October is the beginning of a new fiscal year for South Plains Aging Government and Senior Citizens.

What a nice way to begin the year...Plains getting a new bus and getting their pictures taken Monday with the pretty two-tone blue riding machine! I'd imagine the whole "Bus Bunch" will get the big head, but maybe lots more Plains Seniors will be coming down at lunch. Congratulations to all of you and we will be expecting you on Friday nights also.

Last Friday night was our biggest Birthday Night yet. The honorees who came were Martha Guetersloh, Pat Wilkerson, Jean Poage, Irene Anderson, Hazel Phillips, Reba Baker, Annie Wagley, Jo Chambiss, W.R. Wehrend, G.D. Tate and J.T. Tucker. Someone make a guess at how many years the group represent. We had 34 in attendance.

Mr. Tate brought a card he had received from an ex-student of Denver City. It was from Jack Redden who attended school here 45 years ago, and Mr. Tate says, worked hard to be able to attend school.

He went on to earn a college degree in Berkley, Calif., where he now resides.

To be remembered by a student after so many years is gratifying to a man who has devoted his life to teaching.

Another outstanding teacher in the Birthday Group was Bill Wehrend, who at the grand young age of 90 stills works the gate at football games. Congratulations to the two ex-professors of Denver City. We are all happy that they are part of our Senior Citizen group.

Just recently Plains has lost two real pioneers of Yoakum County. Our sympathy to the Roy Fitzgerald and Bill Powell families. Also to the Perez family of Denver City on the death of Mrs. Perez and especially to Angel, who is so nice to all our seniors.

Our lunch hour seems to be growing. Monday was an exceptionally good lunch and big attendance. Come on down and share a meal and get involved in some sort of activity. It's better than sitting home this rainy weather. Smitty

## —P.S.—

From the Plains Senior Citizens, a big thank you to South Plains Association of Government and the Yoakum County officials for purchasing the beautiful new blue Chevrolet bus for our use. We love going to the Senior Citizens Center of Yoakum County, located in Denver City.

We, the Plains group, have so enjoyed meeting and becoming acquainted with the people of the Center. We are so proud Denver City helps Plains with our 42 games and eats on First and Third Satur-

day nights. Those of us who join Denver City on Friday nights for their eats, games and music surely enjoy the fun. Now we hope we can visit even more.

The blue buses can help us if we will just use them. Again we thank everyone who had anything to do with purchasing the blue buses. Let's go Plains Senior Citizens. Let's use the new blue Chevrolet bus.

Thanks,  
Plains Bus Bunch

## Are You An International Lion?

By Joseph L. Wroblewski  
International Lions Pres.

Throughout the world, our International Association is recognized for the spirit of humanity that flavors all our endeavors. Every direction we take, every path we follow, leads us to the same selfless dedication to the ideal of service to others.

There are many remarkable traits about the men who choose to commit themselves to Lionism. They are valued citizens of their communities, and yet, they go that extra distance to become valued citizens of the world.

These men are International Lions, men with the vision to see far beyond the borders of their own hometowns.

An International Lion realizes that he is a part of the Family of Man, and as such, sees his responsibility to lift up the burdens borne by his less fortunate brothers.

An International Lion is a man who realizes that Lions rise above differences in culture, race, religion and political persuasion to bring needed services to humanity. He is able to set aside thoughts of personal gain for the benefit of others. He is ready to work tirelessly on behalf of a person whose face he will never see; people who will never know his name.

He is eager to help, and he's willing to give his all, whether he's working for his own community or a place he will never visit thousands of miles away.

An International Lion is one who truly shares my personal belief that **WE SERVE BETTER - TOGETHER.**

This man works alongside his fellow Lions, whether they are members of the same Club or Lions from countries vastly different from his own.

We have been brought together - nearly 1,350,000 men from 159 different nations and geographic areas - by our strong mutual desire to leave this world a better place than when we found it.

Each of us is working to make a difference. And the beauty of Lionism is that we are working

## Judges Complete 20 Hour Course

Judges A.G. Brantley and Esther Holland have successfully completed a 20 hour course from the Texas Justice Court Training Center at Southwest Texas State University in San Marcos. The course detailed the duties of the office of Justice of the Peace.

