VOLUME XXI

WINTERS, RUNNELS COUNTY, TEXAS, FRIDAY JUNE 19, 1925.

NUMBER 7

## MAN SHOTS WIFE AND THEN SHOTS HIMSELF AT BAIRD, TEX.

The principals in the tragedy recorded below were at one time residents of Winters and besides relatives of Mrs. Roten many of our readers will remember Mr. and Mrs. Roten:

"Baird, Texas, June 12.—Two persons, a man and his estranged wife, are dead here as the result of a shooting last night at 11:25 o'clock. The dead:

W. F. Roten.  
Mrs. Gladys Roten.

"The shooting took place in front of a local hotel where the woman had been rooming for about one week. Four shots from a .38 Smith & Wesson revolver brought instant death to the woman. One bullet from the same ended the life of the man, who died about 2:10 a. m. Friday.

"According to information gathered here this morning, Roten arrived in Baird last night on the west-bound Texas & Pacific Sunshine Special from Clarksville. He went at once to a local cafe where his wife was employed. Witnesses say he greeted her, and then asked her if she would come back and live with him. This, it was said, she declined to do. The man left after being informed that his wife would get off from work about 11 p. m.

"Mrs. Roten finished her day's work shortly after eleven, and started for her room. She had just reached the front of the hotel when the shooting began, four bullets entering her body. She is said to have died instantly. Then, according to witnesses, Roten turned the gun on himself, inflicting a wound from which he died about three hours later.

"The woman had arrived in Baird Tuesday a week ago, it is stated. She is said to have relatives at or near Winters, in Runnels county. Roten is reported to have a brother living at Clarksville.

Both bodies were being held at an undertaking establishment here this morning, awaiting instructions from relatives.

"Justice of the Peace, G. E. Prince held an inquest over the young woman's body at midnight. The verdict was that she came to her death from gunshot wounds at the hands of W. F. Roten. At ten o'clock this morning Justice Prince held the inquest over Roten's body, the verdict being that he came to his death by a wound self-inflicted.

"Little was known of the couple here, and at 11 a. m. this morning no funeral arrangements had been announced. Letters found in the possession of the young woman indicated that she has a father and brother at Winters, the father's name being given as Blount, it was announced.

"It was thought here the young couple had been separated for only a short time. So far as is known they had no children.

## FOURTH BARBECUE TO BE HUGE AFFAIR

The citizens of Winters and Winters Trade territory, feeling grateful for the good season and fine crop prospects, in their generosity and patriotism, are giving a Good Fellowship Barbecue for everybody for miles around.

All people in Runnels and adjoining counties are invited for both dinner and supper. They are preparing to butcher 10 hogs, 20 goats and 20 sheep and have wash-pot of that good old stuff so much liked by West Texans known as "Son-of-a-Gun."

Winters never half way does anything and this barbecue will be in keeping with her characteristic habit.

A twenty-five piece band will furnish music throughout the day and good speeches will be had by nationally known speakers.

A. D. Lee started work this week on his new home on Tinkle street. We understand Mr. Lee is building a modern 5-room and bath bungalow with all modern conveniences.

## First National Receives Confederate Memorial Coins

The first consignment of Confederate Memorial Half Dollars, minted by the United States Government as a "tribute to the valor of the soldier of the south," which are to be simultaneously released throughout the nation on July 3rd, has been received by the First National Bank, according to an announcement made today by Bert E. Low, Cashier.

Citizens of Winters now have the opportunity of making sure of obtaining some of these coveted Memorial coins on their national distribution, July 3rd," said Mr. Low "by immediately purchasing coin certificates, redeemable for the actual half dollars on July 3rd.

"As less than two million of the Memorial coins are available to the entire south at this time, the Southern Bankers Committee, arranging details of their distribution has allotted only a limited number to each city and county in the various southern states. Once these quotas are exhausted no further coins are obtainable.

"The issuance of these commemorative coins by the National Government is an event of the greatest significance to the south. It is a gesture of friendliness on the part of the nation to which the south will spontaneously respond.

"Not only do these coins have a high sentimental value through this national recognition of our southern heroes, but they also possess an additional worth since the modest premium at which the coins are sold goes to the completion of the great monument to the Confederacy being carved at Stone Mountain, Georgia.

## Buys Furniture Here For Abilene Home

Clements Hardware & Furniture Co., the first of this week sold over a \$600.00 bill of furniture to be delivered in Abilene. Mr. Owen Ingram was the purchaser. This little bit of news just goes to show that high-class merchandise can be had in Winters and probably at a saving over the larger cities where overhead expenses are much higher than here.

Misses Pauline Dunn and Maudie B. McElroy left Tuesday for Boulder, Colorado, where they will attend the University of Colorado, planning to take special primary work which will enable them to be more efficient the coming year. They will spend some time in Denver, Estes Park, and Colorado Springs before returning home.

Mrs. H. H. Lewis, daughter of Mrs. J. T. Stephens who has been quite ill for the past several weeks in Los Angeles, Calif., was brought to Winters. She is now under the treatment of Dr. Middleton of Abilene and still in a very serious condition.

## BILL BOOSTER SAYS

**MERCHANTS SPEND TOO MUCH TIME WORRYING ABOUT COMPETITION, AND NOT ENOUGH THINKING UP NEW WAYS TO PLEASE THEIR CUSTOMERS. USUALLY THE TOWN WHERE THE MERCHANTS ARE THE HOTTEST AFTER TRADE IS THE TOWN BEST PATRONIZED BY THE SURROUNDING COUNTRY BECAUSE IT HAS THE BEST STORES.**

## 'Cause the Goblins Will Git You!

## BAND CONCERT AT TINKLE PARK TONIGHT

The C. of C. Band will play a concert at Tinkle Park this (Friday) evening at 8:30 o'clock. Every citizen of the town and everybody living in the Winters trade territory are cordially invited and urged to come out and enjoy the program. Following is the program:

- Sells-Floto Triumphal March.
- Overture—Prince Charming.
- March—Nedemeyer's Triumphal.
- Waltz—Stealing.
- Overture—Spick and Span.
- March—Royal Scotch Highlanders.
- March—Stars and Stripes (Interpersed with popular music in between).

