Stock Show Huge Success

John Gray, Gary Stowe, Ronnie Rains, Wayne Box, Dale Cleveland, and Jimmy Taylor were the six big winners in the Seventeenth Annual Yoakum County Junior Fat Stock Show held Friday and Saturday in the Livestock Exhibit Building. Mr. Travis Allen, County Agricultural Agent from Portales, New Mexico, placed the four classes of lambs. The champion fine wool lamb was a 96 pound

Rambouillet exhibited by John Gray. 28 lambs were in the two fine wool classes. 35 animals were in the two classes of mutton lambs, and the judge selected a 90 pound Hampshire lamb exhibited by Gary Stowe as the Champion Mutton Lamb.

Mr. S. W. "Cy" Duffey of Lovington, New Mexico judged the six classes of barrows. The Grand Champion Barrow, winner of class number three, was a 206

pound Hampshire exhibited by Ronnie Rains. Another Hampshire barrow was named the Reserve Champion of the show. This was the 193 pound winner of class number one and was exhibited by Wayne Box.

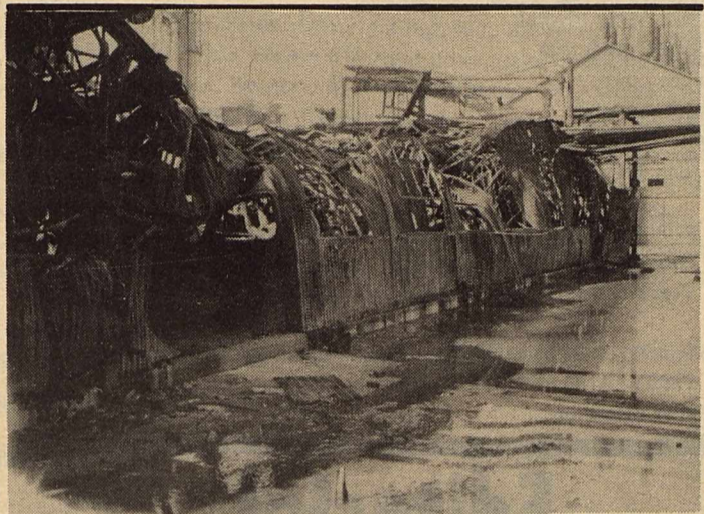

Saturday morning, Dale Cleveland landed in the middle of the winners' circle for the second time in a row. Mr. Calvin Holcomb, Co. Agricultural Agent of Seminole, placed the three classes of steers and selected Dale's 1,021 pound Hereford as the Grand Champion Steer of the show. The Reserve Champion of the beef calf division was a 870 pound Angus exhibited by Jimmy Taylor.

Following is a complete listing of the one hundred eighty-four animals as they were divided into three divisions and thirteen classes.

FIRE DAMAGE AT SHELL PLANT

Fire Damage Heavy

A fire at Shell Company's Wasson Number 2 Gas Processing Plant two miles north of Denver City, Texas was discovered at 12:50 p. m. in the process pump building. No one was injured and the fire was extinguished Saturday evening.

The blaze was confined to the pump building and the base of the rich oil deethanizer. No definite cause for the fire has been determined pending inspection of the burned area. The entire field gas gathering system was safely shutdown preventing the inlet gas from feeding the fire.

The damaged plant is one of two interconnecting gas processing facilities operated by Shell in the Wasson Field. The plants are jointly owned by Shell and

Coltco Corporation. Together the plants handled about 185 million cubic feet of gas per day. An extension to handle an additional 100 million cubic feet per day is under construction adjacent to the damaged plant. Temporary facilities to handle gas production from the Wasson Field will be installed. The estimated loss has not been determined.

In addition to Shell plant and field personnel, the Voluntary Fire Departments of Denver City, Seminole, Plains, Brownfield, Andrews, and Seagraves plus local oil field contract crews extinguished the blaze.

This report was received from John Reid, who is Public Relations Representative for Shell in the Midland district.

The local Lions Club met Thursday, Feb. 20. Alma's Cafe catered the luncheon. After a fine lunch the meeting was called to order by Vice-President Cordell Hudleston. Following the regular order of business the guests were introduced and new members acknowledged. There were 32 members, 6 guests and 1 new member present.

