## South Plains Water District Ruled Not Valid

Judge Truett Smith ruled in District Court in Gaines County last week that the South Plains Underground Water District No. 4, which includes areas in Terry, Lynn, Dawson, Andrews, Gaines, Cochran, and Yoakum Counties, is not a valid or legal district.

The court ordered that all expenses of organization and elections shall be paid pro rata by the County Commissioners of each county included in such District by the order of the Texas Water Rights Commission dated February 2, 1966, which created the South Plains Water Conservation District No. 4. The court further stated that if any debts and obligations of the District are not paid in such manner, all lands and property included in such original District shall be subject to the payment of taxes for the payment of all debts and obligations incurred by said District. The District shall be maintained until the debts are paid, the order stated.

Notice was given of intention of appeal by the defendants (District) in the case. The case was heard in a non jury trial before Judge Smith in Seminole.

The suit was brought about by C.R. Shaddix, Seminole. Shaddix is the former owner of the Lincoln and Mercury Agency in Seminole.

Bob Loe is Yoakum County's member on the Board of Directors for the Water District. The District office is located in Brownfield.

In the election creating the District the issue passed in Yoakum County and Plains but failed in Denver City.

Further details in the status of the appeal were not known at press time.

## Farm Union to Fete Solons

Texas Farmers Union will honor the Sixtieth Legislature with a reception at the Gondolier Motor Hotel in Austin on Tuesday afternoon, February 14th, at 4:30 p.m. Most members of the House and Senate have accepted the invitation to attend and both Lt. Governor Preston Smith and Speaker of the House Ben Barnes are expected. National Farmers Union President Tony T. Decatur of Denver, in Austin for a speaking engagement, will also be present.

The members of the legislature will be greeted at the reception by a welcoming committee of Farmers Union members and their wives from many of the eighty-two chartered county organizations over the state. No formal program has been planned and the reception will give the farm organization members an opportunity to get acquainted with the state government leaders and to informally discuss with them the various issues that are of concern to farmers, ranchers and rural people.

Texas Farmers Union, generally considered the fastest growing farm organization in Texas, has long been active on the national legislative scene, but the state leadership indicates that this year marks the beginning of greater emphasis by the group in state legislative activity.

Several Yoakum County residents will be attending the Farmers Union-sponsored affair.

Carl Lowrey, president of the Yoakum County Farmers Union, said State Rep. Jesse George and Sen. Doc Blanchard are expected to greet the delegation from Plains in the State Capitol.

# \$100,000 City Bond Issue Passes By 2 to 1 Margin

Voters in Plains turned out in light numbers last Saturday and passed the proposed Bond Issue to improve the City Water system by a two to one majority. Votes cast for proposition number 1 carried over the no votes 122 to 61, and on part two the ayes carried over the nays 121 to 67 authorizing the city to proceed with the improvements to the water system.

The city of Plains has applied for a grant from the Federal Government in the amount of \$150,000.00 and for a loan from the F.H.A. for \$50,000.00, and now has approval of the electorate to raise \$100,000.00 in bonds to make total improvements amount to \$300,000.00.

Spokesmen for the Chamber of Commerce hailed the vote as both progressive and good business on the part of Plains voters. The Chamber of Commerce has urged such action for several years.

The Plains Record lended support to the proposal with editorial treatment favoring the Bond Issue.

One Chamber member said at last we can go out and try to interest industry into locating in our city. Most proponents of the issue expressed belief that with good water, adequate mains and hydrants, and a new storage system that residents and business houses in Plains would benefit.

A slight reduction in Fire Insurance rates is expected to be put into effect when the work is completed.

Others reported that it will be good for business in Plains with the money which will circulate in the area when work begins.

Mayor Billie Ray Kennedy and the members of the council were unified in support of the issue. The members of the City Council include Roy Edwards, Neil Taylor, T.J. Miller, T.J. Bearden, and Ed Hunter.

