Pictured L - R are the President of the Plains Chamber of Commerce, Mr. Lloyd Allsup and Cullen Akins.

C of C Banquet

The annual banquet of the Plains Chamber of Commerce was held Tuesday night, April 7th. After a wholesome meal, which was served lavishly in quantity as well as excellent in quality, the President, Mr. Lloyd Allsup gave the Welcome Address to the citizens of Plains, and through the collaboration of Mr. Allsup and Mr. Cordell Huddleston, who acted as Master of Ceremonies, the program ran smoothly and was enjoyed by all.

Mr. Cordell Huddleston acting as Master of Ceremonies kept the program going in a spicy and lively manner. He introduced the visitors, one of which was our State Representative, Mr. E. L. Short, accompanied by his wife and parents. He introduced the Plains High School band teacher who had prepared part of the program from his band pupils, Debbie Madden played a Flute solo "Serenade by Haydn; Drum Solo by Steve Green, and a clarinet solo by Cindy Jones. The piano accompanist was Lyne Smith.

Mr. Huddleston introduced Mr. Murrell Thompson who gave a resume on the "Farmer of the Year" which was awarded to Mr. Ray Bearden, and after this award, Mr. D. C. (Hoss) Newsom was introduced who in turn awarded the "Citizen of the Year" to Mr. G. D. Kennedy. In presenting the "Farmer of the Year" award to Mr. Ray Bearden, Mr. Thompson gave statements on the work done by Mr. Bearden as an outstanding farmer and worker in his community.

In presenting the "Citizen of the Year" to Mr. Kennedy, Mr. Newsom gave the resume of Mr. Kennedy as a teacher and citizen of Plains showing his outstanding accomplishments for this award.

After each presentation of awards, Mr. Huddleston displayed four or five comical posters showing Mr. Bearden & Mr. Kennedy from boyhood to manhood. Mr. Huddleston proved to be a masterful "Master of Ceremonies."

The speaker for the night was Mr. A. C. Akins of Odessa. After telling many clever jokes, which kept the crowd entertained, he told how it takes men with a proud and inspiring enthusiasm to make a city grow. The successful men of any community are the ones who do the hard work and have the enthusiasm to inspire other men. The successful man is sure of himself, sure of what he is doing, certain of the outcome of his undertakings, and with such men working together,

Mrs. Baker buys Full Control

Mrs. Claudine Baker, who had purchased only half of the Plains Nursing Home last July, has now as of April 1st, purchased the remaining half from Mrs. Lowe, and is the sole proprietor.

Mrs. Baker stated that she would be delighted to have everyone visit the home, meet her wards, and view the running of the Home.

"Citizen of Year"

Gerald Dwight Kennedy was born October 24, 1911 in Abbott, Hill County, Texas, and was the son of L. M. and Jessie Kennedy.

He attended the Abbott High School, Hillsboro Junior College, and received his B. S. degree in 1932 from Trinity University, and his M. S. degree in 1949 from North Texas State Teachers College.

He has taught school in Vaughn, Ireland, Graham consolidated school near Post, Estacado near Lorenzo as Superintendent, and as Principal at Perryton; 5 years as superintendent at Forsan and 19 years as Superintendent at Plains.

Mr. Kennedy was married to Miss Cora Virginia Palmer on June 18, 1939 and they have two sons, Gerald Dwayne of Fort Worth, and Jan Dwight, a junior in the Plains High School, and three grandchildren. Mr. Kennedy is a member of the Baptist Church, Lions

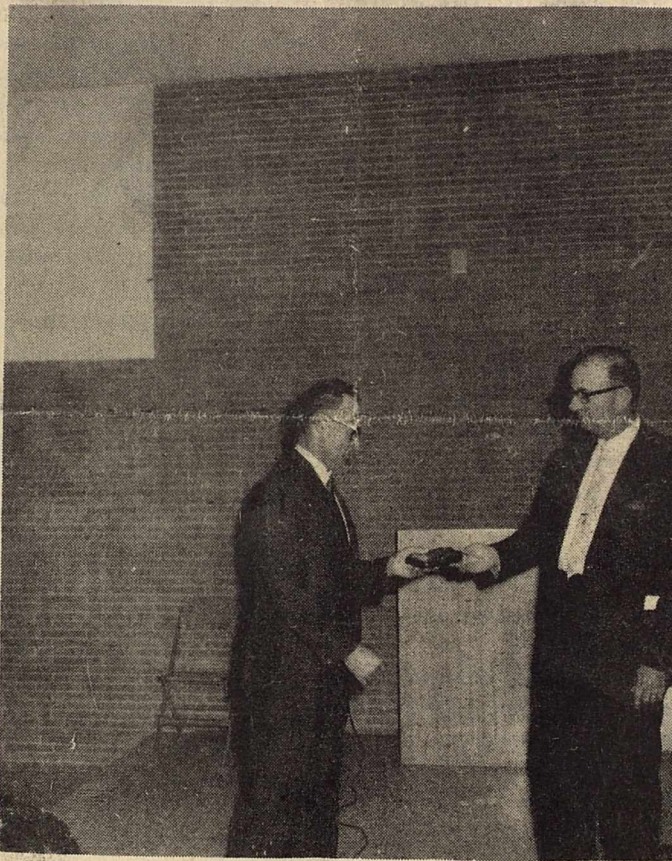

G.D. Kennedy was awarded the "Citizen of the Year" plaque by D.C. (Hoss) Newsom, Jr.

Club, Chamber of Commerce, Texas State Teachers Association, National Education Association and the South Plains School Administrator's Association.

"Farmer of Year"

This man began to get involved in conservation work in 1960 on his 160 acre home place. He installed 2600 feet of underground irrigation pipeline, planted irrigated pasture of 80 acres. Since that time, he has purchased 680 acres of additional land, and planted 1960 acres of it in grass, installed 2000 feet more of irrigation pipeline, two gathering systems for irrigation, and planted new crops such as soybeans, okra, collards, wheat and pecans.

