## VOCATIONAL PLANS SET

### CORDELL HUDDLESTON

#### named bank cashier

Cordell Huddleston has been named Cashier at the Plains State Bank, said Bill Loyd, President, this week.

Huddleston will be in charge of most of the detail operation and will be eventually worked into loans, the President said.

Corky was named cashier by the Board of Directors at their meeting last week. He assumed the duties the 10th of March. Huddleston was named Cashier after the resignation of Johnnie Brown, who accepted a position with the bank in Crosbyton.

He has been employed at bank since 1958 and has been in the bookkeeping department.

Mrs. Cordell Huddleston is the former Linda Fitzgerald. She is employed at Viva's Beauty Shop.

The South Plains Bankers' convention is scheduled to be in Lubbock next month and Mr. and Mrs. Bill Loyd and Mr. and Mrs. Huddleston plan to attend.

Bank President Loyd said that it is important to get the real story of banking over to the public and that the National Banking Association has sent him some good material which explains the services and functions of sound banking. This is being done due to the fact that there have been some bank failures in other areas of the country recently. This makes it important for the local people to realize that they have a sound bank in their community. The data shows how secure investments and deposits are in an insured bank. Depositors are assured that the Plains State Bank carries maximum insurance, to protect their customers to the fullest extent.

### Legion Plans Party

Members of the American Legion meet tonight to celebrate the birthday of the organization. The time will be at 7:30 p. m. and the place will be the post home.

The Legion was founded in 1919 in Paris France and is the largest Veteran's organization in the United States with a membership of nearly three million.

Some of the major goals of the Legion are Americanism, Rehabilitation, Child-welfare, and especially the youth programs.

Some of the more important youth programs are Boys State, American Legion Baseball, the Oratorical Contest, and Scouting.

In the preamble to the Constitution of The American Legion, the organization states its goals, being, "For God and Country we associate ourselves together. . ."

Commander Dick McGinty extends an invitation to all veterans in the community to attend the birthday party tonight. The local post is in the middle of its membership drive and Commander McGinty will be happy to collect the dues or they can be paid at the office of The Plains Record.

### fire chief says

Fire Chief Johnnie James reported that the local fire department will burn off any vacant lots if the owners will call the City Hall or call him.

He reported that there were no fires in Plains this week. They had their regular fire practice Monday night. They burned off two vacant lots and conducted a short business meeting. During the business meeting Foy Streetman was voted off the department due to him recently moving to Fritch, Texas. Our local fire department has lost a valuable member and we hated to see him leave, reported Chief James.

### Canine Owners Warning

New two inch water lines will be installed in the old part of town to replace the 3/4 inch ones now in use, said Bob Long, City Secretary this week.

Long said the project will not be completed all at once, but that he is hopeful that the work will be done by early summer. The Secretary said that the need is pressing because when outside watering is done that the 3/4 inch lines will not do the job.

The Record editor asked Long about present dog ordinances which are on the books. Long stated that the ordinances require the animals to be tagged and to be vaccinated. He stated that City Officials are aware of the present problems caused by canines which are allowed to run loose.

He reported that a group of dogs are turning over trash barrels every night and that the city has gone out of their way to clean the allies and that the animals are getting to be very destructive.

Long said that something will have to be done right away to correct this situation if the owners don't do it themselves. The City Secretary expressed fear that the dog packs would destroy ranch and farm animals if permitted to continue to run wild. He also expressed the concern that it is dangerous for children to play outdoors when dog packs are around.

When asked if the dog ordinances would be enforced, Long answered that the City plans to enforce the laws and that many of the dogs will have to be destroyed if the owners do not comply with the law.

City Officials plan to have a veterinarian in town in early spring to give the proper shots to the dogs in Plains, and that he urges the public to cooperate and see that their animals receive their shots. Long stated that he will announce it in plenty of time so that the residents can make arrangements to have their dogs there to receive the vaccines.

