Nest-Rucker Receive Honors

Marie Van Nest and Vickie Rucker were the Yoakum Co. 4-H Dress Revue winners in the annual event held Friday, July 15th in the Plains Elementary School Activity Room. Deborah Holder and Gail Rucker were named as alternates. Twenty 4-H girls of Yoakum County along with hundreds of others throughout the state put the finishing touches on clothes they have made and are modeling in County shows with the hope of competing in the District Dress Revue August 2nd. They have been practicing walking and turning and gaining the poise required to attractively show off their garments.

The juniors modeled school dresses while the Seniors wore dressy dresses, suits and ensembles.

The significant thing about these fashion shows is that the models make the clothes themselves. The opportunity to display them before audiences and the judges, is part of the National 4-H Dress Revue program made possible for the last 20 years by the sponsorship of Simplicity Pattern Co. Inc., and the National 4-H Committee in cooperation with the Extension Service.

Deborah Holder wrote and narrated for the County Show. Linda Brown and Debbie Chadwick furnished music during the show by playing various selections on the piano. The Home Demonstration Council furnished refreshments that were prepared and served by Mrs. Hollis Hughes and Mrs. Preston Murphey, judge.

es were Mrs. Bobbie White and Mrs. Keller Greenfield.

Marie and Vickie will compete in District Dress Revue August 2nd in the Ballroom of the Student Union Building at Texas Tech. It is estimated that 360,000 young seamstresses over the state will take part in the Dress Revue this season.

Those modeling Friday were: Geraldine Murphey, Terry Taunton, Linda Brown, Kathy Hughes, Vickie Rucker, Sheila Taunton, Kathy Ameron, Jimidene Murphey, Kathleen McGinty, Sue Cleveland Gail Rucker, Kathy McPherson, Debbie Chadwick, Doty Blessingame, Brenda Hendricks, Nancy Long, Donna Warren, Marie Van Nest, Deborah Holder, and D'Linda Loyd.

August 15th

Important Day For Farmer

By Bill Overton
A.S.C. Office Manager
This is to again remind all farmers complying with the 1966 cotton or feed grain program that now is the time to report their crop acreages (August 15 is the final date);

therefore, all farm operators should report their crop acreages as soon as they have the farm in line for payment and sign the application for payment. Farmers who had our reporters to measure their

farms must also file the performance report and sign application for payment by the August 15th final date. This new method whereby farmers may measure and report their own crop acreages

is new for this county this year. Some do not believe that it will work satisfactorily. However, I for one believe that farmers will correctly measure and report the correct acreage and that the farmer's doing his own measuring and reporting will, in the end, be a better way of obtaining the crop acreages. Since it is a new method for the county this year, some producers believe that it will not work' furthermore, since the regulations require that we measure a percent of the farms after farmers have turned in their reports, we expect to review all farms after the August 15th final report date.

All farmers are again reminded that under the regulations there will not be any crops destroyed after August 15th to get the farm in line for payment' therefore, this August 15th is a most important date. We surely hope that all farmers understand their responsibility under this new method of obtaining crop acreages. Farmers are reminded that if complying with any program, it is going to be very unprofitable to overplanted on any crop or deficient on diverted or conserving acres where a penalty is deducted.

It would be much better to be underplanted a small amount on cotton or feed grains or have too much diverted and conserving land than to be overplanted on cotton or feed grains or under on diverted and conserving acres to such an extent that it would be necessary to deduct the required penalty.

If you still wish for the 'good ole days,' try reading this under a coaloil lamp. **DIVERTED ACRES:** These could easily be the most profitable acres on the farm. We hope all operators will designate eligible land and the acres be properly maintained in an approved conservation use. These acres can be planted in sudan, sweet sorghums, etc.

4-H Play Day Report

The new point system is working out well for the contestants in the 4-H play days this year. After three play days, every participant has some points to his credit which count toward the trophy at the end of the season. Some of the inexperienced riders are getting points in the Novice Class and they will move into their regular age group when they get as many as 25 points in the Novice Class. Matt Lindsay is the only novice rider who will be moving out of this class at the next play day scheduled for July 28.

