The Winters Enterprise

VOLUME XXI

WINTERS, RUNNELS COUNTY, TEXAS, FRIDAY AUGUST 7, 1925

NUMBER 14

WHO Pays? Who is it that pays for the commercial club, the Fourth of July Celebrations, the Fairs, the Poultry Shows, the Taxes, the Schools, the Highways in the Winters Country? It isn't the solicitor of dry goods, hosiery, Printing and other lines of goods from other places. If there is no relief by law the people should co-operate by refusing to buy and thus help the local business man who helps the town.

FIRST CHRISTIAN CHURCH TO START REVIVAL AUG. 19TH

In line with the announcement made some time ago, a revival, under the auspices of the First Christian church of Winters, will begin on the night of August 19, in the Alexander building near the depot. The services of H. M. Gilmore of Fort Worth have been secured to conduct the meeting. Bro. Gilmore is widely known in Texas, a forceful speaker, who brings the message to you in such way that it loses none of its simplicity or purity. You will enjoy hearing him. His daughter, Miss Myrtle Gilmore, ably assists him in personal work, and directs the singing at the meetings. Under her supervision music and congregational singing will be featured.

This meeting can fittingly be called an organization revival, its aim being to perfect a permanent congregation. From a membership of ten, four months ago, the membership has grown to nearly 30, with a Bible school enrollment of 50, and a ladies aid society to whose zeal can be attributed and mead of success that has crowned the efforts so far. During the coming week they will make a canvass of the town, the objective being to enlist the membership and to solicit co-operation during this revival. It is requested that every courtesy be extended these women and all questions answered fully. "Last at the cross: First at the Tomb." is a memorial to the part women have paid in God's work through the ages. 'Tis true here, to the efforts of the women of the congregation is due, in large part the successful launching of this move, and we feel that with the co-operation of other members not yet identified with the organization that the goal of permanency will be reached. Very cordial is the invitation extended the public to attend the meetings, and especially to other congregations of the town. Further announcements will be made.

C. of C. Secretary Arrived Yesterday

J. E. Farrow of Groesbeck, recently elected to the position of secretary of the local Chamber of Commerce, arrived in the city yesterday to take up his new duties. Mr. Farrow is quite a busy man just now, making arrangements to move his family here and getting a line on his new duties. He is quite anxious to make the acquaintance of the entire citizenship. The following is taken from yesterday's Fort Worth Star-Telegram: "J. E. Farrow, three years secretary of the Groesbeck Chamber of Commerce, spent Wednesday in Fort Worth en route to Winters, where he will accept a similar position. "During the three years he was in Groesbeck, Farrow had a hand in furthering much development work, including the erection of a courthouse to cost \$750,000. Farrow also was instrumental in development of the city park at Groesbeck, at an expenditure of about \$40,000. It was the site of the original waterworks system, and the old water well used to supply the municipal swimming pool, in which as many as 2,000 persons have enjoyed themselves in 24 hours. "In the park is a municipal building which cost \$10,000. There a dance is held every Thursday night under auspices of the city, which also furnishes the orchestra music. "Groesbeck voted \$41,000 in bonds for a new City Hall. The last 10 blocks of the business section paving program is nearing completion."

J. Frank Paxton and family were visitors in Abilene yesterday.

REV. H. M. GILMORE

Who will conduct the First Christian Church revival which begins Wednesday night, August 19.

MR. AND MRS. SKAGGS LEAVES FOR MARKETS

Last Sunday Mr. and Mrs. J. M. Skaggs left for the wholesale centers of St. Louis and Chicago where they go to select and buy their fall line of dry goods, millinery, ladies ready-to-wear, men's clothing, etc., for the Skaggs Dry Goods Co. store. They expect to be absent some two weeks or more, taking plenty of time to study all the new things in apparel for both men and women.

In talking with a representative of the The Enterprise, Mr. Skaggs takes quite an optimistic view of conditions here, saying he never in his 16 years residence saw more favorable conditions for a bounteous yield of both cotton and feed stuff.

"Under prevailing conditions," said Mr. Skaggs, "You may say to your readers that I am going to buy one of the largest stocks ever brought into Winters and, as usual, I will buy the highest quality merchandise the market affords. I am expecting this fall to be a bumper for our farmers and, of course, when the farmer prospers the merchant with quality merchandise and fair prices may confidently expect a prosperous season."

Bishop Du Bose Dedicates Bradshaw Church Sun.

Bradshaw, Texas, Aug. 5.—Bishop H. M. Du Bose dedicated the Methodist church of this town last Sunday night.

Rev. W. H. Lyon, presiding elder, and Rev. Raymond Van Zandt, pastor were present and took part in the dedication services.

