Family memberships are available for \$25. Pool hours for student and

family swimming are 6 to 9 p.m. Monday, Tuesday, Thursday and Friday nights. Senior Citizens may swim from 2 to 3 p.m. those days.

## New Editor Announced

Sue Cannon, editor-publisher of The Olton Enterprise, has been named as managing editor of The Plains Pride effective immediately. The announcement was made this week by Joe and Debbie Alcorta, owners.

Mrs. Cannon will be overseeing the entire production of the paper and will be assisted by Mrs. Alcorta. Mr. Alcorta, publisher is now a full-time student at West Texas State, preparing for a coaching career, and will not be available to make the usual trips to Plains, as frequently as in the past.

Effective with the very next issue, there will no longer be a correspondent to gather news. Those who have news items may leave them at Pay-N-Save Grocery, Yoakum County Library or mail to Plains Pride, Box 774, Olton, Texas 79064. Pictures used will be returned to the library. The Enterprise number is 806-285-331.

Mrs. Cannon stated that at the inception of the newspaper, when "we talked to a number of the Plains residents and business people, they said they were willing to do whatever it took so that Plains could have a paper. We told the people at the newspaper committee meeting that in order for a paper to survive and carry its own weight, it must have at least 65 percent advertising each week and that it would nearly have to be a 12 page paper. As most of you know, the Plains Pride has not reached that goal but in special editions.

"Because of lack of financial support, we will take a long look at the feasibility of continuing the paper in Plains. We must have the cooperation of the entire community — businesses, schools, churches and all residents. Business people will be contacted each week and residents are asked to mail their news into Olton or leave at designated places in Plains.

"This is YOUR paper. If you want it to continue, then it is going to be YOUR responsibility to get items in for publication.

"As the new editor, I will try to give you the same type of good newspaper that Joe and Debbie have been giving you for the past two years....but only if Plains supports it. We will not subsidize it....It must pay its own way if it is to continue." Mrs. Cannon concluded. "It's up to you."

## Community Invited To Singing Event

Everyone is invited to "bring your lawn chair and put on your toe-tapping shoes" for the Plains Community Musical in Stanford Park Friday, June 5. Music will begin at 6:30 p.m. Donations will be accepted, although admission is free.

Expected to perform are Flatland Bluegrass, Jeanette Wauson, Plains Rubies and the FFA Talent Team, Hard Country.

Proceeds of the event will go to youth organizations in town such as Little League Baseball, Little Dribblers, tumbling and others, in an effort to help with equipment, tournament trips and the like. Businesses in town have been carrying the biggest portion of this support in the past and, with economics as they currently are, this project will help make it possible for these opportunities for Plains children to continue.

Clubs and organizations are invited to have food or craft booths. For more information, contact Pam Redman, 456-6675.

## Summer Baseball Needs Support

Approximately 20 youngsters have registered for participation this year in summer T-Ball. Deadline for signing up is May 31. Youngsters who will be six and no older than eight years of age by Aug. 1 are eligible to participate. Birth certificates must be presented in order to register. There will be a \$10 registration fee.

The two new teams organized for T-Ball are the Cowboys and Wranglers. Community support is needed for baseball equipment, such as bats, T-balls and helmets. Guy Williams and Randy Clay have agreed to coach. More coaches are needed.

For more information, call Pam Redman, 456-6675.

## Citizens Reminded 'Keep Plains Clean'

Plains residents are reminded that growing season is here and weeds must be kept mowed if the city is to maintain its recent "housecleaning." It's easier to keep the town neat and clear of weeds than to clean up neglected areas.

Don Weems, sanitarian for Yoakum County and a part of South Plains Health District, commends Plains resident for the recent clean-up campaign.

A number of comments have been made about how much neater and cleaner Plains is since the drive.

## From The Superintendent's Desk

DEAN ANDREWS

*It seems that we began this school year only yesterday and yet we are now in our last week of classes for the 1986-87 school year. The last day for students is Thursday, May 28, 1987.*

*Our 65th annual commencement will be at 2:00 p.m., on Sunday, May 31, 1987. We have twenty-one graduating students in this class and their accomplishments will long be remembered. We invite you to come and share this occasion with the graduating class, their relatives, and friends.*

*I feel it is appropriate to express to our seniors, in writing, many of the things I have been saying for a long time. Over the past several years you have worked and studied, practiced and played, and grown - grown mentally as well as physically - and now you are here, ready to begin your lives as members of the adult community.*

*For some of you this will mean a job and the responsibilities of family living. For others this will mean college and further years of study and preparation. Whichever course your future takes, it is my sincere hope that you will look back on your years here as having prepared you to meet and deal with the challenges that life will present.*

*On behalf of myself, and the faculty and staff of Plains Independent School District, I wish for everyone of you the happiness of productive life, the respect of your fellow human beings, and the love of your family. May the future be yours.*

*The best of luck and congratulations to the Class of '87.*

The article "Sober Warning", which is printed below, came to me from a large city in Texas. I am sharing it with you for information and drug education purposes only. Our local police department and our school administrators have no knowledge of the drug "Blue Star" being in our community, however, it could possibly be a threat in the future.

