Plains High School Band during a practice session for the concert.

CONCERT SUNDAY

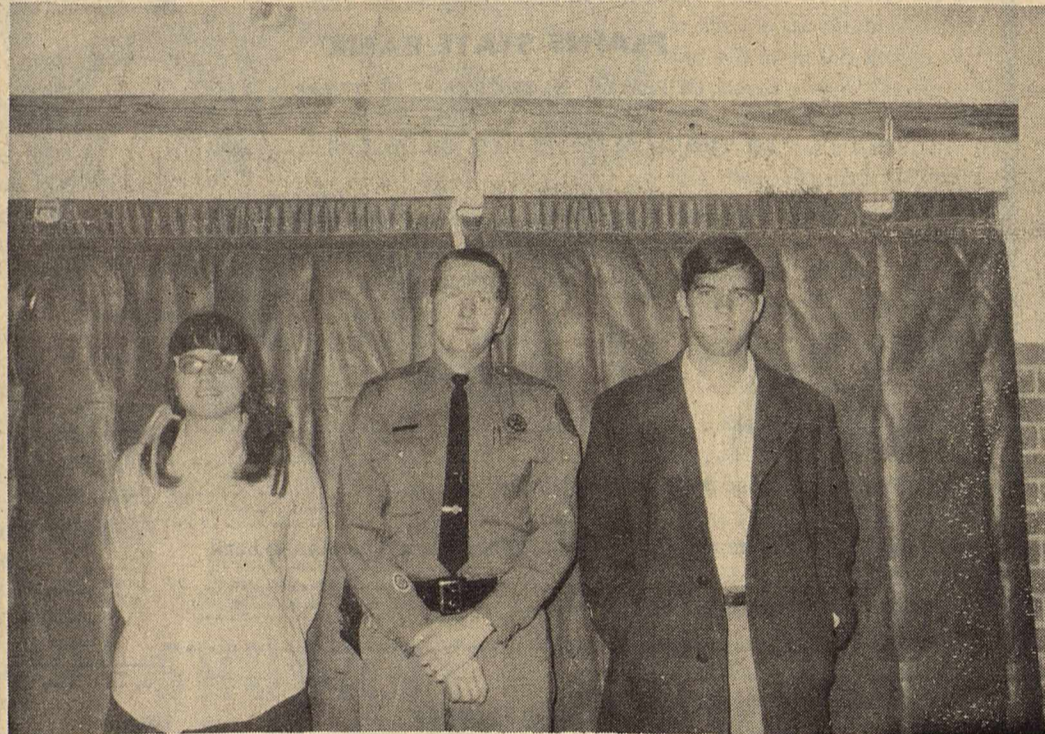

The Plains High School Concert Band will present their first performance of the year on Sunday, January 25th at 3:00 P. M. in the High School Auditorium. The Band is under the direction of Raymond C. Sech and will be guest conducted by Dr. Douglas Smith of Dallas Baptist College. The Band will perform Totem Pole which is a brilliant concert march in the modern idiom by Eric Ostlering, the composer of the Nu-

megetters; Walt Disney Overture---On December 15th, 1966, the world was saddened by the passing of Walt Disney. Boume Company, as the publisher of many important Disney films, commissioned Mr. Frank Erickson to arrange some of the more colorful songs that have the world of Disney popular; Elijah Rock by Frank Erickson; The Pink Panther by Henry Mancini; Napoli by H. Bellstedt; and Amparito Roca (Spanish March)

by Jaime Texidor.

The Seventh Grade Band will be performing the following March, Youth on Parade, Songs of the Sage, Menuet, Concerto for Drum Pads with Steve Green as the soloist, and Our Nation's Defenders. Also performing will be the Sixth Grade Band.

Admission will be free and the public is warmly invited to attend.

Plains team members, La Vern Edwards and John Lowe, who are competing in the "Learn and Live" series are pictured with Patrolman Joe Cox who is helping them. They beat Floydada and will be seen on KLBK in March. Keith Bayer, not pictured, is also on the team.

