

Water District Wins Appeal

On September 27, 1967, the Court of Civil Appeals rendered an Opinion, written by Associate Justice William E. Claton, which held that the South Plains Underground Water Conservation District Number 4, was valid as created by the Order of the Board of Directors of the District, dated August 16, 1966. Members of the Board of Directors of the South Plains District are: Mr. John J. Kendrick of Brownfield, Mr. Bob Loe of Plains, Mr. Joe Anderson of Seminole, Mr. Claude Herne of Seagraves, and Mr. Doyle Moss of Brownfield. The South Plains Underground Water Conservation District includes that portions of Cochran, Terry, Yoakum and Gaines Counties, as designated by the Texas Water Rights Commission as Subdivision Number 4 of the Ogallala Reservoir South of the Canadian River. The original delegation also included portions of Lynn, Dawson, and Andrews Counties, however, in the election creating the Water District, the voters in these counties and the cities of Seminole and Denver City voted not to participate in the District. Mr. Kendrick, President of the Board of Directors and spokesman for the District said, "Assuming there is no appeal to the Supreme Court of the State of Texas, this ruling opens the door for the District to begin serving the people in its intended capacities."

Mr. Kendrick noted that part of the functions of the District will be to: 1. Develop maps and guide lines whereas the

qualified, tax-paying land owners of the Water District can claim cost-in-water depletion, income tax allowance.

2. Develop geological and hydrological data to assist lending institutions, land owners, and other interest of the community in appraising, developing and use of the water stored in the aquifers within the District.
3. To act as a spokesman for the area served in water matters effecting the interest of the people within the District.
4. To help promote through education, the wise use and conservation of both the underground water and precipitation of which the area is blessed.
5. To maintain an inventory of the water in storage through the maintenance of an observation well program in cooperation with the Texas Water Development Board.
6. To assist in any way possible to promote the importation of water to our area through co-operation with Water, Inc., and other State and Federal Agencies.

Kendrick ended his statement by explaining that these are only a part of the functions and services by which the District can serve it's people.

★★★★ Plains Talk ★★★★★
By Harry W. Cayce

Plains Talk this week does not deal with our pioneer days, but with recent history of our town. An undercurrent has cut through Plains within the past two weeks causing fear and despair to fill the hearts of many, and heartbreak for others.

An understanding of our situation at hand is needed urgently in our city. If we do not understand it ourselves, we cannot ask our neighbors to be informed.

In the first place, Infectious Hepatitis is not a disease which is to be dreaded like polio, and certainly those who have contracted the disease or have been exposed are not to be treated as lepers were in olden times. Hepatitis is no worse than measles or some types of the flu.

Our school authorities have taken every precaution possible to safeguard the children from catching the disease. But yet irate parents have made unwarranted verbal attacks upon the principals and superintendent. Some want the children who have a brother or sister down with the disease to be quarantined, while others demand that the children be re-admitted. School authorities are following the best possible advice from health officials. The public is urged to accept this as a fact.

We have been led to believe that we can expect a number of cases, most of them mild, to break out within the next few days. Let us accept this fact with the determination in mind that life must go on in Plains as it always has. Let us approach the subject with understanding and compassion, because who knows what person will suffer from the disease. In doing this, let us remember the golden rule...Do unto others as you would have them do unto you....

To Paint Tower

No we haven't returned to the gold standard in Plains, nor are we intergrating our water tower. But the silver will give way to gold and black on the county tower, and the school colors will appear on the tank. Work is in progress now to complete the job before homecoming.

The county also purchased, or is in the process of purchasing, a chlorinator for their water system. This will mean that the school will have purified water for the children's consumption.

The chlorinator was purchased after the recommendation of health authorities. The Plains Record urged in editorials last year for such action to be taken.

City Repair

The City Hall is getting a face lifting. Work began this week on the city hall which called for some interior painting, carpet, and the remodeling of the office of the City Manager. A room was also built in order that voters might have more privacy on marking their ballots.

The managers office was paneled and enlarged. Carpet has also been laid at the City Hall.

Doc McCargo and Billie Ray Kennedy were contracted to do the work. It was near completion at press time, and the public was invited to drop by at the City Hall to see the improvements.

Jr. High Football

Coach Bob Gross's Jr. High Wranglers will face the Sudan Hornets today at 5:00 pm in an inter-sectional football game, which will be followed by another game played by the Plains B team and the Farwell B squad at Cowboy Field.

Both the seventh grade and eighth grade teams won their opening game against Tahoka last week of the season. The game last week between O'Donnell and Plains was canceled. The B team dropped their opening game with the Tahoka B team. Coach Martin should have the B squad up for the contest and it should be fairly close.

The seventh grade has been plagued with injuries and illnesses. The eighth grade has also lost a starting tackle for the season due to illness. The seventh grade will play first, followed by the eighth grade team. Home town fans are urged to attend the games and support the Wranglers and the B teams in the games today.

OUR 36TH YEAR THURSDAY, OCTOBER 5, 1967 NUMBER 41

Cowboys Gun Chiefs 21-16; Face Sudan Hornet Hive

A well oiled Plains High School football machine raced through three quarters of alert football Friday night and built up a commanding 21 - 0 lead only to find itself with motor trouble late in the game. The Cowboy engine sputtered and stalled in the last eight minutes, and a determined band of Bovina Chiefs chalked up a quick 16 points with an aerial bombardment and the help of red flags, but were unable to overcome an injury riddled and don't say die band of Cowpokes. The Cowboys staved off the efforts of the Tribe and won the intersectional battle 21 - 16. It was a sweet victory for the Cowhands, stretching their victory streak this year to four in a row without a defeat.

