TAX TREADMILL

If you feel as though you're on a tax treadmill, don't worry about it. You are.

The Chamber of Commerce of the United States observes that the Federal Government is spending tax money a lot faster than you can earn it or send it in. If it takes you an hour to fill out your tax return--and most people struggle with it longer than that--the government will spend \$22 million in the same amount of time, before you even get the envelope stamped.

The calculation is based on the Federal Budget for fiscal year 1970, which proposed outlays of \$192.9 billion--\$100 billion more than 1960, just ten short years ago.

Because the total figure is so large as to be almost incomprehensible, it may register more clearly in terms of spending speed. Counting every day and every hour during the year, including weekends and holidays, the spending pace is:

- \$22.02 million per hour.
- \$367,000 per minute.
- \$6,116 per second.

Converting dollars into feet, that's a spending speed of nearly Mach 6--almost six times the speed of sound, 1088 feet per second.

No wonder taxpayers are beginning to question why they should pay higher taxes, when the Federal Government keeps spending more and more.

It's not too late to ask for a slowdown. Congress has just begun to act on fiscal 1970 appropriations bills. The National Chamber is urging further reduction in spending plans for 1970. Taxpayers should ask their legislators to insist upon significant cuts.

VACATION BIBLE SCHOOL

The V. B. S. at the Hillside Church of Christ building closed Friday night July 18, with a very interesting program. Every little one of the school was given a small part in the program mostly a program of songs. Many parents came, and everyone enjoyed the fine fellowship and real joy of the occasion.

Brother Shirley Curry, who will soon be moving from Shamrock, Texas to Windfield, Kansas to do the work of an evangelist in that city, brought a short message on the subject of happiness. Shirley is the son of Mr. and Mrs. Joe Curry of Plains. His wife is the former Mary Blount, daughter of Mr. and Mrs. G. T. Blount of Plains. We were happy to have this fine christian family, including the two children, Rodney and Cindy visit us.

Brother Curry also brought another fine message at the morning worship service at the church Sunday, July 20, 1969.

The school started Monday with 100 present. Tuesday there were 117, Wednesday 130, and Thursday 131. Friday was off by three only 129 were counted. The average was 121 plus.

A picnic lunch was provided Friday at noon, and the children enjoyed playing in the park.

An important part of the program Friday night was the presentation of awards to those who brought others during the week. Becky Cloud from Denver City won the first award, a beautiful Bible Story Book. She came over with Sister Onard Up ton each day along with some 17 to 19 others. Becky piled up a total of 40 during the week. Second was Stephen Streetman with a total of 24. For third

MAYOR ANNOUNCES TREATED WATER

IN USE

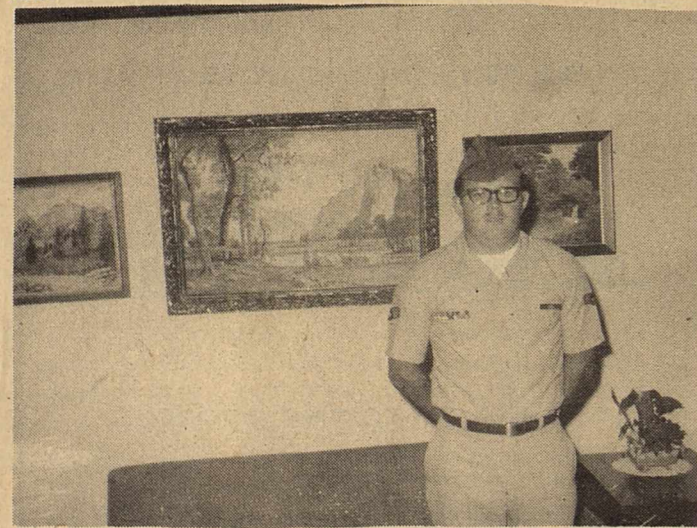

Mayor Roy Edwards said today treated water is being added to the municipal distribution system by the Du Pont plant here.

The treated water is being added to the system gradually, and Don Laverentz, plant engineer, emphasized efforts to avoid sudden changes in water quality would be made.

Over the next several weeks as the amount of untreated water in the system decreases, residents of Plains will be able to notice improved quality. By October, Du Pont expects the city to

have 100% treated water. Operation of the plant is continuing smoothly according to Laverentz, and no problems are anticipated as the water is gradually converted to supply the entire city.

Mayor Edwards also revealed today that preliminary plans for a formal opening of the plant are being made. It is expected the opening will be in mid-August. An open house for all residents of Plains and interested visitors will be included as part of the opening ceremonies.

David Lusk receives service award.

LOCAL RESIDENT RECEIVES AWARD

Sgt. David Lusk, son of Mr. and Mrs. John McConnell of Plains, Texas, has been awarded the "Bronze Pride Award" for outstanding job performance as an aircraft mechanic in the C-124 Globemaster Scheduled Maintenance Section, Da-

vid is presently assigned to the 62nd O. M. S. of McChord Air Force Base in Washington State. Prior to this assignment Sgt. Lusk served a one year tour with the 309 S. O. Squadron in Vietnam.

GOLF TOURNAMENT

Mr. Roy Fain, Pro. of the Yoakum County Golf Club reports that on August 4 - 5, 1969 there will be a Yoakum County Junior Golf Tournament. Tee-Off will be at 8:30 A. M.

Age group 11 and under will play 9 holes Monday, August 4, 1969.

Age group 12-13 will play 9 holes Monday, August 4, and 9 holes Tuesday, August 5th.

Age group 14-15 will play 18 holes August 4th, and 18 holes August 5th.

Age group 16-17 will play 18 holes August 4, and 18 holes August 5th.

NO ENTRY FEE; Must be residents of Yoakum County.

Must register by noon, Sunday, August 3rd. Trophies will be awarded to winners of each age group.

TEENAGE DRIVERS

Parents of teen-age drivers, especially boys, should be prepared to pay up to triple their regular rates for auto insurance.

The cost of an under 20-year-old boy who is the principle driver of a second or third car in the family runs about three times the adult rate, even though the car is registered in the parent's name, according to an Extension home management

specialist.

The rate is about double the adult cost if he merely drives the family car "with permission" Linda Jacobsen adds.

Records show that youth full drivers are more careful of the family car than their own, and during this period they can build up a good record which will be an advantage with later rates.

Girls aren't quite as expensive. A policy covering a 17-year-old girl as principle driver costs about 50 percent more than the standard adult rate, going down to 10 percent excess at age 20. But surveys indicate that girls are getting more careful at the wheel, the Texas A & M University specialist says.

For boys, penalty premiums start to drop at age 20, decreasing annually to 10 percent at age 29. Miss Jacobsen adds that teenagers who have taken an accredited driver education course save about 10 percent.

73RD DISTRICT ELECTION

The election of last Tuesday to fill the post of representative of the 73rd District, which was vacated by Rep. Randy Pendleton of Andrews, for a more lucrative position, resulted in a relative light vote which was distributed among nine candidates.

Out of approximately 19,900 registered votes in this district, there were only 3,299 votes cast. The results of that vote are as follows: E. L. Short of Tahoka, 1,443--Jim Clark of Andrews, 694--Jack Cook of Andrews, 475--Raymond Burton of Andrews, 301--Derbert Warren of Seminole, 251--Ray Trent of Denver City, 162--Jerry Mitchell of Andrews, 117--S. W. Wheeler of Stanton, 110--Gary Miller of Andrews, 87.

The 73rd district is composed of Yoakum, Lynn, Gaines, Dawson, Stanton and Andrews counties. The completion of this term of office will be January, 1971.

As no one candidate received a majority of all votes cast there will be a runoff election August 5th, the same day as the state constitutional amendme-

nts election. The names of the candidates appearing on the ballot for this election will be E. L. Short of Tahoka and Jim Clark of Andrews. These two having received the largest number of votes in the Tuesday election. Tuesday's special election was called by the Governor Preston Smith to fill the vacancy created by the appointment of Pendleton, by the Governor, to the post of head of the federal-state relations office in Washington, D. C.

