**NUMBER SENSE TEAM** -- Standing ltr, Shane McMinn, Jesse Flores, Chad Guetersloh, Micah Stowe and Coach Richie Cullins. Kneeling, ltr, are Nieves Garcia and Lance Morrow.

**SCIENCE TEAM** -- Standing, ltr, are Jesse Flores, Chad Guetersloh, Joe Harris, Shane McMinn, Micah Stowe and Bryan Baldwin. Kneeling, ltr, are Phillip Cowart, Nieves Garcia, Lance Morrow and Brad McWhirter. (Not pictured, Coach Macky McWhirter.)

## Math/Science Team Wins State Competition March 14

Plains High School grabbed a state-wide spotlight March 14 when it won the Class A TMSCA State competition in San Antonio. It was the second consecutive state championship for PHS students.

Winning team trophies in calculator, number sense and science, the PHS team took the sweepstakes title by a margin of 490 points over Windthorst High School. Last year's victory, in Class AA competition, was by just 20 points over Liberty Hill.

Students participating were seniors Joe Harris and Bryan Baldwin; juniors Brad McWhirter, Jesse Flores, Shane McMinn and Micah Stowe; sophomores Phillip Cowart and Chad Guetersloh; and freshmen Nieves Garcia and Lance Morrow. Sponsors were Larry Devitt and Richie Cullins.

Individual winners in calculator were Morrow, fifth, and Garcia, ninth, freshman division; Guetersloh, first and Cowart, twelfth, sophomore division; McMinn, first, and Stowe, second, junior division. The PHS team took first place with 1010 points over Windthorst's 930. Devitt was coach.

Number Sense competition found Morrow first, Garcia, second, in freshman competition; Guetersloh, second, sophomore competition; McMinn, first, Stowe, fourth, and Flores, fifth, junior division. Coached by Cullins, the team amassed 622 points to win the competition. Runner-up Westbrook finished with 351 points.

In Science competition, the PHS team won first with 255 points over Rotan's 203 points. Mackey

McWhirter was coach. Individual winners were Morrow, third, Garcia, fifth, freshman division; Guetersloh, first, Cowart, seventh, sophomore division; Stowe, fourth, Flores, seventh, McMinn, eighth, and McWhirter, ninth, junior division; Harris, third, senior division.

The coaches are very pleased with the team's efforts in the meet. This has been one of the best years ever for the math/science team and their success indicates how hard they've worked and how dedicated they have been this year. The coaches express their appreciation to all members of the team for their willingness to participate in the meets.

The District UIL science meet will be held Monday, March 23; the number sense and calculator meet on Thursday, March 26. Top three students in the three categories will compete with other students from the district for the right to advance to regional competition April 24 in Levelland.

## Western Novelist Invited To Speak At CCA Banquet

Elmer Kelton, western author, will be guest speaker for the annual Chamber of Commerce Banquet Thursday, April 2 in the school cafeteria. The event will get underway at 7:30 p.m.

A native of Crane, Kelton has written 26 novels over a period of 30 years including the latest, "Dark Thicket", "Stand Proud", "The Wolf and the Buffalo" and "Eyes of the Hawk". All published by Doubleday, the latter was written under the pseudonym of Lee McElroy.

Kelton was twice winner of the Western Heritage Award from the National Cowboy Hall of Fame in Oklahoma City for his novels, "The Time It Never Rained" and "The Good Old Boys". Four times he was winner of the Spur Award from Western Writers of America for his novels, "Buffalo Wagons", "The Day the Cowboys Quit", "The Time It Never Rained" and "Eyes of the Hawk".

In 1987, Kelton received the Barbara McCombs/Lon Tinkle Award for "continuing excellence in Texas letters" from the Texas Institute of Letters. His twenty-seventh novel,

**Dear Editor:**

Dear Editor:

We would like to take this opportunity to thank all of those who were involved in helping in so many ways after the accident of our granddaughter Shyloh Winn. First to Joyce Pierce and her assistants who acted so prompt and efficient; Loma Jones, Debra Lowe and others at school who searched for the family by phone. To Mr. Parks who took Ashlee to the pasture to find Lynne and Tony.

For very prompt City employees and paramedics who had the ambulance at the school almost instantly.

This made us very proud that we have a new and modern ambulance with recently well-schooled and trained paramedics.

Also again to Joyce, Mr. Andrews and our Pastor Ken Peterson, for going on to Brownfield and staying until all x-rays and doctors reports were complete.

