### Vets Questions And Answers

Q — When I come out of service next month I will be eligible as a Korea veteran for a GI home loan. Will I lose this eligibility if sign up for re-enlistment?

A — No. You would not lose eligibility for a GI loan by re-enlisting. However, you would be bound by the February 1, 1965, deadline for such a loan, like any Korea veteran.

Q — If I should add the total disability income rider to my World War II GI insurance policy, and become disabled, would the amount my beneficiaries would receive from the policy in case of my death be reduced in any way?

A — No. Disability payments

made under the rider in no way decrease payments to beneficiaries of your GI insurance policy.

Q — I am applying to VA for compensation for a disability I believe is service-connected. My service was during peacetime. If VA grants me compensation, will it be the same rate as a veteran who served during the war?

A — No. Unless your disability was incurred under extra-hazardous conditions, such as simulated warfare, your compensation if allowed would be 80-percent of the wartime rate.

AUSTIN — Hunters seem to be well pleased at the bonus dove shooting they will get during the 1960 season, according to the executive secretary of the Game and Fish Commission.

The North Zone season this year will start at 12 noon, Sept. 1, and close at sunset October 30. The South Zone will open October 7 and close December 5, except in the counties where white-winged dove shooting will be permitted three days earlier.

Whitewing shooters, who may also kill mourning doves at the same time, will be permitted to have 10 whitewings and 5 mourners for the first day of hunting. They may have 20 mourning doves and 10 whitewings in possession after the second day.

Generally, the Texas quail season will begin December 1, under the general laws. The Commission will set the quail season in regulatory authority counties at its meeting October 7. At that time, biologists will know more about the supply of birds.

Another drastic change in the hunting laws will be legalizing spike bucks in counties under regulatory authority.