Members of the City Council asserted that they do not believe that a tax increase or a water rate increase will be necessary to pay for the project. Their belief was based on the facts derived from the engineers' study of the need for the proposal.

## Viet Nam Hearts

Many people in the area are sending Valentines to our service men and women in Viet Nam. Residents of this area are urged by several civic groups and The American Legion to join in and post a valentine to Viet Nam.

If any resident is in need of addresses of our servicemen from this area they can obtain the correct addresses at the office of the local newspaper.

The publisher of The Plains Record sends each person from this area a paper free of charge. If anybody knows of a service man who does not get a paper, he is urged to call the Record and submit the name and address.

## March 1st Filing Deadline

March 1st is the deadline for filing to run for the Plains Independent School Board of Trustees. The election will be Saturday, April 1st. Three members will be elected in the April vote. Those whose terms expire are Johnny L. Fitzgerald, Loren Gayle, and Olan Edwards.

Fitzgerald was elected County Commissioner last November and assumed office last January. A recent Attorney General's opinion says if Fitzgerald, president of the Board of Trustees, files for re-election that he will have to resign as commissioner. He is not expected to seek re-election on the Board of Trustees.

Those interested in running for the school board should file at the superintendent's or tax office at the school.

H. W. 'Curley' Taunton was appointed to fill the unexpired term of Bob Mason several months ago, and this seat will not be up for election until next year.

Others on the Board of Trustees who are not up for re-election include Foy Powell, Dickie Green, and Harvey Romans.

Commissioner Fitzgerald said that he would not be a candidate for re-election to the board after the ruling was obtained from the Attorney General on his eligibility to hold both offices.

## Agent at El Paso

County Agent Leo White and three 4-H club boys are attending the El Paso Stock Show this week.

The boys exhibiting animals in the show are: Alton Earl McGinty, calves; Wayne Box, and Jimmy Grey, Barrows and gilts.

They will return late Friday after being dismissed from the show.

Alton Earl is the son of Mr. and Mrs. A.E. McGinty; Wayne is the son of Mr. and Mrs. Hayden Box of Bronco; Jimmy is the son of Mr. and Mrs. Bill Grey of Tokio.

## Cowgirls Win Odessa Volleyball Tournament

The Plains Cowgirls captured first place at the Odessa Tournament last week knocking over opponents like bowling pins. The Plains Volleyball team apparently means business in defending their State title for the sixth time in that many years.

Coach Shirley Gross's hometown band of Cowgirls were impressive in winning the tournament when large schools such as San Angelo, Andrews, Pecos, Monahans, Crane, etc. were entered in the tournament.

Two of the Plains Cowgirls were given special recognition at the Odessa Tournament. They were Janie Hamm and Sharon Tarkington. They were chosen for the all tournament team and were presented with trophies.

The defending state champs will travel to Denver City tomorrow to play in the Denver City Tournament. They will be favored to bring home first place honors.

The first home game is February 20th when the Cowgirls face Seminole on the home court.

Coach Gross's team has served notice early in the season that they will be strong again this year. Many believe this will be their most impressive season since the victories won at Odessa were over some of the strongest teams in the state. The home town fans are urged to go to Denver City to support the team when they play in the tournament tomorrow.

Members of the team include Joann Kerrick, soph.;

Sharon Tarkington, jr.; Debbie Thompson, jr.; Louella Turner, fresh.; Linda Blair, jr.; Janie Hamm, jr.; Kathy Anderson, jr.; Suzahn St. Roman, jr.; Marlyn Goehry, jr.; Carolyn Crutcher, sen.; Diane Fitzgerald, fresh.; Charlene Gayle, soph.; and Mrs. Bob Cross is the coach.

## ★ Easter Ed Wins By A Head ★

Easter Ed came in at Sunland Park last Sunday edging Hot Mustard to win in the first race of the day. Easter Ed is owned by Morris Lowe of Plains and was ridden by well known jockey David Whited. Shaws Sock finished third.

Ed paid \$35.00 to win. Easter Ed has won at Albuquerque, Ruidoso, and Sunland Park and is one of the real surprises of the past two seasons having finished strong in the money.