For the many calls and inquiries about Shyloh's welfare. We are happy to report that she is doing great and back going full blast. It is a great community to live in and thanks again to all for their concern and help.

Most of all we thank God for having Shyloh's guardian angel on full-time duty.

Sincerely,  
Johnnie L. & Melba Fitzgerald

**Pre-Entrance Exam Slated**

A pre-entrance exam for the associate degree nursing program at South Plains College, Levelland, will be given March 25.

Exam time is 8:30 a.m. in the SPC Student Assistance Center, located on the third floor of the library. Fee is \$10.

The exam is a requirement of all persons who wish to enroll in SPC's two-year associate degree nursing program, said Marla Cottenoir, director of nursing at SPC.

Persons completing the program will be eligible to take their state board exams for licensure as registered nurses.

An additional ADN exam will be given April 8.

**The Criminal District Attorney Reports:**

Spring has arrived and the evidence is abundant. The grass in our yards is turning green, trees and flowers are blooming. During this special season of the year, our thoughts turn to making our property appear as attractive as possible. In my office at the courthouse, I have participated in several docket calls concerning the complaints filed against numerous citizens of Plains because of the condition of their property.

In early September of 1986, approximately 170 letters were mailed to property owners in Plains, notifying residents that their property needed certain attention in order to be in compliance with Texas health and litter abatement laws. The number of complaints has now dwindled down to five. I am proud of the progress our citizens have made, and I hope you are also proud. Some folks only had to mow down some weeds, cover an old vehicle, or haul off one or two loads of unused items. For others, the job has been more difficult and the clean-up time has been longer.

A great deal of time has been expended in this effort, especially by our mayor, the health officer, Judge Brantley, Melba Crutcher, and my office. Thanks is also owed to Yoakum County Commissioners Barron and Fitzgerald who have made county equipment available in the clean-up efforts.

Two cases are set on the County Jury Docket for Monday, March 30th at 1:00 P.M. Progress is being made by the two property owners involved. It is my hope that judicial action can be avoided, and that these owners will bring their property into compliance with the law.

Has it occurred to you that an encouraging word from fellow citizens might speed the work along? If you can make any contribution to the effort to clean up our town, please do so. You, too, will be appreciated.

**1987 FmHA Emergency Loans Tied To Crop Insurance**

Farmers seeking disaster emergency loans from the Farmers Home Administration (FmHA) for 1987 losses will need to have crop insurance if it is available, FmHA Director J. Lynn Futch said today.

"All family-size farmers should be aware that a newly-effective provision of the 1985 farm bill prohibits our making emergency loans for crop losses that could have been insured under multiple-peril crop insurance programs sponsored by the Federal Crop Insurance Corporation (FCIC)," said Futch.

"Therefore I urge every family-size farmer in the State of Texas to seriously take into account this new relationship between insurance coverage and emergency-loan eligibility."

Federally-subsidized multiple-peril crop insurance is now available for all wheat, corn, barley, grain sorghum, oats, upland cotton and rice, plus an additional 35 specialty crops in most growing areas. The government subsidy reduces the program cost by about 50 percent, Futch said, making crop insurance a worthwhile option to consider regardless of the newly-required tie-in with emergency loan eligibility.

If a farmer obtains the insurance required, and if the value of his crop loss is still 30 percent or more after the insurance payment, the operation will be eligible for consideration for an emergency loan.

Effective in January, the new requirement will affect crops planted in 1987, and thus will not affect winter wheat or other winter-seeded crops planted in 1986 and harvested in 1987. Insurance must be multiple-peril, covering most forms of disaster, rather than hail-only.

The closing date for insurance sales on spring-planted crops in the State of Texas will vary. Closing date for insurance sales in the coastal and South Texas areas is Feb. 15; East Texas and Blackland areas is March 31; and the Rolling Plains and High Plains areas is April 15. Because of these dates and the fact that a prevented-planting endorsement for eligible crops must be elected 45 days prior to sales closing, Futch urged farmers to contact their local insurance agents promptly.

**Chamber Meeting Slated Tuesday**

A special meeting of the Chamber of Commerce has been set for Tuesday, March 31 at 7 a.m. in Johnnie's Restaurant to finalize plans for the Chamber banquet to be held Thursday, April 2 at 7:30 p.m. in the school cafeteria.

Interested persons are invited to attend the special meeting.