At the beginning of the services, 5 babies were baptized by the Bishop. They were the babies of Mr. and Mrs. Geo. Green, Mr. and Mrs. H. O. Abbot, Rev. and Mrs. A. J. Jones, and Mr. and Mrs. Luther Hoke.

The new Methodist church has been considered large enough for any congregation that might present itself for years to come, but the house was packed and jammed and many people turned away on account of lack of room last Sunday night.

Mr. John Heck of the Wilmeth Community was in the city Wednesday and brought to our office a small mesquite twig which had on it forty-one full developed beans. Mr. Heck said he had seen a number of fine bean crops, but the one this year is the most prolific he can remember. He also said prospects for a bumper crop were very promising this fall.

Bert E. Low and family were visitors in Abilene a day or two the first of the week.

Hatchel is Prosperous Community

Hatchel, situated about half way between Winters and Ballinger, is one of the communities in Runnels county where old mother earth has given bountifully of her riches to the people of the community, for her vast fields of cotton and maize are deftly wafted by the western breezes. Farm houses dot the country side, and prosperity is evident on all sides.

The merchant of Hatchel is A. D. Palmer, who is a native of East Texas, hailing from Gregg county, and who, like many others took the advice of Horace Greely, "Go West Young Man." Mr. Palmer first took up his residence in Winters, and finally purchased the Hatchel Mercantile Company. After acquiring this business, he remodeled and re-newed everything, until at present he possesses a store that is a credit to this community.

But, he has not stopped at that. The afternoon of the Enterprise was there, workmen were busy preparing the ground, where an ideal tourist camp will be built with all conveniences, even an apartment house.

Of importance to the social life of the people of the community during the past week has been Prof. Warren's singing school. Much interest

has been manifested in this school. The school will close Saturday night, and as a climax to its success and enjoyment, a concert will be given, consisting of special numbers, quartettes and other features that will be interesting and entertaining.

We want to make special mention of a field of maize that borders on the highway, and one that is good for the eyes to feast upon. This field of maize is on the farm of J. P. Wessel, a prosperous farmer that lives a few miles north of Hatchel. The feed problem, if nothing happens, will not bother Mr. Wessel, for he will have plenty with some to spare. We were informed that Mr. Wessel estimates his field at 2 tons per acre, and he has 65 acres. You can figure it yourself.

A Baptist meeting is scheduled to begin this Sunday at Hatchel. Rev. Jester will do the preaching, assisted by Rev. Quindlen. The services will be held under a commodious tent, and will last probably two weeks.

Among local items we were informed that Mrs. Jack Walker underwent an operation for appendicitis Tuesday morning, and David Holiday was confined to a Dallas hospital where he is expected to be compelled to undergo an operation.

Winters Hatchery Takes Off Hatch

The Winters Hatchery under the supervision of Leslie Alexander took off the first hatch of fluffy puffs of gold—just oodles of them—not one, but a whole flock of them, on last Tuesday.

Mr. Alexander states that he had remarkable success, with the first hatch, averaging about 70 per cent from eggs that were gathered at random. The chicks are doing well, and the fatalities among them were very small.

J. W. Tanner Leaves For Market Sunday

J. W. Tanner of J. W. Tanner Dry Goods Company will leave Sunday for the St. Louis markets where he will buy fall and winter merchandise.

Mr. Tanner states that he will buy quite extensively as he is expecting the coming season to be a prosperous one in the Winters country.

Accompanying Mr. Tanner will be Mrs. Tanner and Mrs. R. L. Labenske, the latter who will assist in buying women's apparel. They expect to be away about two weeks.

Attending Family Reunion at Belton

Jim Smith and family left Monday for Belton where they will attend a family reunion. The relatives that reside at Belton have rented a whole park for this occasion, and 150 people are expected to be present. Among those that will be there is grandmother Smith who has 89 grandchildren, and they all will be present. Other relatives of the Smith family who reside near Winters went with Mr. Jim Smith, and whose names we will mention in a more extended write-up of the affair.

School to Begin September 7th

There seems to be quite a number of opinions as to the date for opening the coming school term, so in conversation with Supt. Smith we asked him as to the date and were informed the term would start Monday, September 7th.

D. S. Mitchell of Greenville, has accepted a position as head of the commercial department of our schools. Mr. Mitchell comes to us bearing very high recommendations as an instructor and gentleman.

A Million Dollar Rain

A rain which has been conservatively estimated at a million dollars, fell in the Winters country, beginning last Thursday night. The precipitation was general, and from reports gathered will not vary much over the county.

With this rain coming as it did, which was slow and heavy, a good season is assured and the ground soaked it up, nearly as fast as it fell.

All forage crops will be greatly benefited, and an abundance of feed-stuff in this country is already here. The young maize will now develop into fine feed, while the old maize was practically made when the rain came.

