

# PLAINS ALL STARS WIN DISTRICT CROWN

17 Out  
At Plate

Plains Little League All Stars played cool defensive baseball to go on to win three games in the District 26 tournament here and allowed only one run in all three tilts to win the championship for the first time in the history of the county. The All Stars from home, bombed Sundown-Whiteface 12-0, Edged Denver City in seven innings 2-1, and held Levelland scoreless to win the tournament 1-0. Plains All Stars were coached by Cecil Williams and Jerry Hale.

The outcome of the first round was never in question as the score continued to mount in the contest in favor of Plains. The Plains nine got into action early as Joey Lowe belted a homer in the first inning with two on to take a 3-0 lead and it continued to grow. Pitcher Mike Cayce struck out 15 players to garner the win.

In the second game of the tournament for Plains, Joey Lowe was on the mound for Plains and Lindell Trout was in command for Denver City. It was a pitcher's duel throughout the regular six innings and Plains managed to hold on for the win. Denver City took a 1-0 lead in the sixth as Robert Qualls had walked after one out, and Bruce Shores got the first Denver City hit of the game. Then Brent Youngblood struck out after knocking a foul ball over the fence, and Ivan Boyd drove in the run to put Denver City ahead.

In the last of the sixth David Sewell lead off with a single and stole second and advanced to third on a sacrifice by Mike Blount. Joey Lowe then put a perfect bunt down the line to score Sewell and tie the game.

In the seventh Joey Lowe was able to hold Denver City and Tony Chandler got on base with a single. There were two away and Randy Tidwell singled into right field to drive in

the winning run for Plains and gain the local All Stars a place in the finals against Levelland.

Pitcher Joey Lowe struck out 17 batters and Lindell Trout put 16 away in the duel which was a credit to both boys.

Catcher Jerry Parrish backed up pitcher Joey Lowe and constantly kept the few runners who reached base close to the bag and ended threats of passed balls.

Strong defensive plays from Pete DeVries, Tony Chandler, and Mike Blount kept fires put out when threats arose.

Cecil Williams put it this way: 'It was due to a team effort and the boys playing baseball without errors that gave us the team effort to win the District Championship title.'

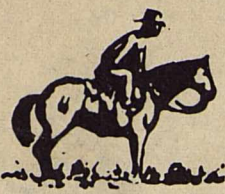

Member of the All Star team included: David, Sewell, Mike Blount, Mike Cayce, Tony Chandler, Joey Lowe, Jerry Parrish, Mickey Kennedy, Mike McRae, Pete DeVries, Randy Tidwell, Killer Lowe, Bobby Blundell, Mark Cayce, and Travis Loe.

## ASC Says July 31st Last Day

Farmers have until the close of business on Monday, July 31st to redeem their 1966 crop cotton which is under Commodity Credit Corporation loan. Growers who have 1966 cotton under loans may redeem their crop at any time through July 31st by paying off the loan plus charges and interest. Any of the cotton on which loans have not been repaid by July 31st will be acquired by Commodity Credit Corporation.

Through July 1st the total of 4850 bales of the 1966 crop cotton was placed under loan for Yoakum County farmers. As of this date 140 bales of cotton have been redeemed, leaving loans outstanding on 4710 bales. The warehouse receipts on the unredeemed cotton are in the County ASCS office. To redeem cotton all persons interested in the cotton, or their authorized agent must sign the redemption documents.

OUR 36TH YEAR THURSDAY, JULY 27, 1967 NUMBER 30

## Its Rodeo Time in Plains! Old Timers Day Set Here

The 14th Annual Old Settlers Reunion and Rodeo will get underway this afternoon at 5:30 p.m. with the parade leaving Anderson Grain Company and proceeding through town to the Pick and Pay Grocery Store. State Rep. Jesse T. George is expected to be in Plains for the parade and will ride with Mayor Billie Ray Kennedy.

Rodeo fans will see the big show get underway at 8:30 p.m. each day. Usually the rodeo starts at 8:00 p.m., but due to daylight savings time the time has been moved.

Queen candidates are still selling tickets and the results will be tabulated Saturday after the Old Settlers reunion and Barbeque in the park. The public is urged to buy tickets from the candidates. The reigning queen this year is Irina Wynn, daughter of Mr. and Mrs. Billy Wynn of Plains.

The books will be located at the city hall, and will be moved to the arena each night during the rodeo performance.

The official 1967 saddle and belt buckles are on display at Moore and Oden's Department store on the west side of the square in downtown Plains.

One of the most popular parts of the annual show is the noon Barbeque held in Stanford Park in Plains. This is the time that most visitors are able to see old friends.

Everyone is urged to attend the Barbeque. Tickets to the Barbeque will cost \$1.50 for adults and 75¢ for children and these tickets purchased at the Barbeque at noon will entitle you to free admission to the Rodeo on Saturday night.

The Rodeo Dance will be held each evening after the Rodeo with music by Jimmy Mackey. Tickets to the dance will cost \$1.50 per person on Thursday and Friday nights and \$2.00 per person on Saturday.

County judge Gene Bennett is in charge of the books again this year, and he extends an invitation to all of the residents of Yoakum County to come to the rodeo. Judge Bennett said work is now complete on the arena. The judge said that repairs have been remodeling the chutes for the past few days and that dirt has been hauled to the rodeo grounds in order to make the show a better one.

## Editorial

America's fifth largest city stands in ruins with its gutted buildings giving the appearance of a military seige comparable to the aftermath of a full scale war. There is one difference. Detroit was destroyed by a rampaging mob of looters and rioters who are citizens of the United States. Television has brought this awesome report to our living rooms and we have seen enough to make us quake in our boots. We have heard Black Power advocates threaten that America will be burned to the ground if the negro isn't given his freedom.

The same constitution is at the disposal of 22 million black men as it is for the white race. We have heard enough from the ilk of these agitators. We call upon Senators Tower and Yarborough, and Rep. George Mahon to strongly urge that a congressional committee not only investigate the source of origin of the riots which have left the face of America scared, but that they investigate the Black Power movement and make recommendations to the justice Department and to the President.

The danger is imminent that such civil disobedience could be ignited in dozens of our larger cities at once. If this happens it will no longer be a riot or rebellion, it will be revolution. We believe the situation is indeed grave when lawless mobs threaten with the destruction of public and private property and endanger the lives of those millions of people who are law abiding Americans.

Order must be restored throughout our land at all costs. We must arise to the emergency at hand and meet our obligations or we will be faced with anarchy and the possibility that the greatest government known to man will be brought to its knees.

Mr. and Mrs. America if we care about such things as freedom then we will write our congressman and senators today concerning this matter which is of far more importance than most of us realize.