All persons in the community are urged to attend the banquet. Guest speaker will be Elmer Kelton, western novelist from San Angelo.

**Banquet...**

Continued from page 1

"The Man Who Rode Midnight", is due to be released this fall from Doubleday with condensation by Reader's Digest Condensed Books.

Kelton graduated from Crane High School in 1942 and attended the University of Texas from 1942 to 1944 and 1946 to 1948 earning a B.A. degree in journalism. He served with the U.S. Army from 1944 to 1946 including service in the infantry in Europe. He married an Austrian girl. They are parents of two sons and a daughter.

He spent 15 years as farm and ranch writer for San Angelo-Times, five years as editor of Sheep and Goat Raiser Magazine and since 1968 as associate editor of Livestock Weekly.

**Lions View Energy Film**

David Kight presented a film program on "Solar and Tidal Energy" for members of Plains Lions Club Thursday at their regular luncheon meeting.

Election of new officers was discussed.

Others attending were Meryl Thompson, Mrs. Thompson, Dick McGinty, Brandon McGinty, Jimmy McGinty, Edwin Livengood, Charles Oswald, Sherm Tingle, Kenneth McGinty, Wayne House, Larry Mason, Gary Six, Pete StRomain, Milton Bayer and Frank Spencer.

**Reception Set For Elmer Kelton**

Western novelist Elmer Kelton will be honored with a reception Thursday, April 2 in the Heritage Room of Yoakum County Library in Plains. Persons are invited to stop by from 4 to 5:30 p.m. Kelton will be the speaker that evening for the annual Chamber of Commerce banquet.

Arrangements have been made to borrow books by Kelton from a book store in San Angelo, for display during the reception. The books will be for sale and can be autographed by Mr. Kelton at that time.

# Plains Independent School District

## From The Superintendent's Desk

DEAN ANDREWS

Our school district has undergone the most intensive review by the Texas Education Agency this year, it has ever known. To date we have had a T.E.A. compliance visit in Chapter I, Vocational Education, and Special Education. We had a Transportation Audit, a visit by the State Fire Marshall, and a State Health Department visit and this past week we had a T.E.A. Accreditation visit. I am pleased to announce that we have fared very well in all areas. As we think of various compliance procedures for operating a school district it is most important to remember the bottom line and what we are doing for boys and girls.

Congratulations are in order for our High School Math and Science students and sponsors that competed in the State Math and Science Teachers Competition in San Antonio. They received honors in all areas and earned the overall championship. Participants were: Chad Guetersloh, Shane McMinn, Lance Morrow, Bryan Baldwin, Micah Stowe, Jody Harris, Brad McWhirter, Nieves Garcia, Brian Livengood and Phillip Cowart. Sponsors are: Larry Devitt, Macky McWhirter and Richie Cullins.

## Nancy Jimenez Breaks Record In Buffalo Relays Saturday

Nancy Jimenez broke school records for Plains and Stanton with a 13:00.5 victory in Stanton's Buffalo Relays Saturday, March 14. She also swept the 1600 meter run.

Martha Rivera and Bertha Gonzales finished the sweep for the Cowgirls. Karen Cobb came in fourth in the 400 meter run. The 1600 meter relay team of Karen Cobb, Krystal Bradley, Angie Murph and Rosalie Garcia placed sixth.

The Cowgirls finished sixth in the 15-team meet.

Joe Rivera came in second in the 3200 meter run and third in the 1600. Roger Rivas and Lebert Powell ran their best times of the

season and Henry Gonzales ran well in the 800.

Alex Barrientes was second in pole vault competition with a 11' performance. Mike Diaz was fourth in the 400 meter dash and Jeff Ashburn, sixth in high hurdles. Running a 3:44.2 performance, the 1600 meter relay team of Mike Diaz, Henry Gonzales, Jeff Ashburn and Shawn Booth ran their best time of the season.

Placing third with a 45.7 was the 400 meter relay team of Martin Barrientes, Alex Barrientes, Mike Diaz and Billy Spears.

The Cowboys finished sixth in the meet.

## Cowboys Win Own Meet, Cowgirls Finish Third

Cowboy thinclads won the Cowboy Relays March 7, "for the first time in ages". In claiming the title, they compiled 115 and a half points in the 13-team competition.

Finishing in second place with 102 and a half points was O'Donnell. Wilson was third with 84 points. Other schools competing were Meadow, Wellman, Anton, Whiteface, Ropes, Dawson, Amherst, LCHS, Loop and Three Way.