The old cotton was holding its own, and according to many farmers would

have made a fair crop without rain. The young cotton was needing rain, and as it got it, will soon be on a par with the old cotton, and it all will soon develop into one of the biggest cotton crops ever known in history of the Winters country.

Much optimism prevails among everybody in the Winters country just at present, and predictions are being made that we are going to enjoy an era of prosperity.

The estimated cotton yield for Runnels county jumped from 40,000 to 60,000 bales as a result of the good rain over the county. Runnels county ginned, according to the government report last year 53,260 bales, and Winters received 25,000 bales of this crop.

MISS MYRTLE GILMORE

Miss Gilmore will lead the singing and do general evangelistic work in the First Christian church revival.

KILLEEN MAN TO OPEN NEW DRY GOODS STORE

Mr. Harold Norman of Killeen, Texas, accompanied by Mr. Will Sutton, prominent merchants of Killeen, was in the city the latter part of last week making arrangements to open a new dry goods store in Winters.

All arrangements were satisfactorily made. Mr. Norman securing the Cook building on Dale street, formerly occupied by G. A. Ladwig, for the new store. A buyer was sent to New York to make selections and purchase the stock for the store. Mr. Norman informed us that he expected to put in a first-class dry goods store in every respect, specializing on ladies' ready-to-wear and millinery. He comes to us bearing high recommendations as a citizen and business man, and he and his good wife will be quite valuable acquisitions to the business and social life of our city.

He also stated the new store would be opened and ready for business September 1st.

Winters Coach Attending School For Coaches At Austin

A letter from Prof. Chas. Ross Smith, athletic director of our high school, advises that he is now attending the Rockne school for coaches at Austin, Texas. He expresses it in this language: "It is the hot stuff." He expects to be on hand the 15th or 16th of this month to take charge of the training camp for the Winters championship football team. No doubt he will acquire much knowledge and new plays that he can impart to the finest bunch of boys in all the country. "Our Boys," if you please.

New Cotton Gin Being Erected at Wilmeth

Mr. W. F. Mason has torn down the old gin at Wilmeth, and has a new one under construction which will be modern in every respect and will be equipped with five stands and the very best of cleaning and hull extracting machines.

The citizens of the Wilmeth community are proud to see a new gin of this type being erected in their community and Mr. Mason will be better able to take care of the crop of his territory.

Mr. and Mrs. Fred Carmical, of Leonard, Texas, were in the city a few days the first of the week, Mr. Carmical being here on business connected with a farm he owns in this section. While in the city they were guests in the home of Mr. and Mrs. Buford G. Owens, Mr. Carmical being a boyhood friend of Mr. Owens.

NEW M. E. CHURCH BUILDING DEDICATED BY BISHOP SUNDAY

A record unsurpassed by none, and equalled by few is that of the Winters Methodists, for about one year and a few months ago, the members set out to erect a modern edifice, which today is a standing monument to their zealous work, sacrifices, loyalty and integrity to the cause of the Master.

Within one year from date when construction was started the church was cleared of debt, having paid for the building in full and plans had been under way ever since then for its dedication.

On last Sunday, Bishop Du Bose delivered the dedication sermon, giving to God this magnificent church building, to be used to glorify His name. Bishop Du Bose delivered a masterful and eloquent discourse.

He congratulated the membership on their achievement and progress and hoped that many blessings would be showered upon the people of Winters.

Much credit is due those who have worked faithfully and hard, and among those are Rev. Stanford, who preceded Rev. Bryan. Rev. Bryan took up the task right where Mr. Stanford left off and carried right on. The building committee, composed of Dr. W. D. Sanders, J. W. Monroe, J. S. Neely, J. Frank Paxton, J. M. Skaggs, J. W. Tanner, W. W. Poe, H. L. Chapman, Rev. J. L. Speer and Wm. Stevens, was one of the most diligent and faithful committees. They worked long and hard to settle the various problems that confronted them, working in complete accord and harmony, giving their time and money to the cause.

A Bit of Methodist Church History
The Methodist first organized in Winters in 1890, and since that time have worshipped in three buildings and its membership has grown until it now exceeds 626. Their first church was a frame structure that served the congregation until 1913, when a brick was erected and realizing that this would not meet the needs of the increasing membership, plans were started for their present building.

The first Sunday school was organized by Rev. J. L. Speer, and today Rev. Speer lives to see this Sunday school developed into a mighty factor in the church life of our city.

Thus the new church, costing considerably more than \$40,000 is paid for. It is thoroughly modern in every respect, and is rated with the first three churches of southern Methodism as to physical equipment.

The entire membership of the First Methodist church are to be congratulated on their frugality and performance of their attainment—the erection by man of their church and dedicated to God for all time to come.

The cornerstone was laid June 29, 1924. Dr. A. D. Porter, presiding elder of the Brownwood district, presided over the cornerstone service.