## Sen. Tower Tells Future Problems

In a special telephone interview with the office of United States Senator John Tower, the editor learned that Sen. Tower has given support to the Brooke resolution calling for a full scale investigation of the reasons for civil disobedience and riots in Detroit and other cities which have been torn apart by riots and looters.

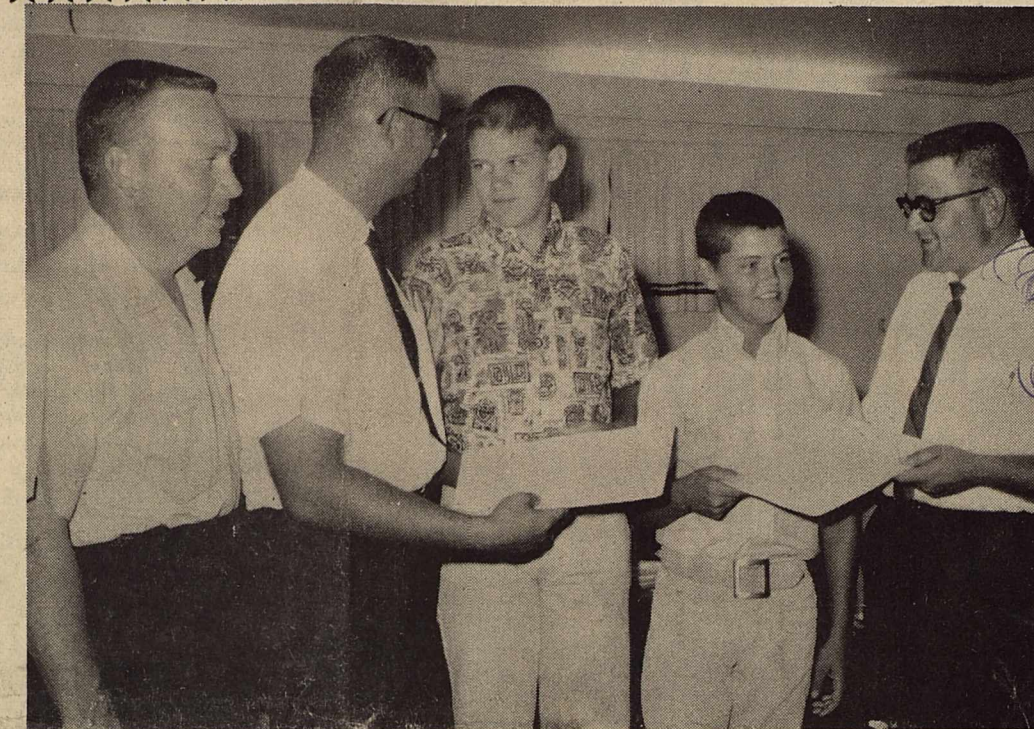

Sen. Tower also gives assurances that he supports and urges congressional investigations of the Black Power Movement.

The senator plans to visit the sites of the riots as quickly as some form of law and order returns to the areas and will report to Texans on what he finds.

The Texas Republican also supports the National Republican leadership in calling upon the administration to lend the weight of the presidency to support legislation to prevent riots and to revamp the laws concerning this subject.

In the senator's weekly radio message to Texans, he will

Cont. on Page 2

Bill Loyd watches Cecil Williams and Jerry Hale present Mike Cayce and Joey Lowe with records of their pitching from the tournament. The Plains State Bank gave the entire team a dinner.

## Man Jailed After Break-in

Sheriff Olan Heath reports that L. D. Bryant has been charged with breaking and entering in connection with the break-in at the Cowboy Grill last week. The sheriff reported that Bryant is in custody in Kermit and is being held in lieu of \$3000.00 bond and is also charged with hitting a place in Winkler county.

The Yoakum County Sheriff said he checked a lead out at the Plains Motel and that Mrs. Green was able to give him the license plate number of Bryant's car and that he sent out a hold on Bryant. This led to the arrest of the charged man in Kermit.

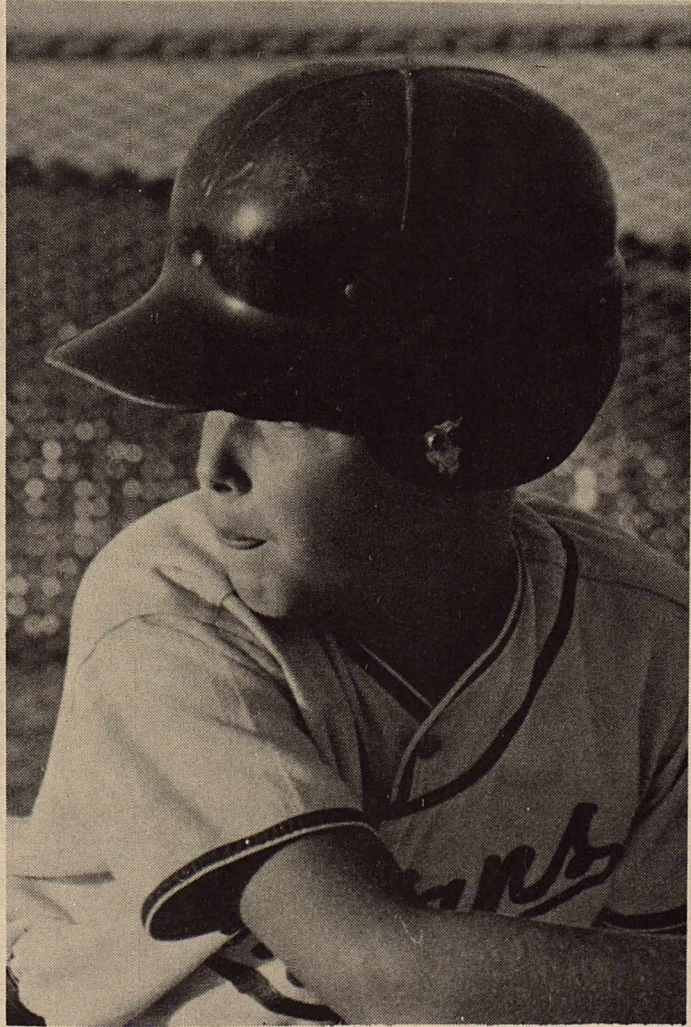

The break-in occurred on Monday night and the man was arrested the following Wednesday, the sheriff reported.

The sheriff extended his appreciation to local business people for helping in furnishing information leading to the

arrest. Bryant lived in Denver City before the break-in occurred. The sheriff reported that nine men were arrested over the week-end and charged with being drunk, and that three other were arrested at the ball park for drinking and creating a disturbance.

The sheriff also reported that at two state highway patrolmen and their families will move to Plains by the first of the year.

Sheriff Heath has been working on the goal for the past five years, and reports that he is happy that the state is sending the policemen here.

