

★★★ VOTE IN CITY AND SCHOOL ELECTIONS! ★★★

City Vote Set for Tuesday

Tuesday is election day in the City of Plains. Voters will elect three members to the City Council and a City Judge. The race has five in the field seeking alderman seats and no candidate has filed for judge. The judge's position will be determined by write in votes.

One incumbent is seeking re-election and two members of the City Council did not seek re-election. Veteran Council member D. N. Taylor did not run for re-election, and incumbent T. J. Bearden did not file for another term.

Voting will be at the City Hall with the polls opening at 8:00 a.m. and closing at 7:00 p.m.

Those seeking seats on the City Council in the order that their names will appear on the ballot include:

Those seeking election in the order of their names appearing on the ballot are B.L. Loyd, president of the Plains State Bank; Frank Whitlock, owner of White Auto; James Warren, owner of Warren Oil Company; T.J. Miller, incumbent Alderman, seeking re-election; and Jim Barnett, employed at Horkey L.P. Gas.

A brief biography of the candidates as their names will appear on the ballot follows:

B.L. Loyd is president of the Plains State Bank and is a director of the Chamber of Commerce and the Lions Club.

Frank Whitlock owns and operates the White Auto in Plains and is an active member and former director of the Lions Club and Chamber of Commerce.

James Warren owns Warren Oil Company, he is a member of The American Legion, a past president of the Lions Club and a member of the Chamber of Commerce.

T.J. Miller is employed by Shell Oil Company and is an incumbent member of the City Council seeking re-election.

James Barnett is employed at Horkey L.P. Gas Company and is a member of the Plains Volunteer Fire Department and was Fireman of the Year in 1966.

Leo White Soybean Report

A production guideline for soybeans in Yoakum County has been prepared in the County Agent's Office and is ready for distribution to any farmer who would like to have the latest information available on this crop.

The guide states that soybeans are recommended as an irrigated crop but not recommended on dryland. It also states that soybeans will do well on any soil that does a good job of producing grain sorghums. Since Yoakum County farmers grow grain sorghum under dry land conditions, it may be that we can grow soybeans under dryland conditions also. We may lose a crop to dry weather now and then but that also happens when we plant grain sorghum.

There is one main difference in growing soybeans as compared to growing grain sorghum. The cost of the seed and the recommended planting rate makes soybeans a more expensive crop to produce. The grain sorghum would be planted with two pounds of seed per acre, or maybe even less, at a cost of 30¢ per acre. Soybeans planted on dryland would cost 7¢ a pound for 20 to 25 pounds per acre and result in a total seed cost of \$1.40 to \$1.75 per acre. Soybeans is a low growing crop comparable to cotton and weed control in soybeans is more of a problem than in grain sorghum. It may be necessary to hand hoe or use chemicals to control the weed competition in soybeans. This would again increase the cost of producing soybeans over grain sorghum.

Dryland soybeans should make 400 to 600 pounds per acre on years that dryland grain sorghum made 1,000 pounds.

The Plains Record

OUR 36TH YEAR THURSDAY, MARCH 30, 1967 NUMBER 13

Plains State Bank Plans Big 10th Birthday Party

The Plains State Bank will celebrate its 10th anniversary on Thursday, April 6th by having an open house during banking hours which are from 9:00 a. m. until 3:00 p. m., announced Bill Loyd, president of the bank.

The public is cordially invited to attend the open house and enjoy refreshments and register for door prizes. There are free gifts for all who attend the open house. There will be favors for the children, and wallets for the men, with a cup and pill box for the ladies.

The Plains State Bank has grown in the past ten years and is one of the leading financial institutions in the area. In the past decade deposits have grown to reach the \$3,000,000.00 mark.

Housed in one of the most attractive buildings of any small town bank in the state the bank serves residents from several counties and two states. The present building was completed in October of 1959, and the first day of business in the new building was in November 1st of that year.

When the bank first opened in Plains a decade ago it was housed in the building where Glovers Cleaners is located. When the Plains State Bank received its charter Bill Loyd was one of the youngest bank presidents in the state and nation.

The Plains State Bank offers all of the services extended by banks much larger and has constantly met the needs of the area that it serves.

The staff at the Plains State Bank.

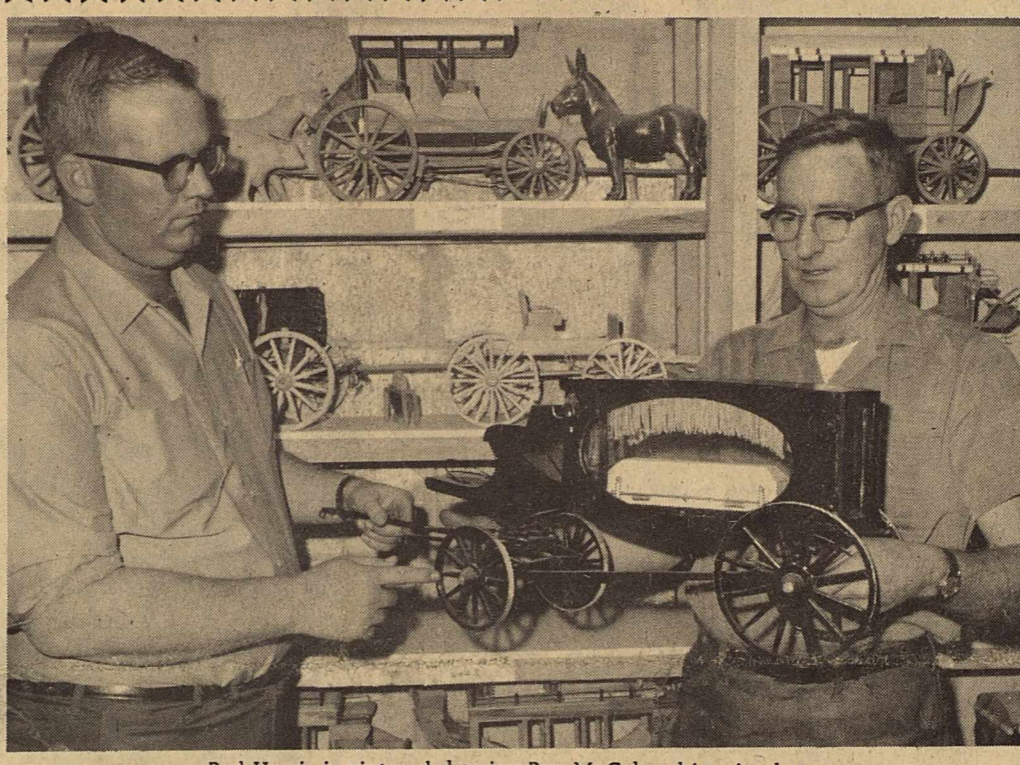

Cowboy Relays Slated for Plains

Sports fans will see the Annual Cowboy Relays get underway Saturday morning at Cowboy stadium at 9:30 a.m. Eight teams will vie for honors at the important track meet and Coach Rip Sewell says some of the best track and field events of the season will take place at the Cowboy Relays Saturday.

