VOLUME XXIV

WINTERS, RUNNELS CO., TEXAS, THURSDAY, AUGUST 18, 1927

NUMBER 16

Farm Bureau Co. Buys Runnels Co. Gin at Bradshaw

Bradshaw, August 15.—The Farm Bureau Gin Co. has bought out the Runnels County Gin at this place, and will add much new machinery, cleaning devices and a fifty-bale storage house for seed cotton.

The Bureau Gin is a corporation, the following being the stockholders: W. G. Daniel, A. R. McGuire, R. W. Smith, A. G. McHaffey, Guy Taylor, J. J. Stewart, A. F. Turnbow, L. J. Hardin, W. A. Cate, M. Brown, F. V. Jones, B. H. Green, H. S. Hall, C. A. Cloud, E. W. Kelley, W. H. Jones, E. F. Bruton, T. C. Downing, J. H. Herrington, Adon Hale, H. E. Judkins, J. R. Wallace, J. F. Fox, T. J. Green, W. A. Jones, Polk Caborne, H. O. Abbott, E. A. Green, W. A. Allred, J. I. Sanders, C. D. Sanders, J. Z. West, J. E. Allen, W. A. McMillon, J. R. Middleton, Mickie Osborne, T. W. Foster, Grant Lindsey, R. H. Herrington, Warren McGuiston, H. F. Sandefur, A. S. Lewallen, R. W. Crowe, O. R. Moody, E. E. Stewart, B. B. Stutzer, I. L. Toney, W. H. Taylor, D. H. Bradshaw, M. R. Bagwell, C. L. Alexander, Ben Kelly, Sterling Price, A. H. Neill, W. S. Shaffer, J. H. Moody, A. B. Holliday, Joe Poindexter, C. B. Poindexter, Sam Griffith, J. H. Crow, S. B. Hancock, W. H. Butler, and W. R. Griffith.

The directors of the new gin are: Lon Stokes, J. R. Wallace, J. H. Herrington, A. B. Holliday and J. J. Stewart.

Dee Jones who has been manager of the Runnels County gin for the past two years has been elected manager of the new gin.

The directors state that they are not entering the gin field to fight any other gin, but will run in harmony with the ginner of the county.

The Farm Bureau members say they are going to adopt a one-strain cotton next year, and the new gin will gin only that particular strain, which will better insure pure planting seed in the future. While the particular breed of cotton to be adopted has not yet been settled, yet the general supposition is Rowden will be chosen. It has been the experience of many of the Bureau members who have heretofore made large shipments of cotton and have grown various strains of cotton, that the Rowden is a hardy growth, drought resister and produces excellent staple.

John Axe and son, Carol, owners of the other gin in Bradshaw, are installing a round bale press and will buy cotton this season.

Taking into consideration the improved road conditions, the good prospects for a cotton crop, together with the gin facilities that will be offered, it is predicted by all the business houses that Bradshaw will receive double the amount of cotton this year to what it has in any preceding year.

Mrs. A. B. Henslee, sister of R. A. Cramer, and two children and a nephew, Aaron Henslee, of Desdemona, are guests in the Cramer home.

Hereford Cattle on Tad Richards' Ranch 18 Miles West of Winters

Winters Schools to Open September 5

The Winters Public Schools will start the term of 1927-28 on Monday September 5th. The local schools start the term this year with the best equipment in the history of the city, and in conversation with Supt. A. H. Smith the first of the week, he informed us that prospects are bright for one of the best school years in the history of the city, not only in numbers, but in character of work. No school in the state in a town of this size has more to offer pupils in the way of equipment or courses than the Winter Public Schools, and Supt. Smith states that he intends to keep the public informed as to the progress of the schools this year through the columns of this paper. The following is an open letter from Mr. Smith to school patrons:

"Winters, Texas, August 15, 1927.—To the Patrons of the Winters Public Schools: School opens September 5th—truly it is just a few more days. Are you talking to your children about school? Are you joining with the faculty and school board in planning for the best school Winters has ever had? Have you thought about it that your cooperation in these plans will go a long way toward putting them over?"

"Winters has buildings and equipment second to none for school work, and it is the opinion of those responsible for the selection of the faculty that a better group of teachers could not be found anywhere."

"In the high school department we are prepared to offer a wide range of courses. In addition to the regular literary work we offer vocational agriculture, home economics, and commercial work. It is not supposed that any one student will be interested in all this work. Some students should not take anything other than regular literary work, others should avail themselves of as much utilitarian work as possible. Talk over with your boys and girls their life plans. Help them decide what they will do when they finish high school. If they are going to college what course will they pursue there? What will their life work be? Help and encourage them in setting their goal in life—then your high school can help them work to that goal. Without a definite goal in view progress of any kind is to a certain extent drifting."

"The course of study throughout the grades is all prescribed. It is considered best for every boy and girl to gain some knowledge of all the fundamental subjects. No matter what line of work they will later pursue they will need this fundamental training."

"All students who are coming to our high school from some other high school should confer with us about their credits before school opens. Please do this."

"We will be very glad to meet any parents who care to discuss their children's work with us."

"Finally, when the teachers have come in, meet your child's teacher. Talk to her. She will help you if you will give her an opportunity. Teachers are human and will make mistakes, and so will most of you, in time. Cooperate with the teachers, and by so doing help your boys and girls.—Yours to serve. A. H. Smith, Superintendent."

Will Drill Oil Test 8 Miles Southeast

Several loads of oil well machinery have been placed on the Ed Talley place, about eight miles southeast of town, where Swartz & Sory have disposed of this contract to Coleman parties, and yesterday no one here knew the identity of the new holders of this contract. Actual drilling was to have started Tuesday, according to our information.

The C. M. Hunt, northwest of town in the Drasco section, have completed the terms of their contract and shut down at 3000 feet in hard limestone with a dry hole. There was a small showing of oil in this well at 2820 feet.

Blizzards Leave For Camp Monday

Monday morning, August 22nd. Coach Smith with about 25 boys will leave Winters for a 10 days football camp to get the team in preliminary trim for the season's grind on the gridiron. Coach reports some activities on the new material this season and predicts that the season will be a harder one to work out this year. New material coming in for a tryout bid fair to add much strength to both the line and the backfield, yet the fact that the football authorities have been unable to schedule but one game so far, San Angelo at Winters, November 4, postpones any prediction as to possible game results for the present.

Quite a few lightweights will begin football this year, some of whom will make camp. Among the attractions of camp life this year, little Sid Caskey will be Coach's private aide. This will be his first trip of this kind and he is expecting a wild time on the creek for 10 days.

Many forms of recreation are necessary in camp life, such as boxing, wrestling, reading, Victrola artists, etc. A call always goes out for good magazines and books and phonograph records and one wishing to add a little zest to camp life may do so by donating or lending books, magazines and phonograph records which may be left at the school building any time before Saturday noon.

This doesn't exclude ice cream, to be delivered to camp, by any means. The strictest of routine will be observed at camp. Visiting hours from 8:30 to 10:30 a. m., and from 2:30 to 4:30 p. m., are requested to be observed by all who visit camp. Remember you are welcome at all times but bathing conveniences demand these hours be kept.

Legion Barbecue Held Near Norton

Last Thursday evening the American Legion Post of this county held a barbecue supper near Norton, attended by over a hundred Legionnaires.

As the weather was very threatening all formalities were dispensed with and after the invocation by the chaplain of the post, the boys "fell to" and enjoyed to the fullest the spread which consisted of "Son-of-a-gun," barbecue, bread, pickles, onions, soda water, near beer and iced watermelons.

In a contest just closed between the Stamford, Ranger and Ballinger posts, the local organization came out on top and as a result the Runnels county boys will eat fried chicken at Abilene tonight while the two losing organizations will eat "gold fish."

Those attending the barbecue near Norton from here were Messrs. Carl Davis, Dr. R. C. Maddox, O. C. Williams, Jimmie Huffhines, Dr. F. J. Brophy, Jesse Smith, Eddie Voelker, Carroll Bell, Gerald Black, Geo. C. Hill, Harry Sandefer, S. P. Floyd, Ralph Ashburn, and H. A. Springer.

Store to Reopen Next Saturday

Messrs. Dave Goldman and Max Goren, the latter of San Angelo, have formed a partnership in the dry goods business and will reopen the old G. & G. Dry Goods store on N. Main street Saturday morning.

These gentlemen have just returned from New York City where they bought an entirely new stock of mercandise for the store here, and Mr. Goldman informed us that "all of their men's clothing and lots of other new goods for fall have arrived and will be on display Saturday. He also stated that their ladies' ready-to-wear goods had not arrived Wednesday but he is expecting their arrival in time for the opening Saturday."

Probably the last concert under the direct of Mr. E. M. Shepperd will be given at the Winters high school auditorium Friday evening, August 19th, at 8 o'clock, in connection with the recital by Mrs. L. T. Smith and Miss Naomi Hunt.

Mr. Shepperd, who has served faithfully as band director with the Winters Chamber of Commerce Band will leave the latter part of August for a wider field of labor with the Military schools of San Antonio. In the few months he has been with us he has done a real constructive work toward building a junior band for Winters, a work that should not be permitted to stop, but should be carried on to the utmost by the chamber of commerce.

Mr. Shepperd's family, all of whom are accomplished musicians, came with him to live among us and to assist in the band work. They willingly and gladly responded to the calls of all organizations, both religious and civic, for musical entertainment. They have been public spirited and willing to assist in every good movement. The band director and family have made many friends here who are loathe to see them go. The band, the chamber of commerce, and the Winters community wish them every success in their new field of labor.

C. of C. Work is Progressing Nicely

Secretary-Manager S. W. Cooper of the local chamber of commerce was a business visitor in San Angelo, Coleman and Brownwood the first of the week on matters pertaining to the local organization. Mr. Cooper states that the C. of C. work is increasing as the program is being laid out and that some very fine committee work is being done. As proof of the last statement, he cited us to the work of a committee which met in the office yesterday morning. After laying out their plans, this committee started to work in less than thirty minutes time one of the committeemen phoned headquarters that his efforts had brought 100 per cent favorable results.

Mr. Cooper also stated that quite a few were inquiring for work at his office, and that while the C. of C. Labor Bureau was not thoroughly organized, it is ready at all times to assist the farmers with their labor problems, and that a general meeting along this line would be called as soon as practical in order that the organization might be of some help to farmers in securing labor with which to gather crops this fall.

Quite a number from here are expected to attend the water meeting sponsored by the West Texas Chamber of Commerce at Abilene today.

Coach C. R. Smith and family returned Sunday from Tyler where they spent the summer months with Mrs. Smith's father.

NOTICE TO FOOTBALL BOYS

A meeting of all football boys is requested by Coach Smith on Thursday night, August 18th, to discuss final plans for camp. The meeting is to be held at the high school building at 7 o'clock. It will last only 30 minutes.

Doctors Enlarge Office Equipment

Drs. Tinkle and Henslee have just completed some nice improvements in their offices located in the Spill building over Owens drug store. Another large room has been added, which furnishes ample room for an operating room, dressing room, genito-urinary room, bed room, and physio-therapy department. In this department where the violet ray and diathermy treatments are given, the new arrangement furnishes more privacy and comfort for the patient and facilitates the treatments given in this department.

The entire suite of rooms has been reequipped and refurbished and attractive reed furniture has been added to the waiting room, making the offices one of the most attractive to be found anywhere.

Firemen Enjoy Big Chicken Barbecue

Last Friday evening at Tinkle Park the Winters Volunteer Fire Department and guests enjoyed a chicken barbecue and program, there being some three hundred in attendance.

The invocation was given by Rev. Gid. J. Bryan, then came the feast. The barbecue, which was done to a queen's taste, was the work of Harris Muffin, and we'll say he certainly knows his business, assisted by Prentiss Garrett. The long table was covered with chicken, pickles and bread, and after the plates were filled with these each one passed around the long table where they were served with ice tea and chicken stew with dumplings. The meal was topped off with small individual tubs of Banner ice cream.

After the meal, Chief Frank Williams took charge of the gathering and had the secretary of the department call the roll, after which H. W. Lynn was elected to a life-time membership in the organization.

Mr. Lynn, in responding to his election, expressed his appreciation of the organization and his thanks for the honor of becoming a life-time member of the department in a most befitting manner.

Supt. A. H. Smith frankly admitted he was too full (of chicken) for utterance, saying he was to fill the role of an "ice-breaker," and as Mr. Lynn had already done that, he paid the local company a few well-deserved compliments.

Secretary S. W. Cooper was called on for a short talk and responded with a short story at the expense of Alderman Bedford, and an eulogy of the faithful, efficient service rendered by the fire department.

