OUR 34th YEAR

NUMBER 35

MOORE
or
Less
by Johnnie Moore

A San Diego beer firm, the H. A. Lavezzi Co., and the Teamster's local are reported to be wrangling over whether the company's drivers may use the company's product with their lunches.

The company says that its 25 drivers may not drink beer and then drive an 8-ton truck. The union claims that the company has no right to tell them what they may have for lunch. The company hired a private detective to shadow a couple of its drivers who were suspected of violating the rule against drinking on the job. The detective carried a hidden camera in a lunch box and took pictures of the drivers in a cafe drinking beer. The drivers were fired.

Ever hear of a shoe company firing its employees because they wore shoes?

A sharp tongue and a weak mind are usually found in the same head.

Someone has made the very accurate observation that "An idle rumor seldom is."

The reason so few people ever reach the top is because no method has ever been devised so that a person can sit down and slide up hill.

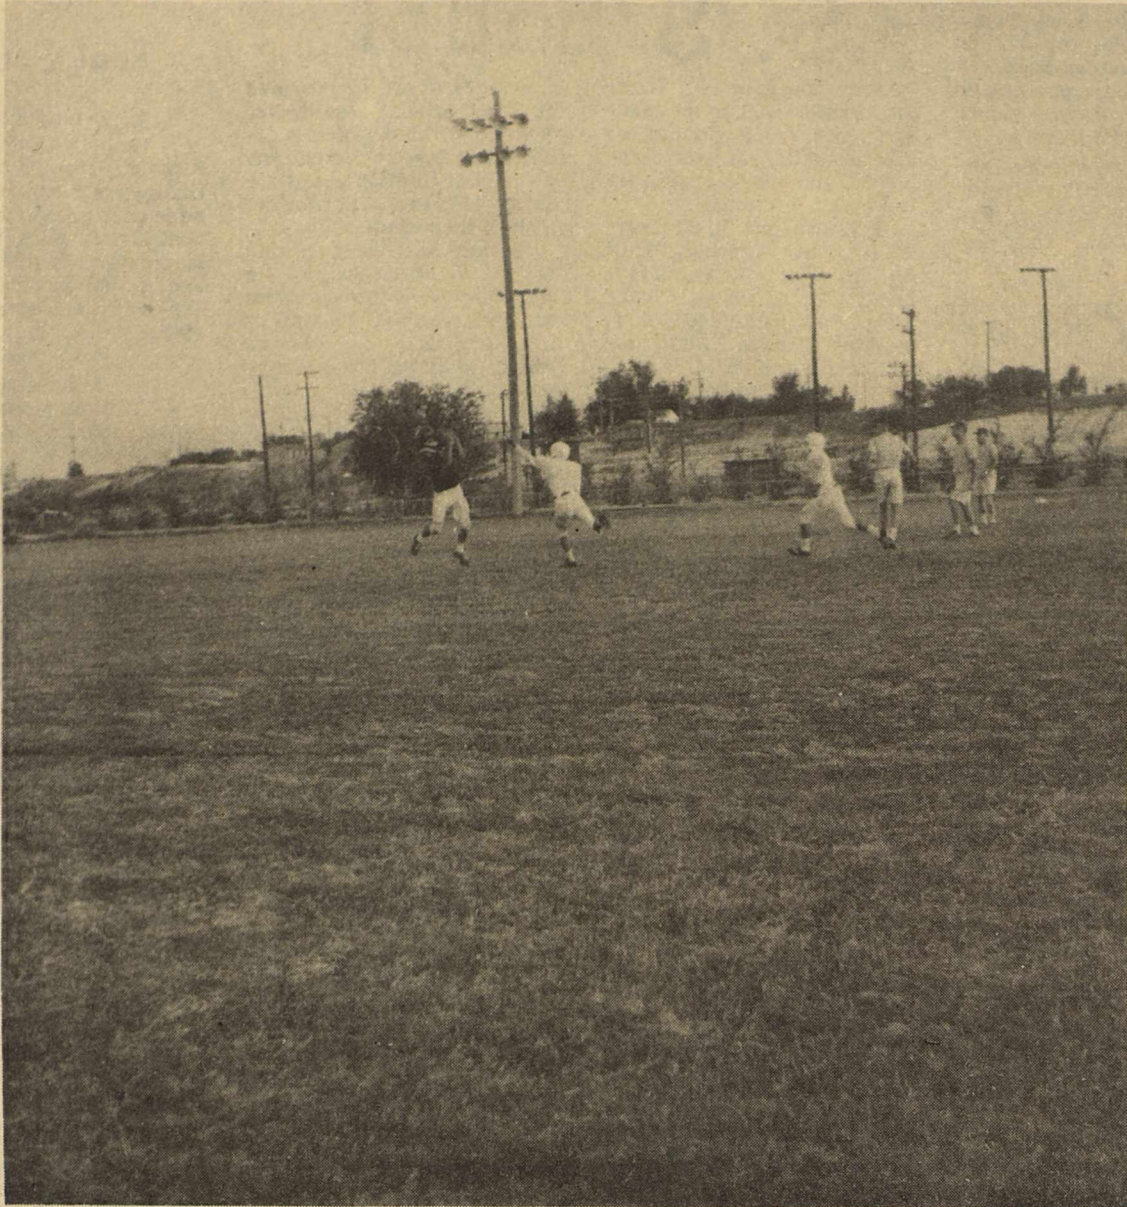

Some interesting comparisons have been making the rounds lately. Does history really repeat itself?

1. Both Abraham Lincoln and John F. Kennedy were very concerned with the civil rights issue.
2. Lincoln was elected in 1860; Kennedy in 1960.
3. Both were slain in the presence of their wives.
4. Their successors were each named Johnson, were Southerners, Democrats, and had previously served in the U. S. Senate.
5. Andrew Johnson, Lincoln's successor, was born in 1808; Lyndon Johnson, Kennedy's successor, was born in 1908.
6. John Wilkes Booth, killer of Lincoln, was born in 1839; Lee Harvey Oswald, killer of Kennedy, was born 1939.
7. Both Booth and Oswald were killed before their trial, and both were Southerners favoring unpopular causes.
8. Both Lincoln and Kennedy were slain on the same day of the week.
