Baptist Revival August 6-13

The revival at the Carbon Baptist Church begins Sunday, Aug. 6, and will continue through the 13. The evangelist this year for the summer revival will be Rev. Ira Harrison of Abilene. Rev. Harrison gives full time to Evangelistic work.

The pastor, Rev. Jim Turner, will lead the singing with Linda Jackson playing the piano.

Services will be held twice daily at 10 a. m. and 8 p. m.

Next week (the week preceding the revival meeting) a special series of prayer services will be held on Monday, Wednesday and Friday nights at the church at 8 p. m. the pastor announced.

Eastland CROP Program Is Peanuts

The farmers of Eastland County are cooperating with CROP (Christian Rural Overseas Program) to supply peanuts needed in various parts of the world for the hungry people there. This is a Community Food Appeal of Church World Service. For CROP works through Church World Service to send food wherever it is needed.

Here are some facts about CROP: The churches formed CROP in 1947 to accept staple food from farm people of America and send it to hungry people in war and famine areas of the world. The county CROP campaign is a community program under the leadership of the churches and farm organizations. Mr. Glenn Justice is the community chairman of the Carbon area and the local churches of this area will be asked to cooperate in the program with a CROP Sunday Sept. 17.

On this Sunday the churches will be asked to explain the program to its members. There will be a special offering taken at this time. This is a program of food and Eastland County will be giving peanuts.

This will be converted into peanut butter and shipped overseas to help relieve the needs around the world.

Weatherford To Have Big Rodeo Event July 26 - 29

WEATHERFORD — All roads may lead to Rome but there will be some detouring as rodeo fans from all over Texas converge on Weatherford for the 14th annual Parker County Frontier Days celebration, July 26-29.

The Parker County city will be the goal of trail drives from three directions as cowboys and cowgirls set their sights on participating in the giant western parade, July 26, that kicks off the World Championship rodeo that night.

Groups of riders from the south and west will meet in Weatherford for the 5 p. m. parade while a lone trail rider from Haskell will enter the city from the north.

Some 26 riding groups including the nationally famous Santa Rosa Roundup riders are joining three bands and area individual riders in the long parade that will snake its way through the downtown streets. The Santa Rosa visitors will also perform at the first rodeo performance at 8 p. m.

SOIL MOISTURE CONDITION IS GOOD AFTER RAINS IN COUNTY

BY SCS PERSONNEL

Every one knows it takes water to grow grass. Both the man of the house mowing the front lawn or the rancher following his herds are ever conscious of the need of grass for water. Our June rainfall was truly a blessing to both.

Moisture studies after our recent rains by local Soil Conservation Service workers show that in general we have enough moisture stored deep in the soil for good grass growth in the immediate future. Prior to our June rains grass growth was much below normal. Grass was suffering for moisture in many places even though we started our spring growing season with saturated soil.

At present sandy land and mixed land pastures are generally wet over six feet deep which represents about 8 to 10 inches of stored rainfall. Grass cover on this land is from around two thousand to in some cases over five thousand pounds of green grass per acre. Total green cover depends both upon previous stocking rates and the kind of grass present on the land.

On heavier shaley prairie rangeland (mesquite flats) soil is generally wet to around four feet with some moisture even deeper. This represents about 8 inches of stored moisture. Depending upon stocking rates this past winter and spring this land now has from fifteen hundred to twenty five hundred pounds of green grass per acre a major portion of which is Texas Winter grass. One unusually good site which had not been grazed this past spring and winter clipped six thousand five hundred pounds which probably represents close to the maximum production to be had from Texas Winter grass.

It takes skill to grow grass either on the front lawn or on the range. Most people know that only light sprinkling of the lawn is wasteful of water as only deep watering is effective in growing grass. The stockman can store rainwater deep in the soil only with a good grass cover. In this country this maintenance of sufficient range cover with fluctuating rainfall requires skillful range management. If cover is not maintained rainfall is lost in runoff and grass production declines to an unprofitable point.

At present our range grasses are growing vigorously. Side-oats grama and buffalo are seed-

ing in the country for the Sheriff's Posse rodeo that promises to be the best ever.

A big entry list of top-flight professional cowboys is expected to compete for prize money that will be awarded after the final performance Saturday night when champions are crowned.

The Parker County Livestock Show is held in conjunction with the rodeo. A quarter horse show is scheduled for Saturday,

ing and a few bluestem plants are beginning to boot. Goats are eating more grass and less brush each day as oak leaves become more mature. The stockmans management as we go into the summer session will do much to determine his future grass production.

