## 57 ATEENDED CAMP

57 young people and their sponsors left Plains Baptist Church on June 5 to go to Glorietta Baptist Youth Camp at Glorietta, N.M. Rev. and Mrs. Jim Mosley were among those present.
During their six day stay there, approximately $90 \%$ of the young people rededicated their life to God. Four were called for special service and one was called to preach.
Our group was the largest group from the whole state of Texas.
These fine young people participated: in many activities aside from their classes. Our boys won the football championship there. The girls won the semifinals in volleyball. The boys also played in the semi-finals in basketball but lost to Houston, Texas.
They also made some side trips and all reported that they had a wonderful experience.

Three members of the Breckenzldge Boys Choir who will appear in Plains on Sunday, June 22 at $3: 00$ p.m. in the Plains High School Auditorium. The boys left to right are Paul Stevens, Mike Runyan and Andy Carter. With the aid of twenty-nine others ranging in age from 10 to 19 and four young ladies, the Boys Choir will present a concert full of variety in sound and color. The choir is on tour within the state as grant recipients of the Texas Fine Arts Commission.

## VACATIONING

The editor spent last weekend in Ruidoso with the Publisher of the Plains Review, Mrs. Jno. MoConnell who is enjoying a two weeks vacation there.
Mrs. McConnell is a great lover of the high mountain country and always enjoys a trip there. While enjoying visiting with the fine people of Ruidoso and viewing some of the very fine races she is also exercising her paint brushes on the wonderful scenery of that area. Mrs. McC onnell expects to be back in Plains the latter part of the weel.

Chill Wills with Jack Diapopa (L) and Walt Wiggins (R)

## A DAY IN RUIDOSO

While in Ruidoso for the weekend we were privileged with the opportunity to meet and visit with several of the important personages of Ruidoso Downs. The Downs was host last week to the noted and well remembered old Western Movie Star, Mr, Chill Wills. It is ingratiating to see the big smile appear on the faces of individuals as they recall some of the shows they have enjoyed when they hear the name of "Chill Wills" mentioned.
Hosting Chill were the Downs manager, Jack Diapopa, who is refered to as the 'Mayor' and Walt Wiggins, who is in charge of public relations for the Downs. These are very able men and have the ability to make one feel as much at home in the atmosphere of the tracks as you would feel in your own home. Mr. Wills dressed in his western attire, appeared as much at home as any of our old ranch characters of this country.
It would be difficult to escape that feeling of a special friendliness with Walt Wiggins. After reading his articles and viewing his photography of everything from wild life and big game hunting to oil field fires, which have been appearing in True Magazine, Argosy and many sports magazines for a number of years, one sorta feels they know him, for he is just as friendly as he writes. Then when you learn that Walt is a member of the fine old Fitzgerald family of Plains. Texas, being married to the former Roynel Fitzgerald, it leaves a sense of meeting an old friend.
MEARE! I MHUCOTMUAACZ

Besides his many other activities Walt is engaged in ranching and cattle feeding business at Roswell, New Mexico.

## RUIDOSO DOWNS

Faced with tough competition but veteran-wise in the ways of winning, Sandia King will be shooting for the third consecutive trip to the winner's circle in Friday's eleventh and featured race.
Billed as the "KRJZ Radio Purse", honoring the longtime and popular Fort Worth radio station the race will be for thoroughbreds, four years and up allowance at six furlongs.
Owned by E.P. Herring of Roswell, New Mexico, and trained by Albert V. Archuleta, Sandia King will carry 117 pounds with Don Hunt aboard. The sleek black horse must be ready to beat back the challenge of such other frontrunners as Pinky Dee, Blue Affair, and Notre Cheval.
Blue Affair, owned by Paul Frazier of Tulsa, Oklahoma, and trained by Donald Allison will have leading jockey Jerry Nicodemus riding at 115 pounds. Pinky Dee, moving steadily into the spotlight, could take it all under the guiding hands of Richard Strauss.
Not to be overlooked is Notre Cheval, who has turned in one of the top longshot wins of the 1969 Ruisoso Downs season. Notre Cheval will have veteran Billy Powell aboard carrying a topweighted 120 pounds.
Other horses in the nine-place field ready to step into glory are King Fury with Walter Hodges up; Air Duty with Larry Byers in the saddle; Miss Glover handled by jockey Newil Wall; Miss Wingo Plead with Frank Licata riding; and Riline with Glenn Thomason on board. Post time is $1: 30$ P.M.

## PATRIOTISM

The Denver City Jaycees are asking the cooperation of the civic clubs in the Plains area to help restore the lost enthusiasm belonging to Americanism . There will be an old-fashioned Fourth of July at the County Park, including picnics, games, concession stands, game booths and patriotic speeches. Any club wishing to participate in the celebration is asked to call Dale Boulter at 592-2994 after 5:00 p. m. within the next week. There are about fifteen clubs participating, including a few from Plains. Plan to join the Denver City Jaycees on July 4th, at Yoakum County P ark for a fun-filled, old-fashioned Fourth.