He served a very long 7 year term on the Yoakum ASCS Committee, and is now serving on the Plains School Board. He is active in the Baptist Church, a family man who cherishes his wife and two children, is active in community work such as the Chamber of Commerce, is a good neighbor and was active in getting the Tokio Coop gin organized and established. He maintains a small livestock operation, and is a very interested

Ray Bearden was awarded the "Farmer of the Year" plaque by C.M. Thompson.

worker with our youth of this county such as 4-H and church youths. Last but not least, he likes good equipment and gets lots

of enjoyment out of maintaining old cars and trucks. Our jails are not full of this type of person. He is our own Ray Bearden.

Community Action Committee

The Yoakum County Community Action Committee will meet Thursday, April 9th at 6:30 p.m. in the District Courtroom in Plains.

Several committees are outstanding. Since these committees were appointed at the

last meeting and were largely uninstructed or charged with specific responsibilities, this meeting will probably be a planning meeting. Many times decisions are reached in this type meeting; therefore, your attendance is needed.

Cowgirls

The Plains Volleyball girls will play Denver City at 4:30 p.m. Thursday, April 9th in the Plains High School Gym.

LIONS CLUB

Mr. Elmer Ratliff of the Atlantic Richfield Company and resident of Denver City brought the program at the Plains Lions Club dinner last week.

Mr. Ratliff stated that his program was designed primarily for children. But as he outlined it the program was an interesting program for grownups also. Mr. Ratliff's lecture covered practically all dangerous drugs from the least suspicious to the heavy habit forming drugs and the much misunderstood hallucinogenics and ac-

See LIONS Page 2

City Election Returns

A total of 118 votes were cast in the City election held in Plains Saturday, April 4th. Only one change in the City's offices resulted from the election, this being in the City Council, where W.F. Graham will replace T.J. Miller.

Mayor Poy Edwards, who was unopposed on the ballot received 104 votes. There were 4 write-in votes cast for the office, S.L. Tingle, 2; Buddy Hanna, 1; and John McConnell, 1. For Councilman Thomas J. Bearden received 93 votes while W.F. Graham received 66 votes to win over T.J. Miller who received 62 votes. In the contest for City Marshall, Gene Schoenrock received 96 votes; James D. Vest, 19 votes.

PRO-AM Golf Tournament

Pro. Am. Golf Tournament will be held on May 29th at The Yoakum County Park. Holes-in-one made at the Yoakum County Park Golf Course are: April 2nd, 1970 by Leon Lewis on Hole #3, 175 yards, witnessed by Buddy Hanna, Dickie Green and A. B. Carpenter; and April 5th, 1970 by Dan Vernon (age 13) on Hole #7, 150 yards, witnessed by Travis Loe, Neal Mann and Mark Kinsey.

District Food Show

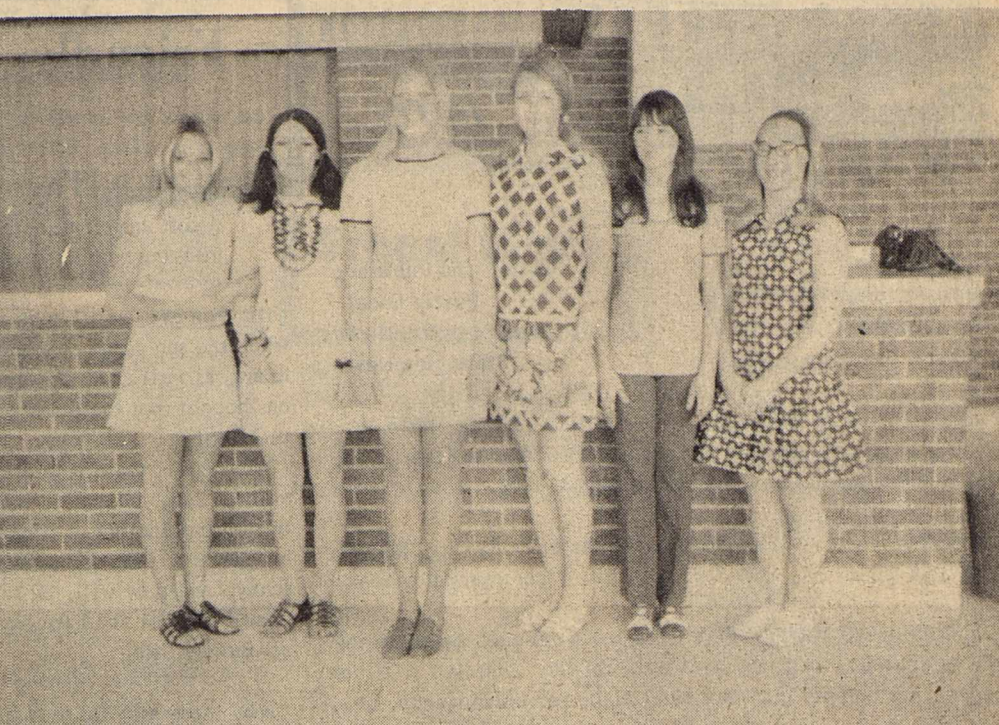

By

Sudie M. Thompson, CHD/ Seven 4-H'ers from Yoakum County competed in the District II Food Show in Lubbock, Saturday, April 4th. Tommy Guy Box, son of Mr. & Mrs. Tom Box of Plains, and Dickie Hartman of Denver City, received blue ribbons. Sheila Alred, daughter of Mr. & Mrs. Jimmy Alred of Denver City, and Bayne Bacon, son of Mr. & Mrs. Terry Bacon of Bronco received red ribbons. These four were in the Junior Division

The senior competing were Cyndy Lester, daughter of Mr. & Mrs. Bob Lester of Plains, Gail Rucker, daughter of Mr. & Mrs. Bob Rucker of Denver City, and Debbie Addison, daughter of Mr. & Mrs. Claude Addison of Plains. All three received red ribbons.