LADIES' GOLF TOURNAMENT

Maurcene Phillips and Jocile Franklin, Monahans, won 3rd place in the Ladies Partnership Golf Tournament held at the Lamesa Country Club, Tuesday, July 22nd.

They won with a 65 in 1st flight. They were 9 under par.

There were 25 teams entered, consisting of 50 women from Plains. Denver City, Odessa Country Club, Midland, Monahans, Andrews, Seminole, Tahoka and Lamesa.

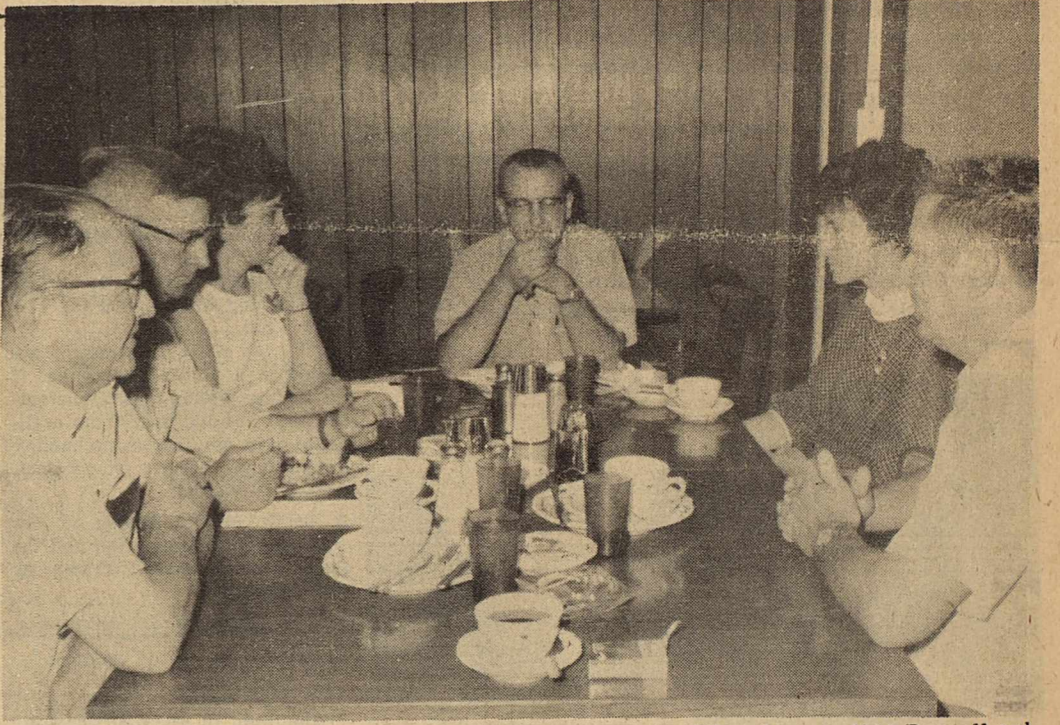

Bit By Rattle Snake

Troy Chaffin of Odessa, Texas who owns and operates a stock farm 8 miles north west of Plains, suffered a rattlesnake bite early last Wednesday morning. A quick trip to the Yoakum County Hospital and proper immediate medication resulted in a mild case of poisoning.

On arising for the day at about 6 a. m., Troy entered the bathroom where he heard a hissing sound. Mistaking the hissing for a leak in the water line to the hot water heater and not being able to see under and behind the heater, he felt for the leak he suspected. The hissing turned out to be that of a rattler which promptly bit him on the knuckle of the third finger of the right hand.

On realizing what had taken place, Troy found a pole, fished out the snake and killed it. He then awakened his small son who had not yet risen, and taking the boy with him in the car he proceeded to drive to the hos-

CHAMBER OF COMMERCE MEET

The Plains Chamber of Commerce met in a special meeting at 7:00 A. M., Thursday July 17th at Alma's Restaurant. Seven Members were present. Mayor Roy Edwards presided in the absence of the president, Foy Streetman.

A resolution was passed by

4-H DRESS REVUE

By Gail O'Neal, apprentice CH DA

Gail Rucker, daughter of Mr. and Mrs. R. L. Rucker of Route 1, Plains represented Yoakum County in the District II Dress Revue at the Municipal Garden and Arts Center in Lubbock on July 22, 1969. Gail was in the top eight of the Senior Division and received a blue ribbon as an award.

The garments were then judged in an All Wool and All Cotton division with Gail winning a blue ribbon for the best cotton garment in District II. Carol Keen, daughter of Mr. and Mrs. Billy Keen of Denver City, won a blue ribbon in the junior division. This division was not judged, but all seven girls received a blue ribbon as reward for participating in the District Revue.

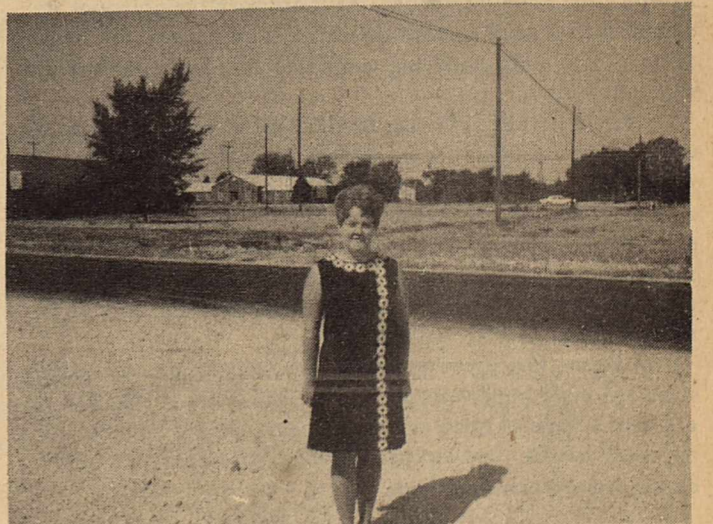

The girls participating in the dress revue, the home demonstration agents and the girl's mo-

the Chamber setting the regular meeting time at 7:00 A. M. on the 1st Thursday of each month. The meeting place to be at Alma's Restaurant.

It was also resolved to hold an election of officers at the next regular meeting. A nominating committee of three was

appointed. Those appointed to serve on this committee were: A. E. McGinty, P. W. St. Romain and Doyle C. Newsom.

After a general discussion of issues that are of concern to the general welfare of the local community, the Chamber was adjourned until the next regular meeting.

Miss Gail O'Neal, daughter of Mr. and Mrs. Jim O'Neal of Plains, is serving as an apprentice agent for six weeks with Mrs. Sudie Thompson, Yoakum County Home Demonstration Agent. Gail is a senior student at Texas Tech majoring in home economics education and will receive her BS Degree in the spring of 1970. She is a 1966 graduate of Plains High School and is 21 years of age.

Those attending the luncheon at the Lubbock County Club and dress revue from Yoakum County were Mrs. Sudie Thompson, Gail O'Neal, Mrs. R. L. Rucker and Gail and Mrs. Billy Keen and Carol.

Rita Pierce, Denise Newsom, Karen Houck and Ruth Pierce pictured as they wait their turn at Play Day Monday night. Results of Play Day will appear in next week's paper.

IT'S HAPPENING IN WEST TEXAS!

The West Texas Chamber of Commerce supports the position that additional State taxes to be raised by the special session of the Texas Legislature should be in the form of elimination of some of the current sales tax exemptions or an increase in the current sales tax rates.

The WTCC State Affairs committee passed a resolution expressing this position in a special meeting July 18th. It was pointed out by the committee that Texas business currently pays 38% of the State sales taxes and 50.5% of all State Taxes. This is a higher percentage than business pays in most of the other states in the nation, it was pointed out by chairman Reuben Senterfitt of San Saba.

WTCC president J. Fike Godfrey of Spur said that additional taxes on business would weaken the State's competitive industrial development position.

