

MR. AND MRS. TOM PAYNE

## York Weds Payne In Church Service

Miss Kay York, daughter of Mr. and Mrs. N.W. York of Santa Rosa, was married at the First Methodist Church Saturday morning to Tom Payne, son of Mr. and Mrs. Eugene Payne, also of Santa Rosa. Rev. Robert W. Brooks performed the ceremony with approximately thirty-five members of the respective families present. A dinner followed at the Spanish Inn. The bride wore a knit suit of moss green with matching beige accessories. A strand of pearls, a gift of the groom, adorned her neck. Her corsage was a white orchid. Miss Peggy York, sister of the bride, was maid of honor. She wore a beige knit suit with matching moss green hat. Her corsage was an avocado green orchid. James Underwood of Deming, New Mexico, was the best man. Mrs. N.W. York, mother of the bride, and Mrs. Eugene Payne, mother of the groom, also wore matching orchids. Mrs. York was attired in a rust-brown suit with matching accessories. Mrs. Payne was attired in a blue silk two-piece suit. Mrs. Payne was a 1965 graduate of Santa Rosa High. Payne was graduated from Plains High School. The bride attended New Mexico Institute of Mining and Technology prior to her wedding while the groom attended New Mexico State. Both plan to attend New Mexico State University this fall. After a wedding trip to Colorado, the couple will live in Las Cruces. Pre-nuptial activities included tow showers in Santa Rosa and one in Plains. Other pre-nuptial events included a wedding rehearsal dinner given by the groom's parents at the Spanish Inn.

## Play Day Date Changed

## The Blessings Of God

By Mrs. W.L. McClellan  
THE BLESSINGS OF GOD. Mercy...Abundantly given. Help...For the difficult place. Courage...When its sorely needed. Comfort...When grief assails us. Love...When we need some one to care. Forgiveness...When we tire of sin. These are the blessings God so freely gives in answer to prayer. God is the fountain of light that lights the way when we are obedient to his will and obey his commandments. Obedience to God is the offspring of Love. Gratefulness is proof of Gods Love. The greatest fault I should say is to be conscious of none. Don't let yesterdays mistakes and tomorrows fears spoil todays opportunities.

## Prison Rodeo Star Hopes for Job

HUNTSVILLE (Special) At age thirty six, Henry Petty shows all the marks and scars of having served more than fifteen years in the Texas prison system and of having been a convict participant in the last 15 Annual Prison Rodeos.

Petty is currently assigned to the Ellis Unit. He was just twenty years of age when he and four young companions walked into a Dallas business establishment, robbed the attendant, and then as they were leaving, Petty was attacked by the victim. As he says, 'At that minute I feared for my life--so I shot him.' For his effort, Petty netted a few dollars and a life sentence.

He first rode in the Prison rodeo in 1951. 'Back in th se days we really had no money-making riders', Petty says. 'O'Neal Browning and myself used to battle it out for first money every Sunday in October

...Old Browning usually took top pay.'

Petty has no particular speciality at the rodeo. Albert Moore, Rodeo Director says, 'Petty will get astride anything we put in the chutes...and he always gives a good ride. I believe he would ride a tiger if someone put a rope on him.'

Petty is the rider who brought a dead silence to a capacity Prison rodeo arena in 1965. He was thrown from a horse named 'Hard Head' and his right leg got tangled in the stirrup. Petty was kicked at the base of the skull on the first kick, knocked unconscious, and for three or four minutes the insane horse tried to kick Petty loose. The Prison Doctor who attended Petty reported that had he not been knocked out that he would have been killed for certain.

Asked how he feels about riding in the 1966 Rodeo Petty says, 'Well Sir, the only spending money I get in here is what I make at the Rodeo. I was scared last year when they told me what happened, but that is the way it goes. I busted my back in 1964 when a bull got to me, but I have to go back and keep riding. I'll be out there this year showing those new-comers how to make a dollar on a wild bronc or bull. There just ain't no other way.'

Petty wants out of prison. Four times he has been before the parole board and four times he has been turned down.

He will be considered again for parole in March 1967. He says he is hopeful for favorable consideration but is not too optimistic. 'I gotta have a job and I don't have much free world contact anymore.'

He wants to work on a ranch. He says, 'I am a good stockman, and can drive a tractor as good as the next one. Man I had to be good. I learned it all here in prison. Now I would like an opportunity to use it in the free world before I get too old.'