The Cowboys will face an explosive hive of Sudan Hornets Friday night in the nest of the Hornets. Sudan fell victim to number one rated Seagraves last week in a close contest which ended with a Seagraves victory by a 22 - 15 score. The Cowhands will be a three point favorite to down their intersectional rival this year. The Pokes will be a full strength this week with the exception of Billy Spencer, who injured a knee against Bovina last Friday. Billy Taylor, Dand Field, and Milton Romans will see action this week, after missing the game with the Chiefs.

In downing the Chiefs the Cowboys proved that they have more depth than most of their fans dreamed. They outpaced the Bovina team all the way. After an exchange of punts early in the first half, Alton McGinty recovered a fumble punt on the Tribe's 12 yard line. In four plays the Pokes took the lead when Gregg Jones scored from the one. Lowe converted, and Plains was on top of the heap by a score of 7 - 0.

In the second quarter, Alton McGinty threw a hard tackle into Harris, and the ball was bobbled. It was recovered by Liles for the Cowboys. Jones scored the second touchdown from one yard out, and Teeenie Lowe booted the extra point to give the Cowboys a 14 - 0 edge.

With one second left in the half, Jones ground out another touchdown which made him three for the night. Lowe put his educated toe into the ball and it sailed through the upright to give Plains a 21 - 0 halftime span.

In the third quarter neither team managed to score, and Bovina grew more desperate as time was running out. Wi-

th eight minutes left in the game the Chiefs scored after several assists with the red flag. Harris scampered 11 yards to pay dirt, and McMeans carried for two to give the Chiefs eight points.

With 1:38 left in the contest, Bovina pounded over another score. McMeans was the Chief who drew blood, and he added insult to injury by running for two more.

The Cowboys hung on to the ball for dear life, and used up their last down with their backs to the wall as the clock died to secure their fourth impressive win of the season.

There were no stars in the game for Plains, as all hands fought for the victory. It was a night that saw Mike DeVries, Steve Simpson, Porky Wilkins, Mike Nugent, Jimmy Taylor, and Alton McGinty strike hard for the Cowboys. Gregg Jones, Billy Spencer, Joe Pierce, Joe Beal, Tony Salas, and Teeenie Lowe also contributed greatly to the victory, as did the other members who saw action.

Coach Sewell says the game this week will be a hard one, because the Hornets play a sound ball control game spearheaded by a large aggressive team averaging 187 pounds on the line.

Loren Gayle and R. M. Bob Jones of the Yoakum SWCD and Dwain Woody and John Waits of the Lea SWCD are shown with one of three new signs being placed on the state line.

Infectious Hepatitis Plains Expects More

The count stood at 12 cases of infectious hepatitis which were confirmed in Plains at press time this week. At least three of the cases were reported to be mild cases of the virus which struck without warning about two weeks ago. Some of the earlier cases were recovered beyond the

contagious stage, and quarantines had been lifted from those children who were members of these families, in order that they could return to school Monday.

Mr. G. D. Kennedy, superintendent of schools, reports that the cafeteria has been re-opened and that a routine schedule was being followed at school.

Health officials urged residents not to become alarmed if more cases develop in the next 21 days. A number of cases, mostly mild due to people having received gamma globulin shots, should occur soon, said the health official. The source of the outbreak still remains in doubt. Health authorities would not be quoted as to where they believed the virus to have originated. They did state however, that they did not believe that the hepatitis started

at the school or in the school water; however they added that due to exposure through having made direct contact with those who already have the disease, that this will no doubt be the source of the second outbreak. At least two cases can be traced to contact with earlier victims of the disease. These were the last two cases reported.

Health official Kyle Adams reported that he delivered a notice to one resident in Plains to tie on to the sewer within 14 days. This had not been done at press time.

In last week's issue of the Record, an editorial urged the city to force the cess pool issue. It was reported that the law is being studied to see what can be done.

It was also reported to the editor of the Record that many people in the community have

Homecoming Set For Plains

Homecoming is set for Oct. 13, 1967, when the Cowboys meet Coahoma at Cowboy Stadium.

Homecoming activities will kick off Thursday, Oct. 12, 1967 when the "B" team meets the Seagraves "B" team at 7:30 p.m. at Cowboy field. Immediately following the "B" game there will be a paper rally and bon fire. All ex-students are invited and urged to attend all activities whether you graduated or not.

Friday's activities begin with a Tea in the High School Home Ed. Dept. at 2:00 p.m. This tea is for all ex-students and is served by the F H A girls, sponsored by Mrs. Inez Chambliss.

Immediately following the tea, all exes are invited to attend the Pep Rally being held this year in the High School Gym. During the Pep Rally, ex-students will be recognized along with ex-cheerleaders, football players, etc.

Right after the Pep Rally, there will be a parade. The parade will begin in front of the High School and proceed in front of the Jr. High and Elementary buildings, past the Court House to the street in front of the First Baptist Church, from there it will go one block north, then turn back east and pass in front of the Plains State Bank and back to the High School. All merchants, clubs, school clubs

and organizations are urged to enter a float in the parade. Anyone wanting to enter should contact Helen Beal, Secretary. Floats will be awarded prizes of \$5.00 for first place, \$2.50 for second place, and \$2.50 for third place. This is something new for the Plains Exes, so let's make the parade an outstanding one.

