SATURDAY, JUNE 7, 1919.

NUMBER 46.

MANY OTHERS INJURED IN PENNSYLVANIA DISASTER

Wilkesbarre, Pa., June 5.—Seventy-eight men lost their lives in the Baltimore No. 2 tunnel of the Delaware and Hudson Coal company explosion and fire today and 31 were injured, according to a list given out by the company officials at noon today.

Forty-one bodies have been identified and 37 remain unidentified. The company's injured list is not complete and it is certain that the number of injured will reach about 40.

A car of black powder attached to a trip of cars on which the men were riding to their chambers in the mine exploded.

The trolley wire broke and sparks ignited the powder.

Most of the deaths were caused by fire and suffocation.

Identification of the bodies was almost impossible. Many of them were charred beyond recognition.

Terrible Scene

Hundreds of women, men and children gathered about the tunnel. Shrieking and crying, they lifted the blankets from the men brought from the mine, seeking to identify them. Women fainted; men lost their nerve and children ran away in fright.

It has been established that the explosion was caused by a break in the trolley wire. This wire gained contact with the powder and sparks did the rest.

The death list was made large by the flames and the sulphur fumes which filled the tunnel.

Rescuers got into the mine with hose and played streams of water on the flames. While they were doing this the cries of the dying and the injured were heard above the roar of the flames.

Bodies on Fire

Some of the first bodies brought from the tunnel were burning when they reached the surface. Clothes had been burned away and the flesh was roasting from the intense heat. Water was poured on these to put out the fire. It was such sights as this that made brave hearts turn sick.

Thomas Dougherty, a miner, one of the survivors, was thrown out of a car by the blast and saved himself by jumping into a ditch. He said:

"We were riding along about 50 feet in the tunnel. There was a blinding flash. I was thrown from the car. I saw the water and I hurled myself into it. Bodies were all about. Some I know were dead, others

were crying. The flames were terrific. They were all about. We were in a veritable hell. No man could possibly hope to escape with his life, unless he got in the water, buried his face and rolled over and over as I did. There was powder in the car. There were about ten kegs and besides there were kegs carried by the men. Of course I do not know what set them off, but I believe the trolley wire broke and that sparks ignited the powder."

It seems like the irony of fate that over the mouth of the tunnel in great big white letters are painted the words "Safety First."

ACTION GIVING PRIVATE OWNERS CONTROL ONCE MORE EFFECTIVE IMMEDIATELY

Washington, 4.20 p. m., June 5. Postmaster General Burleson this afternoon issued an order returning the telephone and telegraph systems of the country to private ownership. The action, which has been demanded by the nation for months past, came as a surprise because of its suddenness. The order returning the wire systems to private ownership is effective immediately.

had been drugged by Carmen Gevars in her home near Yuma, Jose Hernandez, charged with assault with intent to commit murder, said he sought revenge when he struck the woman with a flat-iron. He was held by Judge De Souza under \$1500 bond, for his appearance in the superior court.

Omaha, June 5.—An airplane which stopped here last night on its way from Chicago to Denver was wrecked shortly before noon today when it struck an automobile while attempting a landing. Captain Mueller of the plane was shaken up, but not hurt. His companion, Harold Johnson of Denver was not hurt.

PASS AGRICULTURAL BILL

Washington, June 4.—The \$31,500,000 agricultural appropriation bill was passed today by the house with only one dissenting vote and sent to the senate. A proposal to direct the house committee to increase the \$1,500,000 appropriation for farm demonstration work by \$1,000,000 was defeated.

GENERAL OBREGON, CANDIDATE FOR PRESIDENT, ISSUES MANIFESTO

El Paso, June 5.—La Patria, leading Mexican newspaper published here, issued an extra this morning saying that Chihuahua City was taken by Generals Villa and Angeles, after only two hours of fighting last Sunday. The information is said to have come by wire from Laredo from refugees who fled from Chihuahua City. It is said Villa executed eight men on taking possession of the city.

General Obregon, candidate for president returned last night to his home in Nogales, Sonora, after a conference with his political advisers at Hermosillo. His manifesto, which is being published today in newspapers throughout Mexico announces his international policy as follows:

"Inviolability of our sovereignty as an autonomous nation.

"Absolute respect for the sovereignty and institutions of all nations of the world.

"Full recognition of all foreigners, legitimately acquired rights in our country, in complete accord with our laws.

"To offer all sorts of facilities and encouragement to capital that may seek investment in our country, in the development and improvement of our national resources, always bearing in mind the most practical and equitable way of effecting an harmonious conciliation of the advantages to be derived by capital, labor and the national revenue.

"To see that all foreigners in Mexico may, in the most ample form, enjoy all the guarantees and protection which our laws afford them.

"An open and sincere policy toward strengthening and bringing our international relations closer together, subject to the views outlined."

PROPOSED CONSTITUTIONAL AMENDMENT GOES TO STATES FOR RATIFICATION

Washington, 4:05 p. m., June 4.—The senate today adopted the house woman suffrage bill and the proposed constitutional amendment, giving women equal suffrage with men in affairs of government, now goes to the states for ratification.

The house passed the bill on May 21, after a brief debate. Woman's part in the war won for her recognition which has not been given her in the past. The rapid passing of the measure by the house and senate, both controlled by representatives of the republican party, brings cheer to the republican leaders.

SITUATION IS SERIOUS IN EUROPE

Washington, June 5.—Frank A. Vanderlip, former president of the National City bank of New York, told the Pan-American conference here today that trading between South America and Europe could not be resumed as formerly for some time to come as the situation overseas "is more serious than has been grasped on this continent or even by a large proportion of the Europeans themselves."

"Europe," said Mr. Vanderlip, "has received such a shock as can not be measured by those who have not seen it a close range. Men all over the country are idle. The disorders are a result of want; idleness and revolution and cannot be confined to any one locality. Do not think that I am predicting a conflagration in Europe, but I believe that continent is now balanced upon a knife edge and that the future alone can tell whether there will be a conflagration or not.

Aid can and must be given. The help must be to restock the industries. Men are being supported by the millions in Europe by unemployment gold, as they are earning no wages.

"A catastrophe may come out of the present situation which will affect us all. If the catastrophe is averted, the position of those countries of this hemisphere which are rich in resources and unharmed by war, is of supreme importance."

Mr. Vanderlip suggested the formation of a group of nations made upon of the Latin-American republics, the United States and some of the European neutrals to lend aid to the afflicted countries of Europe in the form of machinery and food."

Charles M. Schwab, told the conference he had such confidence in South America that he was building in Chile 20 of the largest cargo boats ever constructed to carry ore from the west to the east coast for conversion into steel.

"We must depend upon Latin America for our raw materials," said he.

NO STREET CARS RUNNING

Vancouver, B. C. June 5.—Vancouver walked to work today, the union street car men having voted to join the general strike.

AUSTRIAN PEACE TREATY LIKE THAT OF GERMANS

St. Germain, June 2.—Following is a summary of the conditions of peace expressed to the Austrian plenipotentiaries at St. Germain-En-Laye, today:

The conditions of peace of the allied and associated powers, with the exception of military reparations, financial and certain boundary clauses, were handed to the Austrian plenipotentiaries at St. Germain today. Those clauses which are not yet ready for presentation will be delivered as soon as possible, the Austrians in the meantime having the opportunity to begin work on the greater part of the treaty in an effort to facilitate a final decision.

The Austrian treaty follows exactly the same outline as the German and in many places is identical with it except for the change in name. Certain specific clauses which applied only to Germany are, of course, omitted and certain new clauses included, especially as regards the new states created out of the former Austria-Hungarian empire, and the protection of the rights of the Hungarian empire, and the protection of the rights of the religious and linguistic minorities in Austria, Czecho-Slovakia, Rumanian and the Serbian-Croatian-Slovanian state.

Austria is left by the treaty a state of from six million or seven million people inhabiting a territory of between 5,000 and 6,000 square miles. She is required to recognize the complete independence of Hungary, Czecho-Slovakia and the Serbian-Croatian-Slovanian state, and to cede other territories which previously in union with her, composed the empire of Austria-Hungary with its population over 50,000,000 people.

Austria agrees to accept the league of nations covenant and the labor charter, to renounce all her European rights to demobilize her whole naval and aerial forces, to admit the right of trial by the allied and associated powers of her nationals guilty of violation the laws and customs of force and to accept detailed provisions similar to those of the German treaty as to economical relations and freedom of transit.

In the following summary part one of the treaty, containing the covenant of the league of nations, and part twelve, containing the labor convention, are omitted as being identical with corresponding sections of the German sections. Part six, dealing with prisoners of war and graves, and part eleven, with aerial navigation, are also identical except for the substitution of names, and are likewise omitted.

Part 13 of the German treaty containing guarantees of execution is not paralleled in the Austrian treaty.

The preamble is longer and more detailed than in the German summary and is as follows:

Whereas, on the request of the former imperial and royal Austro-Hungarian government an armistice was granted to Austria-Hungary on November 3, 1918, by the principal allied and associated powers in order that a treaty of peace might be concluded, and

Whereas the allied and associated powers are equally desirous that the war in which certain among them were successively involved, directly

or indirectly, against Austria, and which originated in the declaration of war against Serbia on July 28, 1914, by the former imperial and royal Austro-Hungarian government, and in the hostilities conducted by Germany with Austria should be replaced by a firm, just and durable peace, and,

Whereas, the former Austro-Hungarian monarchy has now ceased to exist and has been replaced in Austria by a representative government, and

Whereas, the principal allied and associated powers have already recognized that the Czecho-Slovak state, in which are incorporated certain portions of the said monarchy, is a free, independent and allied state, and

Whereas, the said powers have also recognized the union of certain portions of the said monarch with the territory of the kingdom of Serbia as a free, independent and allied state, under the name of the Serbian-Croatian-Slovanian state, and,

Whereas, it is necessary, while restoring peace, to regulate the situation which has arisen from the dissolution of the said monarchy and the formation of the said states, and to establish the government of these countries on a firm foundation of justice and equality.

For this purpose the high contracting parties, duly named, who, have communicated their full powers, found in good and due form, have agreed—as follows:

“From the coming into force of the present treaty the state of war will terminate.

“Austria is recognized as a new and independent state under the republic of Austria.

“From that moment and subject to the provisions of this treaty official relations will exist between the allied and associated powers and the republic of Austria.”

WILSON LATE IN ARRIVING AT CONFERENCE BECAUSE OF PUNCTURED TIRE

St. Germain, June 2.—Austria was today given 15 days to reply to the terms of peace presented by the allied nations.

M. Clemenceau, president of the peace conference was the first prominent figure to arrive today at the meeting at which the terms of peace were presented.

Secretary of State Lansing and Henry White were the first American representatives to arrive, Premier Orlando of Italy and Premier Paderewski of Poland and Arthur J. Balfour following.

At 12 o'clock President Wilson had not arrived and the ceremony of presentation was delayed somewhat. The president, however, reached St. Germain at 12:14 o'clock. A puncture in the tire of his automobile had held him up on the way.

The Austrian representatives arrived at 12:22 o'clock, entering the chamber by a rear entrance. The delegates were attired in conventional morning dress.

Premier Clemenceau, president of the peace conference at once began his address speaking only three minutes.

Paul Duteau presented the terms to the Austrians at 12:37 o'clock.

Dr. Karl Renner, the Austrian chancellor and head of the delegation,

then began an address in German.

The terms of peace were presented to the Austrians with the problem of the Adriatic claims of Italy unsolved. The council of four held a brief meeting before going to St. Germain this morning Premier Orlando of Italy and Col. E. M. House of the United States being present. During the meeting the Adriatic question was discussed.

ANARCHISTS BLOW UP HOMES OF OFFICIALS

Washington, June 3.—Anarchists at 3 o'clock this morning made what purports to be another nation-wide attempt to overthrow the government by assassinating with high explosive bombs government officials and prominent men opposed to the spread of bolshevism in America. One anarchist of Philadelphia was blown to pieces when attempting to place a bomb under the house of Attorney General A. Mitchell Palmer.

Throughout the day the police continued to discover portions of the dead man's body.

Red's Ear is Located

One ear also was located. The attorney general went to work as usual at his desk later in the day leaving the search for the plotters in the hands of his men who denied that any general round up of "reds" had been ordered throughout the country, but admitted that many were under investigation.

Congress and all official Washington, deeply stirred by the newest outbreak by enemies of law and order considered what steps might be taken to curb a national menace.

Nation Wide Plan

Explosions took place in Washington, Pittsburgh, Cleveland, Newtonville, Mass., Boston, Philadelphia, Paterson, N. J., and New York. None of the men for whom the bombs were intended was hurt, but one man, a watchman, in New York, was killed, several persons were injured, buildings were wrecked and in Washington one of the plotters himself was blown to pieces when an infernal machine intended for Attorney General A. Mitchell Palmer exploded prematurely.

The police have established that the dead man who was probably an Italian, came to Washington from Philadelphia and they have reason for believing that the nationwide plot was conceived in and directed from that city.

Hope was held out by federal agents that the plotters might be apprehended. The identity of the anarchist who was killed apparently has been established and the next step is to determine who were his associates.

The outrages were believed to be a sequel to the May day bomb plot, when infernal machines were mailed to prominent men.

The explosions last night were accompanied by the scattering of anarchistic literature written by persons who were not illiterate. The literature contained the stock doctrines of radicals who have been wired to Colonel Escobar, commanding here that on May 27 half of the

The homes and persons of prominent officials and business men in Washington and elsewhere are being protected today.

The police are confident the plans to blow up the house of attorney general and kill its occupants would not have miscarried had not the man stubbed his toe on a low coping six feet from the front door where, it was obvious, he intended to place the powerful infernal machine. The coping tripped him and when he fell the concussion apparently set off the bomb.

The neighborhood in which the explosion occurred is one of the most fashionable in Washington. Two doors away lives Senator Swanson of Virginia. Directly opposite lives Rear Admiral Theodore F. Jewell. The home of Helmer B. Bryn, Norwegian millionaire, adjoins that of Admiral home of Helmer B. Bryn, Norwegian Navy Franklin Roosevelt lives a short distance away.

Entire Block Damaged

Residences in the entire block were damaged. Windows were shattered and the fronts of some of the houses were nicked by pieces of flying concrete. Parts of the anarchist were blown through some of the windows.

At the capitol extra police are on duty and the rule against bringing packages of any sort into the capitol and the house and senate office buildings was rigidly enforced. The same rule was being applied in other government buildings.

Attorney General Palmer did not go to his office today and assistants refused to disclose where he and Mrs. Palmer, who left their home after the explosion last night, had taken up their new residence.

All available men of the bureau of the department of justice have been assigned to the case.

The head of the dead anarchist was found on the roof of a house more than a block away from the scene of the explosion.

In Boston Also

Boston, June 3.—The police are convinced the explosion last night at the home of Police Judge Albert F. Hayden in the Roxbury district and that of State Representative Powers in Newtonville were part of the nationwide plot.

Pamphlets entitled "plain words" were found scattered outside the Hayden house and also in the wreckage.

Arrest I. W. W. Member

Pittsburgh, Pa., June 3.—A cordon of police and detectives was thrown around Pittsburgh today in an effort to apprehend the perpetrators of two bomb explosions in different sections of the city. The outrages were directed against the U. S. district judge, W. H. S. Thompson and W. W. Sibray, chief inspector of the bureau of immigration. No one was injured.

Robert Johnson, president of the I. W. W. here and internationally known as a radical, was arrested at I. W. W. headquarters. When detectives and federal agents entered he opened fire upon them with a revolver.

MEXICAN BATTLE

Juarez, May 30.—General Jesus Castro, commanding the federal forces at Chihuahua City this morning contained the stock doctrines of radicals who have been wired to Colonel Escobar, commanding here that on May 27 half of the forces under Martin Lopez attacked San Andres, about 45 miles southwest of Chihuahua City and were driven off with heavy losses.

SANTA FE MEN RECEIVE PROMOTIONS

(Continued from Page One)

The Santa Fe bridge and building foremen, assisted by the Santa Fe officials of this city, gave a farewell party and banquet for M. R. Williams, L. H. Pirtle and W. E. Friesner, last evening in the banquet room of the Masonic temple. These three men are leaving the Santa Fe of this city to accept promotions with the company elsewhere.

Mr. Williams

M. R. Williams entered the service of the Santa Fe in April, 1881 at Caldwell, Kan., as a bridge carpenter. He was later transferred to Raton where he was made a foreman in the building department. His next promotion was to this city as general foreman of the bridge and building and water service departments, which position he has held for the past 30 years. Mr. Williams has been promoted to the position of insurance inspector of the western lines, with headquarters at Amarillo, Texas. He has not decided as yet about the moving of his family, but in all probability he will still make Las Vegas his home.

Mr. Pirtle

L. H. Pirtle, who has been assistant general foreman of the bridge and building department, has been transferred to San Marcial, where he will act as general foreman in the same department, relieving J. B. Hayes, who will take the place of Mr. Williams in this city. Mr. Pirtle entered the employ of the Santa Fe in the bridge and building department on the Colorado division, at Pueblo in April, 1900. He was transferred to this city, January 1, 1916.

Mr. Friesner

William Friesner entered the employ of the Santa Fe in this city in 1905, and was promoted to water service foreman December 1, 1911. Mr. Friesner is leaving the Santa Fe, and is moving his family to Springer, where he will run a gasoline filling station.

W. J. Lucas, a local attorney acted as master of ceremonies for the evening, and spoke highly of the men, especially of Mr. Williams and his work in the bridge building department. He called upon Superintendent F. L. Myers, who spoke of his association with the same for the past ten years, while he was on the New Mexico division. He extended his best wishes to the men in leaving, and wished them the best of luck.

Regret Expressed

William Lewis, car department foreman, also expressed his regret at the departure of Mr. Williams, and spoke highly of him in his connections with him in the past 18 years. The Harmony quartet composed of J. B. McCoy, Fred Nichols, Sketchley Moore and John Burks, sang "Distinction" and received much applause.

Given Diamond Ring

Mr. Lucas in behalf of B. P. Williams, a brother of M. R. Williams and a B. and B. foreman, expressed great delight on his brother's success and promotion. Then all of the bridge and building foremen, namely, S. D. George, J. E. Cornett, B. E. Howell, E. R. Keller, A. H. Jaques and Dell Mattox, expressed their

pleasure that Mr. Williams had thus been honored, but regretted the loss of him to Las Vegas. The Harmony singers then rendered "I've Got a Little Brother."