Business leaders from all sections of West Texas attended the State Affairs meeting and expressed concern over the increasing taxes placed upon business in Texas.

"Increasing taxes on business will tend to increase prices on services and consumer items to the buyer, thus contributing to the increased inflation," Senterfitt said.

"Our five greatest competitors for industrial expansion are California, New York, Pennsylvania, Ohio and Illinois. In each of these States business pays a considerably less proportion of total taxes. We must not burden our potential industry with even greater taxes," Godfrey said.

Street repairs made before repotting.

A NEW LOOK

Our County Commissioners should be highly commended for the fine job they are doing of lifting the face of our county seat. These improvements have been badly needed for some time but have been beyond the financial ability of the City of Plains.

The city has done a fine job of cleaning up the vacant lots and the city in general but the aid of the commissioners was required to repair and repot the streets. As it has been the policy of the commissioners court to assist the cities in the county in this manner, it is quite gratifying to see this work being done at this appropriate time.

Old timers will be gathering from all parts of the county and many points elsewhere for the OLD SETTLERS REUNION this next week here at the county park in Plains. They will find a smoothly repaired and freshly refaced street to lead them to the entrance of the park. On entrance to the park, they will find it freshly watered with a splendid growth of grass, nicely trimmed trees and in spite of the severe heat of the summer, in a very fine condition for this celebration.

With all the fine street improvements and with the new judges stand and other improvements at the rodeo arena, Plains can really feel a sense of pride as they welcome the Old Timers and the many friends, fans and participants, who will visit Plains during Rodeo week next week.

REPRESENTATIVE OR POLITICIAN

It is time for a new look at the position of representative to the state legislature. From the last few years experience of the 73rd district it is apparent that the greatest interest of the holders of this position has been primarily a personal interest with a goal of personal gain rather than the interest of the voters that they have so fervently promised to sincerely represent.

The reapportionment robbed native, while political aspirations of this district of one fine representative overwhelmed the sense of

THE FAMILY LAWYER

Make the Parents Pay?

Playing football in front of his house, little Tommy crashed full tilt into a passing pedestrian. The man suffered painful injuries, and later sued Tommy's parents for damages.

"Their son was to blame," he contended in court. "Therefore, they ought to pay the bill."

But the court found no liability. The judge said there was no reasonable way by which Tommy's parents could have prevented this kind of an accident.

In its decision, the court was following a general rule of law. With limited exceptions, parents cannot be held liable for damage done by their children—merely because of the relationship.

However, parents may indeed be responsible if, by their own negligence, they contribute to the injury. For instance:

The parents of a neighborhood bully were warned repeatedly about his viciousness. But they made no effort to mend his ways. So when the boy threw a younger child down and broke his leg, the parents were ordered to pay damages. The court said that, even though they hadn't exactly authorized what their son did, they had encouraged him by their hands-off attitude.

Parental liability may also come from entrusting a dangerous instrumentality to a child not yet ready for that kind of responsibility.

What does the law mean by a "dangerous instrumentality"? Obvious examples are guns and cars, the use of which by children is often regulated by local statute.

But an instrumentality won't be classified as dangerous just because it is possible to hurt someone with it. Take this case:

During a game of cowboys, a small boy inadvertently struck his playmate in the eye with a toy pistol. Could the boy's parents be held liable on the ground that they had entrusted a "dangerous instrumentality" to their son?

No, ruled a court, for that would be stretching language too far. The judge said:

"The toy pistol is universally accepted as a child's play thing. If the instrumentality is not inherently dangerous and there is no negligence in its use, there is no liability even though, because of accident, damage is caused."

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

© 1969 American Bar Association responsibility to the voters of two others.

The need of this district is a man that is not desirous of numerous new laws but desirous of carrying out and utilizing the laws now in effect. Yes, a man that can take a hard look at the economy of this district and protect his constituency against the inflationary practices of voting yes on every appropriation presented by the political aspirants.

It is time to fill the legislature with sound thinking, hard headed business men, ranchers and farmers who are acquainted from experience with the real problems of this district. A high education is not sufficient qualification for this position. It is a job for a businessman and a man dedicated sufficiently to continue in office until he has completed the tenure of that office. The Plains Review feels that E. L. SHORT of Tahoka, if elected, will be in office January 1st, 1971, and that during this time he will

An ugly hill becomes a scenic drive.

G. I. TERM INSURANCE

The average World War II veteran, now 49.3 years of age is fast approaching the higher premium hurdle of 50 if he still retains his GI term insurance, Jack Coker, Manager of the Veterans Administration Regional Office in Waco said today.

In most cases the higher insurance cash outlay at age 50 can be eased in a number of ways, he pointed out.

One way is a modified life plan. If purchased at age 50, it will have a constant monthly premium of \$15.90 for a \$10,000 policy. However when the insured reaches the age of 65, the face value of the policy is automatically reduced in half, but the premium remains unchanged.

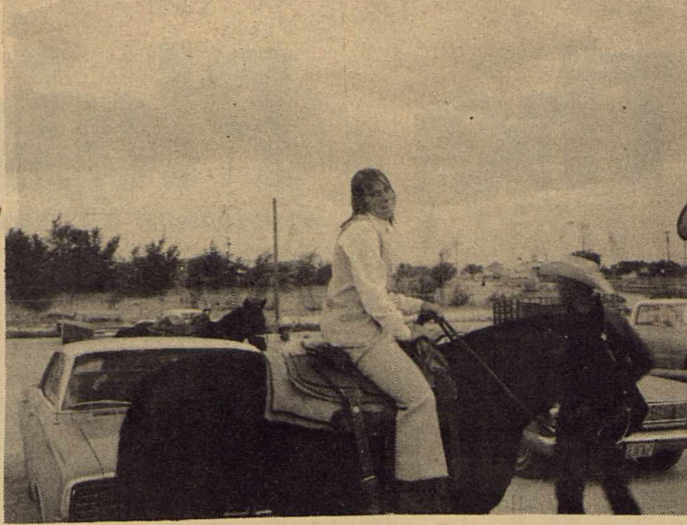

Coker explained that many people find their insurance needs decline at or near the age of 65. However, the insured who wishes to continue the full \$10,000 of his policy may do so without medical examination by paying an additional \$5.15 per \$1,000 at the age of 65. Thus, for the added \$5,000 protection total monthly premiums would be \$41.65.

Some 211,000 eligible veterans have taken advantage of this plan since it was made available in 1965.

Another popular plan is the ordinary life (663,000 policies) where at the age of 50 the monthly premium would be \$31.20 for \$10,000 worth of protection. But with the annual dividend paid by NSLI the cost of the premium would be reduced to

view the measures that come before the legislature purely from the interest of the people he has agreed to represent and not for personal gain.

We believe that E. L. Short is sincere, dedicated to the public and sufficiently informed to ably represent the 73rd district in the state house of representatives. We believe that he should be elected to that office August 5th.

Kathleen McGinty waits her turn to ride at Play Day Monday night.

Little Joy Morgan waits patiently with her father, Calvin Morgan, for her chance to ride.

about \$24. a month.

And, to make it even more convenient to convert from term insurance, the VA Manager reminded veterans that if it is not possible to change the full amount of the policy a portion may be converted now and the remainder continued as term insurance, with the privilege of full conversion later on.

Also, available to NSLI term policy holders are 20- and 30- payment life, 20-year endowment, and endowments that mature when the insured reaches the age of 60 or 65.

Information on policy conversion may be obtained at the VA insurance office where the veteran mails his premiums.

The insurance policy number and the veteran's full name and address should be included in all correspondence.

COULDN'T HAVE BEEN WORTH IT

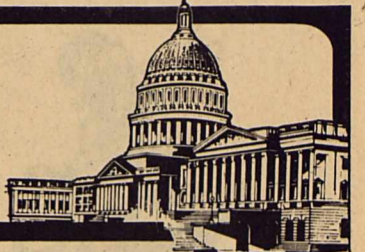

HONOLULU (AP) — Franklin D. Melandre, 29, stole a half-minute of freedom last May. Now he must pay the penalty—five more years in prison.