The Spirit of Baseball Photo Morton Tribune

## ASC Allotments Feed & Cotton

The County ASCS office expects to start making final cotton and feed grain payments in August. Payments documents are being computed now as farmers file their reports showing the acres planted in cotton, feed grains and diverted land. August 15th, 1967, is the final date for reporting the acreage of cotton on the farm, the diverted acreage and the spring

seeded feed grain. This applies to all farms in the county participating in either of the programs.

For the convenience of the farmers reporting their acreage the county office will be open for business on Saturday August 5 and Saturday August 12th; and will also remain open through the noon hour beginning August 7th through the final reporting date of Tuesday August 15th.

## Gets No Hit Game

Plains Little League All Stars faced the defending District 26 champs Saturday night and ended a six year winning streak for mighty Levelland as Mike Cayce pitched a no hitter for Plains to hold Levelland scoreless for a 1-0 victory to send the home team on the campaign trail in quest of additional glory.

Both pitchers stood each other off for five innings with Plains batters hitting into fielder's choice or fly balls. Humble began to ease up in the fifth and Tony Chandler hit a line drive to get on base. There were two away and Mickey Kennedy came to the plate and hit a line drive to score Chandler which proved to be the big offensive push of the ball game.

In the sixth Cayce walked a Levelland player but he could advance no further than second base because the ball game ended when Burnett struck out to retire the sides.

It was the second no hit game for Mike Cayce in the past two weeks. He blanked the Giants in the final game of the regular season 10-0 for his first no hitter.

Mike had pitched a one hitter in the first game of the tournament and had struck out 15 men in that game. In both games the big Plains pitcher struck out 29 batters.

Levelland had won the District Championship for six straight years. This is the first time for Plains to win a District tourney.

In other games of the tournament Morton downed Ropes 15-0, but fell to Levelland

6-0 on Friday. Brownfield was blanked by Levelland 7-4 on Thursday and Denver City outlasted Seagraves 8-3 to advance to the semi finals.

Sherm Tingle was tournament director and the officials for the tournament included Rip Sewell and John Richey as score keepers. The umpires included Buddy Hanna, Dub Nelms, Gilbert Pierce, and Little Bob McDonnell. The Umpires rotated behind the plate from the bases. Al Gardner is the District Administrator of Little League and was present during the tournament. He is publisher of the Levelland newspaper.

Cecil Williams and Jerry Hale extended their appreciation to Mayor Billie Ray Kennedy and Commissioner Johnnie L. Fitzgerald along with Bobby Kinsey, Plains policeman and Sheriff Heath for their services rendered during the tournament. Barrett's Ambulance service was also credited with their services. Announcers Bob Blundell and Harry Cayce were extended the manager and coach's appreciation.

Special credit was also given to Mrs. Gene Phillips for raising the money to send the All Stars on to Levelland.

## City Water Plans Blocked by FHA

City officials have encountered a major obstacle in getting underway with improvements to the City water system. City manager-secretary Roy McGehee when asked by the editor of The Record what the difficulty is, reported that the officials from the F. H. A. have informed the city that the \$50,000.00 loan which the city sought and was given reasonable assurance that it would get from the government could not be made available on an unsecured basis.

The City of Plains was also informed that it would take up to four years to receive the \$100,000.00 grant that the city officials had hoped to get in connection with the \$100,000.00 bond issue that local voters ratified by more than a two to one vote.

In a telephone conversation with U. S. Rep. George Mahon, the congressman said he will check into the situation and make every effort to help get

the funds for the city.

If the government will not make the money available in the grant and in the loan, it will mean that the city will have to seek new sources if it plans to improve its system, said McGehee.

Rep. Mahon requested that the city supply him with the reports which were made by the engineers, and other data, in order for him to devote his best efforts in the cause for the city.

It is not known at this time the route the city will take if the money is not made available by the F. H. A., but it was indicated there will be further contact with Mr. Mahon who heads the Appropriations in the House of Representatives.

Mr. Mahon stated that he is aware of other loans which have been made, and that he will advise the city as quickly as he has made a determination.

## Rep. George Mahon Respect of Law

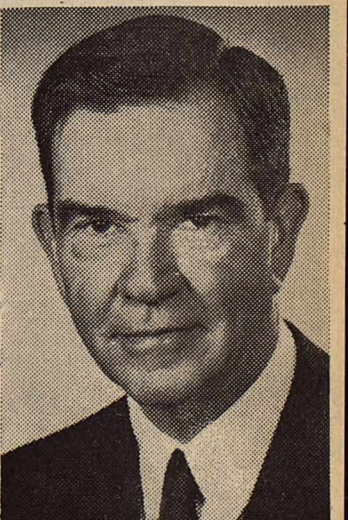

In a special telephone interview with U. S. Rep. George Mahon the West Texas congressman and chairman of the Appropriations Committee spoke out strongly to the editor of The Record in connection with civil disobedience and riots which have destroyed much of Detroit, Michigan.

The respected Texan asserted that these people must learn that they get no where in looting and rioting and that there is a better way of life than taking the law into their own hands.

The congressman said that he is taking a strong position on this issue and that this looting and rioting must stop whatever the consequences may be. He urged Democrats and Republicans alike to stop playing politics, because it is coming home to haunt both parties.

Rep. Mahon stressed that we cannot tolerate anarchy and that we must have stability first. The Appropriations chairman further stated that the House Committee on Un-American Affairs is constantly attempting to get to the bottom of these issues and that he urges them to continue to find who is behind the Black Power movement and who is behind the instigation of the riots and looting. Mahon also said that he will urge the Attorney General to take a hard look at the situation and reappraise what is happening.

The congressman said that he voted in the last session on the bill which would have made it a crime for a person to cross a state line for the purpose of inciting a riot. He said it failed in the senate due to no action being taken. The congressman also said he voted on the bill last week favoring the same type legislation and hopes the senate

Rep. Mahon

Congressman Mahon said the people of Texas and America should be concerned with what is happening and if we are concerned then these riots will be stopped. The congressman also said he feared a simultaneous outbreak of violence in a number of cities at once and added that he agrees if this happens it will no longer be rioting or rebellion, but that it could be revolution.