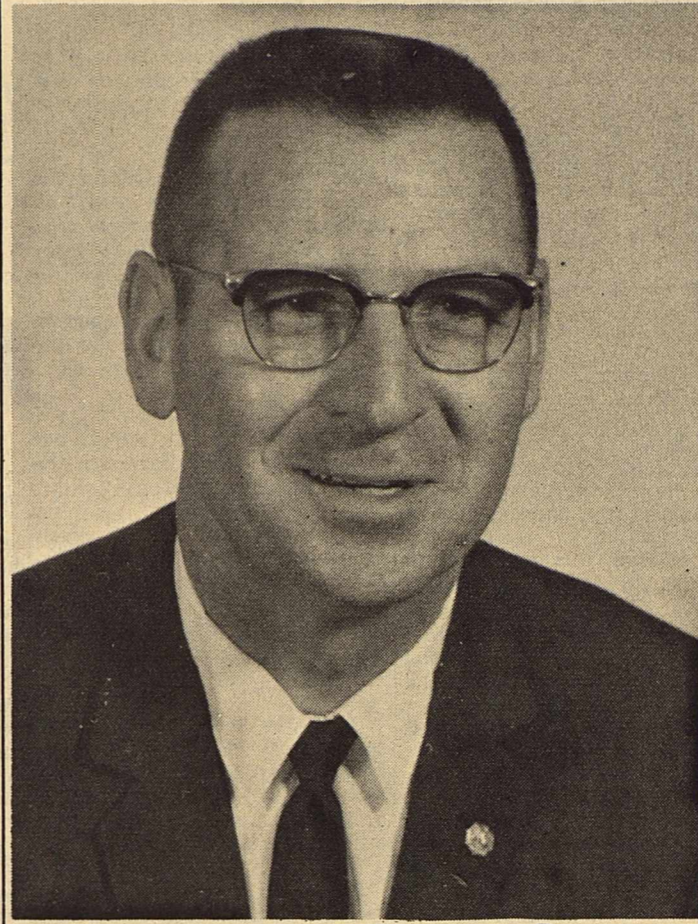

The City Secretary urged all dog owners to cooperate and stop their animals from running loose. He also requested that the owners register their animals for their own protection.

At the last City Council meeting, the Aldermen read the minutes and approved the payment of some bills.

When asked if the County had done anything about paying the recent reported gas error, Long said that the City and County were still checking the situation and getting all of the facts possible concerning the matter.

Superintendent of Schools G. D. Kennedy reported that the Board had voted to pay the bill owed the city, which amounted to more than \$10,000.00. Arrangements have been made to pay it over a two year period for budget reasons, Mr. Kennedy said.

### county court

County Court records this week show the conviction of and the sentencing of three men by Judge Duval.

Jose Gonzales Valverde pleaded guilty to a charge of transportation of liquor. He drew a \$150.00 fine plus court costs. His time had already been spent in jail and was credited to the payment of the fine. No address was available for the violator.

Judge Duval sentenced Willie Lane to ten days for a worthless check charge. The check was in the amount of \$10.00.

Allen Demos was convicted on four counts of illegal sale of liquor and was fined on all four counts for a total of \$400.00, or four months in jail. He is serving the time in the county jail.

### Roping Club

The Roping Club of Plains plans to meet March 22 at 8:00 p. m. in the new Court House announced Gene Phillips, president of the club.

Phillips urged all members and interested people to attend the meeting since important business would be conducted. He stated that the annual election of officers will be conducted at this date and urged all members to attend.

Other business which will be conducted is plans will be made for the rodeo next summer.

The Roping Club prexy also issued an invitation to anyone who is interested in roping to come to the meeting.

An organizational meeting for a joint committee to be formed for a ten county area to study the need of extended educational opportunities for the economically disadvantaged young people and adults of the area is slated in Andrews tonight. G. D. Kennedy is acting as local chairman and has asked representatives from Educational, Health, Welfare, Business, Law Enforcement, Churches, and low income categories to attend.

Mr. Kennedy said that many varied projects can be planned and executed by the group after a Non Profit Corporation is formed. These could include an area vocational school for training of students who have such a need; an increased training program for non English speaking citizens; and vocational training for adults or re-training of those who have become unemployable due to automation or technological change in jobs for which they were first trained.

The plan would be under the provisions of The Economic Opportunity Act of 1964, Title II.

The proposed area would include Yoakum, Gaines, Dawson, Andrews, Martin, Midland, Ector, Crane, and Winkler counties in Texas, and Lea county in New Mexico, which would meet the population needs.