The highest scoring boy or girl in the senior division of the district of each food group will go to state in June. Winners at state will get a trip to Chicago to compete for a \$500 scholarship given by the Fant Milling Company in each of the four food groups.

The district show was held in the ball room of the Student Union Building on the Texas Tech Campus.

Plains Cowgirls who made the All District Team are as follows: L - R Dianne Fitzgerald, Pam McDonnell, Lou Ella Turner, Peggy Rushing, Judy Smith and Sue Spencer.

Cowgirls Win District Tournament

The Plains Cowgirls once again advance into the U. I. L. State Championship race by virtue of their winning the District Tournament last Saturday in Wink.

The girls' initial win came against Seagraves in an easy contest 15-0, 15-2 while Wink was downing Coahoma and O'Donnell. In the finals the Cowgirls found the going mighty tough in their encounter with the hometown team. Wink, brimming with fight and determination to capture their first District 5-A title, defeated

the hapless but struggling Cowgirls the first game 15-8. In the second game the Cowgirls, fighting for their life in the State Playoffs, came from behind several times to tie the score but eventually found themselves behind 14-13 with Wink serving. However, determination to win were the key words with the Cowgirls as Dianne Fitzgerald, Sue Spencer and Peggie Rushing combined on a perfect play to kill Wink's hopes of winning in straight games. After taking the second game 16-14, the Cow-

girls remained undaunted in their bid for the District Championship winning the third game 15-7.

The Cowgirls had not yet recovered from their astounding come-from-behind victory when the announcement came that all six of the Cowgirl starters had been selected for the

All District team. Those Cowgirls were Lou Ella Turner and Dianne Fitzgerald, Seniors; Peggie Rushing and Sue Spencer, Juniors; and Judy Smith and Pam McDonnell, Sophomores.

Win Bi-District

The road to State was paved a little further Monday night as the Class A defending State Champions, The Plains Cowgirls, defeated Aspermont 15-0, 15-1, in the Bi-District game in the Tahoka High School gymnasium.

The Cowgirls now advance

to the Regional Tournament Saturday, April 18 to be played in the Texas Tech Women's Gymnasium. Before encountering other Bi-District titles in Lubbock, the Cowgirls will play several warm-up games. Friday afternoon, April 17th,

the girls will play their favorite for, Midland Lee, in the Cowgirl gym at 4:30 p.m. Wanda Armstrong, the girls coach, is also trying to schedule games with Crane and Monahans. The time, place and dates will be announced later.

City Council Met

The City Council met Monday night, April 6th in a special called session to canvass the votes cast in Saturday's election. There were no errors found, and the vote was accepted unanimously by the council.

Another matter brought up for discussion was the sale of lots belonging to the city. The council voted to offer five lots for sale consisting of SE corner lot of Block 400, and the SW corner lot of Block 500, these lots being at the corner of 9th and Avenue E and three lots on the NW corner of Block 1000. These lots being at the corner of 9th and Avenue J. Lots will be offered for sale by sealed bids, the City reserving

the right to reject all bids. The council discussed reports of several hog pens appearing in the City limits. During the discussion it was related that Plains has a very strict ordinance prohibiting the keeping of hogs within the city limits. If such reports are true, no doubt immediate action will be taken.

It seems that gas leaks in the city gas lines continue to plague the city. It was reported that the city bought approximately \$1,100,000 more natural gas than was sold to their customers last month. The loss for the month previously to that was approximately \$800,000. This is a tremendous loss for a

city as small as Plains, and it appears that immediate action should be taken to repair the gas lines and save the city this expenditure.

Serious consideration is being given by the council to compel the cleaning of rubbish from property within the city limits. Under discussion was the matter of an ordinance that will give the property owner the privilege to clear his property and under failure to do so, the City will have the right to clear such property and charge the cost back to the property. Such action would go a long way towards helping to improve the appearance of our city.

Cowboy Relay Winners

The coaching staff of Plains High School would like to express publicly their appreciation for all the individuals who helped make our Cowboy Relays a success. Without the effort these ladies and gentlemen put forth it would be impossible to conduct our meet.

Cowboy Relay Meet Results: High Jump - 1. Terry Wilks, Meadow, 5'8"; 2. J. Tubb, Wellman, 5'7"; 3. J. Ward, Eunice; 4. R. Jordan, Eunice; 5. Tim Byrum, Plains; 6. Tony Chandler, Plains.

Broad Jump - 1. Eddie Eberhart, Sundown, 19'6 1/2"; 2. Louie Howard, Plains; 3. Joe Davis, O'Donnell; 4. Tim Byrum

Plains; 5. Royace Crowell, Eunice; 6. Porter, O'Donnell. Shot Put - 1. Joe Davis, O'Donnell, 45'1"; 2. Roy Barry, Sundown; 3. Randy Moore, Eunice; 4. Matt Gary, Eunice; 5. Owen Roberts, Whiteface; 6. Wilks, Meadow.

Pole Vault - 1. J. Tubb, Wellman, 10'; 2. Wright, Meadow; 3. J. Young, Meadow; 4. Tony Chandler, Plains. Discus - 1. Randy Moore, Eunice, 121'4"; 2. Clayton, O'Donnell; 3. Shelly Simpson, Plains; 4. Bayer, Meadow; 5. Barry, Sundown; 6. Gary, Eunice.

440 Yd. Relay - 1. Eunice, 45; 1; 2. O'Donnell, 46; 6; 3. Seagraves, 47; 2; 4. Plains, 47; 6; 5. Wellman, 47; 8; 6. Sundown, 48; 1.

880 Run - 1. Flores, Whiteface, 2:09; 4; 2. Conrad, O'Donnell, 2:11; 7; 3. Rodriguez, Sundown, 2:12; 7; 4. Blanco, Seagraves, 2:13; 7; 5. Marshall, Whiteface, 2:14; 0; 6. Martin, Wellman, 2:18; 7.