Lanham Brown, of the Nance-Brown Motor Co., local Ford dealers spent a few days in Dallas the first of the week.

J. W. Pace of Killeen was in the city Monday and visited with his daughter, Mrs. Carl Davis. He left Tuesday on a prospecting trip to New Mexico.

## TRINITY U. MALE QUARTET COMING

Music lovers of Winters will have an unusual opportunity offered them Sunday evening, July 5, when the Trinity University Male Quartet will be presented in concert at the Presbyterian church.

The program to be given by the musicians from Trinity includes solos, duets, quartet numbers, piano selections, instrumental numbers and readings. An entertaining program has been arranged by the musicians and a large crowd is expected to be in attendance at the concert here, those sponsoring the entertainment said.

No admission will be charged for the concert here, it was announced, but a free will offering will be taken.

Mrs. Roy Crawford of Brownwood is visiting with friends and relatives here and at Drasco. Bro. Crawford was at one time pastor of the Methodist church here and Mrs. Crawford has been receiving quite a warm welcome from her many friends.

## Back Action Bread

"Cast your bread upon the waters and it will return to you after many days." That was a parable but it had a meaning.

You can apply it to dealing with your home merchants. If you spend your money out of town, it will never return.

Your interests are entwined with those of the merchants of this town.

Their prosperity is radiating in you.

The merchants of Winters make an effort to hold the business at home.

They give service—service that you cannot get by patronizing some concern in a distant city.

And quality and quantity considered, prices are just as reasonable and often times more so.

The home merchant is building our community and at the same time giving you the great factor in completion—service.

Winters needs your support and you need the support of Winters.

Let's get together and share prosperity.

### MISS LILLIAN CRAIG WEDS DALLAS MAN

A wedding of interest to many friends was that of Miss Lillian Craig, daughter of Dr. and Mrs. Jas. H. Craig, to John A. Madole of Dallas, Texas, which was solemnized Sunday morning at nine o'clock in the B. Y. P. U. rooms of the First Baptist church.

Roses, sweet peas and gladiolas were used effectively as decorations in the attractive rooms.

The wedding was one of a quiet manner and a surprise to everyone as the secret had been quietly kept. Dr. and Mrs. Craig, Mrs. Hamm, Mrs. H. H. Stephens, Miss Mary D Taylor and T. J. Dunn were the only ones present when Rev. H. H. Stephens performed the beautiful ring ceremony.

The bride is a beautiful and accomplished young lady having graduated from the Merkel high school and studied music in Simmons College. She has lived here only six months and won many friends by her wonderful personality and sweet disposition and her friends are numbered by her acquaintances. She was an active worker in the B. Y. P. U. having been the pianist.

The groom is the only son of Mrs. M. Madole and holds a responsible position with the government in the city division of the postoffice of Dallas.

Mr. and Mrs. Madole left immediately after the ceremony for a honeymoon trip to San Antonio and Corpus Christi after which they will be at home at 1513 Sanger Ave., Dallas, Texas

## LARGE CROWS ATTEND PRESBYTERIAN REVIVAL

The revival at the Presbyterian church continues with fine crowds and splendid interest. The weather has been extremely hot and yet, the people have stayed with the services with a loyal constancy. Up to date there have been fourteen additions to the church.

The senior and junior choirs have been doing some fine singing under the leadership of Mr. Talley, the singer.

Mr. Talley has been suffering from sore throat and hoarseness and has been unable to do much solo work, but will sing every night during the remainder of the meeting.

Dr. Logan's sermons have been plain, practical gospel messages, and have been well received by those who have heard them.

The following are the subjects of the sermons until Sunday night:

Thursday night—"The Deprivations of Sin."

Friday morning—"The perseverance of Jesus."

Friday night—"The Sinner's Excuses."

No services Saturday morning.

Saturday night—"The Heart Made Captive."

Sunday morning—"Christ Before Pilate."

Sunday morning—"Jesus and the Leper."

## Ballinger Golfers Visit Winters Club

Yesterday afternoon about 4 o'clock several autos loaded with golf players from Ballinger came up to have a game with the Winters players. We have been unable to get a list of the visitors but will probably give the list with scores made during the afternoon in our next week's issue. The Winters Club had made all necessary arrangements for a Dutch lunch on the 5th green, and we are sure all had quite an enjoyable time.

R. L. Stokes is in Childress helping to put over a Mutual Insurance business.

Another dream of the Winters Chamber of Commerce is realized. We have a "hatchery." Leslie Alexander visited the Wichita Chick Hatchery and completed a deal for a 10,000 egg incubator, and an option on another of the same size.

It will be delivered in this city within three weeks and will be set up in the Alexander warehouse, No. 320 Dale street.

With this equipment, every thing will be ready for custom hatching at an early date this fall. There is no reason why Winters may not become the center of great poultry activity.

## PROF. A. H. SMITH ATTENDS WEDDING IN KILLEEN

The following is taken from the Killeen Herald and is reproduced here because the bride is a sister of our own Prof. A. H. Smith who, with his family, were present at this happy event:

Cox-Smith.

A wedding of interest to their many friends was one solemnized in the presence of the immediate families and a friend or two, at 6 o'clock on the evening, June 10, 1925, in the home of Mr. and Mrs. J. M. Smith, of our little city, in which they gave in marriage, their daughter, Miss Mary Smith to Mr. Newt H. Cox, with Mrs. A. H. Smith, sister-in-law of the bride, at the piano and Elder J. C. Morgan performing a simple ring ceremony.

The bride becomingly dressed in a beautiful cocoa flat crepe dress with harmonizing accessories; the groom wearing conventional blue.

Miss Mary is a Killeen reared girl, one of our town is glad to own as ours. The past few years she has efficiently and successfully taught school in our county, the last two years of which were in our school in Killeen to which place she was re-elected for another year. From her childhood, continually, by her lovable character and pleasant, happy disposition she has won many friends, whom she numbers by her acquaintances.