Mr. Lucas, representing the community of Las Vegas, expressed his greatest regrets in the loss of Mr. Williams as a citizen of Las Vegas, but said Las Vegas was proud of his promotion and success. Mr. C. A. Van Wolff, general paint foreman, in behalf of the B. and B. men and their friends, presented Mr. Williams with a diamond ring amid great applause. Mr. Williams responded, saying, "I am unable to respond as a should, and am unable to express my feelings as I would like to. I have been with the Santa Fe for 43 years, 36 of which was spent on the New Mexico division. In that time I have been bridge and building foreman for 30 years, and have worked under ten superintendents on this division." He accepted the ring and prized it as a mark of distinction, and will recall to mind his pleasures in connection with the B. and B. department. Thanking the men amidst great applause, he took his seat.

Other Gifts

Joe Jarrell, one of the B. and B. foremen, then presented L. H. Pirtle with a gold ring. Mr. Pirtle responded, and told of his connections with the Santa Fe, and of his regret of leaving Las Vegas, and especially of his parting with Mr. Williams. Wishing to meet his old friends again, he took his seat. He was heartily applauded. The Harmony singers then sang, "How Can I Bear to Leave Thee."

Max Walker presented W. E. Friesner with a gold watch charm in behalf of his fellow workmen, and Mr. Friesner responded with a few remarks, thanking the men.

Other officials who expressed their regrets in the departure of these men to other locations, but also congratulated them upon their success, were A. M. Staley, signal foreman, A. B. Truman, division engineer, J. H. Elliot and John Treutner, roadmasters, E. E. Breese, chief clerk to the superintendent, J. C. Christensen, private stenographer of Car 421, J. B. McCoy, division storekeeper, M. R. Sitlinger, assistant chief clerk of the superintendent's office. A. Blackburn of the Gross Kelly and company also expressed his best wishes to the departing officials. Mr. Lucas in behalf of the railroad men and the community of Las Vegas then wished the men Godspeed. The rendering of "Sweet Elliree" followed by "There are Women" as an encore, by the Harmony quartet closed the program of the evening.

T. T. Ryan, who has been general roundhouse foreman in this city for the past three years, has been promoted as master mechanic of the New Mexico division, and left Saturday night for Raton to take up his work there.

This promotion for Mr. Ryan calls to mind his great love for the working man, and was not a surprise to those who knew him. Mr. Ryan has always been a champion of the cause of the shop man, and though he has not been removed a great distance from the local employes, he will be missed by them, as well as by other Las Vegas.

Before coming to Las Vegas as general foreman, Mr. Ryan was a

traveling engineer for the American Brick Arch company of Chicago. However, at a previous time he had held positions with the Santa Fe at La Junta, Raton and other points on the Santa Fe system in different capacities. At the present time his old position here is unfilled, no successor having been named.

Mr. Ryan is relieving L. E. Fletcher at Raton, who has been transferred to the same position on the River and Colorado divisions, with headquarters at La Junta.

For the present the family of Mr. Ryan will continue to make this city their home, but eventually will move to Raton. For the present their Las Vegas friends will rejoice with them in the promotion of Mr. Ryan. Though his office is at Raton, Mr. Ryan will still be over the Vegas shops.

"Some has meat that canna eat,
And some there be that want it;
But we has meat, and we can eat,
And so the Lord be thankit."

FOOD FOR THE FAMILY.

A small amount of meat may be extended over other material making a dish both nourishing and satisfying.

Curried Lamb With Macaroni.—Brown a pound of lamb for stewing, add a small amount of water and cook until tender. Cook a half pound of macaroni in boiling salted water. Drain and pour cold water through it. In a saucepan melt two tablespoonfuls of fat, add two tablespoonfuls of flour, two tablespoonfuls of curry powder, one teaspoonful of salt and one-fourth of a teaspoonful of pepper. Add two cupfuls of milk gradually, stirring constantly; cook until smooth. Put a layer of cooked macaroni in a well-buttered casserole, then a layer of lamb and curry sauce. Repeat until all is used. Cover and bake in a moderate oven one hour.

Carrot Pie.—Scrape two medium-sized carrots, cut in small pieces and cook until tender. Drain well and put through a potato ricer. There should be one and one-quarter cupfuls. To the carrot add one-fourth teaspoonful each of ginger and cinnamon, one-half teaspoonful of salt, one-half cupful of sugar, two eggs beaten slightly and one and one-half cupfuls of milk. Mix well and bake in a pie plate lined with good rich pastry.

Vegetarian Scrapple.—Mix one cupful of cornmeal, one medium-sized onion chopped, one carrot, also chopped, one-half a green pepper chopped, three teaspoonfuls of salt. Cook all together in three and one-half cupfuls of boiling water; cook for an hour slowly then add one cupful of chopped peanuts and turn the mush into a greased bread pan to mold. Cut in slices, dip in flour and fry in hot fat. Serve with tomato sauce if liked.

Hash.—Put through a meat chopper two cupfuls of meat, three cooked potatoes, one medium-sized onion. Beat an egg and add one-half cupful or less of milk to it. Season with salt and pepper and stir in one cupful of corn flakes. Place a tablespoonful of sweet fat in a frying pan and turn in the hash. Fry until brown.

Nellie Maxwell

BAD STATE OF AFFAIRS

Washington, June 3.—Senator Senator Lodge, chairman of the senate relations committee, told the senate today he had seen in the hands of business interests in New York a copy of the treaty with Germany, given out by an American representative at Paris, but withheld by the state department from the senate.

BODY EXHUMED

The body of Everett Shirley was exhumed this morning at the Odd Fellows cemetery and will be shipped to Unionville, Mo., on train No. 2. The family was living here at the time of the young man's death, but are now moving to Missouri and desire to take the remains of their son with them.

Fifteen young ladies who arrived in Las Vegas last evening, coming here to attend the summer school at the Normal University, were forced to walk the streets during the night, because of their being unable to get rooms or accommodation at any of the local hotels. Immediately upon the Normal authorities hearing of the plight of the young ladies, Dr. Roberts, president of the institution, made arrangements for their care.

From this time on, Mrs. Kiker or some other representative of the Normal University will meet the incoming trains and will conduct the students, both men and women, to their quarters throughout the city. The number of rooms which have been registered with the school authorities so far this year, for the benefit of the students who will be here to attend the summer school, is sadly insufficient, and every person who has a room which can possibly be rented during the summer months should notify the school authorities.

Those persons who have already registered their rooms with the Normal, can expect to have their rooms occupied any time now. The summer students are arriving daily, each train bringing more, and they are being distributed through the city as they arrive.

CASUALTY LIST

Today's casualty list as reported by the commanding officer of the American expeditionary forces, includes the names of Theodore G. Cornelson of Lacco, who died of disease, and Teodoro Padilla of Santa Fe and Ruben Rivera of Orono, wounded, degree undetermined.

DEPEW'S ADVICE

On his 85th birthday the Hon. Chauncey M. DePew gave this advice: "Try to keep as happy as you can. Don't endorse notes. Don't eat too much, and don't endorse notes. Don't smoke if it hurts you, and don't endorse notes. When you attend a banquet take one-third the food offered you and eat less than one-third of that—and don't endorse notes."

VANDERLIP RESIGNS

New York, June 3.—Frank Arthur Vanderlip announced today his resignation as president of the National City bank. Mr. Vanderlip was elected president in January, 1909. James A. Stillman, son of the late James A. Stillman, former president of the bank, has been elected to succeed Mr. Vanderlip.

GERMAN MINISTER OF DEFENSE TELLS DEFENSE COMMANDERS TO BE PREPARED

Vienna, June 4.—The Austrian government has decided unanimously that the peace terms presented at St. Germain on Monday, are unacceptable, the Neuse Abendblatt says.

Paris, June 4.—The council of four met this afternoon and considered again the revision of the treaty of 1839 regarding Belgian neutrality.

Paris, June 4 (Havas)—The allied military authorities informed the supreme council at its meeting Monday of steps taken to prevent the German government from stopping the transportation of foodstuffs to Poland by way of Danzig. The official communication on the council meeting issued today says that the council also considered the recommendations of the blockade section concerning restrictions to be imposed on Austrian trade with Germany, Hungary and Bolsheviki Russia.

A report has reached peace conference circles that Gustav Noske, the German minister of defense recently made a tour of the German coast defense and directed the personnel to be prepared for emergencies.

London, June 4.—General Semenov leader of the Cossacks in eastern Siberia has called a congress which declared the autonomy of Mongolia, according to a Russian wireless dispatch from Moscow. The congress, the bolsheviki message adds, elected Semenov grand duke of Mongolia.

Denver, Colo., June 4.—Fire which burned at noon today for half an hour before it was discovered on the roof of the power plant of the Denver Gas and Electric company, spread to the transformers and temporarily shut down all Denver industries depending on electricity for power.

Newspapers about to go to press were halted, elevators were caught between floors, and passengers were compelled to climb to the nearest floor. Electric lights were off and cooling motors stopped.

Delay in extinguishing the flames due to fear of electrocution of fireman aided the fire in its spread. Officials of the company urged firemen not to turn water into the blaze until all power was cut off and dynamo covered with waterproof covers. The fire was under control at 1:30 o'clock. Officials said the current would be switched from the Lacombe reserve plant into the city within an hour but they were unable to say how long it will take to repair the damage at the main plant.

In an auto accident late Monday afternoon, a Ford car used by one of the mail carriers between Las Vegas and Mora, turned over, injuring its occupants. The mail carrier according to the local postoffice authorities is believed to be Eusebio Arellanes, but it is unknown to what extent he was injured. Donald Blevins of this city, was in the car at the time of the accident and according to Mrs. T. E. Blevins, the young man lay unconscious for some time. The only external injuries received were a bruised face and scratched knees. The accident was reported in this city about 6:30 Monday evening and a local garage sent a car out to bring in the car and its occupants.

Blevins was brought to his home here and the mail carrier was taken to Mora. The Ford, in a badly damaged condition, was brought to this city for repairs. Blevins was able to be about yesterday and went to Raton at noon yesterday on business.

Washington, June 4.—Although virtually every agent and operative of the department of justice and the police in eight cities have been working on clues which it was hoped would lead to the apprehension of the plotters who Monday night placed high explosive bombs in eight cities, so far as is known in Washington no really important arrests have been made.

More than 60 suspects have been taken into custody in various parts of the country, but no information had been received here that would indicate the capture of the actual plotters.

However, department of justice officials today seemed hopeful that their efforts eventually would bring results. Not since the early days of the war when the efforts of the department were centered on spies and dangerous enemy aliens has there been such a man hunt.

Officials directing the campaign against the anarchist grounds said today they thought other outrages might occur, but that an end would be put to them before many days had passed.

Pittsburgh, June 4.—Evidence was in the hands of the police today that anarchists responsible for bomb explosions at the homes of Judge W. H. S. Thompson of the U. S. district court, and W. W. Sibray, chief inspector of the bureau of immigration, Monday night, were operating under orders from Russian radicals headquarters at 133 East Fifteenth street, New York.

Superintendent R. J. Alderdice of the bureau of police, said John Johnson, president of the local I. W. W. arrested after a fight with detectives, came to Pittsburgh from New York two weeks ago at the instance of "Number 1001."

William Haywood, president of the I. W. W., according to Alderdice, bears the pass number 1001. Johnson, who the police say was the directing genius of the bomb plot here, is held with a score of other alleged anarchists. Bail was refused in each case. In a partial confession Johnson is said to have named Alderdice as the maker of the bombs exploded here. This, whose name the police withheld, also is said to have operated under orders of the radical headquarters in New York and is believed to have gone to Chicago after the explosion here.

Philip J. Barry, chief of the local bureau of investigation of the department of justice announced today that all the radicals taken in custody and questioned had been released. He said that no evidence had been obtained of their connection with the nationwide bomb plot.

"While Chicago is the national headquarters of the I. W. W., the Russian soviets in this country and other radical groups, I have no evidence that bomb outrages are contemplated here," he said.

John Johnson, head of the I. W. W. here, arrested yesterday and confronted by Florence Becker, a witness in

the explosion here, gave the name of the maker of the bombs used.

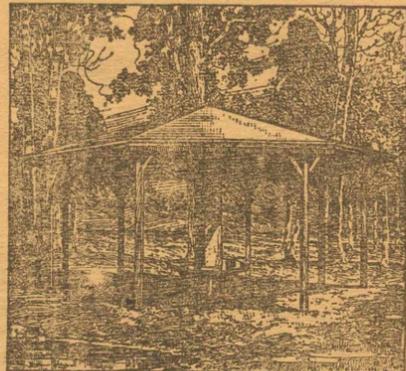

Philadelphia, June 4.—Bomb outrages in this city remain unsolved by agents of the department of justice and local police. That the anarchist blown to bits in Washington was sent from radical headquarters here has been established by the officers.

REFUGE FROM SUDDEN STORM

Easily Constructed Shelter Which Should Have Place on Every Public Picnic Ground.

There is not much pleasure to be had in the woods if no shelter is near when rain threatens at any minute. Many picnics are broken up by showers which last but a few minutes, simply because there is no way to protect the food or to keep dry until the squall passes over, writes C. L. Meller, Fargo, N. D., in Popular Mechanics Magazine. A shelter, such as illustrated, will take the discomfort out of walks and picnics, and will induce people to stay in the woods more often. The shelter is made of logs and is easily constructed.

A log is cut the trunk of which is still quite sound, makes an excellent start for such a shelter. It should be cut off about ten feet from the ground, care being taken to make the saw cuts as even as possible. It may be necessary to erect scaffolding to make this cut properly. After the cut surface is worked smooth, eight rafters are fitted into the top of the trunk. The rafters are 12 feet long, four of them being two by four inch timber, and four, four by four inches. They are supported at the outer end by four by four inch posts, driven into the ground and extending eight feet

Picnickers Have Little Fear of Passing Rainstorms When a Substantial Shelter Is Near to Protect Clothing and Food.

above it. The four by four inch rafters should be fitted into the log first, the two by four inch being added later. Upon this framework, which forms an octagonal, umbrella-shaped structure, seven-eighths inch boards are nailed to form the roof. This may be covered with shingles or some roofing material.

For greater comfort, a seat built around the trunk may be added, and other seats may be built near it. The whole structure should be finished in a dark, neutral brown, with just a touch of white trimming. If the roof is stained a moss-green, the color scheme will be in harmony during all seasons of the year, with the prevailing colors throughout the surrounding woods.

No Honeymoon Trip.

I attended a wedding of a dear girl friend whose father was a well-to-do farmer. After the ceremony we girls crowded around the blushing bride and she was asked where they expected to go on their honeymoon trip. She replied: "We aren't going to take a trip, for the money we would spend will buy a nice cow."—Chicago Trib-

HERBERT HOOVER, DIRECTING ALLIED RELIEF ORGANIZATION, ISSUES STATEMENT

Paris, June 4.—There is a sufficient surplus of food indicated from the coming harvests to supply Europe and meet the needs of the world unless some unexpected catastrophe happens to the world's harvests, according to a statement issued today by Herbert C. Hoover, head of the allied relief organization.

The bread budget balances, but the surplus of the American crop of wheat and rye this year will be needed. The statement says that most of the trading in wheat and rye will be in the hands of the governments.

Other figures gained from the survey made by the organization and various governments indicate that the sugar crop in eastern Europe this year will be 65 per cent of pre-war normal, the wheat and rye crop 77 per cent and the vegetable harvest about normal. Since the war, it is estimated, Europe has lost 18,400,000 cattle, 39,500,000 hogs, and 8,600,000 sheep.

The statement continues: "The available breadstuffs to Europeans consumption of wheat and rye at 2,250,000,000 bushels, of which between 700,000,000 and 850,000,000 bushels will have to be imported.

The statement continues: "The available breadstuffs to Europe from the producing countries will be probably lie between 750,000,000 and 850,000,000 bushels. It would appear therefore that the world's bread budget will balance next year but within narrow margins. In any event the present indications are that the American bumper wheat and rye crops will be needed. The principal importing European governments have all guaranteed their farmers prices at proper levels and all are involved in bread subsidies. There will not be much likelihood of much private trade in wheat next year outside of government buying.

"The European production of sugar will be about 65 per cent of the pre-war normal and before the war imports averaged 2,250,000 tons per annum. The crop of potatoes, peas, beans, cabbage and other vegetables promise to be about pre-war normal."

TROOPS FROM RUSSIA

Archangel, June 4.—A contingent of American infantry boarded a transport today for the United States.

BURGLARS AND LOOT FOUND

Phoenix, June 5.—Upwards of \$400 worth of goods stolen from a store at Wickenburg, two nights ago have been recovered by the sheriff's office and two of the suspected burglars, Manuel Ochoa and Juan Martinez, have been lodged in the county jail after their capture at Litchfield yesterday. Sheriff Montgomery and Deputy Sheriff Smith are out today searching for other members of the gang which is believed to have burglarized the store.

TRY "WILD CATTERS"

Phoenix, June 5.—Late today the state corporation commission opened a hearing on the Texas Globe Oil company. The company is charged with having sold stock throughout the state without having first obtained a permit from the commission.

John Cramberg of Sheboygan was in the city today on business.

Civil Service Examinations

The United States civil service commission announces the following positions open to competitive examinations:

Forest and field clerk, at a salary of from \$1100 to \$1500 a year, examination to be held June 28.

Dental hygienist (female) at a salary of from \$1200 to \$1500 a year. Examination to be held June 18.

Calculating machine operator (male and female). Examinations to be held June 18, July 23, and August 20.

Domestic science teacher (female) Examinations to be held June 18 July 23 and August 20.

Telegraph operator (male and female). Examinations to be held June 18, July 23 and August 20.

Oil chemist (male) at a salary of from \$1200 to \$2400 a year. Examination to be held June 24.

Assistant superintendent of foundry in charge of castings division (male). Examination to be held June 24.

Assistant in cotton testing (male) at a salary of from \$1200 to \$2400 a year. Examination to be held July 1.

Production engineer (Male). Examination to be held July 1.

Assistant in charge of soil chemical investigations (male) at a salary of \$3500 a year. Examination to be held July 1.

Assistant petroleum chemist (male) at a salary of from \$1620 to \$1920 a year. Examination to be held July 1.

Pattern maker (male). Examination to be held July 1.

Electrical instrument maker (male) Examination to be held July 8.

Assistant designing engineer (male). Examination July 8.

Coal yard foreman (male). Examination July 9.

Clerk qualified as storeroom supervisor. Examination July 9.

Trained nurse, Panama canal service. Examinations July 9 and September 3.

Master computer, ordinance department at large.

For further information on the above positions, apply at the East Las Vegas postoffice.

CUT IN NAVY PERSONNEL

Boston, Mass., June 4.—An order from the navy department calling for a reduction of the entire enlisted force to not more than 250,000 men by July 1 was received here today. It is directed that the greater part of the reduction come from shore stations first, so that the efficiency of the fleet will not be impaired.

