Ranger College Girl Is Elected Eastland County Peanut Queen

A 17-year old Ranger College freshman is this year's Peanut Queen. She is Mary Kay Rush, daughter of Mr. and Mrs. G. B. Rush, of Ranger. She was crowned in ceremonies Thursday night in Eastland.

Mary Kay, a five foot, three inch blue-eyed blonde, won the coveted award in an outstanding field of seven entries. The other six girls, all named as runnersup, will be princesses in Queen Mary Kay's court.

The Peanut Queen and her princesses will reign over the first annual Peanut Bowl football game Saturday, Sept. 24, in Maverick Stadium, Eastland. They will all ride in the queen's parade, which will be held at 3 p.m. Saturday in Eastland.

The princesses are: Betty Young, 18, daughter of Mr. and Mrs. Clyde Young of Eastland and a 1960 graduate of Eastland High School; Mary Laird, 19, daughter of Mr. and Mrs. C. B. Laird of Cisco and a freshman at Cisco Junior College; Johnnie Harris, 17, daughter of Mr. and Mrs. W. W. Harris of Rising Star and a senior at Rising Star High School.

Linda Harrison, 15, daughter of Mr. and Mrs. Ed Harrison of Gorman and a sophomore at Gorman High School; Paula Norris, 14, a daughter of Mr. and Mrs. Paul Norris of Carbon and a freshman at Carbon High School; and Cindy

Fox, 17, daughter of Mr. and Mrs. H. E. Fox of Olden and a 1960 Olden High School graduate.

With the naming of the queen, preparations for the Peanut Bowl neared completion. Four bands will participate in a gigantic halftime show, and some seven bands are expected for the downtown parade. Bands to be featured at halftime are from Cisco, Gorman, Ranger and Eastland.

It was revealed this week that Gov. Price Daniel has issued a proclamation making Saturday official Peanut Bowl Day in the State of Texas.

Tickets for the game are on sale in all towns in the county. There are 1,000 reserved seats and some 700 had been sold Saturday. Reserved seats can be purchased in Cisco at Dean Drug, The Press, First National Bank, and the Chamber of Commerce.

Continued from first page
part in helping attract more business and industry to the area we serve. This area has enjoyed great growth because of the advantages it offers industry, advantages that include growing markets, favorable climate, rich natural resources, a variety of agricultural and industrial products and progressive-minded people. Our program is aimed at publicizing these advantages.

The program also includes printed material for use by the electric company, by the chamber of commerce and by other local groups working to attract new industry to this area.

"The Opportunity Frontier" already is getting wide publicity. The September issue of Texas Parade magazine carries a four-page story and pictures describing "The Opportunity Frontier" and the area development advertising program of TESC. It points out that "in the area of the frontier, total population has increased by 300 percent since 1940. Industrial employment is up by 285 percent."

Light FOR LIVING

LIGHTS THE WAY TO A MORE EFFICIENT KITCHEN

It's easier to read recipes . . . to make sure dishes are clean . . . to check details of food preparation . . . to find things in drawers and cabinets . . . when your kitchen lighting is properly planned. For proper lighting, most kitchens need a good ceiling fixture with a 150-watt bulb for general room illumination . . . plus "local" lighting over sink, range and work counters to eliminate working in one's own shadow. A Texas Electric Service Company lighting specialist will be glad to answer your questions and give you suggestions for better lighting in your home.