FRESHMAN WINS THIRD

The Cowboy Freshmen team dropped Frendship, Saturday, January 17th, to win third place in the Seagraves Tournament. Tony Chandler was high point man for the Cowboys with 19 points. Joey Lowe with 12 and Tony Winn with 10 points were also high scorers.

The Cowboys hit 41% from the field and 62% from the free throw line. The Cowboys out-scored Frendship in every quarter but the last. Rae scored 23 points for Frendship. The Cowboys met Brownfield in the first round. They lost, 43-39, sending them to play

in the 3rd and 4th place play-off. The high pointers of this game were Joey Lowe with 15 and Tony Chandler with 14, with neither of them missing a free throw. The Cowboys were ahead at the first quarter, 12-9 and at halftime, 20-17, but Brownfield was ahead after the fourth.

Ryburn and Leopard had 10 points each for Brownfield. This was the second loss for the Freshmen. The first was to Moron, who they played just before the tournament. Morton slipped by them 50-47. Joey Lowe was again high point with 17.

PUBLIC NOTICE

It is extremely important that all children born between September 1, 1952 and April 1, 1965 and who reside within the Plains School District be included in the Scholastic Census now being taken. Those who have children of this age bracket and are not sure that they have been listed are requested to contact one of the school principals or the superintendent. Cooperation in this matter will be greatly appreciated by those charged with taking the Scholastic Census.

Official Memorandum
By
PRESTON SMITH
Governor of Texas

The right to vote is one of the most important rights guaranteed under our Federal and State Constitutions. The rights and privileges of citizenship cannot be valuably exercised unless each qualified citizen has the opportunity to be a part of the decision-making process of our government. This right can only be secured for each qualified citizen of Texas by his registering to vote before the end of the voter registration period, January 31. We can only insure good, representative government of the people by securing for each qualified citizen an opportunity to vote.

THEREFORE, I, as Governor of Texas, do hereby designate the week of January 12-18, 1970 as VOTER REGISTRATION WEEK in Texas, and urge each qualified citizen of Texas to register to vote for the 1970-71 election year, and to help promote voter registration in his own community.

COWBOYS SLIP PAST WINK

by Louella Turner
The Plains Cowboys went to Wink last Friday night and came home with a 45-44 victory over the Wildcats. The Cowboys were down by 8 points in the first quarter, but went ahead at halftime 25-17 and remained ahead after each of the preceding quarters. There were three Cowboys scoring in the double figures. They were: Jimmy Taylor with 16 points, Gerry Randall with 13 and Tim Byrum with 11.

Gerry Randall scored only two points the entire first half but came out scoring in the second half. Gerry also had 5 defensive rebounds. Both teams shot a little over 50% of their free throws. Two of the Wildcats scored in the double figures. They were Isbell, with 17, and Johnson, with 16. This is the first district game that the Cowboys have won in two tries.

PLANS MADE FOR STOCK SHOW

The directors of the Yoakum County Livestock and Agriculture Improvement Association held a meeting Thursday night, January 15th, to make final plans for the Eighteenth Annual Yoakum County Junior Fat Stock Show and Sale. The 1970 show and sale is expected to be the largest in the eighteen year history of the organization. Estimates were made of the number of animals to be entered by members of the Denver City FFA, the Plains FFA and the Yoakum County 4-H Clubs. There is a good possibility that the 1970 event will feature a total of 224 animals. Present figures show 36 beef calves, 120 barrows and 68 lambs.

In 1969, there were 159 animals in the show and sale. The largest increase is in the beef calf division where entries for this year have almost doubled. Looking back to last year we see that 19 calves, 88 barrows and 52 lambs went through the sale. This year, for the third time, the lambs will have to be housed in the calf barn because the hog barn is completely full. With 36 steers, 68 lambs, a heifer and a couple of ewe lambs all in one barn, we will find some crowded conditions there also.

The most important rule change for this year has to do with the animals that place last in the various classes. This year, only ninety percent of the animals will be allowed to sell through the auction sale. The bottom ten percent of each class will be allowed to sell at the floor bid but they will be excluded from the sale. This will mean that the animals placing last and next to last in each class will not get to sell. Only the bottom animal will be eliminated from classes where there are fourteen or less animals in the class.