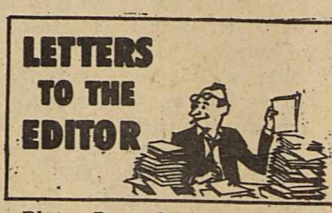

His warden says Petty can be the best worker on the Unit and that he is good with live-stock and good on a tractor.

But right now, any parole possibility is put off until March 1967, and Petty has put his thoughts on the 1966 Rodeo first. 'This year I got to do good. Mr. Albert Moore has told me he expects me to be in the top money makers, and that is where I want to be when the close the chutes no the last Sunday in October.'

When he finished talking and finished his cigarette he picked up his hat and started back to the fields on the Ellis Unit. He turned around and said, 'If you write anything about me be sure and tell the folks that I'll be out there every Sunday in October and I can guarantee them a ride for their money.'

taining pyrethrum are subtle for eliminating mosquito larvae in places where fish or plants are to remain unharmed.

Most insecticides can be obtained at your local hardware, department and food stores.

Texas has a law permitting counties to organize mosquito control districts. A petition signed by 200 qualified voters calls for Commissioners Court to call for an election for the purpose of establishing a control district to cover all or part of the county. With approval of the voters a maximum tax of 25 cents on each \$100 tax evaluation can be levied to finance the district.

Yoakum County has had 14 inches of rainfall, one of the wettest years in a long time and there are plenty of ponds filled to the brim.

## OBITUARIES

Funeral services were conducted Tuesday afternoon for Arthur C. Perez at the Catholic Church in Plains. Mr. Ortiz was killed in an automobile accident Sunday 46 miles east of El Paso and was returned to Plains where he was making his home.

Ortiz is survived by his widow and 10 children. Barret's Funeral Home was in

charge of arrangements, and interment was at the Plains Cemetery.

William Jerry Bell died in the Methodist Hospital in Lubbock last week and was buried in Plains Cemetery under the direction of Barret's Funeral Home Tuesday.

Graveside services were conducted by Cecil Williams, minister of the Hillside Church of Christ.

Mr. Bell had no known survivors and his exact age was not known. Some reported his age to be 81 years old. Bell was employed by Alvin Pippin as a blacksmith at Pippin Blacksmith shop in Plains.

## FHA Reports on Poverty Progress

Over 750 families in Texas found the means to start working their way up from the poverty income level through family Economic Opportunity loans during fiscal 1966, L.J. Cappleman, Farmers Home Administration State Director said today.

Mr. Cappleman reported on progress of lending program administered by the USDA Farmers Home Administration for the Office of Economic Opportunity.

The past fiscal year saw 751 loans totaling \$1,258,940

made to rural families in the lowest income group to provide tools, supplies, and working space they need in order to earn a better living.

Since the program began in January, 1965, loans totaling \$2,548,120.00 have been made to over 1535 families throughout Texas.

Mr. Cappleman said the Economic Opportunity borrowers are following more than 125 different kinds of non-agricultural enterprise, in addition to farming, as a result of the

Jack Lowe is pictured in ball park that has good growth of bermuda grass. This will insure better turf on which to play in 1967.

## Proper Grass Use

Proper use of grass is the same whether it be native range, irrigated pasture, football, baseball or lawn. The only difference is the kind and class of 'livestock' using the grass. Our use may be by cattle, horses, sheep, boys and girls or with a lawn mower. It is a fact that all plants need a root system to grow or produce top growth and they must have adequate top growth to produce the vigorous root system needed. Jack Lowe caretaker for our little league fields here in Plains has proven this year and last that letting the grass grow gives a deeper more vig-

orous root system thereby growing more and better turf on which to play. He says that tall grass makes deep root systems and a deep root system makes better use of soil, water and fertilizer. This is being proven again and again by ranchers and livestock farmers but only recently have we had lawn and yard owners to begin carrying out this kind of work.

Conservation work right now is planting cover crops. There is just about every kind of rig being used to plant cover crops from an airplane or a cyclone seeder.

MARK PARROTT

## Students Win at Play Day

Cowboys and cowgirls from Plains recently attended the Jones County 4-H Play Day. Mark Parrott, second grader, won the barrel racing trophy and the pole bending trophy in his age group. The total points given to Yoakum County were 114. Others that attended the Play Day and won po-

ints and ribbons were Alana and LaWane Badgett, Jackie McDonnell, Alton McGinty and Clark Parrott.

Others going were Wayne, Claudine, Sherry and David Badgett, Tommye and Billie McDonnell, Dick McGinty, Leo and Nancy White and Tex and Mary Kathryn Parrott.

## D.C. Derby Day Set for Sat.

The Denver City J.C. Derby Days are scheduled to get under way at 2:30 p.m. Saturday in downtown Denver City, said Lewis Driver, J.C. president and manager of Radio Station KKAL.