Article 5972 of the Texas Revised Civil Statutes and Supreme Court order effective Sept. 1, 1985, requires each newly elected/appointed Justice of the Peace to complete a 40 hour course in the duties of the Justice of the Peace office and to also complete a 20 hour course each year thereafter. This article affects all justices who took office since Aug. 30, 1963. This training program is provided at virtually no cost to the county through a grant from the Texas Supreme Court.

together as one, transcending all barriers.

Lionism is our common bond; it is the thread that weaves throughout all our lives, no matter what language we speak.

I am proud to be part of an organization that embodies all that I believe in; the very creed of Lionism - service to others - is one that I have always personally embraced.

Together, as men of humanity, we will serve the global needs of mankind. Knowing that we stand united in this effort, I thank you for helping make this world a better, healthier place for so many.

**Plains Lions Club, which is a part of this international group, would like to extend an invitation to come to its noon meetings the first and third Thursday of each month.**

# Plains Independent School District

## From The Superintendent's Desk

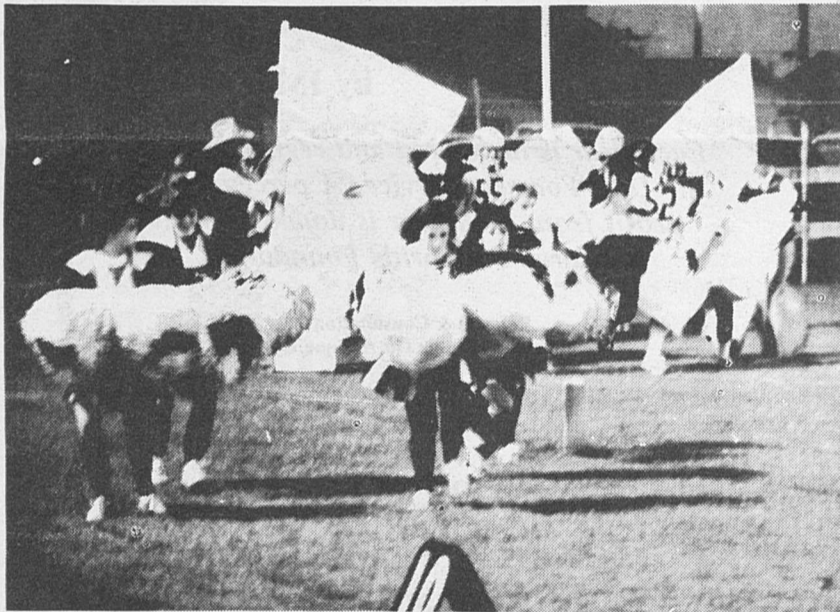

DEAN ANDREWS

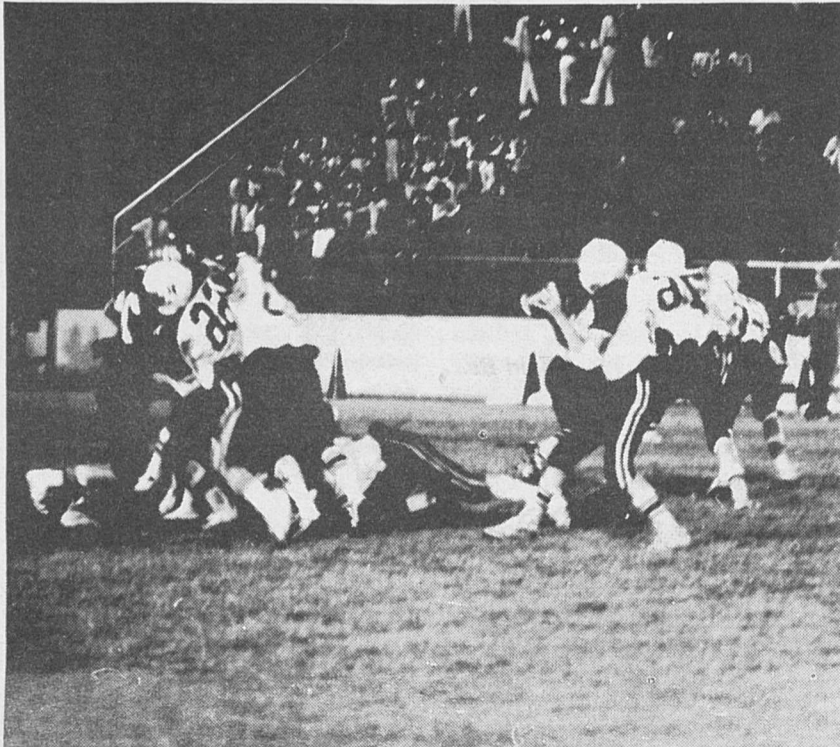

Something good is happening at school! As I walk through our school buildings, classrooms and around our school campus, I become more appreciative of the condition of each area. We have a sign in most offices that reads "Your Mother does not work here, so you will have to pick up after yourself" and that is what our people do. I am prejudiced about our facilities and feel they are the best kept of any school in Texas.

The key to the condition of our facilities is simple. All persons at Plains Schools have pride in the condition of the school and they care that it is cared for properly. Our students reflect the pride of their parents by the care they show toward our schools. I give credit to students, parents, teachers, aides, secretaries, cafeteria employees, school board members and administrators for taking pride in our facilities, but the bottom line is with our maintenance and custodial staff.

We have the finest group of people in this area and our facilities reflect their pride and dedication to this school district. I appreciate their work and although I express my pleasure privately, I would also like to publicly express thanks and appreciation to them for their work and dedication. # Victory At Tahoka