When asked if he was in favor of a Junior College for Yoakum County, Mr. Kennedy said that in his opinion the county would need a population much larger than we have to justify one, and that only about thirty seniors graduate from Plains and the total High School graduates in the county would be less than a hundred. He further stated that the money which would be required of local citizens to support a Junior College could be better spent in our own public education program, particular in the field of vocational training.

#### DON MELTON MOVES HERE

Sid Wade, owner of Plains Frozen Foods, has hired a new butcher, who has started to work and has moved his family to Plains.

Don Melton, who moved here from Brownfield last week, has assumed his duties in Wade's store. He is married and has three children.

Wade said that Melton worked at Brownfield Packing Company for 14 years and has been a butcher for 22 years. The owner of the store issued an invitation for the public to come by and meet Mr. Melton.

### Miles Speaks Here

Dr. Ivan Miles, one of the foremost authorities on soil testing and fertilizer uses, and soil fertilizer efficiency of different crops, spoke to the Yoakum County Young Farmers organization Tuesday morning at a breakfast at Alma's Cafe.

Dr. Miles is considered to be one of the worlds foremost authorities on the subjects of soil testing and fertilizer uses. He had presented a program in Lubbock before coming to Plains.

Dr. Miles helped pioneer the above mentioned fields and is a former University Professor. He is from Oxford, Mississippi, and has offices in Little Rock, Arkansas. The soil expert travels worldwide, and lectures on related subjects of soil and farm management and fertilizer uses.

He is the chief agronomist for Olin Mathieson Chemical Company and is representing his company on the trips. The speaker appeared through the courtesy of E. O. Wimby and Olin Chemical Company.

A large crowd was in attendance and guests included Bill Loyd, president of the Plains State Bank, Bill Overton, A. S. C. Office Manager, Murrell Thompson and Wilson Duke from the S. C. D., and local business men.

After the lecture, Dr. Miles conducted a question and answer period which proved to be very beneficial to the farmers.

The local president of the Young Farmers Organization is Roy McGhee.

### sylvia mcginty

Sylvia McGinty, daughter of Mr. and Mrs. Dick McGinty took her prize calf to Lubbock for competition.

She showed her animal this past week-end at the fair in Lubbock. The weigh ins were Sunday, and the judging was later in the week.

Miss McGinty is a senior at Plains High School and is active in most school activities, the latest being cast in the Senior Play.

### After 43 Years Hunt Plans His Retirement

Earl Hunt will put his text books away for the last time at the end of this school semester and take a deserved rest for the first time in the past 43 years. Generations of youngsters have learned math from the devoted teacher. His

superintendent, G. D. Kennedy says that Mr. Hunt is the most dedicated man to his profession and to the boys and girls whom he has taught that I have ever seen.

Mr. Hunt has been a teacher since 1922, and served most of

his time in Hill County Texas. He and his wife came to Plains to teach four years ago. Mrs. Hunt has taught for 34 years and the couple's seniority added together reaches a total of 77 years. This is a long time in anybody's books. Some of their students are now grandparents.