The schedule for the 1970 show is about the same as it has been in the past. The hogs and lambs will weigh in on Thursday afternoon, February 19, and the beef calves will be weighed between 7:00 a.m. and 11:00 a.m. on Friday, February 20th. The lambs and barrows will be judged on Friday afternoon and the beef calf judging will be held Saturday morning. The sale will begin on Saturday afternoon as soon as the awards are made for showmanship, for champions and for the gain contest.

The Yoakum Livestock and Agriculture Improvement Association will furnish the necessary prizes for the livestock. If all the 224 animals meet the required weight limits and get in the show, the directors will need a total of \$1,175.00 just to provide the prize money. The 36 calves in three classes would take \$330.00 in prize money. The 120 barrows in six classes would require a total of \$525.00. The prize money for 68 lambs divided into four classes would take a total of \$320.00. Other expenses involved in putting on a county show include the expense of the judges and the auctioneer, some materials for the secretary with all his book-keeping needs, and some other materials such as ear tags, rings, ribbons and banners.

The income of the association is maintained through the sale of memberships to the association. Each interested person in Yoakum County can become a member of the association by paying the annual membership fee of \$5.00. A total of 261 membership will be necessary to meet the needs for the prize money. All other expenses, including the pictures shown at the annual membership meeting, could easily run up to another 240 memberships.

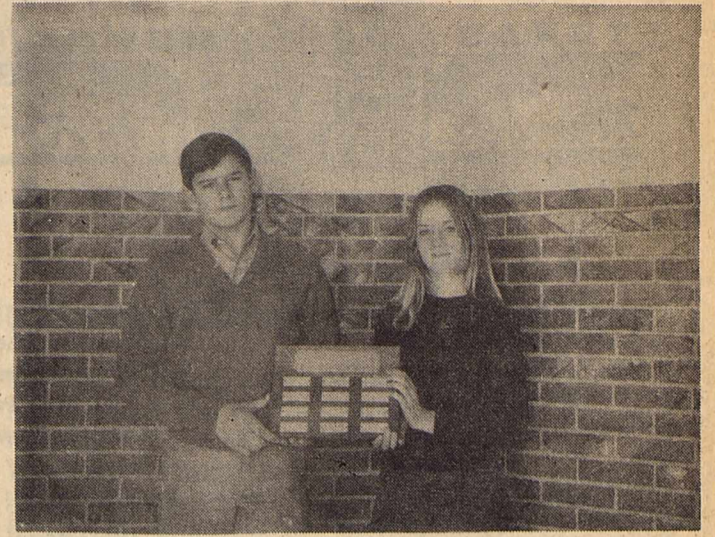

Beginning February 1, there will be some young ladies entered in the queens contest and the one selling the most memberships before the show will reign as queen during the 1970 show. In order to sell the five hundred memberships it may be necessary for several families to do the same as some of our families have done in the past. We have a number of families in Yoakum County who have a membership for every member of the family. This, we think, is very good. Especially, it is good for the boys and girls who participate in the show to have a membership in the association. They need to realize, as soon as they are old enough to understand, that the participating individual who benefits from the work of the organization should help to bear the expenses of the organization.

The sale is also an important part of this annual event. Almost every county has some kind of a show, but every county does not have a sale. This year, we have more animals to sell than ever before. More calf buyers will be needed in order to have a successful sale. With relatively high prevailing prices for livestock, this year's sale should bring in a total sales far in excess of any previous year. Now is the time to go to the calendar and mark the dates of February 20 and 21 and reserve those two days to attend the Eighteenth Annual Yoakum County Junior Fat Stock Show. Now is the time to decide that you would like to support the youth of your community who are interested in a program where they learn by doing. Now is the time to contact some prospective buyers who would like to advertise their business by participating in the sale of livestock on the afternoon of February 21st.