The Cowboys fought a muddy battle in the trenches on Friday night, Oct. 18, as they lined up against the Tahoka Bulldogs for the second game of 1985 district action. Although the swampy field plagued both teams through the course of the night, it didn't hinder the Cowboys from rolling over the Bulldogs with a score of 35 to 7. At present, the Cowboys are looking forward to the eighth game of the season against Morton with a record of 4 wins and 3 losses.

As the first quarter of action got underway, the Cowboys wasted no time in taking the upper hand. Tahoka's initial possession of the ball ended after three plays and a punt, with the Cowboys taking over on their own 23. From this point, the Plains offense quickly drove to the end zone. With 9:45 remaining on the first quarter clock, sophomore quarterback Shane McMinn spiraled the ball downfield to senior Billy Curtis for a 64 yard touchdown completion. The Cowboys drew first blood with a 7-0 score. As the quarter progressed, the Bulldogs soon made another fatal mistake, fumbling the ball on their own 49 yard line. This turnover put the Cowboys in position for their next score. Running on a 2nd down and 16 situation, junior Martin Barrientes carried the ball in for an impressive 54 yard touchdown run and upped the Plains lead by six. Add to this a good extra point by Curtis, and, as the first quarter came to an end, the Cowboys were ahead 14-0.

The Bulldogs rallied back to put a dent in the Cowboy lead as the second quarter began. On a successful passing attack, Tahoka penetrated the Plains defense and fought their way down to the Cowboy 21 yard line. Then, with 9:44 remaining in the quarter, number 71 Rusty Jennings fell on a loose ball in the end zone and put Tahoka's first six on the board. A successful extra point followed and the score stood at Plains 14, Tahoka 7. However, the Cowboys did not allow this catch-up attempt to last for long. On the first play after the kick, the Cowboys stunned the Tahoka defense by sending Curtis 70 yards down the field for a touchdown. Running behind several good blockers, Curtis toted the ball across the line, thus giving Plains a comfortable 13 point lead. From this point on, the Cowboys dominated the field as they held the Bulldogs safely out of the end zone and tackled two more touchdowns to their lead.

First, senior Mickey McMinn, tucked away a 25 yard pass in the end zone and put Plains ahead 26-7. Soon after this, Curtis intercepted a Bulldog pass and took it all the way back to the Tahoka 33, setting up the next McMinn TD reception. With 3:35 left in the half, Mickey McMinn caught another scoring pass and advanced the halftime score to Plains 35, Tahoka 7.