District director of Lions International Don Taylor, Plainview, was guest speaker of the meeting. Mr. Taylor has been visiting the different clubs in his district and reported that last year had been the finest year that the district has had. His purpose has been to encourage the many clubs in his district, enliven the drive for new memberships and organize new clubs. Mr. Taylor had set a goal of 7 new clubs in his district for this year. He stated that at the present time 4 new clubs have been organized and 2 are in the making and that he thought that the goal would be reached.

Mr. Taylor praised the local club for their interest in local youth movements and particularly in their decision to purchase a hog or a lamb at the Yoakum County Fat Stock Show this year. He discussed the foreign student exchange program and its advantages and the fine relations existing between the foreign clubs and those at home.

Mr. Taylor stated that he will not be a candidate for re-election for district director. He asked for a greater concern of the local club in leadership for the district directorship stating that there had not been a director from this area. He invited all Plains members to at some time visit his home club at Plainview, Tex.

Mr. Taylor's talk was invigorating and quite informative and should inspire a greater interest of the members in their local club.

Mr. Jack Redshaw and Mr. Harold D. Holloway, representatives of the E. I. Dupont de Nemours & Company, were present and Mr. Redshaw presented a film showing some of the technicalities of the "Permacap" permeators now being installed in Plains for the purpose of purifying and removing much of the solids from the present water supply. The results of this project will be to furnish the users of city water with a soft water for all their domestic needs.

The Dupont Company has been researching the Plains for two years, first with a mobil unit and then with one of the units now operating at the City Hall, the type of which is being installed at the huge plant near the City's water tower in South Plains. Mr. Redshaw stated that when completed, this plant would constitute the largest of its kind in the world. The capacity of which is 100,000 gallons a day. There are other plants of this kind operating in other parts of this country, namely, Oklahoma, Iowa and California, but none with such a capacity.

Mr. Redshaw furnished many facets of the "Permacap" project, the facts and analysis of the Plains water and the results to be expected. The program was fascinating and inspires pride in the fact that the small town of Plains, Texas, was chosen for the site of this huge and very important research project.

No definite date was set for the commencement of operations of the plant but it can be ex-

pected to be in the near future as the installation of the equipment is nearly completed.

The program was a very interesting and entertaining one, and with the fine luncheon, the results were a fine meeting.

I presume that if a new and inexperienced editor apologized for all the errors in his paper that the entire editorial page would be dominated with apologies. However, we must again make some explanation of the way our page numbers were clobbered up this last week.

When we went to press our numbering was correct for a straight run press. But due to the inexperience of the editor and his lack of knowledge of a printing press our set up did not fit the pattern of the press. So changes were required after the paper left our work shop.

As we learn by trial and error we feel safe to say that this should not occur again. We expect there will be errors in each edition in the future but we hope not so grave.

There are many hidden features about a livestock show that are not always publicized and therefore receive no commendation for their fine contribution to the success of the show.

There is one feature that many are not acquainted with and that is the contribution made by the PLAINS STATE BANK under this unique system each contestant exhibiting in the show receives an award for their participation in the show. For those exhibiting a calf the Bank awards \$5, for a hog the award is \$3.00, and for a lamb \$2.50. Only one award is given each contestant. Where the contestant has more than one entry the amount of the award is paid for the highest class entered.

When we consider that there were 184 contestants this represents not only an added reward to the contestants but also adds greatly in furthering the interest in the show.

The name "Yoakum County Agriculture and Livestock Improvement Association", denotes the true purpose of the Directors of this Association.

It is always gratifying to note some progress in any project undertaken. When consideration is given to the fact that the total amount of the sale of the livestock sold at the show for 1969 was \$20,721.64 as compared with \$17,147.00 for 1968 with one more consignment for the '68 sale, and the unquestionable improvement in the quality of the stock consigned it becomes quite evident that the purpose of this Association is being well achieved.

NEWS BRIEFS

BY THE PUBLISHER

Now that the Junior Fat Stock Show is over, it is time once again to settle back and get to work. However, it was wonderful while it lasted, and here is hoping that everyone had as wonderful a time as the publisher. The happy expression the faces of the 4-H and F.F.A. club members is something to remember always. The twinkle in my granddaughter's eyes when her lamb sold for \$1.00 per pound was a marvel to behold. There is no greater blessing than to see happiness glowing in the face of a child, a young man or miss. Knowing that a job has been well done and accomplished to the best of the ability, is a great achievement for everyone.