Senior Boys: Morris Rushing, 29; Don O'Keefe, 7 1/2; Wayne Box, 6 1/2; Billy Spencer, 6 1/2; Joe Dan Cooke, 2 1/2; Terry Fitzgerald, 2 1/2; and John Preston Robertson, 2 1/2.

Senior Girls: Rheanell Strickland, 24 1/2; Sue Cooke, 20; Dottie Blassingame, 13; Linda Blassingame, 11 1/2; and Joan Kerrick, 10.

Junior Boys: Jimmy Gray, 43 1/2; Clark Parrott, 42 1/2; John Gray, 26; Lester Kerrick, 20; Larry Blassingame, 11; Mike Blount, 10 and Billy Blassingame, 3.

WEEDS ARE NOT AN APPROVED COVER. Should any farmer not have an approved cover planted on the land at this time, he may request the ASC committee for an ACP cost-share payment. Under this ACP payment program, farmers must request or file applications before a crop is planted' the crop must be planted by August 1. Applications may be filed through July 25.

We have received some complaints from farmers about adjoining or nearby farmers letting the diverted land grow up in weeds. **WE URGE ALL FARMERS TO TAKE A LOOK.** The 1967 Wheat Allotment notices have been mailed and farmers received approximately a 15% increase. The 1967 certificate payment will be based on 40% of allotment. This compares with 45% under the 1966 program. However, it can readily be seen that 40% of 115 is more than 45% of 100.

The county committee meets the second Monday night in each month. Farmers are invited to meet with the members to discuss any program. If we at the office can help in any way, that's our job, and farmers should feel free to call on us at any time.

The ASC committee election will be coming up soon. Farmers should be thinking about who should be on the ballot. To be elected this time will be one committeeman and two alternates.

Junior Girls: Kathlene McGinty, 36; Peggy Rushing, 43; Denise Newsom, 31; Lawane Badgett, 29 1/2; Susan Simpson, 22; Debbie Addison, 20; Paula Blount, 19; Alana Badgett, 15 1/2; Jo Etta Warren, 12; and Donna Jo Cheatham, 3.

Pee Wee Boys: Mark Parrott, 35; Matt Lindsay, 26; Tim Bowers, 25 1/2; Brady Phillips, 12 1/2; David Wheeler, 7 and David Badgett, 3.

Mr. & Mrs. V.A. Galloway of Peacock and Mrs. W.P. Grogan of Bakersfield, California are visiting their Brother John Anderson.

Mr. & Mrs. Lester Williams of Kemp, Texas spent several days last week with his sister Mrs. H.W. Randall.

Tennessee Ernie To Attend Fair

Lubbock—Tennessee Ernie Ford will introduce a refreshing group of young entertainers to West Texas when he brings his troupe to the 49th annual Panhandle South Plains Fair here Sept. 26-Oct. 1.

Appearing with the television and recording star on each of his 12 shows will be the 'Young American Singers,' an aggregation that is fast rising to national prominence in the entertainment world.

Composed of 18 high school and college students from the Los Angeles area, the singers have appeared on several nationwide television shows and recently completed a tour with recording star Johnny Mathis.

Three years ago, they appeared on a special Fourth of July show called 'Happy Birthday U. S. A.,' a program which later won a Peabody Award for excellence during 1963. Next, Bing Crosby invited them to appear with him on one of his television specials and there also were engagements on Hollywood Palace and four of Meredith Willson's Star Theatre presentations.

They are now in demand by motion picture, tv and recording studios.

'America's Number One Pea Picker' and the singers will

be featured in twice-daily performances in Fair Park Coliseum during the six-day fair run. Shows, all nearly two hours long, are set at 3 p.m. and 7:30 p.m.

Tickets are priced at \$2, \$2.50, \$3, and \$3.50. Children 12 years and under will one-half price. Mail order applications for tickets are now being accepted by the fair

association, Post Office Box 208, Lubbock. Tickets purchased prior to Sept. 26 will be accompanied by free gate admission passes.

While Ford headlines the festivities in the coliseum, scores of other attractions are being readied for the more than 250,000 persons expected through the turnstiles this year.