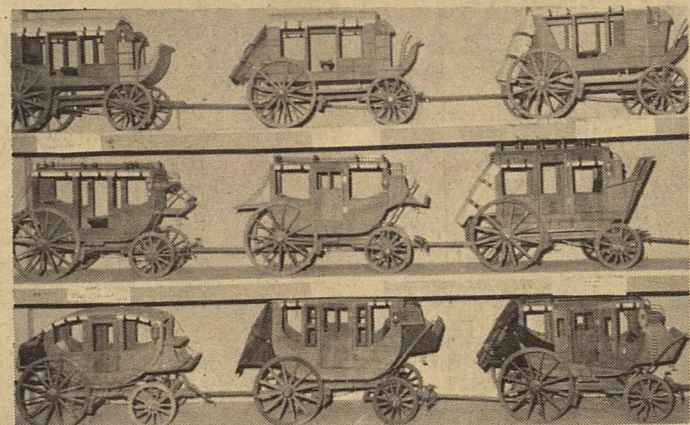

The Plains Lions Club will assist in putting on the Relays. Assignments will be made to Lions this week said Buster Graham, Lion Boss. Hopeful teams from seven West Texas and New Mexico schools will be at the meet, with Plains playing host. Beside the Cowboys the invaders will hail from Eunice, New Mexico, Tatum, New Mexico, Seagraves, Tahoka, Sundown, Bladsoe, and Whiteface. Eunice will be the defending champion from the 1966 Cowboy Relays.

The public is urged to attend the all day track and field events. A schedule of the events includes: Scratch Meeting at Press Box 9:15; 9:30-Shot Put, 5 throws-finals; Discus, 5 throws-finals; Pole Vault, Finals; High Jump, Finals. PRELIMINARIES: 10:15-440 yd. Relay, 6 to finals. 10:30-120 H. Hurdles, 6 to finals. 11:00-100 Yard Dash, 6 to finals. 11:15-440 Yard Dash, 6 to finals. 11:35-330 Yard Hurdles, 6 to finals. 11:50-22Yard Dash, 6 to finals.

Red Harris is pictured showing Roy McGehee his prize hearse.

Stage Coach collection belonging to Red Harris.

Man Builds Rare Scale Models

If time is a measure of money James A. "Red" Harris of Plains has a collection which is invaluable and interesting as well. Harris became interested in early modes of transportation several years ago and being a carpenter of no small ability attacked the situation and began building scale models of wagons, hacks, stage coaches and the like from scratch.

Harris now has completed almost four dozen models which are built to the scale of 1/2 inch to the foot. Some are 1/16 inch to the foot. He makes the vehicles from walnut. Some metal parts are used for springs or bands for the wheels.

The Plains man says it takes about 90 days for him to complete one of the models. His history of horse drawn transportation in North America is growing rapidly and Harris has everything from a work wagon to a Concord Coach, which was the Cadillac of stage coaches. Harris hopes to have his collection complete enough to place on display in a public business house in Plains during the Old Settlers Reunion in August.

One of the prize vehicles is a 19th century hearse with window panes all the way around the cab. It was made after the likeness of a real hearse which Harris saw in central Texas a few years ago.

Town Meet Tonight

Another community meeting is scheduled tonight at 8:00 p.m. in the District Courtroom of the New Courthouse in Plains. An interesting program has been prepared, said Cecil Williams, chairman, and he urged all area residents to attend.

On the program will be a showing of color slides of Plains which will be shown to help inform the public of some of the situations which are in existence in the city, such as property which is in extreme need of work expended in its behalf.

The slides were taken in the past few days and should be of interest to those who are in attendance. Other matters of business will be discussed and future plans for the community working as a team of one for the good of Plains will be discussed.

The last Community meeting was termed as a gigantic success. Almost 100 people were in attendance. It is hoped by those planning the meeting that a host of citizens in the area will lend their time to meet with their neighbors for the purpose of building a greater Plains.

G. D. Kennedy, superintendent of schools, acted as time and place chairman for the citizens committee. Cecil Williams asks that the community make every effort to attend this important meeting, and he urges people to remind their friends and neighbors to attend.

Garden Club Coffee

Plans are being made to start the massive clean up campaign in Plains, and individuals have already started improving the appearance of their personal property, said a spokesman for the Plains Dirt Gardeners Club.

A coffee is slated at the Clubroom in the Old Courthouse on April 8, where final plans will be made to launch a community clean up campaign the following week.

On Saturday April 15, a community wide work day will be staged, with a noon picnic slated in the park. Arrangements for food will be announced later. It will be a day of Plains improvement and one

CONT. ON PAGE 2

School Board Election Slated Saturday

Voters will go to the polls Saturday to elect three members on the Board of Trustees of the Plains Independent School District. Ballots will be cast by the qualified electors in the library at Plains High School. The polls will be open from 8:00 a.m. until 7:00 p.m.

Seven candidates are in the field, including two incumbents. There is one vacancy which will be filled due to the fact that a member did not seek re-election.

Veteran election observers in the county say that the campaign has been a friendly one with no heated issues at stake. Consequently a moderate vote is forecast for Saturday.

Seven men are seeking three seats on the Plains Independent School Board. Those running for positions in order that their names appear on the ballot include:

Loren Gayle is running for re-election. He is a farmer and lives west of Plains. Gayle is also vicepresident of the Yoakum County Co-op Gin. He is a member of the First Baptist Church in Bronco.

Olan Edwards is also an incumbent member of the Board of Trustees, and is a well known farmer in the county. He belongs to the First Baptist Church in Plains.

Harry Cayce, a former teacher and Editor and Publisher of the Plains Record is a member of the First Christian Church in Plains. He also farms west of Plains.

Bob Loe is a former City Secretary and is now a farmer. He is a member of the Hillside Church of Christ.