Mr. Cox is a son of Mr. and Mrs. Lon Cox, of Nolanville, having been reared in that section, but now lives in Santa Rita, New Mexico, where he holds a responsible place as head driller in a copper mine. He has many friends here who attest his sterling worth as a noble young man possessing the characteristics of one who would prove a true and worthy husband. And we commend his good judgement in choosing a bride who possesses the priceless virtues of noble and true womanhood.

Their many friends heartily wish them all the blessings and happiness of life that God in his goodness may be pleased to bestow.

They will be at home in Santa Rita, New Mexico, having left on the Thursday morning train for that place.—Killeen Herald.

## Galloway In Car Wreck Last Sunday

Information was received in Winters the first of the week stating that Messrs. W. S. Galloway and Hill and the latter's son, while on their way to San Marcos, were considerably bruised when the Ford sedan they were riding in turned over, pinning Mr. Hill beneath it, knocking him unconscious for some thirty minutes. Mr. Hill's son, we understand, escaped without injury, while Mr. Galloway was considerably bruised and cut about the face.

These gentlemen have many friends and business associates in Winters while regretting the accident, will be pleased to learn the injured and rapidly recovering.

**Golf Germanic**

No doubt all patriotic Scotsmen imagine that golf is a game of Scottish origin, invented by some ingenious Scotsman, and born of that union between the cheerful Scottish climate and the fruitful Scottish soil. Certainly I always thought that that was the genesis of the game.

Like many other things, however, which have been dumped into this country, golf is of German origin. Properly speaking, it should be called "kolf," for it derives its name from a German word which means "club."

The early records of golf in Germany are sketchy and scanty, but there are definite traces of its influence in the chequered history of the Teutonic knights. Researches into this history show that very probably the game was played by these knights, who could be regarded as the Old Etonians of their day, and who met their Waterloo at the first battle of Tannenberg. Be that as it may these early and unmitigated Hindenburgs decided that golf was not the game for men of blood and iron. They discarded it and it passed from that movement out of Prussian history.

After that, the game that was discarded by Germany was admitted into Holland. It was still called "kolf." The fault of the Dutch people lies in giving too little and asking too much; they gave nothing to "kolf," but they asked much of it; they made no links, no bunkers, no tees, but simple smote their balls right across the country.

I gather as the results of my researches that the Burgomaster of Amsterdam would tee up his ball in the market place of Amsterdam, and the Burgomaster of Rotterdam would do like wise in his own city, and a selected hole would be some chosen parcel of a distant church door. It was a question of who got there in the smallest number of strokes. In these circumstances I think the game demanded some fortitude and patience, and even some unselfishness on the part of the intervening population.

And so the centuries pass, and we come to the time when "kolf" changed its initial letter into G—became "golf" and made another journey, this time across the sea into Scotland. It was during the fifteenth century that the game thus crossed over to Scotland, and was found to be just what young Scotsmen had long been looking for. They embraced it with ardour, and with that gravity which has made Scotland what she is and what we all so much admire.

Scotsmen continue to play golf for four centuries and the game would have remained exclusive to the northern portion of these islands, but for a certain political event. When Mr. Arthur Balfour (as Lord Balfour was then known) accepted the Irish secretaryship at a fateful moment in our history he found himself, to his chagrin, in the limelight. The press naturally soon discovered that his principal hobby was golf, and they at once began to make the game known. From that moment everybody who wished to be anybody began to learn something about this game that Br. Balfour had brought an enormous number of people of down from Scotland, and forthwith both sexes set to work to fuzzle their drives and miss their putts. The Weekly Westminister.

**Winters 6; Hawley 5**

Winters won Saturday's game from Hawley 11 to 1 on Hawley's grounds. The same club came to Winters Sunday with big Bill Hallis in the box. Both Hallis from Hawley and Orr for Winters pitched in fine form. Orr striking out 13 men, while Hallis struck out 11. Both teams played good ball. Winters team goes to Lawn next Saturday with Lawn returning the game Sunday, June 21. The Lawn team has the fastest bunch the home club have struck up against this season. If you want to see a good ball game, don't fail to see Sunday's game.

The Winters ball team up to date have played 16 games, won 12 and lost four.

**MAIL ORDER CUSTOMERS**

An exchange tells the story of a man whose home burned recently. As he ran from the burning building he was carrying a mail order catalogue in his hand, the only article saved from the home. After the fire had died down, it was found necessary that his neighbors make up a subscription for clothes and groceries for his family. When the man read the list of contributors and found thereon the names of the merchants of his home town whom he had neglected while ordering his supplies from the catalogue house, he repented his folly and ever after he bought everything he used in his home town. It sometimes takes a loud noise to wake some people from their slumbers.—Exchange.

### Don't Stop My Paper

Don't stop my paper, Printer,  
Don't strike my name off yet  
You know the cash comes slow,  
And dollars hard to get;  
But tug a little harder—  
Is what I mean to do:  
And scrape the dimes together—  
Enough for me and you.  
I can't afford to drop it,  
And I find it doesn't pay  
To do without your paper,  
However, others may;  
I hate to ask my neighbors  
To give me theirs to loan;  
They don't just say, but mean it—  
Why don't you get your own?  
H. H. Small (Va)

### Rattle Snake and Sow Have Fight

Bill Britton, who lives between Oakalla and Briggs, had a rather unusual fight to take place on his premises Sunday. He heard some kind of a commotion down in the pig pens and on investigation found a rattle snake having a fight with a sow in the pen. The sow had several little pigs and it is supposed that the snake was trying to get the pigs when the sow took up the battle in defense of the pigs. The sow was bitten twice and one of the pigs bitten before the snake could be killed. The sow and the pig were made terribly sick, but neither died. This is an unusual snake story, as it is not often we hear of a hog and a snake having a fight.—Lampasas Leader.

### Still and Stolen Goods are Found

A still was seized in an old house formerly the old Lewin home not many yards from town Saturday evening by Lum Bailey, City Marshal and Sheriff McWilliams.

Several automobile casings, which were stolen from Loudamy's garage Thursday night of last week, were found on the Bill Bryan farm, one and one-half miles southwest of town; where they had been placed by the robbers, Sunday morning. Four thousand cigarettes were also found there. All characters in the case have been arrested.—Miles Messenger.

### Black and Yellow News Stand Opens In Winter

The Black and Yellow News Company has opened a branch office here under the management of Tom Brown. They will handle all the late magazines and books.