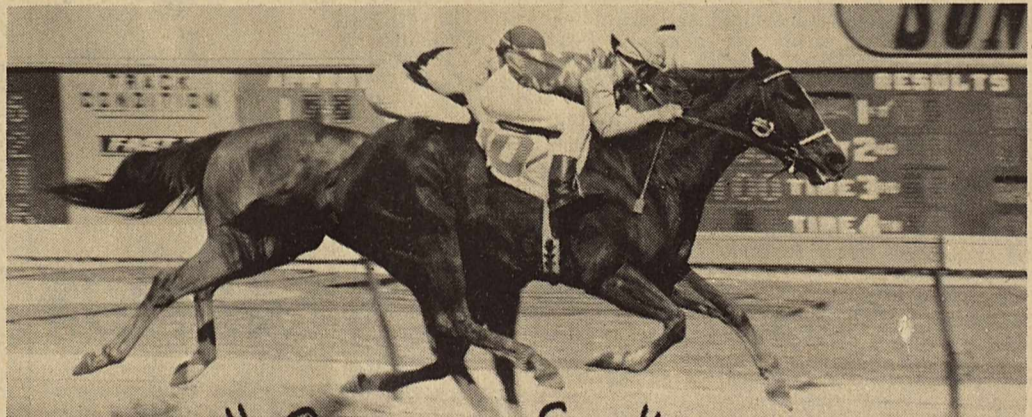

Mr. and Mrs. Morris Lowe were at the track Sunday when their horse came in, and Morris was pictured in the winners circle with his horse.

Kenneth L. Hoover is the trainer for the local race horse.

Easter Ed is considered one of the finest horses to be owned by people of the area.

Ed competed in a 870 yard race Sunday and had a good time of 45.2 seconds.

The above photo shows the finish and the events in the winner's circle.

## Cotton & Feed Dates for ASC Sign-ups Here

On Monday February 6, the first day of the cotton-feed grain sign-up, 47 Yoakum County farmers signed contracts with the local ASC office to participate with the cotton and feed grain programs. 45 farmers were signed on the first day to divert 35 per cent and 2 farms were signed to divert 12 1/2 per cent of their 1967 effective cotton acreage allotment.