Chief Williams announced the last speaker on the program, Carl Henslee, who let the "cat out of the bag" and frankly confessed that the whole evening's feast and program was planned to bid farewell to Mr. and Mrs. H. W. Lynn, who are moving to Ballinger next week. Mr. Henslee told of the untiring work of Mr. Lynn in the interest of the local fire department for the past eleven years and stated that while the company was sad at his loss, yet they rejoiced in the fact that he was not going far away and that he had been made a life member of the company in order that he might attend all future social gatherings of the department.

The chamber of commerce band furnished music for the evening and special numbers that were highly enjoyed and applauded were a vocal solo by Mrs. Ruth Ramsel of Los Angeles, Calif., a reading by Miss Alceane Jones, and the Charleston dance by little Miss Sara Lou Owens, junior sponsor of the fire department. Piano accompaniments for the solo and dance were played by Mrs. Buford Owens.

Mr. and Mrs. A. A. Bradshaw are entertaining a new son in their home since August 13. Mother and little son are doing nicely.

WINTERS CASH MARKETS

The following cash prices were being paid by Winters buyers for country produce on Wednesday morning. These were the wholesale prices being paid to the farmer and have nothing to do with the retail price to the consumer:

Cotton (middling)	\$18.75
Cotton Seed, ton	25.00
Oats	40c
Wheat	\$1.24
Corn (old) bushel	90c to \$1
Corn (new) bushel	75c
Maize, ton	\$12.00 to \$15.00
Turkeys, pound	10c
Hens, pound	10c
Bakers, pound	10c
Fryers, pound	12c to 13c
Roosters	4c
Eggs, dozen	20c to 23c
Butter Fat, pound	30c
Butter Fat, sweet, lb	38c
Hogs (fat market) lb	8½c
Beeves (fat market, lb)	5c to 6c
Hides (green)	9c

When You Move Into Your Home

Be very certain that you have insurance to cover both your house and its contents. It is folly to risk the chances of fire, of loss of all your possessions, when you can secure complete and dependable protection.

Let us explain to you the moderate cost of carefully written policies that will cover you against every possible loss.

The Advice of this Agency has saved many a property owner from loss. Why not let us help you, too.

THE OTHER FELLOW

The motorist's chief fear is "the other fellow." He knows that if he keeps his machine in good repair, his eyes and ears open, and drives at a reasonable speed, he will bring no accident upon his passengers or his car. But he does not know just when some one will come upon him unawares around a corner at top speed, or when he may meet a driver who has been consuming bad bootleg. He may be driving with all caution, and yet find himself hurled through the air by impact with a careless driver. He may be standing still or fixing a tire at the roadside when somebody crashes into him.

Most drivers of motor cars are careful. They are anxious not to hurt anybody else and not to get hurt themselves. But the 90 per cent of careful drivers are menaced by the reckless 10 per cent. The reckless ones drive fast, take needless chances and fail to observe the rules of the road.

The only way to teach these jay drivers manners is to punish them for their offenses. The laws are concerned with cars as revenue producers, and any plan to restrict their number by discrimination among drivers has received scant encouragement. This indifference concerning "the other fellow" cannot continue indefinitely, and before many years states will all adopt sane legislation on the subject.

SHE LEARNS FAST

The champion speller of Michigan is a 12-year-old girl who could not speak a word of English when she came from Sweden four years ago. The public schools are not wasted on a child like this.

GOING ON WHEELS

The United States has one motor car in operation for each five of its citizens, it is announced at Washington, but that doesn't mean that the car is all paid for or that the other four are walking.

THE TURNIP

Monuments and statues have been erected to about every conceivable thing, but the latest is the desire to erect one to the lowly turnip.

"It has saved so many lives, promoted healthy growth of so many children, that it would not be inappropriate to erect a monument or memorial as a recognition of the turnip's great merits and to commemorate its great service," says Dr. McCord, public health expert.

Maybe it has saved many lives and made people healthy, but to those of us who do not like the turnip either covered with butter or creamed, it seems such a waste of effort to think of a memorial for it. If they must erect a monument to some vegetable, why not the potato without which no meal is complete?

assembled all the necessary requirements to make the school year a fine success. Stocks are fresh, large and complete and contain just the school equipment that answers your needs.

HEARTY WELCOME, TOURISTS

Tourists, like the rest of us, are likely to form conclusions from first-hand information. Thus are clean streets, courteous town officials and a general atmosphere of cordiality factors leading to a favorable impression. Let us give tourists in Winters a cheery greeting and a hearty welcome. We believe courtesy pays.

SHOULD BE PROUD

School teachers sometimes think their lot is hard. But they can be proud of the demand for their services. The paper tells us that many schools in Australia have been closed recently because of lack of teachers. It's nice to be necessary.

The many friends of little Miss Mary Elizabeth Owens will be glad to know she is getting along nicely following an operation for the removal of her tonsils last Thursday.

It is difficult to say which sign, "Detour" or "Fresh Oil" brings the greater joy into the heart of the happy motorist.

Mr. and Mrs. Jno. McNeill and children, Ernest and Irene returned Saturday from a two weeks vacation trip to Los Angeles, California, and other points of interest enroute.

Miles of Smiles in McLean's Latest

To be exact Douglas McLean will bring a little more than a mile of smiles to the Queen Theatre with his latest Paramount laugh provoker, "Let It Rain." You see, there are usually one thousand feet of film to a reel and five or six reels combine to make a feature picture. Any bright child will tell you the number of feet in a mile and as Doug claims a smile for every foot, well, figure it out for yourself.

"Let It Rain" Riley, leader of the marines on a battleship, is sentenced by his commander to shake hands with Kelly, a gob, every time they meet. While this sounds like a mild punishment for some of the battles they've fought, it really has its disadvantages. For instance, both men fall in love with the same girl. One

day they go ashore but Riley gets there first and takes her to an amusement park. He tells the lady of his love and they are about to go into a fond embrace when the nemesis comes along and insists on shaking hands for about fifteen long minutes.

Fun? And how! But in addition to laughs of this sort "Let It Rain" has an honest-to-goodness story. We see a new phase of marine duty, the guarding of the mails. In fact, some of the picture's funniest and most exciting episodes take place on a runaway mail train, the sole occupants of which are "Let It Rain," a wounded buddy, his girl and three

bandits. Will show at the Queen Theatre Wednesday and Thursday, August 24 and 25.

Marvin Patrick left last Saturday afternoon for Carrizo Springs, where he will spend a week's vacation and accompany Mrs. Patrick and little daughter home, who have been visiting with friends and relatives at that place for the past few weeks.

No doubt a lot of pockets will be drained September 22.

It begins to appear that Col. Lindbergh started the game of real aviation.

One of a series of educational advertisements explaining why the NEW Goodyear All-Weather Balloon is the World's Greatest Tire.

More Mileage in This Super Tire

Tread Wear

.... that is Slow and Even

Most balloon tires develop certain peculiarities in tread wear. They do not wear down evenly in the center of the tread but at two points near the shoulder. They are subject to "cupping" and uneven wear. And this is because they not only have a forward wearing motion but a side-wise "scuffing" wear as well.

In Goodyear's NEW All-Weather Balloon ALL these faults have been overcome. Its tread design reduces side-wise "scuffing" to a negligible minimum. Then two sturdy service ribs fortify this tire at points of greatest wear. Its tread wears slowly, evenly—far longer than old style balloon treads.

Let us explain this tread to you. Stop in today!

FLOYD'S

Drastic Style Changes on Autumn's Wing

PENDULUM SWINGS BACK AND FLUFFY RUFFLES GIVE WAY TO PLAIN COLORS AND RESTRAINING INFLUENCES

BY HARRIET

LATE summer styles crystallize two tendencies toward change that presage fall fashions.

First of all there is a decided trend towards restraint in the floating, fluffy, feminine touches such as ruffles, tiers, bows and swaying hemlines that had profligate use this season. Yokes appear in many gowns as a restraining influence.

Secondly, self-material incrustations, fine pin-tucks in pattern designs, pleats of a thousand kinds and other self-material trimmings with fine workmanship, seem to be taking the place of the contrasting decorations of early summer.

Eyes Are Tired

It is all a matter of the pendulum swinging back. Coutouriers seem to feel it is about time to rein in the unchecked use of billowing tiers and floating panels.

And there is decided tendency to get back to plain colors or plaids and checks at most. Figured dresses still are good and will be all fall. But no one can deny that there has been enough bursting into print and flowered designs this summer to tire the strongest eyes.

Typifying the smartest of late summer modes is the rose kasha ensemble shown today. It exemplifies the pin-tucked road to chic and takes a novel insertion trimming in rose, black and silver cording.

Its seven-eighths length coat has its cuffs and back yoke formed by tiny pin-tucks, and corresponding tucks running from shoulder to hem in front give a simple elegance to the costume. The sleeveless dress has a charming yoke of the insertion.

Topping the costume is a rose felt hat that achieves a certain charming pertness by its peaked design of pin-tucks.

New Type of Tuck

Quite new and lovely are the new smocking tucks that enhance the beauty of the smoky-blue morocain frock. This type of tuck is absolutely new and, being novel, is very interesting. The right side of the skirt has two inverted box pleats in plain material and the back is tucked like

Novel tucks, snake-skin trimming and a feather boa distinguish the smoky blue morocain frock to the left. The rose kasha ensemble to the right has smart pin-tucks.

the front. A novelty yoke, belt and cuffs on this frock are fashioned from snake-skin and of course the girl wearing this frock must carry a snake-skin purse to match. This is the type of dress that is twice as lovely when enriched by a new feather boa, shading from smoky-blue to deep gray. The smoky-blue morocain and satin helmet illustrates the trend in turbans. They take their inspiration from sailor's hats, from airplanes, from tambourines, from almost anything except just plain old-fashioned turbans. Hats seem to be getting temperamental, and reacting from the sameness of two seasons of felts. Silks, satins, velvets and brocades all help fashion autumn hats. And the cloche hat, ever popular, is branching out into the widest variety of small hat seen in years.

Victory News

Mr. and Mrs. Webster Casey are spending the week with the parents of Mrs. Casey, Mr. and Mrs. Loss Williams.

Miss Lucille Burrows of Albany, who had been spending the week with Miss Neola Adams, left Sunday for her home.

Marilyn and Betty Sue Heavenhill of Buffalo Gap, are visiting their grandparents, Mr. and Mrs. Wm. Heavenhill.

Miss Nancy Davis of Gunter, spent last week end visiting her cousins, Misses Lucille and Alice Adams.

Mr. and Mrs. Jim Eoff made a business trip to Shep Wednesday.

J. M. Hickson and family, with J. T. Denton and family are on the river fishing.

Dr. and Mrs. J. D. Eoff left last Friday for Dallas where they will make their home. Dexter will take up his work as instructor at Baylor the first of September. The friends of Mrs. Eoff gave her a miscellaneous shower Monday afternoon.

W. E. Campbell and children, Florese and Edley, of Bellevue, have been visiting in the home of Mr. and Mrs. J. W. Adams.

Millard Iden of Lovelady visited his nephews, Mr. and Mrs. J. A. Iden Saturday.

Mrs. W. T. Stanley and H. E. White, who have been on the sick list are now improving.

Mrs. Aubrey Hickson and children spent Monday with Mrs. Loss Williams.

Mrs. Clyde Taft and son, Milford, of San Angelo, are visiting her parents, Mr. and Mrs. A. P. Curington.

Mr. and Mrs. Jim Eoff and Dr. and Mrs. J. D. Eoff attended church at Winters Sunday and took dinner with Mr. and Mrs. H. K. Reid.

Dick Barnett was looking over the crops and visiting old neighbors in our community Monday.

J. W. Adams, Jr., spent Saturday night with L. S. Adams, Jr.

The home demonstration club met August 15th at the home of Mrs. Heavenhill. Mrs. Hollingsworth was with us and demonstrated the making of salads. The members also exchanged salad recipes. The next meeting will be with Mrs. A. P. Curington Monday, August 22 to dye the rags for our rug. After the business of the meeting delicious refreshments of crackers and chicken salad, with iced tea were served to the following: Mesdames Lura Hollingsworth and sons, Jim Eoff, R. A. Yeats, Wm.

Anticipation

In anticipation of the coming season, we have made especial preparation to care for an added volume of business, in each department.

The usual efficiency will characterize each transaction.

It is our desire to extend the scope of our service to each home in the community.

Eoff, Misses Viola Yeats, Josephine Heavenhill, Floy Hickson, Nona Curington. The club will meet with Mrs. Hallie Mills on September 5th. Let all the members and others who can be there.

Sheriff's Force Busy

Last Saturday Sheriff McWilliams and local officers arrested Ed and Lawton Hendrix and placed them in the county jail, charged with the pos-

session and selling of liquor. Sheriff McWilliams stated that about 150 bottles of chock beer were taken when the arrests were made.

