Persons Past 65 Should Check On Benefits Change

Persons past age 65 who have sufficient coverage to be eligible for old-age insurance benefits, but have not filed application for benefits because they are still working, were reminded today by R. H. Tuley, manager of the social security office at Abilene, that their earnings in 1955 are sufficiently low they may receive full or partial benefits for the year.

"We are inclined to believe," Tuley said, "that many people are suffering from a misunderstanding or confusion as to the new retirement test in the law."

In brief, an individual who was past 65 years of age the entire year of 1955, and who has had sufficient covered employment or self-employment to be eligible for benefits for the entire year 1955 if his total earnings for the year do not exceed \$1,200. He can receive partial benefits if his total earnings do not exceed \$2,080, even though he works throughout the entire year.

In the case of a self-employed person, the net profit from the trade or business is what is considered "earnings."

Persons who do not earn over \$2,080 in 1955, and who meet the other conditions for eligibility may secure further information and assistance in filing application for benefits, by contacting the Social Security Administration at Abilene, Texas.

Application was made to the state drought committee at College Station. If approved there, it will be forwarded to the secretary of agriculture for acceptance or rejection.

Eastland County has been accepted in this program two or three times in the past.

The state drought committee has not been in session during the holidays but will meet early in January, according to word received by Emmett Powell of the ASC.

It is possible that the committee will have some sessions during the next two or three weeks, he said.

If it is accepted, the secretary of agriculture gives approval, such a grant will mean that ranchers can buy feed at slightly reduced prices, the government sharing in the cost for feed for basic herds. This arrangement, however, does not apply to "feeders." The purpose is to enable ranchers to keep their foundation herds.

Signatures to the request in addition to those of the ASC committee and the county agent included Homer Cole of the FFA and E. E. McAllister of the Soil Conservation Service.

The letter to the committee pointed out that drought conditions continue, with only 5.1 inches of rain fall in the last six months; that the feed crop last year was poor and that much of the small grain for winter grazing is dead.

The application pointed out that it would be necessary for ranchers to buy more feed than otherwise would have been the case if the drought continues.

Teachers Sought For Overseas School Program

The Air Force Overseas Recruitment Representative, W. B. Brooks, located at the U.S. Civil Service Board of Examiners, Sixth Floor, Federal Building, San Antonio, Texas, is accepting applications from qualified school teachers who desire employment for the 1956-57 terms. Applications should be filed prior to 20 January 1956.

The purpose of these schools is to provide stateside public school educational opportunities, grades one through twelve, to dependents of military and civilian personnel.

Curried Rice and Tuna Make a Tasty and Thrifty Filling for Luscious Tomatoes

Rice brings together the deep sea goodness of tuna fish and the Oriental excitement of curry in this versatile main dish. The curry powder contributes exotic flavor and intriguing color enhanced by the bits of green pepper and the brilliant red of the tomatoes.

Served piping hot from the oven or cold and refreshing on a bed of greens, this "something special" for the family is also something quick and easy for Mom to fix.

INGREDIENTS:
8 medium sized ripe tomatoes
4 tablespoons minced onion
2 tablespoons minced green pepper
4 tablespoons butter or margarine
1, 7-ounce can tuna fish
2 cups cooked rice
1 teaspoon curry powder
1/4 teaspoon salt
1/4 teaspoon pepper
1/2 cup water

PREPARING THE FLUFFY WHITE RICE: To make 3 liberal cups of fluffy rice, put 1 cup of uncooked rice, 2 cups of cold water and 1 teaspoon of salt into a 2 quart saucepan and bring to a vigorous boil. Turn the heat as low as possible. Cover saucepan with a lid and leave over this

low heat for 14 minutes. Do not remove lid nor stir rice while it is cooking. Turn off the heat. Use exact measurements of uncooked rice and water. Time the cooking accurately.

For real convenience and economy of time and effort, keep uncooked rice in the refrigerator in a covered container at all times. Use it for many quick, delicious and inexpensive soups, salads, casserole dishes, hot breads and desserts.

METHOD: Peel tomatoes easily by scalding, plunging into cold water and then peeling. Slice off stem end of tomatoes. Carefully scoop out pulp. Cook onion and green pepper in the butter or margarine until tender. Add the tuna fish, rice, curry powder, salt, pepper and water. Mix thoroughly. Fill the tomatoes with the tuna and rice mixture and bake at 350° F. about 15 minutes or until the tomatoes are tender. Serve hot garnish with green pepper, rice if desired.