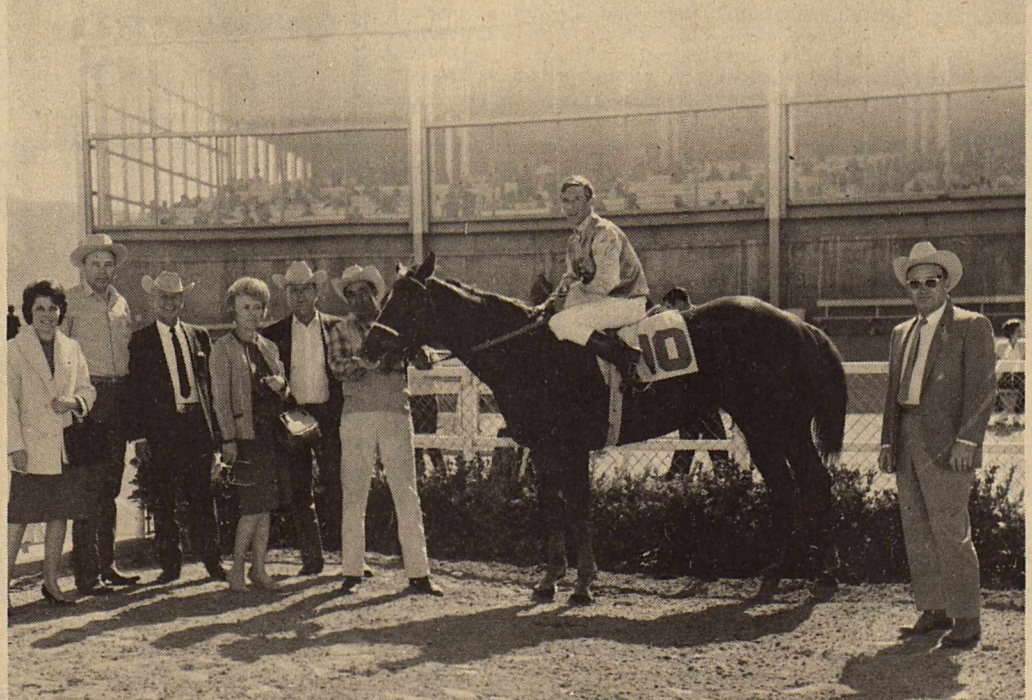

Under the 1967 feed grain program there are only one diversion level this being 20% of the feed grain base. Small feed grain farms (25 acres or less) may divert all or any part of the base.

The final date for signing intentions have been extended from March 3rd to March 17, 1967.

Under the 1966 cotton program all of the some 400 cotton farms in the county complied with the cotton program except (3) three, a smaller percent complied with the feed

grain program due to many farms not having a full base. The local ASC office will begin making payments within a few day to all farmers requesting the advance payment unless the applications must be reviewed by the county committee before payments are made.

The county office manager and office force want to thank all producers for their splendid cooperation in this sign-up, it is a big job and much money is involved.

## Romain Mobile Phone System Improved

P.W. St.Romain, manager of Romain Telephone Company of Plains, announced that the local phone company is in the process of up-dating and modernizing the mobile system. Motorola representatives are in Plains from Chicago making the adjustments.

Plains was the first city in the nation to have its telephone company apply for INTS license.

After the work is completed it will help the customers to utilize their complete Mobile facilities. Roamers will be cut out in order to give local customers full availability of

their system, St.Romain said.

Within the last year the Higginbotham exchange was brought into the local system and local calls may be made on Mobile or standard phones to Higginbotham.

Until now when a power failure occurs personnel must be dispatched to the Mobil tower to reset the equipment. With the modifications, the tower equipment will be automatically reset without the need of sending a person to the sight to reset the equipment. St. Romain explained this will give instant service to his customers at all times.

## Fat Stock Show Set Next Week

A preliminary estimate indicates that \$730.00 will be awarded in cash premiums to the exhibitors at the 1967 Fat Stock Show to be held at the Livestock Exhibit Building in Plains next week.

The seventeen calves, forty lambs and ninety four barrows make up the largest entry list in the fourteen year history of the local show. A total of \$422.50 will be paid to barrow exhibitors. The top premium is \$12.50 for first place in each of the five classes; second place animals receive \$10.00 each; \$7.50 is paid to each third animal and all fourth place animals get \$5.00. Fifth place and below all get \$2.50.

There will be two classes of calves where first place animals receive \$25.00; second place gets \$20.00; third, \$15.00; fourth, \$10.00 and all other

animals in each class get \$5.00. The total prize money for the seventeen calves will be \$185.00. If forty lambs are in the show they will receive a total of \$122.50 and be in three classes. First place in each lamb class will receive \$7.50, second place receives \$5.00 and all other get \$2.50.

In addition to the cash premiums the exhibitors of Champions and Grand Champions will be awarded some valuable livestock. The exhibitor of the Grand Champion Calf will receive a heifer; the exhibitor of the Grand Champion Barrow will receive a gilt; the Champion Mutton Lamb and the Champion Fine Wool Lamb exhibitors will each receive a ewe lamb. The value of these animals will extend the \$730 in cash to approximately \$1,000.00.

## Johnny Williams New Oil Dealer

Officials of Wyllie Oil Company announce the sale of Wyllie's Shamrock in Plains. Johnny Williams is the new dealer for the local station. Williams has been employed at George's '66' for the past two years.

Williams became the dealer last week. The station had been managed by Kenneth Thompson before the sale was announced.

Williams will be a Shamrock dealer and will continue operating the station under that company. The station is located just east of the Western Motel on the Brownfield highway a few yards east of the City limits.