Sheriff McWilliams, in talking to a representative of this paper, stated that his force would wage a strict enforcement of the prohibition laws in this county in the future and those violating same who did not wish to get into trouble would best desist from this illegal practice.

Lindbergh's book "We" is on the market and is worthy of being read. The glorious tale of a glorious hero.

Sunburn is in style.

Ft. Worth Livestock Price Quotations

The following livestock price quotations are furnished us each week by the Cassidy Southwestern Commission company of Fort Worth:

Receipts of cattle have been lighter this week and price have regained some of the losses of last week. Fat steers are about steady with the close of last week, while stockers are selling 10c to 15c higher.

All classes of butcher cows, including canners and cutters, are 15c to 25c higher than the mean close of last week, while in some instances grass heifers have sold 25c to 50c higher. Four cars of white face grass heifers sold today, muleys at \$8.50, averaging 574 pounds. Stock cows and heifers are fully steady and in good demand.

Strictly choice cows are selling today from \$6 to \$6.50, with a few fancy fat cows a little higher; good cows bringing \$5.50 to \$5.75, with medium kinds \$5 to \$5.25. Cutters \$4.25 to \$4.75; canners \$3.75 to \$4. Anything on the baby beef order in good demand at prices steady to strong with any time. Fat suckling yearlings selling from \$8.50 to \$10. We sold a car of good fed yearlings today, from Albany, averaging 665 pounds, at \$10.25. Bulk of the white face heifers selling from \$7.25 to \$8.00.

The calf market continues strong and active this week, but heavy and medium weight calves selling from \$9 to \$9.50, though good medium weights averaging around 250 pounds sold this week from \$10 to \$11. Medium to good kind of calves bringing \$8 to \$9; fair kinds \$7 to \$8. Choice veals advanced today to a top of \$12.25, bulk of the best veals selling from \$10.50 to \$12.25, with the fair to good kinds from \$9 to \$10; half fat veals \$7 to \$8. Fat butcher bulls selling from \$5.75 to \$6; heavy bologna bulls, \$5 to \$5.50; light-weights \$4.50 to \$5.

Hog market today 10c to 15c higher, top at \$10.25 for one load of 170 pound hogs sold by Cassidy. Bulk of the best light butcher hogs quotable from \$10.65 to \$10.80. Best packing sows, \$7.50 to \$8; rough, heavy sows, \$7 to \$7.50. Heavy hogs in very poor demand and selling about \$1 per hundred under light butchers.

Sheep steady. Best wethers selling from \$7.75 to \$8; fat yearlings \$10 to \$10.50. Strictly fat lambs around \$11.50.

Ed Gee came in the first of the week from Lockhart, where he spent the past summer and will probably be associated with one of the local gins during the cotton season.

Mr. and Mrs. Frank C. Greer arrived in the city last Friday from Marlin and will make Winters their home, Mr. Greer having accepted a position with the Farmers Gin Co., as cotton buyer and classer.

You Are Invited WHERE

WINTERS, TEXAS

The Cotton Season Is Almost Upon Us

Many kinds of people will be here; some good, some bad, and some indifferent. You can greatly assist us in dispatching business and in safeguarding your funds with which you have entrusted us by observing the following suggestions:

1. Please do not give checks to individuals who are UNKNOWN TO US. It matters not how well we may know your signature it is never safe to pay money to a stranger.
2. We will have a few large Saturdays and we would like for some of our customers to make out their pay rolls Thursday or Friday, thus avoiding the congestion of these large days. Many are assisting us through the Fall by making up their cotton picking pay roll, tak-

ing plenty of change, and paying each individual picker in cash. We have always favored this plan.

3. Please endorse all checks before presenting. By doing this you not only save your time, but the other fellow's who may be behind you in line at one of the teller's windows.

4. It will be greatly appreciated if, through the rush season, each individual will stand in line at our teller windows, thus relieving the men in charge of these important places of the embarrassment caused by someone being waited on before his turn.

The general suggested rules outlined above will be modified when possible to meet special needs, but we shall appreciate the favor if you will follow the suggestions made as nearly as is practicable.

Winters State Bank — The First National Bank

Where 15 Died in Mine Blast

Fifteen men were killed when a gas explosion wrecked the West Kentucky Coal Company's mine at Clay, Ky. This picture shows rescue workers bringing up the body of one of the victims.

Predicting Early End Earthly Time

Writing from his home in Cisco, Rev. W. H. Kittrell said to the Fort Worth Star-Telegram recently:

In your issue of July 20 you printed a prediction of a great war, from General Foch, the great French commander. What is his basis for the prediction? It is not stated, but says that "All the world will be involved and women and children will share in fatalities with men."

This brings to mind a similar prophecy of 2,700 years ago, by the Prophet Jeremiah, prophesying of the end of the age. He says (Jer., 25): "A whirlwind shall rise out of the North and go from nation to nation; and the dead shall be from one end of the earth to the other; they shall no more lament them, nor bury the dead."

General Foch says war planes will be the instrument used, scattering poison gas and disease germs, devastating the earth and will not be a few but serried phalanx of the death dealers. What would be the serial condition in such an event? A great air commotion, naturally.

Jeremiah called it a "whirlwind" which it would be, with untold thousands of planes churning and whirling through the air lanes. Jeremiah names no date, but indicates that it will be "the end" and will destroy all semblance of civilization.

Another prophet, Isaiah, about the time of Jeremiah, predicted the same as Jeremiah, saying "The Lord cometh out of his place to punish the inhabitants of the Earth, (world wide) for their iniquity; the

earth shall disclose her blood and no more cover her slain," agreeing exactly with Jeremiah.

General Foch's date is "fifteen to twenty years," in the future; pretty close. He doesn't seem to place much hope in the "League of Nations," which many people look to as a harbinger of peace. Another (N. T.) prophet, referring to "the end," says: "When they say 'Peace and Safety' sudden destruction shall come upon them as a cannon in travail."

Granting the Bible as being worthy of credence, the world is nearing a bloody catastrophe, and General Foch confirms this conclusion.

A SAFE PROPOSITION FOR ALL TOWNS

The mayor of Denver recently issued a "clean up day" proclamation and asked the people of the city to heed the following suggestions:

If your store front, residence, or fence is dull or dingy, order it painted.

If your awning is old, torn or faded, get a new one.

If your sidewalk, fence or gate needs repairing, fix it.

Destroy the young weeds that are starting on your property or your neighbor's property.

If your advertising sign is old or faded, take it down and paint it.

Resolve never to throw paper in the streets.

Take all dandelions out of your lawn—they spoil its beauty.

Burn all rubbish possible—allow no one to throw it on the streets, alleys or vacant lots.

Organize a block improvement society, and allow no weeds to grow on the sidewalk, area or vacant lot.

Ask your milkman, groceryman, and expressman to have their wagons painted.

Irrespective of the size of your house make your lawn the finest.

Illuminate the front of your store in the business section.

Every effort put forth of dollars spent to improve our city's appearance will return two-fold.

The foregoing is a proposition to which every town should subscribe.

HARMONY

The Sabbath and the tithe observed before Moses! Shall we dare set them aside? God knows what we need, hence in love He gave the law of the Sabbath. Study the law of the Sabbath in B. Y. P. U. Sunday night, 7:30.

Rev. M. A. Quindlen of Winters filled his appointment here Saturday and Sunday. He did some fine preaching.

The Baptist church here is planning to build a house of worship of its own in the near future, which will be built on the lot near Harmony school house, which was donated to the church by Mrs. E. A. Meadows of Winters.

A. C. Clason of Winters, a volunteer B. Y. P. U. worker, was here Sunday afternoon and made a fine talk on the work. He and his wife will teach a course in B. Y. P. U. work beginning the fifth of September. We hope there will be quite a number that will take this course.

Miss Alice Worthington resigned her position as group captain for her class in the B. Y. P. U. as she is going to leave for school in Tule-

mary, N. Mex. Travis Cummings was elected to take her place as captain of the class. We regret losing Miss Alice in this work, but hope she will do well in her work out there.

Mr. and Mrs. Will Worthington and children, Mrs. Jim Tunnell and Violet were guests of Mr. and Mrs. H. E. Vernon Sunday.

Mr. and Mrs. R. L. Pumphrey and children were guests of Mr. and Mrs. J. M. Giles Sunday.

We are sorry to report Mrs. Joe Worthington as being on the sick list.

Mrs. J. D. Branham of Ballinger is visiting in the home of her son, Edgar Branham and family this week.

We are sorry to report that Charles Jackson is confined to his room with rheumatism.

Mr. and Mrs. Ray Tunnell of Winters and Mr. and Mrs. Jim Tunnell, Jr., were guests of their parents, Mr. and Mrs. Jim Tunnell, Sunday.

Mrs. Cora Cummings and children were guests of Mr. and Mrs. Lee Seals Sunday.

We are very sorry to report that Misses Rosa and Alice Worthington are going to leave this community. They will be greatly missed in the church and social life here. They are going to Tuleumary, N. Mex., and we wish them much success in their work there.

Mr. and Mrs. Bob Chisum and baby of Winters, Mr. and Mrs. Edgar Branham and children, Mr. and Mrs. Lee Seals and Mrs. C. A. Watson and daughter, Belva, of Ballinger, enjoyed a little outing on the Colorado river last week. The fish were not hungry.

Frank White and son, Wade went

up on the Plains last week.

Freddie Cummings left Saturday for California. He went with his uncle and aunt, Mr. and Mrs. Ed Stokley, who have been visiting in the homes of Mrs. E. A. Meadows of Winters and Mrs. Cora Cummings of this place.

Misses Stella Hartley, Fay Seals, Lessie Fay Vernon, Messrs. Elo Guy, and Roy Lambreth were guests in the home of Mr. and Mrs. J. W. Worthington Sunday.

E. Clements, prominent Stanton business man, and president of the Stanton Chamber of Commerce, was in the city a few days the latter part of the past week, greeting old friends and transacting business matters. He is quite a booster for Stanton, but in it all we could detect a feeling on his part that when he left Winters he had left about the best town in West Texas. Come on back, "Ezra," we'll all be glad to have you.

Great is the power of radio.

As you sow so shall you reap.

Mr. and Mrs. Harper are guests of Mr. West Hendricks.

Fred Hooper and his little cousins, and Susan Cain, were visitors of Carl Lehman Sunday evening.

Mr. and Mrs. Boss Green were visitors of Mr. H. A. Green and family recently.

Messrs. Roy (Slugg) Mayo, Vernon and Sloan Hightower, Odos and Carl Blanchard, Arthur (Jimmie) and Roy Green, Bill Mayo, and Leon Henniger have enjoyed a number of forty-two games recently.

Clara Bell Green has been ill, but is now somewhat better.

Mr. and Mrs. Carl Norris have been visitors in the home of Mr. West Hendricks recently.

Nearly every one is heading maize. Carl Norris' mother is now a visitor in the home of her son.

Mrs. Rosa Adams' sister from Ballinger was a visitor in this community Friday.

Crews News

Sunday night when the B. Y. P. U. met we elected officers and the group leaders chose new groups. After the B. Y. P. U. was closed we remained at the church and sang for a while.

The girls' club will meet at the home of Mrs. Grounds Friday morning to can tomatoes for the Fair.

The Ladies Aid will meet at the home of Mrs. Madison Friday afternoon.

Mrs. L. R. Wilkerson and children spent Friday with Mr. and Mrs. A. N. Iden of Winters, and Mr. and Mrs. E. W. Rainwater spent Friday afternoon with them.

Miss Maurine Iden of Victory spent the week-end with relatives at this place.

Nadine Wilkerson spent most of last week with Mr. and Mrs. Claud

Brookshire of Benoit.

Troy Rainwater spent the week-end with Ellis Iden of Victory.

Mr. and Mrs. A. N. Iden of Winters, Mr. and Mrs. J. A. Iden and family of Victory, Mr. and Mrs. Lang Iden and family of Ballinger, Mr. M. F. Iden of Lovelady, Mrs. Jesse Hall of Houston, and Mr. Clabert of Lovelady, spent Sunday with Mr. and Mrs. E. W. Rainwater.

There was a large crowd at the pound supper Saturday night, given by Mr. and Mrs. Clifford Wood, and every one enjoyed themselves very much.

There was a good many at the singing Sunday afternoon, and we had good singing.

Miss Pinkie King is visiting relatives at Sweetwater.

Lyle Wilkerson and Mr. Lee, of Fort Worth, stopped for a few minutes to visit Mr. Wilkerson's relatives Sunday afternoon, as they were on their way to Fort Stockton.

FLAPPERS WILL FLAP

Girls will be girls—and nature will be nature.
Nothing can stop them!
Grandmother flirted; mother spooned; daughter pets—but they all got kissed sooner or later. Grandmother rubbed calico on her cheeks; mother tinted hers with red tissue paper dipped in cologne; daughter colors her with scented rouge—but they all got painted, if with a different brush.