I have always had a wonderment at the glow in the face of my niece, Sarah Johnson, when her boys won prizes or received a good price for their entries, and now it is understandable. It makes you happy to see happiness in another. What an axiom for a joyful life; "Showing forth happiness yourself always brings happiness to another."

Not only should congratulations be given to the participants, but also to the directors, parents, county agents and senior club sponsors who helped club members feed, doctor and care for the stock entries.

Oh, how fate can change or throw a person into new ways of life that he has never traveled before. I have been accused of not being a good newspaper reporter--that a reporter must always keep his ears and eyes open for all types of news. The accusation is true I must confess. It has always been my policy to live and let live, and that much a person sees or hears should not be repeated. Therefore, being a news reporter is a hard task for me.

If you have news that you would like to have printed in the paper, please write or phone it into the newspaper office. Perhaps some day, if I stay in the newspaper business long enough, I will learn to poke my nose into places where it has never gone before, keen-up the ears to all noises, and keep eyes wide open. However, I had rather that my ears hear the birds sing, laughter, and beautiful music, and my eyes see the beauty of this creation wherein I live, whether it be mountains, plains, rivers, oceans, my Manx cat or Mack's hunting setters, or the lovely expressions that pass over my friends' faces. I still prefer these things to news reporting. Is there a chance for me?

Friend Slim Randall has let me down this week. Not one comical event has he reported. However, I hear him laughing quite often. The joke was probably on himself, and he doesn't want it printed in the newspaper. Keep laughing, Slim, I love to hear it.

Skeet Robertson reported to the publisher that he had not received his paper for last week, and before he could get one that Teny, Marie and the editor made him pay \$4.00 for a year's subscription. My sympathies go out to you, Skeet. I'll talk to them about this. (And also bless them.)

Letters to the Editor

Constitution Review
Plains, Texas

Dear Mack & Faye:

Am enclosing my check for a subscription to the paper. Of all things I could have pictured you two doing, editing and publishing a newspaper is not one of them

Anyway, I wish you to know we wish you all the success in the world and this edition shows improvement.

When you are over this way drop in for a visit.

With best regards,
Chesley & Vera Bedford
Tatum, New Mexico

Dear Chesley & Vera:

You aren't anymore surprised than we. Mack had been writing a column for the former ow-

ner and he offered the sale of the paper to us one night; the next day legal documents were being prepared. So you two can see how swiftly the deal was settled.

We enjoyed receiving your letter, and would be happy to see you walk in the Plains Review door.

Sincerely,
Mack & Faye.

THE CHAMBER OF COMMERCE
It has been reported that the Chamber of Commerce of Plains will erect a sign at the local office. This will be a fine improvement for Plains. Travelers and visitors frequently check with the local Chamber for information regarding businesses and individuals and should be able to find the local office. Plans are being drawn for a small pamphlet of information.

Stock Show Has Good Sale

The officials of the Seventeenth Annual Junior Livestock Sale were real well pleased with the average prices paid by the buyers Saturday afternoon. It is believed this year's sale was a record for average prices paid for all livestock. Beef calves sold for an average price of \$47.52, barrows bought an average of \$41.63, and the lambs sold for an average price of \$72.04. The eighteen steers sold for \$7,617.60; one hundred and two barrows brought a total of \$8,905.51; and sixty-three lambs sold for \$4,198.53. The 183 head brought in a total of \$20,721.64.

At the beginning of the sale the bidders set up some very good floor prices. The Lubbock Auction and Commission put a floor of \$28.00 on the steers. Mr. James Stewart of Farm Pac Kitchens set a floor price of \$21.75 on the barrows, and Mr. Ty Field set a \$28.50 floor under the lambs. The one thing that made the 1969 sale look real good to everyone concerned was the fact that the animals sold for \$9,919.23 above the floor value. This is the total amount the buyers gave the exhibitors above the actual value of the animals.