Other new business changes in Plains includes the opening of the Western Grill which has been closed for some time. It is located on the Denver City Highway.

Alma's re-opened last after extensive repairs and complete remodeling was completed after a recent fire. Alma held open house last Friday giving away free donuts and coffee. The cafe sports new carpet in the dining room, and the furniture has been redone. The building also was re-decorated inside and out in the recent work. The cafe is owned and operated by Mr. and Mrs. Travis Been, long time residents of Plains.

## Miss Harbour Gets Betty Crocker Award

Linda Kay Harbour ranked first in a written homemaking knowledge and attitude test given to senior girls Dec. 6 and becomes Plains 1967 Betty Crocker Homemaker of Tomorrow, it has been announced. Registered for the test were 581,334 girls in 14,753 of the nation's high schools, a new record for the 13 years the program has been offered by General Mills, its sponsor.

Linda, the daughter of Mr. and Mrs. W.O. (Red) Harbour, will be awarded a specially designed silver charm, and she remains in contention for state and national scholarship awards ranging from \$500 to \$5,000.

The State runner-up's award will be a \$500 scholarship. Following her selection, the State Homemaker of Tomorrow together with a school advisor, will join winners and advisors from each of the 49 other states and the District of Columbia in an expense-paid educational tour of Colonial Williamsburg, Va., and Washington D.C. Climax of the trip will be the naming of the 1967 Betty Crocker All-American of Tomorrow.

## Blue-Gold Banquet

Plans are complete for the annual Blue and Gold Banquet which will be held at the Scout Hut Friday night at 7:00. Awards will be given to the cubs at the banquet, said Cub Master Cecil Williams.

Parents are asked to bring a chicken dinner for their family. All scouts and their parents are urged to attend.

**The Bible Speaks**

Mathew 6: 5-8. And when thou prayest, thou shalt not be as the hypocrites are; for they love to pray standing in the synagogues and in the corner of the streets, that they may be seen of men. Verily I say unto you, They have their reward. But thou when thou prayest, enter into thy closet, and when thou hast shut the door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly. But when ye pray, use not vain repetitions, as the heathen do; for they think they shall be heard for their much speaking. Be not ye therefore like unto them; for your father knoweth what things ye have need of, before ye ask him.

**LETTER TO THE EDITOR**

Dear Editor:  
It is with these thoughts in mind that I take pen in hand in writing to you stating the reasons that I am opposed to the Bond Election.  
In the first place I do not believe that we should ask the government for handouts when we can pay our own way. As for me, I don't find it the honorable thing to do when people ask for relief before trying to earn their own way.  
Now I am for Plains having a good water system, and don't misunderstand me on this, but I am against getting money from the government to get it with.  
These government grants are not free. The tax payer always picks up the check. I am a tax payer and am glad to pay my share and don't want to be on government relief. With these thoughts in mind, I hope the city council will change their minds on financing the water project. Remember when the government has money involved there are strings attached. Thomas Jefferson said the best government is that which is nearest to the people. This is local government with local control.

**WASHINGTON AND "SMALL BUSINESS"**  
By C. WILSON HARDER

Wheat farmers generally view the Government's sudden but belated announcement of a 15 per cent increase in acreage allotment as practical as holding the barn door after the cattle have fled. \*\*\* In top wheat producing states like Kansas, the allotment expansion permit arrived too late for fall planting which is done in early August. \*\*\* Secretary of Agriculture Orville Freeman's motive in announcing the addition of 8.9 million acres is to create an opportunity for farmers "to plant more land to wheat where wheat production is profitable, while maintaining their eligibility for program benefits." \*\*\* There has been frustration and discontent among many wheat farmers about being restricted in their planting of the crop. Gov. Henry Bellmon of Oklahoma, also a wheat farmer, had urged Freeman to raise the wheat allotment, or if possible, abolish it altogether. \*\*\* Wheat restrictions originated in order to limit surpluses of the crop, as well as to support prices. Farmers themselves have voted to voluntarily limit their wheat harvests. \*\*\* But farmer objections to compulsory controls view them as a government scheme to manipulate the market; rebuilding CCC Government wheat stockpiles, and dumping them onto market in effort to lower prices. (c) National Federation of Independent Business

