Rain, Snow Hits This Territory

This area received approximately two inches of moisture last week when a slow rain started falling around noon Tuesday and turned to ice almost as soon as it hit the ground. It started snowing about daybreak Wednesday and continued until shortly after noon.

Due to icy roads, school was closed for the remainder of the week.

Although considerable damage was done to telephone lines and trees by the heavy ice throughout this area, the moisture in the ground will prove very beneficial to farmers and residents in general.

Garrett Speaks At County P-TA Council Meeting

H. R. (Pop) Garrett, county superintendent of schools, spoke to the Eastland County Council of Parents and Teachers at Fellowship Hall in the First Baptist Church at Rising Star at 9:30 a. m. Friday, Jan. 13.

Mr. Garrett explained how smaller schools of the county managed to teach courses that they could not otherwise offer by sharing teachers. For example, Scranton and Desdemona share an agriculture teacher who is at one school in the mornings and at the other in the afternoons.

These communities use this plan in order to maintain their educational standards, Mr. Garrett said. He noted that any community which loses its school ceases to exist. He pointed out that many leading educators are now in favor of keeping as many of the small schools as possible because of the large percentage of leading citizens they turn out.

Mr. Garrett told the group that in order to have better schools to attract more people to the teaching profession everyone should become more interested. He suggested payment of poll taxes "so we can be ready to vote for better teacher retirement laws."

Mr. Garrett also invited all interested persons to attend an open house of the teachers of Eastland County to be held in February. Announcements concerning the open house will be made later.

Vocation Funds Are Released To 5 County Schools

A fund amounting to \$18,985.54 that was left when the Eastland County School was closed was among five schools that had cooperated in the program, County Superintendent H. R. (Pop) Garrett reported Saturday.

The cooperating schools — Gorman, Ranger, Rising Star, Carbon and Cisco — received \$3,757 each for use in any way they see fit, Mr. Garrett said. The superintendent and the county board had been working on this matter since the vocation school closed and the state held the fund.

Mr. Garrett made several trips to Austin and elsewhere in connection with the matter. The funds were released by the state after a board meeting last Wednesday. Members of the board include Dr. Kurkendall of Ranger, I. Z. Inzer of Eastland, Mrs. J. R. Burnett of Cisco, Mr. Kirk of Gorman and Pete Roach of Rising Star.

Curried Rice and Tuna Make a Tasty and Thrifty Filling for Luscious Tomatoes

Rice brings together the deep sea goodness of tuna fish and the Oriental excitement of curry in this versatile main dish. The curry powder contributes exotic flavor and intriguing color enhanced by the bits of green pepper and the brilliant red of the tomatoes.

Served piping hot from the oven or cold and refreshing on a bed of greens, this "something special" for the family is also something quick and easy for Mom to fix.

INGREDIENTS:

- 8 medium sized ripe tomatoes
- 4 tablespoons minced onion
- 2 tablespoons minced green pepper
- 4 tablespoons butter or margarine

- 1 7-ounce can tuna fish
- 2 cups cooked rice
- 1 teaspoon curry powder
- 1/4 teaspoon salt
- 1/4 teaspoon pepper
- 1/4 cup water

PREPARING THE FLUFFY WHITE RICE: To make 3 liberal cups of fluffy rice, put 1 cup of uncooked rice, 2 cups of cold water and 1 teaspoon of salt into a 2 quart saucepan and bring to a vigorous boil. Turn the heat as low as possible. Cover saucepan with a lid and leave over this

low heat for 14 minutes. Do not remove lid nor stir rice while it is cooking. Turn off the heat. Use exact measurements of uncooked rice and water. Time the cooking accurately.

For real convenience and economy of time and effort, keep unused rice in the refrigerator in a covered container at all times. Use it for many quick, delicious and inexpensive soups, salads, casserole dishes, hot breads and desserts.