W. E. HICKMAN LEFT FOR MARKET MONDAY

W. E. Hickman, accompanied by Mrs. Hickman left for the St. Louis markets where he will buy fall and winter merchandise. Mr. Hickman says that he is going to buy a large amount of goods, as he is looking for an extra busy season in Winters this year.

Mrs. F. J. Brophy returned home the later part of the past week from a two week's visit with relatives at Cleburne, Texas.

SOMETHING FOR NOTHING
Readers of The Enterprise have no idea of the volume of press agent material that comes to the editor's desk every week. Less than one-half of one per cent passes long between our desk and our perfectly good waste basket. In these times, every industry has its press agent and branch of each industry has an army of workers scheming to get the name of that particular business put before newspaper readers in a favorable light without paying the usual advertising rates.
If responsible and intelligent editors did not constantly assert themselves, the average country newspaper would be filled with pre-arranged material to the exclusion of news. The Enterprise is ready and willing to aid in any cause or project that will help our town and community, but we are not willing to throw open our columns to these fellows who are continually looking for free publicity. Save your postage, brother. Save your postage unless you send along check.

THE WHITE HOUSE
I will be a different White House when President Coolidge returns from his summer vacation at Swampscott. The mansion is being remodelled and repaired, and it is not to be imagined that the President is greatly concerned whether it is "Colonial" or "first empire." The White House is a beautiful and dignified residence, as it should be, a fit abode for the President of the republic. The White House was regarded by President Roosevelt "the ideal house for the head of a great democratic republic." And when the time came for him to leave it he expressed the hope that it "be kept unchanged and unmarred from this time on."

KEEP COOL ABOUT IT

Weather is a common cause of complaint, no matter how good or bad it is. It is probably the most talked of subjects in the world, as it is the entering wedge to most conversation. If we would all have our way we would have several kinds of weather at once.
Doctors, editors, scientists and homely every day philosophers have preached and written through the centuries that we must take the weather as it comes without fret. We have done something ourselves along this line, and yet we confess that while writing we have fretted with the best and worst of them.
To hear some people talk about the weather you'd think they had bought it and got film-flamed on the deal.
However, don't fret about the weather. Keep cool or keep warm—if you can.
AUTOMATIC BRAKES
Nine railroads have completed the installation of automatic control devices and on several others the work

County Agent Urges Control of Leaf Worm

The leaf worm is here and the fight is on. We feel that a word of timely warning, in urging the farmers to make a thorough investigation of their fields and to get ready to fight the worms in the early stage of the game may mean a great deal towards saving a good cotton crop.
When the worms appear in destructive numbers, dusting with the proper arsenicals will control them.
The following arsenicals for dry-dusting are recommended by the department of Agriculture:
No. 1 Calcium Arsenate (use undiluted) 5 lbs to the acre.
No. 2 dry arsenate of lead 3 lbs
Hydrated lime 3 lbs
No. 3 Paris Green 1 1-2 lbs
Hydrated lime 4 lbs
Paris green applied in dust form is effective but is apt to burn the foliage and should be used with great caution. London Purple is of the same nature, and if used at all, should be used in the same proportion as Paris green. It also has a tendency of burning the plants.
White arsenic is very unsafe to use on account of the danger of burning.

Liquid Sprays
Where spraying is preferred the is nearly finished. This puts the railroads well ahead of the allegedly up-to-date automobiles. Cars have self-starters, of course, but none of them has automatic brakes, which operate when a collision threatens. The need for them is made evident every day at railroad crossings and in street traffic. The only solution, however, is to develop drivers who automatically act safely.

THE NIGHT WORKERS
Now they are making tractors with big searchlights so that the farmer can plow even better by night than by day. The farmer is supposed to be putting in only about 16 hours a day now. By making it possible for him to work all night he may be able to get into the perpetual-motion class.

THE RICHEST EVER
The per capita wealth of this country is now reported by the statisticians as nearly \$5,000. If you haven't got your \$5,000 yet, drop a postal card to Andy Nellon.

following arsenicals should be used:
Lead arsenate 2 lbs
Hydrated lime 2 lbs
Water 50 gal
or
Calcium arsenate (undiluted)
Water 50 gal
or
Paris green 1 1-2 lbs
Hydrated lime 2 lbs
Water 50 gal
Inasmuch as there are from three to seven generations of the leaf worm annually farmers should make every effort to destroy the first brood. If this is done the following generation can much more easily be controlled.
Watch you crop carefully, get your spraying machines and your duster in good working order, have a sufficient amount of poison on hand and be ready to "pour it on 'em" before the worms can make any headway.
I shall be glad to render all possible assistance to any individual or any community that may desire my service in this or any other line of work that falls within my scope of activities.—C. W. Lehmborg, County Agent, Runnels County.