Kenneth Hale is a former Mayor of Plains and is an employee of Shell Oil. He is a member of the First Methodist Church in Plains. Hale also farms.

A.L. Milstead farms near the Tokio community and is a member of the Tokio Baptist Church and is a longtime resident of Tokio.

Elvis R. (Bear Paw) Wasson is a local trucker. He is a member of the Plains Volunteer Fire Department and was Fireman of the Year in 1965. He has also worked in the little league program. He is a member of the Baptist Church.

The contest will be decided at the polls April 1st when the Trustee Election is scheduled. All candidates are well known in the County.

Farmers Union Conclave

Members of the Yoakum County Farmers Union met in the old courthouse and elected two delegates to fly to Washington to participate in the Cotton Legislative Fly-in program April 4-6.

Those elected to attend the Washington meeting were H. W. (Curly) Taunton, Route 1, Plains and Rowe Stephens of Route 1, Tokio. They will leave Dallas Tuesday, April 4 and return Thursday, April 6th.

The delegates were instructed to make every effort to support the following program: 1. Opposition to any change in the grade differentials that will discriminate against Texas cotton.

2. Strong support for the allocation of additional projected yield to Texas to correct previous inequities in skip-row and other areas.

3. Urge future sales policies of CCC cotton give the farmer more headroom to market the current crop without government competition.

4. Seek reasonable protection against imports of foreign raw cotton and textiles, and assurance that cotton is protected in common market negotiations.

5. Seek restoration of 95% prop in regulations to protect disaster areas.

6. Establish need for permitting skip-row planting with out penalty. In other action the Farmers Union voted to support the actions of the Community Meeting and to help the City of Plains to grow.

Notice

Funeral services will be held for Felton Riggs at 4:00 p. m. this afternoon at the Hillside Church of Christ.

★★★Editorial★★★

The electorate of this community will decide at the polls within the next week who will represent them at the school and at the City Hall.

Next Saturday voters will elect three members to the Plains Independent School Board of Trustees. On the following Tuesday we will return to the polls to elect three members to the City Council.

Both elections are important and should be paramount on our minds now. It is our duty to vote in these elections because if we are good citizens we must maintain voice in the affairs that concern one of the most important institutions in any community, which is our school where our children and grand children attend, and to elect those who will conduct the business matters and set the policies which will regulate a large portion of our money and our actions.

It is our duty as a good citizen to examine each candidate and cast votes which reflect our honest and sincere opinions of who is the best man for the job.

Go to the polls Saturday and return next Tuesday and cast a vote for the candidates of your choice. Let it be said of the people of Plains that we cared enough about our school and our city to voice our opinion by casting our ballots at the polls.

Butch Sims Unhurt In Korean Crash

Butch Sims, son of Mr. and Mrs. Tom Sims of Bronco, and a 1963 graduate of Plains High School has returned home after completing his service in the Air Force. Sims was discharged in Ft. Louis, Washington earlier this month.

Just prior to his discharge he was stationed in Korea and was a flight engineer on a Helicopter. The Stars and Stripes carried an article on young Sims and his crew members after they all escaped with their lives after a freak crash which seven of the crew walked away unhurt, and only one man, the crew chief, was injured due to burns. It is reported that the men are among a few who have ever survived such a crash.

The whirley bird was supposed to make a food lift to the top of a mountain when it suddenly lost altitude and crashed into a mess hall completely demolishing the machine and injuring the crew chief seriously.

It was reported in Stars and Stripes that the crash happened

PUBLISHED EACH THURSDAY AT PLAINS, TEXAS 79355

Entered as second class matter at the Post Office at Plains, Texas, under the act of Congress, March 3, 1879.

SUBSCRIPTION RATES: \$4.00 PER YEAR IN YOAKUM AND TERRY COUNTIES. \$5.00 PER YEAR ELSEWHERE.

CAYCE'S CORNER

If you don't intend to go to the town meeting tonight, then you had better change your mind because a real treat will be in store for you. In fact a person just might see pictures of his own property, and in color at that.

A group of courageous ladies...and we won't call their names either...made the town from one end to the other and took color slides of our little city. The photos are uncensored and I would bet my last buck that they will be worth taking a look at.

When I asked the chairman of the delegation of the Society of Home Photos for the Prevention of Litter and the Like what points of interest they visited I didn't get an answer. Instead, I got a sly look and a curious little giggle in return. Somehow I would also bet that Cayce Manor is paramount in the photos. It could be that your place is also included, so come to the meeting and look at the handwork of the lady photographers.

In looking at some of the lots in Plains, my own throw in, I sometimes think that Lady Bird and her 'Build a Fence Campaign' has some merit. If you haven't heard what she advocates, then lend an ear. Lady Bird wants to build fences around junk yards and the like in order to hide the eyesores from view. She also says that hedges and shrubs make good scenery to blot out the bad points around. Perhaps the old gal has something at that.

On the serious side, I want to warn the public that the snakes are out, and that I have received reports of several kills this week, so watch your step, and caution the children that the season is here again in full force for the rattle snakes to be found almost anywhere. Dick and Sylvia killed one with seven rattles at her grandmothers house this week. Others have been reported in the fields.

STAY AWAKE ITCHING?

Let doctor's formula stop it. Zemo speeds soothing relief to externally caused itching of eczema, minor rashes, skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs, aids healing. "De-itch" skin with Zemo, Liquid or Ointment. Quick relief, or your money back!

The Bible Speaks

John 16: 9-11; As the Father hath loved me, so have I loved you: Continue ye in my love. If ye keep my commandments, ye shall abide in my love; even as I have kept my Father's commandments, and abide in His love. These things have I spoken unto you, that my joy might remain in you, and that your joy might be full.

Cont. From Page 1

which the Garden Club takes pride in planning.

A report will be given to the public at the Community Meeting tonight at 8:00 p.m.

The following is an editorial reprint taken from The Lone Star Gardener:

You Are Throwing Future Parks Away!

We are all concerned with the growth of our state, and the development of its beauty. BUT are we aware of what is being done? Do we wage an active war on ugliness?

It costs three hundred million dollars annually to clean streets in urban communities; more than \$100 million a year to de-litter the nation's highways; the U. S. Forest Service budgets \$2 1/2 million annually for litter removal and another \$1 1/2 million goes for litter clean-up in our National Parks. Our total annual litter clean-up bill is estimated at Over \$500 Million!