9. Both Mrs. Lincoln and Mrs. Kennedy had a child die while in the White House.
10. Lincoln's Secretary, whose name was Kennedy, advised him not to go to the theater; Kennedy's secretary, whose name was Lincoln, advised him not to go to Dallas.
11. Andrew Johnson was defeated for re-election in 1864; what will happen to Lyndon B. Johnson in 1964?

One of Plains' progressive merchants, Curry-Edwards Drug, in an effort to really attract the attention of local people, went all out in this issue of The Record. On page 6 of this issue they have a full two-color ad on which you can find some really fine buys. You can't possibly beat these specials, many at cost or below, by shopping Lubbock or anywhere else. The specials are really designed to save you money.

FARMERS UNION PREXY HERE

Farmers Union president, Jay Naman, will speak to the local farmers Union group here on Monday night at 8 p. m.

AND IT WAS GOOD FOR A TOUCHDOWN---A pass thrown by Jack Lowe to Jimmy Smith in the scrimmage, Monday night against Idalou.

Cowboys Look Good In Scrimmage

Plains Cowboys, is going to be a name to contend with this season. Fans, who have, for the past several days, been watching this season's football boys work out, are seeing one of the finest looking groups of boys to play the game here in many a day.

Even though district champ Seagraves is again picked to win the District 5-A crown, it would certainly seem to be advisable for Plains fans to be making their plans for the real good possibility of attending some play-off games.

The Idalou team, rated as second in the state, came to Plains on Monday, for a scrimmage with the Cowboys. Local fans turned out real well

for the fracas and they certainly were rewarded for being in attendance.

Taking series alternating between the two teams, both A and B squads of both groups, the series made up of 16 downs each, the Cowboys scored four times while, highly rated Idalou only managed to get 2 scores in the scrimmage.