120 H.H. - Ricky Bennett, Whiteface, 15; 0; 2. Eberhart, Sundown; 3. Ward, Eunice; 4. Tubb, Wellman; 5. John Lowe, Plains; 6. Baker, Wellman.

100 Yd. Dash - 1. McCall, Eunice, 10; 4; 2. Crowell, Eunice, 10; 5; 3. Porter, O'Donne-

11, 10; 6; 4. Branch, Meadow, 10; 8; 5. Davis, O'Donnell, 10; 9; 6. Baker, Wellman, 11; 0.

440 Yd. Dash - 1. Kent Crutcher, Seagraves, 53; 3; 2. Moore, Eunice; 3. Rains, Plains; 4. Wilks, Meadow; 5. Brown, Eunice, 6. Chreshman, Wellman.

330 I.H. - 1. Eddie Eberhart, Sundown, 41; 8; 2. John Lowe, Plains, 42; 1; 3. Gerry Randall, Plains, 42; 3; 4. Ricky Bennett, Whiteface, 42; 1; 5. Edwards, Sundown; 6. Beach, O'Donnell, 220 Yd. Dash - 1. Wright, Eunice, 24; 2; 2. McCall, Eunice, 24; 4; 3. Anguino, Eunice, 25; 0; 4. Armendeez, Whiteface, 25; 1; 5. Davis, O'Donnell, 25; 2; 6. Childress, O'Donnell, 25; 6.

Mile Run - 1. Sanchez, Meadow, 5:06; 5; 2. Marley, Wellman, 5:12; 3; 3. Doyal, Eunice, 5:18; 4; 4. Berry, Smyer, 5:18; 4; 5. Blanco, Seagraves, 5:27; 3; 6. Martin, Seagraves, 5:31.

Mile Relay - 1. Eunice, 3:34; 5; 2. Plains, 3:41; 1; 3. Sundown, 3:43; 3; 4. Whiteface, 3:46; 0; 5. Seagraves, 3:46; 1; 6. Wellman, 3:53; 8.

Point Totals - 1. Eunice, 137; 2. Plains, 70; 3. O'Donnell, 62; 4. Sundown, 60; 5. Meadow, 47; 6. Whiteface, 40; 7. Wellman, 40; 8. Seagraves, 33; 9. Smyer, 4.

Interest Lags

The lack of interest shown by the very small turnout at the city election Saturday would indicate that only a few of Plains citizens have any deep concern about the welfare of our city. It is little wonder that a town shrivels up and dies when the populace is not concerned enough to exercise their right of franchise. The city government is the nearest governing body to the homes in which we live and should be the first concern of all home owners.

The value of our homes, the conveniences afforded and the very standards of living of the citizens are governed by the conditions surrounding the city. A city can only grow when it possesses an enthusiastic and deeply interested population. Plains will grow when enough of the people of Plains desire its growth. A lack-a-daisical and don't care attitude is the death of any community.

Mr. Elmer Ratliff, speaker for the Lions Club Dinner.

LIONS From Page 1

The lecture was quite informative, bringing knowledge needed in every home to assist

BLOOD BANK From Page 1

As the news spread it was learned that a Plains resident, Mrs. Carl Stroup, was also in need. The interest grew and the needs were consolidated into one doing project, Blood Service, a non-profit organization, medically sponsored by the Garza and Lubbock Medical Societies, were called in and 75 persons came to the Old Courthouse in Plains to offer blood for this worthy cause. 36 pints of blood were done.

As this paper has before stated, the people of Plains always heartily respond when called upon for a worthy cause.

parents in preventing drug usage among their children. A thorough knowledge of drugs and their proper usage can prevent much anguish and sorrow among grownups as well as children.

The Blood Service was represented in Plains by Mrs. Barbara Dobbs, a registered nurse who was in charge and Karen Harrison. Both ladies were residents of Lubbock.

U.S. Postal Service

The United States Postal Service has done some fine detective work to help them locate the correct addresses on mail aimed in the general direction of the Aransas National Wildlife Refuge on the Texas Gulf Coast, according to reports from Refuge Manager Gordon Hansen.

One letter came from England,

NOTICE

Friendly Chats with

Faye McConnell

A soft answer turneth away wrath; but grievous words stir up anger.

Did you ever experience the gloom of a cloudy day? Then, when the sun came out, did there seem to be sunshine in your heart, as well as in the sky and over all the earth? I have often thought that the sunshine in people's faces and lives affects us in just the same way.

What cheer there is in a bright, smiling face and a pleasurable voice! Sad, unhappy, and wry faces cannot fail to take some of the sunshine out of life. Even young children can add much happiness to their surroundings by learning to be cheerful and sunny, and they will, by so doing, be building characteristics of self-control and harmony which will draw friends to them, all through life.

Why the reason for so many demonstrations against the war in Viet Nam? Just because the people of the U.S. know that this is nothing but a political and economical war. We know that our government has not tried to win this war. It is making too many people rich, and how anyone can take money for the life of just one of our boys, much less all that have been killed or wounded so badly that they will go through life maimed, is something that I can't understand. It takes a very cunning, malicious and evil minded person that can do such a thing.

But since we are in the war, I surely do not believe in drawing out. I believe in getting in there fighting and get it over with. If we withdraw now, there will be no one nation that can ever place their trust in us again. However, if you let yourself ponder on the question, it is easily seen that the ones we have helped, have very little use for us. Demonstrations against our government all around the globe, and the intrigue against us by the one nation that we helped keep their freedom, is causing the most trouble by sending their conspirators into all countries, and also in our nation, to do everything possible to overthrow our government. And our government is sitting by and letting it happen. Intrigue? What else can we call it!

If and when we get out of Viet Nam, Congress would do well to see that we enter into treaties that concern us directly and that we mean to uphold. This nation has neither the will nor the means to fight conventional wars around the globe for every troubled nation. It is time our foreign policy really puts this nation's interest ahead of all others. That's what all the other nations do and we could well follow suit.

AFFIRMATION FOR THE WEEK: "No peace without justice, no justice without law, and no law without government."