Since the beginning of time man has altered his environment to suit his current purposes and we are depriving future generations of additional parks and recreation areas by unsightly littering. (A single cleansing tissue takes 3 1/2 MONTHS to disintegrate, the filter from a cigarette NEVER does!)

Conservation - WISE USE - is an individual responsibility. If we implant in people of all ages, especially the young, the correct attitude toward nature we could purchase, develop and maintain needed areas with tax money now thrown out of car windows!

THE FAMILY LAWYER

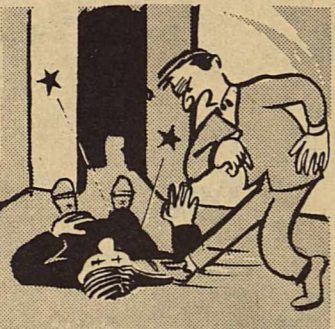

Right to "Get Even"

Haled into court for beating up a neighbor's son, Hawkins offered the following explanation:

"He threw a rock at my little girl, so I went over and taught him a lesson."

But the court rejected Hawkins' excuse and ordered him to pay damages. Pointing out that the girl was no longer in danger at the time her father intervened, the judge said the right to protect did not include the right to punish.

By and large, the law does not give you the right to "get even" for a wrong inflicted upon you or your loved ones.

Candidates Speak Out

Each candidate running for the school board was given an opportunity to make a statement concerning his candidacy, and the following replied:

Loren Gayle

'My only interest in running for re-election to the board of trustees is to attain and maintain the best all around school system possible for this school district.'

Harry Cayce

In seeking a position on the Plains Independent School Board of Trustees I am asking the people of the District to cast their vote for me for the following reasons:

Being a former teacher and having three children in the school system I am vitally interested in our school. I believe that any public board such as a school board needs members with varied backgrounds, and I also believe that one professional person should be included on such a board.

My qualifications which I believe should be considered, besides being a former teacher, include my education which consists of an B. A. and M. A. Degree. I served four years as secretary on the board of Directors of New Mexico Boys State. I served on the Liason committee with the State Department of Education in doing lobby work with the legislature. Being an editor I believe that I am closely and acutely aware of many of the needs of our students and teachers. I advocate a special ungraded classroom in order that problems such as age difference and language

barriers can be dealt with effectively.

If the people of the community elect me, I pledge to never use my paper for my personal opinions on school matters, but I will continue to print the news in a factual way when matters of public interest arise.

Bob Loe

I am seeking the office of School Board Trustee because of a very real interest in the Plains School.

Our school is the most important 'business' in our community, and has the greatest responsibility in the educating and training of our children.

If elected I will serve, to the best of my ability, the interest of the school and the children and I welcome the thoughts of everyone in the district as to how this may best be accomplished.

Kenneth Hale

In asking for the vote of the people in our community for the school board, I believe that a candidate should list his reasons for seeking office. My reasons are because I am interested in our school system, and because I am a concerned father in wanting the best school possible for our children.

We have a fine system in Plains. If elected, I will make every effort to keep its standards on this scale, and if possible to improve when the need should arise.

Having served as Mayor of Plains has given me experience in working with boards, delegations, and committees. If elected, I will do my best to serve our community in an efficient and proper way.

Security Man to Speak

Yoakum County Home Demonstration Council will have as their guest speaker Mr. Gerald L. Schant, Tuesday April 4, at 1:30 p.m. in the club room of the old court house.

Mr. Schant will give a program on Social Security for Farmers. Everyone is invited to this meeting. If there are any question anyone would like to ask Mr. Schant, he will be glad to answer them.

All members of the council are urged to attend the meeting which the program chairman believes will be informative and interesting.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

"Scam" is a term used in the P. T. Barnum "carny" world, best defined as fleecing the public, or in Barnum's own words, "There's a sucker born every minute."

But then, the patron of a show of exoticism, or a game of chance knows, if he possesses normal intelligence and sophistication, that his prospects of winning aren't very high.

The new "Scam" operators, however, pursue their "con-game" as legitimate businessmen, and are responsible for having bilked honest American business of some \$60 million so far.

Behind these "con" operators lurks the familiar shadow of the Cosa Nostra, known as the syndicate, and Mafia.

The Wall St. Journal recently ran a revealing expose of these "fraudulent failures" who are milking smaller areas as well as the country's metropolitan capitals. These "Scam" operators move innocently into an area, open a seemingly legit business, and proceed to request credit for all they are worth. The merchandise thus obtained is sold fast on a strictly cash basis, or in some cases secreted away to other locations. Soon, the inevitable bankruptcy is declared, and, of course, the creditors hardly know what hit them.

How are such shady operators able to obtain such extensive credit?

Prosecution is difficult, as the Syndicate operates as many legitimate businesses as illegal, and tracing the "black hand" is difficult. And in the case of the immediate proprietors, filing bankruptcy, it is difficult to pin the goods on them unless violation of Federal bankruptcy laws can be proven on basis of fraud perpetration.

The Better Business Bureau offers advice on spotting "scam" operators. Beware of any sudden acceleration of orders from little-known operations demanding immediate delivery. This may signal that the firm is not legit, and is attempting to rush the supplier into settling for a superficial credit check so as to grab the goods and run.

Prosecution is difficult, as the Syndicate operates as many legitimate businesses as illegal, and tracing the "black hand" is difficult. And in the case of the immediate proprietors, filing bankruptcy, it is difficult to pin the goods on them unless violation of Federal bankruptcy laws can be proven on basis of fraud perpetration.

F.F.A. News

Several of the Plains F. F. A. boys exhibited animals at the South Plains Show in Lubbock last week. Corkey Cok showed a lamb, while Reg Trout, Alton McGinty, John Preston Robertson, and John Richard Robertson showed barrows. The 'top end' of animals exhibited at Lubbock this year was possibly the best ever shown there.

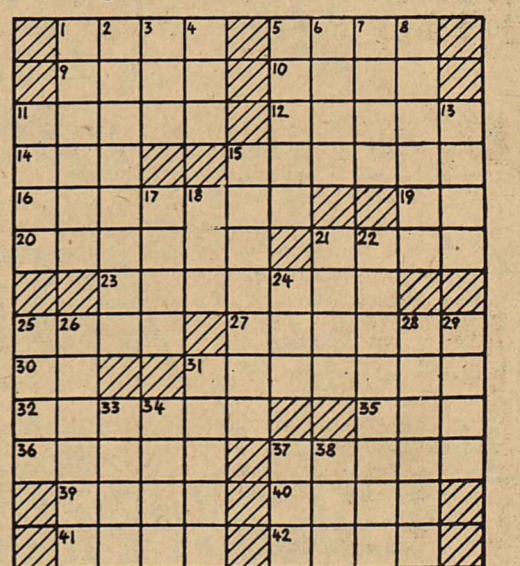

In other F. F. A. news the boys are canceling plans to sponsor the community auction this year due to a lack of consignments to interest a qualified auctioneer.