After the parade there will not be any sponsored activities until the football game at 7:30 p.m. However, all exes are urged to attend the game where the classes of 1947-48 and 1957-58 will be specially honored at half-time.

Following the game, there will be a brief business meeting followed by dancing and visitation at the American Legion Hall. A live band will be provided for those who care to dance, and tables and chairs for visitation and eating. No liquor will be permitted inside the Legion Hall. Friends of exes are also invited to this activity.

The ex-students will have a concession stand with sandwiches, cold drinks, cakes and cookies to raise money for the ex-students Association.

The Jr. class will be taking orders for mums, so if you want one, contact anyone in the Jr. Class in plenty of time for him to get your order in.

If your address changes, please notify Mr. D. N. Taylor's office at the High School.

Tarkington will deliver the sermon. The joint services were undertaken to promote closer fellowship and understanding, at a time that our nation needs prayer, said Rev. Tarkington. The public is invited to attend the services this Sunday at the Assembly of God Church, and to return the following week to worship at the Methodist Church.

Church Service

Rev. H. A. Tarkington, pastor of the Assembly of God Church in Plains, announces that joint services will be conducted with the First Methodist Church this Sunday night at the Assembly of God Church, at 7:30 p. m., with the Rev. James Futch bringing the message.

CAYCE'S CORNER

I took the family to the fair Saturday, and was dragging when we got home Saturday night. Half of Plains seemed to be at the fair in Lubbock which ended Saturday. One thing is apparent. Ann and I have gotten too old to take the kids on rides. That cage type far is wheel that the boys dared us to ride is a monster which not only was my own un-doing, but was the last straw for many a parent. Even County Clerk Ruby Heald attempted to ride the thing. Ruby was a wreck when the ride ended. She has my sympathy.

We stopped at a stand and I paid a gal 50 cents to tell me my occupation. She guessed me to be a truck driver. Blind isn't the word for that woman! I had my college ring on, and was wearing a Silver Key. Indeed what a guess . . . the old thing didn't do any better on our distinguished County Clerk, because she told Ruby that she was a waitress. (Ruby didn't tell me whether the woman pin pointed it to cafe or bar maid, but it doesn't matter much.) The old thing wasn't too dumb, because she got my 50 cents and I guess she ended up with Ruby's money.

Child Paris wanted to pitch two balls in a basket to attempt to win a giant dog which was bigger than she was. I told Ann not to let her try, because she just might win the thing. Sure enough, Paris hurried the balls, and zeroed them on target the first two pitches, and won the enormous yellow dog. She insisted on carrying her new prize up and down the midway, and people looked at me like I was a criminal for 'making' her carry such a big load. Then they would look at Paris with that sweet understanding look which implied 'Oh father, dear father, the chapel strikes two. Come home to your family...'

Dick and Sylvia joined us at the fair after Paris had paraded the familiar haunts of the midway for over an hour, and she immediately handed her uncle the big dog and let him carry it. Around the midway we trooped again, and several old crones eyed us again and gave me that well known look implying what a heal I was for making that sweet little thing carry her dog so long, and at last someone worth while had lended a hand. Little girls can beimps at times! Amos Smith, manager of the Tokio Co-op Gin, kept true to form Saturday. He likes to attend socials at other gins

THE FAMILY LAWYER

"Going, Going, Gone!"
 Customs that endure for 2,500 years are rare enough to command respect. The auction is that old a custom. Known in the days of ancient Babylon, it is still working its magic spell on buyers of everything from silver snuff boxes to great works of art.

The essence of an auction (from the Roman word for "increase") is open competitive bidding. And it is to preserve this essence that the law has established certain basic rules of the game.

One key rule is that bids must be legitimate, not just "puffing" or artificially jack up the price. Thus, a buyer at an auction was allowed to back out of his purchase when he discovered that a rival bidder had been hired secretly by the seller to make fake bids.

"The offer of property at public auction," said the court, "is itself a proclamation by the seller that the highest bidder, in a fair and open competition, is to obtain the property. Any secret understanding, calculated to thwart this end, is a fraud upon the innocent."

But if the law frowns on tactics that artificially push the price up, it also frowns on tactics that artificially hold the price down. For example:

A man at an auction pretended to be bidding on behalf of a local charity. Reluctant to compete with such a good cause, other bidders kept silent—and the man got away with a bargain.

But his bargain was cancelled in a courtroom when the truth came out. Again, the evil lay in tampering with the basic competitive process.

Like any other contract, the sale at an auction is not complete until there is both an offer and an acceptance. The offer is the bid itself, which may be conveyed by anything from a wink of the eye to a snap of the fingers—just so the auctioneer gets the message.

Let us be about the business of connecting to the sewer which can be made available to all in our village. We live in the space age, not the days of privies.

Editorial

The following is an excerpt from the Texas Sanitation Law of 1945:
Section 5. DISPOSAL OF HUMAN EXCRETA:
 (a) All human excreta in populous areas must be disposed of through properly managed sewers, treatment tanks, chemical toilets, approved privies, or by other methods approved by the State Department of Health. The disposal system shall be sufficient to prevent the pollution of surface soil, the contamination of any drinking water supply, the infection of any flies, cockroaches, or the creation of any other nuisance.
 This, friends, tells us the story of cess pools in a populated area. We urge our city council members to act in haste and rid our community of this blight on the complexion of the city.
 There can be no excuse or reason for no action taken. Nothing is more precious than the health of the people of a community. Sometimes it is expensive to correct problems which have existed for years without getting to the source of the trouble, but this is no excuse to postpone action. We appeal to our elected officials to enforce this law within the city, because it is under their jurisdiction. We do not imply that there is proof of the recent surge of infectious hepatitis originating in the cess pools within the city, but we strongly suggest that filth played a part, and what is more filthy than a cess pool?
 Let us be about the business of connecting to the sewer which can be made available to all in our village. We live in the space age, not the days of privies.