One of the features of this book store is the circulating library. By this method the customer pays one dollar to read a book, and then can exchange it for a dime for any other book in the house. ### New Game Laws Effective Yesterday

Austin, Texas, June 17.—Texas sportsmen, commercial, fishermen and trappers will find five new bills regulating their fun and business on the Texas statutes books after June 18, as a result of the session of the Thirty-Ninth Legislature.

The game bill, Senate bill No. 3, divides the State into two hunting zones, with the railroad line of the International and Great Northern Railway Company to Longview and the Texas and Pacific Railroad from Longview to Texarkana as the boundary.

The hunting season is reduced two weeks, and the daily and weekly and seasonal bag limits are reduced.

In the north zone the open season on quail is Nov. 16 to Jan. 1; on doves September and October and on ducks and geese, October 16 to Jan. 31. In the south zone, quail season is open from Dec. 1 to Jan 16; doves, November and December, and ducks and geese, November 1 to January 31.

The new daily and weekly bag limits are: quail 12 and 36; doves, 15 and 45; ducks, 25 and 50; geese, four and 12; prairie chickens open season all over Texas from Sept. 1 to Sept. 10, five in one day and 10 during the open season.

Open season on bear is fixed from Nov. 16 to Dec. 31, one during a season.

The act provides for the licensing, and regulation of shooting clubs, creation of game sanctuaries, preserves, the issuance of permits for propagating game and raises the fee from non-resident hunting licenses to \$25. The present resident hunting license is unchanged, remaining at \$2, for those hunting outside of the county in which they live.

Senate Bill 349 permits appropriating of water for game preserves, pleasure resorts and industrial purposes. Senate Bill 190 fixes a minimum sale price of four cents a ton on sand, marl, gravel and muscle shell in public streams and bays, and provides that the funds shall be applied to a special fish hatcheries fund.

House Bill No. 8, the commercial fish bill, closes certain back bays along the Gulf coast to seining.

House Bill 76, is the first attempt of the Texas Legislature to regulate trapping. It fixes a closed season and provides that no pelts may be sold that have been procured out of the closed season. It permits farmers and individuals to kill predatory animals at all times.

### NUMBER OF NEGROES PARDONED FOR '19TH' OTHERS GET FREEDOM

Austin, Tex., June 17.—Thirteen negro convicts will remember June 19, emancipation day, as an emancipation day in truth because just this many pardon proclamations for "for-gotten negroes" were signed today by Governor Miriam A. Ferguson to be placed in effect on the holiday so popular among negroes.

The governor intended to issue about 30 in all but the clerical force in the secretary of state's office was unable to meet the unprecedented demands and the other negroes will be forced to accept their "June-teenth" reward on a latter date.

The governor's executive clemency record for a single day's order was increased to 28 proclamations shortly before noon when she granted 13 additional pardons, a parole and a restoration of citizenship, the second quota being designated "the usual list." The first quota was to negroes exclusively in honor of June 19.

The full pardons were granted to H. E. Ward, Tarrant, theft over \$50 five years; Henry Smith, Titus, burglary, two years; Falonda Butsamena, Gonzales, rape, 10 years; T. H. White, Harris, theft, two years; W. H. Maddox, Robertson, "A felony," two years; Clarence Thompson, Howard, selling liquor, two and half years; Bill Edwards, Lubbock, theft, two years; R. D. Woods, Brown, selling liquor, two years; Maria Ortega, El Paso, theft, two years; Fred Douglass, Nueces, liquor charge, one year; and Jack Webb, Lamar, burglary, two years.

The conditional pardons: Aaron Lindsey, Williamson, selling liquor, one year and Avery Powell, Angelina, liquor charge, one year.

Restoration of citizenship: F. C. Coursey, Mitchell, who served a two year sentence on a liquor charge, while J. W. Stone of Robertson county given a year for possession of liquor was pardoned to Seth Burniette of Calvert.

Very presently "Big" Munn will no longer be in the big money.

### International Does Large Business In Winters District

Approximately \$500,00 of finished business is the record of the local unit of the International Life Insurance Company in the Winters district. John B. Stone, local agent of the concern has jurisdiction over Winters and several counties adjacent thereto. Mr. Stone in an interview today says conditions throughout this section are most favorable.

"The farmers especially," said Mr. Stone, "seem very progressive and prosperous—many times more so than I have found in other parts of the state. When it is considered that we are writing in the immediate neighborhood of a half million a month in this section it can easily be understood why I say the district is most prosperous. Life insurance generally is the barometer of business conditions. A vast amount of wealth is represented. We stand ready at this time, if the necessity arises, to pay several million of dollars directly into this community."

This statement not only speaks well of the institution itself but also of the prosperity of Winters and its vicinity. According to Mr. Stone this district is the largest producer of any district in the state.

Dr. Fred Tinkle, of Winters, is the company's local examiner.

Mr. C. C. Young, manager of the Department of Public Relations for the International Life Insurance Company of St. Louis was in the city today on business with the Enterprise. He was accompanied by J. B. Stone who has charge of this district for that concern. H. A. Wittliff is the state manager.

### RED HOT GOSPEL AND OLD HYMNS BEST FOR MEN'S BIBLE CLASSES

Dallas, Texas, June 17.—Preaching of the "red hot gospel" and singing of old-fashioned hymns are more successful means of interesting men in Bible classes than discussion of so-called popular subjects and singing of rag time music, Dr. W. F. Powell, of Nashville, Tennessee, declared today in an address before the convention of Baptist organized classes here.

"We believe in advertising," Dr. Powell said, "for we had five airplanes flying over Nashville, the Saturday preceding Mothers' Day dropping 40,000 cards urging men to attend church the following day."

Other speakers at today's meeting were Dr. H. R. Holcomb, Mansfield, Louisiana, Dr. R. L. Powell, of San Marcos and Dr. John Caylor, Dallas, secretary of the Baptist student department.

Miss Mittie Meadows is visiting her sisters, Mrs. Zene Powers and Mrs. Clarence Gambill in Abilene.