Melandre broke away from a prison guard at the Honolulu Court House after he was arraigned for an earlier escape from the Hawaii State Prison. He got five years for the first escape. But he hid out as a hermit in the mountains for 4½ months before he was caught.

For the second, 30-second escape, his sentence was the same.

ITEM: If your furniture isn't naturally worn, you can simulate an antiqued distressed wood finish easily and quickly. First, apply the undercoating and toner that come in the antiquing kit. Then, make scratches and scars by beating the surface with a heavy tool or a burlap bag filled with chains. Sand the scratches and apply artist's oil paint "raw umber" straight from the tube. Rub off excess oil paint vigorously.

WASHINGTON AND SMALL BUSINESS

Young Hoover Liberals?

It is difficult these days to sort out any sort of a precise meaning of such terms as "liberal," "conservative," "reactionary" and so forth. But for some time, the more conservative element has at times referred to "soft-headed liberals," and it is possible that they had something.

For the so-called liberal establishment shows a startling proclivity for being manipulated, both by hard-headed reactionaries and hard-headed Marxists.

Not too many years ago, the liberal thrust was toward the one world idea, and strong support for the United Nations. While no one can denigrate the desire of mankind for peace, there are practical aspects.

Now many authorities claim that the basic root cause of student unrest in Vietnam, and it is also claimed that the liberals are in the forefront of the demonstrations and riots.

Thus, the so-called liberals of yesterday who were so anxious for the United States to engage in any kind of action needed to preserve what is called peace in the far corners of the world, may be coming aware that pursuance of this objective means constant military intervention by the United States in all parts of the world, and the younger generation wants no part of this activity.

Thus, it may be that the young liberals of today are allied subconsciously with the viewpoint expressed by Herbert Hoover in the little Iowa schoolhouse on the occasion of his 75th birthday.

At that time, this Quaker, who probably knew more about war and revolution than any man living, advised the United States it should create a fortress America, and leave other peoples to solve their own problems. He took the position that with a nuclear defensive shield, the world, or at least this nation, had reached an era where peace is possible.

But this viewpoint was scoffed at by the then liberal establishment as "isolationism" with a tone that suggested isolationism is on a par with fascism, and other evils.

And if there is any credence to the cry that there is a coalition between big industry and big militarism, a point which has yet to be proved, then it is perhaps logical to assume that the so-called liberals have been skillfully manipulated by this coalition to carry on the fight for more foreign intervention by the United States in order to assure more arms spending.

If these assumptions are at all valid, in the course of time, a great paradox may emerge. For if the younger generation is truly as educated as it is claimed, and if it is true that the root cause of the unrest in Vietnam, then by a process of osmosis this younger generation, now considered ultra liberal, may turn out to be Hoover conservatives. As the current saying goes, "try this out on your Funk and Wagnalls."

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock told the House Committee on Agriculture and high officials of the U. S. Department of Agriculture in Amarillo July 20th that "The present cotton law contains the framework of a national program to maintain a solid and prosperous cotton economy for the future."

He also told the Committee that "Massive, whole-farm and retirement programs such as those recently introduced to both houses of Congress will not alone do the job for cotton."

The House Committee was in Amarillo as part of an agricultural tour which took them July 18, 19 and 20 through much of the district of Congressman, Bob Price, including Tulla, Hereford, Halfway, Plainview, Pampa, Memphis, Perryton, Dumas and Stratford.

Johnson explained that the constant presence and intensity of competition between cotton and substitute fibers made Cotton's situation different from that of other farm commodities. The philosophy behind general land retirement programs, proposed in the House by Paul Findley (R-Ill.) and in the Senate by Everett Dirksen (R-Ill.) is that when enough land has been taken out of production, supply-demand conditions for farm commodities will give farmers an opportunity to achieve parity of income from the marketplace.

But John's contention is that because of competition from synthetic fibers, if cotton prices rise beyond a certain point there will be a corresponding loss of market volume, defeating the purpose of the whole program.

For this reason he urged the Agriculture Committee members to work for a cotton program which will "permit cotton farmers to put their product on the market at competitive prices and provide another source from which they can recover their cost of production plus a reasonable return from investment, labor and management."

He explained that cotton consumers are enjoying the benefits of cotton's low market price, and said they "should understand that if they are to continue to enjoy any product, they have no choice but to pay a price for it which will justify its production, whether they pay it at the retail counter or in the form of taxes."

While Johnson touted the current program as basically sound, he said some changes are needed for 1971 and subsequent years "if cotton is to continue its normal contribution to the livelihood of millions of people and to the national economy."

Among needed improvements he listed (1) protection against the imposition at any level of limitations on individual program benefits, (2) a change from the "domestic market concept" now in effect to a "total market concept" taking into consideration the need for both domestic and foreign markets, (3) additional flexibility to allow for production adjustments, up or down, to keep supplies in line with domestic and foreign demand.

tic and export market demands, and (4) liberalization of allotment sale and lease provisions to further the movement of cotton acreage into the hands of producers who want to continue growing cotton.

FARM NEWS

According to W. M. Overt on, local ASCS office manager, Yoakum County has in 1969, 502 farms that either have a cotton or wheat allotment or feed grain base. Most of the 502 have both a cotton and feed grain base with some having all three, cotton, feed grain and wheat. 209 of the 502 allotment and feed grain base farms are owned by persons living in the county and 293 are owned by persons living outside of the county. The final 1969 cotton allotment on the 417 cotton farms is 42,084 acres. The final 1969 feed grain base on the 484 feed grain farms is 129,311 acres. The 1969 wheat allotment on 109 farms totals 1,980 acres. It is estimated that practically all of the cotton allotment is planted since there is no cotton diversion for 1969. Operators on all the cotton allotment farms have signed intentions to participate in the program. The operators on 370 of the 484 feed grain base farms have signed intentions to participate in the 1969 feed grain program. Practically all of the 370 signed intentions to divert 50% of their base. It is expected that if rain comes soon some who signed intentions to participate in the feed grain program will withdraw. Operators that planted feed grains on their land and want to use it as diverted land are again reminded that shredded grain sorghum is not an approved cover and to be eligible as diverted the grain must be plowed down and this must be done and reported by August 15th.

To be eligible to participate in any of the programs the farm must be in compliance with the signed intentions, the acres measured and reported not later

than the 15th of August, 1969 final date. Operators are again reminded to carefully measure their crop and land uses since reporting the incorrect acres may greatly reduce the payments.

In 1968, cash receipts for Texas grains accounted for almost one-fourth of the state's agricultural commodity sale. John Siebert, Extension grain marketing specialist, said cash receipts for grains were second to those for livestock and livestock products. The total was in excess of \$620 million. The grain industry, he added, contributes mightily to the Texas economy.

Dramatic things are happening in the Texas livestock industry! Among them, is the shift in the slaughter of cattle and calves over the past few years. Mr. Uvacek, Extension livestock marketing specialist says the trend is expected to continue for the next several years and could mean a substantially changed demand for the type of calves required in the future.

Watermelon, cantaloupe and peaches, semi-cling and freestone varieties, steal the hot weather food market scene. Each, along with nectarines, plums, honeydew melons, oranges, Bing cherries, bananas, grapes and pineapples, is in good supply at the most economical prices. Although hot weather is affecting most Texas crops, good vegetable buys are found in red and russet potatoes, cooking greens, purple hull and blackeye peas, tomatoes, carrots, dry yellow onions, squash, eggplant and corn. The report comes from Gwendolyn Clyatt, Extension consumer marketing specialist.

Pork cuts continue to be featured. Examples are fresh picnic shoulder, Boston butt roasts, smoked ham portions and country style ribs. Prices on most beef cuts remain about the same as last few weeks with best values found in chuck roasts and steaks, rib and round steaks and ground beef.