The boys want to thank those who had offered to sell merchandise.

Shrinks Hemorrhoids Without Surgery Stops Itch-Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain - without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all - results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®) - discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

A little boy was lost in a department store, and a friendly lady tried to comfort the frightened child. "Why didn't you hang onto your mommy's skirt?" she asked, drying the youngster's tears. "I tried to," the youngster replied. "But I couldn't reach it."

Cont. From Page 1
 unds of grain per acre. The 1,000 pounds of grain at \$1.70 per cwt. would gross \$17.00 per acre. Four hundred eighty pounds of soybeans per acre would be eight bushels selling at \$2.75 per bushel, the gross returns from soybeans would be \$19.20 per acre. This increase would offset the extra cost of the seed but would not take care of the extra plowing, hoeing or chemicals. One farmer in Dawson county reported that he was making more clear money from dryland soybeans than he was from dryland grain sorghum. He said he made 600 pounds of soybeans per acre and his dryland grain sorghum was averaging about 900 pounds. This would be a gross return of \$16.30 from grain sorghum and \$27.50 from soybeans so things are looking real good if we can eventually do the same thing in Yoakum County.

Masons Move

Jan Mason, who has been Associate Editor of the Plains Record for the past two years, has resigned due to the transfer of her husband Bob. The Masons have moved to Lovington, New Mexico, where he will assume new duties with City Service Oil Company. Mrs. Mason had worked for the Record when Johnny Moore was publisher of the local newspaper, but had resigned shortly before the paper changed hands in 1965. The Masons have two children, Rickey and Tammy who are elementary school students. The Masons were members of the Hillside Church of Christ in Plains. Mrs. Mason is expected to join the staff of the Lovington Leader soon.

Sarah Dianne Porter

May Wedding for Porter-Wilson

Mr. and Mrs. Gene R. Porter of Stephenville, Texas announce the engagement and approaching marriage of their daughter, Sarah Dianne, to J. B. Wilson, son of Mr. and Mrs. Joe B. Wilson of Plains, Texas.

The engaged couple are to be married at 7:30 p.m. on the evening of May 27th in the First Methodist Church in Stephenville with Rev. James Ellison officiating.

Both Miss Porter and Mr. Wilson are attending Tarleton State College in Stephenville. J. B. is a graduate of Plains High School, graduating in 1963. He majored in Biology, Science and education in College. He will graduate from Tarleton State College in May. Miss Porter is a Home Economics major.

Cont. From Page 1

Hey Kids !!! Easter Bunny

The Easter Bunny hopped through Stanford park to the delight of about 75 tiny tots and left 600 eggs for the youngsters to gather. It was reported that a bumper crop of eggs was harvested by the wee ones of the community, and that five little ones went away extra happy because they had found the prize eggs of the hunt.

Roy McGehee, Plains City Manager, was the host for the event, which was sponsored by the Plains Chamber of Commerce. McGehee extended his appreciation to the scouts who helped the bunny hide the eggs and to cub master Cecil Williams who was on hand to help the scouts get organized. The scramble for eggs started last Saturday at 10:00 a.m. in the park, and the park was roped off so that no traffic hazzard would endanger the children. Children who found the prize eggs which were worth \$2.00 in trade at any store belonging to the Plains Chamber of Commerce were Kimberly Box, Bobby Neal, Suzanne Cross, Rhona Teaff, and Betty Jay Miller. Scouts assisting in the Annual Egg grab were Ceth Lewis, Travis Loe, Weldon Nelms, Neil Bearden, Ricky McCrae, and Richard Williams. McGehee also extended his appreciation to the people who helped plan and stage the hunt and to the mothers and children who were patient and cooperative in the moments prior to the hunt.

Winners at the Easter Egg hunt.

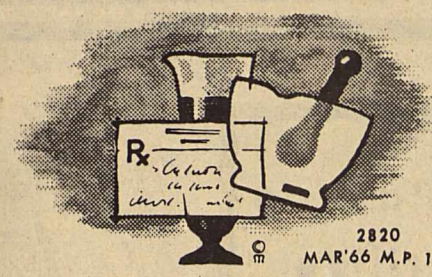

Cub Scouts that helped at the egg hunt.

Workshop

Plains Lodge 1261 will be honored during a Workshop to be held at 8:00 p.m., Friday, March 31, at the Masonic Hall in Plains. The Lodge will receive an Honor Roll Award, which is given by The Grand Lodge of Texas in recognition of outstanding attendance during the Fall series of Masonic Workshop programs. The award will be presented by Cass D. Kirkpatrick of Olton, who is chairman of the six-county Masonic Workshop

Area E-7. He will also conduct the meeting. Kirkpatrick said that Brownfield, Denver City and Meadow Lodges are also especially invited to attend the meeting. The Workshop is part of a semi-annual program held for the quarter-million members of nearly 1,000 Texas Masonic Lodges. The Masonic Fraternity is noted for its activities in the field of charity and in the self-improvement of its members.

846 Medium Maturity Winner

from the Rio Grande to North Texas

"Versatile" describes hybrid 846; it's the top-ranked medium maturity hybrid for dryland or irrigated conditions in all parts of Texas and other southwestern states.

A high degree of hybrid vigor enables 846 to outperform most earlier hybrids under stress conditions... and outyield many later maturity hybrids under good growing conditions.