After the half, it seems that the Tahoka defense came out on the field with renewed determination. Although they could not succeed in the scoring department, the

Bulldogs were able to stop the Cowboy passing and rushing maneuvers from scoring. The third and fourth quarters were characterized by short, unsuccessful drives on the part of both teams, eventually ending in punts or fourth down turnovers. So, as the final seconds of the game were winding down, the score looked exactly as it had before the half, with Plains holding a 28 point lead over the Bulldogs in a 35 to 7 victory.

Next week, Friday the 25th, will be the third game of district play for the Cowboys as they travel to Morton to square off against the Indians.

## Those Chance Meetings

Louis Crenshaw  
Methodist Church

*Life's paths lead to surprising destinations over the world.*

*"The jet port of Love Field, Dallas was crowded. Even the jet we boarded was full of travelers. Some were flying home; others were going to far away romantic places. In every person at times there is an urge to go. Viewing the boarding passengers, I mused. Where do these come from? Where are they going? Why? The last couple to board was a former Yoakum County judge and his wife who had just flown to Dallas from China. They were on the last lap to Plains.*

*"When we were young, our teachers instructed us to plan our lives, and then work our plans. The more ambitious urged us to hitch our wagons to the stars. Some never even found the hitching post to which our wagons were tied.*

*"A second fact is obvious. Often we do not go where we started and do not find what we expected, once we arrive. How are we to interpret this fact? Do not be long disappointed, for this is but the providence of God, what Hewills for us.*

*"The great pulpiteer, J.H. Jowett, prepared to be an attorney, but became a preacher instead. Missionaries have worked a lifetime in a field other than where they first had chosen.*

*"Those chance meetings often change marriage plans. A so-called insignificant event sent us south when we had planned to go north, changing our entire lives.*

*"The answer to our question, 'Why?' begins with 'it just happened'. My final question... 'Do things 'just happen'? No, if we mean by no intelligent planning. We find our way around in this universe either by God's appointment or by his permission. When this 'Hap-penstance' comes to us, it will fit into our program for life working for our good. (Romans 8:28)*

*"We do not need to know when the unexpected is to come. The pathways that seem now to be but meaningless trails leading nowhere are intelligent and consistent because all good pathways lead to God."*

Watch For Small Children

Dear Ones:

"Words cannot express my appreciation and thanks for the "Going Away Party" that was given in my behalf. It was not the food and wine. It was your expressions of confidence, friendship and love, written down on paper for me to feast on the balance of my days.

"There are many memories of my sixteen years in Plains. Nine of them at City Hall with the finest people, both officials and help, with whom I have ever associated.

"Then there was that incident in 1973 when our mobil home burned one evening. Dozens came in sympathy and many of you invited Nell and I to go home with you. We didn't have to accept, because Mrs. Daniels who lived across the street, but had recently moved to the nursing home which was operating then, sent us the key and the demand for us to move right into her home. Then next morning when I went down to City Hall there were three one hundred dollar gifts and several others, forty one altogether in the next few days amounting to almost two thousand dollars. Then three nights later you blessed people of the Methodist Church gave us a shower and we had practically everything we needed to start housekeeping again. Such People! Nell and I couldn't believe what had happened. Many, many times since - Nell would hold up something and proudly remind me that we had received it on that occasion and we would remind each other that it couldn't have happened in any place but in PLAINS, TEXAS.

"Then, how I have appreciated the confidence of the Lions in having me as your treasurer for.....I guess, it has been for twelve or thirteen years. I will continue my membership in the Lions Club here.

"It was definitely Nell's and my intention to live in Plains the remainder of our lives as you will see pledged in Mary Joe's history of Yoakum County's 'Quotes'. Nell's passing, however, changed that since my son, Dennis, who lives in Tulsa demanded that I come back to Oklahoma, so that he could help me up and down stairs - as the time will come when just a few clean shirts is going to do me.

"Love and Thanks to all of you."

s/Hugh Abercrombie