In the event the youngsters and adults alike should enjoy the turtle races, and spectators will also witness perhaps the first horned load race in

the county's history.

At 7:30 p.m. Saturday night the J.C. softball team will face the Denver City Wildcats, a ladies softball team. The wildcats have been installed as heavy favorites to down their male counter parts on the J.C. team.

Driver extended an invitation to all residents of the area to attend the Derby and enjoy the fun.

## Lion Boss Urges Ropes Attendance

Lions President Robert 'Buster' Graham announces there will be a pancake supper in Ropes Friday before the Plains Cowboys face the Ropes Tigers there.

The Lions Club sponsored meal will begin at 5:00 p.m. and will last until 7:30 p.m.

in Ropes at the school cafeteria.

Those who are planning on eating on the way to the ball game are urged by Graham to eat pancakes with the Ropes Lions in order to help the Lions Club with their fund raising project.

## ASC Wheat Report 1966 Allotments

The 1967 Wheat Program provides an increased allotment of approximately 32.5% over the 1966 allotment. There will be no diversion program for the 1967 crop, but rather a program of increasing wheat production. Participation in the 1967 wheat program will require that you sign-up, when the time comes, and that you plant within your 1967 farm wheat allotment. No diverted acres will be required and no payment will be made for any acreage that may be diverted.

Producers who sign-up and participate in the wheat program will be eligible for price support loans on all wheat produced, and will receive domestic certificates representing 35 percent of the farm normal production. The value of these certificates will be the difference between \$1.25 per bushel, national average price support, and the parity price

for wheat on July 1, 1967. For 1966, the certificate value is \$1.32 per bushel. The 35% certificates based on the increased 1967 wheat allotment will be greater in most cases than the 45% certificates for 1966.

Substitution Between Wheat and Corn - Grain Sorghum will be permitted in 1967 as in 1966 with this difference: (1) Wheat acres planted to corn or grain sorghum will not earn a diverted acreage payment, since the diversion would be from wheat and there will be no wheat diversion payment. (2) Grain sorghum or corn may be planted on wheat land but if less than 35% of wheat is planted domestic wheat certificates will be reduced, based on acreage planted. In order to substitute a farm must have both a wheat allotment and grain sorghum base, and must be signed-up to participate in both programs.

helping hand extended to them through the program. Loans average \$1659.00 a family, with a maximum of \$2,500.00 in effect.

'These are loans to families at the bottom of the economic ladder. Nation-wide more than half of them existing on less than \$1,500 a year for family living expenses,' Mr. Cappleman said.

'The borrowers are rural people who have been isolated in poverty, with nowhere to look except to their own cap-

acity for self-employment.

Their most common handicap has been lack of money or credit to equip themselves for the more profitable work they might do if they had the tools.

'Economic Opportunity loans help them overcome this obstacle. The loans stake them to the things they need for a profitable farming enterprise or to increase their income by following a trade or performing a service needed in their home communities.

'The plan is working. The rural Economic Opportunity borrowers are working their way forward, and they are paying back their loans.'

Nation-wide first studies of the results realized by borrowers who have had their loans approximately 1 year showed gains in gross family income averaging \$2,800 a year for families starting non-agricultural enterprises, and \$900 a year for families using Economic Opportunity loans to improve their methods of farming.

The year-old loans were being paid-back, on the average, 8 percent faster than scheduled.

The Office of Economic Opportunity has delegated loan-making under the program to the Department of Agriculture Farmers Home Administration, which has a network of 1,600 county offices through the United States to serve rural people lacking other sources of credit for farming, housing, and small enterprises to boost standard family incomes.

All games on this page are scheduled to be played this weekend. Awards will be announced the following week. First place winner will receive \$5.00 with second place winner receiving \$3.00 and third place receiving \$2.00.

A new event has been added this year. Every entry in the contest will be kept and when the football contest is over a drawing will be held and the winner will be given a 30-30 lever action rifle from WHITE AUTO. This is the greatest deer rifle of them all! Over 23/4 million of them sold!

ENTER NOW!! Circle the team that you think will win and write the score of the tie breaker. If you think that they will tie, then just circle both teams. You may enter as many times as you want. Each official football page may only be used once. For additional entries buy extra copies of the Plains Record. Only official entry forms on this page are valid. Buy The Plains Record and enter now. The deadline for getting your entry in is Friday at 5:00 p.m. at the office of The Plains Record.

See this 30-30 lever action rifle on display at White Auto Store.