## CAYCE'S CORNER

When the umpire said strike three the other night in Levelland it rang the curtain down for our local All Stars. I suppose I should feel somewhat blue that we didn't win the game and advance further, but I don't feel that way because our team went further than any other in history from Plains, and the odds are stacked that it will be sometime in the distant future before we get that far again. I believe our boys are true champions in every respect of the label, because they knew how to take defeat. If the people of Plains could have seen the way our boys visited with the Plainview boys in the cafe after the game, and the way that our boys sincerely extended their wishes that Plainview will go on to more honors, knowing all along that the defeat ment the end of the trail for them, the road home wouldn't have been nearly so long. The mark of a real championship team is to be able to taste defeat knowing that it matters not the score, but how you played the game. Our boys did this and I am proud of them... not just as a father... but as an editor who is supposed to be able to sense the reflection of public opinion. Somehow I think this is more important than winning the game. The purpose of baseball with children is to teach sportsmanship and to build character and not just to learn how to catch or bat a ball. I believe that Cecil Williams and Jerry Hale did this with our All Star team and deserve as much credit as the boys. These men constantly tried to impress upon the team that errors could cost them a ball game, but that errors in their association with other people were far worse and could be more costly in the long run. Our boys were taught to respect our flag and to respect prayer. These are important in a nation which is filled with hate and violence and one which has demonstrated that a respect for law and order is beginning to fade. The tip of the hat in the corner this week goes to Cecil, Jerry, and the boys who composed what we believe to be real champs in every respect.

## Legal Notice

THE STATE OF TEXAS)  
COUNTY OF YOAKUM)

KNOW ALL MEN BY THESE PRESENTS:

NOTICE OF EXECUTION SALE

By virtue of an execution issued out of the District Court of Yoakum County, Texas, on a judgment rendered in said Court on the 31st day of May, 1967, in favor of Clyde Hartwick and against Ira Tidwell, in the case of Clyde Hartwick vs. Ira Tidwell, No. 2667 in such Court, I did on the 6th day of July 1967, at 9:30 o'clock, A. M., levy upon the following described tracts and parcels of land situated in the County of Yoakum, State of Texas, as the property of said Ira Tidwell, to-wit: A part of Section 427, Block D, John H. Gibson Survey, described as Lots 1, 2, 3, 4, 5, 6, 7, 8, and 9, all in Block 70, of the Original Town of Plains, Yoakum County, Texas; And on the 1st day of August, 1967, being the first Tuesday of said month, between the hours of 10:00 o'clock A. M. and 4:00 o'clock P. M., on said day, at the courthouse door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Ira Tidwell in and to said property.

/s/ Olan Heath  
Sheriff of Yoakum County,  
Texas

## LETTERS TO THE EDITOR

Mr. Harry Cayce,  
Publisher  
Plains Record  
Plains, Texas  
Dear Harry:

As president of the Morton Little League, I want to express my appreciation to the Plains Little League organization. Your organization and hospitality during the recent Area B, District 26, tournament was excellent.

I would particularly commend Sperm Tingle for his work as Tournament Director. Under his direction, a number of nameless volunteers did a lot of work to make the three-day event run so smoothly. The grounds crew should be singled out for special mention. They had the field in beautiful condition and managed to keep it in good shape despite some untimely rains and hard usage.

My appreciation also goes to the umpire staff for their dedicated work and fairness during the tournament.

There are so many others: the announcers, scorekeepers, score-board workers, concession stand crew, who did their part to make the tournament...

discuss these factors. The senator stated that he realizes the people in Texas are disturbed as other Americans are when they see great cities destroyed by mobs of looters and rioters.

Sen. Tower reported that Sen. Brooke, the first Negro to serve in the U. S. Senate, has called upon congress to find the reasons behind these riots, and that Sen. Tower gives his support to this resolution.

Later in the week when the senator gives his weekly report he hopes to have more first hand knowledge concerning the causes of the lawless acts demonstrated in Detroit and elsewhere.

The senator will report by radio over about 100 stations and will include this data in his weekly column which is carried in The Plains Record.

# Tokio News

By Ferne Lowrey

Mr. and Mrs. Roy Lowrey, Jerry Lowrey, and Diane Barden, cousin of the boys visited Russell (Soapie) Balch and N. C. Clanaan in Lubbock Wednesday.

Mr. and Mrs. Ray Jones, and Gregg were Tuesday night supper guests of their son and wife, Mr. and Mrs. Jerry Jones in Lubbock.

Mrs. Lee Roy Box and girls, Mrs. Grace Hughes, and Mrs. Tom Box and Tommy Guy visited Mr. and Mrs. Glenn Hughes and children of Seminole Sunday afternoon.

Wayne Box, Mike Hughes, Jerry Brian, and Rita Brian attended a weinmer roast in Stamford Park Monday night for the Yoakum County General 4-H Club.

Mr. and Mrs. Terry Bacon and children were supper guests of Mr. and Mrs. Alton

## Water Funds

WASHINGTON, D.C., July 26, 1967—Representative George Mahon reports from Washington that this week the House passed the Public Works Appropriation Bill which includes \$400,000 to continue a broad investigation of the possibility of importing water into the West Texas and Eastern New Mexico area.

Of the sum provided, \$200,000 goes to the Bureau of Reclamation and was included in the President's budget and was placed in the bill upon request of Mahon, Chairman of the House Appropriations Committee. Mahon stated that the additional funds would be made available to the Corps of Engineers in order to achieve proper coordination between the two agencies.

The preliminary study of water import possibilities for the area was launched last year. The amount provided in the current bill will continue this study and will broaden it to include both the Bureau of Reclamation and the Army Corps of Engineers. Mahon pointed out that the importation of water into the West Texas and Eastern New

Mexico area was an extremely long-range proposition and will require the coordinated efforts of many interests. He was confident, however, that proper steps were being taken at this time to move the project forward.

## Shower

Miss Caroline Crutcher, bride elect of Robert Yeager, will be honored with a Super Market Shower on Saturday, July 29, from 3:00 to 5:00 p.m. in the club room of the old courthouse.

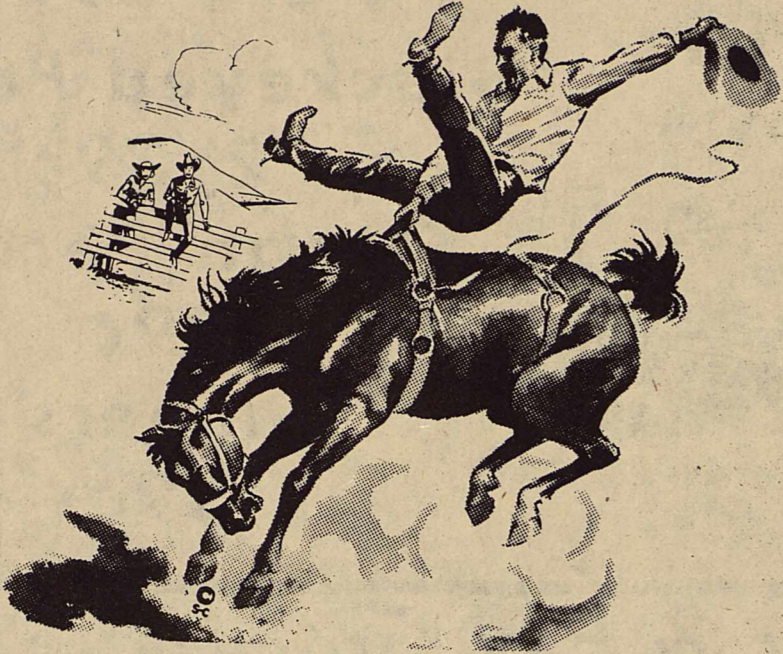

Friends are asked to bring non perishable groceries in a paper bag.

