History Of The 1938 Study Club

Continued from last week '38 joined the County, District, and State Federation of clubs and obtained a state charter.

The club must have a central project by which others could profit and measure the progress of the club—a library—of course, what could be a more fitting undertaking for a study club? The club sponsored a book shower by holding a seated tea at the Methodist Church in November and inviting all Eastland County club women as special guests. They brought about 65 books which formed the nucleus for a library which grew into 400 volumes.

The club felt honored to be the first in the state to present the new state president, Mrs. J. M. Perkins, and the district president, Mrs. M. H. Hagaman. The local president welcomed the guests, Mrs. Ira Ford played special music, Mrs. H. D. Thomson reviewed Howard Spring's My Son My Son, Mmes. Perkins and Hagaman addressed the club. Both dignitaries were made honorary members of the club to which they made gracious responses and were high in their praise of the new club's first "Open House."

At intervals '39 was invited to various clubs in Eastland County. Each visit added an incentive to harder work. Club delegates went to conventions in Abilene, Brownwood, San Angelo, Austin and Dallas where they renewed their resolve to learn more.

To make club work more complete, open house and programs were given and guests invited to share the occasions. "Husbands Night" was instituted and carried out effectively when Dr and Mrs. T. G. Jackson gave the first party on St. Patrick's night in March '39.

The club went to Mineral Wells for their first "Play day" in May, '39 where they had lunch at the Crazy Water Hotel and went to the broadcasting station where the president appeared in a radio skit with two black face comics, "Sugar Cane and February." Later they went shopping and to City Park where the retiring president installed the newly elected officers: Mrs. H. Hall, pres.; Mrs. D. L. Adair, vice pres.; Mrs. T. G. Jackson, Jr., sec.; Mrs. W. J. Greer, treas. On their return

SVGPA Barbecue Is Big Success

The third semi annual barbecue, sponsored by the Sabanna Valley Game Preserve Association at the Center Point community house Tuesday night, was pronounced a huge success by all who attended which was around 200 people from all parts of the county. The huge line of guests started forming at 6 p. m. to serve themselves from a heavily laden table of barbecued beef or goat, pinto beans, salads, pickles, onion, and any kind of cake or pie one could wish for. Also plenty of coffee and soft drinks.

All who attended were high in their praise of the well cooked and deliciously flavored barbecue, which was under the supervision of W. E. (Slick) Walker, and the efficient way in which the meal was served.

Following the barbecue a large group gathered in the building where they enjoyed a musical program presented by Bryant Houston of Eastland and his musicians. Mr. Edwin Cooper, wild life specialist from A&M College, made a talk on the preservation of wild life. Films and mounted specimens of wild life were shown, and talks made by various other speakers.

County Agent J. M. Cooper was in charge of arrangements of the program which proved very interesting to all who attended.

Mrs. W. H. Whorton is visiting relatives in Odessa this week.

home they went to Lovens Retreat and made snap shots. All declared it a wonderful play day.

The next year they visited the Botanical Gardens of Fort Worth and Mrs. Hall installed the new officers: Mrs. T. G. Jackson, Sr. pres.; Mrs. Hines, vice pres.; Mrs. Poe, sec.; Mrs. Adair, treas.

The next year they went to the Gardens of America Flower Show in Dallas where they were very impressed with the gorgeous floral displays of America and other nations.

They went out of town on many occasions for luncheons, picnics, and the husbands sharing in many of them.

Curried Rice and Tuna Make a Tasty and Thrifty Filling for Luscious Tomatoes

Rice brings together the deep sea goodness of tuna fish and the Oriental excitement of curry in this versatile main dish. The curry powder contributes exotic flavor and intriguing color enhanced by the bits of green pepper and the brilliant red of the tomatoes.

Served piping hot from the oven or cold and refreshing on a bed of greens, this "something special" for the family is also something quick and easy for Mom to fix.

INGREDIENTS:
 3 medium sized ripe tomatoes
 4 tablespoons minced onion
 3 tablespoons minced green pepper
 4 tablespoons butter or margarine
 1 7-ounce can tuna fish
 2 cups cooked rice
 1 teaspoon curry powder
 1/4 teaspoon salt
 1/2 teaspoon pepper
 1/2 cup water

PREPARING THE FLUFFY WHITE RICE: To make 3 liberal cups of fluffy rice, put 1 cup of uncooked rice, 2 cups of cold water and 1 teaspoon of salt into a 2 quart saucepan and bring to a vigorous boil. Turn the heat as low as possible. Cover saucepan with a lid and leave over this

low heat for 14 minutes. Do not remove lid nor stir rice while it is cooking. Turn off the heat. Use exact measurements of uncooked rice and water. Time the cooking accurately. For real convenience and economy of time and effort, keep unused rice in the refrigerator in a covered container at all times. Use it for many quick, delicious and inexpensive soups, salads, casserole dishes, hot breads and desserts.

METHOD: Peel tomatoes easily by scalding, plunging into cold water and then peeling. Slice off stem end of tomatoes. Carefully scoop out pulp. Cook onion and green pepper in the butter or margarine until tender. Add the tuna fish, rice, curry powder, salt, pepper and water. Mix thoroughly. Fill the tomatoes with the tuna and rice mixture and bake at 350° F. about 15 minutes or until the tomatoes are tender. Serve hot. Garnish with green pepper rings if desired.

For a cool and refreshing salad, chill the tomatoes after they are stuffed and serve on salad greens. This recipe makes 8 servings or 3 cups of the curried tuna and rice mixture.

Information On Soil Bank Money Released By SS

Many farm operators have been sending inquiries to the Social Security Administration in Abilene during the past few months, checking on whether soil bank payments count for social security purposes, it was reported by the Abilene office. To supply the farm operators with the necessary information, R. R. Tuley, Jr., District Manager of the Abilene office, has released the following paragraphs:

"All types of soil bank payments are considered as income for social security purposes except part of the conservation reserve reimbursement payments. These are payments made by the Federal Government to pay part of the cost of carrying out the conservation practices and making improvements on the conservation reserve. Even these payments are includable if the expenditures are deductible as business expenses for income tax purposes.

"A farm owner who receives rental income, but he takes no part in the actual operation of the farm, cannot count either the soil bank payments or other rental income for social security purposes. Farm and ranch operators past the age of 65 should make every effort to contact a representative of the Social Security Administration before January 1, 1957, as there are some instances where the filing of a claim before that date can result in a higher benefit amount.

"The amount of any monthly benefits under the old-age and survivors insurance provisions of the Social Security Act is based on the insured individuals average monthly earnings. The minimum monthly payments to the insured individual is \$30 and the maximum is \$108.50 per month."