Tsa Mo Ga Club Program Set

Citizenship will be the program theme when the Tsa Mo Ga meets October 9, 1967 in the club house with the Social Committee as hostesses.

The "Making of a President" is the yearbook course of study with the "Republican's First Stirrings" considered in the Citizenship program.

The difference between a politician and a statesman is the politician thinks of the next election, while the statesman thinks of the next generation."

Roll call will be answered by "Your Civic Duty." Program Director will be Mrs. Wayne Davis.

Guest Speaker of Politics, 1967-68 will be a Page for the House of Representatives, J. Wayne McDernott.

"Go fishing until Election" by Will Rogers will be read by Mrs. James S. Wade.

The Scripture Reading will be given by Mrs. C. C. Perkins.

Husbands are invited to be special guests.

Food for thought — The transaction in power by which a President is chosen, is so vastly complicated that even those most intimately involved in it, even those who seek the office, can never know more than a fragment of it.

Snodgrass Sets Date to Wed

Mr. and Mrs. J. H. Snodgrass of Route #1 Tokio announce the engagement and approaching marriage of their daughter, Miss Roberta Louise Snodgrass to Robert L. Patterson, son of Mr. and Mrs. Gordon Patterson of Grants Pass, Ore.

The couple plan to marry Thursday, November 23, 1967, at 10:00 o'clock a.m. in the First Methodist Church of Midland, Texas.

Miss Snodgrass is a graduate of Plains High School and Texas Technological College in Lubbock, Texas and is now teaching math at Goddard Junior High School in Midland.

Mr. Patterson has a B. S. Degree and a Masters Degree in Geology from Oregon State. He is employed by Humble Oil Company in Midland, Texas.

All friends and relatives of the couple are invited to attend the wedding and reception immediately following.

Iota Pi to Sponsor Float

Dorothy Lowe, President of Iota Pi presided over regular monthly meeting October 2nd, at 7:30 p.m. in the clubroom. It was decided the club would enter a float in the homecoming parade being held October 13th here in Plains. After the meeting all the members that could went to the Cowboy and had coffee and pit furnished by Mary Strickland.

Baptist Class

The T E L Class of the First Baptist Church met in the Fellowship Hall on Sept. 27, 1967, for their regular social and business meeting.

The first order of business was the election of officers. The opening prayer was led by Mrs. Oxford. The minutes of the last meeting were read and approved.

The following officers were elected for the new church year. Mrs. George Cleveland was chosen as our assistant teacher. Mrs. T. C. Oxford was elected president, Mrs. J. V. Beene, vice-president; Mrs. Lillian Robinson, secretary-treasurer; Mrs. E. B. Teague, assistant; and Mrs. L. J. Duff, reporter.

After the business meeting was concluded, Mrs. Bozeman brought the devotional. She read a tribute to a christian woman who had been thoughtful of others even during her own suffering. The fact that made it significant to us is that this woman was a sister to our own friend, Mrs. G. D. Kennedy.

Mrs. Cleveland led the closing prayer, remembering a special request for Clyde Coks who was recently injured in a tragic auto accident.

Following this the members drew numbers for the gifts that had been brought and numbered. After opening the gifts delicious refreshments were served by our hostesses.

GOLDEN TOUCH OF HOSPITALITY

Serve A Different Cherry Pie

A quick and different cherry meringue pie uses thickened canned cherries and a meringue sprinkled with cinnamon sugar for a spicy flavor.

SPICY CHERRY MERINGUE PIE

1 8-inch baked pastry shell
1/2 cup sugar
2 tablespoons corn starch
1 (16 to 17-ounce) can water pack cherries

2 egg whites
4 tablespoons sugar
1/4 teaspoon desired flavoring
2 tablespoons cinnamon sugar (about)

Combine 1/2 cup sugar and corn starch in saucepan. Drain juice from cherries and blend with sugar mixture. Add cherries. Stirring constantly, bring to boil and boil 1 minute. Pour immediately into baked pastry shell.

Beat egg whites until foamy. Add 4 tablespoons sugar, 1 tablespoon at a time, beating well after each addition. Continue beating until stiff peaks form when beater is raised. Beat in desired flavoring. Spread some meringue around edge of filling first, to touch crust all around; then fill in center or arrange in peaks in center. Sprinkle with cinnamon sugar. Bake until meringue is lightly browned, 15 to 20 minutes in 350° F. (moderate) oven or about 5 minutes in 425° F. (hot) oven. Cool at room temperature, away from drafts.

For 9-inch pie: Prepare double recipe of filling. Increase ingredients for meringue to 3 eggs whites and 6 tablespoons sugar.

Boys Read

Mike Blount and Lester Ker-

rick read to 16 little listeners Thursday morning from 9:30 to 10:30. This is a sight of little dolls every week listening and sometimes helping out with the stories being read by comments like "I know what's gonna happen next" or "What are they going to do now?" and other cute little additions to the story. The listeners this week were 12 girls and 4 boys. The girls were Johna Gayle Fitzgerald, Lesa Loe, LaTricia Edwards, Jeannay Meil, Janey Graham, Sonya Nance, Anita Graham, Deon Schoenrock, Lori Head, Kay Stephens, Kim Stephens, and Robbie Blount. The boys were Steve Randall, Brent Palmer, Kirk Randall, and Timmie Smith.