AN UNLUCKY DINNER

Dawson, June 4.—Twelve out of 26 men who sat down to a dinner May 28 have died from ptomaine poisoning. Four are in the hospital. Among the dead are William Cyrus Lawson, Fort Scott, Kan., and John Grant, formerly of Aspen, Colo.

Washington, June 5.—Prohibitionists gathered here today at the convention of the anti-saloon league of America, heard Mrs. Gertrude Boll, a worker among Indians, make a plea for the legal protection of Indians from the yepote bean, used by them as an intoxicant. She declared the habit of using the bean was spread-

ing throughout the reservations and expressed fear it might take the place of liquors when the country goes dry.

AIR TRIP TO DENVER

Chicago, June 4.—Harry Johnson, an aviator of Denver, left Ashburn field, Chicago, at 8:45 o'clock yesterday morning in a Canadian Curtiss airplane with the intention of flying to Denver. He purchased the machine here Monday. He expects to arrive in Denver about noon tomorrow Johnson carried two passengers and expects to make the trip with one stop.

London, June 4.—Grand Parade won the derby at Epsom Downs today. Buchan was second and Paper Money third. Thirteen horses ran. The betting against Grand Parade owned by Lord Glanely, in the ante-post wagering was 33 to 1, but as the time for the race approached he was taken up by many betters who reaped a good harvest. Buchan, the second horse was 9 to 1 in the betting and Paper Money, which finished third, was 7 to 1.

Representative Cooper of Ohio, another speaker assailed Samuel Gompers, president of the American Federation of Labor, for his stand on prohibition. He accused the labor leader of "not telling the truth," when he made the statement that organized labor was against prohibition.

Santa Fe, June 5.—Governor O. A. Larrazolo wired greetings to the Pan-American Commercial conference at Washington, D. C., at which New Mexico is represented by Dr. Edgar L. Hewett, director of the museum of New Mexico. Governor Larrazolo telegraphed. "I send greetings to the delegates of the Pan-American Commercial conference now in session at Washington, D. C. May the spirit of a common brotherhood inspire your acts and bring together all the nations of America in united and harmonious co-operation for their common and individual happiness and prosperity, and for the guidance of the world in securing the blessings of popular free governments throughout the earth."

Men who served their country with the army or navy during the European war are being urged by the recently formed post of the American Legion to attend the meeting in the Commercial club rooms tonight at 8 o'clock, at which time plans for the soldiers' reunion, to be held during the Cowboys Reunion, will be perfected. The Las Vegas post of the American Legion is the first to be organized in the state, and it is anxious that Las Vegas should be host to the soldiers and sailors of the state at a big peace celebration on the first Fourth of July following the cessation of hostilities. The plan has limitless possibilities for development, and advice and co-operation of all service men is requested. Veterans of the Civil War and the Spanish-American war are invited to attend the meeting tonight. Statewide meetings of veterans of the three wars are expected to be held here during the Reunion.

Owing to the wearing of European clothing, natives of the South Sea Islands have become susceptible to pneumonia and tuberculosis, which diseases are decimating the people.

NESTOR MONTOYA SUCCEEDS GEORGE L. BROOKS AS CHAIRMAN OF BOARD

Antonio J. Lucero, formerly secretary of the state and at present a member of the board of regents of the University of New Mexico, said this morning that he was going to resign his position as regent in a short time. The board is to meet in Albuquerque tomorrow evening, but pressing business affairs here will prevent his attendance at the meeting.

"You may quote me as saying that I intend to resign," Mr. Lucero said. He does not know just when he will hand in his resignation, however.

The vacancy on the board, caused by the resignation of George L. Brooks, chairman, will be filled by County Clerk Nestor Montoya of Albuquerque, well known republican, and for many years editor of La Bandera Americana, who has been named by Governor Larrazolo to succeed Mr. Brooks. Mr. Montoya has been notified of his appointment and has accepted. Mr. Montoya will also succeed Mr. Brooks as chairman of the board.

It is believed that the board will take action at the meeting tomorrow night looking to the selection of a successor for Dr. David R. Boyd as president of the university. Dr. Boyd resigned a short time ago and as Mr. Brooks' resignation followed on the heels of the president's, the remaining members of the board delayed action until the personnel of the board could be completed. It has been reported in the press that John R. McFie of Gallup, another member of the board, intends going to the Philippines and that he will also resign. His resignation, coupled with that of Mr. Lucero, may again delay selection of a president of the school. Dr. E. H. H. Roberts, president of the Normal University here, and J. H. Wazner, state superintendent of public instruction, have been prominently mentioned as possible successors to Dr. Boyd.

Atlanta, Ga., June 5.—Union operators of the Western Union at Atlanta went on strike today in sympathy with the telephone operators of the Southern Bell and Atlanta Telephone companies, who left their switchboards Monday.

S. J. Konenkamp, president of the Commercial Telegraphers Union of America, said here today he believed the Atlanta strike would spread until it assumed nationwide proportions and resulted in a tie up of the country's telegraph and telephone communication.

"The primary reason for the trouble now threatening through the Atlanta strike," he said, "is failure of the wire administration, through Postmaster General Burleson to appreciate the force of and carry out the labor policy of President Wilson."

The East Las Vegas Fire department usually appears before the public in the role of guardians of property. On Monday night, June 9, they will appear in a somewhat new role, that of entertainers, when they will present June Flower Fete at the Dun can opera house. Beginning at 8:45 o'clock there will be a program of novel entertainment, and promptly at 10 o'clock, there will be dancing for all present. Members of the depart-

ment will appear in a 15-minute sketch, which is full of comedy. The firemen hope for as big a turnout as they usually enjoy when called to extinguish a burning house—and they promise not to throw any cold water.

WANT HATCHERY IN STATE

Santa Fe, June 5.—At the request of Game Warden Thomas P. Gable, Congressman Benigno C. Hernandez has introduced a bill in the house of representatives appropriating \$100,000 for the establishment of a United States fish hatchery in New Mexico. Although Colorado has three hatcheries, New Mexico has none.

Claude L. Wensell, for several years head clerk at the A. MacArthur company in Wagon Mound and more recently manager of the one of the leading stores in Roy, has organized a corporation and taken over the business of the Wagon Mound Mercantile company.

The officers and directors of the new concern are as follows: Charles E. Blattman, president; Claude L. Wensell, vice president and general manager; J. Frank Curns, secretary; Epimenio Martinez and J. R. Aguilar, directors.

Mr. Wensell has been merchandising in Mora county for about 20 years and has a host of friends throughout out the county and particularly at Wagon Mound. He is an indefatigable worker, and deserves great success in the business which he is now establishing under his own name.

The title of the corporation is the Claude Wensell company.

Denver, June 5.—The public utilities commission today issued an order permitting an increase in street car fares in Colorado Springs to six cents, effective June 8.

The order followed a meeting today participated in by members of the commission, representatives of the Colorado Springs and Interurban Street Railway company and the members of the conductors and motormen's union of Colorado Springs.

According to the announcement of the officers of the commission the increase of fares will mean, also, an immediate raise in wages for conductors and motormen. On so-called "two men" cars these employes will get an increase of 11 cents an hour. On "one man" cars the increases will amount to 17 cents an hour.

Austin, Tex., June 5.—Action on the proposed federal constitutional amendment for woman suffrage will be referred to the special session of the legislature which convenes July 1.

Washington, June 5.—With the fight in congress won after nearly 10 years of effort, advocates of woman suffrage today turned their attention to the various state legislatures, three fourths of which must ratify the constitutional amendment before victory can be won. Realization of the hopes and efforts of the leaders in the equal suffrage campaign came late yesterday with the adoption by the senate of the historic Susan B. Anthony constitutional amendment resolution which was adopted in the house May 21. The vote was 56 to 25 or two more in favor than was necessary.

Because of pressing reconstruction problems, special legislative sessions are expected to be called in a number of states and the suffrage amendment will be presented then.

**LOCAL SOLDIERS ORGANIZE--
WILL DECORATE SAILOR'S
GRAVE TODAY**

Leonard Hoskins Post No. 1, American Legion, was formed at a meeting of 40 former soldiers held last evening in the Commercial club rooms. The name was chosen to honor the death of a local man whose bravery is known throughout the United States, and who gave his life for his country during the World War. The local post is the first formed in the state of New Mexico. Dr. F. H. Crail served as temporary chairman and Beach Pinney as temporary secretary. State Organizing Secretary Donald Blevins explained the aims of the organization to the assembled service men.

Oscar L. Gregory, department commander and Dr. F. E. Olney, commander of the post, of Sherman Post No. 1, G. A. R., were present and made addresses before the meeting.

To Decorate Grave

Arrangements were made to decorate the grave of Arturo Lopez, buried in the Catholic cemetery here, who was a sailor during the war with Germany. A collection was taken for the purchase of flowers. An invitation was extended to all present to join with the G. A. R. tomorrow in their parade to the cemeteries and the decoration of the graves of all fallen soldiers. The committee to look after the decoration of the Lopez grave consists of Messrs. Baca, Pinney and Blevins.

Appointment of a chairman for the county rests in the hands of O. A. Larrazolo, Jr., state chairman of the American Legion. However, Professor C. S. Lewis was named as the man to be suggested for the post. Two state committeemen were also suggested for appointment, they being John Harris and Mindon McGee.

Charles Hedgecock was named as vice-chairman and Beach Pinney as secretary. A committee on membership was named, Carlos Baca being the chairman, with C. G. Hedgecock and

Memorial Suggested

A resolution introduced by Dr. Crail would put the fledgling post behind a movement to erect a hospital in Las Vegas, to be called the Las Vegas Memorial hospital, in honor of the soldier dead of San Miguel county, the hospital to be erected by the soldiers and citizens of San Miguel county. At Dr. Crail's suggestion, the resolution was tabled until some later meeting of the Legion.

Dr. Crail said:

"The question of a suitable memorial to perpetuate in honor the memory of those who gave their lives in the great world struggle is already being considered by many communities throughout the country.

"As this was essentially a war of service to mankind so far as we in the United States were concerned, a memorial that would render to the community a permanent service would seem especially appropriate. A new hospital building would certainly do this. And Las Vegas needs it badly. For years, our small hospital has struggled along, handicapped by an unfavorable location, and by building never intended for hospital purposes. The amount of service it has rendered to the community none but those who have been closely associated with it know anything about."

SOLDIER-AID MEASURE

Washington, May 29.—Appropriation of \$2,000,000 during the next three years and annual appropriations thereafter for co-operation with the states in free vocational training to men disabled in industry or by disease is proposed in a bill by Senator Smith, democrat, of Georgia. It would be supplementary to the soldiers and sailors vocational education.

MORE PROPAGANDA

New York May 30.—Charges that organized attempts are being made to poison American public opinion in regard to Poland under cover of a de-a move to help Germany, are made by the society of Polish engineers in America.

IT'S A GREAT LIFE

Washington, May 30.—After a brief session yesterday the senate adjourned to Monday because of the absence of many senators for Memorial day addresses and vacations.

HAWKER IS POOR LOSER

London, May 30.—Speaking at a luncheon given by the Daily Mail, Harry G. Hawker deprecated the organization which won for the United States the honor of first crossing the Atlantic by a heavier than air machine, the N. C-4. He declared it was a serious attempt, with a ship stationed "every 20 yards."

ANTI-AMERICAN PROPAGANDA

Washington, May 30.—Elaborate anti-American propaganda being conducted in Brazil, is believed by state department officials to be the work of European business men who hope to alienate Brazilian business from the United States. "Certain Latin-American influences it was said also are believed to be interested."

DECORATE AMERICANS

GRAVES IN ENGLAND

London, May 30.—The graves of 1,562 soldiers and sailors were decorated today in many parts of the United Kingdom. American flags were placed above them by army and navy officials and on each placed a wreath by representatives of the King and Queen.

It is All Gone Now

Samuel L. Kramer, Box 95, Sellersville, Pa., writes: "I had kidney trouble for two years and had a terrible backache. That is all gone now after using Foley Kidney Pills and I feel well again." Foley Kidney Pills get results quickly and are tonic in their healing and soothing effect. O. G. Schaefer. Sold Everywhere.—Adv.

AIRPLANE WEDDING

Washington, May 30.—The first airplane wedding is scheduled to take place at Ellington field, Texas, tomorrow, the army air service headquarters was informed today. Lieutenant Robert Mead and Miss Majorie Dupont, of Cincinnati will be the principal.

Summer Complaint Quickly Relieved

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family.—Adv.

**CONSUL AT NOGALES, ARIZONA
SAYS SITUATION IS NOT AT
ALL SERIOUS**

Nogales, Ariz., May 31.—Under orders from General Juan Torres, the troop trains which arrived at Nogales, Sonora, yesterday morning went south last night to Ortiz, 225 miles south of the border, where the quartier general of the state of Sonora is located.

General Torres, General Serrano and Governor De La Huerta departed on the regular passenger train for Hermosillo this morning. General Torres gave as his reason for withdrawing the troops from the border and countermanding his order of yesterday, in which an overland march from Naco to Chihuahua City was contemplated, that Carranza had wired from Mexico City that the situation had quieted in Chihuahua.

Senor Emiliano Tamez, former chief of immigration in Sonora, Mexico, and now Mexican consul at Nogales, Arizona, who was in conference with General Juan Torres, previous to the latter's return to military headquarters at Ortiz, Sonora, this morning, furnished the following statement to the Associated Press regarding the Mexican situation:

"By information just received by civil and military authorities at Juarez, Chihuahua City, as well as from Gen. Garcia, at El Paso, it is known that the actual situation in the state of Chihuahua has not the importance which the yellow press in vain is trying to attribute to it.

"The groups of men commanded by Villa and his satellite, Angeles, are not a menace to the tranquility of the state, much less to that of the government in general. To confirm my opinion the central government of Mexico has today suspended the mobilization of troops to Chihuahua City, there being no more needed there.

"I make this public with the object of contradicting the false information published by the press stating that the situation there is grave, when in reality the late events developed in that region are of little significance and of no importance."

New York, May 31.—Miss Elsie Janis, actress, attached to the American expeditionary forces, by order of General Pershing, returned today from France, after 15 months with the troops. She gave 610 performances during her work of making the doughboys life more enjoyable.

"I am engaged to the whole A. E. F.," Miss Janis said. "It is simply impossible for me to pick out any one of those thousands of wonderful boys. Some people talk of my having sacrificed a lot of money by giving up my engagements here. I would not have missed the education I have had in knowing Americans as they were in army circles for all the money in the world. They are healthy in body, mind and heart. They are good fighters, good eaters and good (Miss Janis accented this 'good') drinkers."

"Atmospherics" is the bugbear of the wireless telegraph operator. Any electrical disturbance in the earth's atmosphere seriously interferes with his work. As an illustration, every single flash of lightning gives rise to waves of such enormous power that a flash in England will affect wireless stations in Africa.

Children smile when they take

FOLEY'S HONEY AND TAR

1st. It tastes good.
2nd. It makes them feel good.
3rd. It will turn a distressed, fretful child into a happily smiling one.
Because it is just what children ought to have for feverish colds, coughs, croup, "snuffles" and heavy, wheezy breathing. It puts a healing, soothing, coating on a feverish, inflamed, tickling throat, and it stops coughs quickly. It is good for croup, too.
It contains no morphine, chloroform, or other drug that you would not like to give to young children, and it is just as effective for grown-ups.
O. G. SCHAEFER
Sold Everywhere.

Plymouth, Eng., May 31.—The American seaplane N. C-4 completed her flight from the United States today. She arrived here from Ferrol, Spain on the last jump of her journey at 2:26 p. m. local time (1:26 p. m. Greenwich time.)

Keen interest in the event, brought out large crowds to greet the arriving Americans, the great wings of whose plane were made out off of the harbor at 2:23 o'clock.

Trip Is Ended

The N. C-4 making a dashing finish, swept quickly landward and three minutes later had settled down on the waters to the accompaniment of cheers from the crowds and salutes from all the steam craft within sight—her memorable trans-Atlantic trip ended.

The N. C-4 made the distance of approximately 500 miles to the port in six hours 59 minutes, or at the rate of nearly 72 miles an hour.

The program for the greeting to the commander and crew of the N. C-4 included a reception immediately after their arrival here.

To the reception on the Rochester there were invitations to British military officers, the American consul and his wife, American naval officers, Major Waldo and Mrs. Astor, the invitations being extended by Read Admiral Plunkett, in charge of the function. Officers of the royal air force will entertain the American airmen this evening at a Plymouth hotel.

May Make Direct Flight

It has been learned here unofficially that there is a prospect that the American seaplane N. C-4 may fly home over the direct Atlantic route from Ireland to Newfoundland. It is understood that the conference will be held here shortly to discuss the project.

American naval officers say the N. C-4 is in better condition than when she began her flight. Furthermore the experience gained by all of the N. C-4's navigators and pilots would prove of inestimable benefit should the return flight be attempted.

Was on a Torpedoed Ship

Thomas A. Breslin, 645 Broadway, Albany, N. Y., writes: "Having been on a torpedoed ship coming to this country from England, I had a cold ever since. I was advised by a friend to take Foley's Honey and Tar and before long I was cured." You can stop that cough or cold that has been lingering since spring. O. G. Schaefer. Sold everywhere.—Adv.

DE LA SALLE BOYS HAVE SPLENDID AND INTERESTING TRIP TO CAPITAL

On Saturday morning a joyous group of students of De La Salle institute left for Santa Fe in cars graciously furnished by H. C. de Baca and A. A. Sena. The party was formed by the "La Salle" Baseball team and the Dramatic club of the Brothers' school. The trip was a most pleasant one all the way through. On their arrival at Santa Fe they were greeted by the faculty and students of St. Michael's college and were given an excellent treat.

Unfortunately the scheduled game with the St. Michaels Giants had to be stopped on account of the unusually chilly weather, but the "actors" made a hit with the skillful interpretation of three bright comedies of their stock plays.

The faculty and the students of St. Michael's were delighted by the performance which took place at the St. Michael's auditorium at 7 o'clock p. m. and was over at 10.

On Sunday morning the Las Vegas visitors were taken through the historical capital of the state. At the New Mexico penitentiary they were welcomed by Hon. Fidel Ortiz, who insisted on personally accompanying the party through the different departments of the institution.

At 4 o'clock the happy crowd took leave of their amiable host and motored back to Las Vegas where they arrived safely last night.

The names of the excursionists are Brothers B. Victor and A. Michael; Jose C. de Baca, Manuel Sena, Louis Blanchard, Francisco C. de Baca, Benigno A. Martinez, Ignacio Sena, Bernabe Maes, Alfonso Martinez, Felipe Chacon, Manuel Maes, Alfredo Martinez, Claudio Trujillo, Luis Martinez and Daniel Sena.