The Cowboys seemed to look good in just about every department of both defense and offense. In one noticeable area, the passing attack of the Cowboys looked especially good, and should cause some opponents a lot of trouble this season.

Starting lineup of the Plains boys was one of the heaviest

to take the field in many a day, the line itself, averaging about 180 pounds.

Next Friday, September 4, will be Plains opening date for the season. They will open against a highly regarded Sudan Hornet team, that can boast eight regulars back from last year. The game, that is bound to be well attended by Plains, fans will be played in Cowboy Stadium starting at 8 p. m.

In summing up the Cowboys and their team this year, the team is composed of some real fine material, the quality of the coaching they are getting can't be beaten anywhere, but the magic ingredient is the real clincher this year, the Cowboys want to play real winning football, and that as a team.

District 5-A competition is going to be mighty rough for all comers this season.

BOOSTER CLUB

The Cowboy Booster Club will hold its first meeting for the season this Monday night at 8 p. m., in the American Legion Hall.

Assignments for men to take boys home who live in the country after afternoon prac-

tices will be handed out.

Prospects for next week's game will be discussed, coffee will be served, officers will be elected, and a motion picture which has been brought up to move the meeting night to Tuesday will be considered.

COMMISSIONERS

OK CO. PARK WELLS

In action taken this week by Yoakum County Commissioners' Court, Murphy Bros. Drilling Co., of Denver City, was hired to drill one water well, a 16" hole, at \$3 per

foot and to test two wells at \$50 for setting the pump, \$50 for pulling the pump, and at the rate of \$6.50 per hour for the actual pumping. Also, T. R. Nordyke of Plains was hired to drill a water well, 16" hole, at \$3 per foot and to furnish 14" casing at \$2.90 per foot for both wells.

These wells are to be drilled and tested on the land donated to the county by Mr. Gene Bennett of Denver City, for the purpose of the construction of a County Park.

Kinsey Shocked By Lightning

Bobby Kinsey, employee of Romain Telephone Co., was severely shocked yesterday when lightning hit a line on which he was working.

He was rushed to Denver City Hospital and after being examined thoroughly was found to be in good condition.

micronaire cotton. The largest area of low micronaire cotton is Texas, especially West Texas.

School Starts Monday

School for students of Plains schools officially starts Monday morning here.

According to Mr. G. D. Kennedy, Superintendent of

Plains Schools, the opening assembly program will be held in the school auditorium Monday morning at 8:45 a. m.

Kennedy stated further that

the public is invited and urged to attend these opening exercises as several explanations of the coming year's activities will be made.

Water District Meeting Set

It was announced today, a public hearing on proposed boundaries for a Yoakum Co. and area water district is set for 9 a. m. Wednesday, Sept. 2, at the Brownfield High Auditorium.

Texas Water Commission

which has delineated the proposed boundary for a water district to include Yoakum, Terry, Gaines, Dawson and parts of Lynn and Cochran Counties, called the meeting.

The Brownfield meeting is a preliminary move toward formation of a water district in this irrigation belt, for the purpose of water conservation.

It is the opinion of many that the only effective way of keeping this from happening is to form a water district that would have the powers, granted by the State of Texas, to control, to some extent, the uses to which our water supply is put.

Rough Riders Win Trophy

It was announced by rodeo officials in Denver City this past week that Plains Rough Riders, the local junior riding club, won first place in the junior division in the parade held last Thursday afternoon there which launched their big 25th Anniversary celebration.

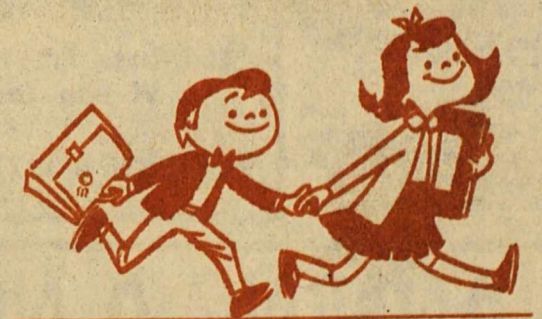

One reason for the stepped up activity in the move to form a water district here is the rumors which are currently running high and wide that several oil-flood projects are being planned by several different companies in the area.