Plains Cowgirls, in their competition, placed third with 63 points. Whiteface won the meet with 100; LCHS finished second with 86. Other schools competing were Amherst, Loop, Ropes, O'Donnell, Klondike, Meadow, Wellman, Dawson, Wilson and Lazbuddie.

Bryan Baldwin won the high hurdles with 16.4 and finished second in the 300 hurdles with 42.02. Alex Barrientes grabbed the 200 meter dash victory with a 23.4 performance. He tied for second in the pole vault with a 9.

Martin Barrientes, Alex Barrientes, Billy Spears and Shawn Booth finished second in the 400

meter relay with a 46.8 time. The distance medley relay also placed second with a 12:13.50 performance. Runners were Patrick Elmore, Joe Rivera, Roger Rivas and Chad Guetersloh.

The 1600 meter relay team composed of Alex Barrientes, Rivera, Booth and Baldwin placed fifth.

Kevin Lowrey was second in shot put with 41'8"; Spears, fourth with 40'9 1/2"; Spears, fourth in discus with 111'1"; and Baldwin, sixth in high jump with 5'6".

Guetersloh came in second in the 3200 meter run with 11:20 and fourth in the 1600 run with 5:09.9. Rivera was fourth in the 800 meter run with 2:14.5 and teammate Henry Gonzales, fifth, with 2:14.7.

Booth placed fourth in the 400 meter dash with 57.2. Jeff Ashburn was third in the 300 hurdles with 43.3.

**For Rural Towns**

# Economic Issues Discussed

Ideas were presented, along with strategies to cause economic growth of rural and small cities in Texas at an economic workshop in Littlefield Thursday, March 12.

The seminar was sponsored by West Texas Chamber of Commerce and Texas Agricultural Extension Service (TAES) and dealt with problems small rural communities are encountering.

Jon Krebs, manager of area development department with Southwestern Public Service Company in Amarillo, served as Master of Ceremonies.

He commented on pulling the basic dollar - money that is NOT already in the community - into the circle of community flow so that it will be turned over several times to stimulate the economics of the area.

The "basic dollar" was described as money coming from natural sources, such as from the farmers; from transit sources, such as tourism; and from manufacturing or industry. He suggested diversification in order to increase the basic dollar flow.

Don Stebbins, community development specialist with TAES in College Station, offered ideas for strategies for economic growth, stating that each community should grow its own businesses to increase the flow of income. Other strategies suggested were to sell to more outsiders; bring in more government offices; seek out retirees who do not need jobs but who have money to spend; and promote the town as a great place to live and rear families, while driving to other communities to work. He also said communities should get together and do a survey of the area to decide what is needed in the way of businesses or services.

Dr. Greg Taylor, community development and project group supervisor with TAES, discussed agriculture's impact on area economics. He commented that tenants are dropping out of the farm picture, West Texas farms are fewer but larger and that the younger people are leaving to go into another type of business. He suggested improving the non-farm portion of the community to supplement the income of the community.

Lyn Moulton of Main Street Project of Pampa talked about vacant buildings that are so evident in rural

communities. She suggested an advisory board to offer on how to fill those buildings, keep property in good repair, have promotions to progressively grab those dollars and to pursue businesses for the communities. She noted that the "look of money" in a community, would draw more money to it. She commented that first impressions are important when new businessmen are looking for a home. She also suggested a consumer attitude survey to determine what is needed or wanted in the way of goods and services.

Jack Speer, senior vice president of operations with Amarillo Chamber of Commerce, discussed tourism, saying that building tourism industry is not an easy thing, but can be done if a formula is followed.

He suggested building around an idea that captures someone's imagination - bring out the child in an individual and have them bring their children to see it. "Build your theme around interesting facts, utilizing famous names from the area and find your historical characters to build the program around." Get publicity for it and do things in an unusual way, to capture attention immediately.

Nancy Garms, attorney-at-law and president of Amarillo Bar Association, began her motivational speech by saying "Why do you stay in the town where you live? Does it have anything to do with economics or the quality of life?"

She mentioned that there is a basic fear to change - to launch out into something new. Diversification was also recommended by Ms. Garms as a means of bringing new people in and to begin new projects. She said in order to "fire up" a community, be sensitive and res-

pond as new leaders take over. Let them talk about their ideas, theorize about the community and dream about solutions.

"Then" she stated, "Get up and make things happen."