Messrs. Joe Hines, Wm. Stevens, and their families and Mrs. Wiley Hines left Wednesday for the Llano River for a two weeks outing.

Mr. Luther Haynes is spending his vacation in San Antonio.

Mr. and Mrs. Weldon Howell are receiving congratulations on the arrival of a new daughter who arrived last Friday, and they announce that little Miss Billie Weldon has come to stay. Mother and daughter are doing nicely.

New Prices \$70 to \$350 Lower

To add to quality is one thing. To effect lower prices is another. But to do both, in motor cars that were already unmatched in performance, appearance and value, is an achievement without parallel. This is just what Oakland has accomplished in its new cars. More than 100 improvements have been added, including new Bodies by Fisher, Air Cleaner, Oil Filter, Four-Wheel Brake refinements and The Harmonic Balancer—
—yet prices are \$70 to \$350 lower.
The Oakland Six was outstanding before. Now it ranks above and apart, literally compelling preference.

Wingate

Leroy Sietz and Troy Carter returned Tuesday from Killeen and Belton, where they visited friends and relatives for a week.

Mr. and Mrs. I. N. Phillips and daughters, Ethel and Agatha, left last Tuesday for a visit to Mrs. Phillips' parents at Hugo, Okla.

Wingate played ball against the Robert Lee team on the Bronte diamond last Wednesday. That was the final game of the first three days series. The series this week is being held at Robert Lee and will be held here three days of next week. We were lucky enough to win the hundred dollars. We won the game by only one score. A number of people went from Wingate and we were well paid for going by seeing one of the most interesting games of the season.

Mrs. Clifford Rowland of this place took a train at Bronte Wednesday evening for Sylvester, having received word to the effect that her husband received a broken leg in a ball game at Crosbyton.

The remains of Mrs. Bennie Allman were laid to rest in the Wingate cemetery last Wednesday morning, amidst a host of sorrowing friends and relatives. The deceased passed away Tuesday morning the 28th, after a lingering illness of some two months at Biard, Texas. Mrs. Allman was the daughter of Mr. and Mrs. S. L. Eason, formerly of this place. She is survived by her husband, one daughter, her mother and father and several brothers and two sisters. We extend very sincere sympathy to the heart broken family and other relatives.

H. A. Rogers, wife and daughter, arrived Saturday from Fluvanna to visit their parents, Mr. and Mrs. W. D. Rogers and T. F. Grisham and family.

Mrs. J. H. Bryan and family returned to their home here, last Friday from a visit to Shanrock and Childress.

Lloyd Perry and family of Fluvanna are visiting Mrs. Perry's parents, Mr. and Mrs. T. F. Grisham. Miss Jameson of Mertzon is here visiting her aunt, Mrs. Maude Fitzgerald.

Cullen Perry and wife returned to their home in Fluvanna last Sunday after a visit here to Mrs. Perry's parents, Mr. and Mrs. Joe Simpson.

Miss Opal Guthrie of Winters returned to her home Sunday after a pleasant two weeks stay out here with friends.

S. Roe and family of Winters were in Wingate Sunday.

A number of Hylton and Saep people attended the Christian meeting here Sunday and Sunday night. The seating capacity of the taber-

"Cyclone Buddy" A Real Thriller

"Cyclone Buddy," latest of the popular Buddy Roosevelt series of thrill-stunt action melodramas, at the Mission Theatre on Friday and Saturday, August 7 and 8, will give the admirers of this screen favorite a brand new set of thrills and surprises from its opening to the final scene.

Buddy Roosevelt plays the part of Buddy Blake, believed to be a ranch foreman, but who is really a United States Marshal in disguise, who has come to that section to run down a gang of miscreants, known as the Raiders, who have preyed on the countryside for several years. Buddy rescues his "boss," with whose pretty daughter he speedily falls in love, from an attack by the gang and escapes, himself, in a thrilling plunge down a fifty foot cliff.

How he finally runs down all the Raiders and captures their leader, who turns out to be a prominent lawyer and cattle baron, after a series of desperate fights and hair-breath escapes, forms a story of breathless interests and romantic action.

W. H. Brown returned Wednesday of last week from a visit to Amarillo and Chattanooga, Oklahoma.

The best of eats properly prepared and served at Campbell's Cafe.

nacle would not accommodate the large crowd Sunday night.

The Baptist meeting will commence here Saturday night. Rev. Frazier will conduct the meeting.

Mrs. Pettit Smithson and sons, returned to their home in Los Angeles, California last Sunday after an extended visit here with relatives.

Mrs. Roach and small son and little Miss Mahoney all of Memphis, Tenn., are the guests of Mrs. J. L. Barron. Mrs. Roach and Miss Mahoney are sisters to Mrs. Barron.

Mr. J. L. Burns has as his guest his mother from Bell county.