Top features included the Parade of Bands, 13th annual West Texas Twirling Festival, World's Our Little Miss preliminary pageant, the Texas State Jersey Show, National Wool Needlework Contest, Industrial arts and hobby shows, military and space exhibits, rabbit show, wome's displays, junior parachute jump, children's barnyard, creative pottery displays, plus exhibits in the merchants', agricultural and commercial sections.

FFA Boys At Meet

This year, the 1966 Annual Future Farmers of America State Convention was held in Austin, Texas. The Plains Chapter representatives left last Tuesday for Austin. They arrived in Austin Tuesday evening and met with other delegates at the motor hotel swimming pool.

The boys attending from Plains were Lindy Payne, Wayne Box, Mokey McCrary, and Ag teacher, Bo Stephens.

On Wednesday, July 13, promptly at 9:00 a.m. the first general session of the 38th annual convention of the Texas Assn. of Future Farmers began with the traditional opening ceremony, with the 'Blue Team' of state officers presiding. After the opening ceremony, there was a moment of silent prayer, followed by the invocation, and then a moment of pride and patriotism as the presentation of flags was given. A short speech was made on each flag as they came upon the stage. The three flags that were presented were the American flag, Texas flag, and the Future Farmers Flag. After the presentation of the flags the welcome was given by Hester Palmer, Mayor, of the city of Austin.

The main address of the day was given by Dr. George Beto, Director of the Texas Department of Corrections, of Huntsville. He talked on how the F. F. A. kept many of the Texas youths out of his department in public welfare. He also talked about how the Department of Corrections is trying to help put the inmates back into public life, with better preparation and a willingness to work. From his view point he felt that you couldn't hold a gun on a person for a number of years and then give him \$50.00 and turn him loose. He said that by this method there was a higher percentage that returned

than by the method that is now in effect. The method which now is in effect is to help the inmates help themselves. Many of the people that commit crimes don't know how to work.

By his new method the inmates are educated and shown how to work and trained for special jobs.

Another attractive and delightful event of the convention was the appearance of Miss Teenage of America, which all the F. F. A. boys enjoyed. Miss Collette Daivie is Miss Teenage America.

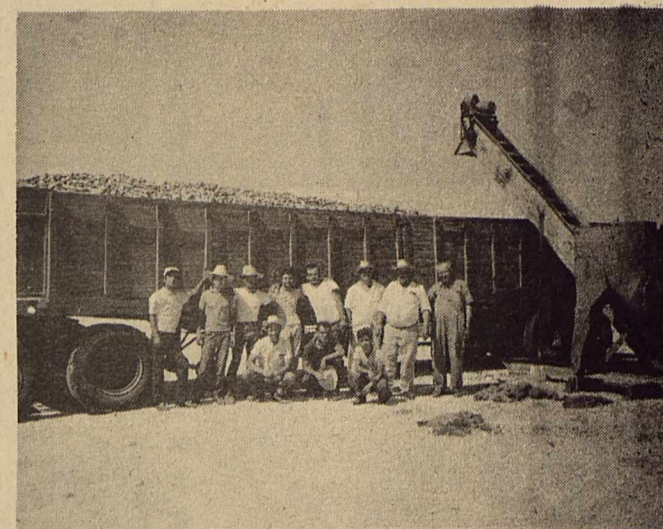

Marcus Hill of Area VI was elected the new president of the State F. F. A. Ten young men were running for that office. Also the delegates had to choose a State Sweetheart. Also they chose other state officers for the F. F. A.

In their spare time the boys toured the capital, University of Texas campus, and swam. The boys had an opportunity to meet new friends and get better acquainted with the Future Farmers of Texas.

The convention ended Friday with the completion of all business and the final closing ceremony.

\$50,000 Harvest Begins

Morton Food Company sent their employees into the county last week to begin harvesting the \$50,000.00 cucumber crop and most available housing had been secured in Plains.

The workers will be in the area for about six weeks garnering the crop. A spokesman from the Chamber of commerce reported that 248 acres of cucumbers had been planted in the area, and that

the crops run from fair to very good.

Plains businessmen reported that business had picked up in the community due to the Morton pay roll. Last week about 120 harvestors arrived and more are expected.

The Plains Chamber of Commerce was instrumental in securing the vegetable acreage for Morton Food which is a branch of General Mills.
