humanity forward to the next stage in human evolution.
- THREE THOUSAND OF US are meeting this summer in a Conference for Tomorrow's America at the Moral Re-Armament Center, Mackinac Island, Michigan, to shoulder that task together. We invite every young American who has the courage and spirit to care for his nation and the future of mankind to join us.

WILLIAM WISHARD, Williams College '64 MARY GALLWEY, Manhattanville College '66 S. DOUGLAS CORNELL, St. Albans School '64 STEPHEN RICKERT, Princeton University '65 SUSAN CORNELL, Radcliffe College '63

For further information on the Conference for Tomorrow's America, June 25-July 20 and July 23-August 17, apply to Miss Susan Cornell, c/o Moral Re-Armament, 112 East 40th St., New York 16, N.Y.

TELEPHONE

Some young men and women wishing to attend the Conference will need help with their expenses. Contributions are welcome. Checks payable to Moral Re-Armament, 112 East 40th St., New York 16, are deductible for tax purposes.

This advertisement has appeared in the New York Times, New York Herald-Tribune, other major newspapers and in many college publications.

# CONFERENCE FOR TOMORROW'S AMERICA

The conference will study the art of solving national and international problems by introducing the new factor of change in human nature.

Mr. Peter Howard, distinguished British author, journalist and playwright, whose books and plays are known on every continent, heads the list of speakers and instructors who will be conducting daily seminars. He is being joined by other lecturers from Europe, Asia, Africa and Latin America.

Delegates will produce new film scripts, plays, songs and literature which will give this generation's answer to the challenge of the century.

A feature film is to be produced by youth in the Mackinac Film Studio, headquarters of RAM Productions. With a cast of thousands, it will tell in song and color the story of modern America. Using the best of America's folk music and Negro spirituals, plus carioca and steel bands from the Caribbean, young America will speak with a new voice to the world. Professionals of the film industry will direct and film the production. All attending the conference will have the

New plays and films will be presented as a regular feature of the conference. Daily organized sports and recreation will be under the direction of Olympic Gold Medal winners.

Delegates from America at the conference will be joined by students from India, Japan, Latin America,

If you wish to take part, fill out one of the boxes Africa and Europe. in the open letter above.

#### HAWKINS COMPLETES BASICTRAINING

Airman Walter C. Hawkins, son of Mr. and Mrs. Ford Hawkins of Plains, has completed the first phase of his Air Force basic military training at Lackland Air Force Base, Texas.

Airman Hawkins has been selected for technical training as an aircraft equipment repairman at the Air Training Command school at Chanute AFB, Illinois, His new unit is part of the vast ATC system which trains airmen and officers in the diverse skills required by the nations aerospace force.

The airman, a graduate of Plains High School, attended Texas Tech in Lubbock.

#### **HOW YOU CAN BE TAX-EXEMPT**

By Harry Browne

Editor, Freedom Magazine

If you could get a permanent and total exemption from the income tax, what would you do with the money you'd save?

Take a moment and dream about it: Would you invest that money in a business? Buy a new car? Move into a better home? Get that new furniture you've been wanting?

We're talking about quite a bit of money you know. If you make \$6,000 per year, you probably pay around \$600 in personal income tax. At \$10,000 per year, the tax is over \$1,300. And at \$20,000, the tax is

almost \$4,000 every year.

What would you do if that money was suddenly yours to spend?

It could add up pretty fast into a com-fortable retirement fund. Or maybe you'd like to invest it in stocks and bonds. Or a college education for your child.

Maybe you just want to have a good time — so you might take a trip to Europe or Las Vegas. Then again, you might be inclined to support your church or favorite charity to a much greater degree than you can presently afford.

The average \$10,000-a-year man could trade for a new car every year with the money he presently pays in income taxes. Let's examine some other possibilities:

Perhaps you'd like to give some of your money to the Communist dictator of Yugoslavia - where a good part of your income tax money goes now. Or, instead, would you like to invest in some good farm subsidies? On the average, over \$100 of your annual income tax presently goes to subsidize, control or reg-

ulate agriculture.

In fact, it is 700 such "welfare state" projects that consume your entire income tax payment every year. Federal ventures like public power, farm subsidies, foreign aid and pork barrel projects consume more money every year than is collected by the personal income tax.

The federal government receives enough revenue from other taxes to cover our defense needs and all other constitutional requirements — without the income tax!