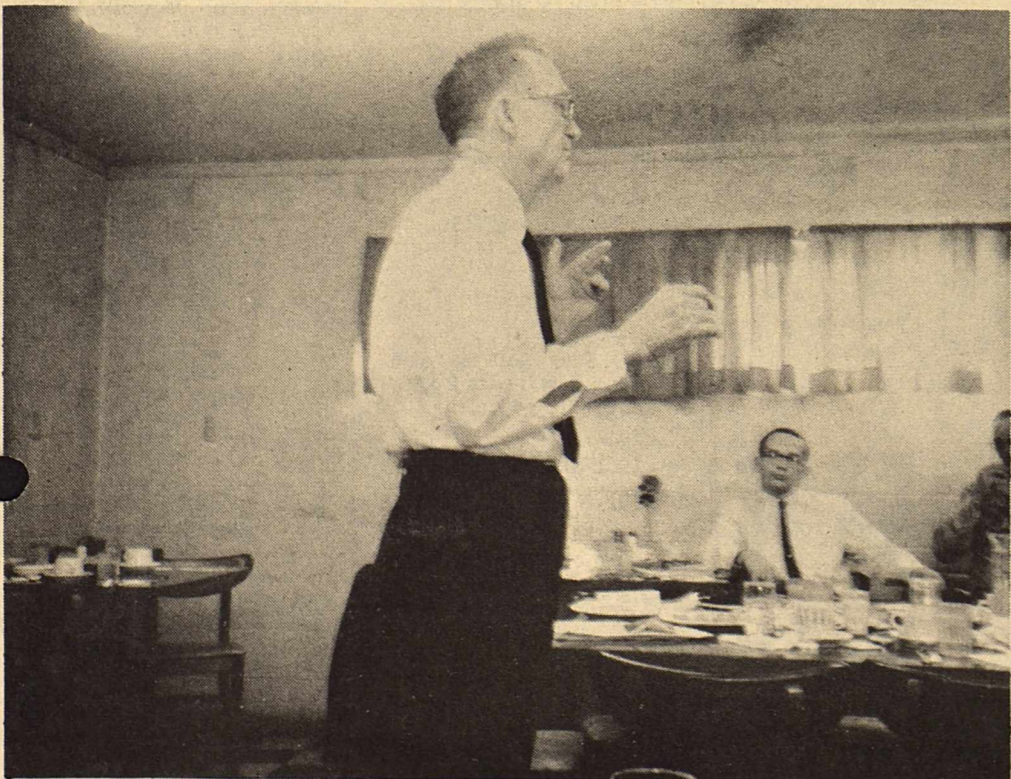

The dedicated teacher is a veteran of World War II, having served in the U. S. Navy.

Hunt received his B. S. degree from North Texas State and his Master's Degree from Texas Christian University.

Mrs. Hunt says that she is not ready to retire and will continue to teach in the Plains schools. She teaches the second grade.

Mr. Hunt intends to keep active and will undertake some form of business venture. He plans to take a vacation to the East coast when school is out to visit his daughters. One daughter lives in Maryland and the other in North Carolina.

One thing is certain, and that is that Mr. Hunt has many students who will always remember their beloved teacher, even if they do forget some of the math that was so diligently put into their minds. All of Mr. Hunt's many students and friends wish him well and pray that the Good Lord shall always shower him with His richest blessings.

Dr. Ivan Miles speaks to the Young Farmers Organization.

Mr. and Mrs. Earl Hunt have a combined total of 77 teaching years. Earl plans retirement.

H. J. R. 6, the constitutional amendment which states that "Equality under the law shall not be denied or abridged because of sex" has failed to receive the necessary 100 votes for final passage in the House of Representatives.

Regarding money matters, the Senate has produced its version of the state budget and calls for \$3.65 billion, including \$617 million from the general revenue fund.

Senate debate on the bill is to come next week. If the measure is rejected by the House, it will go to a conference committee for six weeks to compromise existing differences.

To help finance the state's programs for state parks, recreation, and tourism, a bill has been introduced in the House providing for "personalized" car license plates.

The measure was defeated on Third Reading by a vote of 91 to 25.

With the battle over "equal legal rights" temporarily subsided, the Texas Business and Professional Women's Clubs and the State Bar of Texas have joined forces to seek repeal of Texas's double-standard divorce law.

A bill endorsed by the Texas Municipal League will be in floor debate in the House Monday.

### Vows Exchanged

Mrs. Anne Green and J. S. Wagley were quietly married in the bride's home in Plains, on Saturday March 6th, 1965 at 5:00 p. m., with members of the families and a few close friends attending.

The bride, wearing a three piece suit of pink and white crepe, with matching shoes and hat, and a gardenia corsage, was given in marriage by her sons Wilton and Bob Green. Her daughter Mrs. Tom Box was matron of honor. Joe Wagley attended his father as best man. Rev. Walter Driver, pastor of the First Methodist Church officiated. Appropriate music was played during the ceremony.

For something old the bride wore a sterling silver bracelet, something new was her wedding ensemble, something bo-

rowed was a pearl necklace belonging to Mrs. Jones, a sister to the bride, the blue was her garter, and she had a new penny in her shoe.

Following the ceremony, a reception was held in the home with the bride's daughters-in-law, Mrs. Bob Green and Mrs. Wilton Green, presiding. The colors of pink and white were carried out in the table appointments, with wedding cake and coffee being served.