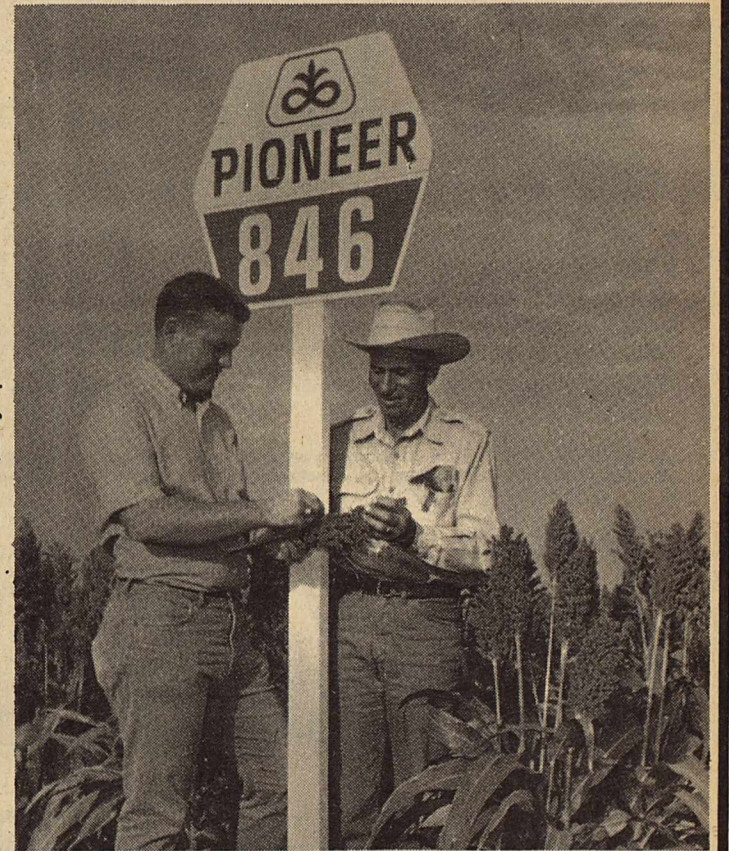

For example, 846 was compared with other hybrids in County Agent-supervised tests on seven Uvalde county farms in 1966. The winning yields ranged from 3,290 pounds to 7,743 pounds per acre—and 846 ranked first for yield on 3 farms, second at 3 others—first or second in 6 out of 7 tests!

Hybrid 846 also ranked first in 1966 in County Agent tests in Bee county (2 locations), Milam county (2 locations), Victoria county, Wilson county, and at 3 of 5 tests in Live Oak county. The previous year, in official Texas A & M yield tests, 846 ranked first at three locations and second at three more.

From 1962 to 1965, Pioneer hybrid 846 was compared with 17 other top-rated competitive hybrids of similar maturity more than 460 times in Texas A & M tests. Hybrid 846 topped these other 17 hybrids in better than 3 out of 4 comparisons—and averaged a cool 354 pounds more grain per acre than these leading competitive entries.

Short, Uniform, Excellent Roots

Relatively short and uniform in head height, 846 boasts strong, deep-anchored roots that make

for good standability. Semi-compact heads thresh out well, yielding light red colored grain. Ample head exertion smooths out the harvesting job. Good resistance to charcoal rot and head smut puts extra dependability into 846.

Under good growing conditions, you can expect 846 to bloom from 60 to 70 days* after planting, and be ready for harvest in 100 to 115 days. Regardless of where you farm in the Sorghum Belt... whether you have ample water, limited irrigation, or dryland conditions... there's extra profit for you in planting hybrid 846.

*This range in blooming and maturity dates covers most situations. Unusual conditions or planting dates may decrease or increase the time requirements.

Sen. John Tower Washington Report

Editor—1 thought the following editorial by Mr. Jack Smyth of the weekly Dover, Delaware, State News would be of interest to the weekly editors of our State—John Tower

'Just ask my wife, she'll tell you. I'm a fairly bull-headed Irishman.

'I state this, not with pride, but as a fact. And to make it clear I do not easily change my mind.

'Furthermore, it is not easy to admit I'm wrong. Especially about a matter studied and debated for many months—to which I have given much thought.

'Enough of Preliminaries. Let me get it over with—then explain how it happened.

'I am now opposed to the ratification, by the U. S. Senate, of the consular treaty with the Soviet Union.

'As you may know—U. S. Senator John J. Williams is going to vote 'no' on the issue.

'The junior senator from Delaware, J. Caleb Boggs, has indicated he will vote in favor of approval. But he was against it two years ago—and now seems a bit uncertain.

'Your letters may well cause him to change his mind—even at this last moment. And I have the feeling if Sen. Boggs does decide to cast his ballot against the administration he will look back at it, in years to come, as a good decision.

'It was 10:14 a.m. Thursday

March 9, 1967, when I changed my mind about the matter. Those of you who have been reading these editorials for the past month will remember I declared, on several occasions, my opinion that Senate approval of the treaty would do no harm—it might open a new era in Soviet-American relations.

'It wasn't a comfortable stand for me to take—but I felt I had examined the issue to the best of my ability.

'My first real doubts began to assail me when I read of the Viet Cong attack on the Marine base of Da Nang—and the weapons used were modern Russian rockets. I thought, then, a treaty of friendship with the Soviet meant shaking hands covered with the blood of fellow Americans.

'At the opening of the Government Relations Workshop in Washington last week the members of the National Newspaper Assn. were questioning a panel of U. S. Senators.

'Walter Potter of Culpepper, Va., or president, had been on a recent tour of Africa. He asked the senators to explain why the U. S. was backing the UN-British imposed sanctions on Rhodesia.

'Sen. Mike Monroney, (D-Okla.) GAVE THE USJALLBJ-Goldberg line—that the situation in that country threatened a racial war.

'Sen. John Tower, (R-Texas) took just the opposite stand. He said we had no business

meddling—and that England had a lot of nerve even bringing the matter before the United Nations.

'This is when I rose to say I disagreed with Sen. Monroney and since Sen. Tower had such good answers maybe he could explain why the Senate should approve the consular treaty when Soviet rockets and other weapons were being used against our boys in Vietnam.

'The small, young looking Texan made a masterly statement. He said the treaty, as such, was unimportant. And he would, at any other time, probably support it.

'But he said the Russians have the power to halt the war in Vietnam anytime—just by stopping military aid to the north. So if they are so all-fired-up about better relations—let them halt the aggression to the south—then talk treaty.

He further said it is about time we took a hard look at the whole East-West relationship. It just doesn't make sense to him—

'Later on Sen. Tower declared he favored the prompt closing of the Haiphong harbor. Given plenty of warning—our 'allies' could get their shipping out before it was mined. This would bring the war to an end.

'From that session I went upstairs to say hello to Delaware's Sen. John Williams and found him in agreement with Tower. Then I found

Sen. Boggs on the other side—a story I wrote later that day.

'So that was the day I got trapped into changing my mind about the treaty by Sen. Tower of Texas.