Watermelon, cantaloupe and peaches, semi-cling and freestone varieties, steal the hot weather food market scene. Each, along with nectarines, plums, honeydew melons, oranges, Bing cherries, bananas, grapes and pineapples, is in good supply at the most economical prices. Although hot weather is affecting most Texas crops, good vegetable buys are found in red and russet potatoes, cooking greens, purple hull and blackeye peas, tomatoes, carrots, dry yellow onions, squash, eggplant and corn. The report comes from Gwendolyn Clyatt, Extension consumer marketing specialist.

CHDA Says...

Juicy sweet peaches! Just make your mouth water to think about them.

Here's a peach of an idea for a breakfast or dessert delight--**PEACHALADE**

1 medium orange
1 lemon
2 lbs. peaches (about 5 to 6 medium-size)
1 cup water
7 1/2 cups (3 1/4 lbs.) sugar
1/2 bottle liquid pectin

Squeeze juice from orange and lemon. Grind rinds or chop in electric blender. Put peeled, pitted peaches into bowl. Crush fine with mesh-type potato masher or small can with both ends cut out. Add fruit juices to peaches. Let stand.

Put ground orange and lemon rinds into 5 or 6 quart kettle. Add water. Cover. Simmer over medium heat for 10 minutes. Blend peach mixture and sugar into cooked rinds. Bring to full rolling boil. Boil ten minutes. Stir often. Remove from heat. Strain in pectin. Alternately stir and skim to remove foam for 5 minutes. Pour into clean, hot, dry jelly jars. Seal at once with self-sealing lids. Or cover at once with a 1/4 inch layer of melted paraffin. Store in a cool, dark place.

Use Peachalade on toast, French toast, on top of ice cream for dessert, or on bread for a snack for the kids. Think up your own uses for it!

Why not buy a bushel of fresh peaches and freeze them so that the whole family can enjoy their delightful goodness the year round? Nowadays, freezing is one of the simplest and least time-consuming ways to preserve fruits at home. The choice, golden hue, juicy fresh flavor and vitamin-A-rich nutritive value of peaches are well kept through freezing. And frozen peaches are a snap to serve on short notice. Just thaw and serve--plain, with ice cream in sundaes or parfaits, sprinkled with grated coconut for ambrosias, or as a colorful topping for gingerbread or shortcake.

Since some varieties freeze better than others, state extension services and experiment stations can give the most accurate advice on the best peaches to

GOD HAS SPOKEN

J. LOYD RICE

THE SPIRIT OF GOD DOES DIRECT THE LIFE OF A CHRISTIAN TODAY.

HOW? How can I make contact with this spiritual power and know that I am being directed by the Holy Spirit?

1. By the word of God, the Bible, which is His revelation. Without this divine revelation there is no understanding of our origin, our purpose, and our eternal destiny. Without it no one can understand the workings of the Holy Spirit.

The word is the sword of the spirit, the seed of the kingdom, the truth, and the power. It is the means by which the Spirit of God enters the human heart. Jesus said, "It is the spirit that quickeneth, (Or makes alive); the flesh profiteth nothing; the words that I speak unto you, they are spirit, and they are life." John 6:63

THERE CAN BE NO GUIDING SPIRIT WITHOUT THE GUIDING WORD.

My part is to study, to know and understand God's word.

2. Through the privileged and power of prayer which is taught in the word of God. Read James 1:5-8

"If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him. But let him ask in faith, nothing wavering; for he that wavereth is like a wave of the sea driven with the wind and tossed. For let not that man think that he shall receive anything of the Lord. A double-minded man is unstable in all his ways."

Here is the strong promise, to the trusting child, of divine direction.

My part is to trust the Lord wholeheartedly, and to humbly make my petition known unto Him.

pd. ad.

freeze in your area. Though peaches vary, there are some general considerations in freezing any peaches:

1. Select firm, but ripe, fruits--without bruises. Slice or chop as desired.
2. Pack with sugar, cold syrup or unsweetened, depending on use planned. (40% syrup, 3 cups sugar to 4 cups water, is generally best for peaches.)
3. Add ascorbic acid to prevent darkening (1/2 tsp. to 1 quart cold syrup).
4. Pack in moisture-proof containers, with all fruits covered by the syrup and 1/2 to 3/4 inch of "head space".

A bushel of peaches will fill 16 to 25 quarts. Plan about 15 pints for each person in the family and have sunny summer goodness all year long.

ITEM: A sewing machine is an important purchase. Buy a name brand machine from a dealer who stands behind the merchandise he sells. Readily available parts and service are more certain than with unknown brands.

PUBLIC DEER HUNTING

AUSTIN -- The Bureau of Sports Fisheries and Wildlife will again conduct September public deer hunts on Aransas National Wildlife Refuge on Black Jack Peninsula between San Antonio and St. Charles Bays on the Texas Gulf Coast.

Basically, this year's hunts will be the same as those last year except that the nine two-day gun hunts will be held starting September 1. Bag limit will be three deer, one of which must be antlerless.

A total of 1,800 gun hunting permits will be issued by the bureau from a public drawing to be held at 10 a.m., August 20, in the offices of the Texas Parks and Wildlife Department in Austin. To be eligible for the drawing, all applications must be in the Department office by 5 p.m., August 15. Applications arriving later than the 5 p.m. deadline will be returned.

The bow hunt will be held from September 22-30. A bag limit of bucks only, limit two, may be taken from October 1-5. Federal hogs may be taken by archers during the hunt with no bag limit.

Anyone wishing to participate in the gun hunt should write to the Bureau of Sports Fisheries and Wildlife, c/o Texas Parks and Wildlife Department, John H. Reagan Building, Austin, Texas 78701, and ask for an application card.

Applicants are urged not to request specific dates since such requests cannot be honored. Each application card will come with complete instructions on filling out the application, seasons and bag limits, as well as all pertinent information.

Department authorities said the application cards and instructions are now being printed and should be ready by July 22. The Refuge, established in 1937, contains 47,271 acres. However, only approximately 38,000 acres of prime deer habitat in Aransas County will be hunted.

TEAL HUNT

AUSTIN -- Hunters will not need a special permit to participate in the nine-day September teal season which runs from September 13 through September 21.

All that will be needed is a Federal duck stamp, plus a valid Texas hunting license if you hunt outside your county of residence.

The teal season was closed last year while biologists evaluated the results of experimental teal hunts which took place the three previous years. Special permits were required for the experimental hunts so a survey could be made of the participants.

FAMILIES VISIT CHURCH

Among the visitors at the Hillside Church of Christ in Plains Sunday were two families from Houston. They heard a fine sermon by Brother Shirley Curry, the guest speaker at the morning service.

The two Houston families named Love and Cox were in route to Ruidoso. There were four boys and two girls in the group, with the parents made up ten people. That helped our number in attendance.

After services preacher Rice invited them to have lunch with him and his wife, so all twelve proceeded to Alma's cafe for lunch. During the conversation at the table Rice learned that Mr. Cox is the son of one of his old teachers at Abilene Christian College. His name is Jim Cox. He stated that he is an old time friend of our county judge, Judge Bennett. He is a medical doctor in Houston now. Mr. Love is a food broker in Houston.

Dr. Cox and preacher Rice enjoyed a pleasant visit talking about people and events connected with Abilene Christian College. There is quite a span in the ages of the two men. Cox was in the first grade the same fall that Rice was working on his third year in College.

The late James F. Cox who was one time president of Abilene Christian College was Dr. Cox's father.

We hope they stop again on their return trip from Ruidoso.

V. B. S. From Page 1

place was Ricky Rodriguez with a total of 23. And close behind him was Angel Flores with a total of 20.

Those who were pushing the leaders received a small token of appreciation for their good work Friday at the morning session. They were: Bobby Neal; Carol Carruthers; Brad Palmer; Danice Hauch; Debbie Head; Tracy Welch; Natalie Streetman; Zelma Faye Green; James McElroy; Steve Ward; Dollie Hauch; Kay Stephens; Sandra Barnes; Carolyn Richardson; David Hale; Danny Huerta; Paula Hale; Andy Richardson; Jodie Ann; Becky Massey; Latrice Edwards; Kathy Hale; and David Fuentes.