Washington, June 2.—Increased telephone and telegraph rates put in effect last January 21, under an order of Postmaster General Burleson were upheld today by the supreme court.

Railroad Rates

Railroad freight and passenger rates increases made by the railroad administration last June were today upheld by the supreme court.

North Dakota supreme court decrees enjoining the Northern Pacific railroad and Director General Hines from enforcing an order of the railroad administration increasing rates in that state were reversed.

The court also set aside lower court decrees which held that under section 15 of the railroad control act, regarding pre-existing intra-state rates remained in effect as lawful police regulations.

The court held that the authority conferred by the resolution and the act were war powers conferred on the president and that the power of the government was supreme and conclusive. The opinion was unanimous.

Phone Rate Increases

The court held that under the joint resolution by which the wire systems were taken over by the government there was authority for it following intra-state rates.

The court set aside South Dakota decree enjoining the Dakota Central and three other telephone companies from increasing intra-state rates with the postmaster general orders.

Federal court decrees permanently

restraining the postmaster general from charging rates in Illinois were dissolved by the court.

The opinion in all of the wire cases was unanimous. Massachusetts decrees dismissing the state public service injunction were affirmed and original proceedings brought by Kansas were dismissed.

"IDAHO BILL" PEARSON OF HASTINGS, NEB., WILL FURNISH VICIOUS ANIMALS

The Coyboys Reunion Association has contracted with Colonel "Idaho Bill" Pearson of Hastings, Neb., for a carload of vicious bucking broncs to be used during the Reunion. The horses are contracted for with the understanding that if they do not buck, Idaho Bill will get no pay. Colonel Pearson has been found to be as square a man as the Reunion has ever dealt with, and in his letter to the association he stated that if he were given sufficient time to round-up bad horses on his Utah and Idaho ranches he could bring in some buckers that would deliver the goods. This will be the colonel's fifth consecutive visit to Las Vegas with broncs.

The Prizes

The prize lists for the Fifth Annual Reunion, July 2, 3, and 4, have been published. Regular prizes, parade prizes and specials total about \$5,200. They are:

Bronc Riding	\$530.00
Steer Roping	800.00
Steer Bulldogging	450.00
Cowboys' Relay Race	450.00
Cowgirls' Bronc Riding	300.00
Range Relay Race	175.00
Goat Roping	150.00
Pack Race	150.00
Barrel Race	150.00
Cowboys' Trick Riding	200.00
Free-for-all Races	300.00
Trick and Fancy Roping	225.00
Slow Horse Race	50.00
Steer Riding	100.00
Ladies' Free-for-all Horse Race	50.00
Wild Mule Race	100.00
Quick Change Novelty Race	45.00
Chuck Wagon Race	100.00
Potato Race	40.00
Tug of War	25.00

The complete program for the firemen's flower fete, which will be given at the Duncan opera house next Monday night, will be announced in a few days. In the meantime, sufficient interest has been aroused in the affair to induce a large number of persons to purchase tickets. The first part of the program, which will begin promptly at 8:45 o'clock, will consist of musical extravaganza, including a sketch, justly entitled "A Hot Sketch," in which the East Las Vegas firemen will appear. This sketch is full of slams and jollities, songs and dancing. The decorations will be elaborate and the music excellent. Dancing will follow the entertainment program, and will begin shortly after 10 o'clock. The entire lower floor will be reserved, seats being obtainable now at Sunblom's shop. The gallery and balconies will be open to general admission tickets. A large number of tickets has been sold.

The Salvation army aims to transform all saloons in New York after July 1 into corner clubs for working men and boys.

Washington, May 30—Secretary Baker renewed before the house military committee yesterday his recommendation that congress provide a temporary army of 509,000 men.

"I am not asking for any increase in the permanent military establishment" the secretary said "all I am asking for is sufficient money to provide for an army of 509,000. The great need now is quick action."

Military education in all schools above primary grades was thought advisable by Secretary Baker.

Committeemen questioned the secretary closely on the war department's policy on the size of the army in case allowances were made for the maintainance of 500,000 men.

"The men of men will be reduced to the figure authorized unless a change in the international situation arises which might make a larger force necessary," said Mr. Baker. "In that event congress will be asked to change the law."

The war department's policy toward uncompleted projects was termed by the secretary "of the greatest importance to the country."

Summer Complaint in Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully 99 out of every 100 cases recover. Mr. W. G. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea for summer complaint in children. It is far ahead of anything I have ever used for this purpose."—Adv.

HERNANDEZ HONORED

Congressman Benigno C. Hernandez has been accorded the honor of introducing the republican substitute for Secretary of the Interior Lane's soldiers' settlement measure. It provides for an appropriation of \$500,000,000 to establish agricultural homes for veteran soldiers. In fact, 35,000 returning soldiers have already applied for such homes in the west.

UNITED STATES AGAIN CONSIDERING LETTING MEXICANS PASS, SAYS HUDSPETH

Washington, June 3.—Private advices received here in Mexican circles said Francisco Villa's forces captured Chihuahua City yesterday. The advices were without confirmation.

General Candido Aguilar, Mexican minister for foreign relations, left Laredo today for Washington on an official mission after his arrival from Mexico City.

Two carloads of soldiers with three machine guns escorted the party from Mexico City to the border.

El Paso, Texas, June 3.—Mayor Charles Davis today received a dispatch from Representative Hudspeth in Washington to the effect that Acting Secretary Polk is reconsidering his refusal to allow Mexican troops to pass through the United States and may give his consent to the Mexican government. Representative Hudspeth urges that all possible influence be brought to bear against granting the permit.

All residents here are of the opinion that the proposed action of bringing troops through the United States would lead to fearful reprisals by Francisco Villa on Americans in Mexico.

Laredo, Texas, June 3.—Andres Garcia, Mexican consul general at El Paso, arrived here today to confer with Candido Aguilar, the Carranza minister of foreign relations who is on his way to Washington.

Villa is reported to have about 2,000 men on the way to attack Chihuahua City, he said, but so far as he has been able to learn, the attack has not yet been made. When it comes however, "Villa will be defeated by the most effective force yet opposed to him," Garcia predicted.

PETITION DENIED

Los Angeles, June 2.—The petition of Albert E. Snyder, of San Francisco to have his mother, Mrs. Clara Baldwin Stocker, declared incompetent to handle the \$10,000,000 estate she inherited from her father, the late E. J. (Lucky) Baldwin, California turfman, was denied today by the superior court.

BOLSHEVIKI MOBILIZING

Vladivostok, May 30.—A large number of bolsheviki is mobilizing at Jarkanka, in the important Suchan mining district, and according to reports, are preparing to attack the allied mine guards.

Loss of Apeptite

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise very day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it. —Adv.

President Wilson in a recent Paris speech, done in English, is reported to have said: "The heart of the world is under very plain jackets. The heart of the world is at very simple firesides. The heart of the world is in very simple circumstances; and unless you know the pressure of life of the humbler classes you know nothing of life whatever."

The heart of Mr. Wilson is under a frock coat, and his brain is under a high silk hat. The heart of Mr. Wilson, for the last six months at least, has been at the firesides of royalty and in the beds of princes of the blood. The heart of Mr. Wilson has pulsed with joy at gold plate dinners and in enjoying a homage greater than that of kings. The "simple circumstances" of his first trip to France were followed by the presentation of a bill to congress of \$5,000,000 to defray expenses, and what the second trip will cost is not yet known, but the \$1,000,000 said to have been expended in renovating the Hotel Crillon—the Paris white house—will be an item.

Mr. Wilson's boyhood days, so it is stated in his official biography, were spent in the south, "where he prepared for college with private tutors." He entered Davidson college at 18 years of age, and from 1874 to 1902, with the exception of two years unsuccessful practice of law in Atlanta, Ga., he idealized in the sequestered environs of exclusive universities—Princeton, Virginia, John Hopkins, Bryn Mawr, Wesleyan and back to Princeton. In 1885 he married the daughter of a distinguished family of Savannah, Ga., who died in 1914. In 1915 he married a wealthy resident of Washington, who claims the more or less blue blood of Pocahontas. His chief recreation is golf; his chief diversion, note-writing.

When did Mr. Wilson ever come into direct contact with "the heart of the world?"

When the NC-4 reached the Azores on its flight across the Atlantic every American was sure that the lesser hop to Lisbon would be successfully negotiated. And to the credit of the navy and the glory of America the doughty American reached the Portuguese capital and then England. The courtesy of Columbus's voyage to America has been returned.

Now that it has been done it seems a simple thing, but one has but to think of the tremendous preparations that were required, and the hazardous ventures that the sister planes, the NC-1 and the NC-3, met with on the first hop to appreciate the great obstacles that had to be overcome.

It took brains, courage, spirit and

perseverance to write the page in history that Commander Read closed. It is an enduring monument to American genius. Every American takes off his hat to the courageous daring of Harry Hawker in his attempt to fly across the Atlantic, but his failure only goes to emphasize the mighty accomplishment of the American flyers.

Perhaps this maiden voyage of the Americans to Europe will entail as many far-reaching consequences in the world's future as the voyage of Columbus, more than 400 years ago, entailed in the intervening years.

Some kill-joy up in Chicago announces that raisins added to soft drinks will not put the desired "kick" in the beverage thus treated. Perhaps he didn't wait long enough for nature to take its course.

The old-fashioned girl who used to consult a fortune-teller before she married a man now has a girl who is smart enough to consult an income tax collector.

Though the profiteers haven't died for their country, there is no mistake about their bleeding their countrymen.

The next step of course will be to devise some way to get sustenance from the milky way for trans-Atlantic aviators.

One thing the democrats may "point to with pride"—they have made government ownership undesirable.

Our opinion is that if a woman pays luxury tax on a pair of silk stockings they are going to be seen.

Congress has on its hands one medium-sized, opinionated president.

DR. HEWETT URGES BEST BUILDING FOR NORMAL

Dr. Edgar L. Hewett, of the School of American research, and first president of the Normal University here, while in the city to see Governor Larrazolo, by appointment, gave the following interview to the editor of the Optic. Dr. Hewett is on his way to the east, and talked over matters regarding child welfare board and other educational matters with the governor. Dr. Hewett will attend the annual meeting of the National Conference of Social Workers at Atlantic City and the convention of the Pan-American association commercial conference in Washington. He will remain in the east about three weeks.

Dr. Hewett has just been elected vice president of the Museum of New Mexico, of which he has been

a director, this being the first time in its history that the American Federation of Arts has honored a New Mexican with office. Other vice presidents of the institution are Henry White, one of the American peace plenipotentiaries in Paris; William K. Bixby, the St. Louis millionaire and art collector; E. H. Blashfeld, noted artist and Archer M. Huntington of New York city.

Dr. Hewett said:

"The Normal University has surpassed all the promises that were made here over 20 years ago. I remember it was predicted then that in less than 20 years there would be an enrollment of from five hundred to eight hundred students annually, and based on that there were some estimates made of what it would mean in the way of cash revenue to the city to have such an institution here. It was partly on the strength of these predictions and partly on their faith in the future of the city and of New Mexico that the men of that time went ahead on such a scale. The citizens raised nearly \$20,000 in one evening to help build the main building. It is due to Dr. Roberts and an excellent faculty on the one hand, and to your having built an establishment that is in every way worthy of the name, Normal University, that you have now an institution beyond any other in the state in point of attendance and general usefulness.

"It took some courage twenty odd years ago to build, in this little city of Las Vegas, and in the then rather backward territory of New Mexico, an institution which would meet the needs of any state in the union, no matter how prosperous it might be. That is exactly what was done by the men who had charge of this institution and it never could have been done if the people had not backed them up so generously in the beginning. The building of the school had dragged for several years and it was a question whether they should let the whole thing go by the board or build a mediocre establishment or get behind the regents and do the big, fine thing. It was the latter policy that prevailed and everybody has been proud of it ever since.

"Your main building still stands as far and away the finest educational institution building in New Mexico, and ranks with the best in the United States. Moreover, it will so rank for the next hundred years. I do not believe any one in Las Vegas ever looks at that building without a feeling of deep satisfaction. It sets a standard for the building up of this city that you can never get away from. Once you have become accustomed to seeing a noble building like that every day of your life, you can never be satisfied to look at an ugly or mediocre one. A great building is a record of the judgment and courage and good taste of the people who erected it. It is their most enduring monument. Many forget when constructing a public building that they are putting up something by which they will be measured for a long time to come.

"The Normal University is now facing a time as critical as that was twenty years ago. We must realize that we are approaching a great development in this state. To say that we must now build for from twelve hundred to eighteen hundred stu-

dents here in the next twenty years is just as conservative as it was to say at the start that we must build for from five hundred to eight hundred students in twenty years. Our present rate of development makes it inevitable. The regents have a difficult task ahead of them. The state has only given them a small amount of money, \$75,000, and they need a quarter of a million in order to go ahead on something like the scale originally adopted, simply for the physical needs of the school for the next ten years. I know that the regents and president would like to do this in a way that would be worthy of this state, or any other state, and nobody in Las Vegas would like to think that a thing can't be done now as well as it was done twenty years ago. Neither the city nor the state can afford to go backward. If you have the nerve today that those men of twenty years ago had, you will build something in keeping with the original establishment and the state will back you up in it.

"To build for a big future now is the only wise policy. The state will either build more schools or enlarge what it has. The latter is the only sound policy. It is well recognized that there is neither economy nor efficiency in having numerous scattered institutions poorly provided for. There will come in this state a concentration of institutions, and when we get where we can look beyond selfish local interest, it will not be questioned that Las Vegas is the ideal city for educational work. This is something to bear in mind when you think of the plan for the Normal University. It ought to be sufficiently expansive to meet any future contingency and it ought to be kept so impressive in its physical appearance and so excellent on the professional side that its pre-eminence will remain unchallenged.

"The new building that is planned now is for the training school. That means that it should be a model to which all the schools in the state can turn for help in school construction, just as we all look to the normal schools for leadership in educational methods. It won't do to build something merely commonplace; it must be something for the whole state to pull up to. I am saying nothing that is new to you or that the rest of you have not thought about. I really believe that this is what is wanted by the people of the city and of the state, and if so, we can certainly find a way to bring it about. It is, of course, disappointing that the legislature could not provide funds to enable the regents to do what is really demanded of them, but we are still under the unusual load of war costs. When free from that, the big move is going to be in education. We are going to have state institutions and public schools up to the best in the world. Nothing less will be acceptable to the people of New Mexico. Your Normal University has made a great record. It is something to be proud of and something to live up to."

Those who have to do heavy brain work require more sleep than the most strenuous manual laborers, for the reason that the body recuperates more quickly than the mind.

SENATE SEETHING OVER PEACE TREATY 'LEAK'

Washington, June 5.—A vote may be reached in the senate late today on the bitterly debated resolution introduced by Senator Johnson of California, asking the state department for the full text of the treaty with Germany. Several hours of discussion were expected, however, and supporters of the measure were not certain of their ability to bring a vote before adjournment.

Investigating "Leak"

It was stated today that Senator Hitchcock introduced his resolution for an investigation of the reported "leak" of copies of the treaty to New York at a request from the white house after a conference yesterday with Secretary Tumulty.

President Wilson is being kept fully advised of the situation in the senate but so far as has been made known he has not indicated whether he would authorize the state department to furnish the treaty text to the senate in the event of the passage of Senator Johnson's resolution.

Calls it "Monstrous Charge"

Senator Hitchcock of Nebraska, in calling up his resolution for a senate investigation of all facts in the case, declared the statements of Senator Lodge of Massachusetts and Borah of Idaho, republican members of the committee regarding the presence of copies in New York constituted a "monstrous charge."

Lodge Corrects Hitchcock

A declaration by the Nebraska senator that Senators Lodge and Borah had "insinuated broadly that the president permitted copies to go to business concerns in New York city," brought Mr. Lodge at once to his feet. "I said nothing whatever about financial interests," assured the Massachusetts senator.

"This charge involves an attack on the president of the most scandalous nature. It appears to be a new chapter in the attack on the treaty itself. It is a monstrous charge. Men who make such a charge owe it to the public to demand investigation and they would have demanded investigation if they had been making it in the public interest and not for the possibility of hurting the treaty."

Senator Hitchcock declared that if New York interests had treaty copies "they apparently are in closer communication with enemies of the treaty than with friends of the treaty."

Calls it "Stolen Goods"

"If he held the treaty in his hands," shouted Senator Hitchcock, referring to Senator Lodge's statement as made in the senate, "he held stolen goods; goods probably secured by bribery; goods which the American representatives in Paris promised not to make public. It is a strong statement for a senator of the United States to make that the president is withholding copies of the treaty here and allowing it to go somewhere else."

Senator Williams, democrat, of Mississippi, referred to the refusal of George Washington to furnish the house of representatives with a copy of a treaty, to which Senator Borah, republican of Idaho, said, "why quote George Washington. You have repudiated all of his doctrines."

"I say the time has come for an investigation," said Senator Hitchcock,

resuming, "I want to know what interests the Massachusetts senator has been talking to and how these interests got into possession of the treaty."

MATTER TO BE DISCUSSED AT SOLDIER MEETING AT COM- MERCIAL CLUB TONIGHT

Several Las Vegas boys who went out from San Miguel county in the first and second drafts are to return to this city soon, possibly Monday or Tuesday of the coming week. They have been serving their country with distinction and honor during the world war, being in the 89th division. Several Mora county boys were with the same outfit. Local friends of the boys and several patriotic citizens have suggested that Las Vegas give them a concerted and royal welcome when they return to this city. Already friends have arranged to hold a dance in their honor. The matter will be taken up at a meeting of soldiers to be held at the Commercial club rooms this evening. What say you?

Phoenix, Ariz., June 5.—Governor Larrazolo has asked Governor Campbell to represent him at the demobilization of units of the 89th division at Fort Bliss at the end of this week and the beginning of next. The 89th numbers in it stranks many Arizona and New Mexico soldiers.

A telegram from Governor Larrazolo was received at Governor Campbell's office, stating that it would be impossible for the New Mexico executive to be present at the demobilization, and asking Governor Campbell to represent him. The message was forwarded to Arizona's governor, who is in Washington preparatory to starting for home, after participating in the welcome to the 89th division as it landed in New York from transports.

The governor said in a telegram to his secretary, P. R. Milnes that he would start for El Paso, to help speed up the demobilization of the 342nd field artillery of the 89th division, which is expected to reach Fort Bliss tomorrow.

Albuquerque, N. M., June 5.—By joining the league of nations, the United States will surrender only the right to declare war without notice, according to the view expressed by Homer S. Cummings, chairman of the democratic national committee, in an address delivered here last night.

"Great Britain, France and Italy and all other nations, subscribing to the terms of the league will surrender the same sovereign right," Mr. Cummings added. "Therein lies the safety of the world."