After the business meeting was concluded, Mrs. Bozeman brought the devotional. She read a tribute to a christian woman who had been thoughtful of others even during her own suffering. The fact that made it significant to us is that this woman was a sister to our own friend, Mrs. G. D. Kennedy.

Mrs. Cleveland led the closing prayer, remembering a special request for Clyde Coks who was recently injured in a tragic auto accident.

Following this the members drew numbers for the gifts that had been brought and numbered. After opening the gifts delicious refreshments were served by our hostesses.

Mrs. Mohota Winston wishes to extend her thanks to the people who called at her shop on opening day. I would also like to announce the Kay Green won the door prize that was given away during our opening.

Church Meet

Members and guests of the First Christian Church enjoyed a day of fellowship Sunday at their annual Homecoming Day services.

Approximately 45 people enjoyed dinner at the club room after church. After dinner the group went to the convalescent home for services there. At 5:00 a sing song was enjoyed by all at the church. Dinner was then served at the club room with everyone returning to the church for bible study at 7:00 p.m.

The evening Bible Study group has just begun the study of the Book of Revelations. This is going to be a very interesting study group and any one is welcome to attend.

It was also reported that the church now has approximately \$200.00 in their fund towards a new roof for the church.

4-H CLUB WEEK

Members of 4-H Clubs from all fifty states will be recognized during the observance of National 4-H Club Week, September 30-October 7.

"In Texas, approximately 100,000 4-H'ers from rural and urban areas will pause to take stock of their many accomplishments," says Floyd Lynch, State 4-H Club Leader for the Texas Agricultural Extension Service. "They are combining the best of learning and fun through more than 125 projects and activities guided by some 18,000 volunteer adult leaders," Lynch said.

One of the primary aims of 4-H Club work is to provide opportunities to help boys and girls develop into useful and responsible citizens. This aim is accomplished through leadership challenges that are available in all local 4-H Clubs such as serving as a club officer, committee work, delegates to county, district and state councils as well as other activities.

Those who excel in project work receive recognition and awards at the local and county level. Some compete for educational trips to the State 4-H Roundup, National 4-H Club

congress, district and state leadership training camps and many other rewarding events. 4-H activity offers a wide range of interest areas. Projects range from the traditional clothing, livestock, foods and field crops to horticulture, child care, safety, small engines, electricity, horses and many others. Work on projects can be adapted to any home situation. New programs and activities are being developed continually to meet

changing times and interests. Leadership and cooperation with others are encouraged through group activities such as community beautification and improvement, health and safety campaigns and recreational programs.
Participation in 4-H Club activities can begin as early as nine years of age. For details of membership, or your County Extension Agent.

WHERE IN THE WORLD

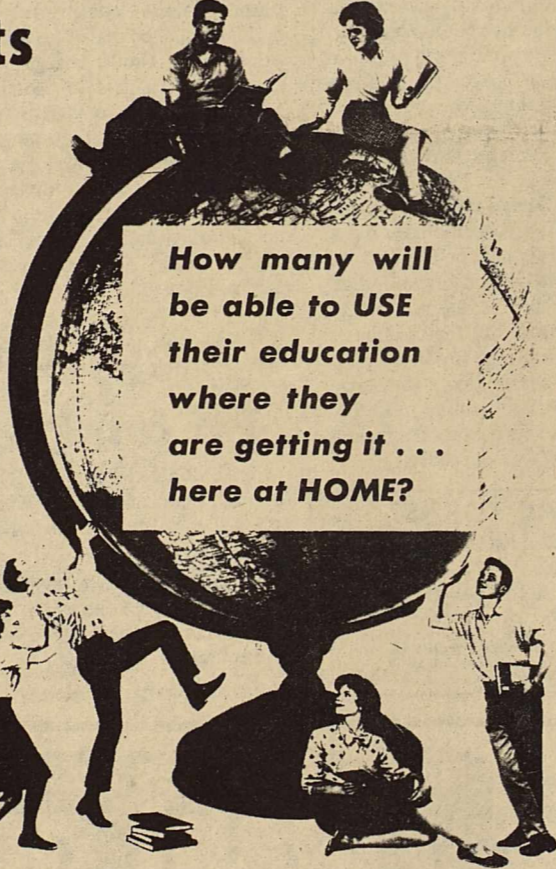

will our school students
go to build careers
for themselves?

(WHAT PART CAN YOU PLAY IN
ANSWERING THIS QUESTION?)

Right now it's back-to-school for the book-toters of our town. Before you know it, they'll be graduating! Many will go on to higher learning. Ultimately all of them will have a decision to make, as to WHERE they can best build their careers.

You have a definite stake in the future of these young people. Your taxes help pay for their education. The more of them who stay HERE to contribute to the progress of THIS community, the better for all of us!

It takes a GROWING community to provide adequate scope for the rightful ambitions of young people. What can YOU do about this? One very important thing: You can spend MORE of your shopping dollars at home, where they will stimulate local trade and business, spark expansion, help create more employment opportunities, help maintain first class schools and other civic services that will attract new residents and new industries. You help our young people, our town, and YOURSELF, when you . . .

How many will
be able to USE
their education

Mrs. Carl Lowrey serves Mrs. Tiny Lester at the Terry County Farmers Co-op Gin Bar-B-Q which was held Saturday.

Vandalism

Reported Here

Reports of vandalism, breaking and entering, and of petty theft have been made in the city, said Bobby Kinsey, Plains policeman. The public is urged to cooperate with law officials, and is urged to report information which might lead to the prevention of these acts.