The following people taught the classes: 18 months to 2 years - Mrs. Inez Chambliss and Mrs. Martha Palmer; 3 to 4 years - Mrs. Jimsey Krieg with her daughter, Phyllis; 5 to 6 years - Mrs. Lorene Smith with Mrs. Imogene Smith; Grades 1 and 2 - Mrs. Pearlita Carruthers with her two daughters, Gale and Cynthia; 3 and 4 grades - Mrs. Pat Hillis and Mrs. Jerome Head; 5 and 6 grades - Mrs. Margaret Upton; and Junior High, teenagers - Brother Burlin Gray, minister from Tatum, New Mexico.

The theme was "JESUS LOVES ME", and the children learned much about His wonderful love.

PURELY LOCAL

Mr. and Mrs. Skeet Robertson were in Lubbock Sunday. Visiting Mr. and Mrs. A. B. Carpenter last week was their grandson, Kerby Carpenter, a student at the University of Texas and visitors this week is Major and Mrs. Dean Light and children of Colorado Springs. Visitors last week in the D. H. Kerby home were their son, Jimmy and wife of Lubbock.

GOOD NEIGHBOR REVIEW

BROWNFIELD, TEXAS

HOLMES VAN SERVICE

LYON VAN LINES

For local and long distance moving, be sure to call Holmes Van Service, located in Brownfield at 410 Lubbock Road. Phone 637-2353 for estimates on your next moving job.

They employ only courteous careful workmen, and you can be assured they will handle your merchandise in a most careful manner. You need not be afraid to allow this reliable transfer company in Brownfield to handle your most valuable articles. Don't take chances and try to do your own moving, but let these experienced men do it for you.

Their equipment is modern and up-to-date. They can assure you of careful service in all kinds of weather. Their vans are padded and enclosed, giving you added protection for your furniture.

We, in this Business and Professional Review, wish to compliment this firm on their fair dealings and efficient business methods to the people of this section.

Holmes Van Service is bonded and insured for your added protection, and they also have 8000 square feet of floor space for storage.

MASSO'S DEPT. STORE

Masso's located at 521 W. Main in Brownfield has long been known as one of this section's leading department stores. Phone 637-3822. Visit them on your next trip to Brownfield.

This merchandising center offers highest quality ladies', mens and childrens apparel at reasonable prices, thus enabling all in this area to be well dressed in distinctive clothes at prices within the reach of all.

When a store is able to satisfy the most exacting demands

of all classes of people then it must be acknowledged that it has reached an enviable position in its trade. Such is the case of this prominent firm for this section.

People of every class have found that clothes from this store are made from the best of materials and are moderately priced. They make a specialty of catering to those of moderate means who wish to dress in the modern and distinctive manner that present day business and social activities demand.

BIELSS AND LETSINGER ELECTRICAL CONSTRUCTION

Industrial, commercial oil-field and residential wiring are a specialty with Biells and Letsinger located at 1607 Lubbock Road in Brownfield. Phone No. 637-4559.

This firm is well known in this area for fast and dependable wiring service. They have been in this type of business for many years and have the know-how to handle any job. Experience in the electrical contracting business field.

Reasonable bids can only be made when the contractor you call is familiar with the prob-

lems involved. You can rest assured that Biells and Letsinger will be reasonable in all dealings.

Their popularity has increased each year they have been in business and they are now recognized as leaders in the field of wiring.

This Good Neighbor Review recommends them to all in this section who have wiring of any type to be done.

Remember the name, Biells and Letsinger, located at 1607 Lubbock Road in Brownfield for the best in electrical wiring.

ROSS CAMPBELL EQUIPMENT COMPANY

When in the market for farm implements, be sure to go to Ross Campbell Equipment Company located at 611 W. Broadway in Brownfield, Phone 637-2442.

They feature the famous Al-lis Chalmers farm machinery which has stood the years of rugged usage and has proven satisfactory in every phase to the farmers of this area.

To be efficient, a piece of farm machinery must be built to stand the rugged use necessarily involved in working farm lands. Ross Campbell equipment also feature a complete

parts and repair department so that when your equipment needs overhauling and renovating, as all machinery must be at various times. They can give you the best possible service in the shortest possible time and least expense to you.

Be sure to contact Ross Campbell Equipment first when in the market for any type of farm equipment, just phone for information or stop by the next time you are in Brownfield and let one of their representatives show you the advantages of using Al-lis Chalmers Equipment to put your farm on a really paying basis.

REGAL THEATRE

Enjoy the latest movies at the comfortably air conditioned and heated Regal Theatre located at 206 S. 5th in Brownfield.

Motion pictures are American's favorite and least expensive entertainment. If you like good entertainment, you will be pleased with the selection of shows featured at this theatre, and always with popular casts.

You will see the latest feature pictures at the Regal Theatre along with selected short subjects

to round out the program. While you are enjoying the movie be sure to visit their snack bar for some hot popcorn, candy or ice cold drink. You will find it is always supplied with the best to fill your every desire in food and drink.

In this Good Neighbor Review, we urge all our readers to attend the Regal Theatre and relax with comfortable pleasure. Take the whole family for an evening of inexpensive entertainment.

GOODPASTURE FERTILIZER PLANT

This well known firm located on the Seagraves Hwy., in Brownfield, Phone 637-2541 with the local plant on the Roswell Road in Plains. Phone 456-8833, are manufacturers of Sol-U-Phos liquid fertilizer.

In this particular field of endeavor there is no company more worthy of extended mention in this review than this well

known institution. Under the direction of men thoroughly conversant with every feature of this industry, it has become a very important asset to this area.

By reason of the fact that the management has had wide experience in every area of this business and because of their comprehensive knowledge of every branch of the trade this firm has continued to wit-

ness an increase in the number of their patrons.

We, in this Good Neighbor Review issue, highly recommend Goodpasture Fertilizer as being an asset to this area. For many years they have added to this progress and prosperity of this entire section. The management and assistants are men of practical experience in this type of business.

TERRY COUNTY LUMBER COMPANY

Conveniently located in Brownfield at 321 Lubbock Road Phone 637-3939. Here they feature building materials of every description and of the highest quality at reasonable prices.

This popular lumber concern carries a complete line of grade-A building materials and through their fair dealings of

doing business and the high quality and fair prices constantly offered they have won an enviable reputation throughout this section.

The people of this territory including contractors, builders and farmers have come to know they can depend on the Terry County Lumber Company for everything in building materials

It may be said that this firm is a valued asset to this community.

One of the essential features of any house, store or any other structure is that it will stand the wear of the years. The same is true of the reputation of any business firm and that is why Terry County Lumber Co., enjoys an ever increasing volume of business and popularity.

BROWNFIELD STATE BANK & TRUST COMPANY

The Brownfield State Bank & Trust Company has long been recognized as one of the outstanding banks to the people of this area. Through their untiring efforts this section has continued to progress through the years.

They offer the farmer and the public in general every convenience of a large city plus the outstanding and personal inter-

est in each customer to cope with your particular problems.

A great amount of praise is due the officers and directors of the Brownfield State Bank & Trust Company for their foresight and judgment, and through their outstanding service they have contributed materially to the strength of our economic structure.

The Brownfield State Bank and Trust Company located at 400 W. Broadway in Brownfield has encouraged each and every family to secure their future with intelligent saving plans. Every account is insured up to \$15,000 by the Federal Deposit Insurance Corporation.

In this Good Neighbors Review this well known bank has our highest recommendations.

HARRIS FLYING SERVICE

The special attention of our readers is called to the services provided by Harris Flying Service located on the Tahoka Highway East of Brownfield, Phone 637-4656.

Aerial crop spraying has become one of the more important assets to the farmers of this area. It makes no difference if the field is muddy or heavily

wooded in just a short time an airplane can effectively cover a large area that would take much longer to cover with the old method of covering from the ground. You are cordially invited to call HARRIS FLYING SERVICE for information or free estimates.