All friends of the couple are invited to attend.

Members of Iota Pi Sorority are pictured above as they present Little League fund chairman Maurine Phillips with a \$25.00 donation. Pictured from left to right are Maurine Phillips, Charolette Kennedy, Archie Glover and JoAnn McCann.

## Plant the Seed

*where you expect to Reap*

IT'S what you might call a commonly recognized agricultural principle that if you want to do your harvesting on a particular piece of ground, that's the place to sow your seed.

Using the same general type of reasoning, it is obvious that if you want to harvest a nice crop of prosperity... in the form of better business, a better job, a better community in which to live... it's advisable to plant your trade dollars where they

will produce growth for you, rather than for somebody else.

The homes we live in... the jobs and businesses which support us... the schools and churches that teach our children and enrich our lives... the convenient stores and service establishments that supply our everyday and emergency needs... none of these were built, nor are they supported by the dollars that are spent in some other community or city.

The Better Things Are Yours! with GOLD BOND Stamps!

James Warren in a field of forage sorghum that will protect his soil. This is a field of volunteer cane that was plowed to produce a good cover. Add organic matter and hold moisture this winter and spring.

### Sorghum Cover for Conservation

By G. Murrell Thompson

What will your land look like next spring? Will it have plenty of cover to hold both the soil and the moisture? Unprotected land is a personal liability and a community loss, it lets the particular field deteriorate and causes damage to other land nearby. Industry loses too, engines that cost hundreds of dollars are sometimes ruined by too much dust and the maintenance is always increased when dust and sand that could have been controlled is let blow. The loss in man hours of work is more than you might think, ask your druggist how much his drug sales increase during or following a dust storm. The local highway patrol says that loss of life has actually been traced to dust from an unprotected field. How would you feel if your field was blowing due to the lack of cover and someone got killed on the highway or country road because of your lack of concern for conservation. This may seem a little far fetched but it has happened.

All is not gloom, there is a way, we do have an answer if you act now. PLANT

Irrigation water is money to K. O. Hendricks and many other farmers. They use it wisely.

### Management of Irrigation Water

By Gilbert Pierce

With the good rains received this month there are many acres of tender crops throughout our District. Before we began to irrigate we should make soil tests for moisture. The young tender crops such as cotton are growing fast and will look sick or wilted when the hot sun hits them in the middle of the day as if they were needing water. They do need water because the root system is so small it cannot bring enough from the soil to the stalk and foliage to keep up with the enormous trans-

portation of the plant. There is plenty of water in the soil but the pipeline is too small. All young plants go through this stage especially when plenty of rain comes soon after planting. There will be more stalk and leaves than the young rootsystem can support. If we apply more water we do not solve the problem but just continue it, the root system will continue to get all the water a t night the plant needs but fall to get enough in the heat of the day. Actually the plants need to go through a period of stress

or suffering to allow the root system and the top growth to get in the right proportion, for best production. Another point we sometimes overlook is, too much water will leach down our plant food especially the nitrogen we bought as fertilizer.

The Soil Conservation Service working through your local

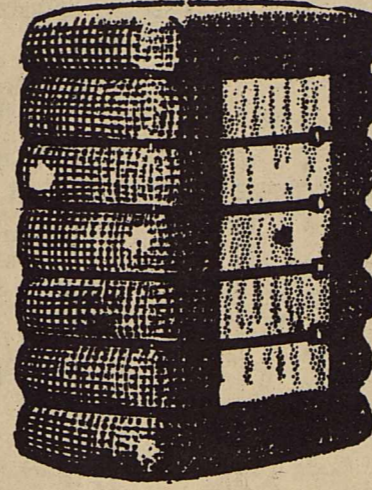

Soil and Water Conservation District has the man power and the equipment and the know how to give assistance in making soil moisture tests and design assistance or irrigation systems. If moisture is still above 50% of field capacity why waste water by irrigating and growing more stalk and foliage. Cotton for ex-

ample needs to be in heavy blooming stage before watering begins.

Irrigation water management means applying the right amount of water when the moisture in the soil has been depleted to approximately 50 % of field capacity. Water application before this point is a waste of water, ex-

tra cost to the farmer and can decrease production of quality fiber.

Some good conservation irrigation may be seen on the following farms, Jerome Head, James Warren, James F. & James Howard Williams, E. O. Winkles, Loren Gayle, H. W. Taunton, R. M. Jones and Lee Roy McCravy farms.

### Greenhouse Cucumbers

By Leo White  
County Agricultural Agent

Last year the high yield of cucumbers in Yoakum County was something over 9 tons per acre. Cucumber growers set a goal of 10 tons per acre for 1967. It will be some time yet before we know if the goal was reached.

In England and Holland cucumbers are being grown in glasshouses in much the same manner as tomatoes are grown for off-season production in this country. Butcher's Disease Resister is the variety grown. It is long, seedless, and has excellent quality. One outstanding producer in England, Mr. Peter Bailey, has averaged 160 tons of cucumbers per acre per year. This yield must be from only one crop because he gives his plans for 1967.

He expects to harvest 105 pounds per plant and he has 3500 plants per acre. This is over 183 tons per acre.

If cucumbers were planted in 40-inch rows and there was one plant every 3.5 inches in the row, there would be approximately 3,500 plants per acre. This part we can do in this county. Where we are lacking is the production of 105 pounds of cucumbers per plant. Even Mr. Bailey hasn't done it yet, but he expects to this year under greenhouse conditions. Our production of 10 tons per acre would be less than 6 pounds per plant if we had a stand of 3500 plants to the acre. Perhaps we need to set our goals a little higher.

Happy Motoring

## Phil and M. L. Gaasch

In every community, there are a number of business men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well-known business executives of Brownfield who belong in this category are Phil and M. L. Gaasch of the Gaasch Construction Company Incorporated.

## Dwane Galloway

Dwane Galloway of Dwane's Body Shop, is one of those progressive business men who has always done his bit to maintain the prestige of the city of Brownfield as the leading trading center of this section of the Southwest. He has always worked for the development of the city, and his many services are worthy of sincere appreciation.

His well-earned success as a business man is easily understood, knowing as the people do his widespread reputation for the honesty which characterizes all of his business dealings.