If we could convince our youngsters that they are wrong in believing that somehow, the world owes them a living, it would be a giant step forward.

I was pleasantly surprised and pleased that Judge Hoffman of Chicago was assigned the case of the hunted 12 charged in the Chicago rioting last October. Also that Judge Hoffman's sentences of the stormy Chicago 7 trial was upheld by the higher court. Perhaps our government is finally waking up to the fact that something must be done. At least, they are in Chicago if not in Washington, D. C.

Well, after our postal employees strike, it seems that each letter we send will soon take a 10¢ stamp.

Back in 1836, the postal rate began at 2 cents. Prior to 1836, postal officials said the cost depended on distance and weight, and was paid by the recipient rather than the sender.

The two-cent stamp lasted until 1918, when Congress approved a three-cent stamp rate. For reasons now unclear, the rate dropped back to two cents in 1920 and remains there until 1933, when it was returned to 3 cents.

The three-cent rate held until 1959, when it became four cents. In 1963, to send a letter it cost five cents, and the current six-cent rate became effective in 1968.

If postage rates keeping going up accordingly, it will not be long before we can telephone cheaper than write a letter, and how much time and toil can be saved!

The man who can be nothing but serious, or nothing but merry, is but half a man.

-- Leigh Hunt

TAX MAN SAM SEZ

nd, addressed to "Wildlife Refuge with Whooping Cranes, Texas, USA". The postal service delivered that one without any trouble.

Another was addressed to "Aransas Texas National Wildlife Refuge", no town named, no zip code...but the mail went through on time.

Another was addressed to "The Warden, Aransas Reserve, Near Corpus Christi, Texas". It came all the way from London and was delivered on time at the famed Aransas National Wildlife Refuge, winter homes of all the wild whooping cranes in the world.

Still another was addressed to Arkansas National Wildlife Refuge, Blackjack Peninsula, Texas. It got there, after a short delay while the Post Office Department figured that one out.

Fifty-six wild whoopers found refuge this past fall, and are spending their winter months in the safety of the Aransas National Wildlife Refuge. The cranes seem to know its address, but for those who do not know...the correct address is P. O. Box 68, Austwell, Texas, 77950.

Cotton spurred the Industrial Revolution in England.

Cotton Planting Season Near

By Leo L. White
County Agricultural agent

During the 1970 cotton planting season we will hear the growers talking about such things as Tamcot 788, Tamcot 24, Coker 4104, Stripper-Cala S, and Stripper-Cala N. Other new varieties to be used by Yoakum County growers this year are: Dunn 56C, Lockett 4789 A, Blightmaster A-5, Wescot, GSA 254, and Acala 3080.

Farmers who are well acquainted with these new varieties of cotton are wanting some information about them before they put an investment in seed. Some of the questions farmers ask is which is the best cotton for my particular farm, which is best for dryland conditions and which has the highest water requirements.

All of these new varieties were developed with the idea of putting the needed qualities into the new cotton. In order for a variety of cotton to be an improvement over the older varieties, it must have five or six different characteristics which cause it to produce a higher per acre income for the producer. Staple length, strength and micronaire are the characteristics which cause the producer to bring a higher price on the market. Pounds of lint per acre is the thing that makes the most difference in per acre income. Drought resistance and disease resistance are factors that effect the yield. All these new varieties have some built-in drought resistance which make them acceptable as dry land varieties. They also have the ability to respond to water and fertilizer so they are good varieties for the irrigated farmer also.

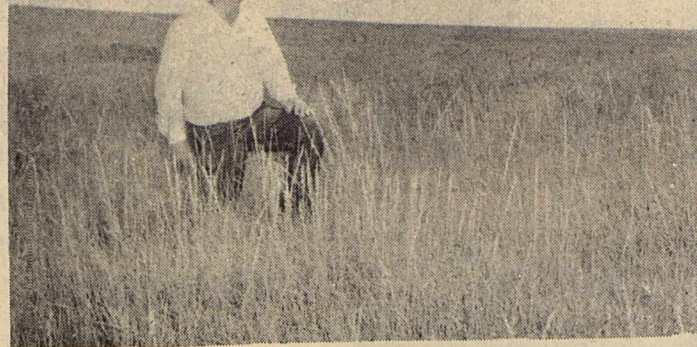

Wescot and Tamcot 24 are highly recommended for the dry land area of the High and Rolling Plains. Tamcot 788 is a variety with a rather fine fiber and a late irrigation or a late August rain would cause this variety to put on some new growth resulting in a lower micronaire. Tamcot 24, a sister variety to Tamcot 788, is a little later in maturing but more likely to "cut out" at the end of the growing season.

Stripper-Cala S and Stripper-Cala N are two of the varieties now recommended for broadcast cotton. They have a tendency to produce all their fruit around the main stem and they are rather short growing varieties. Tamcot 788 and Tamcot 24 have a tendency to want to branch out too much for broadcast or narrow row production. Coker 4104 and Lockett 4789 will produce a large stalk if conditions are favorable for stalk production. GSA 254 and Acala 3080 are picker varieties but all the others are storm-proof or storm resistant.

The newer varieties are designed to produce a staple of 1-1/16 inches, a fiber strength of 80,000 pounds or better, an acceptable micronaire, and a per acre yield that is than the older varieties.

and people could be provided. The IRS officials advise that if you have a tax question, you call now--don't wait until April 15. If you get a busy signal try again. It is just possible that some of the 400,000 other people are calling at the same time. If you will be patient, the good tax folks hope that you will get a friendly, cheerful answer to your tax question, even if your call is number 399,999.

Most cotton knits now have wrinkle-resistant, shape-holding finishes, and are machine-washable. If you prefer to hand wash, remember to squeeze the garment without twisting, and rinse without wringing. After rinsing, blot out excess moisture by rolling the garment in a clean bath towel. Spread flat on dry towels to dry. Smooth and shape the garment in place. If touchup ironing is needed, use a steam iron.