Following a trip of a week or ten days, Mr. and Mrs. Wagley will be at home in Plains, where Mr. Wagley has rental properties and an automotive repair shop. Mrs. Wagley will continue to operate her beauty shop for a short time until other arrangements for it can be made.

### WELCOME TEACHER!

G. D. Kennedy, Superintendent of Schools announced this week that an additional first grade will be started Monday. The school administrator stated that Mrs. Grace Tippett has been employed to be the teacher.

Mrs. Tippett has eleven years teaching experience, having taught in Missouri and Rankin, Texas.

The need for the new grade has been caused by people connected with irrigation coming to Plains and other parts of the school district.

### Just Thinking

Mary Faulkner Payne

Modern girls are smarter than some men think. One of the girls in this area was dating a well known 'wolf' one night and on their return home from a party the car stopped suddenly in a dark lane.

"Out of gas," the young man said. The girl pulled out a flask from her handbag.

"Wow," he said. "What's that? Burbon?"

"No," she told him, "Gasoline."

Did you know that about half of the adults in this country weigh more than they should?

This makes one out of every two persons overweight. Perhaps one reason we are more conscious of our weight nowadays is because of current fashion trends. . . . the long slender look. . . . but also because it's widely believed that we live longer if we are the proper weight.

No matter what a lot of persons use for an excuse, overweight is primarily caused by excessive eating.

Nobody likes the "battle of the bulges," and losing weight without sacrificing the food elements necessary to good health is the most important aspect of taking off those extra pounds.

And I would like to stress the last thought, that one MUST eat foods that rebuild tissues and keep the body toned.

The best way to lose weight would be to obtain a good diet from your doctor. Fads just won't do the job properly and when we don't eat and go on a starvation diet, we are bound to suffer ill effects in one way or another.

But do remember it isn't the minutes you spend at the table - that does the damage - it's the "seconds."

### Cotton Fashion Show

An all cotton fashion show, featuring 1965 fabrics and patterns for round-the-clock wear, will be presented by 4 - H Club girls, March 26, 1965 at 7:30 p. m. in the Activity Room in Plains School.

The "Cavalcade of Cottons" collection is a loan service offered by the National Cotton Council and McCall's Patterns to emphasize the versatility of home sewing. It represents the season's trends in color, fabric and silhouette. Cottons and patterns are generally available at local department stores.

The wardrobe includes casual clothes, tailored suits and coats, late-day dresses and children's costumes.

Plans for the show are announced by Mrs. Joe H. Thompson, County Home Demonstration Agent. The commentator will be Mrs. Johnnie Fitzgerald and models will include 4 - H Club girls.

### C.Y.F. Tsa Mo Go

The Christian Women Fellowship group of the First Christian Church, meet last Tuesday morning at 9:30 in the home of Mrs. Dickie Green.

A study of our missions in Africa was given by Mrs. Johnnie Moore. Worship was given by Mrs. Roy Edwards.

Those answering roll call were: Mrs. M. McGinty, Mrs. Ruth O'Neal, Mrs. John Anderson, Mrs. Roy Edwards, Mrs. Gene Phillips, Mrs. Johnnie Moore and the hostess.

The group plans to meet this week and do some cleaning at the church.

Tsa Mo Go meets March 22nd, 1965 in the High School Auditorium.

The High School Speech Class is to present the play for the Tsa Mo Go Club members and their guests.

The play that is to be presented will be "The Doctor in Spite of Himself" by Moliere. Moliere was a French playwright of the 1600's. He wrote some of the greatest satires in the history of the theater. He is often compared with William Shakespeare in his ability to combine humor with sadness. The play will be directed by Mr. Roger A. Lawton.

### CARDS OF THANKS

I would like to thank my many friends for the lovely flowers, gifts, cards, phone calls, visits, prayers, and for all the other kindness shown me during my recent illness and stay in the Yoakum County Hospital.

May God bless each of you, Mabel Camp

### DIRT GARDNERS

The Plains Dirt Gardeners Club will meet Thursday night March 18th in the Clubroom of the Old Courthouse for the regular monthly meeting.

The program, with Mrs. Foy Cogburn as Director, is entitled "The Challenge of Pesticides and Fertilizers". The event features the Club's Annual Salad Supper with husbands as special guests.