PLAINS JUNIOR HIGH SPELLING BEE

Thursday, January 15, the students of Plains Junior High School assembled in the school auditorium to watch as the participants in the Lubbock Avalanche-Journal Spelling Bee contest had eliminations to see who would represent our school at the county level. The grades five through eight were represented by three students from each grade. The students who were the winners of elimination rounds within their own classes and who participated in the Bee were the following: Fifth Grade: Brad Palmer, Ty Wilmeth, Tony Anderson. Sixth Grade: Donna Cheatham, David Madden, Lance Gass. Seventh Grade: Kathy Ethridge, Karon Willis, Lyndyl Tidwell. Eighth Grade: Rene Houck, Jeff Gentry, Shelley Williams.

The students drew for their order of spelling the words, and after a practice word began spelling the words as they were given out by the pronouncer, Mrs. Linda Harris. The rounds continued until only three contestants remained: Karon Willis, Shelley Williams, and Jeff Gentry. After several rounds of words, the victory was won by Jeff Gentry as he successfully spelled a word which had been misspelled by Karon Willis, and then correctly spelled the next word also. Mr. Nance, Jr. High School

Pictured above are Jeff Gentry and Karon Willis. They will represent Plains Jr. High in the County Spelling Meet in Denver City on February 20th, at 1:45 p.m.

Pictured above are those students who competed in the Plains Jr. High Spelling Bee. On the back row, from left to right are: Shelley Williams, Karon Willis, Kathy Ethridge, Donna Cheatham, Jeff Gentry, and Rene Houck. Front Row: Brad Palmer, David Madden, Tony Anderson, Lyndyl Tidwell, Ty Wilmeth and Lance Gass.

Principal, presented pens to Jeff and Karon, who will advance to the County Meet in Denver City on February 20th at 1:45 p.m. Shelley Williams will serve as alternate at the County Meet. All other

representatives received blue ribbons and an invitation to attend the contest in Denver City. All the contestants did an excellent job in representing their classes and their school.

Cindy Carothers successfully competed against 44 other students from all the Class B, A and AA schools in the region. She placed 7th chair position in the flute section of the Regional Band. Only 14 out of the 44 trying out were allowed to enter the band. Try-outs were held January 17, 1970 in Littlefield, Texas. The band will have three major rehearsals with their director, Mr. Francis McBeth of Arkansas, before having their concert on Saturday evening, January 31st, in Lubbock. Cindy is a Sophomore at Plains High School and sits first chair flute in the Plains High School Band. She is the daughter of Mr. and Mrs. Dick Carothers.

LIONS CLUB

Members of the Plains Lions Club were entertained at their meeting, Thursday, January 15th, with a very interesting address by Lion, G. D. Kennedy. The subject of the address was "Change" and was descriptive of the things that may be expected in the school world in the near future and the great changes that will be wrought. As Mr. Kennedy related, all of the upcoming changes will be costly. They will demand continuous expansion of the building program and additional expenditures for new and added equipment. Additional courses will be required, especially in the voca-

ive and interesting address. He gave a fine report on the progress and present condition of the Plains School system. The Lions were pleased to hear Mr. Kennedy.

SWANN ELECTED

DENTON---Rex Riley Swann of Plains has been elected to serve as treasurer of the Sigma Phi Epsilon, national social fraternity, for the 1970 Spring Semester at North Texas State University. Swann, a sophomore accounting major, is the son of Mr. and Mrs. Garland H. Swann of Plains.

WEATHER

WEATHER
The weather for the Plains area has been pleasantly moderate. Wednesday brought an artistic surprise with every thing decorated in a coat of white frozen fog following a warm day of 70. Weekly temperatures were: High-----70 High Ave.-----56 Low-----26 Low Ave.-----23 Prec.-----trace

EDITORIALS

Pictured above are Jack Reiser, son of Mrs. Augustine Reiser
of Fargo, North Dakota. Standing with him are Donald Steinbo-
m, Felix Guerra, and Marc Sheer.

A few months ago we ran some pictures of the Brooks Construction
Company equipment at work laying the underground cable for
the Romain Telephone Company. We received a letter from a
mother in Fargo North Dakota stating that her son was the operator
of one of the machines and ask for another picture with her
sons name captioned to the picture.