A. E. (Dick) McGinty, Director of the Yoakum Soil and Water Conservation District, in good grass on his range following Brush control and deferment. (SCS Photo)

"Grass"

by John James Ingalls,
1872

Grass is the forgiveness of nature - her constant benediction. Fields trampled with battle, saturated with blood, torn with the ruts of cannon, grow green again with grass, and carnage is forgotten. Streets abandoned by traffic become grass-grown like rural lanes, and are obliterated. Forests decay, harvests perish, flowers vanish, but grass is immortal... Its tenacious fibers hold the earth in its place, and prevent its soluble components from washing into the wasting sea. It invades the solitude of deserts, climbs the inaccessible slopes and forbidding pinnacles of mountains, modifies climates, and determines the history, character and destiny of nations. Unobtrusive and patient, it has im-

mortal vigor and aggression. Banished from the thoroughfare and the field, it bides its time to return and when vigilance is relaxed, or the dynasty has perished, it silently resumes the throne from which it has been expelled, but which it never abdicates. It bears no blazonry of bloom to charm the sense with fragrance or splendor, but its homely hue is more enchanting than the lily or the rose; it yields no fruit in earth or air, and yet would its harvest fail for a single

year, famine would depopulate the earth....

The forgoing was taken from the CONSERVATION FACTS by the Soil Conservation Service, a kit used in student training, by your local District Conservationist, C.M. Thompson.

What to Do When Storm Strikes

Dallas, March 10th-- the vulnerability of Texas to the ravages of wind and hail has been painfully established--by such super destructive hurricanes as "Beulah" which, in 1967, caused \$34 million in insured damage; by the statistical reality that tomatoes hit the Lone Star State far more frequently than any other, and by perhaps the most damaging hailstorm in U.S. history which caused some \$24 million in insured loss at Amarillo last June.

From 1942 through 1968 alone 636 tomatoes struck Texas, killing 22 persons, injuring 299 and causing damage in the hundreds of millions. The insurance industry is prepared to meet the challenge presented by these property damaging natural catastrophes, according to the Texas Insurance Advisory Association (TIAA), and has established special procedures to deal with the large volume of insured losses and chaotic conditions that follow such storms.

Representatives will keep the public informed through newspapers, radio, television and other media, as to what steps storm victims should take.

Assuming you are the one who

th property damage, it's only natural that you will want necessary repairs to be made both quickly and properly and the TIAA advises how you can help.

1. Notify your insurance agent, telling him the extent of your damage.
2. Make whatever temporary repairs are necessary to prevent further damage by wind or rain. This should include boarding up or otherwise covering broken windows; covering holes in the roof and siding with temporary materials. Keep a record of cost, and provide the insurance adjuster with itemized bills.
3. Deal only with a reputable contractor in having temporary repairs made or obtaining a loss estimate.
4. If possible, be prepared to provide the adjuster with an inventory of damaged personal property--furnishings, clothing, jewelry, etc.

ITCHING LIKE MAD?

Get this doctor's formula! Zemo speedily stops torment of externally caused itching... of eczema, minor skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs. "De-itch" skin with Zemo--Liquid or Ointment.

When you're not like yourself, Lydia Pinkham understands

All of a sudden you might feel you're changing--not a good feeling. You're tired, edgy, out of sorts and that's not you. Lydia Pinkham understands.

A long time ago, when ladies couldn't be as frank as we can today, Lydia Pinkham recognized the problem and set about finding a remedy. She knew it was not natural for women to have to suffer with what was obviously a natural process.

So she turned to nature for a remedy. She developed a marvelous compound of medicinal roots and herbs that turned the trick for the women she knew. Because it is a natural answer to your natural problems, it can turn the trick for you, too. Try Lydia Pinkham's root and herb remedy to help you feel better, more like yourself.

CHDA ★ Says...

Peanut butter is for the birds! That's right, Our fine-feathered friends enjoy an occasional nibble of peanut butter. Many bird lovers spread a thin layer of peanut butter on tree trunks. Others serve it with seed in scooped out grapefruit halves.

We homo sapiens find this nutritious product much to our liking, too. Peanut butter is a very concentrated food that combines with other foods to make them more appealing and digestible. In addition to sandwiches and baked items, peanut butter is delicious in salads and soups.

The 1969 peanut crop is estimated at nearly 1.3 million tons--or slightly above previous year's record. So, stocks of peanuts and peanut products are heavy.

FILLED PEANUT BUTTER COOKIES OFFER A TASTY SNACK:

1/3 cup shortening
1/2 cup peanut butter
3/4 cup brown sugar
1 egg
1/3 cup milk
1/2 teaspoon vanilla
2 teaspoons baking powder
1/2 teaspoon salt
a-1/4 cups sifted flour
Raisin or peach filling
(See following recipes)

Cream shortening, peanut butter and sugar. Add egg, milk and vanilla and mix well. Sift dry ingredients together and stir into the first mixture. Chill.

Roll dough thin. Cut rounds with a biscuit or cookie cutter, drop a spoonful of filling in center of one round and cover with another. Press edges together. Bake on ungreased baking sheet at 425 degrees F, for 10 minutes. Makes 50 two-inch cookies.

Raisin Filling for Cookies:
3/4 cup ground raisins

1/4 cup sugar
1/3 cup water
1 tablespoon lemon juice
1 teaspoon grated lemon rind
1/4 cup finely chopped salted peanuts

Combine ingredients except peanuts and cook until thickened, stirring frequently. Remove from heat and add peanuts.

PEACH Filling for Cookies:

3/4 cup ground dried peaches
1/3 cup sugar
1 cup water
1/2 teaspoon lemon juice
1 teaspoon grated lemon rind
1/4 cup finely chopped salted peanuts

Combine ingredients except peanuts and cook until thickened, stirring frequently. Remove from heat and add peanuts.