Consideration of democratic newspaper needs in New Mexico was the feature of the deliberations of the democratic state central committee, which is in session here today under the leadership of Homer S. Cummings, national committee chairman and other national chieftains. A special committee to investigate the weekly and possibly the daily newspaper field in this state was named.

The forenoon was taken up with meetings of the state central, the county central, the editors and publishers and the women's committees. The afternoon session was taken up chiefly with organization work. The two-day session will close with

a banquet tonight, in honor of Mr. Cummings, who will speak on "the president of the United States." E. E. Veeder of Las Vegas is chairman of the democratic state press committee.

Organization of a New Mexico press syndicate to raise funds for either the establishment or the purchase of a daily newspaper or newspapers, somewhere in the state, was officially announced here late today following a session of the editors and publishers sub-committee of the democratic state central committee.

WILL NOT SHIRK PEACE OBLIGA- TIONS—HUN GOVERNMENT ORDERS HIS ARREST

Wiesbaden, Germany, Monday, June 2.—Dr. Dorten, former states attorney and head of the provisional government of the Rhenish republic yesterday forwarded two messages to the allied peace delegations at Paris. In one he announced that the delegates of the Rhenish republic had assembled at Wiesbaden and proclaimed a republic.

They do not propose to shirk the obligations connected with the work of restoration in Belgian and northern France. They implore the protection of the French authorities against the opponents.

Paris, June 4.—Sweden and Denmark have notified the peace conference that they will not join in a blockade of Germany in the event of a German refusal to sign the peace treaty. They state that a blockade could be made effective without their violating their neutrality.

Two changes in the German peace terms, one territorial and the other financial are being considered by the council of four, it became known today.

Berlin, June 4.—The German government has issued an order for the arrest of Dr. Dorten, the president of the new revolutionary republic, the North German Gazette announces.

The government also, the newspaper states, has entered protests both at Paris and at Spa, the headquarters of the armistice commission against the behavior of the French authorities in the occupied area of the Rhineland.

BOLSHEVIKS SUCCESSFUL

London, June 4.—A Russian wireless message received here today claims that the bolsheviks have successfully undertaken a counter offensive against the Estonians and the north Russian troops advancing along the Gatchina railway.

The recent tumbling of thrones and crowns in Europe is not without historical precedent. Napoleon's downfall in 1814 emptied seven thrones, from Warsaw to Spain, and the wave of revolution in 1848 swept eight sovereigns, including the pope himself, into exile.

Was on a Torpedoed Ship

Thomas A. Breslin, 645 Broadway, Albany, N. Y., writes: "Having been on a torpedoed ship coming to this country from England, I had a cold ever since. I was advised by a friend to take Foley's Honey and Tar and before long I was cured." You can stop that cough or cold that has been lingering since spring. O. G. Schaefer. Sold everywhere.—Adv.

SHORTAGE OF ROOMS APPARENT —ENTERTAINMENT FOR PUPILS SATURDAY

Today, the first registration day at the Normal University here, brought more pupils than had been anticipated. The number registered at 2 o'clock this afternoon had reached 350, and was continuing rapidly. The number registered for the first day is larger than the number for the same day last year. Registration will continue Friday and Saturday, and hundreds more are expected to register.

The great influx of students has caused another shortage of rooms for the pupils, and Miss Kiker this afternoon asked that an appeal be made through the columns of this paper for the further registration of rooms for the students. If you have a room suitable for roomers or if you have rooms suitable for light housekeeping, you are requested to communicate with Miss Kiker at the Normal dormitory at once.

The summer school had 757 pupils last year, the enrollment almost totally among out-of-town students, and if the enrollment this year is greater, the demand for rooms will be heavier than ever before.

Saturday evening at 8 o'clock at the armory, the physical training department of the Normal University is to present their exhibit, the entertainment being free to the summer school students. Others who wish to attend will be charged an admission fee of 25 cents each. The exhibition was given free of charge for the benefit of the townspeople some time past.

WAGNER TO VISIT HERE

Santa Fe, June 5.—Superintendent of Public Instruction J. H. Wagner left yesterday for Tucumcari to deliver the commencement address and to speak to the teachers' institute, one of the largest held in the state. From Tucumcari he will make a visit to the other institutes now in session at Clayton, Raton, Belen, Roswell, Santa Rosa and the summer schools at East Las Vegas and Silver City.

During the great war 5000 non-Teutonic ships were sunk and 20,000 lives were lost in sea attacks or as the result of injuries sustained therein.

The Raton Range says: Mr. Leo Regensberg and Miss Retha H. Sale were married at the Seaberg hotel last Saturday morning at 5:30, Rev. W. C. Taggart performing the ceremony. The young couple was accompanied to Raton by Mrs. John S. Fenner, a mutual friend from Colmor. Miss Sale has been principal of the school at Colmor during the school year just closed, and her people are residents of Missouri.

The rat is the only wild animal that lives under the same roof with man.

Among the employes of the United Steel corporation there are said to be at least a dozen men, some of them still in the twenties, whose earnings average over \$150,000 a year.

Within the past few years the price

NO SPECIFIC SUM SET

Paris, June 5.—The financial clause of the Austrian peace terms as completed, fixes no specific sum as reparation payment.

LIST SHOWS STUDENTS WHO EXCELLED IN VARIOUS DEPARTMENTS

The New Mexico Normal University prizes and awards for the students who did the best work in various departments have been announced and are as follows:

Helen Allison, ring, best cook.
Gladys Tipton (bread), Daisy George (bread), Susie Moore (bread), McWenies prize divided among the three.

Peninnah Kunkle (Latin) Dovie Baldwin (Latin), Taupert prize divided equally.

Best literary production in the Trigonian News, Margaret Chancellor, "Christmas at the Dorm."

Scholarship Prizes

Dula Mai Vickers, \$4.50; Ethel Umberhine, \$4.50; Saul Harberg, \$7.50; Vida Sulier, \$1.50.

O. G. A.—Grace Roseberry, Ruth Flinn, Saul Harberg, Maude Scott, Delgado, Fannie Fordon, Violet Hoff-Miguel Abeyta, Teresina Barela, Anna B. Conant, Margaret Craven, Philip Delgado, Fannie Fordon, Violet Hoffman, Juliet Kaufman, Filemon T. Martinez, Harriet Tooker.

Forty-word per minute typewriting certificate, Remington Typewriter company—Harriet Tooker and Teresina Barela.

Gold Medal awards by Remington Typewriter company—Philip Delgado and Jose Armijo.

X C Plus Society (High School)

Vida Sulier, freshmen.
None, Sophomores.
Flodel Davies, Peninnah Kunkle, Dovie Baldwin, juniors.
Anna Conant, Saul Harberg, Elbredo Greenberger, Margaret Chancellor, seniors.

(College)

Dula Mai Vickers, Zadah Mudgett, juniors.

Ethel Umberhine, seniors.
Outstanding Students
Psychology, Mary Holt.
Education, Dula Mai Vickers.
English, Louise Jaramillo.
Bookkeeping, Mrs. Rachel H. Barton.

High School Department

Mathematics, Edward Reynolds.
Physical Science, Elberto Greenberger.
Botany, Dovie Baldwin.
Zoology, Filemon Martinez.
Latin, Dovie Baldwin and Peninnah Kunkle.
English, Ruth Reynolds.
Domestic science, Emily Blattman.
Music, Selina Sizer.
Spanish, Ruth Reynolds.
History, Saul Harberg.
Civics, Saul Harberg.
Manual training, Peninnah Kunkle.
Art, Katherine Larkin.
Typewriting, Ruth Flinn.
Stenography, Margaret Craven.
Agriculture, Daisy George.
Fifth grade critic, Nina Tople.

Training School Scholarships

Mary Fulgenzi, Hedcock prize. Eighth grade.
Harold Furgeson, Taichert prize; Catherine Powers, electric iron, O'Malley. Seventh grade.
John Burks, Taichert prize; Dorothy Tschann, Murphey prize. Sixth grade.
Albert Fries, jardiniere, Ifeld prize. Fifth grade.

Outstanding Students in the Training

School

Lawrence Fries and Augusta Penny, first grade.
Vernon Mottinger, Adele Ifeld and Dorothy Bowen, second grade.
Virginia Staley, third grade.
Edward Scott, Frances Carroon, fourth grade.
Jane Davis and Albert Fries, fifth grade.
Dorothy Tschann and John Burks, Jr., sixth grade.
Katherine Powers and Harold Furgeson, seventh grade.
Mary Fulgenzi and Fred Naylor eighth grade.

Neither Absent or Tardy

Dorothy Wertz, sixth grade.
Eunice Snelling and Doris Yoakum, fourth grade.

Eighth Grade Graduates

Marie Baca, Aaron Baker, Alva Buler, Marie Cochrane, Joe Dice, Howard Donig, Helen Ellis, Margaret Fitch, Mary Fulgenzi, Merrill Gonzalez, Marguerite Green, Rosarito Garcia, Antonio Gutierrez, Crisostona Herrera, Edgar Hoag, Alice Long, Herbert Moroe, Fred Naylor, Augusta O'Malley, Charlotte O'Malley, Onesimo Salazar, Dean Stapp, Frances Veeder.

The M. M. Padgett prize will be awarded at the end of the summer school.

BEULAH BUDGET

Beulah, N. M., May 30.—A number of the boys of this community are returning from the job of licking the kaiser, and are in good trim for the next call of Uncle Sam. But we hope there may not be a necessity for a call to arms for many years to come.

Sergeant Omar Barker, of the 502nd engineers, and Harry Mossiman of the 20th, landed in the United States about the twenty-first and will be discharged soon. Omar was among the first to volunteer and has seen a long term of service, and some of it extremely hard.

Miss Alice Arnold of Taos, is visiting her sister here, Mrs. Elliott Barker.

Miss Grace Barker and her brother, Marion, are going to Santa Rosa, wher Miss Barker will assist in conducting the county institute for four weeks.

The oldest man in the community is the first to procure a fishing license. He took the whole license for which he had to plank down \$2.50 and has another \$2.50 to wager that the law will not be enforced rigidly in some districts.

Our streams are badly in need of being restocked. Whose job is it to look after this?

RUSTICUS.

Helped Her Little Girl

Children need all their strength for growing. A lingering cold weakens them. Mrs. Amanda Flint, Route 4, New Philadelphia, O., writes: "Foley's Honey and Tar cured my little girl of the worst tickling cough." Gives immediate relief from distressing, racking, tearing coughs, soothes and heals. O. G. Schaefer. Sold Everywhere.—Adv.

Paris, May 30.—Vittorio Orlando, the Italian premier, called upon President Wilson this morning for a conference over the details of the Adriatic settlement. It is understood that this settlement is rapidly approaching final shape.

WATROUS NEWS

The most beautiful spot on earth is the Watrous valley. Tourists are delighted with the drive thru the valley.

Mrs. J. H. Kelly has gone to Texas to visit her mother, stopping for a visit in El Paso with their daughter Mrs. Pettus a few days.

Mrs. Art Wilson has gone to Kansas to visit relatives. Art is wondering where he can board when the cake and bread gives out.

Everyone is through planting and waiting for the alfalfa which will soon be ready to cut.

M. A. Van Houten moved his big herd of cattle to the Salado pastures from Fort Union.

Mr. and Mrs. L. H. Kronig received a message from Captain L. H. Kronig that he has arrived in New York from overseas.

Mr. and Mrs. George Hoyle made a trip to Las Vegas.

Santa Fe, June 2.—Chairman Arthur Seligman of the democratic state committee today announced the program for the meeting of the committee at Albuquerque on June 5 and 5, when National Chairman Homer S. Cummings, national director of Publicity W. J. Cochran, and the chairman of the woman's bureau, Mrs. George Bass, will make addresses.

Thursday afternoon, the committee will dispose of routine business. At the same time there will be a meeting of the democratic county committee with G. L. Reese presiding.

The editors and publishers of the democratic press will meet at the Y. M. C. A. at the same time with Elmer E. Veeder of Las Vegas presiding. The address will be by W. J. Cochran. The democratic women will meet at the Elks club with Mrs. E. E. Veeder presiding. The address will be by Mrs. George Bass. A luncheon will be given for Mrs. Bass at the Alvarado.

In the afternoon Mrs. E. E. Veeder will lead in discussing "How Shall we Organize to Make Our Aims Effective?"

Washington, D. C., June 1.—Renewal of the recommendation to congress that the old army stations and posts in the south and west, most of them relics of pioneer days, be abandoned, is understood to be planned by the war department. The department would use some for hospitals and other government purposes and sell the remainder.

Army officers say that many of the posts not only have been expensive, but have weakened the effort to organize an efficient army by scattering the various elements throughout the country.

She Feels Younger and Stronger

Middle-aged and older persons are apt to suffer from overworked or weakened kidneys and bladder. Mrs. Warren Dyer, Arkport, N. Y., writes: "I used Foley Kidney Pills for weak kidneys and pains in my back, and they gave me relief. After taking Foley Kidney Pills I feel younger and stronger." O. G. Schaefer. Sold Everywhere.—Adv.

NORWAY WILL NOT AID

Paris, June 2.—Norway has refused to join in a blockade of Germany intentional. Italian troops, he said, case the German delegates refuse to sign the peace treaty.

YAQUI INDIANS REPORTED TO HAVE JOINED WITH VILLA —RESIDENTS FLEE

Juarez, Mexico, June 2.—Reports from reliable and trustworthy sources this morning are to the effect that Chihuahua City was attacked in force yesterday by Villa and his force. All communication is cut off between Juarez and the southern city and Mexican federal authorities at this end of the line are making no attempt to restore them. Reports from Mexican sources are that the fight at Chihuahua City is still in progress. Colonel Escobara, commanding the garrison in Juarez, admitted today that he had no communication whatever with Chihuahua City today. A military train sent out by him on a reconnaissance from Juarez yesterday returned after having gone no further than Samalayuca, about 20 miles south of Juarez.

Many residents of Juarez are sending their belongings and families across the international bridge into American territory today although there is no report of Villa forces near.

El Paso, June 2.—That Consul General Garcia, representing the Mexican government at El Paso, left hurriedly for Mexico City in pursuance of orders wired him from President Carranza immediately following the report today that Chihuahua City had fallen, is taken by Carranza and Villa officers as proof that the situation in Chihuahua is critical.

Nogales, Ariz., June 2.—General Alvaro Obregon, candidate for president of Mexico for the first time, read his manifesto to several hundred Mexicans and Americans congregated on the Mexican border line at Nogales last night.

Douglas, Ariz., June 2.—It is unofficially reported among the Mexican authorities at Agua Prieta, across the border from Douglas, that the Yaqui Indians have joined the Villa column which recently left Tonichi and attacked and raided several villages east and south of Quaymas.

Washington, June 2.—Estimates sent to congress by the war department provide for maintaining 600,000 men in France and Germany in July, 400,000 in August and 200,000 in September. Major McKay of the bureau of finance told the committee that should an army of occupation be needed after October 1, congress would be asked for additional funds.

OPERATORS STRIKE

Atlanta, Ga., June 2.—In accordance with an ultimatum served on officials of the Southern Bell Telephone and Telegraph company union operators started a walkout promptly at 3 o'clock this afternoon because of failure of the company to reinstate several of the girls for union affiliations. Shortly after that hour more than 150 girls had left switchboards.

ITALIANS DEMAND RIGHTS

Washington, June 2.—Attention of the war department has been called by the Italian embassy to the omission of any reference to Italian forces, which held lines in France last November. The omission was unintentional. Italian troops, he said, were holding 14 kilometers or 2-3 per cent of the western front.

JUAN VALDEZ SHOTS FULGENCIO ARCHIBEQUE IN QUARREL OVER WOMAN

As a result of a shooting affair at Sapello yesterday morning Fulgencio Archibeque is in the hands of the authorities, and Juan Valdez is in his father's home at Sapello with a bullet wound in the left cheek and ear.

The shooting occurred yesterday morning about 10:30 o'clock when Juan Valdez of Las Tusas, on his way to Sapello, met his sister who is the wife of Abundio Olivas, at present working somewhere in Colorado, in the company of Fulgencio Archibeque, aged 28 also a farmer of Las Tusas. Archibeque had returned to that location the day before from Colorado.

Valdez demanded an explanation as to why Archibeque was with his sister who is a married woman. Words followed and Archibeque drew a gun and fired at Valdez, the bullet going into the left cheek and coming out through the inside of the ear, back of the ear passing through the brim of the hat.

Archibeque fled, and Valdez who had not lost consciousness, was removed to the home of his father, Jose Valdez of Sapello. A doctor was called and the wound dressed. He is resting well today, and the wound is believed not to be serious.

Sheriff Secundino Romero of this city was notified at about 12:30 yesterday afternoon, and with Deputy Enrique Sefri and Seferino Baca made a hurried trip by auto to the vicinity. When he arrived there Archibeque had fled, and the sheriff and his men followed as far as possible by auto, later being forced to get a team of horses to continue the chase. The team was abandoned in the mountains and the men followed on horseback, and finally had to abandon their horses and follow the trail on foot.

Archibeque came to this city and was taking train No. 2 going east, which was about 20 minutes late, when captured. The prisoner was a little obstinate about going with the sheriff but was forced to go so.

Archibeque was taken to Los Alamos today at noon where he will be given a preliminary hearing before Judge Diego Trujillo.

FRANCISCO GONZALES RETURNS FROM WAR ZONE

Private Francisco Gonzales, who has been in the city since Wednesday left today for his home in Villa Nueva. Gonzales left Las Vegas last June 28 in the draft and was sent to Camp Funston where he was in training for one month. He sailed from New York and landed in Liverpool, England on July 10th. He was sent to the front and was in the battle of Chateau Thierry where he received two wounds in the left leg.

He left Europe for home on April 29th and landed in Camp Dix on May 11. He was sent to Fort Bliss where he received his honorable discharge on May 28.

KICK ON BRITISH CENSOR

Washington, May 30.—A resolution requesting the British authorities to cease censoring American mail was introduced today by Senator Sherman of Illinois.

THE MORE WE HAVE THE MORE WE WANT

Santa Fe, May 30.—That the United States was entitled to \$246, the sum it asked in its case against James A. Carey, for grazing cattle on the Lincoln national forest, was the verdict of a special jury in the federal court before Judge Neblett. Carey and his family have just refused \$3,000,000 for oil lands in the Ranger oil field, one of the wells pouring out 18,000 barrels a day. Yet, he resisted payment of the sum of \$246 assessed against him on the charge of trespass on the forest domain with his cattle.

Denver, May 31.—Warrants for the arrest of Robert A. Brown, cashier of the closed City Bank and Trust company, and J. S. Barnhill, president of the Colorado Pitchblende company were issued here today.