Auctioneer Hand Mathews was on hand for the seventeenth time and this year he brought Mr. Charles Macha as his helper. As soon as the floor bids were posted, the sale of animals got under way with the selling of the Grand Champion Calf. Mr. D.P. Moorhead of the Yoakum County State Bank bought the top calf of the show. The bank paid \$1.00 per pound for the 1,021 pound Hereford steer exhibited by Dale Cleveland. Mr. Ty Field was bidding for the Lovington National Bank who paid \$1.00 per pound for the Grand Champion Barrow. The 206 pound Hampshire barrow was exhibited by Ronnie Rains. The Lovington National Bank also was the purchaser of the Champion Fine Wool Lamb. The bank paid \$1.30 per pound for the fine wool lamb exhibited by John Gray. The Yoakum County State Bank of Denver City and the Lovington National Bank of Lovington, New Mexico have consistently been purchasers of champions at the Yoakum County Sale.

The Champion Mutton Lamb exhibited by Gary Stowe was purchased this year by Paymaster Feeds and Anderson Grain Company of Plains. They paid \$1.40 per pound for the 90 pound Hampshire lamb. The Plains Independent School was the buyer of the Reserve Champion Steer of the show. The school paid 65¢ a pound for the 870 pound Reserve Champion, an

Angus steer exhibited by Jimmy Taylor. Mr. Gayle Craft of the New-Tex Gin Co. Inc., bought the Reserve Champion Barrow of the show. The price was 76¢ a pound for the 193 pound Reserve Champion exhibited by Wayne Box.

Other animals in the sale are listed by exhibitor, weight, buyer and price per pound.

AN URGENT APPEAL TO ALL PROPERTY OWNERS IN THE CITY OF PLAINS

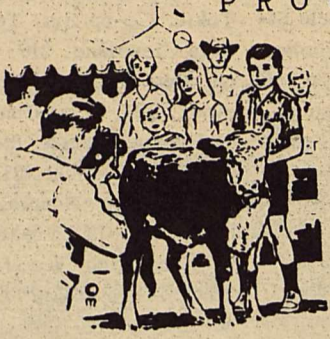

On Saturday, April 5th, you will decide along with the other qualified voters of the City whether you want the 1% sales tax enacted within the City of Plains. Your vote will very likely decide the outcome of this election and we therefore urge you to vote for the 1% sales tax.

Here are some of the alternatives along with some questions and answers.

- 1. Why all of a sudden does Plains need this additional revenue?**
 This has not happened all of a sudden. Your city has been operating on the border line for the past few years. It has been only through the cooperation of the citizens and the City Government that some sort of additional revenue has not been implemented already, but time is running out and it is the feeling that the ad valorem taxes should not have to be raised to offset the increase over the past years in the cost of operations your city has experienced. This increase in cost of operations is nothing new to anyone in any type of business. All are experiencing the same thing. The question Plains will soon face is not whether to increase taxes to raise the necessary revenue, but how the taxes should be increased. The City has three alternatives: the penny City sales tax; an increase in the property tax, or an increase in the cost of services.
- 2. How much revenue would the penny tax produce each year?**
 On a population basis, it is estimated that the sales tax will bring in \$8.00 per person per year. This does not mean, however, that the sales tax will cost each Plains resident \$8.00 per year since visitors to the city, tourists, and persons living outside the city limits who buy in Plains will also pay the tax, which will reduce the resident estimate to between \$5.00 and \$6.00 per person.
- 3. When will the sales tax be collected?**
 The earliest it can be collected is beginning October 1, 1969.
- 4. How will the tax be collected?**
 It will be collected by the State of Texas right along with the present state sales tax and the city's share will be returned to the city by the State Comptroller's Office.
- 5. Will a sales tax hurt business?**
 Not necessarily. Experience in other cities has proved that a sales tax will not hurt the retail business in a community. Rather, a clean, attractive and well-run city attracts people, makes it grow and makes business better.
- 6. Is a sales tax unfair and a burden on lower income people?**
 A sales tax has more elements of equity than any other type of tax, and it is not burdensome on any income group. A person in the lower or medium income bracket spends most of his money on the necessities of life which are exempt from the tax. A person in the higher income bracket naturally spends more money than a lower income person and therefore will pay more of the tax. It is a fair tax because everyone pays in proportion to what he or she has to spend.

Mrs. Mary Weed

Services Held For Mrs. Weed

Services for Mrs. Mary L. Weed, 79, of 4504 - 52 nd St. Lubbock, Texas, were held at 2:00 P. M. Friday, Feb. 21st in Resthaven's Little Church of the Flowers with the Rev. M. D. Durham, Past of the Southside Baptist Church officiating. Burial was in Resthaven Memorial Park.