Mrs. J. M. Tippett, Mrs. Robert Chambliss and Mrs. Sallie Forrest will serve as hostesses.

### Public Education

Public Education will be the clubs theme for the meeting. The title of the subject is "Knowledge Comes but Wisdom Lingers".

Roll call will be answered with favorite works of literature. Mrs. J. W. Moore will direct the program.

Hostesses for the evening will be Mrs. St. Romain and Mrs. Swann.

Rev. Jim Bozeman visits with Brother Calvin Beach and Brother Dale Coody

### CHURCH NEWS

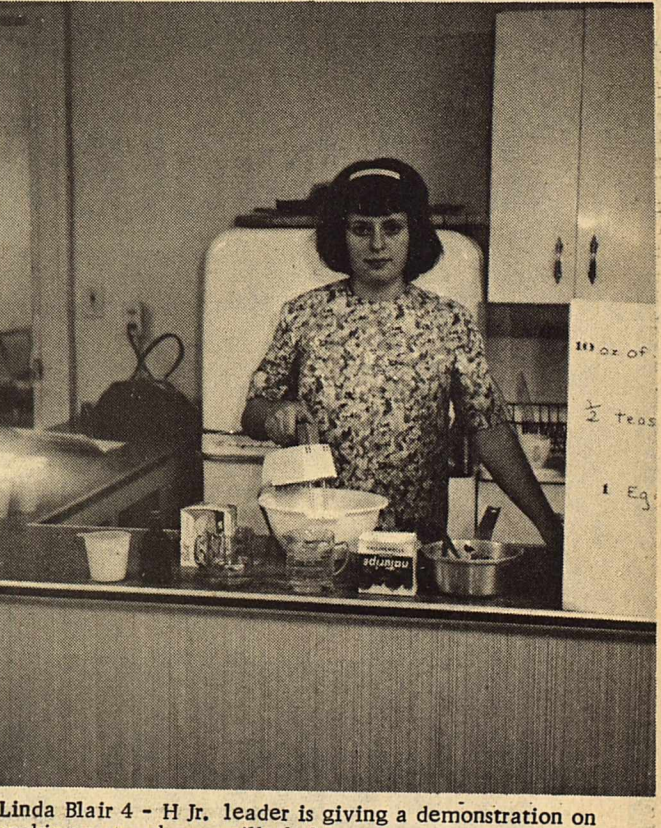

Revival, according to Merriam - Webster means restoration, renewed attention to something; Revival of religion is renewed interest in religion, after indifference and decline; a period of religious awakening (2) an evangelistic meeting or a series of meetings.

We are experiencing revival at First Baptist. Our people are renewing their interest in the vital things of life. We have a fine evangelistic team to lead us in this revival meeting. Brother Calvin Beach, Lazbuddie, Texas, who is a former member here is our preacher. This young man is an enthusiastic preacher. A Bible believing and practicing pastor. His warm hearted messages will inspire you to serve the Lord.

Dale Coody, Lawton, Oklahoma, a full time evangelistic singer is directing the music for our revival. You will be truly blessed by the choir and solo music. Dale has a record "Heaven Came Down" which has twelve hymns both new and old favorite evangelistic songs of the church. This is the type of singing we are having in our services daily at 10:00 A. M. and 8:00 P. M.

We cordially invite you to attend the remaining services of this vital meeting.

# COUNTY FOOD SHOW JUDGING STARTS FRIDAY NIGHT

1st Row - Mrs. Dickie Green, Leader, Sonja Hill, Gwen Fitzgerald, Stephenia Gree, Karen Hale, Jimidene Murphey, Janna Flood. 2nd Row - Elaine Todd, Sherry Kerrick, Debbie Chadwick, Lillie Sue Nelms, not present.

Friday, March 19th at 7:30 p.m. will climax the County's 4 - H Food and Nutrition project. Sixty girls in the county are enrolled in 15 subject matter groups. Each group meets with an adult leader to study nutrition and table service. They plan, prepare, and serve the food they cook. Sometimes entire meals are prepared and served. They learn that from the four food groups food can be selected wisely which contributes to good health. Most foods contain more than one nutrient, but no single food contains all the nutrients in the amounts needed. Therefore, proper nutrients can be had in the amounts needed when foods are chosen wisely.