For various reasons, we were unable to make contact with this
crew until this week when the Brooks Construction Company started
to bury the telephone lines for the service in Plains and the
project came to our office door.

We are proud to be able to afford this loving and proud mother,
Mrs. Augustine Reiser, Fargo, North Dakota with a picture
of her son on the job with some of his fellow workers. Jack is
the young man you see operating the big plow that plows the
ditch and lays the cable in one operation. Jack has been employed
by the Brooks Construction Company for the past 30 months.
During that time, he has laid cable in Kansas, Oklahoma, Iowa
and Texas. Jack is a fine operator and we hope Mrs. Reiser will
be pleased with the picture.

It is not infrequent that we hear complaints about the disrupted
telephone or electrical service. A pole knocked down or a line
broken by a high loaded truck, even "Mother Nature" too generously
distributing a coat of ice may be the cause, but in any case
it can be quite disconcerting. An alley crammed with poles
and lines adds neither to the convenience nor beauty and neatness
of a city. So it was with pride and satisfaction that we looked
out of the window and saw the crews laboring at the task of
burying the telephone cables right to our office.

Plains is fortunate to have a modern and up-to-date telephone
service. The buried cable is another means which the Romain
Telephone Company is using to furnish its customers with clear
transmission as free from interference as possible. We are happy
to see this improvement come to Plains.

PH. 456-4477 PLAINS, TEXAS

Yes, "Things are looking up in Plains". In order to prevent
further possibilities of a shut-down at the City Light Plant a new
gas line was laid from the source of supply at the east limits of
the city to the light plant. This affords the big motors that pull
the generators with a direct and independent fuel supply. The
elimination of possible shut-down from this source is a fine saf-
eguard. The survey of the city's gas lines is also a mark of pro-
gress, and will no doubt result in improved gas service to its cus-
tomers.

The City of Plains is in the Utility Business and the city's gov-
erning body are to be congratulated for their efforts to bring high
quality water and first class gas and electrical service to this ci-
ty. Plains is moving forward.

Plans are being made for the annual livestock show in Plains.
This is a very important event for Yoakum County. This in one
of the finest shows of its kind in West Texas. It is sponsored by
an association of livestock owners and business men of Yoakum
County, and has contributed greatly to the improvement of the
quality of the county's livestock and education of the young stock-
men, affording them with the ambition for excellence of perfor-
mance and showmanship. The date of the show is not far off
and everyone should start working and planning to make this the
biggest and best show the Yoakum County youngsters have ever
had.

Monster in search of leaks.

THE STRANGER

The strange looking vehicle which somewhat resembles a huge
monster with horns or feelers in search for food, that has been
seen prowling the streets recently is truly a seacher.

Those vicious looking projections seen protruding from the front
are sniffing instruments, and are sniffing for gas or searching
for gas leaks that may be in a gas line.

This is indeed a unique machine. The protruding tubes pick
up any gas accumulation that may be present on the surface, and
transmits the evidence to instruments in the station wagon, where
the amount is measured. The location is recorded and marked.
Thus the leak, if any, is located and the intensity of the
leak discerned all in one operation.

Inspection of this type makes it possible to assess the condition
of the gas system without uncovering the line, and faulty pipe
may be located and repaired at a minimum amount of expense.
This also could result in a great saving of gas by locating minor
leaks, which otherwise would continue until large enough to be
detected by human observance.

Hugh Abercrombie, who is in charge of the city utilities is well
acquainted with the problems connected with the utility business.
Before coming to Plains, he was engaged in the contract
business which entailed installations of utility pipelines and systems.
Under Mr. Abercrombie's directions many improvements
have been made. And more are to be expected.

Rites Held

Mr. and Mrs. R. W. Kelley, former residents of Plains, were
found dead in their home in Seminole about 2:00 p. m., Monday.
They were apparently victims of asphyxiation by carbon
monoxide poisoning.