In this Review we highly recommend that you investgate

the many advantages of aerial by calling the Harris Flying Service in Brownfield.

This firm also has licensed pilots and F. A. A. approved planes at your disposal for rental and charter. They are your Piper dealer, so you need not go any further to buy that aircraft that you want than Harris Flying Service where you can receive complete flying instruction.

TRI-MATIC INC.

This well known firm located at 1506 Lubbock Hwy. in Brownfield, phone 637-3557, is the manufacturer for the Tri-Matic Sprinkler System of irrigation.

In this particular field of endeavor there is no company more worthy of extended mention in this review than this well known institution. Under the di-

rection of men thoroughly conversant with every feature of this industry, it has become a very important asset to this area.

By reason of the fact that the management has had wide experience in every area of this business and because of their comprehensive knowledge of every branch of the trade, this firm has continued to witness an inc-

crease in the number of their patrons.

We, in this Good Neighbor Review issue, highly recommend Tri-Matic Inc. as being an asset to this area. For many years they have added to the progress and prosperity of this entire section. The management and assistants are men of practical experience in this type of business.

LUBBOCK PRODUCTION CREDIT ASS'N

JOHN BALL VICE PRESIDENT

Lubbock Production Credit Assn., is located at 421 W. Powell in Brownfield, Phone 637-6156. They loan money to farmers and stockmen for agricultural purposes at reasonable rates of interest.

As it is our purpose in this review to give readers throughout this district a list of prominent firms in our trade territo-

ry, we wish to bring your attention to this leading firm, Lubbock Production Credit Assn. The management has a reputation far and wide for honest business dealings and is anxious to please every customer alike.

Their position among the people of this district is evident of well placed confidence and in this review we take pleasure in

recommending Lubbock Production Credit Assn. to the people and industrial firms of this and surrounding territories. During their years of operation, they have done everything in their power for the improvement of this section.

You will find this credit association a most desirable firm with which to do business.

SUCCESS OFFICE SUPPLY

Success Office Supply located at 316 W. Main in Brownfield features a complete line of office supplies, furniture and equipment.

Your office is just as necessary to a neat appearance as the clothes you wear. Your business is judged by the appearance of your office. Your business should not be hampered by not having the proper facilities for the handling of your RECORDS. Records are the heart of any business and the way you keep them is a reflection of your business success.

Success Office Supply is un-

der capable and experienced management and they carry a large stock of equipment at all times. They are prepared to serve you in a most satisfactory manner and we wish to suggest that the problem of what you need may be readily and satisfactorily solved by a visit to Success Office Supply, the store of many suggestions.

Always try Success Office Supply when in need of anything in the line of office equipment and supplies. You will find it here in the highest quality and at the most attractive prices in town.

BROWNFIELD SAVING & LOAN ASSN

Brownfield Savings & Loan Association is located at 201 West Broadway in Brownfield. This institution is one of the corner stones of the financial structure of this community.

If you have money to save or invest you should investigate the advantages this savings & Loan Association can offer you.

It is well known in this territory for reliability and many have found their desired method of saving through them.

They offer a way for reliable parties to secure loans in a business like manner without being imposed upon in anyway. You will be more than pleased with this efficient and modern

establishment. Through this widely known institution many people of this community have progressed. Its service is positively indispensable to the comfort, success and progress of this section. If you plan to purchase in the near future see the Brownfield Savings & Loan. Phone 637-4533.

BAYLESS JEWELRY

This progressive store in Brownfield at 507 West Main Phone 637-4221, has merited the position it has attained as one of the leading jewelry stores in this section of the state. And because of its unequalled quality merchandise and service during the time it has served the public, has merited the large patronage it receives.

The gift season is always on. An up-to-date jeweler is indispensable to every community of taste and refinement, and the generous patronage extended to this popular jewelry firm shows how this community appreciates their efforts.

Their stock has been selected with rare judgment and includes everything necessary to

conduct and up-to-date store. Here will be found the leading makes of watches, diamonds, rings, studs and ornaments of handsome designs and an extensive variety of jewelry.

We take pleasure in directing our readers to the Bayless Jewelry and to compliment them on the character of the merchandise they have chosen to offer the public.

TOWN & COUNTRY NURSERY & GARDEN CENTER

The Town & Country Nursery Center located on the Lamasa Highway in Brownfield offers a complete landscape, planning and planning service.

Home owners should take advantage of the services offered by this reliable firm. Without trees, shrubbery and flowers any home looks plain. Not only does landscaping help to

beautify a home but it increases its value as well. When you select shrubbery or trees for your yard, it is something that is as permanent as the home itself. Therefore, good taste and judgment should be incorporated into its planning.

They are always willing to discuss plans and will advise you on any job. They have a complete stock of shrubs, trees

and plants and you need not wait several weeks for your order to arrive. They will all orders promptly when they are placed with them.

Beautify your home by having shade trees and shrubs and enjoy the time you spend in your yard. Just phone 637-6769 or come by and get free estimates the next time you are in Brownfield.

SOUTH PLAINS AERO CROP DUSTING-SEEDING FERTILIZING-LIQUID SPRAYING

South Plains Aero is one of the largest and oldest crop dusting service located on the Tahoka Highway in Brownfield Phone 637-6034 or nights phone Clyde Gardner, owner and operator at 637-3636.

Protecting crops through scientific crop dusting in order that farmers and ranchers may

realize peak production from their fields and orchards is the pride of South Plains Aero. Their experience is a recognized fact by all who have called upon them for service. Their complete, up-to-date knowledge of the latest scientific developments in crop dusting assures the farmer that his crops

will receive the best protection available today.

You are cordially invited to call them for free information or estimates.

We in this Good Neighbors Review highly recommend South Plains Aero to our readers for reliable and dependable service in the field of crop dusting.

SOUTH PLAINS READY MIX INC.

The South Plains Ready Mix Inc., located at 902 W. Broadway in Brownfield, offers you prompt and dependable service in ready mix concrete, sand and gravel. Phone 637-3901.

This up-to-date concern furnishes a complete service of ready mixed concrete for building construction. They are prepared to supply out-of-town orders,

real estate men, subdividers and home builders on short notice. They have a fleet of modern trucks for transporting and mixing concrete in any quality desired. This is a real convenience in building, as it eliminates delay and assures a high quality hard setting concrete.

The best service is provided the public of this community.

No matter whether you have a large or small amount of concrete work to be done, you will find it more economical and convenient to use this well established concern.

We wish to say that South Plains Ready Mix Inc. has more than justified its existence, as its service in this field has provided an essential necessity to this community.

STACY MASON FURNITURE CO.

Stacy-Mason Furniture located at 601 W. Main in Brownfield has a complete line of home furnishings.

They handle furniture of a better grade, a quality that is durable and one you can depend upon to give you maximum service. It is the purpose of this reliable establishment to successfully and comfortably furnish the family home at moderate prices. They handle only the best of household articles and are known

for their courtesy of treatment and fairness of dealings.

They carry a large selection of Whirlpool and Amana appliances such as freezers, refrigerators, dishwashers and washer-dryers along with Zenith and Curtis Mathis stereos and color TV's. They also service any and all makes of appliances and TV's.

They have anticipated your possible needs and their stock is composed of tasteful, practical, artistic and yet inexpen-

sive furniture from which to make your selections.

In their showroom you will find a large and varied line of nationally known brands of carpets at all times and have a complete installation service. Through their years of business they have rendered a most valuable service to the people of this section. We recommend this furniture company in Brownfield, so see them before you buy anywhere.

TIM'S SAFETY LANE

This firm is located at 1315 Lubbock Rd. in Brownfield, phone 637-2445 for estimates. Tim's Safety Lane features the Bear System of wheel alignment that is noted for its effectiveness. They specialize also in wheel balancing, muffler service, expert brake service, and are a safety inspection station.