Brown is charged with embezzlement and larceny of a check for \$20,000 and Barnhill is named as accomplice.

The City Bank and Trust company was closed by the state banking commissioner last week. A shortage of more than \$1,000,000 is said to have been found.

The information on which the warrants were issued was sworn to by W. J. Galligan, president of the bank. The warrants were taken to the sheriff's office and it was said the men would be under arrest late today.

BRITISH COPS MAY STRIKE

London, May 31.—England is threatened with a countrywide police strike. The metropolitan police of London are balloting on the question. The Liverpool men already have voted in favor of topping work next Monday night. The police in some provincial cities also threaten to strike over wages.

Greenfield, O., May 31.—One overseas soldier killed and four injured as the result of a wreck on Baltimore and Ohio westbound train No. 39. The soldier was Joseph Claix of Phoenix, Arizona.

The train carried troops of the middle west enroute to Fort Worth, Tex., for discharge. The injured: Robert V. Jack, San Jon, N. M.; Joseph T. Sandoval, Los Alamos, N. M.; Michael V. Richards, Albuquerque, N. M., and another who has not been identified.

A Common Sense Cure

Don't suffer from billousness, sick headache, sour stomach, gas, bloating or other results of indigestion. Foley Cathartic Tablets clear the stomach and bowels, enliven the liver, and have a good tonic effect on the whole intestinal tract. They relieve the heavy feeling so distressing to stout persons. O. G. Schaefer. Sold Everywhere.—Adv.

COUPLE ESCAPE POLICE

Phoenix, June 2.—T. C. Clark, 19 and Ethel Rathe, 13, alleged by the police to be runaways from Yuma, escaped last night, from Constable J. Jones of Buckeye, as the officer was about to place the pair in the county jail here. Leslie Rathe, brother of the girl, was detained at the county jail. He alleges, according to the officers that Clark and his sister are married. The girl is small for her age, which is given at 13.

Atlanta, Ga., May 31.—An ultimatum threatening a strike of all union employes at 3 p. m. Monday, unless the Southern Bell Telephone and Telegraph company reinstates union telephone operators alleged to have been discharged recently and grants recognition of the union was presented to officials of the company today by a committee of employes of the company.

DISTILLERY IS LOCATED

Phoenix, May 31.—Seven gallons per day of "180 proof" whiskey was the capacity of a distillery raided late today in the river bottoms near Tempe by a force of deputies from the sheriff's office, according to their statements. George Daniel was arrested on a charge of operating the still.

AFTER LUXURY TAX

Washington, May 31.—Repeal of luxury tax section of the revenue bill was considered today in the house.

Fanny Siegal, aged 5, who was run over last evening about 7:15 o'clock by an automobile driven by Charles McCormick, is suffering from a swollen right face and bruised knees. The little girl was playing in front of the second hand store owned by her father on Lincoln avenue, and chased a thrown ball to the other side of the street. The child waited for the street car to pass which was going towards the depot, and coming from behind the street car, stepped directly in front of the Ford touring car being driven by McCormick. The car knocked the child down, but on account of the child being so small the car passed over her without otherwise injuring her. McCormick stopped and with the father of the child took her to the offices of Dr. Fleming, where her bruises were dressed. The child is resting easily today.

Dr. Frank H. H. Roberts returned today on train No. 1 after delivering the graduating address at Springer, Thursday evening. Yesterday morning at the same place he delivered a Decoration Day speech. Friday night he delivered a talk on "The American Spirit" at Miami in a lecturing course. He returned to Springer where he read the burial services for the wife of Reverend Saville, who is the Methodist minister at that place. Mrs. Saville died of tuberculosis. The remains will be shipped to her old home in Missouri for burial.

He Threw Away His Crutches

"Six years ago I had rheumatism so bad I was going on crutches," writes August Strandell, Sister Bay, Wis. "I tried several medicines and doctors and got no relief. Three bottles of Foley Kidney Pills cured me. I threw away my crutches." Have no equal for weak, sore, aching back, muscles or joints. O. G. Schaefer. Sold Everywhere.—Adv.

On the backs of most gloves will be found three thin stripes. These marks correspond to the fourchette pieces between the fingers. In earlier times gloves were not made so neatly as they are today and the stitching of the fingers was carried down part of the way on to the back of the glove, braid being used to conceal the seams.

Indianapolis, Ind., May 31.—3 p. m.—Wilcox, according to official scorers, was in the lead at 400 miles. L. Chevrolet relieved G. Chevrolet and was in third place. From third position to tenth the standing was Goux, Alley, DePalma, Biolet, Wagner, Cooper and Vail at the 400 mile point. Wilcox three laps ahead.

Indianapolis, May 31.—At 300 miles the standing in order was: Wilcox, G. Chevrolet, Cooper, Hearne and Boillot.

Bablou's car, driven by J. Chassagne, his relief driver, turned over. A. Romiguire, mechanic, was injured seriously. Chassagne was only hurt slightly. Thurman, the driver killed shortly before the turning over of Bablot's car, was from Newark, N. J. It was his first race on a brick track.

Various differences put the cars—driven by Durant and Klein out of the race also.

Two Burned to Death

Lecocq and R. Bandini, his mechanic, both burned to death on the back stretch of the speedway when their car caught fire. Lecocq's car caught fire while rounding the southeast turn of the track. The machine turned out and the men therein were covered with flaming gasoline. Both men burned for five minutes before guards and spectators reached them and extinguished the flames.

The accident was one of the most serious in the history of the track.

Arthur Thurman turned over on the north turn on the forty-fourth lap. Thurman was killed and Molinare, his mechanic, suffered a fractured skull.

The Start

The 500-mile international automobile race started under a sweltering sun at 11 o'clock this morning. Indication at the start were that previous records possibly would be broken.

At the end of the first 50 miles, DePalma led, Wilcox was second, Thomas third. Speed then was 92.14 miles an hour.

The speed on the first lap was 85.18 miles an hour. The average for the first ten miles was 73.06 miles.

Boillot was left at the post at the start for half a lap, but got away in a sprint to catch the field.

W. W. Brown pulled into the pits in eleventh lap with broken connecting rods.

At 75 miles Boyer went into pit on three wheels and was declared out of the race.

First Hundred Miles

DePalma led at the first 100 miles. Bablot was second and L. Chevrolet third. G. Chevrolet was fourth. All previous records of the speedway for that distance were broken, the average speed being 92.70 miles an hour.

De Palma First at 200

At 200 miles G. Chevrolet had to stop at the pit and change from first to third position. DePalma took the lead by the change, with Wilcox second. Others in order were L. Chevrolet, E. Cooper, Lecocq and Hearne. Average speed 91.20 miles an hour.

Chamberlain's Colic and Diarrhoea Remedy

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy.—Adv.

HURLEY TELLS CONFEREES PASSENGER AND FREIGHT SHIPS WILL BE USED

Washington, June 4.—Plans for the establishment of direct steamship lines connecting America from the Atlantic gulf with South and Central America were laid before the pan-American commercial conference today by Chairman Hurley of the shipping board. They call for direct lines from New York to Brazil, Argentina and Chile; from New Orleans or Mobile to the west coast of South America, and Seattle and other Pacific ports to western south American ports.

The line between New York and Brazil and Argentina, Mr. Hurley said, would be inaugurated on November 1, with the former German liners Mount Vernon, Von Steuben and Agamemnon, which are to be remodeled for this trade. These vessels have a speed of 23½ knots an hour and will be able to make the trip from New York to Rio de Janeiro in nine days and to Buenos Aires in 14 days.

"Contemplated plans," said Mr. Hurley, "call for at least two lines from New York to serve the West Indian trades, one of them covering the eastern Caribbean and the other the western Caribbean with canal connections at Colon. To serve the swelling commerce of the west coast a line will be maintained connecting Valparaiso and other western ports with Mobile or New Orleans. We have, today, a passenger service from New York to Valparaiso, which is nine days shorter than existed one year ago. As soon as the army returns our American transports we have weekly service from New York to Valparaiso in fine passenger liners through the Panama canal.

"Good liner service between Valparaiso and Seattle, with calls at all the important Pacific ports and also between San Francisco and New York will be resumed and American lines already established will be supplemented where required.

Finally and most important, there will be a line from New York to the ports of Brazil and the river Plate. Modern ships of the passenger cargo type operated over these lines will connect the great centers of trade, and to them will flow commerce from many intermediate points.

"It is realized that nothing less than the best will serve to satisfy the demands of Latin-American travelers and exporters. Therefore, no effort will be spared to make these lines conform to the highest standards of modern ship service."

Mr. Hurley said 226 ships of 826,334 deadweight tons already had been allocated to the Latin-American trade and that others would be assigned as soon as they became available.

Enthusiastic applause greeted his announcement of improved ship service to South America. He pointed out that the mail service between the two countries would be greatly improved.

The Cico baseball team will play the Santa Fe St. Michael college team Sunday afternoon, June 8, at Reunion park. The Cicos have not lost a game so far this season and do not expect to lose this one with the team from Santa Fe. However, St. Michaels team has the reputation

being one of the fastest teams in the state and they expect to prove it as far as the Las Vegas team is concerned. The Santa Fe team is making preparations to run an excursion here for their boosters and a large crowd is promised. The Las Vegas band will furnish music during the game.

Private Benjamin Ortega has returned to the city, having been mustered out of army service at Fort Bliss, Texas on the 22nd of May. Mr. Ortega served in the New Mexico National Guard in Co. H from Jan. 1914 to April 1916. He enlisted here on June 22, 1917, and was sent to Camp Kearney. He landed in France on July 9, 1918, and was in the advance on the Ourcq and the Vesle from July 28 to September 7, 1918. He was in the Meuse-Argonne offensive from September 26 to October 9, 1918, and from October 15 to November 11, 1918 was in the Leacourt sector. He served with Co. A, 143rd machine gun battalion, and was later transferred to the 28th division with Co. K, 109th infantry. On his return to this country he landed at Philadelphia and was sent to Fort Bliss, Texas, where he received his honorable discharge. Before going to the front he was employed in this city by the Charles Ifeld company in their warehouse, and he will resume his position there after a short visit with his father who has a ranch at Hot Springs.

Santa Fe, N. M., June 4.—On the ground that the man he killed had followed James Alvey through the streets of Roswell with a gun in his hand and told him there was no use running "for I will get you anyhow" Governor Larrazolo has pardoned Alvey, sent to the penitentiary from Chavez county in 1917 for 30 years for second degree murder. The governor's orders also sets forth that decedent had the reputation of being "a bad man," and that Alvey was always reputed peaceable and industrious. Eight members of the convicting jury asked clemency and Alvey is said to have a family in destitute circumstances.

On the latter ground the governor also pardoned Julian Montoya of Guadalupe county, sentenced for 90 days for stealing eight dollars.

A. G. Green, age 86, died yesterday afternoon of diseases incident to old age. Mr. Green was born at Lexington, Ky., July 2, 1833, and came to Las Vegas in 1860, when he was married to Miss Martha Thorpe, now deceased. Ever since he has resided on what is known as the old Green ranch north of the city, where he died. The following children survive: Mrs. F. A. Bringham, of Salt Lake City, who was with him at the time of his death; Mrs. Charles S. Rogers and Eli Green of this city; Zack Green and John Green of Salt Lake City, and Mrs. P. C. Nisson of Akron, Ohio. Funeral arrangements have not yet been made.

TICKET SALE FOR THE FIREMEN'S FETE IS BRISK

The ticket sale for the East Las Vegas Firemen's Flower Fete, to be held at the Duncan opera house on Monday night, June 9, is brisk. Holders of tickets are asked to have them reserved at once if they wish to be seated on the lower floor, as indica-

tions are the house will be sold out. Reservations can be made at Nick Sundblom's shop. Mrs. Colbert C. Root, who is directing the entertain-

ment features, says they promise to outshine those of the St. Patrick's Day cabaret. The cast of the "Hot Sketch," to be put on by the firemen, will be announced soon.

WERE YOU SHOCKED

AT THE THEATRE?

Here's a deep, deep secret. Of course you may have been there and experienced the same thing. If so, perhaps you, too, are aiding in keeping it a secret. It was a most shocking thing. The fact is that a large number of people who attended the Coronado theatre performance last evening, or at least those who purchased the tickets, were shocked at what happened. You see, it was outside the theatre and not inside that they were shocked. And it was not their modesty which experienced the thrill. It rained just about the time of the first performance. Persons with the soles of their shoes wet would touch the metal on the electric ticket machine and an electric current would pass through their bodies. Thus they were shocked. The management soon stopped the shocking process by placing a grass mat before the ticket window, so that persons did not get a contact.

MEREDITH SNYDER NEW MAYOR OF LOS ANGELES

Los Angeles, June 4.—Meredith P. Snyder, banker and three times mayor of Los Angeles, defeated F. T. Woodman, incumbent, for mayor in the election yesterday, according to returns today from 685 precincts out of 755. The vote was: Snyder 41,709; Woodman 25,620.

CHILD BURIED

Damacio Maes, age 40 days, infant son of Mr. and Mrs. Ramon Maes of 1004 National avenue, who died Sunday, was buried yesterday from the Church of the Immaculate Conception. Burial was made in Mount Calvary cemetery under direction of the Romero Mercantile company.

THIEVES CAPTURED

Phoenix, June 4.—Two of the gang of burglars who robbed a general store at Wickenburg yesterday of several hundred dollars worth of merchandise were captured at Litchfield today, according to advices received over the telephone by the sheriff's office here. Other members of the gang are still at large.

INDIANS UP FOR ROBBERY

Phoenix, Ariz., June 4.—Three defendants giving the names of Geronimo, Limon and Moreno all of the Yaqui district faced Judge Sanford in the superior court today on a charge of highway robbery, following a series of daring holdups in the Chinese quarters of Phoenix and Tempe.

RAILROADS WANT INCREASE ON CERTAIN COMMODITIES

Washington, June 4.—General increases in freight rates on bullion and smelter products were asked today by a number of railroads.

Increase of 55 per cent over the rates effective here June 25, 1918 from Brownsville, Eagle Pass, El Paso, Laredo and Marfa, Texas, to Omaha, Neb., Chicago, and Joliet, Ill.,

MARINES ARE LANDED

San Salvador, Republic of Salvador, June 4.—American marines have been landed at Punta Arenas and Port Limon, Costa Rica, because of the revolution against the government headed by General Tinno, according to advices printed in newspapers here

GOES TO CAMP KEARNEY

Washington, June 4.—Major General Kuhn, commanding the 79th division, was detailed today to command Camp Kearney, Calif., succeeding Major General Strong, who will take charge of the south Pacific coast artillery district, with headquarters at San Francisco.

WORKERS WANT BEER

Washington, June 4.—Modification of the war time prohibition law to the working man may have light wines and beer was urged today by representatives of organized labor at the first of the hearings by the house judiciary committee upon liquor measures.

TRUCK DRIVER SLAIN

Nogales, June 4.—Maunuel Avila, a truck driver employed hauling provisions from Hermosillo to El Progreso mine in La Colarada district of Sonora, Mexico, was shot and killed from ambush late yesterday by Yaqui Indians near El Progreso. The body was stripped and mutilated.

SLAYS BABE WITH KNIFE

Hastings, Neb., June 4.—Complaint charging first degree murder was filed in district court by the county attorney against Minnie Owens, said to be a former resident of Douglas, Wyoming, who yesterday killed her two months baby by slashing its throat with a butcher knife. The woman is being held pending an investigation as to her sanity. She came to Hastings last April.

PARIS SUBWAY STRIKE

Paris, June 4.—The Paris subway lines are shut down this morning as a result of a strike of the employes. The strike was declared last night at a meeting attended by more than 6,500 workers. A dispatch from Lille states that approximately 4,000 men are out in the general strike in the Pas de Gailles mining region.

WILL THOROUGHLY INVESTIGATE WAR COST

Washington, June 4.—Five separate investigations of war department expenditures are to be made by house committees, each composed of two republicans and one democrat, according to plans disclosed before the house rules committee today by republican leaders. The inquiries would center about aviation, ordnance, camps and cantonments, quartermaster corps and expenditures in foreign countries.

The number of cocoanuts produced each year is estimated at 8,000,000, or enough to give seven apiece to every man, woman and child in the world.

RAN TRUE TO FORM

Nothing Really Remarkable About This Tree.

Considering Its Variety and the Place Whence It Comes, It Could Hardly Avoid Having a Criminal Nature.

The Boston Globe, in its "Odd Items" column, prints an item about a tree which absorbed some of a rail fence. We have lost the item, so we don't know where this tree was, or is, but it couldn't have been anywhere near Harmony, Me., says the Lewiston Journal. If it had, the owner never would have had the nerve to mention it in the face of the remarkable performances of a tree that stood on the land of a relative of ours.

Our relative had been a soldier in his youth, and when he bought this farm he brought to it a number of shrubs, trees and flowers collected in his wanderings about the earth. This particular tree of which I speak was of the Thlevothunnish variety, and came from Prussia.

It grew rapidly after it was set out and crowded out all other growing stuff for 20 feet around. In ten years it was three feet through, and in 15, four feet through at the base.

The peculiar thing about this tree was not its rapid growth, however. Let us explain. Our relative built a barbed-wire fence by this tree and to save driving a post nailed it to the tree. Well, the ends of the fence began to disappear. Our relative thought someone was snapping off the ends of the wire for some reason. His wife was of the opinion that the wire had too much wool in it and was shrinking in the dews and rains. In any case from 10 to 20 feet of the wire would disappear every night.

My relative finally gave it up, and in about two weeks the wire had disappeared entirely and the mystery was greater than ever. We simply couldn't trace it.

Then we began to miss articles left near the tree. A hired man left a scythe in its branches one night. The next morning it was gone.

Some one left a pail near by and that disappeared.

Finally the matter was brought to a climax when the blooded bull calf which had been tied to a stake near this tree vanished during the night.

About this time my relative noticed that there seemed to be an extraneous growth of some sort of about six feet above the butt of the tree. He began to have his suspicions about this tree. He determined to sacrifice the tree to satisfy his curiosity. He got an ax and chopped it down. Inside the tree was the scythe, hundreds of yards of barbed wire, the partially dismembered carcass of the calf, pails, stones, a pair of overalls, one overshoe and many other articles.

The tree had a criminal nature and developed a kleptomaniac streak. Everyone was glad to see that tree cut down.

Neat!

One of the neatest replies on record must be credited to Christopher North, remarks a writer in the London Daily Chronicle. Professor Aytoun, of "Scottish Cavalier Lays," loved and was loved by North's daughter. He was too nervous to face the father, so the blushing girl herself asked paternal consent to their marriage.

"Papa's answer is on the back of my dress," said the scholar's daughter returning to her trembling waiting lover, who, turning her round, read on a pinned slip of paper:

"With the author's compliments."