## Social Activities

### Methodist S. S. Class Entertained

On last Monday evening the Sunday school class of Mrs. A. H. Smith entertained the class of Mrs. Bryan, in the church parlor, with a nicely planned party.

A color scheme of pink and green was used with pretty effect and ferns and cut flowers in artistic arrangement added beauty to the already pretty rooms.

Iced punch was served each guest on entering. Various games were played throughout the evening and several contests entered into which caused much laughter and deep thinking.

The color scheme was reflected in the delicious refreshments consisting of ice cream and cake.

A hearty good time was enjoyed by each one present.

### Senior C. E. Will Meet

The senior Christian Endeavor of the Presbyterian church will meet Sunday, June 21 at seven o'clock at the church.

Mrs. Vanzandt will be the leader of the special prayer service. Everybody is invited and urged to attend.

### Methodist W. M. S. Had Meeting

The Methodist Woman's Missionary Society met in Bible study Monday, June 15 at the church with good attendance.

The meeting was opened by singing the song, "His Way With Thee," followed by sentence prayers and closed by all repeating the Lord's prayer.

Miss Mary Neely and Miss Bailly sang a duet. The lesson was interesting, in fact the women of the church look forward to these Bible studies.

The next meeting will be a missionary program and several musical selections will be rendered.

The closing prayer was led by Mrs. Garrett.

### Methodist S. S. Classes to Have Picnic

The young married ladies and the young married men's Sunday school class and associate members will have a picnic Tuesday, June 23. Every eligible member is urged to be present. Will leave for the picnic grounds from the church at 6 o'clock.

### Home Builders Class had Meeting

On Saturday, June 6, Mrs. C. S. Jackson was hostess to the Home Builders Sunday school class of the First Baptist church.

Pot plants and cut flowers in

graceful arrangement gave the floral adornment to the pretty reception rooms, where iced punch was served each guest on entering. A contest of piecing quilts for Buckner Orphon's Home was entered into and Mrs. Walter Brien was awarded the prize for piecing the prettiest square.

The capsule game was installed for the purpose of creating an interest and good fellowship in the class.

Delicious refreshments consisting of ice cream and cake were served Mesdames Kornegay, Ingram, Key, Clements, Marshall, Mosley, Low, Dixon and Brien.

### Mrs. Ingram and Daughters Honored

The woman's Missionary Society and the G. A.'s. of the First Baptist church gave a reception in the church parlors Friday, June 12, honoring Mrs. Owen Ingram and daughters, who are leaving for Abilene to make their future home.

Ferns and cut flowers of every hue in graceful profusion gave pretty adornment to the attractive rooms.

A very interesting program was carried out consisting of a pianologue by little Miss Anna Lee Cobb, reading by Miss Gladys Graham, violin solo, Miss Mary D. Taylor, piano duet by Misses Glee and Lottie Ingram, reading by Miss Naomi Hunt, vocal number by Miss Bonnie Davidson, Miss V. Marie Stephens and Miss Marie Hill sang a duet. Each number on the program expressed in some way or other just how sad everyone was at the thought of having to give up Mrs. Ingram and the girls.

Miss Mary D. Taylor, sponsor of the G. A.'s., presented Glee and Lottie with a wish book, and Mrs. H. H. Stephens made the presentation speech when Mrs. Ingram was presented with a beautiful set of glasses and tray.

Mrs. Ingram responded in a very touching manner when she expressed her thanks to the ladies.

Delicious refreshments were served consisting of iced punch and cake.

### The First Christian Church Ladies Aid Had Meeting

The Ladies Aid of the First Christian church met at the lovely ranch home of Mrs. Wm. Havenhill Wednesday, June 17, in an interesting business and social meeting.

Delicious refreshments were served. The next meeting will again be with Mrs. Havenhill.

### The Martha Class Changes Place of Meeting

The Martha Class of the First Baptist church will meet every Sunday morning at ten o'clock at the parsonage. All young married ladies are cordially invited to attend.

Mr. and Mrs. H. K. Reid and son, H. K., Jr., are visiting Mrs. Roy Clark of Lubbock. Mrs. Clark was formerly Miss Mattie Faye Reid.

Jim Eoff, Aft Currington and Monroe Hickerson say they don't catch any whales but they are always bringing home the bacon on fish. Their last claim is 30 pounds of catfish at one running of the trot lines. We are wondering what they would have gotten if it hadn't been for the rise.

Mrs. Jim Eoff accompanied by her daughter Mrs. M. D. Ussery have returned from Brownwood where Mrs. Eoff had been visiting for the past month. After a brief visit to her parents, Mrs. Ussery returned home the latter part of the past week.

Mrs. Jim Eoff, and son Dexter visited relatives in Coleman and Valera last week end.

Messrs Truman Cannon, C. Compton and Miss Alice Bennett of Abilene were visitors of Miss Lela Mae Lloyd last Monday.

Mr. and Mrs. H. Len Smith of Kil-  
een are guests in the home of Mr.  
and Mrs. A. H. Smith.

Perry Clements of Tucson, Ariz., is visiting his brother, Mr. E. Clements for a few days.

George Hill and family and Mr. Wm. A. Mitchell were in Abilene Monday attending the opening of the Hicks Rubber Co. in that city.

Somehow we can't help feeling sorry for an ex-hero.

### VETERAN STATESMAN IS VICTIM OF INFLUENZA

Washington, June 18.—Senator Robert M. La Follette, for many years a stormy petrel of American politics, died here today.

Death resulted at 1:21 p. m. from heart failure induced by a general breakdown and an attack of bronchial asthma.

The Wisconsin senator and late independent presidential candidate began failing in health even before the 1924 campaign. Several weeks ago he contracted a severe cold which developed into asthma.

His heart, which had been unable to stand the strain, gave way during the night and he sank rapidly after daylight today.

Although they realized the seriousness of Senator La Follette's condition, members of his family had hoped until today, that he would recover. Last night his physician said he was resting, but nevertheless he took a quick and decided turn for the worse in the night hours and hope was abandoned.

Senator La Follette long was a victim of angina pectoris, a heart ailment and this with asthmatic attacks, caused him to suffer greatly. Spells of coughing accompanied his illness. Almost to the last, however, he insisted on cheerful reports being given out as to his illness and it was not until yesterday that it was admitted that his condition was serious.