'And somehow I feel a lot better—right now.'

PURELY LOCAL

By Martha Palmer

Mr. and Mrs. Hubert Barrett of Canyon, Texas visited brother Mr. and Mrs. L. W. Barrett.

Mr. and Mrs. Jack Pierce and family of Albuquerque, New Mexico visited the Frank Whitlocks over the Easter holiday.

Carol Lackey of Dallas was a week-end visitor in Plains.

Mrs. O. C. McCan and J. W. WERE IN Pecos to see her daughter and family the Larry Sherrills.

H. G. Smith has been a patient in the Yoakum County Hospital but is home now.

The Johnnie Fitzgerald's visited her parents Mr. and Mrs. Homer Starnes in Brownfield Sunday afternoon.

Mr. and Mrs. Foye Howards of Anton were Sunday visitors of the Cecil Williams.

Carol Lackey, Winnell Loe, Billie Blundell, and Janell Pierce visited Gracie Hale Saturday who is in Methodist Hospital in Lubbock.

Mr. and Mrs. Jack Palmer and sons and the Vennum Fitzgeralds visited relatives in Sunray and Liberal Kansas over the holidays.

The Bob Blundells and the Chris Guetersloh's attended the funeral of Chris's brother in Lubbock on Monday.

Visiting in the home of Mr. and Mrs. Roy Fitzgerald were Mr. and Mrs. J. T. Jackson and family of Artesia, New Mexico.

Sandra Lewis of Canyon visited her parents, Mr. and Mrs. O. G. Lewis during the Easter holidays.

Mr. and Mrs. Shirley Curry of Brownfield were Saturday afternoon visitors of the Joe Currys.

Mr. and Mrs. Leroy Neal were in Odessa Saturday visiting his brother who is in the hospital there.

Mr. and Mrs. James Anderson and children of Odessa visited the Russell Faulkenberry's and John Anderson's over the week-end.

Marie Grisham and Helen and Polly Neal visited in Sundown with the Glendale Howard's who were visiting there from California.

Mr. and Mrs. Hollis Wolfenbarger of Sundown were Sunday guests of the John Andersons.

Mrs. Elsie Carpenter and Mrs. Bob Blundell attended the District Study Club Convention in Lubbock this week.

Education Theme For Tsa Mo Ga

In keeping with the required programs the Tsa Mo Ga Club will hear a discussion on various phases of education when the April 3rd, 1967 meeting is held at the clubhouse at 8:00.

Roll call will be answered by 'A Humerous Story About Old School Days'.

Mrs. Carl Stroup will be program director.

The Mentally Retarded will be discussed by Miss Qzella Hunt.

Mrs. R. B. Jones will talk on 'The Gifted Child.'

'The Economically and socially handicapped child' will be given by Mrs. J. M. Tippet.

'Let's play Alumni Fun' East Versus West, will be led by Mrs. Travis Been.

Mrs. Tom Warren will give

Honor for O. Henard

Word was received last week that Oscar Henard, son of Mr. and Mrs. Pat Henard, made the Deans Honor Roll for the first semester at South Plains junior college in Levelland, Texas. To be eligible for the Deans Honor Roll a student must have over a 3.0 average for the semester.

Oscar is a 1966 graduate of Plains High School. Recently he was also chosen as the National Optional Roping Champion in the American Junior Rodeo Association. He is also vice-president of this national organization.

Cub Scout Meeting

A cub scout pack meeting was held recently in the Scout Hut. Business discussed was the Den Mother's meeting which is to be held on April 3. The next Pack meeting will be on April 20. On April 22 a trip is planned for the scouts to see the Carlsbad Caverns. Fathers will be asked to participate in this trip. The theme for April will be Mountains and National Parks which is very fitting with the planned all day trip to the caverns.

A review was given over the recent trip to Lubbock where the boys ate at Underwoods and then toured Baldridges Bakery and Channel 13 T.V.

A skit was presented by Den 2 on the use of tools to fix or doctor things. Bobby Harris played the patient, Joe ST. Romain and Steve James were doctors and Richard Williams was a nurse.

Den 4 told of things made during the handy man month. Leather items were made in the Den meeting.

A boat was made by Neal Bearden.

Weldon Nelms showed an early flog he had made and told of it's meaning.

Cethe Lewis showed a fort and told of early day forts. A covered wagon made by Travis Loe was also shown.

Awards were given to the following boys: Weldon Nelms-Wolf Badge, Cethe Lewis-Wolf Badge.

New cards for the new scout year were also give to all boys present.

The boys were also reminded to meet at the park Saturday morning to hide easter eggs for the hunt. They were also encouraged to have a part in the clean up campaign.

Den 2 was to make Easter favors and take to the convalescent Home Thursday.

Bill and Mary's Moves To New Location

Mary and Bill Nokes wish to announce that they have moved Bill & Mary's Flower and Gift Shop into a new location. They are now located in the building next door to Barker's Variety Store, which is across the street from the High School. Ann's Beauty Shop is also located in the building with Bill & Mary's. Their phone number is still the same. Phone 456-4703.

Mrs. Tom Box substituted as a first grade teacher for Mrs. Roger Harvey who was ill Wednesday.

Mrs. Bessie McCravy is the new Avon dealer in the area. She is replacing Mrs. Hayden Box who sold in this area for years.

Brad Hughes of Seminole spent from Thursday night until Sunday with his cousin, Tommy Guy Box.

Linda and Janice Hughes of Seminole spent from Thursday night until Sunday with their Cousins, Lebeth and Kimberly

Box. Mrs. Gaddy of Portales, New Mexico and Mrs. Chapman of Goodland visited their sister and husband, Mr. and Mrs. T. F. Fillingim Sunday. Mrs. Fillingim was in bed with the flu.

Randy and Donnie Barr of Lovington spent Sunday and Monday with their grandmother, Mrs. Lorena Houston.

Jerry and Patty Sullivan of Brownfield spent Thursday with Toni and Branda Perkins. Other visitors in the Roy Perkins home Sunday were Mr. and Mrs. Thomas Proctor and Mr. and Mrs. Eldon Sullivan all of Brownfield.

Mr. and Mrs. W. P. Turner, Leora and Lovella, and Mr. and Mrs. R. P. Turner and family of Lovington travelled to the Big Bend area Friday where they camped until Monday.

Mr. and Mrs. A. H. Bacon of Clute visited Mr. and Mrs. Terry Bacon and children from Friday until Monday. Mrs. A. H. Bacon visited Mrs. Pete Smith Saturday afternoon.