Joint services were conducted in the First Baptist Church in Se-
minole with the Rev. Gene Hawkins, pastor, officiating. Bur-
ial was in the Gaines County Memorial Cemetery under the
direction of Seminole Memorial Funeral Home. Mr. and Mrs.
Kelley were residents of Plains for several years where Mr. Kel-
ley was engaged in the farming and livestock business before
moving to Seminole. Mr. Kelley was employed by Ross Irriga-
tion Company in Seminole.

ACTION COMMITTEE

The organization of the Yoakum County Community Action
Committee was completed Friday, January 16th, when the par-
ticipant groups met and elected representatives for the group.
Five representatives were elected to represent the Plains Partic-
ipants. They were: Fred Ramos, Manual Ramos, Oscar Lazos,
Frank Ramos and Willie Wilson.

Members of the steering committee present were: Mr. Leo
White, Mrs. Suddie Thompson, Mrs. J. M. Tippett and Mrs.
H. F. Barnes.

Mr. Leo White opened the meeting and Mr. Maddera, Chief
Planner, and Mr. McLeod coordinator for the Regional Plan-
ning Committee, explained the OEO program and supervised
the election of representatives. The Yoakum County Community
Action Committee is now a community organization.

LETTERS TO EDITOR

Dear Editor:

This is election year again. Many important issues
will come up this year for we, the people to decide. The right
to vote is like a muscle, if you don't use it, it will per-
ish.

Mr. Cox, from the Lubbock Police Department told a
Plains audience Monday night (Jan. 19, 1970). If the good
citizens of the nation are not awake and alert the people
who make big money selling dope will have it legalized.

The profit motive is the driving force for this kind of busi-
ness in the upper brackets of the traffic. The basic way to combat
it is through education, and the developing of moral princi-
ples. Making it legal would make it easier for people to se-
cure the stuff. That the nation does not need.

UNLESS GOOD MORAL PEOPLE REGISTER TO VOTE, IMMORAL PEOPLE WILL CONTROL THE COUNTRY.

J. Loyd Rice

reerment of Texas traffic laws both by law officers in arrest-
ing violators and by judges in taking a "harder line" toward
traffic law violators.

Hammond noted that traffic accidents would have to be reduced by 140,000 in Texas to
even begin thinking about holding the line on auto insurance
rate increases. "It is quite unlikely the Governor's traffic safety
program, as it now stands, would accomplish such a reduction,"
he said.

Gov. Smith was also urged in the letter to begin public in-
formation and education programs. One such program would

signs. By merely winding your ribbon straw around the pegs in a pattern of your choosing, you can create a host of interesting ornaments.

Or this is another kind of loom you can make yourself (or your home handyman if he's skillful). By winding ribbon straw in various patterns around the pegs you can make all sorts of exciting flowers.

Most handcraft departments carry various kinds of ribbon straw. Sometimes you may find it a little dry and stiff. To make it more workable place it in a plastic bag that has been lightly moistened. Or allow steam from a tea kettle to enter the bag.

When moist, ribbon straw is very easy to work. After you have made your floral design on your loom, let the straw dry thoroughly and it will then hold its new shape. Or you can spray your work with an aerosol fixative to give it additional body.

LeeWards has many tips on how to work with ribbon straw and ideas on many things to make. Their catalog also features many complete kits of things to make.

A copy of this book from LeeWards is available free.

Just send your name and address to LeeWards, Dept. DE, 840 N. State St., Elgin, Ill. 60120.

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drugists. See how fast it can help you.

HEALTH AND BEAUTY

and treachery are qualities which are not found in the heart of a man with an admirable character. He is patient, understanding and forgiving in his nature.

Not thinking alone of self he is always ready to share his time and means for the betterment of his fellowmen. He finds contentment of soul, and he is loved and honored by those who know him well.

The Psalmist says, "Mark the perfect man and behold the upright for the end of that man is peace." This is a picture of a man of true and upright character. It is beautiful and ennobling. We love to contemplate it.

None of us is perfect. We are all mixtures to some extent of the good and bad, but we can all strive to supplant the evil.

STAY AWAKE ITCHING?

Let doctor's formula stop it. Zemo speeds soothing relief to externally caused itching of eczema, minor rashes, skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs, aids healing. "De-itch" skin with Zemo, Liquid or Ointment. Quick relief, or your money back!

