## FARMERS OBTAIN \$384,830 IN FHA LOANS DURING PAST YEAR

Farmers in Eastland County obtained loans totaling \$384,830.00 through the Farmers Home Administration during the year ending June 30, Homer P. Cole the agency's County Supervisor, said this week.

Repayments on loans outstanding during the year totaled \$298,996.54.

The agency has advanced credit to buy feed, seed, fertilizer, equipment, livestock, and other farm operating items needed to place farms on an efficient operating basis, and to buy and improve family-type farms. It also advanced funds for soil and water conservation purposes.

The local Farmers Home Administration committee must approve each loan applicant's eligibility and certifies the value of farms to be purchased or improved if those actions are involved. It also makes recommendations on loan approvals and servicing actions.

Applicants are approved as eligible only if other lenders cannot adequately supply their credit needs and only if prospects are

favorable for their being able to improve their farming and repay their loans.

Families are expected to re-finance their loans with other lenders as soon as they are in a position to do so.

Mrs. Ray Welch of Ranger visited her parents, B. W. Knight, and other relatives here Saturday.