Grandmother wore a hoop skirt; mother wore a bustle; daughter carries a lipstick—but they were all equally deceitful.

Grandmother cajoled her husband; mother endured hers—daughter divorces hers but they got tired now and then.

Grandmother used a broom;

mother used a carpet sweeper; daughter has a vacuum sweeper—but cleaning day is just the same old joy and the same old horror today, yesterday and forever.

Grandmother loved only one man; mother one at a time; daughter one after another—but they all got the same old apple sauce, the same old surprise and the same disappointments and heart pangs.

Grandmother was proposed to on a moonlight buggy ride; mother was courted on a "bicycle built for two;" daughter in a taxicab—but they all got the same thrill and had the same old beautiful dreams.

Grandmother blushed mother flushed; daughter laughs it off—but they all stay and listen when a man starts talking sentimental language.

Grandmother knew how to make a pie; mother knew how to make a dollar go a long way; daughter knows how to make a living—but it all amounts to the same thing when it comes to making a good helpmate.

Grandmother dropped her eyes and clung to his coat lapel; mother hung onto his arm and trembled; daughter grapples him around the neck—but they all tried their best to keep him from getting away.

Grandmother coddled him; mother bossed him; daughter joshes him—but they all knew that a man has to be managed; babied and mothered.

Grandmother called him "my suitor;" mother called him "my fiancee;" daughter calls him "my boy friend"—but they all managed to lead him to the altar in the end.

Other times, other manners—but all roads lead to matrimony when a woman drives.—Selected.

Edsel Talks of New Ford and Tests

Detroit, Mich., Aug. 11.—The new Ford will be on the market "within the next few weeks," Edsel Ford said here today in a formal statement.

"When the car is formally introduced within the next few weeks, we shall be able to say that it is the best and most moderately-priced automobile we know how to build," said Ford. "We have tested it for getaway and pickup with many other types of automobiles. The tests already made shows that it is faster, smoother, more rugged and more flexible than we had hoped for in the early stages of designing. We have known from the beginning that this new Ford would be a handsome car. Experiments have been made with a wide variety of color schemes and body designs and all these have been decided upon."

Ford said that "the new Ford automobile is now an accomplished fact. The engineering problems affecting its design and equipment, and effecting also its manufacture, have all been solved. But before a single car of the new type is offered for sale to the public each part will have been tested under every condition which we have been able to discover in more than 20 years of

Our drug service is so complete, so adequate in every respect, so accurate at all times that it means comfort and relief to those in ill health.

Just as important, it means convenience and perfect satisfaction for you in every requirement that properly can be made of a drug store.

We invite your business for your own satisfaction.

building automobiles for use all over the world."

The new car, Ford declared, has accomplished a speed of 65 miles per hour over average road conditions, consuming less oil and gasoline than any previous Ford model put to similar tests. In a recent test, Ford added, one of the new cars was driven 110 miles in two hours, traveling 27 miles the first half hour. He said "We have found that they can be driven for hours at an average speed of more than 50 miles per hour."

F. V. Gates of San Angelo, buyer for the Gates & Nunnally stores, will return home the latter part of the week, according to Mr. Nunnally, manager of the local store. Mr. Nunnally informs us that Mr. Gates bought quite heavily on this trip and that the new goods are arriving daily. The local store will have something to say about the new fall merchandise in The Enterprise next week.

"Try to make everybody happy" is a pretty good motto to live by.

You can't look at a tire and tell how far it will run

YOU CAN'T SEE a tire carcass because it is covered by the tread. Yet the way this carcass is built tells how far the tire will run.

Dunlop has had 39 years to learn all the hidden points where tires wear. Dunlop carcasses are built from the best long fibre cotton, spun in Dunlop's own mills into the famous Dunlop cable-twist cord.

These cords are elastic, so they give and take as your tire runs; strong, so they resist constant load and pounding. They build the best possible foundation for the Dunlop tread—the toughest rubber development known.

Thus Dunlop's extra years of experience build added value into every vital tire-part. That is why, not one Dunlop—but every Dunlop—gives you more service than you can reasonably expect.

We recommend that you put Dunlops on your car

GAMBILL'S WINTERS TEXAS

ITEMS OF INTEREST FROM SHEP

By Special Correspondent Maude Howard

Mr. and Mrs. Leonard Curry of Sweetwater attended church here Saturday night and Sunday.

The Baptist meeting closed here Sunday at the eleven o'clock service. Fifteen were added to the church, eleven by baptism and four by letter.

Mr. Caves and family of Fisher county is visiting at the Claude Carpenter place this week.

Mr. and Mrs. J. B. Robinson and children of Wingate attended church here Sunday evening.

Miss Maurine Finch of Dora, was a guest of Misses Fay and Olga Allen Saturday night.

Mr. and Mrs. Bud Holland have gone to Christoval to attend the family reunion.

Messrs. Dee Chandler, John and Dick Lesley left Saturday for a trip on the Plains.

Herman Dean of Abilene was a Sunday visitor at the home of his brother, Ray Dean.

Several of the men from this community have gone to Devil's river for a few days fishing.

Elder Watkins, who is conducting the Christian meeting at this place, and A. R. Curry had business in Robert Lee Monday.

The men folk of this community met last week and worked out the crop of Ben Hancock.

Arthur Howard made a business trip to Clyde Thursday.

Lum Sweeney and family of Kerrville, Texas, were visiting relatives

and friends in this community the first of the week.

Mr. and Mrs. Lloyd Allen and children of Littlefield are the guests of the former's mother, Mrs. J. W. Allen.

Mr. and Mrs. Alton Watkins of Fort Worth and Mrs. Mattie Daniels of Robert Lee were here to hear their brother, Charlie Watkins, preach last Wednesday night.

Mr. and Mrs. Homer Traylor and little son, Jim, of Bradshaw, were guests of Mr. and Mrs. A. B. Shepperd Wednesday evening.

Grandma Wash of Hylton is spending the week with her brother, R. D. Curry, and attending the meeting in progress here.

Worms are doing considerable damage to the cotton crop in this community.

Mr. and Mrs. Sam McClure and A. B. Shepperd of this place spent the week-end in Coleman visiting relatives and friends.

Mrs. Jim Arnold of Wichita Falls is visiting her mother, Mrs. T. M. Frank of Valley Creek and attended church here Sunday.

The Shep community was visited by a good rain Thursday evening and it was appreciated by every one.

Mr. and Mrs. W. A. Cate were dinner guests of Mr. and Mrs. T. Kaser Thursday.

Mrs. Alice Myers and children spent Wednesday evening at Mrs. Jim Reagan's.

Lonnie Hayhurst of Gunter attended church here Friday morning and evening.

NOTICE TO DEBTORS AND CREDITORS

To those indebted to or holding claims against the estate of Mrs. L. Hill, deceased:

The undersigned having been duly appointed administrator of the estate of Mrs. L. Hill, deceased, late of Runnels County, Texas, at the May term of the County Court of Runnels County, Texas, hereby notifies all persons indebted to said estate, to come forward and make settlement, and those having claims against said estate, to present them to him within the time prescribed by law at his residence near Winters, Runnels County, Texas, where he receives his mail.

Dated this 18th day of August, A. D. 1927.

H. O. Jones returned the latter part of the week from the eastern market centers where he bought a complete line of new fall and winter merchandise for the Farmers Mercantile Company.

We wonder if the wife will permit President Coolidge to wear his cowboy raiment when he gets back to the capital.

An exchange prints six recipes upon how to keep cool during summer and never mentions the eating of cucumbers.

Excellent weather for a South Pole hop off.

J. D. SMITH, Administrator of the Estate of Mrs. L. Hill Deceased. 164c

Miss Lucille Burrows of Albany, is spending the week with her friend, Miss Neola Adams.

SOME PRACTICAL LOGIC
BY GEORGE ROBINSON

Editor George Robinson of the Waco Times-Herald thus soliloquizes: Texas grows the wool. Texas grows the cotton. Texas grows the mohair. Thus is Texas helping clothe the world.

But what is the world doing for Texas?

It is steadily relieving her of her ready cash.

How does the world manage it? Well, for one thing, son, the world takes that wool and that cotton and that mohair and converts them into cloth and then says to Texas, "Come across."

And Texas must do as she is bid or go scantily clad.

Some of that cotton, son, goes into the making of automobiles, and yet you don't see a single car that was made in Texas.

It's a losing game, good people. Texas grows the stuff, but Texas loses what she gains when she goes to supply her wants.

Here we are, good people, wearing out our soil, thereby impoverishing our posterity for the benefit of the other fellows.

What's ailing us, good people?

pint of boiling water. Add a pint and a half of milk, a teaspoon of salt and a dash of pepper. Rub together two tablespoons each of butter and flour. Add. Stir soup constantly until it comes to the boiling point. Strain and serve.

The modern oil stove is a great saver of time and energy. No kindling is required, no bulky fuel storage. And the heat is so easily controlled.

The Best Base
Thin white sauce is the basis for cream soups. Use the following proportions: 1 tablespoon flour 1 tablespoon butter 1 cup liquid (milk or stock, or a combination of the two)

Mix butter and stir in flour gradually. Stir constantly until foamy. Add liquid slowly, stirring all the time to prevent lumps. Bring to the boiling point.

Make white sauce in a double boiler to prevent scorching.

Suggested Soups
With the white sauce base many soups can be made. For potato soup, add 1/2 cup mashed potato and a small onion for each cup of white sauce.

Good cream of tomato soup is made by heating separately 1/2 cup of tomato for every cup of white sauce. Add a teaspoon of soda to tomatoes to prevent curdling. Bring white sauce to the boiling point, stir the tomatoes into the white sauce.

Peanut butter soup, especially liked by children, and good for invalids, is made by adding 1 tablespoon peanut butter to each cup of white sauce.

Formal Service
When entertaining formally, the table will be set with service plates. Serve the soup in bouillon cups or soup plates with saucers under them.

Drink from Cups
When clear soups are served in bouillon cups, it is permissible to drink from the cup after tasting 1 or 2 spoonfuls.

Of course the soup is always dipped from the back of the plate. "Make little boats put out to sea. I dip my spoon away from me." Soups are always relished, especially on cool days. Work them into your menu often.

Soup belongs in the diet. Don't neglect it.

An easy way to clean oil stove burners is to boil them in sal soda. Dry thoroughly.

Warm lemons before squeezing. You will get more juice.

(Watch for next week's special cooking article by 6 famous cooks.)

(Courtesy of the Domestic Science Department, Perfection Stove Company)

SOUPS AND THEIR SERVICE

(Editor's Note: This is the first of a series of special cooking articles by 6 famous cooks, running exclusively in this paper.)

One of the finest aids to good digestion is a good soup. Most Americans neglect this healthful dish. The French, noted for their good cookery, are expert soup-makers, and make innumerable savory, tempting varieties. Eventually, it is said, every meat and vegetable finds its way to the French soup pot.

MRS. BELLE DEGRAF

Soup is really a messenger. It tells the stomach to get ready for the meal to come, and gets the digestive juices to working.

Light Soups with Big Meals

Bouillions or clear soups, piping hot, are best to serve with big meals. Where soup is the main course, heavy cream or meat-vegetable soups should be served.

Mrs. Belle DeGraf, home economics counsellor, San Francisco, highly recommends Coppas Tomato Soup.

Coppas Tomato Soup

1 quart stewed or canned tomatoes
1 carrot cut fine
1 onion cut fine
1 cup celery cut fine
1 green pepper shredded
2 whole cloves
1/2 teaspoon peppercorns
Dash of white pepper

Put all ingredients into a saucepan and simmer about half an hour; strain and reheat. Pass grated cheese or add 1 tablespoon to each service. This makes a hearty dish.

Washington Chowder

Washington chowder is almost a meal in itself. Add a simple salad and dessert for a well-rounded menu. The recipe is given by Miss Margaret Allen Hall, nutrition specialist, Battle Creek College of Home Economics.

2 medium sized potatoes
1/2 small onion
1 cup stewed tomatoes
1 cup milk
1 1/2 cups water
1 teaspoon salt
1 cup cream

Slice the onion and cook with the potatoes in the boiling salted water. When tender, add the tomatoes and corn and bring to the boiling point. Heat the cream and milk and add to the vegetables just before serving. (1/4 table-spoons milk and two table-spoons melted butter may be used in place of one cup of cream.)

Cucumber Soup

An unusual way to prepare cucumbers is given by Mrs. Sarah Tyson Rorer, the Philadelphia cooking authority—cucumber soup.