Each girl will exhibit food which she has prepared from one of the four food groups: Bread and Cereal, Milk, Fruits and Vegetables, or Meat. She will prepare her table with a

a centerpiece suitable to a small table and have the correct table service used in serving the meal in which her prepared food is to be used. Each girl will be judged according to her knowledge of nutrition, her table service, flavor of food prepared, menu and recipe as well as the attractiveness of her table.

Much credit is given to adult leaders who have given valuable time in working with these girls. They are:

## how to make a

## do DOUBLE duty...for YOU

FIRST duty of your dollar is to buy the best value in whatever you spend it for. On this score, you can't do better than in your hometown stores, whose prices are never higher (and often less) than elsewhere. Furthermore, you haven't seen the last of the dollar that you spend at home. That's where the SECOND duty comes in! Part of your dollar keeps right on working for you AFTER you spend it... helps to pay the taxes and provide the contributions that maintain the community services that make this a better place to live for you and yours.

**COWGIRLS WIN**

The Cowgirls Volleyball team of Plains High School traveled to Big Spring for a three day tournament recently. At 10:00 Friday morning they played Pampa, a 4 - A school, and beat them 15 - 3 and 15 - 4.

Friday afternoon at 6:30 the Cowgirls played Abilene, also a 4 - A school, and the girls beat them 15 - 2, and 16 - 14. Saturday at 1:30 Plains played Big Spring, a 4 - A school, and beat them 15 - 8 and they won the other two games 15 - 9 and 15 - 8. At 7:00 Saturday Plains met Lamesa, a 3 - A school, and beat them 15 - 10 and 15 - 9. Plains won third place in this tournament.

Brenda Blair and Sarah Field were chosen on the All - Tournament Teams. Also, Sarah Field was chosen the Big Spring Volleyball Queen for her second year. She was chosen by judges who considered her to be the outstanding player and also for many personal characteristics. "She really deserved it", was the comment of the other teams.

The "A" Team consists of the following girls:  
Sarah Field Senior spike  
Jana Warren Senior set-up  
Sylvia McGinty Senior set-up  
Brenda Blair Senior set-up  
Shirley Liles Junior set-up  
Janie Koncoba Junior spike  
Carolyn Crutcher Sophomore set-up

Kathy Anderson- freshman spike  
Janie Hamm Freshman set-up  
Debbie Hompson Freshman spike

The Cowgirls will play Denver City at Denver City next Thursday at 6:30. Both A and B teams will participate. The girls say they would certainly appreciate a lot of local support.

**science news**

Virgil Wade, local High School science teacher released the names of three of his students who will participate in the interscholastic league science contest soon. The students are Joe Don Coker, Charlene Upton, and Bobbie Taylor.

Wade stated that contestants from Plains have won many honors in past years, taking regional and state awards, and that he is very hopeful that the schools representatives will go all the way this year.

The test will cover 50 objective-type questions and the students have made preparation by reading from many issues of Scientific American, and American Scientist. Both are periodicals published for scientists.

The youths have also studied college text books on physics, biology, and chemistry.

Wade said that he believes that his students will be ready and that they will have a good chance of winning district honors.

# green has erosion check

Members of the Farmers Union kick off drive to get new members. Standing from left to right are William Worsham, Q. Johnson, and Carl Lowrey, seated are B. F. Lowrey, Snake Smith, and Jim Cooke.

You might think that with the dry weather and other problems confronting the farmers and ranchers, conservation of soil and water would take a backseat but such is not the case.

This last week at the regular monthly meeting of the Yoakum S. C. D. the board approved the largest number of new conservation plans in a long time. They included J. C. Labenski, 80 acres; J. B. Ashburn, 640 acres; James Warren, 160 acres; Roy Edwards, 640 acres; W. C. Patman, 80 acres; Duff Taunton, 320 acres; Darwin B. Hobbs, 240 acres; Tom Warren, 640 acres; E. W. New, 985 acres; Dr. Don Kennedy, 160 acres; Smith Bro., 640 acres.

There were two new Great Plains contracts. They were James E. Bearden, 53 acres and T. J. Brearden, 160 acres. These were reviewed and approved.