As a precaution, please discuss this article with your child. Prevention is much easier than cure.

### SOBER WARNING

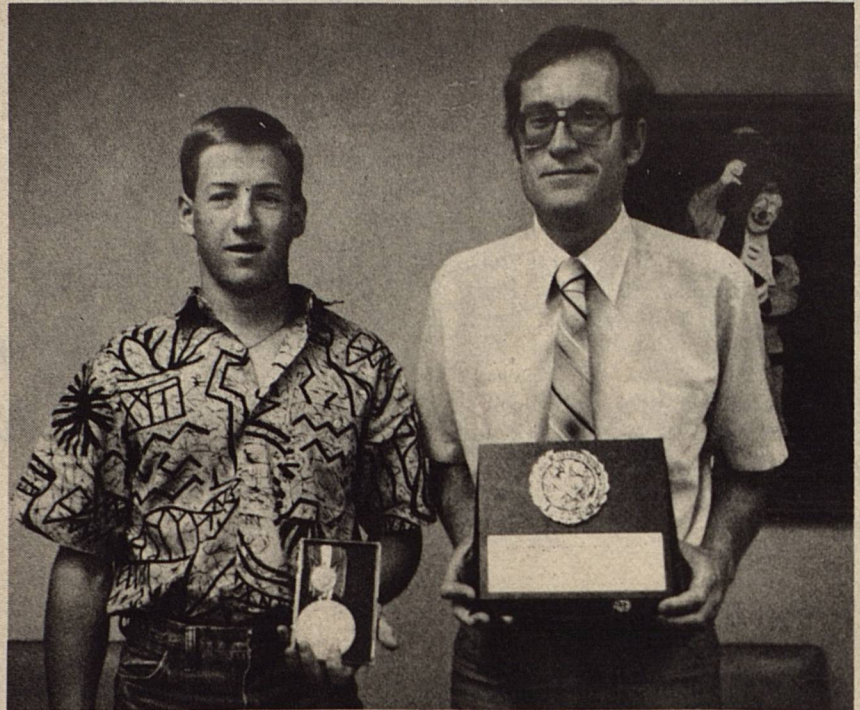

The police department has informed us that there is another danger in our community. It is called "Blue Star" and it is sold all over the United States. It is a white piece of paper with a little blue star soaked in LSD, a very dangerous drug. It is the size of a pencil eraser. You can pull it off the piece of paper and put it in your mouth. This drug can also penetrate the skin just by touching the paper. Some of the pieces of the LSD come on colored pieces of paper which are like postage stamps. Some appear with a picture of Mickey Mouse, others with pictures of Superman and other comic characters.

These stamps are packaged in a red box with a Mickey Mouse print and are wrapped in aluminum foil in a sealed box. The box contains five stamps and is a new method of getting young children hooked on drugs. If an innocent child were to use this drug, he would be in serious danger.

Please advise your children about this drug -- let other parents know as well.

Some adolescents give this drug to children for the purpose of testing the strength of the LSD and then keep them as customers. If you see someone sick because of this drug and know who is selling it, please call the police and give them the information.

The symptoms of this drug are vomiting, hallucinations, and change of body temperature. Please take care of your children and do not allow them to be in the street or in the stores alone without a responsible adult present. **IF YOU SHOULD SEE THESE PACKAGES — DO NOT TOUCH THEM.**

**ACHIEVES GOAL** -- Micah Stowe, junior at PHS, won the State calculator championship, a goal he set for himself two years ago. Coached by Larry Devitt, he won district and finished fifth at Regional in both his freshman and sophomore years. This year, he placed second back of teammate Chad Guetersloh at District and second back of another teammate, Shane McMinn at Regional. In the State competition, he won the first place medal with a score of 299. Teammates McMinn and Guetersloh finished third and fifth with scores of 281 and 272, respectively.

**STATE CHAMPION** -- Shane McMinn, junior, captured the State number sense championship this year. Not his first State competition, Shane placed fifth at state as a freshman and second last year as a sophomore. He had won first at District and Regional both years. This year, coached by Richie Cullins, he won District ahead of teammates Jesse Flores and Chad Guetersloh who placed second and third respectively. At Regional, he again won first with Guetersloh finishing second. McMinn scored 301 for the State title.