Gun shots were also reported in the park recently. The shots were confirmed to have occurred. Other gunshots have been reported in the city at night.

Policeman Kinsey stated that people who have been victimized by vandals or thieves can expect more of these in-

cidents if they fail to advise law enforcement officials of the incidents when they occur.

One arrest was made on a teen age boy, who was a school drop out, for prowling. He was in custody at press time. Other reports reached the Record that a teen age boy was expelled from school after assailing a teacher. Expulsion of the boy was made this week.

Reports have been made of a man selling liquor to high school students. Information leading to the arrest of this individual should be given to authorities. Kinsey is investigating this report.

Second Annual Farm Tour

These men are looking at Acala cotton on the Richard Meil farm south of Bronco during the recent farm tour.

The second annual Farm and Conservation Tour was attended by 30 interested farmers and students. The first stop was the C. W. Addison farm where 313 acres have been put in switch grass as a cover for crop land placed in the Cropland Adjustment Program.

The next stop was the W. L. Clananan farm where the group saw 128 acres of Weeping Love Grass and 91 acres of switch grass being used as pasture for livestock for diverted acres. W. L. received help in establishing his grass through the Great Plains Conservation Program.

The next stop was the farm being operated by Red Graham, where the need for deep-breaking was pointed out to the group. This is new land and has not been deepplowed since being put in cropland.

The next stop was at the narrow-row grain sorghum 640-acre tract owned by Paul Cobb and T. J. Bearden. The maize was planted in 27-inch rows by Roy Geutersloh.

The group then proceeded to the W. M. Taylor farm where several varieties of cotton were planted and examined. These were in 10-row plantings of each variety to study such things as staple length, micronair, grade and fertilizer effects.

The next stop was the Bill Lloyd farm to see a good example of farming and fertilizer trials on dry land and also good weed control examples.

The group then went to the Kenneth Blount farm where several varieties of grain sorghum are being grown and then on to the Richard Miel, Jr. farm where Acala cotton was examined.

Last stop was at the Harvest Queen Mills farm, operated by W. P. Turner, where the group saw soybeans planted in 20-inch rows.

The persons attending and the officials wish to thank the school and Mr. Kennedy for the use of the athletic bus.

ASCS Easter Seal

In the ASCS Committee meeting Monday night, October 2nd, Carl Lowrey, who lives and farms in the northeast part of the county, took his oath of office and became a regular member of the Yoakum county ASCS Committee. His term is for three years and he replaces T. A. Elmore, who has served on the ASCS Committee eight years.

Mr. J. B. Ashburn who has served on the committee for two years became chairman of the committee with R. G. Hartman, who has served one year, becoming vice-chairman.

The regular committee meeting date has been changed from the second Monday night in each month to the first Monday night in each month. The committee meets at 8:00 p.m. and all farmers are invited and are urged to meet with the committee any time they have any problems to discuss with the committee.

B. E. Loyd, President of the Plains State Bank, was named as the Easter Seal Representative for Crippled Children and Adults in Yoakum County, according to Robert N. Eastus, Jr., West Texas Representative for the Society. Mr. Loyd will refer cases that need treatment to the State Easter Seal Society and will serve as treasurer for the annual Easter Seal Mail Appeal.

Last year a total of 16,031 disabled Texans were helped by Easter Seals. These cases included both children and adults. People were given treatment in the 23 Treatment and Service centers that are operated throughout Texas.

Conditions treated in 1966 included: Arthritis, cerebral palsy, strokes, multiple sclerosis, muscular dystrophy, neuromuscular, poliomyelitis, orthopedic, brain damage, speech disorders, hearing conditions, and others.

Texas Banks Dean's Honor List

Texas banks were providing farmers and ranchers with more credit and other financial services than any other lenders at the beginning of this year, according to S. R. Jones, Jr., President, Texas Bankers Association and President, First Pasadena State Bank, Pasadena. During 1966, the banks maintained their leadership in agricultural credit services.

Based on the 26th annual farm lending summary of the Agricultural Committee of the American Bankers Association, Mr. Jones reported that at the beginning of the year, Texas banks were helping farmers and ranchers with \$744 Million in loans, five per cent more than a year previous. This total included \$618 Million in production loans and \$126 Million in farm and ranch mortgages. About 70 per cent of the production credit extended by lending institutions to Texas farmers and ranchers came from banks.

Mr. Jones said that "bankers in Texas are conscious of the large capital investments required in agriculture today and are making a concerted effort through improved lending programs to meet these changing credit demands of the state's farmers and ranchers."

The increased use of credit by farmers and ranchers, according to Mr. Jones, has been accompanied by a substantial gain in the total assets of farm and ranch families. Therefore, in the aggregate, the equity position of farmers and ranchers, contrary to public opinion, is being maintained at a satisfactory level. Nationally, farm and ranch families have \$228 billion of their own funds invested in agriculture. This represents 83 per cent of the total capital requirements of farmers and ranchers.

Mr. Jones stressed the importance of farmers, ranchers and bankers working closely to improve farm and ranch financial arrangements. He reported that nine out of ten insured banks throughout the country had agricultural loans outstanding, with nearly 88 per cent of the banks in Texas extending credit to farm and ranch people.

Scrap Book Memories

By Eva Tubb

We first went to Plains in late summer of 1936 to manage Melvin Huffhine's barber shop while he and his wife took their little daughter to the Mayo Clinic. They were gone about two weeks.