David Scott, supervisor of area development for West Texas Utilities Co. of Abilene, recommended, "Get your community in order so that it will be attractive to industry prospects." He suggested that letters be written to alumni about industrial growth encouraging them to bring their industry or business back home. "And, look at the businesses already in your community and see if they can be helped in any way to employ another person. Love those already in our back yards," he concluded.

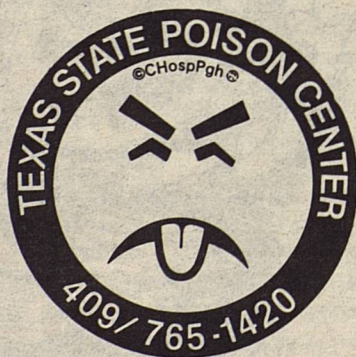

Sheryl Boyd, assistant chairman of Department of Internal Medicine at Texas Tech University Health Science Center of Lubbock discussed health care issues, saying that hospitals are among the major employers in communities and should be kept available. She recommended that programs be developed for the benefit of senior citizens, such as holding clinics on lifestyles, financial planning and other things of interest to them.

Andy Flores, CID Deputy Executive Director for business development Commission in Austin, discussed leadership to make it all work. He said leadership can come from all sectors, saying each community is unique and has its own assets. He recommended organizing what is available in the community to come up with solutions to make a program work.

John Birdwell, utility development specialist with Lubbock Power and Light, closed the seminar with "Now what? What do we do with all the information that we have garnered here today - when we go home?"

He said there were no short term answers. It takes lots of hard work and a total commitment from everyone. He recommended long-range planning and being honest with the studies made. People are the strength of a community, he said, and everyone must be involved. Positive attitudes make positive things happen, he commented.

He said that West Texas Chamber of Commerce in Austin is working on economic development for our area and that every community should support their efforts in making the free-enterprise system work to sustain Texas.

## Lawn Care Tips Given By County Agent David Kight

About this time of the year home lawns need a boost to get them in shape for the upcoming spring season.

David Kight, county agent with the Texas Agricultural Extension Service, the Texas A & M University System, suggests three operations that can get a lawn off to a good start - scalping, fertilizing and applying a weed killer.

Scalping a lawn in early spring serves to revitalize it and promote early spring green-up, points out Kight.

Begin the operation by lowering the blade of your lawnmower one-half to one inch below the normal setting. Then mow the lawn in two directions that are at right angles to each other. Remove the clippings after each mowing. They are excellent to add to a compost or to use as a mulch for garden and landscape plants.

Kight also recommends keeping the lawnmower blade lowered until midsummer.

After scalping the lawn, apply a complete fertilizer (one containing nitrogen, phosphorus and potassium) such as 30-20-10 or similar, to promote leaf and root growth. Use 1.5 pound of nitrogen per 1,000 square feet of lawn area. This is equal to 18 pounds of an 8-8 fertilizer or 12 pounds of a 12-4-8 fertilizer. Repeat the application in the early summer.

For a dark green lawn, Kight suggests applying a high percent nitrogen fertilizer. To keep crabgrass or other unsightly weeds from becoming a problem, apply a preemergence herbicide (weed killer)

in early spring, after the grass has recovered from winter. Applying a preemergence herbicide too early could further weaken turfgrasses injured by winter conditions. Combinations of herbicides with fertilizers are available and convenient to use but, as with all herbicides, should only be used according to instructions on the label.

Proper maintenance is essential for a healthy lawn, and these practices will give new life to a dormant, weedy lawn, notes David Kight, Yoakum County agent.

## ABWA Chapter To Meet Monday

Texas Plains Charter Chapter of the ABWA will have a called meeting Monday, March 30, at 7 p.m. in the home of Kathy Jones. Special guest speaker will be Linda Powell, a government and economics teacher at Denver City High School. The regularly scheduled meeting was cancelled due to Spring Break.

The chapter has started its annual fund raiser to obtain funds for the chapter's annual Educational Scholarship which will be awarded to a graduating senior girl from the 1987 class of Plains High School. Chapter members are accepting donations of \$1 for a blue topaz and diamond pendant designed by Randy Brantley of Brownfield. A drawing will be held and the recipient of the necklace will be named April 20. The pendant is on display at the Yoakum County Library.

## Extensionist Gives Tips On Fertilizing Pecan Trees

According to Dr. George Ray McEachern, Extension Horticulturist, late February and early March is the best time to fertilize mature pecan trees. Apply one pound of 21-0-0 per inch of trunk diameter at the dripline and water it into the soil.