Many area farmers have expressed the very real fear that if this comes about, the amount of water used in such projects would seriously lower the water table in our area.

Observations and objections will be heard at the Sept. 2 meeting, following which petitions will be circulated in the delineated area, 50 names must be secured, following which an election will be held in each of the counties to determine if that particular county will be a part of the proposed water district.

Many feel that the time of the November 2, General Election is a probable time for this election also.

KIDS EVERYWHERE!

GO SLOW... SCHOOL'S OPEN

Plan Back-To-School Dance

It was announced today that a "Back to School Dance" will be held at the Plains Youth Center here on Saturday night, August 29.

Music for the big event is to be furnished by the Twiliters.

It also was pointed out that dues for the Youth center for the coming year are due and payable on September 1. They have been set at \$3 for the entire year. Plains youth are asked to see the director at the Youth Center on Friday or Saturday night to pay dues.

FIRE DEPARTMENT ELECT NEW CHIEF

Plains Fire Department elected a new Fire Chief last week, following the resignation of Bill Hennington, who was transferred to Odessa by the company for which he worked. (It has since been learned that Hennington has resigned his job and is moving back to Plains where he is planning to purchase the local

Texaco Station presently owned by Slim Maynard.)

The new Fire Chief is Mr. Johnny James, owner of Alma's Restaurant.

In their regular meeting held last Monday evening, the firemen voted to sponsor the small concession stand, just being opened by Mrs. Brice, for a 2-1/2 percent of the net consideration.

Mahon Tells Of Drought Aid

A telegram was received this week from U. S. Representative George Mahon which stated:

"Farmers Home Administration official advise Yoakum County has been designated as eligible to receive emergency aid loans due to continued drought."

This designation followed close on the heels of permission which was granted last week for the local ASCS to permit emergency haying and grazing on soil bank and diverted crop land.

In connection with the aid loans, area farmers who are interested in them, should contact local FHA officials.

Rep. Mahon also advised this week that he was able to secure the full \$1 million for

the campaign in West Texas against the advance of the boll weevil in the agricultural appropriation bill which passed the House and Senate last week. Farmers have agreed to match the federal funds. The program was strongly supported by the Plains Cotton Growers, the area-wide Boll Weevil Committee, and other farm organizations.

The money bill is set to be signed by the President this week. In addition to the boll weevil money, it contains planning funds for the construction of five labs designed to explore ways of reducing the cost of U. S. cotton production, making it more competitive with synthetic fibers and foreign cotton. One of the laboratories will be at

Texas Tech or at the Experiment Station north of Lubbock.

The bill also included the full budget estimate of \$14,744,000 for the Great Plains Conservation Program which is important in this area.

Congress decided not to provide funds this year for the program announced by the Dept. of Agriculture to make the micronaire on cotton a determining factor in the amount of the support loan for cotton. Congress was dissatisfied with the way the matter was handled by the Dept. and decided to withhold action on the program this year.

Under the proposed micronaire system for the cotton loan, there would be a discount on low micronaire cotton and a premium on high

COVER CROPS---Are the order of the day with local farmers as they are getting their land in shape following a mighty dry year for the winds that are sure to come in the spring. See story on page 2.

Local Cheerleaders Finish School

Four Plains High School girls, Jerry Clem, Pam Parrott, Nancy Tippett and Brenda Hickman, returned home this week from Dallas.

The girls, all cheerleaders for the Cowboys this coming season, were attending the cheerleading school held annually on the campus of Southern Methodist University.

In other news from the cheerleaders, it was stated today that their will be a car wash this Saturday, and that it will be held this time at the local Shell Service Station.

It is to be held beginning at 7 a. m. and is set to last "until there are no more cars

left to wash."

Money gotten from the car wash, it was reported, will be used to help equip the B team cheerleaders. They are Shelia Sealy, Caroline Crutcher, Kathy Anderson and Pam Randolph.