Farmers further resent the statement of President Johnson that high farm prices are a cause of our present inflationary cost of living. Secretary Freeman received bitter reactions during his recent tour of Midwest farms, and was unable to pacify farmers. \*\*\* Meanwhile, back at the grocery store, Federal farm officials informed House investigators that the cost of feeding the American family has risen 5 per cent from a year ago. Politicians across the nation have been hearing gripes from the housewife that prices of meat, bread, eggs, milk - food most needed by consumers - have all zoomed skyward. \*\*\* In Washington, the Senate Agricultural Committee requested a Federal Trade Commission inquiry into inflationary bread and milk pricing. \*\*\* Congressmen, Agriculture Department officials, and farm organization spokesmen take the farmer of the hook: "In an expanded economy, food prices must go up," stated National Grange legislative representative Harry Graham. He further suggested that to cut prices it would be necessary to eliminate minimum wages and union shops responsible for increased wage demands. \*\*\* The Government has established a Labor Dept. consumer counselor, Mrs. Esther Peterson, to further educate the consumer to the best buys. \*\*\* However, thoughtful consumers might well question whether the trouble lies in bad purchasing judgment, or in the Administration's fiscal policy which has hatched prices to the stars.

**CAYCE'S CORNER**

One of the most meaningful events on our calendar approaches. It is February 14th Valentine's Day. This was always a big event for me as a child. It was fun to have the traditional class party and the exchange of valentines. A little later on the thoughts changed to hearts and sweethearts. Those days were some of the greatest in my life. Then St. Valentine's day took on another meaning for me which no doubt I will carry with me for life. It was the day that I was inducted into the service back when the middle of the century passed, and Harry Truman was president. I suppose this is the reason that I never forget Valentine's Day and the private meaning it carries for me. People all over the country are going to remember our servicemen in Viet Nam this year with a Valentine. Valentines for our servicemen in Viet Nam is a truly fine idea. Many years ago when Cayce was in Korea himself he was about as lonely as our boys are who are in Viet Nam, and he believes anything that can urge others to do for our service is not enough. I believe each man and woman in uniform in Viet Nam are worthy of our highest admiration and consideration. On selfishly these young men and women serve the flag of their country with the principal that all men be free. Back home there are another group of young adults their own age who defiantly demand that preferred groups be deferred and that they can find legal way to dodge the draft. As for me, I would rather that my two sons pay the supreme sacrifice than to engage in a sit down strike opposing serving the flag of our country, or to turn coat and seek refuge in Canada in order to stay out of the service. In my own poor way I have written a valentine to all of our servicemen in Viet Nam. I hope you will read it, and remember them in your prayers. \*\*\* stands for their VALOR \*\*\* A for our boys AWAY \*\*\* L is for their LOYALTY \*\*\* E the ENSIGN of our land \*\*\* n stands for NOT forgot \*\*\* T is "TILL you come home \*\*\* I is for IN the future \*\*\* N for NOT far away we pray \*\*\* E is the EMBLEM of our heritage that you proudly wear today.

Irene, making merry at an amusement park, took a ride on one of those "bumper" cars. Later, blaming her jolting ride for a head injury, she filed a damage suit against the management. But there was no evidence that Irene's ride had been any rougher than usual. Turning down her claim, the court said: "It was for the thrill of bumping and of the escape from being bumped that the plaintiff entered the contrivance. The chance of a collision was that which gave zest to the game. One who takes part in such a sport accepts the dangers, just as a fencer accepts the risk of a thrust by his antagonist."