For a cool and refreshing salad, chill the tomatoes after they are stuffed and serve on salad greens. This recipe makes 8 servings or 3 cups of the curried tuna and rice mixture.

Jan. 16 is Deadline To Pay Estimated Tax

Taxpayers making quarterly installments on individual estimated income tax should mark January 16 in their date book.

This, according to Howard O. Nichols of the Abilene office of the Revenue Service, is the deadline for paying the final installment on 1955 estimated tax. January 16 is also the last day to amend a declaration of estimated tax to avoid possible penalties for understatement.

Mary McMeekin's Savory Rice and Sardine Loaf
Combines Deep Sea Goodness and Satisfying Rice

MARVELOUS flavor, delightful appearance, and very few ingredients to assemble make this rice loaf the perfect main dish. The garnish of egg slices and delicate sardines dress it to hold the spotlight until eaters experience the exciting taste treats of this especially good main dish. The cheese sauce lifts this inexpensive, "prize in eating" to an all time high for flavorful eating.

INGREDIENTS:
3 cups cooked rice
1/2 cup milk
1/2 cup grated American cheese
2 1/2 ounce cans sardines, packed in mustard sauce
3 hard cooked eggs, sliced (for garnish)

INGREDIENTS FOR CHEESE SAUCE:
4 tablespoons butter or margarine
4 tablespoons flour
1 teaspoon salt
1/4 teaspoon pepper
3 cups milk
1/2 cup grated cheese

PREPARING THE FLUFFY WHITE RICE: To make 3 liberal cups of fluffy rice; put 1 cup uncooked rice, 2 cups of cold water and 1 teaspoon of salt in a two-quart saucepan and cover with a tight-fitting lid. Bring to a vigorous boil and then turn the heat as low as possible—leave over this low heat for 14 minutes. Turn off the heat. This cooking time results in firm grains of cooked rice. For extra-tender grains, allow the rice to steam—with the heat off—for an additional 5 minutes before removing the lid. Never remove lid or stir rice while it is cooking. After rice is cooked, remove lid, lift gently with fork to allow rice to steam dry to the desired consistency.

It is then ready—perfectly cooked—with all the grains separate and fluffy.

This method allows all the water to be absorbed and the full nutritional value of the rice to be retained.

METHOD: Thoroughly grease a 9 1/2" x 5 1/2" x 3 1/2" oven-proof loaf pan with a thick coating of melted butter or margarine. Mix the rice, milk and cheese. Place 1/2 of this rice mixture in the bottom of the pan and firmly press with a spoon. Lay 1/2 of the sardines on top of the rice layer. Add 1/2 of the rice mixture. Top with the second 1/2 of the sardines. Press the last of the rice over the sardines. Reserve the last 1/2 of the sardines to garnish the loaf.

Place the loaf pan in a 350° F. oven and bake 20 minutes. To unmold, run a knife around the edge of the pan to loosen the loaf. Place a platter over the pan. Invert the platter and pan together. Gently lift loaf pan up from the platter.

Serve with the cheese sauce which may be placed in an individual serving dish or may be served over the loaf. Garnish by arranging egg slices and the last 1/2 of the sardines over the top of the loaf and on the platter around the loaf. This recipe makes 1 serving.

METHOD FOR MAKING CHEESE SAUCE:

Over a low heat, melt butter, stir in flour and blend thoroughly. Allow to cook 4 or 5 minutes, stirring constantly to prevent browning. Add salt and pepper. Gradually add milk. Continue stirring and cook until mixture thickens. Add cheese and continue stirring until cheese has melted.

Eastland County Peanut Yield for 1935

Peanuts marketed in Eastland County this season totaled 17,874,893, according to figures released by the Gorman Peanut Company and the Federal State Inspection Service there.
 This total more than doubles the production figures of 1934. Gorman leads all towns in the county with 7,190,951 pounds, followed by Rising Star, 4,293,935, then Ranger with 3,200,310, then Cisco with 2,297,987, then Carbon with 887,430, and Eastland was 4,280.
 The above totals compare with 24,030,464 marketed in Comanche County.
 The totals for the state of Texas are 201,182,182 pounds and of this total the Inspection Service shows that over 34,000,000 pounds were purchased from the farmers by the Southwestern Peanut Growers Association.
 For the third successive year the Gorman Peanut Company purchased more peanuts than any other one shelling plant in the Southwest.
 Oklahoma produced approximately 150,000,000 pounds and of this total Caddo County alone produced 50,000,000 pounds.