As I recall, not too many buildings graced the streets of Plains then. Mr. and Mrs. Woody Read's new building was only a couple of years old. It housed the Post Office, their living quarters and their Mercantile Store on the ground floor, and the Masonic Hall was on the entire second floor. Next to the new building, Woody owned an old tin shack which had been stuccoed and partitioned into rooms. Inside the first room was an old bank vault. Oil and auto accessories were kept in the vault to sell to customers who bought gas from the hand pumps out front. In the next room was Huffhine's two-chair barbershop with a cleaning and pressing shop combined. Mr. Huffhine barbered and Mrs. Huffhine did the cleaning and pressing. In the rear of the building was jungle jim's garage.

Across the street were the remains of an old hotel where Jimmy Pride had his cabinet shop. Jimmy and his fine family lived in the rooms upstairs. There was another family by the name of jolly (I think) who also lived upstairs. South of Mr. Pride's shop was Paul Light's Lumber Yard, a new place of business. Across the street north on the west side of the square was a small vacant building. I was told that Mrs. Moreland had printed a newspaper in the building several years before. Mr. E. Gutherie and Mrs. Frances H. Smith operated the only hotel in Plains. It was located west of the vacant house on the corner.

A middle-aged couple lived in the story-and-a-half building north of the little vacant one. They carried a small line of canned goods. They moved away and the woman went to Barber College. The last time we saw her she owned a barber shop in Imperial, Texas. Mr. and Mrs. Jost had a Service Station and a few furnished apartments on the west side. Every evening at dark, Mr. Jost would start up his dynamo plant and his place would light up like a Christmas tree. Mollie Smith and her husband served delicious meals in one of the buildings along there somewhere. There were several vacant buildings on the west side, but I can't put them in order.

On the north corner of the square was the "Wonder House", so called because when Bill Tremble was building it he wouldn't tell what it was going to be, of course, everybody wondered about it. The next building was the home of The Yoakum County Review, the only newspaper in Yoakum county. It was owned and operated by Mr. and Mrs. W. J. Hale. East of there was nothing but prairie grass.

To the east of Read's store was Hilburn Smith's pool hall... the only place of recreation in town. I think Hilburn rented the building from Mrs. McLaren. Milt Mason rented a filling station on the next corner from Mr. Toby Lynn. Durwood and Don McGinty had just finished building their new abstract office in which they held open house, serving coffee and cake. I'm not sure where their place was located. I know that it was east of the pool hall. About one-half block on the east, Sherriff Joe Ellison owned a rock building and if I remember right he had a few cabins and a windmill that pumped water that nobody could drink. Mr. Ed Dumas owned the next rock building and he had his abstract office in it.

Mr. Cotton was County judge, P. G. Stanford, the County Attorney, Gertrude Taylor, County Treasurer, Joe Ellison, sherriff, and Bert Bartlett Deputy-Sherriff, Edna Blankenship and Joe Webber worked for Mr. W. H. Hague, who was County and District Clerk. Warner Hayhurst was the School Principal.

Some of the schools in the county had consolidated and Mr. Huffhines put a home-made shell with planks inside for seats on a pick-up. He painted it black and hired me to paint in white, "School Bus" on the back and both sides of the shell. It was the first school bus in Plains. However, Sophia Myres hauled children to school in an old car. There may have been others who brought children in that I didn't know about.

Along about that time a baby girl was born to Merle and Elmer Cross. Jessie Criswell and Wilma Martin married, and the mother of Lonnie Johnston died. Walter McClellan and Bob McConnell worked for the State Highway, and Volley O'Neal and Kit Morris worked for the county. Plains could boast of three churches, Baptist, Methodist and First Christian. The only telephone in town was in Woody's store.

Tubby worked for Mr. Huffhine five weeks before we decided to move on. The Reads and the Huffhines begged us to stay, but we were not used to such a slow pace, even though we liked the town and the people. We simply had to migrate. It was with friendly handshakes and fond farewells that we promised to come back. We kept that promise by moving to Plains later that fall. But, that is in another chapter to be written later.

To those who find my description of Plains, as I remember it to have been in 1936, incorrect or lacking, please think of me as doing my best to bring back pleasant memories of over thirty years ago.

Eddie Paxton Announces

Edwin (Eddie) Paxton, jr. of Levelland announced Wednesday that he is a candidate for state representative in the special election November 11 to fill the 75th District vacancy.

Eddie Paxton

The South Plains district includes Bailey, Cochran, Hockley, Terry and Yoakum Counties.

Paxton, 39, is a partner in a Levelland insurance agency and part-owner of a Hockley County farm. He serves on the board for the Levelland Ind. School District and formerly served on the city council and the Levelland Planning and Zoning Commission.

He also served six years as a county committeeman for the Farmers Home Administration, and as a director of the Rotary Club. He is a former president of the Levelland Jaycees and the Levelland Area Chamber of Commerce.

land Area Chamber of Commerce. He served as a director of the West Texas Chamber of Commerce, and as Co-Chairman for the Hockley County United Fund.

"I know the problems and needs of our area and want to serve all citizens of this district in a responsible manner," Paxton said upon announcing.

"We must continue to build an expanding economy. I'm particularly concerned about developing water resources, industrial growth and improving education."

"A strong, sound economy provides more jobs and better pay, and if we're careful with state spending, we can avoid undue tax burdens."

Paxton was reared in Hockley County and graduated valedictorian from Levelland High School. He has lived in Levelland all his life except for two tours of duty in the Army and while attending Texas A&M and Texas Tech.