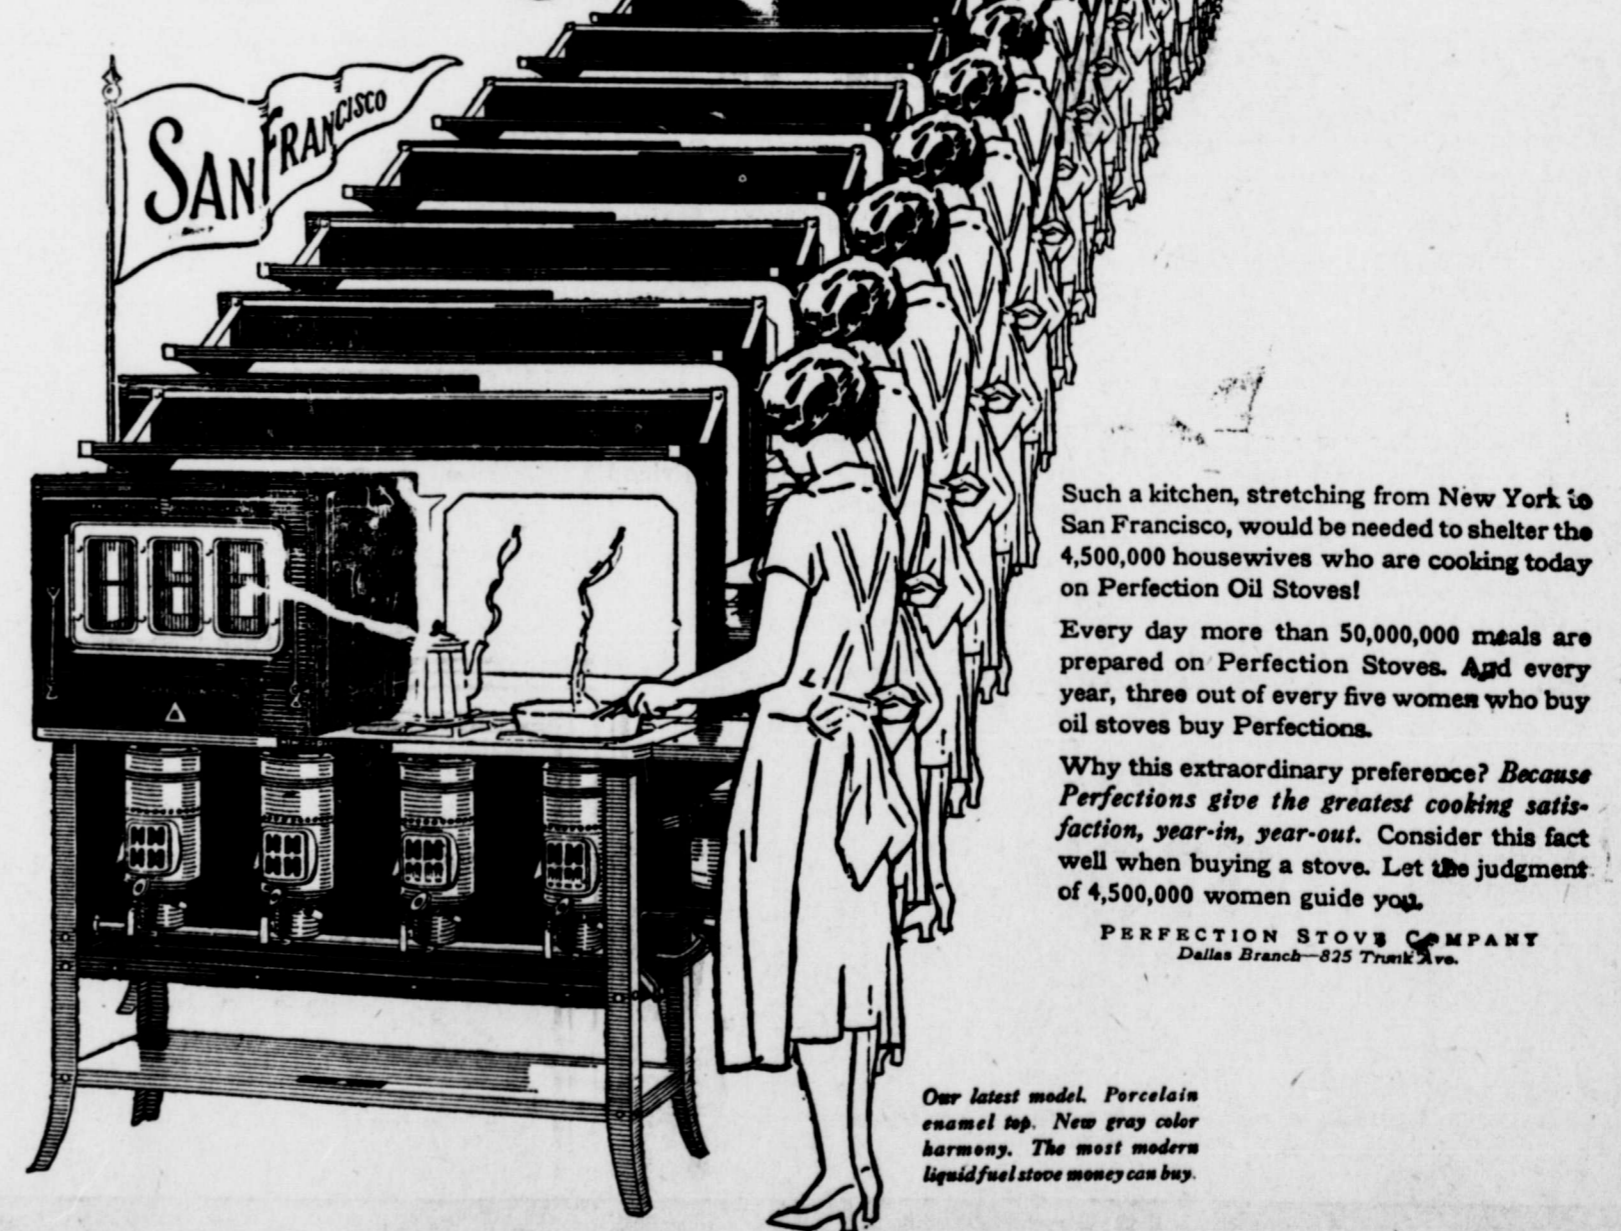

Grate two large onions and one large green pared cucumber into a pint of water. Cover and simmer 10 minutes.

Add 2 quart of milk, and two table-spoonsfuls of cornstarch moistened in a little cold water. Stir until it boils. Add two table-spoons of butter and stand to keep warm. Season with salt and pepper when serving.

Cream of Celery

Mrs. Rorer's celery soup is simple to prepare, too. Chop fine enough outside celery to make a pint (2 cups). Cook for 15 minutes in a

A KITCHEN
3000
miles long!

Such a kitchen, stretching from New York to San Francisco, would be needed to shelter the 4,500,000 housewives who are cooking today on Perfection Oil Stoves!

Every day more than 50,000,000 meals are prepared on Perfection Stoves. And every year, three out of every five women who buy oil stoves buy Perfections.

Why this extraordinary preference? Because Perfections give the greatest cooking satisfaction, year-in, year-out. Consider this fact well when buying a stove. Let the judgment of 4,500,000 women guide you.

GOD'S GREAT PROMISES

The International Uniform Sunday School Lesson for Aug. 21: God's Great Promises. 1 Chron. 17:1-12.

Text: 1 Chron. 17:1-12.

Now it came to pass, as David sat in his house, that David said to Nathan the prophet, Lo, I dwell in an house of cedars, but the ark of the covenant of the Lord remaineth under curtains.

Then Nathan said unto David, Do all that is in thine heart; for God is with thee.

And it came to pass the same night, that the word of God came to Nathan, saying,

Go and tell David my servant, Thus saith the Lord, Thou shalt not build me an house to dwell in:

For I have not dwelt in an house since the day that I brought up Israel unto this day; but have gone from tent to tent, and from one tabernacle to another.

Whosoever I have walked with all Israel, spake I a word to any of the judges of Israel, whom I commanded to feed my people, saying, Why have ye not built me an house of cedars?

Now therefore thus shalt thou say unto my servant David, Thus saith the Lord of hosts, I took thee from the sheepcote, even from following the sheep, that thou shouldst be ruler over my people Israel;

And I have been with thee whithersoever thou hast walked, and have like the name of the great men that are in the earth.

Also I will ordain a place for my people Israel, and will plant them, and they shall dwell in their place, and shall be moved no more: neither shall the children of wickedness waste them any more, as at the beginning.

And since the time that I commanded judges to be over my people Israel, Moreover, I will subdue all thine enemies. Furthermore I tell thee, that the Lord will build thee an house.

And it shall come to pass, when thy days be expired that thou must go to be with thy fathers, that I will raise up thy seed after thee, which shall be of thy sons; and I will establish his kingdom.

He shall build me an house, and I will establish his throne for ever.

DAVID, warrior and man of many faults, was still a man of keen practicality and perception. Impulse often swept him away from his better instincts and purposes, but unlike many in our modern world, he did not keep religion and life in separate compartments.

David was troubled that he lived in a house of cedar while the Ark of the Covenant still was kept in a tent. This realization is missed, apparently by many today, who do not seem to notice that they live in beautiful houses while the church they attend is disreputable.

Nathan Interprets Word

It did not seem to David fitting that which symbolizes the presence of God should be less worthily housed than himself. So there came to him the idea of building a temple. It seemed a worthy plan, and it was his desire that he should carry it out.

At first, Nathan, the prophet, agreed with David's plans, and then we are told that the same night the word of God came to Nathan opposing the fulfillment of David's building enterprise.

We must remember in reading the Bible that we constantly deal with eastern imagery of expression. How the word of God came to David—in a dream or by reflection—is secondary to the consideration of the significance and background of the incident.

In Modern Life

It became clear to Nathan that David should not build the temple. The reason for delaying his plans is interesting. David was a man of war and it is helpful to note that though these wars were fought for the safeguarding

and upbuilding of the nation, war itself is represented as a wrong and deplorable thing.

It is worth while to meditate upon this distinction as it was expressed so long ago. In our modern life it is not always so clearly marked. It must not be forgotten that war is bloodshed and the fact that it is necessary sometimes to prevent some greater evil does not alter the truth and value of these considerations.

Only when all resorts have been used to prevent war is it in any sense justifiable. It should be remembered, even then, that the whole plans and purposes of God are toward the establishment of a warless world. The keen element of discrimination expressed in this lesson is of very little use unless it is applied to the problems of our own time.

Baptist Notes

The Junior G. A. will meet at the church at 4 p. m.

WEDNESDAY—

Mid-week service 8:30 p. m.

Birth Day Picnic

Drasco, Texas, Aug. 15th. — The occasion of a very pleasant affair was the 68th birthday of Mrs. J. P. Wood, of Murray street. The children planned and executed a good picnic and an equally great surprise for her.

The picnic was held in the beautiful elm grove on Bluff Creek near her old home on the 10th inst. All her children were present and a brother and a sister whom she had not seen for several years.

Mrs. Wood is a Drasco pioneer. Forty odd years ago she moved with her folks from Louisiana and settled near Guion. Here she met and married J. P. Wood, and together they settled near Drasco and reared a large, influential family. Mr. Wood died in October, 1915, as also did two children in infancy, but the other were present as follows:

Miss Thelma Wood, J. Z. West and family, Perry Wood and family, Vernon Wood and family, Tom Puckett and wife. Other relatives present were a nephew, Wood Stephens, and family; a niece, Mrs. Alvin Shepperd, and children; a brother, J. E. Holiday from Yakima, Washington, and a sister, Mrs. W. P. Furgeson, from Shreveport, La.

Besides the relatives, the following were honored guests: Hershel O. Davis and family from Plainview; Evangelist R. G. Baucon and wife, Pastor E. D. Dunlay and family, J.

Watts and wife, Mrs. S. S. Hardy, John Hardy, Ethel Crow, Alice and Virginia Partlow, and Dale Puckett. A beautiful day, pleasant shade, congenial companionships, and a most bountiful spread, contributed to make the event one that shall long be remembered with great pleasure, and that that good lady may have many more such happy surprises is the earnest wish of all.—Contributed.

Couple Wedded Here Saturday

The marriage of Miss Avis McIver of Drasco to Mr. Lewis Cagle of Ballinger was solemnized at the Methodist parsonage here last Saturday, with the pastor, Rev. Gid. J. Bryan, reading the sacred rites in the presence of a brother and sister of the bride.

Mr. and Mrs. Cagle will make their home at Ballinger.

