Garden Club Meets

The Plains Dirt Gardeners met for their regular monthly meeting in the Clubroom of the Old Courthouse to install officers for the 1967-1968 Club year. The following officers were installed by Mrs. Leon Lewis, Out-going President. Mrs. jim Brown, President, Mrs. Robert Young, vie Faulkenberry, Treasurer.

The Plains Dirt Gardeners have nominated two local women for consideration in a Publication called 'Outstanding Young Women of America.' A committee selected Mrs. Dickie (Kay) Green and Mrs. Duane (Latrell) McDonnell as representatives from Plains for this honor.

This publication is an annual biographical compliation designed to recognize the achievements and abilities of the young women of America. As Margaret Chase Smith, United States Senator stated: 'This book calls attention to the great capabilities of our young women and their ability to get things done. Through their efforts, this nation will be an even better place to live.' America supplies an uncommon opportunity for it's women. It is the purpose of 'Outstanding Young Women of America' to recognize and honor those who have accepted this challenge.

In our community there are many young women who work diligently to make their city a better place to live.

participate in varied activities. They volunteer their time and talents. They achieve personal excellence in their choosen professions. They are active in their church. And last but far from least they are good homemakers, the highest of all professions.

The Plains Dirt Gardeners whishes to thank all the clubs that sent in nominations for this high honor, and wish all nominations could have been sent into the committee for consideration-

McGinty and Stevens attended the West Texas area convention in San Angelo last week end. The nomination came fr-

picture of the Little League race in Plains this week as they bombed the Indians 7 - 1 Tuesday night and edged the Cubs 11-10 in Friday night action.

Tribe Braves took an early 1 - 0 lead and had runners on base with no outs when the Giants became arroused and came up with a tripple play to split the war club into pieces and go on to shell the Indians with a streak of hits for the win-

race as they beat the Tribe Friday night and had a no contest when weather ended the Yank - Cub match Tuesday night. The Yanks had an 8 - 4 lead over the Cubs when the game was called because of inclement weather, but it was all for naught as not enough innings were in the book for it to be a game. The Cubs had a rally going with the bases loaded when the game was called.

In the games Friday night the resurging Giants will face the defending champion Cubs in the first game, and the Yanks will meet the Indians in the second game.

Even though the Giants are in the limelight, the Yanks are still in first place in the chase for the crown. The Giants trail the Yanks followed by the Cubs and Tribe is in the cellar for the first time in six vears.

Mike McRae was credited as winning pitcher for the Giants in what is easily one of the best performances of a ball club this year. The Giants made a triple play and an unassisted double play to garner the win.

Only a week ago the Giants had no representatives in the first 10 batters in the league and have come from no where to be the challengers this week.

Loans Boost Area Economy

Loans made by the Farmers Home Administration is having a strong economic impact in strengthening the rural economy in Yoakum County.

This was pointed out by Mr. Homer P. Cole, local county supervisor, when a recent review of the Farmers Home Administration supervised credit program revealed that \$90,220.00 was loaned for the purchase of fertilizer and otther chemicals in Yoakum County for this current crop year. This is just one example of the improved farm management practices that is financed by Farmers Home Administration that affects most business firms in every local rural community.

It is estimated that 85% of the total amount of \$782,360.00 loaned this fiscal year by the agency has been spent by borrowers doing business with local merchants in this coun-

This impact on the local economy is in addition to the added income that will result at harvest time when improved farm management practices will increase total income.

The Farmers Home Administration policy is to strenghten the family farm as well as strengthen the local rural communities.

This policy is being implemented in this area by furnishing credit for improved farming practices and making loans to establish young farmers in the farming busin-

Vet Set For Pets Soon

Roy McGehee, City manager - secretary, reported that Maybre from Seminole will be at the fire station Saturday, June 17, at 1:30 p.m. to 4:00 p. m., to vaccinate pets in the area.

The Seminole vet comes to Plains once or twice a year to give rabies shots to area dogs and cats. It has been about a year since Dr. Maybre has been here.

McGehee urged owners of pets to have the animals vaccinated Saturday and to get their tags for the pets. A recent city ordinance requires all dogs to be vaccinated and tagged in the city limits.

McGehee said the danger of rabies is always high at this time of year and asked that the public cooperate in complying with the ordinance which is on the books.

McGehee said that a charge of \$3.00 will be made for vaccinating the animals.

Gene reported to his friends that some very attractive females were moving a fence north of Plains and that the members of the fairer sex wore bikini bathing suits to work in; however the three skeptics said this couldn't be right and that they wouldn't consider believing the facts of the case on hearsay, so Schoenrock decided to thake the three doubters so that they could see for themselves.