And it is a combination of technical knowledge, professional skill and business ability which has elevated Mr. Galloway to a position of leadership in the automotive body repair and painting business.

He is completely aware of his civic responsibilities, and is always ready and willing to lend his support to any project which promises to benefit the community as a whole.

We compliment Dwane Galloway on his accomplishments, and wish for him continued success.

## Ted Mitchell

In compiling this review of progressive Brownfield business men, it is fitting that we should include some of those who, by their aggressiveness, have definitely established themselves in the business and commercial life of this region.

Such a man is Ted Mitchell the Fuller Brush Man, who also deserves an additional word of praise for being more than just successful. He is a consistent and enthusiastic booster of the community, and in his way, has done much to advertise the city.

Mr. Mitchell has pursued the progressive policy of stepping up his business ahead of the times, thus setting a pace for which he has earned the reputation of being a go-getter, who does not sit back and wait for the business to come to him.

We are glad to pay tribute to Ted Mitchell, and to point out to our readers that his sincere desire to be of service, coupled with his determined methods are largely responsible for the standing of the Fuller Brush Company throughout this area.

## Joe Milburn

It is appropriate that we include in this review of conscientious Brownfield business men, Joe Milburn, manager of Terry Farm Supply, who has a great many personal friends and business associates throughout this entire district. Furthermore, he is a man who not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs.

Aside from his business activities, Mr. Milburn has always shown an interest in the civic betterment and progress of the city, and has backed up his interest by his contributions to many projects which have benefited Brownfield and the surrounding trade area. He is a good and loyal citizen, and the full measure of his loyalty is most apparent because of his willingness to aid community activities.

His help along these lines has made of Joe Milburn an excellent example of the type of individual, we all appreciate. We congratulate, and extend to him on behalf of all those interested in better business and civic progress, sincere appreciation for his contributions to the general welfare of Brownfield and vicinity.

Their leadership in the pipe line contracting business is recognized throughout this entire district. And their furtherance of civic activities, and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

They are men who are equally well liked and respected by their intimate friends and business colleagues. They are loyal to the community, thankful for their success in business, and have shown their appreciation by their contributions to various civic movements of benefit to the city.

We congratulate Phil and M. L. Gaasch for being good citizens, dependable business men, and boosters of their community.

## Sadie Thomas

Good motels and tourist courts are indispensable to the progress and development of a growing city such as Brownfield. And the De Luxe Motor Inn, combining the best features of both, has accommodated a great many tourists and business men in a manner that assures them of the continued patronage and good will of the motoring public.

The management of the De Luxe Motor Inn has maintained an ideal of service which is thoroughly exemplified by the manner in which every need of the traveling motorist has been anticipated and prepared for. Nothing is taken for granted; nothing is forgotten, and hospitality and service is always their first and last consideration.

Much of the credit for the splendid reputation of this popular drive-in motel, is due to the executive ability of Sadie Thomas, whose untiring efforts, foresightedness, and careful attention to detail, have maintained a standard of hospitality and service which would be difficult to surpass. It is a pleasure to publish these few words of praise about the De Luxe Motor Inn, and its friendly and capable operator, Sadie Thomas.

C. E. Stark has proved his progressiveness by constantly adding to, and increasing the service which the Stark Fina Service, now located at 202 Tahoka Road, has extended to the people. The large volume of business handled by his Fina station proves that 'service' to him, is not 'just a word', but something to be rendered to the motoring public to the fullest extent of his ability.

In addition to his business affairs, Mr. Stark was never a man to dodge his civic responsibilities, and help in those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to his community, and is thoroughly established in the forefront of the business life of the city.

C. E. Stark has many friends and customers in this region, and it is a pleasure to bring him before our readers in this review of dependable Brownfield business men.

When a city like Brownfield has gained recognition for being the trading center for this section of the South Plains, it is because of the foresight of those men of earlier days who had the vision to realize the possibilities of the city, and who also had the ability and courage to work for the fulfillment of that vision. And F. B. Skaggs is one who belongs in this category.

Brownfield owes much to those men of earlier days, but each succeeding generation must produce its share of business and civic leaders to assure the continued growth and prosperity of the city.

## PROGRESSIVE AND CIVIC-MINDED PEOPLE OF BROWNFIELD AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of the Plains Record as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens in Lovington who helped make this department possible is sincerely appreciated.

THE PLAINS RECORD, THURSDAY, JULY 27, 1967, PAGE 6

## The Plains Record

PLAINS, TEXAS

## Preston Hester, Troy and Bess Noel, Eddie Courtney

Logically, a man who has earned the reputation of being one of the region's more dependable farm equipment dealers would in so doing, have earned the friendship and good will of a great many people throughout this entire district. One who justly deserves that distinction is - modest, efficient, friendly, Preston Hester of the Hester Implement Company, authorized International Harvester, Farmall and McCormick sales and service.

Mr. Hester is the type of man who would be an asset to any community, not only because of the successful conduct of his business plays a definite part in the general civic scheme, but because the ultimate measure of his value to the city and this district, lies in the fact that he is untiringly zealous, and remarkably successful in the promotion of civic progress.

It would be difficult to estimate the actual dollars-and-cents value to such a man to his community. We congratulate the people of Brownfield for numbering among their more progressive citizens such a man as Preston Hester, and we also express the wish that he will enjoy many more years of success.

## Henry and Mary Tweddell

In mentioning some of those men and women who are taking a progressive part in the evolution of the business life of Brownfield, we would be remiss if we failed to include Henry and Mary Tweddell of the H & M Bar B Que. They wish to thank our many readers for their past patronage and support of their popular barbecue services.

The Tweddells are those solid type of citizens who fairness and friendliness, and sincere desire to be of service are accountable for a large measure of their success. And as time goes on, their personal interests have become more closely interwoven

## Jack and Tompa Canipe

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. Brownfield has its share of these progressive and civic-minded individuals, and two who are deserving of recognition are Jack and Tompa Canipe of Canipe's Draperies.

Their business ability, coupled with a thorough knowledge of the custom made drapery business have been major factors in maintaining Canipe's Draperies in a position of leadership throughout the Brownfield area. They not only in their business activities,

Troy and Bess Noel of the Broadway Cleaners are two of those progressive type of citizens upon whom the community depends a great deal for leadership in business or other matters. They are also civic-minded and have, in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends, and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that

## Roy Ervin and Virgil A. Allen

In paying tribute to some of the more progressive business men of Brownfield, we would be remiss in our duty should we fail to include Roy Ervin and Virgil A. Allen of the Ervin Auto Service, at 102 North 7th, and the Ervin & Allen Mobil Service Station, located at 618 West Main, whose

business ability is no greater than the 'know-how' and mechanical skill which has contributed to their well-earned success in the automotive repair and maintenance business.