Mr. and Mrs. J. D. Smith returned home last Friday from Hamilton county where they were called to attend the funeral of a cousin, Mrs. D. F. Smith, who died at Hamilton Wednesday and was buried at Evant, the next day. Mr. Smith informed us that that section made a mighty fine corn crop, but that in his opinion we would beat central Texas mighty bad on the cotton crop. Mr. Smith formerly lived at Evant, but he told the old timers of that country that, not bragging a bit, he had one section of land in the Winters country that he would not trade for fifty square miles of their choicest land. And, we believe Mr. Smith is a good trader.

Mr. and Mrs. D. E. Bartlett and children returned Monday from Christoval where they attended the Baptist encampment.

Mr. and Mrs. L. E. Low, Rev. H. H. Stephens and family, J. E. Nicholson and family returned Monday from the encampment at Christoval.

Emet Huntsman and family left Tuesday for a visit in Big Spring.

Your Druggist

Is featuring unusual values this week. He is passing on to you the "specials" offered him by his wholesaler, the

San Antonio Drug Co.

IN COMMEMORATION OF THEIR 73 YEARS OF SERVICE TO THE GREAT SOUTHWEST.

Miss Lura Lee Tinkle, who recently underwent an appendicitis operation at the local sanitarium, has sufficiently recovered as to be able to return to her home last Friday.

Rev. and Mrs. Gid. J. Bryan and son, Alonzo, left Wednesday for a trip to the Carlsbad Caverns and other points of interest.

Mrs. J. A. Thebault and little daughter returned to their home in North Carolina last Saturday after visiting her parents, Mr. and Mrs. T. D. Coupland.

Mrs. O. J. Hinds and daughter, Mrs. Earl Cooke left Monday morning for Dallas to visit with relatives.

Mrs. Joe Hinds and daughter, Pauline, accompanied by the former's mother, Mrs. Ella Ritch, are visiting relatives in Amarillo for several days.

A shower a day keeps the heat away.

Lloyd Edwards and son, Burl, Hugh Gardner and family, and Clayton Nash of Dallas have been visitors in the home of Mrs. O. J. Hinds.

Lloyd Edwards underwent an operation last Thursday for the removal of his tonsils.

Gate receipts for the coming Turney-Dempsey fight will be about two million dollars. "Wot a jack pot!"

Only a short time until oysters.

**HAVE PRETTY HAIR
—LOOK YOUNG—**

Don't let dandruff mar your looks. Dandruff can be destroyed. **RID-O-DANDER** will dissolve it. Apply it each night before retiring, the first application stops the itching, soon all your dandruff is gone. The hair takes on new life and growth. It will become lustrous, soft and silky. **RID-O-DANDER** never fails. It is hair insurance. Secure a six-ounce bottle from your druggist, or

HARDWARE PLUMBING TIN WORK

DRASCO

We are sorry to report that Mrs. J. R. Seay has been very sick. May she soon regain her health.

Mrs. Albert Baker of near Weatherford, is the guest of Mrs. R. S. Stone.

Mr. and Mrs. Lee Sanders of Amherst, Texas, visited their daughter, Mrs. Gordon Nix.

Mrs. Porter of Gause and Mrs. Clyde Newberry of Barnhart are guests of Mrs. David Scott.

Prof. and Mrs. Rollin Horn of Athens, who have been attending school at Southwestern University at Georgetown, visited Mr. and Mrs. J. A. Horn, enroute home.

Mr. and Mrs. Will Baker of Winters and Mr. and Mrs. John Baker of the Plains, visited Mr. and Mrs. Hugh Baker.

Mr. and Mrs. F. Dorsett, Mr. and Mrs. J. N. Key of Winters, Mr. and Mrs. Collinsworth of Pumphrey, Mr. and Mrs. Claude Brown of Moro, attended the Baptist revival being conducted by Rev. E. D. Dunlap of Abilene, assisted by Rev. and Mrs. Bob Baucom of San Antonio.

Walter Lytle and children of the Plains are guests of relatives.

Mr. and Mrs. Ed Belew, Mrs. H. H. Porter, Mrs. Ben Harwood, Mr. and Mrs. Elmore Mayhew and Mrs. Harvey Baker were in Winters this week.

Mr. Trotter of Moro was at Drasco this week.

Work on the new home of Mr. and Mrs. Bonnie Puckett is progressing nicely.

Mrs. Rhinehart of Winters is visiting her daughter, Mrs. Barney

Gibbs.

Mrs. Sowell of Winters is the guest of Mrs. F. J. Daniels.

B. M. Smith was transacting business in Winters this week.

Mr. and Mrs. Fletcher of near Pumphrey were at Drasco Sunday.

Miss Fay Trotter of Moro has been attending the Baptist revival.

Mr. and Mrs. Shamberlin of Moody have been visiting the latter's brother and family, Mr. Hancock.

Sam Nunnally Married

His many friend here will be interested in learning of the marriage of Sam Nunnally, son of Mr. and Mrs. Tom Nunnally, Sr., of this city, the marriage being solemnized in Abilene early the past week. The name of the bride has not been learned here, but it is understood that she is from one of the most prominent Abilene families and that Sam is fortunate in winning her hand.

Mr. and Mrs. Nunnally left immediately after the ceremony for a honeymoon trip into New Mexico, it has been learned here.

The above, taken from last week's Rising Star Record, is reproduced here because the Mr. Nunnally referred to in the article is a brother of our W. C. Nunnally. Sam is cashier of the Abilene State Bank, and it is said is the youngest bank director in Abilene.

Lanham Brown came home last Friday after spending some ten days in Colorado. Lanham says he had a good vacation and plenty of rainbow trout.

Bought husbands have no value.

Saturday, Aug. 20

SHOWING FALL'S NEWEST FIRST IN WINTERS

As stated before, Mr. Goren of San Angelo, purchased a half interest in the G. & G. Dry Goods Co., and the business will now run under the name of Goren & Goldman.

Our policy will be as it has been previously, to give each and every one a fair and square deal. We spent over a month in New York selecting the better kind of merchandise and paying cash for most of it, so we could pass the saving on to the Winters community.

Come in and say "Hello." Every one is welcome at

Goren & Goldman

"The House That Cannot Be Undersold"

Formerly G. & G. Dry Goods Co.

In the Old "Gas Buggy" Days

Creation of a new Chevrolet zone sales office, the 20th to be opened since 1925, and the 43rd now established in the United States, more than half of which have parts distribution depots providing the public with a quicker and more efficient service, was announced today by H. J. Klingler, general sales manager of the Chevrolet Motor company.

The new zone, located at Portland, Maine, is the ninth to be established since the first of the year, according to Mr. Klingler, others having been opened at Columbia, S. C.; Salt Lake City, Utah; Richmond, Va.; Butte, Montana; El Paso, Texas; Charleston, W. Va.; Wichita, Kan.; and Seattle, Washington.

"The rapidity with which new offices have been opened this year denotes a generally healthful condition of business throughout the country," Mr. Klingler said. "It will be noted that our new offices are located in every section of the United States, an indication that conditions are uniformly good, which argues well for the fall outlook. Further evidence of this is contained in the fact that Chevrolet sales for every month this year showed a substantial increase over the same period last year, and August sales for the first ten days indicated that we will have exceeded the entire output for 1926.

"Our policy is to place new zone offices wherever the growth in car sales warrant it. With this in mind we get a new index of the enormous increase in production and sales of Chevrolets by noting that in 1925 we had only 23 zone offices and an annual output of 519,060 units. Today we have 43 zone offices and our factories are planning to turn out nearly one million cars this year.

"The new office at Portland gives

us a network of wholesale points in every section of the country, extending from Portland, Me., to Jacksonville, Fla., and from Seattle, Wash., to Los Angeles, Calif., with many intermediate points such as Fargo, N. D., El Paso, Texas, and Columbia, S. C. The last two additions to the list were at the Northern extremities—Portland and Seattle.

"Towns which acquire new zone offices benefit considerably by their establishment. Each zone office has its own sales manager and an assistant, a parts and service manager, a sales promotion manager, a car distributor, an office manager, an accountant, five to twenty field representatives, and a large clerical force adequate to handle many thousands of business each year.

"In addition to the car sales duties executed at these zones, they prove of still greater service to the public under our present plan that makes many of them also parts distribution centers. At 24 of the 43 zones provision has been made for the establishment of part depots, each one to carry from \$50,000 to \$500,000 worth of parts, and bringing to the communities in which they are located a business of these proportions. This will obviate the delay entailed when new parts have to be forwarded from the factory, and will assure Chevrolet owners everywhere of instant service on new parts or replacements."

Miss Desma Johnson of Ranger, after a pleasant visit in the home of Mr. and Mrs. Johnnie Johnson left Sunday for a week's visit with Mr. and Mrs. Jake Johnson in Abilene before returning to her home.

Benton Neely to Preach Sunday

Sunday morning Benton Neely will preach due to the absence of Bro. Bryan. The subject that he will use on this occasion will be "The Influence of Right Living on American Liberty."

Sunday night the Epworth League will give a special missionary program. The program will be to encourage mission work as well as to give valuable information concerning work in the mission fields.

Special numbers will feature both services. This should be a great day for the Methodists as well as Winters. Come praying for our work.

Methodist Church

Benton P. Neely, Acting Pastor
Sunday school 9:45 a. m., A. H. Smith, Supt.

Preaching 11 a. m. by Rev. Benton P. Neely.

Senior Epworth League, 7:15 p. m. Ronald Duncan, Pres.

Epworth High League, 7:15 p. m. Miss Lillybel Ivey, Councillor.

Junior Epworth League, 7:15 p. m., Mrs. Press Edwards, Supt.

Program by Epworth League, at 8:15 p. m.

You are cordially invited to attend all services. Worship God in the beauty of holiness.

Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind.

Strange Doings Monday Evening

Monday night about 11 o'clock a mysterious procession of automobiles startled the citizenship of Winters as it proceeded through the business section of town with the blare of bugle calls. Just how many cars there were we are unable to say, but the line seemed to be nearly a mile long. The leading car decorated with a pair of long cow horns on the radiator and an electric cross on either side of the windshield would indicate or cause one to suspect the Ku Klux Klan had something to do with it. Then, too, it was rumored that a large man about 7 feet tall and about 52 inches around the girth, seen on the streets late in the afternoon was Shelby Cox of Dallas who is known to be the highest state officer in that order. At the Hotel Winters at the dinner hour there were a number of well dressed strangers, who they were and where they were from no one seemed to know.—Contributed.

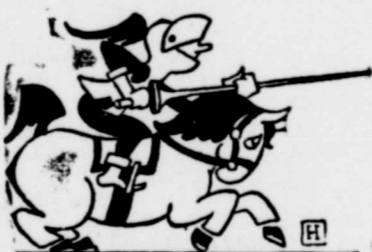

Mrs. Jake Johnson of Abilene and Mrs. H. G. Johnson of Ranger were visitors in the home of Mr. and Mrs. Johnnie Johnson last Friday.

Mrs. Floyd Smith of Ballinger is visiting Mr. and Mrs. Hart Phillips and other relatives.

I. N. Wilkinson was a business visitor in Abilene Tuesday.

Dr. T. V. Jennings made a business trip to the Plains Tuesday.

Mr. and Mrs. T. B. Young and sons Ray and Roy, and daughter, Mrs. Tom Caudle and little son, David, of Ballinger, returned home the latter part of the week from a visit with relatives and friends at Amarillo.

We Challenge!

Like knights of old we challenge the world!

We challenge anyone to show finer clothing values!

We challenge anyone to show a selection of all wool fabrics as fine as ours at \$25!

We challenge anyone to make a suit to measure as we do and give the same tailoring and fit at anything like our price!

We challenge anyone to give the service and satisfaction that we do!

We'll admit we are not modest. But neither were the knights. But they stood back of their claims and so do we!

BEING A MONKEY, IN CHICAGO, AT LEAST, HAS ADVANTAGES

CHICAGO is making the world a safe place for monkeys if not for human beings.

It appears that the crime wave had extended to the small primates of the Lincoln Park zoo. While machine guns and Maxim silencers did not figure in the animal death rate, it is the opinion of Superintendent Alfred E. Parker that society's method heretofore of abducting a delicate monkey from the sunshine and essential advantages of his native habitat and sticking him into a metal cage to shift for himself is nothing short of criminal.

Chicago has the last word now in model monkey quarters with all the modern improvements that any ape could desire. Outdoor sunshine brought indoors through a special glass over the cages; "washed" air, warmed floors for the monkeys from warm climates and their own kitchen and hospital are a few of the accommodations now available to the simian four hundred.

His Air Is Washed
No Lincoln Park monkey, for instance, will need now to breathe air in which hundreds of human spectators have been pushing their panting way. The air in his cage will be washed by a special ventilating system that keeps a continual, protective air current flowing between him and his admirers.