DAY HONORED BY WELSHMEN

March the First Known the World Over as Anniversary of the Country's Patron Saint.

The first day of March has long been observed as a special day by the people of Wales and is called St. David's day in honor of the good St. David, patron saint of the Welsh who lived in the sixth century.

St. David was said to have been the son of a prince of Cardiganshire, Wales, and is accredited with the working of many miracles, especially among the poor of the country. It was said that when the saint first went into the fields to preach to his followers the ground on which he was standing began to rise until it assumed a goodly height, and henceforth was his pulpit.

For hundreds of years the Welsh wore sprigs of leek—a plant with broad bluish-green leaves and yellow flower clusters—in their hats as a symbol of recognition of the day. This custom was brought about, some say, from the fact that in a battle of the Welsh against their old enemies, the Saxons, St. David had ordered all Welshmen to go into battle wearing their native leek, not only to distinguish them from their enemies, but to bring them good luck.

Other writers argue that the badge was worn more as a fraternal sign and because leek was grown in every Welsh garden and was the favorite vegetable of a true Welshman.

Writers of the last century depict a typical Welsh garden as a garden of onions, garlic and leek. Homely incidents are told of Welshmen assisting each other in farming and eating their leeks together, a ceremony symbolic of hospitality and good fellowship.

ALL IN ONE GREAT FAMILY

Hindus Draw Relationship Close, Knowing No Word as Cold as "Cousins."

All able-bodied members of the Hindu family must contribute their labor and earnings, whether of personal skill or agriculture and trade, to the common stock, writes Bhupendranath Basu. Weaker members, widows, orphans, and destitute relations, all must be maintained and supported; sons, nephews, brothers, cousins, all must be treated equally, for any undue preference is apt to break up the family.

We have no word for cousins—they are either brothers or sisters—we do not know what are cousins two degrees removed. The children of the first cousin are young nephews and nieces just the same as the children of young brothers or sisters. The family affections, the family ties, are always very strong, and therefore the maintenance of an equal standing among so many members is not so difficult as it may appear at first.

Moreover, life is very simple. Until recently shoes were not in general use at home, but sandals without any leather fastenings. I have known of a well-to-do middle class family of several brothers and cousins who had two or three pairs of shoes between them, these shoes being only used when they had occasion to go out, and the same practice is still followed in the case of more expensive garments, like shawls, which last for generations, and with their age are treated with loving care, as having been used by ancestors of reverend memory.

The joint family remains together sometimes for several generations until it becomes too unwieldy, when it breaks up into smaller families, and you thus see whole villages peopled by members of the same clan.

What Every Man Expects

Oh, yes, it is perfectly easy for any woman to learn to cook, writes Helen Rowland.

All in the world you need is the "right spirit, my dear."

And a stove and a cook book, and a bungalow apron. And—the genius of a Newton, the science of a Savarin, the patience of a Griselda, the agility of a Charlie Chaplin, the judgment of Solomon, the skill of Ariel, the imagination of Jules Verne, the persistence of Delilah, the versatility of Mrs. Fiske, the sure aim of Christy Mathewson, the coolness and composure of "Central," the calm decision of Haroun-al-Raschid, the thumbs of a blacksmith, the skin of a salamander, the batting average of Ty Cobb, the bluff of Cagliostro, the nerve of Jess Willard, the self-assurance of a kaiser, the faith of Joan of Arc, and—the meekness of a worm!

Happiness in Work.

"Only regular, happy, productive work can give life its full savor," said Jules Payot in the "Education of the Will." "That upwelling sense of energy which we call the joy of living can only arise and be made part of daily life by work. He who does nothing at all has plenty of time to chew the cud of petty annoyances. The mind 'gnaws itself,' to use a popular French expression."

"When a soldier or laborer complains of the work he has to do let him be put to doing nothing," says Pascal, and Darwin testifies to the wretchedness of idleness with the remark, "During my stay at Maer my health has been poor and I have been scandalously lazy. The impression that this has made upon me is that nothing is so unbearable as laziness."

Best Country Fence.

Nothing adds more to the attractiveness and artistic charms of a country home than a beautiful hedge fence which also is a protection to the lawn and garden. A low woven-wire fence, with Dorothy Perkins roses, bitter sweet, French honeysuckle, or Japanese clematis planted three feet apart, will soon be a hedge of beauty.

But better than these (for you do not need the wire fence) is a hedge of Japanese barberry. It is absolutely hardy, a fast grower, makes a dense hedge, can be sheared to any desired shape, and is attractive in any season while the others lose their beauty in the fall.

Do not confuse the Japanese barberry with the common barberry, against which there is a federal quarantine, because it is understood to carry wheat rust. The Japanese barberry can be purchased of any nursery man very cheaply. Small plants set out two feet apart make a thrift fence serving two purposes, protection and ornamentation.—Thrift Magazine.

SOME OF HER FADS

Whatever else she wears, she finishes her costume with a string of beads, in quaint necklace or a silver sautoir. This last is the newest fashion, and it is a silver chain, set with rhinestones or pearls, on the end of which she fastens a tiny watch or a locket. And the lockets are quite the fad again, also.

Modest pieces are the newest bits of neckwear. There are those straight topped pieces which madam slips inside her blouse or bodice to give the new line. They are of sheer and snowy white stuffs, like mull or organdie, modest pieces, and are finely tucked or lace trimmed.

Though she may choose the quietest color for her new spring tailleur, she brightens that same suit by a very gay lining of soft flowered silk or crepe, and then adds a piquant touch by slipping in a gay vest of gorgeous brocade or gleaming satin in a bright

CITY LOOKS TO THE FUTURE

Cleveland Planning Not Only to Provide Homes, but Wholesome Amusement for Citizens.

Cleveland, O., which has been one of the first cities to begin building on an extensive scale, will not only provide for the needs of its homemakers who must have dwellings, but will make sure that all its residents have amusement during the summer months. As a means of making the city a better place for returning soldiers as well as more attractive to its other citizens recreation centers will be established at various convenient places.

According to information sent to the United States department of labor Cleveland has set aside \$500,000 for the purpose of providing these recreation centers when the city goes dry. Six of these will be opened on principal corners and will be fitted up in a most inviting and artistic style. A \$10,000 log cabin has been erected in Garfield park, and a boathouse costing \$150,000 is to be built in Edgewater park. New parks will also be opened.

This enterprise is suggestive of the development of the idea of community life, for the recreation centers have great possibilities as clubhouses of the future, where citizens may assemble to pass evenings in healthful relaxation.

Indian Leaves War Dress to Museum

New York.—The American Museum of Natural History has recently received as a bequest the complete Indian dress costume of Chief Don White Eagle, a Cheyenne Indian, who died in France while serving as a soldier in the United States army. Chief White Eagle, who was twenty-nine, served with the infantry forces. He was one of four brothers fighting in France. He was a skilled sharpshooter and was commended by his general for bravery. He died October 21, 1918, of pneumonia.

The costume consists of a large feather war bonnet, fringed shirt and leggings, moccasins, pipe bag and feather-trimmed standard. All the feather work was done by White Eagle himself. It was last worn during the third Liberty Loan drive when White Eagle appeared as a speaker.

BEAUTY FOR LITTLE HOUSES

No Great Expenditure Needed to Give Small Abodes Personality, Comfort and Charm.

A page of houses in the Woman's Home Companion carries the following encouraging thought:

"Just because a house is little or inexpensive is no reason why it should not have personality, comfort and charm. In the little community group of homes located at Indian Hill, near Worcester, Mass., this statement has been proved beyond a doubt. Here there are well over fifty modest little homes built on the 'unit' plan, but each one so individual that the effect, taken both simply and collectively, is artistic and picturesque to an inspiring degree. Each little home fronts the street and is set well back from it so that it may have a stretch of green lawn. There is a tree in every yard and a place for a garden at the rear. White walls, gray-green roofs, lattices for vines over the windows and along the porches make home pictures that usually are only possible for well-to-do people to possess."

A marriage license was granted late Saturday afternoon to Regina Archuleta of Las Vegas, and Marcos Baca of Sapello.

N. V. Gallegos, deputy sheriff has returned to the city after visiting Anton Chico, La Hendre and San Geronimo, and calling the grand and petit jurors for the June term of court.

Bacharach Bros. has been added to the list of stores that are 100 per cent union. All clerks eligible have joined the Retail Clerks National Protective association, and the local lodge will give to that store one of their cards, as soon as it can be procured from the grand lodge.

A marriage license was issued at noon today to Mrs. B. E. Vaughn and C. W. McCormick, both of this city.

Ed Baca and wife left yesterday for Santa Fe. Mr. Baca is on a buying trip, and Mrs. Baca will visit her parents there for the week.

Word has been received here telling of the advancement of Walter Marcotte to rank of first engineer of the U. S. Ship Oriente.

Sol Jacoby, who was sentenced to not less than 12 months nor more than 15 months in the state penitentiary for receiving stolen property, has been granted a 60-day reprieve by Governor O. A. Larrazolo, in which time the governor will consider the case.

Jacoby of the firm of Jacoby and Galanter, dealers in second hand goods, was found guilty by the district court in December, 1917, of receiving stolen property. The case was appealed but the supreme court upheld the decision made by the district court.

Today's casualty list as reported by the commanding officer of the American expeditionary forces, reports Hipolito Valdez of Elvira as having returned to duty, he was previously reported missing in action. Sidney A. Mathers of Roswell is reported as being wounded severely, and Tibureo Lopez of Penasco is reported as wounded, degree undetermined.

Fulgencio Archibeque, who shot Juan Valdez at Sapello last Friday morning, was given a hearing Saturday afternoon by Justice Diego Trujillo at Los Alamos, and was bound over to await the action of the grand jury under \$2,000 bond, in default of which he was placed in the county jail.

Last Friday morning at about 10:30 o'clock, Valdez met Archibeque in the company of his sister, who is a married woman, and an argument followed. Archibeque drew a gun, shooting Valdez in the cheek. The sheriff and two aides followed Archibeque until about 10 o'clock that evening, when they captured him at the local Santa Fe depot. The condition of Valdez who was removed to his father's home in Sapello after the shooting, is reported about the same today, and is not considered serious.

A. G. Maxwell left last night for Raton to attend the funeral of his sister, Mrs. Dorothy Tolliman, who died in Neely, Nev., and was shipped to Raton for burial.

A marriage license was granted today to Miss Alice Nelson Cunningham and Johan Christian Marnewick Cnyman, both of Watrous.

Mrs. James Brunton will be hostess to the Ladies of the Maccabees at a social and five hundred party at her home No. 1209 Eighth street, on Thursday evening at 8 o'clock. The public is welcome.

Monte Butler, prominent hotel man of Mora arrived in the city yesterday having returned from Rochester, Minn., where he took his wife for treatment by the Mayo Brothers. Mrs. Butler is doing fine.

Bounty has been applied for by J. D. Roibal of Sapello on three coyotes; by Clemente Lucero of Las Vegas on one wildcat; by A. E. Otriz of Ribera on two coyotes; and by Ambrosio Solano of Chapelle on one coyote.

In the case of the Las Vegas Motor Car company against H. O. Krakowizer, a judgment was rendered in favor of the plaintiff for \$55 and the car belonging to Krakowizer, now in a garage at Taos was ordered sold under mechanic's lien.

Dr. F. H. H. Roberts, president of the Normal University, calls attention to the fact that through a typographical error, the name of Miss Albina Senecal was omitted from the list of young ladies given outstanding praise in the high school book-keeping department in the list of prize winners and excellent scholars published in the Optic yesterday.

Enrique Armijo, deputy county treasurer and collector, received a wire announcing the safe arrival of his son, Leo E. Armijo, at Camp Upton, N. Y., yesterday, June 2. Leo was a bugler and clerk with veterinary hospital No. 8. He left Las Vegas June 1, 1918, for Camp Lee, Va., and was there only about a month, when he was sent overseas. He is feeling fine and expects to be mustered out and sent home in a few days.

Filomeno Gonzales, aged 76, a veteran of the civil war, died yesterday afternoon at 2 o'clock of complications and old age. He leaves a wife and one married daughter.

Mr. Gonzales, who saw service in the civil war in Kit Carson's regiment, was a member of Sherman Post No. 1 of the G. A. R. of this city, who had charge of the funeral arrangements.

Las Vegas will remember Mr. Gonzales as the man for many years in charge of Hillside park. He will also be remembered as one of the most faithful citizens in Las Vegas, when the boys were leaving to fight in the world war, as he always accompanied them to the station. Owing to his infirmities he was unable to take part in the Decoration Day parade.

The funeral was held from the Immaculate Conception church at 8 o'clock this morning. Burial was made in the Mount Calvary cemetery, under the direction of J. C. Johnsen and Sons.

Word was received in this city today telling of the death of J. S. Duncan, Jr., who died in Salt Lake City, Utah, at 10 o'clock this morning. The news of his death comes as a shock

to his many friends in Las Vegas. Mr. Duncan was born and raised in Las Vegas. He is a son of J. S. Duncan, Sr., who yet resides in Las Vegas. The remains are to be shipped here for burial, but funeral arrangements have not as yet been completed.

Mrs. Arthur Jaffa and son and Ben Arthur Jaffa, sister and brother of Mrs. Joe Danziger, are here to spend the summer.

HOME NOT MERELY SHELTER

Problem by No Means Met When Dwellings Are Provided for the Population of a City.

And what is a home? It is not a mere place of shelter, in modern democracy; it must provide conditions that will promote efficiency in labor and strength of character in citizenship.

The home connotes the family, and the family, and not the individual, is the unit of the civic structure. A true housing policy must go further than improving or providing dwellings; it must be part of a comprehensive policy of town and country development. We must apply more thought to the theories and practical tendencies of urban and rural growth, and fit in our housing policies as part of a comprehensive scheme of urban and rural organization. In its broader and more general social aspect it is a problem of national proportions and importance, in regard to which past failure is written large in every community, and success can only be achieved, first, by humble admission of our defects, and second, by building upon nationwide organization capable of dealing with it on business and scientific principles.—Thomas Adams, advisor of the Canadian commission on conservation in Landscape Architecture.

SOME OF HER FADS

Whatever else she wears, she finishes her costume with a string of beads, in quaint necklace or a silver sautoir. This last is the newest fashion, and it is a silver chain, set with rhinestones or pearls, on the end of which she fastens a tiny watch or a locket. And the lockets are quite the fad again, also.

Modest pieces are the newest bits of neckwear. There are those straight topped pieces which madam slips inside her blouse or bodice to give the new line. They are of sheer and snowy white stuffs, like mull or organdie, modest pieces, and are finely tucked or lace trimmed.

Though she may choose the quietest color for her new spring tulle, she brightens that same suit by a very gay lining of soft flowered silk or crepe, and then adds a piquant touch by slipping in a gay vest of gorgeous brocade or gleaming satin in a bright **EXTRAVAGANT USE OF STRAW**

Roughage Should Be First Offered to Animals in Hay Rack—Use Refuse for Bedding.

(Prepared by the United States Department of Agriculture.)

The use of at least a limited amount of bedding for beef cattle is advisable, but the extravagant use of straw course hays, etc., for this purpose should be discouraged. All such roughages that are to be used for bedding either for fattening or breeding animals, should first be offered them in the hay rack and that which is refused used for bedding. If stover is fed the stalks, while somewhat difficult to handle, make satisfactory bedding material and should be used for this purpose rather than burned or otherwise disposed of.

NEW YORK STOCK EXCHANGE

New York, June 3.—Stocks today reached lower levels. Speculators who made good profits on recent purchases were inclined to realize, and the public was apparently disinclined to buy as freely as heretofore, in view of uncertain money outlook and a note of warning founded by bankers as to the dangers of excessive speculation. The close was:
American Sugar Refining 129½
American T. and T. Co. 106½
Anaconda Copper 69 5-8
Atchison 100
Chino Copper 39 1-4
Colo. Fuel and Iron Co. 49
Inspiration Copper 57
Southern Pacific 109¾
Union Pacific 133¼
United States Steel 107¾

CHICAGO BOARD OF TRADE

Chicago, June 3.—Unfavorable weather conditions tended to give firmness to the corn market. There were also bullish reports current that planted acreage was smaller than a year ago and that the status of the crop was below normal.

The closing quotations were:
Corn, July \$1.71; Sept. \$1.61½.
Oats, July 68 5-8; Sept. 66½.
Pork, July \$50.70; Sept. \$48.60.
Lard, July \$33.07; Sept. \$32.32.
Ribs, July \$28.15; Sept. \$27.60.

KANSAS CITY LIVE STOCK

Kansas City, June 3.—Hogs, receipts 22,000. Market lower. Heavy \$20.30@20.60; packers and butchers \$16.75@20; lights \$19.60@20.15; pigs \$14@19.25.

Cattle, receipts 10,000. Prime fed steers \$14.75@16; cows \$6.40@12.60; heifers \$6.60@13.40; stockers and feeders \$7.25@13.25; calves \$12@14.50.

Sheep, receipts 8,000. Market steady. Lambs \$8.40@13; ewes \$4@6.75.

F. L. Reiman, for some time connected with the Charles Ifeld company, left with his family today for California, where he will spend about two months traveling along the coast. They will make that state their future home.

Bureau of mines car No. 2 of the department of the interior passed through the city today on train No. 1, enroute to the mines in the southern part of the state. This car is assigned to the states of Colorado, New Mexico and Arizona in mine rescue and relief work.

RULING UPHELD

Washington, May June 2.—Colorado court decrees dismissing injunction proceedings brought to restrain Denver city officials from enforcing city ordinances requiring the Denver and Rio Grande railroad to remove its tracks from across Seventeenth street were today upheld by the supreme court.

BURNED IN EXPLOSION

Phoenix, June 2.—While on her knees before an image in her home here last night, Felice Lopez was severely burned when a lamp burning in front of the image exploded. The explosion blew the glass for the windows and set fire to the house, from which the woman was rescued by the firemen before it was totally destroyed.

COUNCIL CONTRACTS FOR PAVING FOUR STREETS

The city council, at their meeting last evening, passed ordinance No. 421, authorizing the mayor to enter into a contract for the paving of National avenue between Grand avenue and 12th street, Sixth street between Main avenue and Friedman avenue, Seventh street between Douglas avenue and Friedman avenue and Eighth street between Douglas avenue and Friedman avenue. The paving decided upon is a 2 inch asphaltic bitulithic surface and a 6 inch bituminous bound crushed rock base, at \$2.27 per square yard, with interest at six per cent. The contract was let to the El Paso Bitulithic company.