Accidents can and do happen at an amusement park. But you are not likely to collect damages if, in all fairness, the management can say: "You asked for it." But exactly how much risk do you ask for? The law says you do not ask for rides that are not open to ordinary observation. Consider this case: A young man stepped up to a "Test Your Strength" booth to swing the mallet. But as he was bringing the mallet down, the head flew off. The handle, suddenly lightened, smashed hard against his knee, inflicting a painful injury. In these circumstances, the court held that the victim was indeed entitled to damages—because the hidden defect in the mallet was not the kind of danger the customer had bargained for. Nor do you assume a risk that is forced upon you, rather than accepted voluntarily. For example: Near the end of her journey through a fun house, a girl stopped short before a scary-looking slide. "Is there any other exit?" she asked the attendant apprehensively. There was—but the attendant told her there was not. The girl went down the slide, and, sure enough, got hurt. Here, too, the court upheld her claim for damages, because she had not willingly assumed the risk of the slide. But if you merely get dizzy on the merry-go-round, or nervous on the Ferris wheel, or embarrassed at being laughed at, don't blame that on the management. You paid your money and you took your chance. A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard. ©1967 American Bar Association

Monday night the F.H.A. girls had a smashing party. The girls invited the boys. All enjoyed the games and refreshments. For those who didn't go they missed an enjoyable time. The F.F.A. boys left Friday for the F.F.A. contest at El Paso. We want to wish them luck. I'm sure they are having quite an enjoyable time.

We want to congratulate the basketball boys on their win against Seagraves. It was a hard, tough battle, but our boys came through with the win.

The Volleyball season is well underway. Last Thursday evening the girls had a scrimmage with Lamesa. Both A and B teams won all of their games. Friday the A team left for Odessa for their first tournament of the season. Our girls brought home the first place trophy. This weekend the girls go to the Denver City Tournament. Congratulations on your wins so far and let's bring in another 'st this weekend.

The Drama Club went to Lubbock last Sunday to see the 'Blue Max' and to eat at the 'Zider Zee'. All said they had quite an enjoyable time? Those who are to tryout for the one act play are busy working on the parts. It will be a lot of hard work, but all agree that it is well worth it.

The annual staff is trying to meet their last deadline for this year. All are busy drawing and taking pictures. They are looking forward to the annuals arrival sometime in May.

The Band is still working hard on Contest pieces and solo

and on some pieces. Best of luck kids on your contests. Let's bring home all 1's. Remember your best!

Mr. Meixner: 'I take great pleasure in giving you 81 in Biology.'

Billy Spencer: 'Why don't you make it 100 and really enjoy yourself?'

Coach Richey: 'Why should we do all we can to prevent wars?'

Sonja Faulkenberry: 'It makes too much history for us to learn.'

Dear Polly,

What do you do when one of your best friends ask the boy you like to a 'girl ask boy' party. I realize I don't have any strings on him but she isn't helping matters.

Troubled

Dear Troubled,

Lots of best friends try to steal your 'one and only'. Don't give up yet. Stay in there and fight.

Polly

Dear Polly,

My parents just don't understand me. I am in High School and they just won't let me stay out late or do anything on my own. They just won't trust me at all.

Trustworthy

Dear Trustworthy,

Some parents just don't want to let go of their kids. Give them a little time. It's not that they don't trust you it's probably just that they don't realize you are a Teenager.

Polly

## Home Demonstration Clubs Complete Year

By Sudie Thompson

The five Home Demonstration Clubs in Yoakum County have accomplished most of the 1966 recommendations. Some of the programs and activities of the clubs included the study of Social Security Rules, Will's, Insurance, Mental Health, Backyard Poisons, Pure Food and Drug Act, in addition to Clothing workshops and Food and Nutrition.

The Driver's Education Manual was reviewed and the club members took the written examination just to be refreshed in their memories. An extensive County wide project was getting information to all eligible for Medicare. All clubs made cancer bandages for the Cancer Society.

It was the Home Demonstration Clubs that brought the Mobile Detection Unit for Respirator diseases to the Co.

In May, it had been learned that a family of five had previously been sent to a sanatorium. Twelve hundred and sixty eight had chest X-rays May 16 and 17th in Yoakum County. The members of the Clubs also worked as hostesses when the school sponsored the unit in September.