After all the storms of his long career he passed away very quietly, surrounded by members of his family. He was conscious almost until death, but for several hours had been able to speak only in whispers to those about him.

Shortly before the end he mustered all his swaning strength in a vain effort to murmur a last word to those at the bedside. Then he lapsed into unconsciousness, and without any evidence of pain, passed almost immediately from life.

Mrs. La Follette and their two sons and daughters were close about him in the sick room throughout the morning and until death. It is the present plan to take the body to Madison for burial.

Mr. and Mrs. A. H. Smith, and little son, Aubrey Harris of Winters, came the latter part of last week for a visit with relatives and to attend the marriage of his sister, Miss Mary.—Killeen Herald.

Only a millionaire can afford to wear a misfit suit.

### Young Man Dies In Winters Sanitarium

Paul Riddle, age about 21 years, who had been quite ill for some four or five weeks, died in the Winters Sanitarium Wednesday and was laid to rest in the City Cemetery yesterday morning at 10 o'clock.

We have been unable to learn anything concerning the life of this young man and we hope some friend or relative will furnish us with a proper reference to his life and last illness for publication in our next week's issue.

### PIE AND CAKE SALE

The ladies of the First Christian church will have a cake and pie sale Saturday, June 20, in the Jordan building on Main street. Come buy a cake and help build a church.

### FRUIT CROPS WILL BE SMALLER THAN 1924

Only fair crops of apples, peaches and pears are expected in the United States this year, Department of Agriculture crop officials declared today. Frosts in late May reduced prospects in many scattered sections, particularly in some of the central states, Virginia, Michigan, and portions of New York.

The condition of apples on June 1 was nearly 10 per cent below the usual average on that date. The northwestern States expect more ap-  
pular average on that date. The peach production shows a large increase in California where most of the crop is canned or dried, but in practically all other important States the crop is expected to be substantially smaller than last year. Even in Georgia, where many young trees are coming into bearing, the crop is expected to be less than 7,000,000 bushels compared with 8,333,000 bushels last year.

The pear crop also is reported only fair this year, California alone among the important producing states expecting materially larger crop than in the preceding season.

Messrs. J. D. Motley and W. C. Lemberg the former secretary of the Ballinger Chamber of Commerce and the latter Runnels county Farm Demonstration Agent, were in the city Tuesday. Mr. Motley was placing some stock of the Runnels county Fair Association and we understand met with hearty co-operation from our people.

Mrs. S. L. Stewart and daughter, Miss Mary Lou from Farmersville, Mother and niece of Mrs. L. R. Gaston are guests in the Gaston home.

## Nobody Would Do Without the Telephone Now-a-days

—The telephone is one absolute necessity in modern business. It is necessary in modern society. No community can get along without a telephone service.

—So the telephone is a real vital public utility. It is so effected with a public interest that experience has shown that what is best for the community in the way of telephone service is best for the telephone company.

—If the best service possible is not provided the community can not get along as well as it might. If the community does not make such service possible the telephone can not do as well as it deserves to do.

—There is not and can not be any difference at all between the interests of this industry and the interests of the people who depend upon telephone service.

—Whenever difference arises they are due to lack of understanding.

—This company seeks the fullest co-operation of the community to the end that its service may be the best possible service.

**MORE POSTAL FACTS**

There is something of sacredness about the contents of a letter. The writer often reveals more to himself on the written page than he would in direct conversation. This revelation of course, is designed only for the eyes of the correspondent.

In this country a wholesome respect has been built up for the sanctity of a letter but it is not so respected in many other countries where he opening and reading of sealed mail becomes, at times so prevalent that the practise has earned the application "cracking seals."

The average American would be filled with wrath and the timid soul would shrink with horror at the thought of a third person, and a stranger's tt.tah tharthrdeutaihrd stranger at that, reading his "personal correspondence."

Yet that is exactly what happens to 21,000,000 letter a year and will continue so long as letter writers fail to put return addresses on their envelopes.

When a letter, without a return address, can not be delivered for any reason, it is sent after a certain time, to the Dead Letter Office.

There it is opened and read—not for the possible scandal it may contain—but with a view to finding some clue which will enable forwarding on to the addressee or returning to the sender.

Out of every five letters received at the Dead Letter Office such a clue is found in one and it is sent merrily on its delayed way to one or the other of the two persons most interested in its disposition. The other four are destroyed.

Every person knows his own address and if he would put it on the envelope, the contents would remain inviolate and the letter would be returned with notice of non-delivery.

**TRY A NEW METHOD**

When you have occasion to speak of the place where you live, what is the burden of your remarks?

Some complaints or grievance, no doubt.

The good things of community life we take as a matter of course and never give anyone credit for them. We believe that they are coming to us, and we can see no reason for comment.

If we have a good administration of affairs by public officials, we never take the trouble to tell them. If we have an unusually large number of public-spirited men who are working for the betterment of our local conditions, we seldom ever give them even faint praise.

But let something go wrong and our first inclination is to "blow up." Somebody is to blame of course, we reason, and that somebody needs a good reprimand, if not something worse.

Having let off steam, the most of us are ready for the next round, and become almost human again.

Put let's resolve to change our policy in the future. Why not try looking for the good things that may be found in abundance and boost them? It will benefit everyone who tries it, and it will help the community, too.—Randall County News.

West Graham, Va.—The Rev. Lewis Evans, a well-known retired minister, now past 80, living here, has a high opinion of Black-Draught, which he says he has taken when needed, for 25 years.

"For years I had been suffering with my liver," he says. "Sometimes the pain would be very intense and my back would hurt all the time. Black-Draught was the first thing I found that would give me any relief."

"My liver has always been sluggish. Sometimes it gives me a lot of trouble. I have suffered a lot with it—pains in my side and back, and had headache, caused from extreme biliousness."

"After I found Black-Draught, I would begin to take it as soon as I felt a spell coming on and it relieved the cause at once. I can recommend it to anybody suffering from liver trouble. A dose or two now and then keeps me in good form."