T. A. Dunn and family of Crosbyton, came in Monday afternoon for a visit to Mrs. Dunn's mother, Mrs. L. Daully.

Winters Girl On Honor Roll State University

Austin, Texas, July 31.—Dean H. Y. Benedict, of the College of Arts and Sciences of the University of Texas, has just made public a list of 435 students out of 2,791 registered in the College of Arts and Sciences deserving to be classed on the Honor Roll for exceptional scholastic averages during the spring term of the current session. The object of the honor list is to commend officially members of the student body whose grades during the term rank them scholastically above the average. The list has been divided into five groups, according to the scholastic rank of the students mentioned.

In constructing the honor roll, ac-

count is taken both of the grades made and the number of courses passed that is account is taken of both the quantity and the quality of work accomplished by the student, as evidenced by the reports of the instructors. Heavy emphasis is placed on quality by counting an A as 12, a B as 9, a C as 6, D as 3 in computing the score of the student.

From Winters, the honor roll contains the name of Ethel J. Martin.

John Q. McAdams, cashier of the Winters State Bank, and family left on their vacation Wednesday. They expect to be absent some two weeks.

Miss Laura Kittrell and brother, Frank Kittrell of Dallas left, Tuesday for Colorado Springs and Yellowstone National Park where they will spend their vacation.

Rev. H. H. Stephens and family returned Thursday from Brownwood where they visited Mrs. Stephens' mother, Mrs. M. L. Sivells, who has been quite sick, but last reports were she was better, having had no fever for a day or two.

Mr. J. P. Wessel of Hatchel was transacting business in Winters Saturday.

The discovery of the cancer germ will put fresh hope and vigor into the search for the cure.

Mr. and Mrs. W. E. Hemeline of Wingate had the misfortune to lose their infant baby on last Friday. The little one lived only a few hours. The funeral occurred Friday. From last reports Mrs. Hemeline was in a serious condition. The Enterprise trusts her condition will rapidly improve of the best.

Emmett Bishop was a business visitor in Winters Saturday.

The North Pole is always interesting owing to the facilities it provides for one discovery after another.

Nobody Would Do Without the Telephone Now-a-days

—The telephone is one absolute necessity in modern business. It is necessary in modern society. No community can get along without a telephone service.

—So the telephone is a real vital public utility. It is so effected with a public interest that experience has shown that what is best for the community in the way of telephone service is best for the telephone company.

—If the best service possible is not provided the community can not get along as well as it might. If the community does not make such service possible the telephone can not do as well as it deserves to do.

—There is not and can not be any difference at all between the interests of this industry and the interests of the people who depend upon telephone service.

—Whenever difference arises they are due to lack of understanding.

—This company seeks the fullest co-operation of the community to the end that its service may be the best possible service.

 Prayer service 8:30 p. m.
 Departmental meetings 9:30 p. m.

The Man Without A Conscience

"The Man Without A Conscience," a story framed for its dramatic delineation of a man who reached worldly success through the power of his own dynamic personality, regardless of the hearts and rights of others, is the feature attraction at the Queen Theatre, Wednesday and Thursday, August 12 and 13.

Determined to conquer money, power and position, Richard Mason's unscrupulous methods leave broken victims behind him—but on he goes selfish, greedy and deaf to the warnings of those who love him. He casts his fiancée aside to marry a wealthy society girl whose love for another makes her life a thing of dull misery. Using another man's brains and achievements, he runs up the ladder of wealth, only to treacherously trick his partner out of his deserved gains. But retribution is relentless—it strikes at his weakest point, his sincere love for his tiny, deformed son and then flings him into a grey cell behind bars to atone.

The tremendous, emotional character of Richard Mason has been entrusted to Willard Louis, whose past performances have marked him as one of the leading interpretative masters of the screen. June Marlowe and Irene Rich have been chosen to portray the shy, country maid and the haughty society queen, Robert Agnew, John Patrick, Helen Dunbar, William Orlamond and others complete the cast.

"The Man Without A Conscience" was translated onto the screen by Warner Bros., who felt that this story from the pen of Max Kretzer would prove one of the outstanding photoplays of the year. James Flood is responsible for the direction of the picture which was adapted by Hope Loring and Louis Lighton.

Harmony News

Harmony community was blessed with a fine rain last week. It will be a great help to the crops.

Miss Muta Young is visiting relatives at Merkel.

We are sorry to report Miss Edna McCreary still being very low. Mrs. Ethel Caryle of Winters and other relatives have been called to her bedside. We hope she will be much improved soon.

Mr. and Mrs. Henry Seals and children went to Ballinger Monday on business.

Quite a number of Harmony people attended the Baptizing in the Woodard pasture Sunday afternoon.

Mrs. T. H. Hill of Ballinger is visiting her daughters, Mesdames Jim, Lee, Frank Seals and Edgar Branham this week.