Price for the washing of cars was set at \$1.75.

Cover Crops In Full Swing

YOAKUM SCD NEWS

The big and important job being done this week is planting cover crops. There is almost every kind of crop being planted such as wheat, oats, barley, rye, cane, sudan, millet and forage sorghum. Also these crops are being planted with airplane, fertilizer distributors, grain drills and regular row crop equipment. Area agronomist, Bill Miller was up this week

from Big Spring and he noted that local people were really in the business of trying to cover the land to protect it next spring.

Mrs. Paul Loe, J. M. Dearing, Robert White, W. B. White and Dorman Scott are just a few who are planting or have already planted cover crops and have a stand.

Dorman Scott and son Don (in Picture) have come up with a new idea in planting that looks real good. They are

using a dry fertilizer spreader and planting rye in 20" rows in their cotton ahead of the last watering. This, we think, will give a very good cover crop next spring.

One new conservation plan was written this week for Johnnie L. Fitzgerald and maps are on hand to write several others.

K. O. Hendricks, E. H. Frith and Bo Stephens report grass planting completed. Several good stands of grass are

reported on places planted earlier this year. H. O. Muston has a good stand of side-oats grama where he planted and watered.

Don't forget now is the last chance to rest that irrigated pasture, let it get tall, and develop a deep vigorous root system, and be ready to produce at top rate for you next year. If you can't rest it all, give a part of it a rest and then next year you can see for yourself.

Complete ASCS Ballot

According to W. M. Overton, local ASCS office manager, the ASCS Committee election ballot has been completed and the following are to appear on the ballot:

J. B. Ashburn, R. E. Bearden, J. M. Dearing, T. A. Elmore, Earl Kiser, Frank Long, R. A. Long, Henry May, Roy McGehee, J. T. Murphey, Dallas Powell, and William Worsham.

The election will be held by mail and ballots will be mailed on August 28 to all persons on the ASCS mailing list. To be eligible to be counted the voted ballots must be returned to the local ASCS office on or before September 19, 1964. Ballots received by mail and postmarked on or before September 10 will be counted.

Five persons will be elected and the one receiving the most votes will be chairman of the committee; the second man will be vice-chairman; third, regular member; and fourth and fifth, first and second alternates. The County Agent is a member of the Committee without a vote.

Each fall for many years, ASCS Committees have been elected by eligible voters in the county and according to the following persons have served on the Yoakum County Committee since 1948: Murphey Lun-a, W. L. Hibbits, C. L. Schmitz, Monroe Price, M. C. Duffey, Robert A. Long, Robert M. Jones, Howard Bolland, Tom Warren, T. A. Elmore, T. J. Murphey, R. E. Bearden, A. G. Brantley, Tom Barron, and R. M. McSwain.

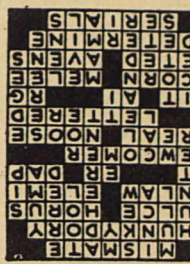

The office manager stated that the ASCS Committee has many responsibilities and that he has enjoyed working with all that have been elected since he has been here.

A wise investment

One woman takes her extra time And knits it into lace.

Another takes her extra time Embroideries to trace.

The lace may wear a year or two Perhaps go out of style.

The colors of embroideries fade In just a little while.

But she who twines her extra timee in lives of lad and lass.

Produces that which shall endure When time and tide shall pass.

Author Unknown.

The above poem reminds us a--someone was appearing in a union gain of the rewarding satisfaction suit they were ready for bed and that comes from having a partnot in court then you are too old in the lives of our young. These for the draft.

It gets harder and harder to neighbor. The nearer to our heartkeep cool, especially when you go the greater our responsibility to pay your bill for air conditioning, cast the right influence into their pattern of life.

Gossip is said to be letting the failure is the path of least persistence.

Failure is the path of least persistence.

Most share the wealth plans wind up with everyone sharing the poverty.

It gets harder and harder to neighbor. The nearer to our heartkeep cool, especially when you go the greater our responsibility to pay your bill for air conditioning, cast the right influence into their pattern of life.