In this area are many good fields of sudan and Johnson grass which have been planted to relieve the summer grazing pressure on native grassland. By switching livestock to these fields the skillful rancher will assure himself of a better grass crop next year. In addition he will have cured dry grass on the land for wintering his stock next winter.

Pleasant Hill Club Has Meeting July 21

The Pleasant Hill Home Demonstration Club met Friday afternoon, July 21, at 2 o'clock in the home of Mrs. Vergie Hale, the club president. She called the meeting to order.

The motto, pledge, and prayer were led by Mrs. Willie Hines, who also led the club in a singing. Mrs. Jessie Mangum brought the devotional from Rev. 21:1-7.

Roll-call was answered with "what my club might do to serve the community." Minutes and treasurer's report were read by secretary-treasurer Mrs. Jessie Mangum. Mrs. Hale conducted a brief business session.

Plans were completed for the County HD camp at the National Guard Armory on July 27.

The agent, Miss Beverly Reed, brought an interesting lesson on "Proper Selection of Furniture." Debbie Johnson, a 4-H girl presented an interesting essay on "Freedom of Today." This was an original composition written by Debbie, and was enjoyed by all, it was reported.

Bela Tucker conducted a recreation period. A refreshment plate was served to the following: Miss Reed, Mmes. Tucker, Hines, Schaefer, Livingston, Wragg, Mangum, Hageman; five visitors, Mmes. Bessie Tucker, Sarah Jo Tucker, Lee Tucker, Debbie Johnson and Vickie Cavanaugh of Houston, and the hostess, Mrs. Vergie Hale. August will be the Club's vacation month.

Henry Lovell underwent an appendectomy in the Gorman Hospital Wednesday afternoon and is reported resting satisfactorily.

Mrs. John Wilson had the misfortune of falling from the porch of her home Monday and suffering a painful back injury. She spent one night in the Gorman Hospital and is now at home where she is resting fairly well.

Vets Questions And Answers

Q — I am on active duty in the Army with a part time job when off duty. If I am disabled or killed on that job, am I or my dependents eligible for death compensation from the Veterans Administration?

A — Yes. If you should be killed accidentally, through no fault of your own, your dependents would be eligible for death compensation under the present law. If you should be disabled, you would become eligible for compensation after your separation from the service.

Q — President Kennedy recently asked the VA to pay 1961 GI insurance dividends as soon as possible. When will this be completed?

A — Payment of the 1961 dividend was completed by March 17, 1961, with the exception of some veterans not reached because of address changes, etc.

Q — I had active service from January 1, 1920, to March 12, 1922. I hold an honorable discharge. Can I consider myself a veteran?

A — Yes, you are a veteran by virtue of your military service. However, you are not a veteran of a "war period." World War I eligibility for benefits is considered as starting April 6, 1917, and ending on November 11, 1918, except for those veterans who served with the United States Military Forces in Russia, in which case the war period starts April 6, 1917, and ends April 1, 1920.

Q — I have found an error in my World War II service record. When can I get it corrected?

A — Submit proof that your record is incorrect to the service involved — Army, Navy, Air Force or Coast Guard — immediately. Generally, application must be made within 3 years after discovery of the error or before October 26, 1961, whichever is later.

County Is Ahead Of Goal In Sales Of Savings Bonds

"Total sales of U. S. Savings Bonds in the State of Texas are up 2.6% at the end of the first six months of 1961 over the same period of 1960. Sales in Eastland County totaled \$61,135.00 for the month of June, which represents 57.1% of the 1961 goal for the County," according to Guy Payton Parker, Chairman of Eastland County Savings Bonds Committee.

"H Bond sales alone for this period are 20.2% higher than for the same period of 1960. The H Bond is an excellent investment for persons wishing a regular income, and at the same time requiring safety and ease of redemption. This Bond bears 3-3/4% interest if held to maturity, and interest checks are mailed every six months to H Bond owners."

"Investment in both E and H Bonds is putting your money to work for YOU - and for your country," concluded Mr. Parker.

Q - Is there a simple way to determine whether a veteran or dependent is eligible to receive pension under the old or new pension laws?

A - Yes. The magic date is June 30, 1960. A veteran or dependent receiving and entitled to receive a pension from the VA on June 30, 1960, is eligible to receive pension under the old law but can elect under the new law. Those who became entitled after June 30, 1960, must come under the new law.