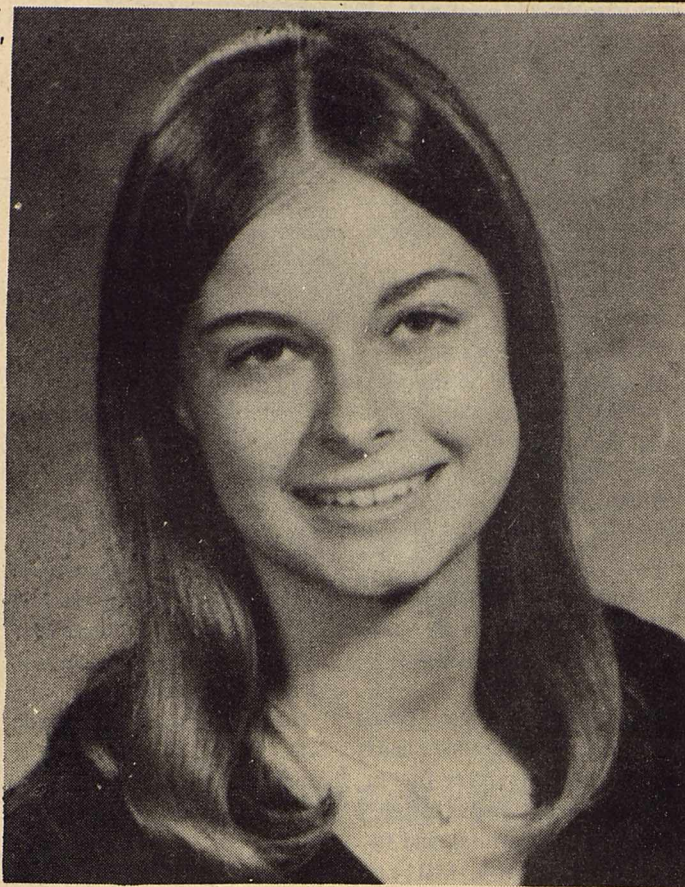

Peanut Butter Biscuits make a good hit with the peanut butter set.

2 cups sifted flour
3/4 teaspoon salt
2-1/4 teaspoon baking powder
2 tablespoons shortening
1/4 cup peanut butter
About 3/4 cup milk

Sift dry ingredients together and work in the shortening and peanut butter. Add the milk slowly, stirring until a soft dough is formed. Knead a few times on a lightly floured board, roll or pat to the desired thickness and cut into biscuit shape.

Bake on an ungreased baking sheet at 450 degrees for 15 minutes. This makes 16 two-inch biscuits, ideal for serving piping hot with butter or margarine and extra peanut butter. For variety, you can transform this recipe into drop biscuits. Simply increase the milk to 1 cup, and stir until a soft dough is formed. Then drop from a spoon to greased baking sheet and bake as for regular biscuits.

Women's News

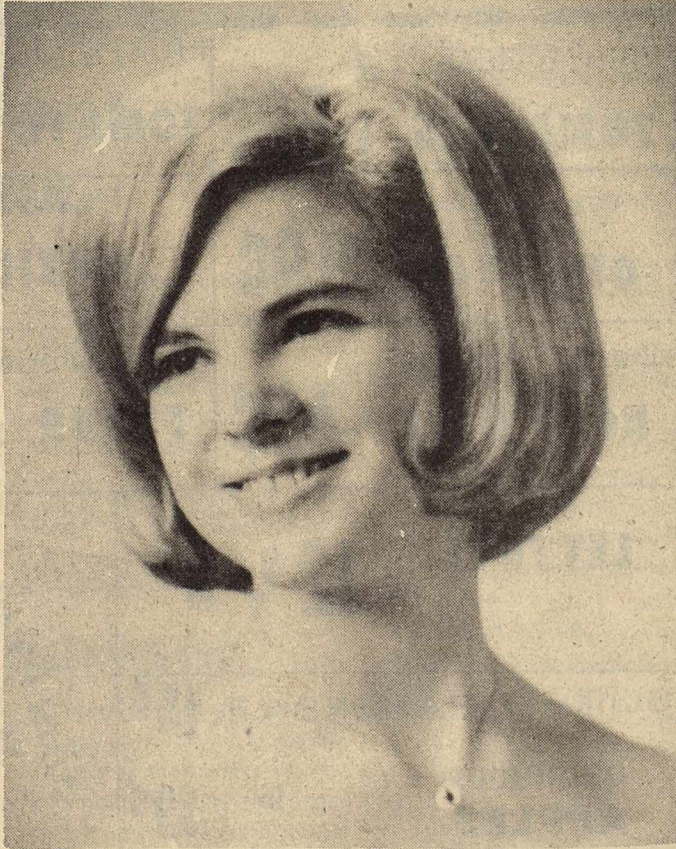

Mr. and Mrs. Earl Kreig have announced the engagement and approaching marriage of their daughter, Phyllis Ann, to Michael David Hughes, son of Mr. and Mrs. Dale Hughes of Seattle, Washington. The couple plan to exchange vows on June 18th at the Hillside Church of Christ. Friends are invited to attend the wedding.

Mr. and Mrs. T. J. Murphy of Plains announce the engagement and approaching marriage of their daughter, Kathleen, to Spec, 5th Class Bill Martin, Jr. Mr. Martin is the son of Mr. and Mrs. Bill Martin, Sr. of Abilene, Texas.

Miss Murphy is presently attending school at South Plains College in Levelland. Mr. Martin is stationed in Highlands, New Jersey with the Army.

Mr. and Mrs. H. B. Sivedom of Abilene wish to announce the engagement of their daughter, Cindi, to Ed Lee Hunter, son of Mr. and Mrs. Edwin L. Hunter of Plains. Miss Sivedom is a senior at Abilene High School. She plans to attend Southwestern State College in Weatherford, Oklahoma. Mr. Hunter is a junior at Southwestern State College School of Pharmacy. He is a 1967 graduate from Plains High School.