Gossip is said to be letting the failure is the path of least persistence.

Failure is the path of least persistence.

Failure is the path of least persistence.

Failure is the path of least persistence.

Failure is the path of least persistence.

Failure is the path of least persistence.

REMOVE WARTS!

Amazing Compound Dissolves Common Warts Away Without Cutting or Burning

Doctors warn picking or scratching at warts may cause bleeding, spreading. Now amazing Compound W penetrates into warts, destroys their cells, actually melts warts away without cutting or burning. Painless, colorless Compound W, used as directed, removes common warts safely, effectively, leaves no ugly scars.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

Home Buying Tips...

LISTEN BEFORE YOU LEAP

SHOP

Hawkins Food Market

For Weekend Specials

**GOLD BOND STAMPS
DOUBLE ON WEDNESDAYS**

Before buying a new home, you'd be wise to listen as well as look.

Appearances aren't everything. The most stylish dwelling can be a real headache if it isn't built to control noise. Mounting noise of modern living is making sound conditioning a most important consideration in selecting a place to live.

W. A. Janssen, acoustical specialist for The Celotex Corporation, suggests the following checklist for home buyers:

- 1: If the bedroom area is located over the garage, stand in the bedroom and have someone operate the garage doors. If the door action is noisy, you can be sure it will be a serious disturbance to sleepers. The floor-ceiling between bedrooms and garage should include rated sound insulation board to reduce sound passage. Door action will be quieter if rollers are nylon, instead of steel.
- 2: Turn on kitchen appliances (dishwasher, garbage disposer, range fan, etc.). Add to this the normal level of a kitchen - clattering dishes, chattering children - and you can understand why the kitchen is often the most nerve-racking room in the house if it isn't sound conditioned. A ceiling of acoustical tile will ease this problem. The ceiling is the logical place to soak up extra sound waves and

reduce noise level within a room. New plastic coated tiles are recommended for the kitchen because of their high washability.

- 3: Leave the appliances on, close all kitchen doors and sit in the living room. This will tell you how much the kitchen activity will intrude in your living area. A sound conditioned wall between kitchen and living area, built with rated sound insulation board, will reduce sound passage. Solid core doors with gaskets for tight fits will also mute kitchen sounds.
 - 4: If the family room has a standard ceiling (usually gypsum board), it can well become a racket room. Hard surfaces reflect sound waves, building up noise to uncomfortable levels. This is double true in the family room, where television, radio, children's activities are often centered. As in the kitchen, the family room ceiling should be acoustical. Modern acoustical tile can absorb up to 70% of the sound striking its surface.
- Here are some other things that help to quiet a home: Thin plastic foam strips glued around door casings eliminate slam noises. Heating-air conditioning ducts lined with 1/2-in. glass wool muffle noise transmitted from the power unit. Special

valve, ball and lever assembly in a toilet water closet reduces flushing noise. Air cushion devices installed on water lines quiet the sound of flowing water and eliminate hammering noises when the faucet is abruptly turned off.

Sometimes the simplest combination of ingredients makes the most delicious eating as in this easy sandwich. Spread enriched hamburger buns with pasteurized processed cream cheese spread with pimiento and olives. Top the cheese with lettuce and crumbled cooked bacon and thinly sliced tomato.

YOU CAN GET RELIEF FROM HEADACHE PAIN

STANBACK gives you FAST relief from pains of headache, neuralgia, neuritis, and minor cases of arthritis, rheumatism. Because STANBACK contains several medically approved and prescribed ingredients for fast relief, you can take STANBACK with confidence. Satisfaction guaranteed!

Test STANBACK against any preparation you've ever used.

STANBACK POWDER

10¢ 25¢ 69¢ 98¢

Make "treasure chest" sandwiches for lunchboxes or backyard picnics. Cut a slice from the top of a long unsliced hot dog bun. Scoop out the center of the bottom half of the bun, leaving walls and bottom about 1/2-inch thick. Heap with filling, then cap with the top half of the bun and wrap.