Made from selected medicinal roots and herbs, and containing no dangerous mineral drugs, Black-Draught is nature's own remedy for a tired, lazy liver. NC-166

#### THE NATIONAL MUSTER

Defense Day will be on the Fourth of July. The president has suggested that expedient without showing any great enthusiasm even for that. No doubt it will take a deal of fireworks and oratory to warm up the country to much above the president's col consent. The idea of abolishing Armistic Day in favor of Defense Day was a drill sergeant's dream.

Armistice Day stands for peace. And it will stand for peace so long as men live who saw Belleau Wood, sickened at the mist and mud at Brest or drilled and waited and drilled in the bleak cantonments at home. Armistic Day, with its deeply solemn memories, should be a day apart of spiritual consecration and tempered joy.

#### A WORTHY IDOL

Paavo Nurmi took back with him to England the respect of every true lover of sport in the U. S. He has refused professional offers that would have netted him \$250,000 in a single year. He prefers to remain an amateur runner, to return to his own land and the job that pays \$15 a week. He comes as near being the ideal athlete as can be found. The example he sets on and off the track is faultless. His philosophy is in marked contrast to that entertained by many athletes. Nurmi has been and will remain an inspiration and an idol of every young aspirant to athletic fame in this country.

#### AFTER CROOKS

A new drive against fraudulent use of the mails is under way. The government, it appears, finds that every let-up in its efforts to keep crooks from doing a mail order business is followed by a new outbreak of swindling. Apparently the Post-

office people are afraid to let the crooks operate at full speed for the sake of teaching the public to take care of itself. Education along that line is very expensive.

#### MAY BE SENATOR

Again they are saying that William Jennings Bryan may turn up as senator from Florida. He is said to have made considerable money in Florida real estate as the result of good investments. The Prime Minister of Lecturing at 65 is still in the prime of life and in fine form to round out his days in the United States senate. If Senator Fletcher doesn't sink his toenails pretty deep he may be shaken from his tree.

#### NOT SO BAD

The farmer who is thinking of selling his farm and moving to a big city might well consider carefully the rental price of a flat. He may then establish to his own satisfaction at least, that perhaps "being discontented" is not so bad as some other things he might have to face.

#### NATURE VANDALS

Every shrub and every plant adds to the beauty of Winters. The person who enters upon another's premises and takes his flowers is not only guilty of an offense under the law, but he, along with others of his kind, has put difficulties in the way of making our town what many an American town takes pride in being—a town made more beautiful with flowers.

#### Norton Young People Married Here Sunday

## Ford Production Above 8,125 A Day

World production of Ford cars and trucks is now averaging slightly above 8,125 a day, a daily output greater than at any previous time in the history of the Ford organization.

This is the astonishing record of Ford accomplishments as revealed in figures just given out at the general offices in Detroit covering the combined production of domestic assembly plants, foreign plants and associated companies and the Ford Motor Company of Canada, Ltd. It is not only significant as indicating the growth of the automobile industry both and abroad, but it presents the world-wide acceptance of motor car transportation, for while domestic plants of the company have for the last few weeks been setting new production records, foreign plants also have attained to new marks.

Since the first day of May the Ford assembly plants in the United States have been averaging a daily output of more than 7,200 cars and trucks and this in the face of several days when operations at one more plants were more or less curtailed due to delays in arrival of parts.

During the same time plants in Europe and South America likewise set new records and these with the daily output of Ford of Canada, which supplies Canada and the British Colonial possessions, have added a daily average of 925 cars and trucks to the production figure bringing the total up above 8,125 a day.

On May 19, when the domestic plants went to the new high mark of 7,858 cars and trucks, foreign plants and the Canadian company produced 892, setting as the record for all the remarkable total of 8,750 Ford cars and trucks.

Since this is my last year for farming some one is going to get a bargain in my farm, which is as follows: 154 3-10 acres on public road and rural route in Rannels county, one half mile from Oxine school house, a two teacher school, there is one hundred acres in fine state of cultivation with no Johnson grass, some more good land, plenty of water, and fairly good improvements.

If not interested at present keep this before you and should you wish to know more about the place later call on or address the owner.—Walter Jeffreys, Route 2, Talpa, Texas

**An Appreciation From the Ingrams**

Through the columns of the Enterprise we wish to give expression to our dear friends in and around Winters for our love and appreciation of you and the many things you have done to smooth the road down life's pathway while we were living in your midst. The time has flown so swiftly it seems more of a dream than reality when we are reminded that it was 17 1-2 years ago when we moved to our farm in the Drasco community where our children were born. The years have been filled with toil, sacrifice and hardships which after all has meant joy and contentment. We love to think of those with whom we have been associated with at different times, with the success they have achieved, with the things worth while they have done. We love to think of the improvements the different communities around Winters have made. The splendid school houses erected, the many churches organized and the splendid church houses erected and it is a joy to have had even a small part in helping to make these things possible. While traveling the improved roads today, we are thinking of the poorly worked roads of just a few years ago, the old wire gaps we would have to open to go through pastures or fields to go to Winters or from one part of the community to another.

We all felt that Winters was making wonderful progress when the two story frame school house was built on the present school grounds and the little rickety school house that had served for both school and religious meetings was cleared out of the roads which is now Main street. It was pretty hard in those earlier days to leave wife and babies for two and sometimes three days in order to go to Ballinger to market and transact necessary business. I remember hearing a neighbor remark that "it would look good to see a locomotive engine cross the prairie from Abilene to Ballinger pulling

carloads of materials that we are having to freight on wagons and to have passenger service." And now these things have come true, and Winters is a most wonderful little place. We have for the past 4 1-2 years enjoyed its advantages and the association and fellowship of its citizens for all of which we are grateful.

The time however has come for us to move on, but in doing so we shall not forget you. Most of our financial interest remains in and around Winters and the most of our business dealings will be with the business men of Winters.

**36,512 Unfilled Chevrolet Orders**

Detroit, Mich., June 17.—The Chevrolet Motor company shipped 52,853 motor cars and trucks during May which displaces April as the second highest production month in the history of the company. The April production was 52,236 cars and trucks. Of the May production, 42,783 units were for domestic sale and 10,070 were for Canada and exports. Production in both April and May closely approached October of 1923 the boom year when Chevrolet production reached its highest point.