METHOD: Peel tomatoes easily by scalding, plunging into cold water and then peeling. Slice off stem end of tomatoes. Carefully scoop out pulp. Cook onion and green pepper in the butter or margarine until tender. Add the tuna fish, rice, curry powder, salt, pepper and water. Mix thoroughly. Fill the tomatoes with the tuna and rice mixture and bake at 350° F. about 15 minutes or until the tomatoes are tender. Serve hot. Garnish with green pepper rings if desired.

For a cool and refreshing salad, chill the tomatoes after they are stuffed and serve on salad greens. This recipe makes 8 servings or 3 cups of the curried tuna and rice mixture.

**Nearly Everybody
Should File Tax
Return On Income**

Nearly every citizen or resident of the U. S. A. who had an income during 1955 should file a tax return, according to Howard O. Nichols of the Internal Revenue Service office at Abilene.

He explained that if you are less than 65 years of age and had a gross income of \$600 or more, you must file a tax return. Those

65 and over, however, must file a return when their gross income is \$1200 or more.

"Self-employed persons with net earnings of \$400 or more must also file an annual return," Mr. Nichols said.

"A person with income less than \$600 — or \$1200 for those 65 or over — should file a return to get a refund of the tax that was withheld each payday," he added.

"Every taxpayer should read the 1955 tax instruction pamphlet so he will not pay more or less tax than he owes," he urged.

Rising Star Area Peanut Farmers Invited To Meet

Peanut farmers of the Rising Star area are being invited to a meeting on the use of herbicides on that crop at the Agricultural Building there on Thursday afternoon, Jan. 26, at 2:30 o'clock, according to County Agent J. M. Cooper and Vocational Agriculture teacher H. L. Geyer of that community.

Experiments for the control of weeds and grass in peanuts by the use of herbicides or chemicals were begun in Georgia only a few years ago and have met with startling success, it was said. Robert E. Wheatley, Tifton, Georgia, who did some of the earliest experimental work with the chemicals, will attend the meeting and be the principal

speaker, explaining the use of the material. He will fly to Texas for the Rising Star meeting and for meetings in Lee Waller, Parker and Comanche Counties.

Also on the program will be E. L. Thomas, Houston, whose firm handles the material.

The material is applied as a liquid on a 12 inch band across the drill at planting time. It prevents the weeds and grass seeds from germinating and is said to eliminate the necessity of the first few cultivations. It has already been used on a few farms in the Gorman area.

Refreshments of doughnuts and coffee will be served to those attending according to Cooper and Geyer.

4-H Council Has Annual Election

The Eastland County 4-H Council met Thursday night in Eastland at the County Court House. Officers were elected as follows: Kenneth Taylor of Carbon, chairman; Rose Mary Berry of Cisco, co-chairman; and Mary Lois White of Rising Star, secretary-treasurer. Don Jobe, past chairman, presided at the meeting.

The Council works to promote and encourage 4-H Club work in the county. Most of the 4-H activities in the county are planned by the Council.

Council membership is composed of each club's president and council delegate. LaFaye Mason, assistant home demonstration agent, and R. S. Higgins, Jr., assistant county agricultural agent, act as advisors to the council.

Mrs. Mitzie Hart, County Home Demonstration Agent, was present at the meeting and also several 4-H and adult visitors.

FHA Office Will Take Applications For Benefit Feed

The Farmers Home Administration offices in Eastland is now accepting applications from farmers and ranchers of the county for assistance in the Emergency Feed Program. This county was one of 39 Texas counties designated as drought disaster areas early in the week.

In West Central Texas, 14 counties were included on the new disaster drought aid list, including Eastland, Brown, Callahan, Shackelford, Stephens, Throckmorton, Palo Pinto, Comanche and others. A total of 170 counties in 10 states are on the list.

Under provision of the emergency feed grain program, eligible farmers and ranchers in designated areas may obtain certain feed grains at a price reduction of \$1 per hundred pounds. The program was designed to help stockmen maintain basic livestock herds.