Mr. and Mrs. Lee Roy Box, Lebeth and Kimberly had as visitors for Sunday dinner, Mr. and Mrs. Randall Hughes, Gayle and Lanny of Welch, Mr. and Mrs. —0000000

and Mrs. Glenn Hughes and children of Seminole, Mrs. Grace Hughes, Mr. and Mrs. Tom Box and Tommy Guy, Mike Hughes. Visitors in the afternoon were Mrs. Wayne Davis, Wayne Lee and Rene, Mrs. Terry Bacon, Bayne, Tammy, Danyne, Melissa, and Jennifer, Mrs. A. H. Bacon, and Mrs. Hayden Box. The children all enjoyed an Easter Egg hunt.

David Box of T.C.U. in Ft. Worth visited his parents, Mr. and Mrs. Hayden Box, and Wayne from Tuesday until Monday.

Mr. and Mrs. Sammy Williams of Morton spent Sunday with Mr. and Mrs. Wayne Davis and children.

Mr. and Mrs. Ira Tidwell, Randy and Lyndyl visited Mr. and Mrs. Elmer Houston in Olton Sunday.

Mr. and Mrs. Bill Davis of Portales spent Friday night and Saturday night with her parents, Mr. and Mrs. Ira Tidwell.

Mr. and Mrs. A. H. Bacon and Mr. and Mrs. Terry Bacon and children were supper guests of Mr. and Mrs. Tom Box and boys Saturday night.

Miss Ellen DeVreis of South Plains College in Levelland is spending the holidays with her parents, Mr. and Mrs. Bud DeVreis, Mike and Pete.

Mr. and Mrs. Garland Brown left Friday to spend the holiday with their son and wife, Mr. and Mrs. Jerry Brown, in Ft. Collins, Colorado, Jerry is in veterinary school there.

Mr. and Mrs. Don Young and Choya Don visited her sister and family in Ft. Worth from Friday until Sunday.

Mrs. Tom Box, Tommy Guy, and Bayne Bacon were in Lubbock Monday. Mrs. Box visited with Mr. and Mrs. Robert Chambliss who are staying with their daughter, Mrs. Kenneth Hale, who is a patient in the Methodist Hospital.

Cowboy Corral

Well, it was back to the 'ol grind' at school for the teachers and students Wednesday. All dreaded to come back and said it just didn't last long enough. Several went out of town to visit relatives and friends, but most just stayed around Plains. We hope all had an enjoyable time.

The Science Club trip was a big success. All seemed to have a big time but agree that it's great to be back home. Now that they are back, it's back to the 'Salt mines' preparing for the science contest at Coahoma, Friday. Best of luck to all.

We want to congratulate the 8th grade and Varsity Volleyball teams on their winning district. Now its to be even harder work outs for the Varsity to prepare for By-District and on up to State. Good luck girls, Remember! 'Cowgirls No. 1!'

The big social event at school this week was the F. H. A. Style Show and Mother-Daughter Tea. The girls modded outfits made by themselves within the past year. All had quite an enjoyable time. There was quite a variety of ensembles. They ranged from short suits to evening gowns. It looks like we have a successful group of Future Homemakers.

This weekend Plains is the host for the track meet. All have looked forward to this event. Let's show these visiting towns what a great town we have.

There has been a lot of midnight oil burned the past few weeks and a lot more to be burned as U. L. L. contest is just around the corner. All are working hard to bring in those 'first' for Plains. Let's have all State Winners.

Varsity Band is at it again with those night practices and clinicians coming to criticize. Contest is just going to be here anytime. It takes a lot of hard work, but it pays off in the end. Band, we'r behind you all the way, 'Sweepstakes Here We Come!'

Saturday several of the band students traveled to Midland for the solo and ensemble contests. Earl Kreig made a 1 on his solo, Donna Williams a 2, and the trumpet quartet a 3. The rest of the ensembles haven't heard yet what they made yet. Congratulations kids.

Some of the members of the Student Council went to the State Convention recently. All seemed to have an enjoyable time.

Saturday, March 18, was a night of splendor for the 8th graders. It was their banquet night. All said it was quite an enchanting evening.

ARITHMETIC
He's teaching her Arithmetic
He said it was his mission
He kissed her once, he kissed her twice
and said now that's addition

And as he added smack by smack
In silent satisfaction
She sweetly gave his kisses back
And said now that's subtraction

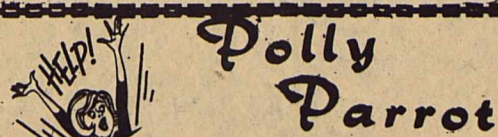

Then he kissed her and she kissed him
Without an explanation

ARTHRITIS-RHEUMATISM

Do claims and double talk make you doubt you can get any relief from arthritic and rheumatic pains? Get 100 STANBACK tablets or 50 STANBACK powders, use as directed. If you do not get relief, return the unused part and your purchase price will be refunded. Stanback Company, Salisbury, N. C.

Then both together smiled and said
How that multiplication.

But Dad appeared upon the scent
and made a quick suggestion
He kicked the lad 3 blocks away
and said that's long division.

Dear Polly,

I am a senior and my parents and I are going around and around about college. I'm madly in love with this certain boy and we want to get married, but they want me to go to college. What should I do?

College or Marriage

Dear G. OR M.

Education is very important, but there are several couples who are married and are going to college too. Maybe this is your solution too.

Polly

If you have a question or comment write to Polly Parrot in care of this newspaper.

CONT. FROM PAGE 1

ened on February 9th. The crash occurred about 15 miles east of Seoul, Korea. Less than a month later, Sims returned to the United States for his discharge.

Butch was engaged in athletics at Plains High School and he attends the Methodist Church in Plains.

Sims plans to enter school and is now home visiting and resting from his recent trip.

McQueen to Speak

Horace McQueen, well known farm and ranch news director and journalist, is scheduled to speak in Plains Friday, April 7 at 8:00 p.m. in the school cafeteria. McQueen recently toured Australia, and will show pictures and tell of his trip.

The public is cordially invited to attend the program which is sponsored by the Young Farmers of Yoakum County. Bob Rucker is president of the County Chapter.

McQueen interviewed West Texans who now live in Australia. Bo Stephens, vocational agriculture teacher, says he believes the program will be of great interest to all of the people of our area, and urges the public to attend.