Some homeowners like to drill holes six inches deep and three feet apart circling the tree at the dripline. The holes help prevent burning the grass and loss due to volatilization. If your trees have a heavy crop set in May, a second application of one-half the above rate can be made.

We do not recommend using a complete fertilizer such as 13-13-13 because phosphorus and potassium have not been shown to increase tree growth or yield. On high pH Yoakum County soils the phosphorus can be counter productive and result in severe zinc shortage.

If the 21-0-0 ammonium sulfate is not available, 33-0-0 ammonium nitrate or 42-0-0 urea can be used.

Pecans should be fertilized in April, May and June, but no later than June, according to Mary Dale Williams, County Extension Agent.

## Texas Music Clubs Convention Held

The 72nd annual convention of the Texas Federation of Music Clubs was held in Lubbock at the Days Inn Lubbock Civic Center March 11-14. State president, Mrs. Lamoine Hall, Jr. of Fort Worth, presided over the event. The convention theme was "Music...the Universal Language".

Hosts for the convention were officers and clubs of the Second District of which the Plains Fine Arts Club is a part. District president, Mrs. Robert Leonard of Lubbock, was general chairman.

Representatives from Plains Fine Arts Club attending were Barbara Thrash, president of the club and Mary Dale Williams. Plains Fine Arts Club and Snyder Musical Coterie were hosts for a reception following the convention activities Thursday, March 12.

Special guest for the convention was Mrs. Gleen Brown, of Stanton. She is presently serving as the National Federation of Music Clubs' first vice president.

## Boating: A Brilliant Deduction

When it comes to buying a boat, 1987 may be one of the best years to take the plunge, experts advise.

That's because, under the new tax laws for 1987, boat owners are able to deduct interest payments on boats which have a sleeping area, a permanent, enclosed toilet and a cooking area. A boat meeting those criteria is considered a "second home," according to the IRS, and interest on payments for it can be deducted as such. For many prospective boat buyers, that means they'll be able to spend more money for a bigger boat, knowing that they're going to be getting their money back in their tax refund.

## New Arrivals

Michael and Gloria Covarrubias would like to announce the arrival of a daughter born at 3:09 p.m., March 13 in Brownfield Regional Medical Center. Weighing five pounds, 13 3/4 ounces and measuring 20 1/2 inches long, the little miss has been named Jamie Leigh. She has a brother, Michael Bryan, five years old. Grandparents are Abel and Dora Covarrubias of Lubbock; and Bruno and Anita Gonzales. Great-grandparents include Onofra Dominquez of Runge; Julian Gonzales of Karnes City; and Mr. and Mrs. Matilde Martinez of Friona.

## UTILITY POLES & ADVERTISING

Utility poles should never be used for advertising. This is abused most by people having garage sales or running for political offices. Signs are put up with nails, staples or tacks and these are not removed. If a lineman is on a pole and his gaffs cut out he falls down the pole. Nails, tacks & staples tear his flesh.

Melba Crutcher, Clerk.  
Filed 26th day of FEBRUARY A.D. 1987  
Melba Crutcher, Clerk.  
To:  
Joe Vasquez  
Box 657  
Plains, Texas 79355

JOE VASQUEZ, Defendant, Greeting:  
You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 13th day of APRIL 1987, at or before ten o'clock A.M. before the Honorable A.G. BRANTLEY, JUSTICE OF THE PEACE Court of YOAKUM County, Texas, at the Court House of said County in PLAINS, Texas.

Said Plaintiff's Petition was filed in said court, on the 29th day of JANUARY A.D. 1987, in this cause, numbered B-122 on the docket of said court, and styled, PLAINS STATE BANK, PLAINS, TEXAS Plaintiff, vs. JOE VASQUEZ, BOX 657, PLAINS, TEXAS Defendant.

The names of the parties to the cause are as follows: PLAINS STATE BANK are Plaintiffs and JOE VASQUEZ are Defendants.

A brief statement of the nature of this suit is as follows, to wit: Total Amount of Suit: \$533.66; Interest at Rate of 17.90%, plus interest at the rate of 10%, from date of judgment, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in PLAINS, Texas, this the 26th day of FEBRUARY A.D. 1987.

Attest:  
Melba Crutcher, Clerk,  
JP Court, YOAKUM County, Texas.  
48/4tc