That kind of takes care of the paper work but to list a few farms where field work is going on like crop residue ma-

agement and supplemental tillage to help hold the soil are: J. D. Jones farm West of Denver City, J. C. Futch, Jr. operator, Darcus J. Moore farm, Alex Cross, operator, Richard Meil on his place and Richard Meil, Jr. on the Combs farm, also E. L. Nicholson, Charles Trout, and Wallace Randolph are all doing a very good job of holding their soil and moisture this way.

Reorganization of irrigation systems by installing under ground pipe and making needed changes in the sprinkler

systems is going along real well. Mack Wilmeth on the place he purchased from Jack Stegall, the C. O. Head farm operated by Jerome Head, Sam Strong farm, operated by V. L. Duncan, R. G. Hartman and J. P. White, Sr.

Aerial photo's and soils maps were received on which to work out conservation plans on the J. M. Deering, Kenneth Engle, Mrs. Ray C. Mowrey, C. O. Head, and R. J. Van-Liew farms.

President I. L. "Snake" Smith stated that the drive got off to a fast start and that it would continue for the next few days. The Farmers Union President also announced that if anyone desires membership or information that he would be happy to help them.

Fifty per cent of the farmers in the County are members of the organization and members are hopeful the drive will surpass this figure.

## GUEST EDITORIAL

Dear Yoakum County Friends:

This is an open letter to you, the citizens of Yoakum County, on a subject which seems to be somewhat nebulous. Much interest seems to have generated regarding the prospects of the Enabling Act set forth in House Bill Number 303 which would, if passed by both the House and Senate, give the taxpayers of Yoakum County the opportunity to establish a junior college in the county. The decision of such establishment would be based on two primary factors:

- 1 Approval by the State Board of Education, and
- 2 Approval by the citizens of Yoakum County through a special election.

As your state representative, I want to make my position in this matter quite clear. I came to Austin to represent your majority viewpoint. I am not here to push anything down your throats or to keep you from getting that which you might desire. Due to my conversations and visits with Yoakum County citizens, I felt that you, as a majority, wanted me to push for this special legislation which would enable you to decide for yourselves if you wanted to set up a junior college in Yoakum County. The matter has been proposed from those who wanted this legislation enacted into law. But in talking with the editor of The Plains Record, Mr. Harry Cayce, I learned that the issue is controversial in Yoakum County. Most issues are controversial, but this issue enables you to enact or defeat a measure on your own home grounds. Without the passage of the Enabling Act, you are not given this opportunity.

In the March 11 edition of the Record, an editorial states that after examination of the college controversy, it goes on record as opposing the Enabling Act and urges the citizens to contact our State Senator to defeat the measure. No one in Yoakum County has voiced opposition to me; yet, an editorial appears urging defeat of a measure which through every prior indication showed strong support of the measure. Had it not been for these indications, the Enabling Act would never have been introduced in the first place.

The editorial states that "with the passage of the Enabling Act, our tax rate would be considerably increased". Your tax rates would not be affected in any manner by the passage of this act. Any alteration of your tax structure would come only if the people of Yoakum County desired such in a special local election. The Enabling Act merely gives you the right to make that decision.

Let me assure you that as sponsor of the bill in the House, I drew up the measure because the citizens of Yoakum County came to me in an orderly, responsible, and organized manner and urged that I sponsor the bill to allow all of Yoakum County to decide the fate of the junior college situation.

There has to be an element of co-operation on any legislation between the House and the Senate and the constituents. Senator Blanchard and I were under the impression that you wanted this measure passed, but those who have opposed it have made no effort until now to let us know. Senator Blanchard and I intend to work together on this and unless we both get the same consensus of expressed opinion, the situation becomes somewhat difficult. The Senator and I met in his office this morning and viewed the situation as we see it based on letters, telegrams, and conversations urging that the measure be enacted which will enable you, the people, to decide for yourselves whether or not you want a junior college. Passage of this act in no way means there is assurance of a junior college. This is your decision, and this is as it should be.

Let me emphasize that your Senator and I are working together in a 100% co-operative effort to represent Yoakum County in a fair and equitable manner, and we highly encourage you to write, wire, or call us on any issue concerning the betterment of Yoakum County.

Respectfully yours

/s/ Jesse T. George