Mrs. Weed was the former Mary Julian before she married Walter Bennett Weed in 1907 in Eastland, Texas. Mr. Weed died in 1967 in Eastland, Texas. They moved to Lubbock from Montague County in 1927 and lived there 42 years. They retired from the grocery business in 1952. Mrs. Weed was a member of Southside Baptist Church for 20 years. She died at 1:25 Wednesday in Ray's Hospitality Home following a lengthy illness.

Survivors are three sons: M. S. Weed, former owner of Tumbleweed Drive-In and long time resident of Plains, Texas; Millard Weed of Monahans, Texas, and Velmer Weed of Lubbock, Texas, and two daughters, Mrs. Carl Russell of Lubbock, and Mrs. Fate Teston of Los Angeles, Calif., and 14 grandchildren, one of which is Mrs. Wayne Carter, present owner and operator of Tumble Weed Drive-In in Plains, Tex. Mrs. Weed had 28 Great Grandchildren.

Pallbearers were Johnny Hollinsworth, Clarence Hollinsworth, Sam Galbreath, Robert Teston and Truman Weed of Lubbock, and Wayne L. Carter of Plains.

Do something special. Be something special. In the Army Nurse Corps. THE U.S. ARMY RESERVE

El Paso Rites For Mrs. Schultz

Funeral services for Mrs. Opal Schultz of El Paso were held Feb. 17 in El Paso. Mrs. Schultz, mother of Plains' resident Mrs. Lota C. Copeland, was known to many local people as she spent many summers here with her daughter and family.

Interment was in Evergreen East under the direction of Harding, Orr and McDaniel.

Pallbearers were C.C. Copeland, Jr., Gerald Mallory, Bernard Anderson, Jack Gilbert, Everett Maroney and Jimmie Roach.

Other survivors include one son, Clifford C. Allen of El Paso; eight grandchildren, 21 great-grandchildren, and one great-great-grandchild.

The 3,000 islands, caves and rocks that make up the Bahama Islands are scattered over an ocean area slightly larger than Great Britain.

The Maine shoreline winds 3,478 miles; yet by straight line it spans only 228 miles.

JOY

"Make me to hear joy and gladness."
Psalms 51:8

To have joy in what you do is to make play of what others call burdens. Few things will pay greater returns than a life-glad heart. The right attitude toward work and the right-use-ness of time will translate the burden into opportunity.

What is the best thing that we can do for another? Is it to condemn, reform another's habits, impose our own ideas of conduct and behavior, OR is it to give another joy?

Let us choose the sacred word of "JOY" around which to weave our duties and recreations. Where joy touches one, bondage disappears, the yoke of life becomes easy and the burden becomes light.

Let's try giving joy to whomever we meet just for one week and see how much sweeter life becomes.

"The hope of the righteous shall be gladness . . . Go thy way, eat thy bread with joy. . . Therefore did my heart rejoice and my tongue was glad."

REVIVAL AT FIRST BAPTIST CHURCH.

Starting Sunday, March 2, there will be a series of meetings at the First Baptist Church in Plains.

Reverend P.A. Mitchum from Imperial, Texas will be the Pre-

Party Honors Taunton Family

Present and past directors and their wives, of the Yoakum County Co-op Gin hosted a going away party Thursday night for the H.W. Taunton family. Mr. and Mrs. David Stowe also served as host and hostess.

The group enjoyed games of 42 and refreshments in the Plains clubroom. A money bouquet was presented to the Tauntons, who are moving soon to Alabama.