Bridal Shower

A bridal shower will be given honoring Shirley Mae Bilibrey, bride-elect of Alton Carl Rains, Saturday, April the 11th from 2 until 4 p. m. at the Club Room. Shirley is the daughter of Mr. and Mrs. Harry Bilibrey, Alton is the son of Mr. and Mrs. Carl Rains.

Hostesses are Mmes. Dorothy Kelly, Joyce Bearden, Sue Waters, Rhuey Crutcher, Aline Lock, Elamore Simpson, Dirlaye Gray, Pauline Tarkington, Tissie Smith, Barbara Massey, Barbara Smith, Johnnie Wauson, Sharon Kay Smith, Linda Huddleston, Morine Sudduth, Marie Lowrey, Nell Williams, and Hazel Kee.

CARDS OF THANKS

We would like to express our appreciation to our friends for the prayers, flowers, cards and the many other acts of kindness shown us during the long illness and death of our beloved brother. We want to say a special thank you to Guy's dear friend and ours, Rev. Tarkington for the many trips he made to the Brownfield Hospital bringing him the church services and favorite hymns he loved so dearly.

May God Bless Each of You Always,

Roy Moreman
Mr. and Mrs. Carl Rushing
Mr. and Mrs. Elmer Cross

TOPS Club

Plains TOPS Club met on Thursday, April 2nd at 6:30 at the Plains Clinic. The meeting was opened with a prayer. The members repeated the TOPS Pledge then sang the TOPS fellowship song.

Motion was made and carried that the meeting date be changed from Thursday nights to Tuesday nights and the time be changed from 6:30 to 7:00 p. m. An invitation was read from the Ropes TOPS Club to attend their club meeting April 9th to hear a special speaker. Plans were made to have an anniversary party and invite the other four TOPS Clubs in the area.

Flora Bell Overton was crowned queen for the month of March. She had lost the most weight of any of the members for the month. Mable Pharr was the runner up in weight loss for the month.

STORYHOUR

by Latrell McDonnell

Storyhour will not be held this Thursday morning due to a Library State Meeting being held in Amarillo. The personnel of the Yoakum County Library in Plains and Denver City are attending this yearly meeting.

Storyhour this past Thursday was attended by Russell and Doug Warren, Rene and Michael Davis, Betty Miller, Clay Lindsey, Larticia and Wand a Pickett, Michael Houck, Christie Barron, Kathie Richie, Curt Randall, Teddy and Becky Willis, and the readers for storyhour were Lyndall Tidwell and Donald Gilliam. The boys did a real good job and their patience and understanding was certainly appreciated. As the weather begins to warm and a pretty day comes along (especially on Thursday) the little ones like the adults would much rather be outside soaking up the sunshine. Storyhour will move outdoors some of these pretty days.

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drug-gists. See how fast it can help you.

HEADACHE PAIN

STANBACK gives you FAST relief from pains of headache, neuralgia, neuritis, and minor pains of arthritis, rheumatism. Because STANBACK contains several medically-approved and prescribed ingredients for fast relief, you can take STANBACK with confidence. Satisfaction guaranteed!

Fodder for Females

Sheer fabrics are at the top of the fashion parade this spring. As you shop you may find many spring and summer dresses made of crisps and firm or soft and transparent sheer fabrics.

Before you buy a sheer fabric consider what pattern will go with it and what construction techniques you should use for a well-made garment. If you're puzzled about what interfacing, underlining, or lining to use, see how the better constructed ready-to-wear garments are made. Then use your imagination.

To eliminate facings, use backings or linings. You can edge finish with double bias fold to eliminate show-through seams. Tucks or unstitched darts are usually more pleasing than stitched darts.

Some sheers either, plains, printed, or both make effective blouses if you use double fabric throughout. If you do want that "see through" look, plan your undergarments carefully. They must act as a good foundation for the dress. Undergarments must play up the dress, not detract from it.

When you get home with the selected fabric and pattern, how will you cut and mark the fabric? If the fabric shifts easily, secure it to tissue paper before you lay out the pattern. Cut the pieces with sharp shears. Transfer markings to tissue, not fabric.

Handle tissue paper and fabric together when you pin, staystitch, and join pieces. Use a size 9 needle and fine thread as you machine stitch slowly.

Use mock French seams or double-stitched seams. Hand root or machine hem narrow hems and edges. Loops for small buttons usually show less than worked or bound buttonholes. You may also consider small buttonholes.

If you use a zipper, consider putting it in by hand. It will give the garment of sheer fabric a well-made look.

As you sew and when you

complete the garment, press it carefully according to the fabric fiber content. Moisture may cause some sheers to pull together.

Flowerology

(Aries, March 21-April 20)
Arians frequently forge their way uphill through life with courage, daring, energy and enterprise. Leaders, pioneers and "aristocrats," like the rams who direct the flock, they pack more ramifications into a lifetime than many people think possible. They are very much firebrands.

The Aries is aroused in any sphere where his natural urges can be reasonably expressed. He is therefore better as boss, even if only in a small way; better where noise and dash are not objected to, and better where initiative is needed.

Vigor and vivaciousness are the prevailing traits of Arians, according to FTD florists, who add that red is their color, amethyst their birthstone and tulips their flowers. At the first sign of the arrival of spring, they often send flowers to friends--helping to create a climate for renewed energy, enthusiasm and affection.

Estimated Tax Due
(Dallas, Texas) -- Calendar year corporations whose 1970 income tax is expected to be at least \$5,567 will generally have estimated tax to pay by April 15, 1970.

Although no declaration is required to be filed with the Internal Revenue Service, Form 1120-W, "U. S. Corporation Worksheet for Computation of Estimated Income Tax," can be obtained from IRS offices. The Worksheet is for use in computing the estimated tax only and should not be filed with IRS.

Installments of corporation estimated tax are deposited in a Federal Reserve or authorized commercial bank using Federal Tax Deposit Form 503.

Publication 542, "Corporations and the Federal Income Tax," which furnishes detailed information on this subject, may be obtained by dropping a post card to Supply, Internal Revenue Service, P. O. Box 1738, Dallas, Texas 75221.