Misses Winona and Mabel Moore visited Miss Edna McCreary Tuesday.

The Methodist meeting closed Sunday night. Rev. Paxton did some fine preaching.

Mrs. Jim Tunnell went to Crews Monday to be at the bedside of Mr. and Mrs. Dunn's little girl.

Elo Guy and a number of other boys helped Mr. Lee Seals brand calves one day this week.

Miss Rosa Worthin of near Winters spent Saturday night with Miss Iva Blackburn.

Accidents will happen which is why there are so many different kinds of salads in the world.

Emmett Bishop and family and Mrs. R. A. Bishop returned Wednesday from Littlefield where they visited Mrs. J. W. Kelsey. Mr. J. D. Bishop went with them but remained for a longer visit with Mrs. Kelsey who is his daughter. They report the country fine in that section but needing rain.

Another of the world's meanest men is the chap who borrows a 1-2 cent stamp and offers to pay for it.

COOLIDGE WILL RECALL FARM CONFERENCE

Swampscott, Mass., Aug. 4.—President Coolidge will recall his agricultural conference to map out a legislative program for farm aid.

The conference which was appointed a year ago, presented a program to the last session of Congress in which principal recommendation was Government aid in co-operative marketing.

Coming before Congress in the closing days of the session, the conference report failed to approve with considerable opposition voiced to some of its main proposals.

Spokesmen for the farming territories told the President this Summer, however, that they believed co-operative marketing legislation to be the principal need of the farmers and the president has determined to again leave the problem in the hands of his conference, headed by Robert D. Gary, of Wyoming.

Mrs. Hart Phillips has returned from Levelland where she spent her vacation with her mother.

Chicago, once famous for its great slaughter houses, now has become notorious for its great slaughter.

Frank Flynt, a valued employe of the Nance-Brown Motor Co., is out of town this week on his vacation.

To the man it concerns, a newspaper's praise always seems rather restrained and in adequate.

Your Thermometer Is Flying Danger Signals

UP today and down tomorrow—your thermometer flies danger signals these changing spring days.

Temperature variations are particularly hard on milk and many of the more delicate foods. In their case, spoilage sets in very easily. Milk, for instance, should never be allowed to get above a temperature of 45 degrees.

In order to protect all foods against spoilage—and incidentally protect your health—phone us today for ice service. Then you will have safe temperatures in your refrigerator, no matter how sudden the weather change may be.

ALAMO GARAGE

Studebaker Sales and Service

Steve Unfred, Prop.

We take pleasure in directing the attention of our readers this week to the Alamo Garage, located on S. Main, which is managed by Mr. Steve Unfred, who takes an interest in the advancement and progress of Winters, and surrounding country.

This firm has the agency for the Studebaker Automobile, and gives service on this car. They also pioneered the Star car in this territory, and have been very successful with this little car which has the latest improved continental Red Seal motor, known the world over.

In the mechanical end of the business, Mr. Paul Graham will be found, who is an expert mechanic, and knows his business. They

Photo by Jordan Studio.

have one of the best equipped shops in this part of the state, consisting of cylinder reboring and honing machines, a lathe for all kinds of machine work including an attachment for piston grinding, therefore they are prepared to work over your motor.

The well known nationally advertised Goodyear tires and tubes are sold exclusively by this concern, and they have built up a trade that bespeaks well for this famous tire. Just recently the Alamo has inaugurated a new service—one that will be welcomed by the motor owning public, and that is, they will give day and night service in any manner their services are required.

Blizzards Football Training Camp To Open August 24th

Football training camp for the Winters High school Blizzards will begin August 24th instead of August 17th as formerly planned according to information received from Chas. R. Smith who is now in Austin studying in the Roche-Meanwell Coaching school. This change was made to fit into the program of the beginning of school in order that training rules might be observed without a break between the date camp closes and the date on which school begins.

This is the first time in the history of Winters High school that a training camp of this kind will have been conducted and it is arousing much interest among the local boys as well as some prospective players from other districts adjoining. Coach Smith in giving the information about camp said that he first wished to express his highest appreciation to the Lions Club of Winters who are making it possible to put this program over of pre-season training. Also to Principal C. R. Robertson who will be with him on camp during the entire twelve days helping to solve the knotty problems of fitting the game to this year's conditions and men.

The training camp, according to Coach Smith, will have two phases of work; first, the fundamental principles of theoretical football which will be given through lectures and practice in offensive and defensive blackboard work and second, actual tactics through field work.

The boys will leave for Oak Creek on the morning of August 24th at nine o'clock and will remain in camp throughout the entire twelve days. They will be required to take a cot, blankets, sheets, knife, fork, spoons, plate, toothbrush and tooth-paste, two changes of clothing complete, towels, soap, comb and brush, and a bathing sponge. "It is not necessary," Coach Smith said, "to carry any devices for games of any sort, because I think that I can keep them fairly well employed with the big game that

we have in mind in going to camp to play."