Programs on Mental Health brought about a better understanding and more sympathetic feelings for the mentally ill. Films and talks were given explaining emotions and values which are a part of all but in varying degrees. The Clubs made a tour of the hospital in Big Springs. Gifts have been sent to Big Springs and to the Plains Nursing Home for the Elderly.

They made donations to the hospital in Abilene and also donated \$100.00 to the Pink Ladies purchasing of the heart machine in the Yoakum County Hospital.

Another project started was with Mr. Charles Adams on testing and treating home wells for safer water.

Atour of Girls Town was made in November and since that time the Home Demonstration Clubs have been active in adding Girls' Town in many ways. Turner Club made up \$95.00 for them. Other things given by the Clubs were: 200 pounds potatoes, 120 pounds pecans, 100 pounds onions, 50 pounds sweet potatoes, shoes, hose, patterns, materials, clothes, underwear, cosmetics, frozen foods and canned foods.

Plans for 1967 include the study of appropriate games for the elderly and to teach them games; Social Security,

what it means to women, farmers and retirement benefits obtained from Social Security. Mrs. Amos Smith has plans made for Driver Education Clinic to be held in February. Health and Safety will also be emphasized with programs on 'Operation Lock-Up' given by Mrs. H.L. Walsler and Mrs. Carl Lowrey will give the program on 'Farm Safety'. Mrs. John E. Fitzgerald will bring the program on Cancer and Safety Leaders will tell what to do in case of snake bites. Birth defects will be discussed by Mrs. Tom Box. Education in Foods and Nutrition will not be left out for demonstrations will be given on the cooking of poultry and the making of Christmas

bread. Mrs. Earnest Sellers will give demonstrations on decorating cakes for various occasions.

One of the highlights of the Home Demonstration Clubs is when they have Exchange meals. In September the study of foods and customs of Mexico will go along with a Mexican Dinner.

The study of trends, fashions and materials will be done and a tailoring workshop held.

There are 4 scholarships available in 4-H and these will be explained. The 4-H members will give a demonstration to each club.

A housing workshop will be held in the fall and then Miss Ozella Hunt will plan a tour of homes.

Home Demonstration Club work is not all work because there will be parties, picnics, tour of Boy's Ranch, attend the Amphitheater at Palo Duro Canyon as well as learning about other interesting places in Texas.

## Band Sweetheart Candidates Chosen

Four Plains students have been chosen by the Cowboy Band as candidates for Band Sweetheart. The candidates are Phyllis Krieg, Caroline Crutcher, Suzahn St. Romain, and Janie Hamm. At the Annual Spring Concert the band members will elect one of these contestants as their sweetheart.

Dennis Black, former Plains Band Director is now in the

Army, stationed at Ft. Bliss in El Paso. The band members say they really want to win Sweepstakes more than ever now in honor of Mr. Black as well as to show the townspeople that Plains has a No. 1 Band.

Miss Judy Albright, the new band director stated that the band has started work on their contest numbers and: 'Cowboy Band is No. 1; Sweepstakes Here We Come!!'

## Atlantic Richfield To Waterflood

(Midland) Atlantic Richfield Company today announced plans for waterflooding the Sable field of Northern Yoakum County for the secondary recovery of oil.

P.E. Fletcher, manager of the North Perain District, with headquarters here, said the project will begin in February, and will recover approximately 3 million barrels of additional oil.

A unit has been formed effective February 1, with ARCO as operator. Construction of surface facilities is underway, and flooding should begin within a few weeks, Fletcher said.

The field has 29 wells producing from the San Andres formation. Nine wells will be converted to input service, with a tenth injection well to be drilled in the near future. Produced water will be reinjected.

The unit, five miles west of Plains, will have consolidated producing facilities to deliver to Shell Pipe Line through an automatic transfer unit. Wells also will be tested automatically.

In addition to Atlantic Richfield, Union Oil of California has a large interest in the project.

## WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night.