#### PROPOSAL

The proposed Liberty Amendment - already approved by six states - will eliminate the government's spending sprees and repeal the income tax.

So start dreaming. What would you do with that money? It can be yours - once the Liberty

Amendment is enacted. But your help is needed to make it a reality.

Visualize what having your income tax money would mean to you. Then realize that this would be yours every year for the rest of your working life. That's how much you can benefit from the Liberty Amend-

What are you going to do about it?

#### OOP! WE GOOFED

In the Plains State Bank as run in last week's issue of The Record....WE GOOFED.
The ad dealt with savings

accounts and the fine rate of interest offered at our local outstanding financial establishment.

In the ad it was stated that interest is paid on savings accounts at the rate of 4.5 per cent. This is in error, the rate paid by banks in Texas cannot exceed 4 percent.

This is the maximum as is set by law, and of course, the local bank, keeping abreast of the times and always offering the very latest and best to its many customers, is paying the very maximum, 4%.

We hope and trust that no harm or misunderstanding has resulted because of OUR er-

## ORFARERS ON FLFWTMMM? ARE YOU A

2100% return on investment sounds phenominal, but that is the sort of return cotton farmers in this area can receive this season.

The investment is one boll of cotton every 7 feet down the row. The kind of results to be expected is an extra boll of cotton on every stalk.

These statements come from 9 of the nations leading soil scientists who have devoted most of their lives to soil fertility in the southwest and especially in the plains.

Such authorities as Dr. Alex Pope, Dr. Bill Trogdon, and Dr. Gaylord Hanes have been instrumental in the manufacturing of a completely new product at the new Plains Division Plant located at Plainview. This new product for plains soils has been named "Am-Sul-Phos".

Am-Sul-Phos contains almost e times as much nitrogen as phosphorus. The nitrogen is form highly resistant to leaching and losses to the air. The pnosphorus is highly water soluble. The remainder of the pellet is soluble sulfate ion which reacts with excess calcium in the soil, thus giving maximum uptake by the crop of phosphorus and nitrogen as well as minor elements such as iron, zinc, boron, and manganese.

The product was used in experiments last year. Yields were increased as much as one bale of cotton per acre over standard fertilizer practices in many field scale experiments.

A 100% increase in grain sorghum yield, with high protien grain and 400% or more profit on your fertilizer investment?

Sound far fetched? ? Not at all!

Best's staff of experienced Agronomists has developed an entirely new product which contains the correct ratio and sources of nitrogen and phosphorus which combined with the sulfate ion (SO4) will result in greater efficiency of nitrogen and phosphorus uptake and in a more balanced nutrition for grain sorghum.

What is this product? - 'Am-Sul-Phos".

If you have not fertilized your sorghum this year, "Am-Sul-Phos", applied as a sidedress before the sorghum is 10 inches high can double your yield and increase the protein content of your grain.

If you have applied part of your fertilizer at or before planting, apply the rest as a "Am-Sul-Phos" sidedress.

## Run-off Election Drawing Near

Battle lines are rapidly becoming more apparant and issues are coming to the forefront as the date for the June 6, Second Democratic Pri-

maries is rapidly approaching. Candidates can be seen in their last minute efforts to get out and contact as many voters as is possible.

Locally, two offices are in question as to who will be the Democratic nominee for this term, and will thereby be the next sheriff of the county and, the next county attorney, as in neither case is there a Republican candidate,

In the bid for County Attorney, incumbent, Vernon Townes of Denver City is being opposed by another Denver City Attorney, Mr. Claude Freeman.

These two were selected by county voters from a field of four candidates for the office, two of whom, Don Hancock of Plains and Cletus Phelan of Denver City, were el-

eminated in the first primary. In the race for sheriff of

the county, incumbent V. E. Sanders was eliminated in the ballotting of the first primary election, leaving Olan Heath

of Plains and Woody Sullivan of Denver City as opponents in the second race.

Sulligan is Chief of Police in Denver City and Heath is Deputy Sheriff of the county, stationed in Plains.

Ballotting places for this election, to be held June 6, are the same as they were in the first primary.

On the district level, local voters have a selection to make for the Democratic nomination for the office of State Representative of the 90th District. Out of a field of five candidates in the first primary Jesse T. George of Brownfield and Howard Ragland of Level-land made it to the run-off and are contesting for the nomination on June 6th's ballot, The 90th District is made up of Yoakum, Terry, Cochran, and Hockley counties.