CRADLE ROLL CALL

Mr. and Mrs. Jim Brown are the proud parents of a new daughter, Tamara Lynn, born January 8th in Yoakum County Hospital. She weighed 6 lbs. and 5 ozs. and was 19 in. long.

Dirt Gardeners

The Plains Dirt Gardeners Club met Thursday, January 15th at 7:30 P.M. at the Club Room with twelve members present.

The program was given on "Arrangement Featuring Space," "Abstract Style" given by Mrs. Wilson Duke, "Minatures" by Mrs. Leon Lewis and "What's New in the Lone Star Gardener" by Mrs. Glen Morehouse. Refreshments of cokes, coffee, canapes and brownies were served by Mrs. C. C. Perkins and Mrs. W. M. Overton.

The Club members wish to thank all who gave to Operation Christmas Card.

When the club first started Operation Christmas Card, the money was given to the Cemetery Association Fund to be used for a caretaker to water the trees and shrubs in the summer.

In 1967, shrubs were planted. Mr. Raymond Bookout had led rich dirt for the beds. We plan to replace the shrubs that died and add more this spring.

A retaining wall was added with labor and material costing \$474. We had a balance of \$83. We collected \$317 this year and now have a balance of \$400.

Our next Club meeting will be February 19th at 7:30 P.M.

RECOVER FROM BURNS

Pam McDonnell is recovering at home after being burned while using a sun lamp. She looked directly into the lamp and as a result has second degree burns on her face. Her eyes were also burned, but the doctor said her sight would not be affected.

Pam said, "Take my advice and get your suntan from the real sun."

CARDS OF THANKS

Mere words can never express the debt of gratitude we feel for the many deeds shown to us during the illness and at the death of our beloved husband and father, Daddy Doyle. The comforting words, flowers, food, memorials, cards, prayers and other tokens of Christian love show that you care.

Mrs. D. C. Newsom
Mr. and Mrs. J. W. Newsom, Wade and Kent
Mr. and Mrs. D. C. Newsom, Jr., Neal and Denise

Ribbon Straw - Exciting Handicraft Material

Maybe you haven't yet discovered the fascination that lies in working with ribbon straw.

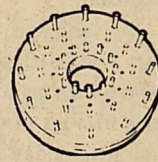

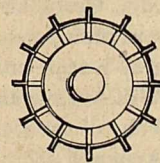

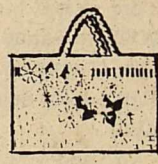

It's an age-old material, and it's world-wide too. In Spain they call it raffia. In Mexico it's known as sisal.

But most American handcrafters will use a machine improved version that's more uniform, easier to handle and offers a limitless variety of colors.

Ribbon straw, under any name, is a tremendously versatile material that is used to make baskets, bags, mats, ornaments, novelties, flowers, party favors, hats and even shoes.

You can weave it, embroider or make interesting designs of your own creation on a home-made hand loom.

A simple little peg loom like this will inspire you to dozens of original designs.

PLAINS, TEXAS

Commissioner Johnny Fitzgerald was deeply concerned about the street crossing for the underground telephone cable being laid, and justifiably so. Mr. Fitzgerald has spent a considerable amount of his precinct's funds and a great amount of effort to furnish the county seat with good streets. It is regrettable when it becomes necessary for newly laid pavement to be cut. Such cuts cannot be returned to their original condition. Johnnie's concern was primarily that no unnecessary cuts be made and that those made were DONE WITH THE LEAST AMOUNT OF DAMAGE. The street construction in Plains was very badly needed and is a fine improvement. Mr. Fitzgerald is to be commended for the fine work and his concern for the appearance of the county seat.

ments were served to Madames Stephens, O.A. Pippin, John Dale Cypri, Deroy Anderson, Carl Watson, Amos Smith, I.L. Smith, Reg Martin, William Worsham, Carl Lowrey, Tommy Elmore, Wilma Young and Mrs. Toad Snodgrass were guests. The next meeting will be Tuesday, January 27th in the home of Mrs. Deroy Anderson.