About Mail Boxes

There were quite a number of interested property holders present when the council was called to order. Immediately after the opening of council, Mayor Blood presented to council the motion of the postmaster that the city issue a permit to the U. S. postal service, giving them the privilege of placing their letter boxes on the new ornamental lamp posts on all corners where mail boxes are now located, thus doing away with the present posts supporting the boxes. The matter was referred to the committee on water and light, of which Councilman Stern is chairman.

Tax on Stock Salesmen

The city also agreed to collect a tax of \$100 from all out-of-state oil stock salesmen, selling stock in the city.

Fontaine's Resolution

When the matter of letting the paving contracts was brought up, Councilman Fontaine made a motion that all bids before council be dropped and new bids asked for. The motion was seconded by Councilman Coors. The citizens present were then called upon for an expression of their sentiment regarding whether or not the contracts should be let, and as to what kind of paving they favored. City Engineer Jones first was called upon, and explained the opposition which the Portland Cement association had put up, that association having said that concrete had been discriminated against in the specifications. Mr. Jones stated that he felt that the opposition developed through personal animosity, because of specifications which he had prepared for paving at Raton. He stated that he felt that the specifications were fair and further said that he would not change the specifications if new bids were advertised for.

Citizens Give Opinions

J. H. Stearns next spoke. He said he wanted the best paving, but believed the cement the better. However, he said he wanted paving, and would favor any good kind if the majority so ordered.

D. T. Hoskins stated he was very decidedly in favor of bitulithic paving.

John D. W. Veeder said he was in favor of bitulithic paving, and that he thought it would be a calamity to reject the present bids. He said he could not see how any one had been discriminated against, and that no matter what the specifications, there was no reason why any contractor could not have bid on the work ac-

ording to the specifications, as other contractors had done.

Charles Danziger said he favored the council going ahead and letting the contracts for paving.

Charles Farley said he favored bitulithic paving, done as quickly and as well as possible.

Herman Ilfeld said he favored bitulithic paving now as he had three years ago and that he urged that it be done at once. Let the contracts tonight, he said.

Must Hide Nothing

Judge David Leahy said he was not in favor of hiding anything in a contract, as had been suggested by the cement people. "The city engineer would not change his specifications if another bid were asked for," he said.

Arthur Ilfeld said he favored concrete paving, done at once, but that he would accept the ruling of the majority.

R. J. Taupert told of what he termed the "dirty means" resorted to by representatives of the cement people. He told of a representative of the cement people approaching him and saying "I'm working on the council." He said he thought the council would listen to the citizens and not to employees of the Portland Cement Dealers' association. He further stated that he had said to the cement representative that he felt that most of the people favoring the concrete or cement paving were those who objected to paving of any kind. He said he favored proper inspection.

City Inspectors

Mayor Blood here interrupted to state that the city engineer had arranged for two inspectors, one who will be on the job all of the time during the laying of the curbing, gutters and alley inlets and another who will be on the job all of the time during the laying of the street paving, to see that the proper grade of work was done and the contract specifications maintained. He assured the council that every yard of paving, curb and gutter would be properly inspected.

Unbiased Opinion

Mr. Olsen, who for four years was street commissioner of Pueblo, was present and at the request of Mayor Blood, at whose invitation he appeared as an uninterested engineer, told of his experience in the city of Pueblo with the various kinds of asphaltic and bitulithic paving. He said that he had had experience with much of that kind of paving, Pueblo having no other kind. He said he personally considered the crushed rock base with bitulithic surface the best kind of paving.

Other Citizens

Harry Kelly said he favored the best paving, bitulithic, 2 inch surface, fixed up right. He said "let the contract tonight."

C. W. Cascallen said he had been in favor of concrete paving at the start of the season, but he would be satisfied with the bitulithic.

Donald Stewart, who stated that he did not own property in the paving district, said he had been in favor of concrete paving, but that he had changed his mind considering it best to use the 1½ bitulithic surface pave. He said he later changed his mind so that he now favored the 2 inch bitulithic surface paving. He said he did not favor any patchwork paving.

Joe Danziger said he considered it would be economy for the council to

go ahead and let the contract, as "if you don't the paving we now have will be worn out before the other is completed."

Simon Bacharach said he favored the 2 inch surface bitulithic paving.

Best in El Paso

Clerk Benjamin read a letter to Mayor Blood from the mayor of El Paso, in which it was stated that El Paso laid her first bitulithic paving 14 years ago and that it had not cost the city one cent for repairs. He believed the bitulithic better paving than the concrete. He further said that no pavement in El Paso can compare favorably with the bitulithic paving.

Mr. Rand, of the El Paso Bitulithic company, made an offer to the city council to pave, free of all charge, that part of the paving which the city must do on Main avenue, between Fifth and Sixth streets, free of all charge, 6 inch crushed rock base and 2 inch bitulithic surface, to show the council that there is no difference in the concrete and crushed rock base under the bitulithic surface. The offer will be accepted. Mr. Rand stated he would guarantee the bitulithic paving with any kind of a base, but that he could not guarantee any other kind of paving.

6 Per Cent Paper Best

Mr. Rand, speaking of the relative merits of 6 per cent interest and 8 per cent interest on the paper necessary to allow citizens the ten years in which to pay for their paving, if they so desire, stated that on the 6 per cent paper, eight per cent would be allowed the property owner for cash, while on the eight per cent paper, but 5 per cent would be allowed for cash.

The council voted five against and two in favor of the motion of rejecting the bids and advertising for new ones. Councilmen Fontaine and Coors voted in favor of the motion, with Stern, Foster, Lewis, McGuire and Greenclay against it.

Council then took a ten minute recess, after which they went into executive session to talk over the resolutions and ordinance necessary for the legal acceptance of a bid and the letting of the contract.

Charles Higgins was the only citizen present last evening who spoke in favor of rejecting the bids and re-advertising. He ended his address by saying that he, of course, was not tearing his hair in his haste to have any paving of any kind done at this time.

The Executive Session

When the council went into executive session, the paving of National avenue, Sixth, Seventh and Eighth streets, as above stated, all within the corporate limits of the city, was decided upon. The grading and paving are to be completed in 1919, and as much more as can be finished this year will also be contracted for by council. All of the members of the council expressed themselves as in favor of doing as much paving in the proposed area as is possible this year.

Councilman Greenclay moved the acceptance of the bid of the El Paso company of the 6 inch bituminous bound crushed rock base, with 2 inch bitulithic surface, interest at 6 per cent at 2.27 per sq. yard, concrete curbing and gutters at 93 cents per lineal foot and concrete alley returns at 35 cents per lineal foot. The vote of council was unanimous in accept-

ing the bid. A resolution approving the advertising for the bids as to legality also passed unanimously. The council passed ordinance 421, authorizing the mayor to enter into the contract with the paving company for the paving, the vote being unanimous.

MAYOR BLOOD PRAISES COUNCIL FOR PROGRESSIVENESS IN PAVING LAS VEGAS

"It is considered possible and the council hopes that owing to the fact that they have accepted the bituminous mound crushed rock base and bitulithic surface, that they may be able to complete the entire program this year," said Mayor F. O. Blood, on being interviewed today with regard to the paving program completed by the council last night. He expressed himself as being "much gratified by the fact that progressiveness had triumphed," and said, "The people of Las Vegas are to be congratulated upon the action taken by the council and that these progressive representatives in council have done such an excellent thing for the city."

Mayor Blood, always of a pronounced progressive spirit himself, and who has fought hard for paving and other modern improvements in Las Vegas, which will tend to make this an even greater city, voiced the opinion that there was no opposition to paving among the members of council, the only dissention being as to the kind of paving which should be given the city. "After investigating the matter thoroughly," he said, "and hearing the expression at various times of citizens, the council decided on the carrying out of the paving program and are going to proceed with the original program published in the Optic at the time the measure was first passed.

"The contractor tells us that as we have accepted the crushed rock base, he will be able to do about twice as much work this year as he would have been able to do, had the council decided upon concrete. Therefore it is reasonable to believe that they will complete a much larger portion than originally planned on and it is hoped they may be able to complete the entire program this year.

"The citizens at the meeting last night, with but one exception, were in favor of improving the city. Las Vegas is to be congratulated upon the fact that the citizens are unanimous in the idea that we must improve our town.

"After the completion of the paving program, it will be necessary that other improvements be carried out. Our city will grow. One of the most important things to be looked after in Las Vegas is the erection of proper housing facilities to care for the transient and temporary sojourners in our city. Houses must be built which will be rented to those who are here for the benefit of their health and other houses for rent to those who desire to make Las Vegas their permanent home.

"In the future, the reactionists in Las Vegas will be just about as popular with the people as the kaiser in Belgium."

Dublin, May 31.—Lawrence Guinness, Sinn Fein leader for West Heath was arrested today on charges made in connection with a speech delivered at Athlon.

A marriage license was issued yesterday afternoon to Valeria Jimena and Simon Crespin, both of Las Vegas.

Bounty has been applied for by Dan Launback of Roy on one coyote and by Elliceo C. Cordova of Tremontino on one coyote.

Misses Josephine and Mattino Sena of Albuquerque are in the city, having accepted positions as clerks with the Romero Mercantile company.

The many friends of Tommy Lamb, formerly of this city, will be glad to learn that he has accepted a position with the Western Union company in Denver, Colo.

Captain J. E. Stephen of San Jon was committed this morning to the insane asylum. Ignacio Martinez of Cuervo was also committed to the institution.

Word has been received in this city from Joe Delgado stating he left Camp Upton on May 30 for Fort Worth, Texas, where he expects to be mustered out of service. Delgado was with the 89th division.

Leo Regensberg of this city and his bride, nee Retha H. Sale, of Raton, who were married May 31, have returned to this city after a honeymoon spent in Colorado cities. The marriage of this young couple is of much interest locally, where both are well known, the groom being a son of Mrs. J. Regensberg. The happy couple will reside in Las Vegas.

A marriage license was issued yesterday afternoon to Melesia Valverde of Ribera and Juan Archuleta of Rowe.

Bounty has been applied for by P. Anderson of East Las Vegas on one coyote.

Mateo Padilla of San Miguel county has been restored to citizenship by Governor O. A. Larrazolo.

Las Vegas council No. 804 Knights of Columbus will meet this evening at 8 o'clock in the I. O. O. F. hall. All members are urged to be present.

At the New Mexico Millers convention held at Albuquerque, E. L. Beal of the Las Vegas Roller Mills, was elected one of the directors. The next year's convention will be held at Las Cruces.

George W. Armijo, sheriff of Santa Fe, has offered \$100 reward for information leading to the arrest and conviction of the party or parties who broke into the jewelry store of S. Spitz in Santa Fe on May 28 and stole several pieces of jewelry.

Mrs. Norman Skinner left today for a short visit in Fort Leavenworth, Kan. From there Mrs. Skinner will go to Utica, N. Y., where she will attend the commencement exercises at Hamilton college at Clinton, her son, Theodore H., graduating from that institution this year.

Miss Esther Anderson and sister, of Chicago, will arrive this evening on train No. 9 from Chicago. They will stay overnight here as the guests

Miss Marguerite Bernard and will leave tomorrow morning accompanied by Mrs. Secundino Romero and Miss Marguerite Bernard for California, where they will spend the summer.

Mrs. A. E. Hayward left today for Trinidad, on a short visit with her husband.

On today's first No. 10 was one coach of laborers and their families bound for the beet fields of Colorado. None left from this city.

Sergeant W. J. Todd, recruiting officer in charge in this city, left today to canvass for recruits in Wagon Mound, Springer and Watrous.

According to recent reports, Battery A which is composed entirely of boys from New Mexico probably left Europe last week for the United States. The boys have been with the American army of occupation at Bendorf, Germany for some time. The chamber of commerce of Albuquerque has taken up the question of having the battery demobilized in that city and is planning to make the day a holiday. No word has yet been received from the war department regarding this, but it is hoped that the arrangements can be made so that the boys may be greeted by their friends from all over the state.

Funeral services will be held Sunday afternoon at 2:30 for J. S. Duncan, Jr., whose body will arrive tomorrow on train No. 1. J. S. Duncan, aged 37, was born in Brooklyn, N. Y., in 1882 and received his early education in the public schools of East Las Vegas. He then went to Quincy, Ill., to the Gate City College, and from there to Los Angeles, Calif. After finishing a business education in Brownsberger college there, he enlisted in the U. S. navy, serving for four years. He was honorably discharged as chief yeoman and returned to this city, where he was married to Miss Georgia Murray. To this union were born two boys, James Scott, aged 8, and Rosh Murray, aged 6, at present residing in Los Angeles. He is also survived by his father, J. S. Duncan, Sr., of this city, and one brother, Gordon Duncan of Los Angeles, Calif.

Funeral services will be in charge of the Elks of this city, and a guard of honor will meet the body on its arrival tomorrow at noon. The funeral will be held from the undertaking parlor of Charles J. Day Sunday afternoon at 2:30, Rev. Moore officiating. Interment will be made in the Masonic cemetery.

Mexico City, June 4.—Mexico has not, nor will not ask admittance to the league of nations, according to the department of foreign relations.

Nogales, Ariz., June 4.—Authentic information was given out here today by federal officials that the Mexican government will not be granted permission to transport federal Mexican troops in bond through the United States to take the field again the Villa forces in Chihuahua.

It was stated that Mexican officials hoped last night that there was a possibility of moving the troops through the United States and had applied to the Southern Pacific of Mexico for equipment to handle 2,000 men. On being notified by American

officials today of the order from Washington that the permit would not be forthcoming, plans for the transportation were abandoned.

Yaqui Indians in the La Colorado mining district of Sonora, Mexico, are terrorizing the community, according to advices received here today. Another murder was reported today, that of Charles W. P. Tervote, mining engineer, employed by the American mining and smelting company. Tervote is said to have been shot by Yaquis. Advices of the killing were wired to the border by Harold Gaya, a Hermosillo business man. Tervote was said to be a resident of Venice, Calif., where he leaves a wife and family.

American Consul Dyer at Nogales, Sonora, again has called on Mexican officials to place more troops in the district where the recent outrages have been committed.

No Attack on Chihuahua

El Paso, June 4.—The report that Chihuahua City was attacked by Generals Angeles and Villa June 1, arose from the fact that a battle took place at Santa Isabel, 12 miles from the former city, May 31, according to a statement made by Elias de La O, private secretary to General Ortiz of the state of Chihuahua, who arrived here this morning in an automobile after a 36-hour trip from the Mexican state capital. He came by way of Cjinaga and reports seeing no rebel bands on the way.

The fight at Santa Isabel, according to De La O, was between the detachment of 130 men under Major Ponce, who made a reconnaissance to the southwest and encountered Martin Lopez and his followers at the scene of the massacre of 18 mining men in 1916. A sharp engagement followed, resulting in the defeat of Lopez late in the afternoon, Major Ponce returning to Chihuahua City.

De La O says that General Angeles and Villa are still near Chihuahua City with forces which General Castro's intelligence officers estimate at 1600 men, badly armed and equipped. He says there is no apprehension of an attack on the city and that the morale of General Castro's command is excellent and his defenses impregnable to any assault.

The report that the wires were cut Sunday at Terrazas was verified by De La O, who says that measures are being taken to restore communication. Terrazas is about 18 miles north of Chihuahua City on the Mexican Central road.

No messages by wireless to Saltillo and thence by the telephone here, have been received by the Mexican vice consul here, however, though Saltillo has reported that messages sent to Chihuahua City wireless stations are being received.

Phoenix, Ariz., June 4.—Bottles of whiskey packed in crates of California oranges which were brought to the police station today from the railroad station, are believed by the officers to have solved the problem of the source of supply of heavy importations which have bothered the authorities of late.

The whiskey orange shipment was consigned to Robert Valencia. A man of that name now is being held here charged with bootlegging.

J. H. White and W. C. F. Hyatt of Roy are business visitors in the city for a few days.

NEW YORK STOCK EXCHANGE

New York, June 4.—A return to normal conditions in the money market accompanied by extensive short coverings and confident buying for the long account caused a general rise today in the stock market and much of yesterday's damage was repaired. Sales approximated \$1,500,000 shares. The close was strong with the following prices:

American Sugar Refining135
American T. and T. Co.106½
Anaconda Copper 69¾
Atchison101 3-8
Chino Copper 40
Colo. GFuel and Iron Co. 49¾
Inspiration Copper 57½
Southern Pacific110¾
Union Pacific134¾
United States Steel108

CHICAGO BOARD OF TRADE

Chicago, June 4.—Corn today lacked the snap which has characterized the market of late. For the first time in several days, industries and shippers were slow to take hold. Opening prices, which ranged from the same as yesterday's finish to 7/8 cents lower, were followed by moderate declines all around.

Oats were off with corn.

Provisions declined with grain and hogs. Pork especially was weak. The closing quotations were:

Corn, July \$1.70 3-8; Sept. \$1.61½
Oats, July 68½; Sept. 65¾
Pork, July \$50.75; Sept. \$48.25
Lard, July \$33.17; Sept. \$32.30
Ribs, July 128.15; Sept. \$27.45

KANSAS CITY LIVE STOCK

Kansas City, June 4.—Hogs, receipts 20,000. Market higher. Heavy \$20.55@25.75; lights \$19.20@25.75; packers \$20@20.50; pigs \$18@19.25.

Cattle, receipts 5,000 and 600 calves. Steers \$14.85@16; heifers \$6.75@13.50; cows \$6.50@12.65; calves \$11.75@14.50; stockers and feeders \$7.25@14.25.

Sheep, receipts 3,000. Lambs \$8@14; ewes \$5@8.75.

CHICAGO BOARD OF TRADE

Chicago, June 5.—Bearish sentiment continued today to predominate in the corn market. Buying was of only a scattered sort. One of the reasons given for the absence of demand was that the crop, although late, seemed to be rapidly catching up, and that in some sections ten days of warm weather would make the condition of the plant about normal.

The closing quotations were:

Corn, July \$1.70 5-8; Sept. \$1.60¾
Oats, July 68¾; Sept. 65¾
Pork, July \$50.50; Sept. \$47.85
Lard, July \$33.55; Sept. \$32.47
Ribs, July \$28.20; Sept. \$27.42

KANSAS CITY LIVE STOCK

Kansas City, June 5.—Hogs, receipts 12,000. Market lower. Heavy \$20.40@20.55; packers and butchers \$19.75@20.15; lights \$19.75@20.25; pigs \$18.25@19.65.

Cattle, receipts 3,000. Market steady. Prime fed steers \$12.65@14.95; cows \$6.50@12.25; heifers \$6.75@13.65; stockers and feeders \$7.25@13.25.

Sheep, receipts 5,000. Market steady. Lambs \$12.50@14; ewes \$5@8.80.

Train No. 10 today is in three sections. Second and third sections which are fruit specials bound for the east, will arrive in the city sometime this evening.