They have also contributed generously to the welfare of the city and the Community for many miles around. And their civic spirit is evidenced by the many services which they have performed in the interest of the people as a whole.

Mr. Ervin and Mr. Allen are men of wide experience, whose many friends admire and respect in them, those virtues which inspire confidence and promote good feeling. And their upright business methods are a credit to their inherent sense of fair play. We congratulate Virgil Allen and Roy Ervin on their splendid record of service, and trust they shall continue to assist us for many years to come.

## Hubert and Edmarina Singletary

In compiling this review of progressive Brownfield business people, we have endeavored to select those citizens who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in their various fields of activities. Two such individuals are Hubert and Edmarina Singletary of The Sport Shop, and Merchants Fast Motor Lines, who are well known, and have a great many personal friends throughout this entire district.

Mr. and Mrs. Singletary's main interests have not been solely confined to their own business and private affairs, but have also included their contributions in one form or another, to those projects of a civic nature which come within the scope of their activities.

## Jack and Tompa Canipe

but also in their attention to civic duty, assumed an active part in community affairs. Mr. and Mrs. Canipe have always been ready and willing to contribute their time and energy to the promotion of any project promising to benefit the community as a whole. They have often sacrificed personal interests to be of assistance to the city, and their efforts are deserving of commendation and support.

We congratulate Tompa and Jack Canipe on their past achievements which, in our opinion, indicate similar successful careers in the years ahead.

their dry cleaning services to the surrounding area shall be more dependable. Mr. and Mrs. Noel have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with a quiet dignity.

We do not hesitate to recommend Bess and Troy Noel to our readers as excellent examples of the more progressive type of business people who have aided in the growth and development of Brownfield and the surrounding country.

## Roy Ervin and Virgil A. Allen

Edmarina and Hubert Singletary are people of wide acquaintance, whose exploits in the business life of Brownfield and vicinity, merits more than a passing attention, and the writer is privileged to pay this brief tribute to two who well deserve more credit than is accorded them here.

It is a well-known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities over and above the average, he is deserving of a few words of praise. Such a personality is Gene Beaver of the Beaver Shoe Shop, a leader in the business life of Brownfield.

In addition to being one of the city's more progressive business men, Mr. Beaver was never a man to shirk his civic duties. More than that, he enters cheerfully, and with enthusiasm and optimism into those civic affairs in which he has time to take a part. And seldom does he fail to find time to do his share.

Gene Beaver deserves his share of credit for being one of those progressive citizens of Brownfield who has contributed so substantially to the onward progress of the city. It is a pleasure to include him in this group.

## Hubert and Edmarina Singletary

Edmarina and Hubert Singletary are people of wide acquaintance, whose exploits in the business life of Brownfield and vicinity, merits more than a passing attention, and the writer is privileged to pay this brief tribute to two who well deserve more credit than is accorded them here.

It is a well-known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities over and above the average, he is deserving of a few words of praise. In addition to being one of the city's more progressive business men, Mr. Beaver was never a man to shirk his civic duties. More than that, he enters cheerfully, and with enthusiasm and optimism into those civic affairs in which he has time to take a part. And seldom does he fail to find time to do his share.

Gene Beaver deserves his share of credit for being one of those progressive citizens of Brownfield who has contributed so substantially to the onward progress of the city. It is a pleasure to include him in this group.

It is such men as M. E. Ramsey who, because of their successful conduct of their business and private affairs, and their eagerness to contribute to the public good, who are wholly deserving of a few words of commendation. It is a pleasure to pay him this brief tribute.

In critical times such as these, it takes business men of more than average ability to carry on their operations successfully. In making this statement, the one we have in mind is one of the more dependable vacuum cleaner sales and service dealers, M. E. Ramsey of The Kirby Company, who has a wide circle of personal friends and customers scattered throughout this entire district—many of whom reside in our own community.

His contagious optimism and freely expressed belief in the assured future prosperity of

## Harold D. Boston, C. C. Tucker

A drive in operator of Brownfield who has based his success upon the belief that the public will appreciate good food, well prepared and appetizingly served, is Harold D. Boston of the Boston Super Dog Stand, whose many friends and customers by their daily patronage of his popular eating place, attest to the soundness of his policy.

It is not only because of the successful operation and management of the business that Mr. Boston has come to be recognized as an asset to the community; but it is also because of his policy of 'looking ahead', and endeavoring to sponsor or take part in those community activities which will in some manner, benefit the City of Brownfield and the people as a whole. He is another of those men who has shown his appreciation for his success by a willingness to contribute of his time and efforts to the promotion of community projects.

It is such men as Harold Boston whom we are privileged to include in this review, and to publicly give him due credit for his success in business and civic affairs.

## Roy D. Harris

Because this is a period of growth and expansion for this section of the Southwest, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Roy D. Harris of the Harris Flying Service, for he had become a well-known figure in the business and aviation life of this region.

Mr. Harris' persistent optimism, and steadfast belief in the continued future prosperity of the people of Brownfield and vicinity, are characteristics which are deserving of our highest praise.

Roy Harris has also always shown a willingness to do his part in civic advancement, and has contributed his bit, in one form or another, to projects promoted for the welfare of this district. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his business and private affairs, and because he is willing to contribute to the public good.

We wish in this edition to pay tribute to John R. Hill of John Hill Texaco, for his many services to the city of Brownfield, and his splendid record of achievements in the business life of the city.

Mr. Hill probably has as wide a circle of friends as any other man we could name, because he is just naturally the kind of individual who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the respect and good will of all who know him. Brownfield is fortunate in being able to number amongst its more progressive business men, citizens of this type.

He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district. He may be depended upon, and his services to the motoring public are too many in number to be described here. It may be sufficient to say that we consider John Hill an asset to the community, and a dependable business man of whom the city may be proud.

## Robert E. Briscoe

The city of Brownfield has assumed its place of importance in this section of the Southwest because of the efforts of far-seeing business men who have helped in developing the oil activities of the area, or in some manner extended the trade advantages of the locality. One of those who has taken an important part in many progressive movements is Robert E. Briscoe, manager of Rental Pipe & Supply.

Mr. Briscoe has devoted his share of time and energy to the growth and development of Brownfield and this district, and it is fitting at this time that we attempt to express in a small way, our appreciation for his unselfish contributions to the general welfare of the community.

He is a man of wide acquaintance, whose many friends admire and respect in him, those virtues which inspire confidence and promote good feeling. His upright business methods are but an outward reflection of his inherent appreciation for fair practices. We congratulate Robert Briscoe on his splendid record of service, and wish him every success in the years to come.

Mr. Briscoe is working hard to deserve the confidence which the people of the community have in him, and he continues to work hard to maintain in every way, that high standard which he has set, not only for himself, but for the operation of his Premier Service Station as well.