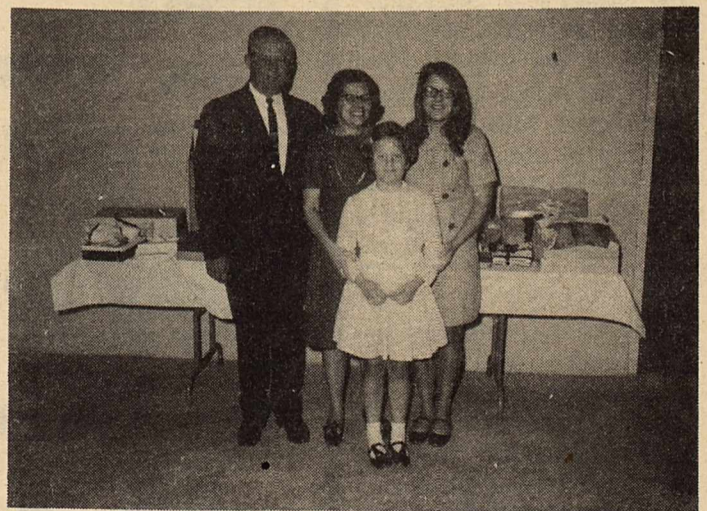

An award of appreciation was also presented to Taunton. The award was done on parchment paper and was created by Mary Jane Norman.

each. Lynn Garrett from Seminole will lead the singing.

Services will be at 10:00 each morning and 8:00 each night. There will be prayer groups for all ages at 7:30 p.m.

A nursery will be provided, and everyone in the community is welcome and urged to attend these services.

ATTEND CHURCH

PARTY HONORS: A going away party for the H.W. Taunton family was held at the Plains Baptist Church with the young married couples acting as host and hostesses. Approximately 150 persons attended. The family received a nice array of gifts. They plan to move to Alabama soon. Pictured are Mr. and Mrs. Taunton and daughters, Terri and Sheila.

AT PLAINS JUNIOR HIGH
by Cyndy Lester

Boy, I guess all the students are glad that the six weeks tests are over again. There's only 12 more weeks of school to go.

Thanks go to Mrs. Helen Milstead for letting me know that the "beauty shop gang" at Viva's didn't even know about the junior high volleyball games against Seagraves here last Thursday night. Wonder what's been going on up there lately! Well, this message goes to the "gang". The junior high girls play Seminole at Seminole this Friday at 5 p. m.

Speaking of volleyball, the seventh grade Wranglerettes won their games against Seagraves. The first game ended with the score of 15-6 and the second 15-8. Members of the team are Susie Nelms, Stephanie Green, Gwen Fitzgerald, Christine Moore, Sherry Patton, Sherri Pippin, Cheryl Johnson, Renee Hauck, Karen Hale, Shelly Williams, and Gaye Mosely, Mgr.

The eighth grade won their games also. The first game was 15-3 and the second was 15-1. The members of the team are Connie Brown, mgr., Susie Strickland, Susan Simpson, Kathy McGinty, Kay Swann, Gay Swann, Pat Milstead, Debbie Cox,

8TH GRADE COWGIRLS: The eighth grade Cowgirls won two fast volleyball games over Seagraves on the home court Thursday with the scores being 15-3 and 15-1. Members of the team include, back row, 1-r, Connie Brown, mgr., Jana Futch, Sharon Upton, Shirley Moore and Susan Simpson. Front row, 1-r, are Cyndy Lester, Kathleen McGinty, Beth Ann Hale, Gay Swann, Pat Milstead and Debbie Cox. Not pictured are team members Susie Strickland, and Kay Swann. Wanda Armstrong is coach.

Beth Ann Hale, Jana Futch, Shirley Moore, Sharon Upton and Cyndy Lester.

The track season has already started, too. The boys go to Wink this Saturday. Hope you'll come out and support them.

The stock show was a success. Glad to see all those who came. Congratulations go to all the students who took part in the show and won ribbons or awards.

This message goes to Mr. Hinton. Will you please do something about your bulletin board? It looks horrible!

**CROP PRODUCTION MEETING
MARCH 6**

County Agent Leo White has reported that a general meeting of crop producers will be held in the District Courtroom next Thursday afternoon at 2:30 p. m. Three specialists with the Texas Agricultural Extension Service will be present to bring the latest information on soil fertility, production practices, and insect control. Mr. James Valentine, Soils Chemist; Dr. Robert Metzger, Area Agronomist; and Mr. Lyndon Almand, Area Entomologist, will bring the program at the afternoon meeting.

All Yoakum County farmers and agribusiness people are urged to attend this meeting. A half a day delay in field work may not be nearly as expensive as not having the information these men will bring. White says this two hour meeting is the last chance before planting time to pick some good ideas for the 1969 crop year.

**Pendleton
Appointed**

AUSTIN:(Sp)-- State Representative R. G. (Randy) Pendleton of Andrews has been appointed to four legislative committees by Speaker of the Texas House of Representative, G. F. (Gus) Mutscher.