Graham, Allsup and Townes were taken to the farm whe ere the girls were supposed to have been working on the fence. You guessed it . . . no girls in bikinis.

Her dress was new, the veil was borrowed, and she wore a blue garter given her by Mrs. Max Hobbs and Mrs. Reece Bennett. Traditional birth-year pennies were in her shoe.

Mrs. Cordell Huddleston, aunt of the bride, registered the guests.

There was a reception in Fellowship Hall of the church after the ceremony. Miss Becky Greaves and Miss Gloria Brown were at the serving table, and Mrs. Jack Palmer of Plains Texas played the organ. Friends acting as hostesses were Mrs. Robert Lydick, Mrs. James Boothe, Mrs. J. W. Patterson and Mrs. Jack Clark.

Grain sorghum crops that bloom after August 5 are usually considered early enough to escape from damage by the grain sorghum midge. The bulk of our dryland crops this year, if we ever get to plant them, will be in bloom after that date. Even the earliest maturing varieties require 50 to 55 days from planting to full bloom.

Since 1959 producers have avoided heavy yield losses by planting sufficiently early to have the prain past the susceptable stage before midge populations developed. This year the story is likely to be different. The midge is now working in the southern part of Texas where grain sorghum fields are in bloom. PROGRESSIVE AND CIVIC -MINDED

William R. 'Bill' Redin

It is a privilege in this Lovington review of progressive men and firms that have been such a great aid to the gro-Wth and development of this section of the Southwest to place such a man as William R. 'Bill' Redin of the Magneto Ignition Company on an equal plane with all others in this rank. In the past, few men have exceeded him in coributing of their time and rgy to the onward progress of Lovington and the surrounding country.

Mr. Redin is generally recognized as one of the more conscientious business men in this district, and he retains that distinction in the admiration and respect of his wide circle of friends. Also his interest in, and the very valuable assistance he has rendered to the many projects of a civic nature, reflect the principles which he has always so successfully applied to his business affairs.

P.G. Adams

Because this is a period of growth and expansion for Lovington, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are the erefore, glad to pay tribute to P. G. Adams of Lovington Ready Mix Concrete, and the Adams Concrete Company, for he has become a well-known figure in the business life of

Mr. Adams' persistent optimism, and steadfast belief in the continued future prosperity of the people of Lovington and vicinity, are characteristics which are deserving of our highest praise.

P. G. Adams has also always shown a willingness to do his part in civic advancement, and has contributed his bit, in one form or another, to projects promoted for the welfare of the city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his business and private affairs, and because he is willing to contribute to the public good.

Ralph Collins & M.B. Allen

Due to the efforts of a group of wide awake business men, the city of Lovington has attained a dominent position in the business and industrial life of this section of the Southwest. And two of those who have justly earned credit for being progressive members of that group are Ralph E. Collins and M. B. Allen Jr., of the Lovington Rental & Tool Supply.

It is because of the successful operations of such a business as theirs that the city of Lovington has earned the reputation of being one of the more progressive communities in this area.

Mr. Collins and Mr. Allen have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic pro-

We congratulate 'Bill' Redin on his record, and sincerely hope that his career will bas as useful and completely successful in the years ahead as it has been in the past.

Jim m y Reed

In mentioning some of those men who are taking a progressive part in the evolution of the business life of this section, we would be censored if we failed to include Jimmy Reed of the Reed Welding Service, a firm that specializes in custom made stock and horse trailers, and offers a complete overhauling trailer se-

Mr. Reed is that solid type of citizen whose fairness and friendliness, and a sincere desire to be of service, are accountable for a large measure of his success. And as time goes on, his personal interests have become more closely interwoven with the business and commercial activities of the city. As a result he has, quite naturally, become accepted as a man who can be called upon, and who will cheerfully do his part to further the development of those community activities to which he is best fitted to lend assistance.

Jimmy Reed has, by the conduct of his business, and by his attention to civic affairs, earned the friendship and good will of his fellow citizens. He is to be complimented for his activities, and we only express the wish of his many friends this section of Southeastern New and associates in wishing him

Mr. Newsom is a man of ideas, and he is as practical as he is progressive in putting those ideas to beneficial use in furthering the service he renders to the public. His sound business judgment, and unwavering honesty are characteristics which place him in the front rank with other husiness leaders of the city. Yet, he is unassuming and modest in his personal contact with the people; always reado to listen

to their ideas and desires. We are glad to pay tribute to capable citizens of this type, for it is such men as Paul Newsom who have caused Lovington to become recognized as the leading trading center for this section of Southeastern New Mexico.

Mr. Harris was never a

man given to wishful thinking. Because his methods are those of direct action, and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability, and his keen sense of values, and it is easily understood why he is almost invariably successful in business or other matters.