Cont. on Page 7

The true value of a citizen is not gauged by his personal success, but rather by the manner in which he shares that success by his contributions to the community in which he lives. A city grows and flourishes according to the number of public-spirited men and women who compose its population.

And C. C. Tucker is one of those who has given much toward the development of Brownfield and vicinity. He has turned his personal success in the business field to the advantage of the people as a whole, and has accomplished much toward making the city a better place in which to live.

Mr. Tucker's thorough knowledge of every phase of the plumbing and heating business has raised him into a position of leadership in his field of activities, and gained for him recognition as one of the city's more progressive business men.

We compliment C. C. Tucker in this Brownfield review, and wish to offer him this small evidence of public esteem.

## Roy D. Harris

Mr. Harris' persistent optimism, and steadfast belief in the continued future prosperity of the people of Brownfield and vicinity, are characteristics which are deserving of our highest praise.

Roy Harris has also always shown a willingness to do his part in civic advancement, and has contributed his bit, in one form or another, to projects promoted for the welfare of this district. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his business and private affairs, and because he is willing to contribute to the public good.

## John R. Hill

**PURELY LOCAL**

Mr. and Mrs. Woodrow Houston and daughter of Corona, California visited Mr. and Mrs. John Camp last week.

The K. O. Hendricks received word Monday night that his mother who lives in Mineral Wells is seriously ill. Mr. and Mrs. E. E. Roden have three daughters and two

grandchildren of Fort Worth visited John and Mabel Camp over the week-end. Mabel spent last week in the Seagraves hospital with strep throat.

The Stanford Valley Home Demonstration Club met Thursday in the club room. A very interesting demonstration was given by Jimidene Murphy and Sue Cleveland on how to put in a zipper. Donna Cheatum and Debbie Addison demonstrated how to make "Butterscotties", a delicious bar type cookie. Those present for the meeting were: Mrs. Claude Addison,

Mrs. Leon Cheatum, Mrs. Preston Murphy, Mrs. Harry Richardson, and Mrs. Jack Palmer.

Sargent and Mrs. Sam St. Romain and daughter Julie visited his parents and other relatives here last week. SAM HAS BEEN IN Fairbanks, Alaska, but is out of the service now. He plans to take pre-veteranarian under Dr. John Merrill at TCU this fall. Other visitors in the Romain home were Mrs. L. R. Harvick of Justin, Texas and the Jimmy Harvick family from Fort Worth.

Mr. and Mrs. A. J. Williams and children of Iowa Park are here visiting her mother Mrs. Pearl Loe.

Mr. and Mrs. John E. Fitzgerald and Mr. and Mrs. Cordell Huddleston have returned from a two weeks' vacation touring some eleven states and two provinces. En route to Montreal Canada, where they toured Expo 67, they visited "The Hermitage" the home of Andrew Jackson in Nashville, Tennessee, and Niagra Falls in New York. Spec. 4 Cordell Huddleston will visit here for a few days before returning to Ft. Cam-

**PROGRESSIVE AND CIVIC-MINDED PEOPLE OF BROWNFIELD**

**Bonner Lytle**

Our issue today proposes to call the attention of our readers to some of those progressive and civic-minded men who have contributed their share of time and energy to the building up of Brownfield and the surrounding territory to the position of prominence which it now enjoys.

One of those to whom we wish to call the attention of our readers is Bonner Lytle of the Lytle Pharmacy, a firm where pharmacy is a profession, and not merely a sideline.

He is a man who has never spared himself in his aggressive march forward, and one whose competitors respect as much as do all others with whom he comes in contact.

Mr. Lytle is at all times conscious of his civic responsibilities, and may be depended upon to meet in every detail, the many opportunities which present themselves to be of service to the city.

Bonner Lytle's record of achievement is one of which he may well be proud. His value to the city and this district is an established fact, and we hasten to give him the credit which is his just due.

Cont. From Page 6

**Walter Reeves**

He has also shown a willingness to assist in every manner at his disposal in the growth and development of this region, and is always ready to land his support to civic projects. Walter Reeves deserves our heartiest congratulations on his splendid record, and we sincerely hope for his continued success.

Zemo speeds soothing relief to externally caused itching of eczema, minor rashes, skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs, aids healing. "De-itch" skin with Zemo, Liquid or Ointment. Quick relief, or your money back!

Velma Warren, Treasurer of Tsa Mo Ga, is pictured as she presents Little League Fund Chairman Maurine Phillips a \$25.00 check.

**Tsa Mo Ga Helps Little League**

The Tsa Mo Ga met for a called meeting Friday July 21, 1967 at 4:00 p.m. at Almas. President Mrs. A. E. Carpenter presided. The meeting was called to take care of business that could not wait until the September regular meeting.

The decision was made to donate \$25.00 to aid the All Star Little League Tournament. It was also agreed to donate \$10.00 to the High Plains Training Center in Plainview. The Training Center is a District Project. Caprock District is redecorating a bedroom in the Federated Club building in Austin and the decision was made in regard to Tsa Mo Ga taking part in that project.

All members are reminded to attend the Old Settlers Reunion and bring food to the park on July 27, 1967.

Coach Cecil Williams and Jerry Hale, along with all members of the Plains team warmly congratulated the Plainview team and wished them luck in the game next Monday night.

**Ten Vitamins\*** and what they do for you

- Vitamin A** - Helps promote normal growth and maintain healthy skin, eyes, hair, teeth and gums.
- Vitamin B-1 (Thiamine)** - Helps stimulate appetite and digestion and convert food into energy. Essential for a healthy nervous system.
- Vitamin B-2 (Riboflavin)** - Helps keep the skin healthy and prevent eyes from becoming sensitive to light.
- Vitamin B-6 (Pyridoxine)** - Helps protect the health of red blood cells, the nervous system and the skin.
- Vitamin B-12 (Cyanocobalamin)** - Helps protect against certain forms of anemia and stimulate appetite. Important to a healthy nervous system.
- Calcium Pantothenate** - Helps maintain the normal function of the adrenal gland and the production of antibodies. Promotes a healthy nervous system.
- Niacinamide** - Helps prevent rough, red skin and loss of appetite.
- Vitamin C (Ascorbic Acid)** - Aids in the development of sound teeth. Promotes firm gums and bones and a healthy capillary system.
- Vitamin D** - Promotes the body's proper use of calcium and phosphorus to help build strong teeth and bones.
- Vitamin E** - Evidence suggests this vitamin protects against abnormal breakdown of fat in body's tissues.

If you regularly eat an adequate diet of the right foods, you will get enough of these vitamins. If you don't eat properly or are not sure you do, then you should consider vitamin supplementation.