For packed lunches to be eaten while traveling in the car, wrap small finger sandwiches in plastic wrap or aluminum foil. The small sandwiches are easier for both children and grown-ups to manage. Tuck a paper napkin around each wrapped sandwich. Then the napkin will be "on hand" when needed.

STAY AWAKE ITCHING?

Let doctor's formula stop it. Zemo speeds soothing relief to externally caused itching of eczema, minor rashes, skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs, aids healing. "De-itch" skin with Zemo, liquid or ointment. Quick relief, or your money back!

CELEBRATE 59th WEDDING ANNIVERSARY
Mr. and Mrs. Jessie Jay Lee are originally from Kermit and were married August 24, 1905 in Mason, Texas. They are both 79 years of age. Mrs. Lee has been in the Plains Convalescent Home since June 15 and Mr. Lee was admitted only recently.

GOOD-HEARTED HOBBY
In New England, a senior citizen group of 11,000,000 needy persons in 39 countries will receive CARE self-help funds to raise money for medical assistance, as makes a hobby of raising funds to gifts from Americans. To provide help the world's needy people. She this aid, which supplements lectures at club meetings, describes CARE food programs, requires her trips abroad, then donates \$7,000,000 in contributions — her fees to CARE—over \$18,000 roughly, \$5 for every 8 persons in the past 5 years.

PERSONAL FOREIGN AID

During 1964, an estimated 11,000,000 needy persons in 39 countries will receive CARE self-help funds to raise money for medical assistance, as makes a hobby of raising funds to gifts from Americans. To provide help the world's needy people. She this aid, which supplements lectures at club meetings, describes CARE food programs, requires her trips abroad, then donates \$7,000,000 in contributions — her fees to CARE—over \$18,000 roughly, \$5 for every 8 persons in the past 5 years.

Entomology Short Course Successful

The entomology short course offered here last week by Mr. Pat Henry of the Texas Education agency and under the sponsorship of the Plains Young Farmer group was reported as being successful.

Some of the members in attendance expressed that they felt it was quite educational as well as beneficial. The main topic discussed was the control of cotton insects.

Those in attendance, according to Mr. Larry Lehmburg, local Vo - Ag teacher, were Jim Barron, Tom Barron, Mark Barron, Melton Capps, Joe Cobb, Jerome Head, Roy McGeehee, Harry Richardson, Charles Roseberry, and Kent Welch.

Stork Stops

Mr. and Mrs. Eldridge Tidwell of Tatum are the proud parents of a son born August 24, at 11:32 p. m. The young man weighed 7 pounds, 10-1/4 ounces and has been named Edward Rhealea. His grandparents are Mr. and Mrs. Ira Tidwell.

So You Think You Know Politics!

Frank McGee, noted NBC News commentator covering both conventions and elections for Gulf Oil Corporation, gives pictorial quiz based on material culled from famed "America Goes To The Polls" collection exhibit in Hartford, Connecticut.

Becomes NRA Instructor

Gene Young of Plains, has been appointed a Home Firearms Safety Instructor, it was announced today by the National Rifle Association, sponsor of a new course designed to help reduce shooting accidents in the home.

The NRA course promotes safety among those who normally do not use firearms for recreation but have them in their home. It emphasizes the recognition of unsafe practices and points out how to correct them.

IT TAKES HUNDREDS OF NUTS TO HOLD A CAR TOGETHER - AND ONLY ONE TO SCATTER IT ALL OVER THE ROAD

1. Who made the brown derby famous?
2. What was this device, made in likeness of ballot box, used for in latter half of 19th century?
3. In what period of American political history was this paper lantern used?
4. Who are two outstanding past presidents pictured behind McGee?
5. Who will win 45th Election for Presidency of United States?

ANSWERS

1. Al Smith, defeated Democratic candidate in 1928.
2. It was a marching torch for a political rally.
3. In Lincoln period and it read, "Union Forever."
4. William Howard Taft, Republican (1908-1912); Woodrow Wilson, Democrat (1912 - 1916 and 1916-1920).
5. Watch NBC's television and radio coverage of the 1964 political story for the answer here.