It is expected that some twenty or thirty-five boys will be on hand for the training camp and that this camp may be the outcome of many others preparing the Blizzards for a real high school football machine.

Money invested in Winters High school boys and girls always pays big dividends. They appreciate what the business men of Winters have done and are doing for them as is shown by their efforts last year during the county, district and state meets of the Interscholastic League. What they have done they can do again. Let's all back old Winters High next year as never before and not only get commercial returns but moral and mental and physical advancement in our future citizenship.

We are glad to report little Miss Ruth Patterson, who underwent an operation some time ago for appendicitis, able to sit up and expects to leave the sanitarium the last of the week.

Miss Loma Pumphrey, little daughter of Mr. and Mrs. Will Pumphrey, was carried to the local sanitarium where she was operated on last Monday for appendicitis. Dr. Middleton of Abilene, relative of the little lady, came down and assisted with the operation. We are glad to report she is doing nicely and well on the road to complete recovery.

Mr. and Mrs. Lloyd McCarty of Abilene, and Mr. and Mrs. A. E. Wood of Sulphur Springs, Texas, are guests in the home of Mrs. McCarty and Mrs. Wood's parents, Mr. and Mrs. D. E. Bartlett, this week.

Mr. and Mrs. Wilson Young and family, of Killeen and Mrs. Reagan and daughter, Ruby, from Merkel, were visitors in the home of Mr. and Mrs. C. W. Gregory a few days the first of the week.

Mr. and Mrs. C. S. Jackson and son returned home the latter part of the past week from a tour of the plains country. They report a most enjoyable trip.

EAST TEXAS WATERMELONS

A car load of Hopkins county watermelons will arrive Saturday. Get one through your local merchant.

They're fine!

Ford Benham of Dallas, was in the city the latter part of the past week transacting business.

Mr. George Labenske and family, from Georgetown spent a few days in the home of Mr. and Mrs. R. L. Labenske.

WITH THE METHODISTS

Every member of the church is urged to be at both services Sunday and to bring somebody. The pastor will preach at both hours.

Preaching 11 a. m. Junior League and Intermediate League 7:15 p. m., Miss Mary Neely, Supt.

Senior League, Clifford Rhoden, President 7:15 p. m.

Preaching 8:15 p. m. We cordially invite strangers and visitors.

Brunswick Radiola Newest Thing In The Radio World

The Brunswick Radiola, a radio and phonograph in one instrument is the latest thing in the radio world. This is a combination perfected by the Brunswick people that has proven a success, and is an instrument that has received a popular demand wherever it has been demonstrated.

Everything about the Brunswick Radiola is enclosed, and it can not be distinguished from a phonograph. One remarkable thing about it is, no wires are used, and no wet-batteries, and will give you service wherever you place it.

The Brunswick Radiola is sold by George Speer, and he will be glad to demonstrate one to you at any time by appointment without any obligation whatever on your part.

Read the announcement regarding this instrument in this paper.

"When Better Cars are Built Buick Will Build Them"

In talking with Mr. Light Hoover of the Hoover Motor Co., local agent for Buick automobiles, about the new features on the late Buick cars being advertised and placed on the market at this time he tells us that the slogan for Buick "When Better Cars are Built, Buick Will Build Them" is no idle jest. There are several new features on the late model Buicks, designed with the view of prolonging the life of the engine, and they are also equipped with full balloon tires. They have a couple of large charts which show the different models and under each model is printed the delivered price.

West Texas Utilities Co. Have Good Range Sale

The West Texas Utilities Co., operators of the Winters Light & Power Co., have just closed a very successful sale of electric ranges, having recently sold some twenty odd electric cook stoves. There are now in operation in Winters ninety-seven electric cook stoves.

Mr. and Mrs. A. L. Smith and children of Winters who visited his brother, J. M. Smith, and family the past week left Monday for a short visit with relatives in Goldthwaite before returning home.—Killeen Herald.

Mrs. J. A. Smith returned Tuesday to her home in Winters after spending the past three months with her son, J. M. Smith and family and other relatives.—Killeen Herald.

Nearer Together Than Ever

That tells the story of the relations existing between this store and its customers. It is not an idle statement. It is a fact evidenced by the constantly increasing volume of our business, and the number of new customers who are finding their way to our doors. They come to take advantage of the splendid service we render every day in the week.

A REAL DELIGHT

If you are a stranger at our fountain, come in and get acquainted with the service we give.

Our drinks are a "birdie" for summer comfort.

YOUR DRUG NEEDS

No matter what you wish in the drug line, we have it, or will get it for you.

We want to serve you, giving you the best at all times.