When snow flies and the thermometer does a dive, he will be able to toast his toes, not before a fireplace but by a new device for regulating the warmth of the floor of his cage. In the hospital there is an operating table, monkey size, with all the fixings and everything. Nothing has been determined about the nurses yet.

The innovation upon which Superintendent Parker depends largely for giving his wards a longer lease of life in captivity is found in the vitaglass windows. The native haunts of baboons, chimpanzees, orangoutangs, lemurs and rare apes are in the open where the vital ultra-violet rays of sunshine pour freely upon their bodies. Heretofore, their lives have been shortened by about one-half through lung troubles when their captors have hidden them in cages under ordinary glass.

"Alfred," rare chimpanzee, named for Superintendent Parker, is shown here with one of the "janitors" of Chicago's model home for monkeys.

The element they have missed has been the physiological benefit of the sun's health rays. Ordinary glass excludes these rays, but, through vitaglass, Lincoln Park monkeys will be basking in the equivalent of their out-door jungle sunshine.

Used in London Zoo
"In the London zoo, vitaglass has been in use in the primate quarters for four years," Mr. Parker explained. "It has reduced pulmonary sickness more than 90 per cent.

"In captivity, the primates are peculiarly susceptible to pulmonary illnesses which cause a heavy mortality. The English took the German quartz glass and perfected it. They call it vitaglass and use it, among other places, in hospitals, especially those for weak children, with astonishing results.

"In the great London zoo, it has worked an absolute revolution in the life of their primates and other small animals." Lucky monkeys, those of Chicago's zoo!

Are you using the right oil?

YOUR car's life can be prolonged by using the right kind of oil. On the other hand, it will be materially shortened if you use the wrong kind.

Conoco Motor Oil is made to meet specific requirements. For instance, there's one grade of Conoco Motor Oil made especially for your car. You'll find it listed on Conoco chart. Use the proper grade of Conoco and forget your lubrication worries.

Boy Miner of 40 Years Ago Now Heads World's Biggest Coal Mine Group

FORTY years ago an eleven-year-old boy living in Grape Creek, Ill., had to quit school and go to work to help support his family. He got a job as rock picker in a coal mine, and a little later became a mule driver, earning \$1.25 a day.

Today that same boy, now grown into a business man of 51, is head of the largest coal concern in the world. He has just been made president of all the coal mines owned and operated by the United States Steel Corporation.

His name is Thomas Moses, and his story is the sort of tale that has become known as "typically American."

Longed to Study

When he had to leave school and take up a man's duties he was rather disappointed. Early in life he had imbibed the thought that success in life depends on mental alertness; and he wanted to train his mind to the greatest extent possible.

So he did not forget school. After a couple of years' work, when he became a full fledged miner and drew \$3 a day, he resolved to resume his studies at any cost. Unable to go to school he began to study every night after work was done.

So determined was he that in a few months he laid aside enough from his small wages to hire a high

Thomas Moses

school teacher to tutor him an hour every evening.

At first he devoted particular attention to algebra. When he had mastered this subject thoroughly, he began to study the technical side of mining engineering.

Then began his advancement. His superiors in the mine began to notice him; to notice that he was

more alert, better trained than the average miner. By the time he was of age he was going up the ladder.

A few years ago came the first step upward when he was made superintendent of the Bunsen Properties, at that time a large subsidiary of the United States Steel Corporation.

Finally, a short time ago, came the last and biggest promotion of all. The head of the corporation's coal companies was removed by death, and Moses was elected to succeed him. He went to Pittsburgh in connection with the election, and immediately afterward returned to his home in Danville, Ill.

There he was met by a big crowd of friends, many of them old-time miners with whom he had rubbed elbows in the mines he now was to control. To them he was still "Tom", and his "Hello, boys" was the same as it used to be when he was picking coal alongside of them years ago.

Has Men's Confidence

That familiarity, his associate officials say, was one of the secrets of his success. He was made president of the coal companies, it is said, not only because he was a capable executive, but because he knew the miners, had their confidence and knew how to get along with them.

Moses' philosophy? It's brief and to the point. Here it is: "Just do the best you can."

RAMBLING THOUGHTS

By Jack Callan

The Wall of Life

Today is the present, tomorrow is the great future. What we are today is dependent on rather the outcome of what we aspired to be yesterday. What we are tomorrow is dependent upon our ambition of today.

The great majority of humanity may be primarily divided into those who work only for today and those who are in constant preparation for tomorrow. This is an economic division and has strong bearing upon the progress of humanity at large.

The "Todays," as we might term them, is that class of individuals who are working only for the present. They do not think of tomorrow, and fail to realize the marked necessity of building the great "Wall of Life" out of the best material. They fail to keep in mind that the top of the wall of life is made of materials dependent upon the lower construction.

If the foundation and lower sections of a wall are weak, it is not possible to have marble or stone for the top. So it is with that great throng of humanity known as the Todays. They fail to look ahead, they do not think of tomorrow. The Todays are unworthy of an unexcelled or magnificent covering. A heavy expensive top cannot be placed on a weak foundation. It is not only improbable but impossible for the individual to build a wall of accomplishment unless he builds his foundation with the future construction in view. Every man must build his own wall of life. He must construct his foundation today with the future construc-

tion in view for tomorrow. If he thinks not of the morrow, he soon finds that only the foundation is laid and the wall of his accomplishments remain unfinished.

The "Tomorrows" are quite the contrary. They build a foundation of solid material; they look into the future—the great tomorrow—they dream, they plan, and in the end their accomplishments are great—the wall of their life is not only a tradition but a magnificent portrayal of continual effort expended today, every day, with tomorrow constantly in view.

These two classifications, as you know, are constantly in strong opposition. Economics may classify them as Industrialists and anti-Industrialists, corresponding to the above classification "Tomorrows" and "Todays," respectively. Industrialism is opposition to feudalism, an old form of agricultural enterprises with distinguished classes of individuals socially.

As previously stated these two classes are in strong opposition. A few months ago I heard a certain person severely criticize another individual because the latter was looking to the Tomorrow. He was building a wall worthy of praise and years of memory. There is often ill-will or envy in the heart of a person who works only for today. He notices as the pathway of his life is being traveled that his fellowman is building a magnificent wall while he has only built a small foundation which can never be finished successfully. He learns his mistake too late and when he renews his construction on the wall of his life, his attempts prove of little avail.

As a boy now laying the founda-

tion on which I hope to build a wall unexcelled, I look into the morrow. Education is a strong element and contains the best material to begin construction of the great "Wall of Life." We all realize this but help us to know and to realize the marked necessity of looking into the invisible future—the tomorrow—as we build our own individual wall of life.

Commissioner Yeager informs us that the contract for the new bridge to be erected on the Truett road across Bluff Creek just east of town, has been let to Austin Bros. Construction Company, Tuesday. Work will start immediately and the bridge will probably be completed within the next thirty days.

WHAT'S DOING In West Texas

WEINERT—Cotton in this community is reported as good. There is but little complaint of worms, this coming from the sandy land district. A good rain is needed. Many farmers here are spending more time on poultry, turkeys, hogs and better type milk cows.

HAMLIN—Considerable improvement has been made in Hamlin property recently. A local filling station, tailor shop, and another business concern have been worked on, making them more modern and convenient. Three new modern residences are being erected in the south part of town and other buildings are under way.

PANHANDLE—The name of the "Panhandle Chamber of Commerce and Agriculture" has been adopted here, due to widening activities of the commercial organization. Roy Arnold has been re-elected secretary for another year, and new officers have been chosen. Fifteen new directors will look after the agricultural interests of the section.

WELLINGTON—President R. W. Haynie of the West Texas Chamber of Commerce will be initiated into the district convention work of the organization August 25th when he attends the Panhandle-North Plains regional gathering to be held here at that time. Following attendance at this his first district meeting, he will attend the Hills County Convention at San Saba in September.

EDEN—Highway No. 9 Association is now at work. Organization of the group was effected here August 4 when representatives from Big Spring, San Angelo, Brady and Mason met in session at the call of interested citizens of this district.

MIDLAND—The Midland Chamber of Commerce is sending its secretary, Paul T. Vickers, to the national school for commercial secretaries which will be held at Northwestern University, Evanston, Ill., on August 22nd, and through September 3rd. The school will give its attendants the opportunity to hear experiences of from 350 to 400 leading secretaries of the nation.

Mrs. T. D. Coupland is in Waco where she will be joined by her daughter, Miss Laura from Chicago, and together they will attend the graduation of Miss Katherine Wong, the Chinese girl who entered Baylor University last fall. Many friends will remember Miss Wong, who visited here last summer, and will congratulate her upon her graduation.

Mrs. A. M. Robertson, after a very pleasant visit with her daughter, Mrs. Ralph Lloyd, and son Oma Robertson, returned to her home at Edgewood last Sunday.

Mr. and Mrs. M. E. Miller of Coleman, who formerly lived here, have moved back to our city. Mr. Miller will be associated with the City Drug Co., and will be glad to have his old acquaintances and friends call on him. We welcome Mr. Miller and his family to our business and social life.

Mrs. Dollie McGuire of Milford, is visiting in the home of Mr. and Mrs. Ira Brannon, also of J. W. Corum and other relatives.

Wingate

Mrs. Ada Jones was hostess to the Home Demonstration Club on Wednesday of last week. After the regular business session, Mrs. Hollingsworth took charge of the program and a dress form was made. Some interesting talks were made by the girls that attended the short course at College Station and Mrs. Hollingsworth talked on her trip to California. Refreshments of ice cream and cake were served to the members present and the following visitors: Misses Naomi and Cleve Dugger, Iwilda Allen and Mildred Smith, and the hostess' mother Mrs. W. L. Hodges. The next meeting of the club will be with Mrs. J. B. Miller and every member is urged to be present and new ones are invited. Mr. and Mrs. Cotton and Mr. and Mrs. Krouson, with their families, of Antelope, attended church here last week. Mrs. Ben Hancock who has been in the sanitarium at Ballinger, has recovered sufficiently as to be removed to her home. Miss Ernestine Karnes of Blackwell visited her sister, Mrs. Barnes, last week. Mr. and Mrs. Claude Compton of Ballinger were guests Sunday in the home of Mr. Compton's parents, Mr. and Mrs. W. L. Compton. Mrs. Jim Barnes and daughter, Miss Diana, of Ballinger, were week end visitors with relatives and friends here. Mr. and Mrs. A. W. Son of Brownwood were visiting Mr. and Mrs. Jim Miller last week. Mr. and Mrs. T. O. Rowland, of Sylvester, are visiting in the home of their daughter, Mrs. J. B. Miller. Mr. and Mrs. E. J. Norman of Crosbyton were guests in the home of Mr. and Mrs. B. J. Smith last week. Mr. and Mrs. T. A. Dunn, Mr. and Mrs. Elza Roberts and Mrs. Dee Collier of Crosbyton were guests of Mrs. Danley last week, and attended the Primitive Baptist Association. Jno. Smith and Mr. Sears, from Whitewright were visiting Bob Jennings last week, enroute to Slaton. Mr. and Mrs. Clyde Rhodes left Monday for California, where they will make their home in the future. Mr. and Mrs. W. D. Rogers and son, Ray, went with them as far as El Paso for a pleasure trip. Clayton Seymour from Gunter is

