Miss Byrd Wed To Mr. Garrett In Eastland Ceremony

Miss Clista Sue Byrd, daughter of Mr. and Mrs. M. H. Byrd of Carbon, became the bride of Kenneth Glenn Garrett, son of Mr. and Mrs. A. K. Garrett of Eastland, in a ceremony performed in the First Baptist Church of Eastland last Friday at 7 p. m.

Relatives and friends of the Byrd and Garrett families were in attendance.

Mrs. Garrett was graduated from Carbon High School in the spring of 1955 and is now employed at Victor Cornelius Theatrical Advertising in Eastland.

Mr. Garrett was graduated from Eastland High School in 1950, spent three years in the Air Corps which included 13 months in Korea, and received his discharge in September, 1954. He is now attending Ranger Junior College where he is a sophomore. The couple is residing in Eastland.

22 points was high scorer and Donna McAfee was next with 12 points.

The boys were defeated by Lingleville with Lingleville leading throughout the game. They have one of the fastest teams our boys have played this season.

The J. E. Spencer farm, some 10 miles southeast of Cisco, will be the site of the annual Eastland County Orchard Field Day to be observed Thursday, Feb. 23, as announced by J. M. Cooper, county agricultural agent. The meeting, held annually for the past ten years, will interest the number of growers of the county.

At least five noted orchard men of Texas from over the state have been invited to speak on topics considered profitable to growers.

Peaches, plums, pears, apples and grapes are the chief orchard crop of the county. Although growing conditions are not conducive to the growing of apples because of the heat, one large orchard has 140 acres of trees and another has 40 acres. Peaches do well in this vicinity, and trees 20 years old are still in production. Some of the dead peach trees are being replaced to enlarge the existing production. This information about county orchard crops was released by Mr. Cooper.

"Everybody who is interested in orchards and attends the Field Day will come away with some valuable pointers," said Mr. Cooper.

SHERIFF'S POSSE PLANNING TO HOLD PARADE FOR STOCK SHOW

The Eastland County Sheriff's Posse hopes to assemble the most extensive and elaborate parade line-up possible for the Eastland County Livestock Show this spring, according to Bill Hoffman, posse captain. This year's exhibit of county show stock is scheduled for March 28 and 29.

Schools and business concerns in Cisco, Ranger, Eastland, Rising Star and Gorman will be contacted by posse committees, inviting them to have a part in the parade with floats and school bands, as well as other entries. Prizes will be awarded to the best band and to the best float in each division. In order to give the winning bands help in their year's program, prizes of \$25, \$15, and \$10 will be given.

The outstanding float or display in the parade will receive the posse trophy valued at \$125.00. Anderson's Dress Shop was last

year's winner of the trophy, and should they win again this year they will gain permanent possession of the award.

Members of the posse will ride in full uniform in this year's parade event, as the new leather chaps have been received. Secretary H. P. MacNoy announced at a meeting Monday night that O. J. Brown of Cisco, T. D. Smallwood of Cisco, I. N. Poyner of Gorman and Lester Strawn of Gorman were new members of the posse would bring the membership strength almost to the limit of 75 as stipulated in the by-laws of the organization.

Having trouble with your meal planning?

Then I suggest you come by our office for a copy of the Texas Food Standard. This is a guide for planning your daily meals. The variety of foods included in the guide supplies needed nutrients, and insures color and texture interest when properly used.

Something I have found especially helpful is to make a chart listing the food groups needed each day, according to the Texas Food Standard across the top. Under each food group, list all the different varieties of that food. At the bottom of the chart you might list different preparation methods for each food group. I keep a chart such as this on the inside of my cabinet door, along with a copy of the Texas Food Standard. Getting variety and the proper foods into the family's diet is no problem with these helps.

Most of us find that the days are not half long enough to accomplish what we need to, so we need to save all the time we can.

A time saving recipe that I think is quite good is "A Meal In A Skillet." It is:

1 pound hamburger
 1 cup soft bread crumbs
 1 teaspoon salt
 1/2 teaspoon pepper
 1 cup whole kernal corn, drained
 1 cup sliced onions
 3/4 teaspoon salt
 2 cups cooked or canned tomato.
 Combine hamburger, bread crumbs, and seasonings. Fry in heavy skillet, stirring frequently until well browned. Cover hamburger with corn and onions. Sprinkle 3/4 teaspoon salt over onions. Next add tomatoes. Do not stir mixture, but leave vegetables in layers over meat. Cover and simmer 20 minutes or until vegetables are tender. Serve from the skillet.

A crisp tossed salad, bread, beverage, and maybe a dessert would make this meal complete. Try it. You'll be delighted with the results.