He and his wife, Gwen, have four sons — Brett, 15; Keith, 12; Todd, 8; and Micah, 4. They are members of the First Methodist Church where he is president of the Methodist Men and serves on the church's board. Mrs. Paxton serves as a district officer of the P. T. A.

In recent political activity, Paxton served as Hockley County Chairman for U. S. Senator John Tower's re-election campaign in 1966.

Sen. Blanchard Makes Statement

The following statement was received from Senator Doc Blanchard by the editor for Publication this week:

"I would appreciate very much if you would issue the following statement in your paper:

"I wish to publicly apologize to the officials and members of the Yoakum County Soil Conservation District No. 150, and to the People of Plains, Denver City and Yoakum County for my failure to appear and participate on the program which was held on September 12, 1967. I wish to assure each of you that my absence was not occasioned by lack of interest in either the program or the interest of the people of Yoakum County. My failure to appear was occasioned by a set of circumstances of a personal nature, over which I had no control. I hope that in some way I may have an opportunity to rectify this error in a way that will let the people of Yoakum County know the high regard I hold for each of them.

"I will make every effort to personally visit with the people on every occasion possible so that I may let the people know that I do value the friendship of the people in Yoakum County very highly. Yours very truly, H. J. 'DOC' BLANCHARD"

Farmers Union

Outstanding speakers of state and nationwide reputation will headline the program of the 64th annual state convention of Texas Farmers Union scheduled to begin its three-day meeting on Thursday, Oct. 26, at the Ko Ko Palace in Lubbock.

"We are expecting a record attendance and will have a program worthy of the large turnout and the fine image of Texas' fastest growing farm organization," Texas Farmers Union president Jay Naman of Waco said.

Among the speakers who are scheduled to appear are National Farmers Union President Tony T. Dechant of Denver, U. S. Senator Ralph Yarborough, Cotton Producers Institute board chairman Russell Giffen of Huron, California, Agriculture Commissioner John White of Austin, State Department official Jim Boren of Washington, D. C., former Secretary of Agriculture Charles Brannan of Denver and National Farmers Union Insurance Manager Ray Novak of Denver.

A special program of "commodity discussion" will feature a talk by National Farmers Union Director of Organization Dwyte Wilson of Denver; and commodity leaders from across the state have been invited to participate in discussions centering on bargaining power for producers.

The Convention will adopt a policy program comprised of resolutions from affiliated county organizations and will elect state officers and delegates to represent the Texas unit at the National Farmers Union convention.

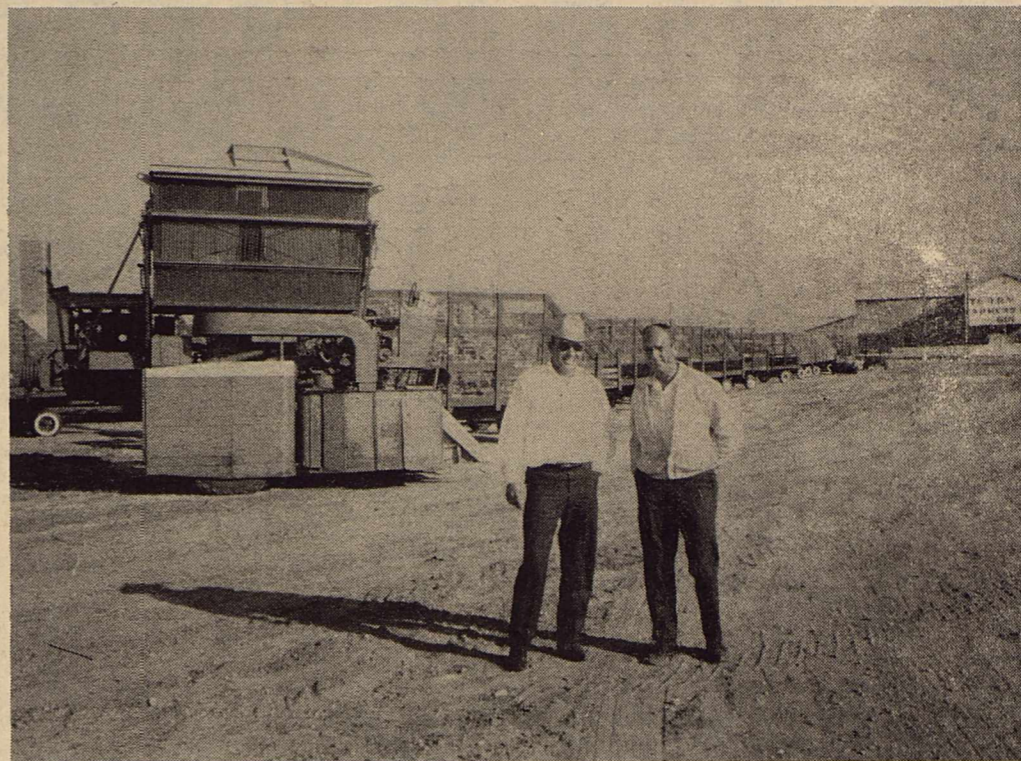

Continued from Page 1 panicked and have shunned old friends because of fear of exposure. Relatives of hepatitis victims report that in some instances they have been treated horribly.

Residents were urged to use common sense, and to stop spreading rumors about the disease, which is not as contagious as most people believe.

Health officials urged people in the area to keep their heads and to look at the illness in the community with reason.

The public is urged to cooperate with city, county, and school officials, who have made every effort to keep the disease from spreading.