## Who Knows

This computerized world that we are living in is a tremendous thing, no one would dare dispute the fact. But to obtain a fact, facts must be fed into the computer. One thing the computer does not have is the ability to ascertain the quality of the material that it is being supplied with. Therefore, not all the answers furnished by these machines are facts. They are only statistical figures intended to. confuse the average mind and leave the impression that a 11 computerized statistics are truth ful. Many times statistics are employed dishonestly for the very purpose of falsifying actual conditions. Frankly, we are so computerized today that it is impossible to discern the truth. Rarely is allowance made for a change of conditions or circumstances that might take place during the time alloted for' the long range calculations.
For instance, the huge water program which is demanding $\$ 3$. 6 billion bondage from the citizens of Texas is based on the surmize that the increase of population in this state for the last 10 years is bona fide evidence that Texas will have a popu la-

ved the center one lifted and seperated from the bottom, clearing a stock trailor a few feet away, travel over a barn and carried a quarter of a mile and strewn another fourth of a mile across a field.
The most freakish thing about the ordeal was that spare lumber and trailor side boards were stacked within a few feet of the bin and a board corral stands near by. Still, not even a piece of lumber was disturbed and neither the trailor or the barn over which the bin passed were damaged. One could hardly contribute this action to a straight wind regardless of the intensity of the storm.
Approximately two te ths of an inch of rain fell at this location but the fall increased to about one and one half inches one half mile south, where the last remanents of the grain bin came to rest.
tion of 30 million in the year 2020. By Feeding the percentages of increase in the past it is inevitable that other answers could be obtained. But it is not inevitable that the circumstances of the past ten years could change and all calculations be thwarted. All through history there have been wars and pestilences that have altered the calculations of the wise.
Until there are some definite agreements between the states from which the Texas Water plan will be supplied and the state of Texas as well as with the states through which the cnnals and lines shall pass, the voting of bonds for such a tremend ous project which will supply the needs of a generation fifty years from now appears to be quite premature. There are to many un solved questions to justify this amount of bondage so early in the program.

NEW FINISHING PROCESS

A new vapor phase process that gives all-cotton fabric a durable press finish with improved strength, abrasion resistance, comfort, and other qualities has been developed through the research program sponsored by the Cotton Producers Institute. The American Laundry Machine Industries has just licensed the process for application to garments and made-up textile products. CPI President Russell Giffen, Fresno, Calif., right, receives initial royalties check from R. Keith Walden, Sahuarita, Ariz. chairman of CPI's patents committee. Negotiations are in pro gress with a major manufacturer to license the process for piece goods. Royalties from CPI patents are used to expand its research and promotion program.

DEVELOPMENT PROGRAM
Key agrucultural leaders and agribusinessmen from 19 South Plains counties will gather in Lubbock on Thursday, June 19, to discuss and formulate plans to boost the economic development of the area, announces Billy C. Gunter, District Agricultural Agent for District 2 of the Texas Agricultural Extension Service.
THe $21 / 2$ hour session will begin at 1:30 p. m. at the Plains Co-op Oil Mill, 2901 Avenue A., Lubbock.

Featured speakers will be Dr H.O. Kunkel, dean of agriculture at Texas A\&M University and acting director of the Texas Agricultural Experiment Station; John Hutchison, director of the Extension Service; Dr. Lowell Schake, Extension area livestock specialist; Dr. Robert Metzer, Extension area agronomist; Dr. James E. Osborn, Associate Professor of Agrilcultural Economics, Texas Technological College, and Billy, Wayne Clayton, State Representative and Executive Director of Water, Inc.
Gunter points out there is room for exonomic growth of the South P lains. A detailed study com piled prior to the launching of the SPD program pointed out many areas for vast improvement. One such area of improvement was the utilization of natural resources. Through proper and efficient use of these resources, the area's income could be boosted appreciably.

## NEWS RELEASE

NORFOLK，VA．－Manned Spa－ cecraft Recovery Forces of the U．S．Navy will provide com－ memorative cachet and concell－ ation services for the upcoming Apollo 11 manned space flight to the moon．
Philatelic coordinators design－ ated for A tlantic and Pacific Fleet Recovery Forces（Task For－ ces 140 and 130 ）will receive all such covers and make the distri－ bution to assigned ships．
To permit adequate time for required handling of covers，col lectors should send pre－stamped self－addressed envelopes to the appropriate coordinator prior to July 4 ，1969．In accord ance with U．S．Post Office Depart－ ment Regulations，only U．S．pos－ tage may be used on covers sub－ mitted．Stamps（postage）of ot－ her Countries or the United Na－ tions cannot be used，and cash
and checks in lieu of postage cannot be accepted．It is fur－ ther requested that collectors furnish stancard size covers， 3 $5 / 8$ inches by $61 / 2$ inches with a filler inserted to simplify han－ dling．
Due to the popularity of the cancellation service and the li－ mited postal facilities on reco－ very ships，the coordinators for Task Force 140 and Task Force 130 will accept a maximum of 6 covers from individual collec－ tors（two covers per recovery ship）for Apollo 11 mission．

OIL STRIPPER
New York--Small oil wells called "strippers" provide U.S. consumers with 500 million barrels of petroleum a year, according to Oil Facts.
The publication notes that the nation has about 377,000 of these wells that produce no more than 10 barrels a day each. Their combined output represents one-sixth of the nation's oil production.