here visiting with relatives. Mr. and Mrs. Clyde Dunn were in Abilene Friday. Miss Grace Harter visited relatives and friends in Blackwell the first of the week. Mr. and Mrs. Jim Miller were in Christoforo Tuesday. Mr. and Mrs. Herman Sneed of Fluva-na visited J. W. Smith and wife last week-end. Miss Rosa Hodges is visiting with friends at Galveston. Several from here attended the club rally in Ballinger last Saturday. Mrs. Robert Lanningham and Mrs. Foy from Paint Rock attended church here last week end, also Mrs. Lewis, Mrs. Goolsby, Mr. and Mrs. A. L. Smith and Mr. and Mrs. Marks from Winters. Mr. and Mrs. Webb M. Koundless of Vandera are visiting in the home of Mr. and Mrs. Clarence Harter. Mr. and Mrs. Doc Ellis of Littlefield are visiting Mr. and Mrs. Geo. Blackwell. Mr. and Mrs. Barney Bryan of Winters visited Mr. and Mrs. Homer Ford Sunday. Hubert Bryan returned to his work in Dallas Sunday after a pleasant visit here with his mother. Mr. and Mrs. M. A. Hurin were guests of Mr. and Mrs. M. T. Hensley last week-end. Mrs. J. W. Gannaway was made glad last Sunday when all her children gathered at the old home place for a family reunion. This is the first time all of the children had been together in fourteen years. The entire day was spent in a social way, with a good feast at the noon hour. There were sixty-three that enjoyed the good dinner. Pictures were taken by Mr. Jordan in the afternoon. The children are as follows: Mr. and Mrs. Porter Gannaway and six children of Hermleigh; Mrs. Minnie Wade and two children of Hermleigh; Mr. and Mrs. Leo Notlinger, Hermleigh; Mr. and Mrs. Andie Gannaway and their three sons from Abilene; Mr. and Mrs. Arthur Gannaway and son of Abilene; Mr. and Mrs. Walter Wilburn and three children, Abilene; Mr. and Mrs. Leo Middleton and three children, San Antonio; Mr. and Mrs. L. C. Robbins and three children of Chelsea, Okla.; Mr. Ab Gannaway and daughter, Abilene; Mr. and Mrs. Bob Gannaway and son of Carrizo Springs, and an uncle, Tom Gannaway from Winters. Then Mrs. R. R. Dean and John Gannaway, who live here with their families; Mr. and Mrs. J. B. Miller, Grandma Miller of Brownwood, an old friend of the family, also enjoyed the affair. On Monday they enjoyed a picnic on the creek with several friends of the family. The Baptist meeting is still in progress at this place. Bro. Milam is doing the preaching. It will probably close Wednesday night. Mr. and Mrs. Jno. Morrison and children from Lubbock are visiting in the home of Mr. Morrison's father W. L. Morrison. Mr. and Mrs. Henry Dixon of Wilmett attended church here Tuesday and were guests in the home of W. D. Smith. Mr. and Mrs. Devon from O'Donnell, are here visiting their daughters Mrs. Walker and Mary Allen, and Mrs. Tom Haynes. Mr. and Mrs. Denson and Mrs. Tennie Allen took Mrs. Mollie Smith to Sweetwater on her way back to Dallas after a visit here. They went on to Roscoe for a short visit with their son and brother, Tell Denson. Lloyd Allen with his family are here from Littlefield visiting relatives. Mr. and Mrs. D. A. Bryant and son of Temple were guests of Mr. and Mrs. Howard Poe and Mr. and Mrs. Barney Bryant for a few days the past week. There's some excuse for a fellow loafing along the creek bank with a fishing pole in his hands these fine days. Los Angeles has a sleeping beauty. Winters has many wide awake ones.

raised on Eagle Brand Condensed Milk is now almost seventy years old. Since 1857—the safest of all infant foods.
Borden's EAGLE BRAND CONDENSED MILK

LITTLE THEATRE GROUP WORKING ON NEW PLAY
The Little Theatre Group started working this week on "I Want the Moon." It is fresh from the pen of Mr. Harrison, author of "The Push," "Other People's Business" and "Why Wives Worry," all successfully presented by the local organization during the past few months. "I Want the Moon" is a real comedy drama, crowded full of smiles, tears, drama and romance a-plenty. Aside from the usual fun and heart-throbbing story there is a dandy good moral. The audience will see the entire cast in excellent roles. Those who have been assigned parts are Misses Ruth Jones, Leon Cambell, Naomi Hunt, Messrs. Carl Henslee, P. G. Garrett, Richard Homann, Auburn Neely and Jno. W. Norman. The exact date of "I Want the Moon" has not been established, but it will be given some time during the first week after school starts early in September.

MESDAMES LYNN AND TOWN. SEND HONORED BY SHOWER
The lovely new home of Mr. and Mrs. Albert Spill was the scene of a double courtesy given by the ladies aid society of the Presbyterian church last Friday afternoon from four to six, honoring Mrs. H. W. Lynn and her mother, Mrs. Townsend, with a miscellaneous shower of "love gifts." Late summer flowers and ferns added a party gaiety to the attractive rooms and a beautiful sentiment formed the atmosphere as the gifts were presented in a very clever manner. Both Mrs. Lynn and Mrs. Townsend have worked faithfully with the ladies of the church and the love and appreciation of the two honorees, who are moving away, was manifested in each package which was opened. Angel food cake and ice cream were served to Mesdames W. R. Johnson, W. E. Oliver, Hays, W. W. Parramore, V. Vanzandt, Dennie, Gipson, E. F. Edwards, W. H. Clift, Leonard Wilson, Jno. Dry, J. Hood, C. E. Woodrow, Kate Vancil, H. W. Lynn, Lucy Townsend, T. H. Haynie, R. T. Thornton, Luther Haynie, J. V. Davis, Jno. G. Key, J. W. Davis, H. W. Robinson, R. H. Henslee, and Miss Esther Kilander.

Texas Water Rights Meet at Abilene
The official call for the mass meeting of citizens of West Texas in particular and Texas in general, to be held in Abilene, Texas, August 18th, for the purpose of discussing water rights of Texas, has been issued from the headquarters of the West Texas Chamber of Commerce upon authority of President J. A. Kemp of the Texas Conservation Association and of R. W. Haynie, president of the regional organization of the West. Governor Moody, Attorney General Pollard and the Board of Water Engineers, as well as other state officials, have been invited to attend the meet. The water rights problem is attracting statewide attention of leading business men, farmers and other interested parties and it is expected that a record breaking crowd will be on hand August 18th to take part in what is scheduled to be an open forum discussion. In the official call as issued it is stated that the Texas Conservation Association and the West Texas Chamber of Commerce expect to oppose resolutely any efforts that will place the agricultural, livestock or industrial interests of the State in jeopardy. The call announces, also, that the conference will disseminate information relative to the rights of landowners with regard to run-off waters and the need for protection thereof. Such action as is deemed necessary and justified will be taken at the mass meeting. Mrs. Redusch of Dallas is a guest in the home of Mr. and Mrs. C. W. Gregory. Receives Carload Gas Material J. I. Street has just unloaded a carload of gas pipe and fittings. It is suggested that those contemplating using gas as fuel had better begin making installations before the rush starts. He also has a complete line of gas stoves and heaters. 1tc Mrs. R. L. Labenske and daughter, Mildred, returned Saturday from the wholesale market at Dallas where they had been with Mrs. C. W. Gregory personally selecting ready-to-wear and millinery for the exclusive ladies' shop of Mesdames Gregory and Labenske. Mrs. Gregory remained over Sunday for a visit with friends.

Dr. Halley "Hits Stump" Here Fri.

When some twelve or fifteen golfers from Ballinger came up for a sociable game of golf last Friday at the country club, Dr. Halley of Ballinger was in the group and just before the games started the doctor stated that he had just vanquished both the winner and runner-up of the recent local tournament, and that he would now demonstrate the ancient game to the winner of the consolation flight of the tournament, which happened to be R. A. Cramer. But the doctor "hit a stump" in this match. Mr. Cramer taking the game by a score of 81 to 86 for eighteen holes. Dick Thorp, winner of most all the Ballinger tournaments, was matched with G. A. Edwards, who lost to Mr. Thorp by one stroke, their cards showing score of 78 and 79 for the eighteen holes. After the game Mr. Cramer proceeded to "pour it on" the doctor by beating him two games on the putting green and then informed him that he could even beat him eating watermelon, and proceeded to demonstrate. The games with the visitors were enjoyed very much, after which iced watermelons were served. Several Winters golfers repaid the visit yesterday.

Second Bale Is Brought in Tuesday

The second bale of the new cotton crop arrived in the city early Tuesday morning, and was brought in by Wade Carter of the Norton section. The bale was ginned into a square bale by Williams & Ashburn, and weighed 590 pounds. It was classed strict middling and was bought by Williams & Ashburn, the price paid being 25 cents per pound. A premium of 31.75 was given Mr. Carter by Winters business houses. Not counting the seed, Mr. Carter's bale netted \$147.50.

Family Reunion at Merkle

Mr. and Mrs. G. D. Bryant, former citizens of Winters, were agreeably surprised last Wednesday when eight of their children with their families gathered at their home at Merkle for a family reunion. All were present with the exception of two, C. D. Bryant of Houston, and B. L. Bryant of Navasota, who were unable to attend. The day was spent in recalling many happy occasions of the past, and a bountiful spread at the noon hour. Several children remained for a longer visit with their parents, returning home Friday. Those present were Mr. and Mrs. D. A. Bryant and son, of Temple; Mr. and Mrs. J. M. Colbert and grandson; Mr. and Mrs. W. P. Lanham; G. H. Bryant and three sons, and Mr. and Mrs. Albert Fulton and two children of Merkle; Mr. and Mrs. Barney Bryant and son, Mr. and Mrs. R. A. Lewis, Mr. and Mrs. W. F. Clark, Mr. and Mrs. Howard Poe and two children, and Mr. and Mrs. E. E. Fulton, all of Winters.

Mr. and Mrs. Lyle Deffenbach, after spending a vacation of some two weeks on the Plains, arrived home Tuesday morning.

Wonder who will be the first passenger to be carried from New York to Paris over the proposed air line?

A merchant who does not advertise is like a clock without hands.

Even a dog will drag out a ham bone and bury it for a rainy day.

PUMPHREY COMMUNITY LIKES THE PAPER
A short letter from W. J. Hood of the Pumphrey community is very much appreciated by The Enterprise. In part, Mr. Hood says: "Myself and neighbors, and in fact all the people of the Pumphrey community like The Enterprise very much and we want to express our thanks to the Winters merchants for sending it to us. "Farmers of this community all have a smile on their faces as long as a calf rope with three or four knots tied in it and the merchants and bankers all have a smile as long as a lariat rope without any knots tied in it. The farmer is going to get a good price for his cotton if the worms and the boll weevils keep up their good work. "Don't forget to shoot me with The Enterprise every week."

18 Years OF SERVICE

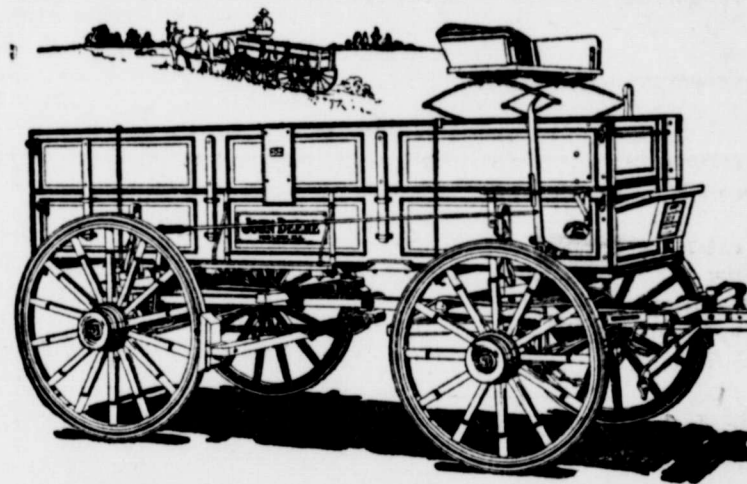

When an organization like ours becomes a leader in its field it must produce service on a merit basis. Neither high-pressure salesmanship or flowery phrases will stand through all the years and build a coterie of friends and customers such as we have done.

Owens Drug Store

"What You Want When You Want It" DRUGS AND JEWELRY

Mr. and Mrs. W. P. Gardner returned Thursday from St. Louis and other market centers, where they purchased new goods for fall and winter. New merchandise is arriving daily and the newest things are now on display. Miss Ouida Pentecost returned home Tuesday from Dallas where she had been under treatment of a specialist. Mr. and Mrs. J. F. Paxton and family are spending the week visiting relatives at Cherokee. Mr. and Mrs. J. D. Moore of Crews are the fond parents of a new daughter, born August 10th. Tiny Dora Louise and mother are doing nicely. Rev. G. B. Hall and wife of Wichita Falls were week-end guests in the home of Mrs. Kate Vancil.

Drs. Tinkle and Henslee Announce the Opening of Their NEW OFFICES In Spill Building

Service is Built Into This Wagon

The service you get from a wagon depends upon the material and workmanship put into it. Here are just a few features of

The John Deere Wagon The Wagon That is Guaranteed

- Gear stock—selected air-seasoned oak and hickory.
- Full-clipped gear—double-braced front and rear gear.
- Fifth-wheel bolster plate—heavy, malleable with corrugated coupling.
- Extra heavy skis—special sand- and dust-proof pattern.
- Axles—selected hickory.
- Square wood front hounds.
- Wheels—extra strength, absolutely true in circumference, properly centered. White oak hubs—oak or hickory spokes—oak felloes.
- Tires—set hot under pressure—gauge insures proper dial.
- Skins—have large bell; take in full size of axle. Correct setting of skis on axle by means of special machine, gives proper pitch and gather, causing the John Deere Wagon to track perfectly and run lighter than other wagons.
- Heavy angle grain cleats.
- Bottoms reinforced front and rear over bolsters.
- Heavy tie rods and anti-spreader chains.
- Top box reinforced with wide center panel.
- Tool box on front endgate.
- Deep panel spring seat.
- Heavy clipped roller brake when required.

Come in and see this guaranteed wagon—Let us point out the many features embodied in the written guaranty.