For the sake of your family always keep your brakes in good working order. Wrecks are expensive and destructive, so avoid them by having your car safety checked at Tim's Safety Lane.

You will receive the best in service if you take your car here. They will turn the drums and reline your brakes making them as good as new.

Wheels out of line and out of balance cost the car owner many unnecessary dollars. Tires are expensive while wheel-balancing and aligning is very reasonable. Be wise, economical by letting this firm balance and align the wheels on your car.

We in this Good Neighbor Review highly recommend Tim's Safety Lane to all our many readers.

THE COWBOY STORE

The Cowboy Store located at 206 W. Main in Brownfield. This well known store is serving the people of this area with quality western clothing. This is an institution of which we can be justly proud.

This store carries a complete line of western clothing for the entire family. Quality material and expert workmanship make their clothing hard to beat at any price. Many people have found by pleasing experience that clothing bought here is an

investment in economy.

They carry a complete and comprehensive stock of western clothing and are well known for their proper fitting. No matter what your needs may be along this line you can find it at The Cowboy Store.

In this Review we take pleasure in directing the attention of our readers to such a reliable establishment and suggest that you drop in and see them for anything in the western clothing line.

GOODPASTURE INC.

Goodpasture Inc. is conveniently located at 902 W. Broadway in Brownfield to better serve the people of this area. Their reputation has been achieved through service, satisfaction and quality products. Nowhere will you find a firm that endeavors more to please its every customer regardless of the amount of business as conscientiously as they do. The farmers of this

territory have come to know that they can depend on Goodpasture Inc. for quality products and service at the lowest prices. In their dealings a spirit of fair treatment and accommodation is so evident that it has won the confidence of the farmers of our area, whereby this firm has grown and prospered. This is one of the more popular

business', to the farmers, in our area. Their employees are always courteous and accommodating and eager to serve you in any way they can. We are more than pleased in this review to call attention to this very prominent firm and to say they are civic leaders and up-to-date in their methods and are deserving of the support of the people of this area.

Blackie Bearden and grandchildren are ready for the Big Rodeo Parade.

ZOO WANTS BRIDES
GAUHATI, India (AP) — WANTED: Brides for the inmates of the Gauhati Zoo. This advertisement was sent in the form of an SOS by the zoo authorities to the Delhi Zoo. It has sought matches for a gray langur, capped langur, Capuchin monkey, Indian civet and binturong.

While the problem basically is of too many bachelors, the Gauhati Zoo had, for a change, also sought a male Japanese sikka deer for the female one it has.

LONG ARM OF THE LAW
COCHIN, India (AP) — An elderly man who 37 years ago was charged with "rash and negligent driving" was finally caught here and fined.

America's Orbiting Astronomical Observatory, launched in December 1968, has received some 40,000 commands from earth and has responded with more than four million pieces of information about the stars.

Shorter Hours
A hundred years ago the average American worked 65-1/2 hours a week. His counterpart today works only 40-1/2 hours per week.

JACK SPEARS DRILLING CO.
ROTARY DRILLING - PUMP SERVICE

PLAINS, TEXAS

THOMPSON CONSTRUCTION CO. DENVER CITY

In the paving and general contracting field of this section there is no organization which has been of greater importance and aid than Thomason Construction Co. They specialize in road building. They are located on the Lovington Hwy. in Denver City.

equipped this firm to produce paved roads at low cost and with speed. Besides being just paving contractors, they also feature work on curbs, sidewalks, floors and foundations. They are equipped to do cement and concrete work of the highest quality as well as being completely equipped for digging and constructing fallout shelters.

The work W.W. Thomason Construction Co., does on a small job is just as good and as accurate as one on the biggest highway paving contract. Their success is due to the ideal of honest workmanship which measures their business conduct. In this Review we take pride in complimenting this firm on their business transactions in this section.

SHORT & FIELD CHEVROLET DENVER CITY

Short & Field Chevrolet is your authorized dealer for Chevrolet automobiles. THEY ARE LOCATED AT 604 W. Broadway in Denver City, phone 592-2131. The Chevrolet is a motorist dream come true. IT GIVES YOU THE ADVANTAGE OF DRIVING comfort, safety, efficiency of operation and handles easily. Treat yourself to a

ride in the new Chevrolet and you will agree that it has beauty and roominess and plenty of power. The Chevrolet is a product of many months of planning by some of the finest engineers in the automobile manufacturing business. This firm is completely equipped to service any and all makes of cars. The

mechanics at this firm are experienced and will give your car the best of care. Enjoy your car by keeping it in first class condition. In this review we are happy to recommend Short & Field Chevrolet to all of our many readers. You can be sure of a square deal when trading with this popular firm in Denver City, Texas.

ITEM: Early spring rains may leave the ground soft in spots and that can mean accidents while using a ladder for outside painting. Make sure you rest the feet of the ladder on solid ground, with a maximum possible distance (preferably about 25 per cent of the ladder's length) between the face of the ladder and the side of your home. These precautions could prevent some spills.

GROWN IN ILLINOIS
STANFORD, Calif. (AP) — Three teenagers from Illinois are members of Stanford University's freshman basketball team. They are Brian Hewitt of Kenilworth, Bradley Lind of Highland Park and James Marshall of Aurora. Marshall, at 6-6, is the tallest of the trio. Lind is 6-5 and Hewitt is 6-4.

Brenda Blair

APPROACHING MARRIAGE

Mr. and Mrs. Barron Blair announce the engagement and approaching marriage of their daughter, Brenda Merleen, to Kenneth Dwayne Canada, son of Mr. and Mrs. Sealin Canada of Clyde, Texas.

He is a graduate of Clyde High School and graduated from Texas A & M University in May 1969 with a B. S. Degree. He is also a member of Alpha Zeta.

The wedding date has been set for September 6, 1969 at 8:00 o'clock in the evening at the First Methodist Church in Plains. All friends of the couple are invited to attend.

WEDDING

In making the announcement of the marriage of Sharon Tar-kington and Calvin Smith the time was left out. It will be at 3:00 p. m. on July 26.

IT'S A GIRL

Mr. and Mrs. Wallace Teaff of Tahoka are the proud parents of a new daughter born July 13 in Medical Arts Hospital in Lamesa. She weighed 6 lbs. and 11 ozs. and has been named Michelle Dawn. Grandparents are Mr. and Mrs. Slim Randall and Mrs. Dortha Teaff of Salesbery, Texas.

Mrs. Randall spent a week in Tahoka helping care for the new granddaughter.

BRIDAL SHOWER

Everyone is invited to attend a bridal shower honoring Suzahn St. Romain at the Tsa Mo Ga Club House on Sunday afternoon, July 27th, from 3 until 6 o'clock.

ITEM: Sealing cracks around windows, doors or joints keeps your home warm in winter, cool in summer, and reduces utility bills.

LEGAL NOTICE

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose the Southwestern Peanut Growers' Association of Gorman, Texas proposes a referendum election on September 24, 1969, under provisions of House Bill 764, 61st Legislature on the proposition of whether or not peanut processing or sale and to elect members for a 9-man commodity producers board to administer proceeds of such assessment to be used for research, disease and insect control, education, and promotion designed to encourage the production, marketing, and use of peanuts.

The referendum and election will be held by mail ballot which will be provided to all eligible voters not later than 15 days prior to the election. Ballots must be mailed to the polling place at Gorman, Texas before midnight on the date of the election.

Any person within this state engaged in the business of producing, or causing to be produced peanuts for commercial purposes is eligible to vote, including owners of farms and their tenants and shareholders, if such person would be required to pay the assessment proposed.

Any person qualified to vote at the referendum may place his name in nomination for membership on the proposed commodity producers board by application to the above organization signed by himself and at least ten other persons eligible to vote in the referendum. Such applications must be filed at least 30 days prior to the election date.

Any person qualified to vote who does not receive a ballot prior to September 9, 1969, may obtain one at his local County Agent's office, 3/24/c

John Camp showing off his new wagon finished just in time for the Big Rodeo Parade.