Retail sales during May were 48,176, this being the fourth largest delivery month in the company's history. April of this year was the largest delivery month exceeding May only by 5,107 sales.

At the end of April Chevrolet had on its books 36,512 unfilled orders. At the end of May there were 30,709 unfilled orders.

**BETTER AND BETTER**

Dependable ten years ago, and five years ago, and more dependable than ever today, Dodge Brothers Motor Car simply represents the latest phase in a process of continual betterment.

The first cars Dodge Brothers built established a world-wide reputation. The cars they are building today incorporate the accumulated refinements of those ten intervening years.

That important improvements in the comfort and appearance of the car are made from time to time, implies no basic departure from Dodge Brothers traditional policy of progressive rather than seasonal development.

**To Save an Editor**

Here is a minister who appreciates the editor. At a recent editorial convention he offered the following toast: "To save an editor from starvation, take his paper and pay for it promptly. To save him from bankruptcy advertise in his paper liberally. To save him from despair, send him every item of news of which you can get hold. To save him from profanity, write your correspondence plainly on one side of the sheet and send it in as early as possible. To save him from mistakes, bury him. Dead people are the only ones who never make mistakes."

**A Word to Graduates**

A practical committeeman in presenting diplomas last May, to a graduating class spoke as follows: "Girls in presenting you these diplomas, if, by their significance you are led to allow your mother to do all the work, bake all the bread, sweep all the floors because you can read Latin or demonstrate a theorem in geometry, then has your school been a most unfortunate course, and in all the teachings you have ever received at my hands, I trust there has been no lesson that has weaned you from the dish pan. Boys, if from this graduation you go out into the world too nice to carry wood and swill the hogs, if need be, then has our school failed its purpose and sown the wrong seed."

**A Country Prayer**

One of the most notable facts connected with a country newspaper of today is the large increase in the amount of advertising of local business houses. The change has taken place gradually, and has been marked especially during the past year or so. It is highly significant and an inquiry as to the cause of it is of great profit, not only to those in newspaper business, but to every business man and citizen of our town as well. The change, in brief, means that local merchants have found it necessary to call attention to their goods because of the immense competition they face the most deadly element of which is that from the great stores of the large cities. These great establishments advertise their wares most lavishly, and the metropolitan

newspapers which contain their advertisements are disturbed over the country, some one paper of which enters into nearly every home. The result is that these metropolitan establishments have built up an immense mail trade. In our towns and indeed in most of the towns hereabouts, there is no occasion for this out-of-town buying. The duty of citizens in the matter is plain, and where other things are equal support should be given local dealers. Our merchants have invested their capital have erected buildings, which are the pride of the city, and have established concerns which are almost metropolitan in character. They have built up our little city, and it is only a fair return that they have the city's trade, to turn trade otherwise, even in the line of small purchases which are great in the aggregate, is to invite the decline of property values in our town.

**Are You Guilty**

While we have many things of which we may justly boast, we have witnessed many things in practice that are very disagreeable, not to say exasperating. For instance, how one likes to go to the postoffice to wait for the mail to distribute, or to mail a letter or parcel, and have some one just ahead of you after receiving his mail, stand at the window and look over a dozen or more letters or papers! Or maybe they will mail several letters, and after purchasing the stamps, instead of stepping out of the way as they should do, stand at the window until they have placed the stamps in position and sealed the letters. We think a reform along this line would be very acceptable indeed.

**Married A Johnny**

Many a young woman who deserves a good man for a life companion, has jumped in at a tender age and married a Johnny, and gone through life embarrassed the rest of her days. Johnny is all right as an ice cream boy and as a slot machine with which to get chewing gum and bon bons, but when it comes to measuring up in after years with the men who do things, and whose wives makes up the budget of satisfied ones, he is down and out before the race starts. Girls, if you must marry, and you must, if you would be happy, be sure and marry a man, or at least what is going to be a man.

**FIND YOUR NAME AND GET FREE MOVIE TICKETS**

Here's a chance to attend the Queen theatre with the compliments of the theatre and the Enterprise, and you will be the lucky one whose name is printed in small type somewhere in this issue with this ♦ before it. Just present the Enterprise at the theatre office showing your name and you will be handed two tickets good for any evening. No trick, no guessing contest, absolutely no 'strings' about the offer at all. We will print someone's name in small type from week to week, selected at random from anywhere about town and vicinity, and the lucky one gets the tickets. There is a name printed this week, see if it's yours. Here's wishing you luck! Watch for it every week."

**Landed in the Street**

A thin sickly little man entered one of the stores in one of our small towns recently and quietly seated himself on a convenient chair. One of the clerks approached and asked if he wished to purchase anything. "Oh, no," said the man, "I just dropped in for a few minutes." After half an hour had passed, the manager of the store, becoming curious, approached him and asked what could be done for him. "Why nothing that I know of," said the man, "You see I have nervous prostration and the doctor told me to stay in a quiet place. Noticing that you do not advertise I thought this would be about the quietest place I could find." Let me tell you it was anything but quiet there for five minutes. The poor little man found himself in the street wishing that he had landed on a feather bed. But the next week the store surprised itself with a big display ad in the home paper.

**CARD OF THANKS**

To the many friends, both of Ballinger and Wilmeth who so kindly assisted in the putting away of our beloved son and brother, we wish to extend to you our greatest appreciation, thanks and lasting gratitude. And when such hours of trial come to each of you may you find a host of friends to help lighten your burdens. May God bless each of your is our fervent prayer.—W. R. Campbell, Mr. and Mrs. Elgin Davidson and Family, Mr. and Mrs. M. D. Freeman and children.

Leonard Moore of San Antonio, who visiting with his relatives, Bob Bruce at Wilmeth, was in the city the first of the week, accompanied by Mr. Bruce.

Mr. and Mrs. Carl Henslee and children are spending their vacation in Greenville, Texas, and other north Texas cities. They will be absent something like two weeks. Mr. Henslee is a popular official of the Winters State Bank. We're hoping the Henslees will have a most enjoyable vacation.

Miss Cloma Hansen of Galveston is a guest in the home of Mr. and Mrs. Dewey Spear.