Rep. Pendleton's committee assignments are Criminal Jurisprudence, Labor, Liquor Regulation, and Urban Affairs.

Rep. Pendleton represents District 73 which includes Andrews, Dawson, Gaines, Lynn, Martin, and Yoakum, Counties

BEEF CALF GAIN CONTEST RESULTS

High Chaparral is the name of the Hereford Steer fed by Dianne Fitzgerald that emerged the winner of the beef calf gain contest. This steer gained 750 pounds during the 279 day feeding period giving him an average daily gain of 2.68 pounds. For winning the gain contest, Dianne received a loving cup from Mr. G.W. Cleveland who has been sponsoring this contest since 1956. The 750 pounds gained by High Chaparral is an exceptional gain. It is not the highest, but it is above average.

In the beef calf gain contest there were fourteen animals that weighted in May and finished in February. The names of the others along with the names of the owners and pounds of gain are listed below:

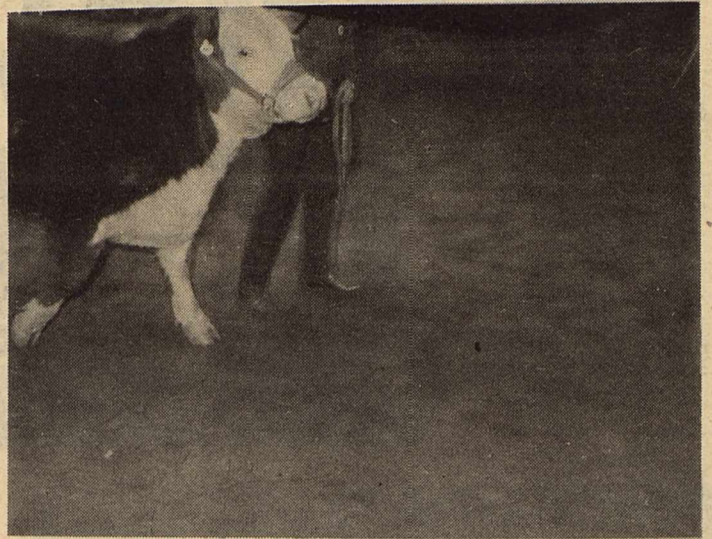

Tie for 2nd and 3rd, Hoss, Dale Cleveland and Big G, Dale Dale Cleveland, 686, 4th, Big John, Dianne Fitzgerald, 680, 5th, Little Joe, Sue Cleveland, 678; 6th, Blue Boy, Lynne Fitzgerald, 655; 7th, Golden Boy, Debbie Addison, 653; 8th, Monolito, Gwen Fitzgerald, 627, 9th, Black Eye, Kathleen McGinty, 624, 10th, Buck, Johnna Gail Fitzgerald, 620, 11th, Candy, Sue Cleveland, 592; 12th, Charger, Debbie Addison, 584, 13th, Dynamite, Kathleen McGinty, 580, 14th, Tiny Tim, Jimmy Taylor, 475.

TAYLOR, BLOUNT, AND STOWE--SHOWMANSHIP WINNERS

Exhibitors selected for showmanship honors in the 1969 Yoakum County Junior Fat Stock Show were Jimmy Taylor in Beef Calves, Kreig Blount in Barrows, and Gary Stowe in the Lamb Division. Worley Mills of Clovis and Portales furnished the trophy in the Beef Calf Division; the showmanship trophy for barrows was donated by Dr. Berry Squyres and the Lamb Showmanship trophy was donated by Anderson Grain Company.

The most sought after showmanship award of all is the Rusty McGinty Memorial Award which goes to the exhibiting outstanding sportmanship. This award is made possible each year by Alma Lynn McGinty and Girls. Gary Stowe exhibited two lambs and two barrows in the 1969 show, and because of his good competitive attitude, his ability as an exhibitor and his willingness to help others he was selected as the recipient of this award for 1969. He received an engraved plaque which goes in his personal collection of awards and his name will be added to the large plaque that hangs in the Plains State Bank. This is the fifty year the Rusty McGinty Memorial Award has been given. Prior winners are Oscar Henard, 1965; Alton Earl McGinty, 1966; Jackie McDonnell, 1967, and John R. Robertson, 1968.
