Saturday, the 9th of October, 1954  
from 2 until 6 o'clock

## Over Three Hundred Attended Open House At Livestock And Show Barn Recently Completed North of Town

Over three hundred attended the open house at the Livestock Feeding and Show Barn Tuesday night and were shown through the building which was recently completed.

The barn with its stalls, show room, concession stand, rest rooms, attractive grounds, was well lighted with plenty of parking space. Refreshments were served on entering the building. W. J. Davis and Joe Seale, V. A. instructors and Mrs. O. D. Bradford were in charge of serving.

Harvey Dale Jones, who has given much of his time and effort, was master of ceremonies. He expressed appreciation to the entire community for the interest and help, to the building committee, the labor committee, the contractor, Bryan Smith, and to the school board for funds and co-operation in building the barn.

Supt. Jim Nevins spoke for the school in expressing appreciation of the building as it would play an important part in promoting agricultural work in school and community.

A musical program was presented by Garland Crouch, Clarence Hill and Roy Hill. Marta Davidson played accordion numbers and a quartet composed of Jerry Jones, Jerry Morgan,

Johnny Taylor and David Ledbetter, sang several numbers. The program committee, C. R. Kendrick, Gattis Neely and Mrs. R. P. Penny, were in charge of arrangements.

Mrs. R. P. Penny, chairman of the membership drive, announced that the month of October was membership month and asked the old members to pay their fee of \$5.00 and new members to join. The fees are to support the work of Future Farmers Association and the 4-H Club boys of Winters school district. A barbecue will climax the membership drive.

Out of town visitors were Marvin Weber of Abilene who is with Power Feed Mills; Judge W. H. Rumpy of Ballinger; Duane Howell of Abilene, who is with the Agriculture Department of the Abilene Reporter News, and Lester Smith of Ft. Worth, who is with the Star-Telegram.

### ATTENDS CONVENTION

### Lions Club Saw Football Film Of Winters Games

A film of the football game between Winters and Rotan was shown to the Lions at the regular luncheon Tuesday. Jim Hamner was in charge of the program.

Charley West presided for the business. J. C. Martin, chairman of Boy Scout Finance Drive, announced the drive was on. Also, Homer Hodge announced that the Crippled Children's benefit show would be staged Oct. 27-28 at the State Theatre. All proceeds from this show will go to the Texas Crippled Children's Camp at Kerrville, a camp the Lions are sponsoring. The film, "Saracen Blade," will be shown in technicolor. It is rated as a picture of fine entertainment and one that every one should see. Advance tickets are being sold by the members.

Homer Hudgins led the singing, Rev. Marion Condit the pledge, and Rev. Cecil Taylor gave the invocation. The thought was given by B. G. Owens.

### Farm Bureau Will Meet At High School Thursday, Oct. 14

Farm Bureau meeting will be held in the Winters high school auditorium Thursday night, Oct. 14 at 8:00 o'clock. Everyone is invited to attend as resolutions will be discussed and other important business, according to C. H. Eubank.

JOHN Q. McADAMS . . . Bank President

## McAdams Career In Banking Has Been Among Most Outstanding

John Q. McAdams, organizer and president of the Winters State Bank, began his banking career with the F&M Bank in Abilene where he worked a short time before coming to Winters to establish the local institution in 1906.

He served as cashier of the bank for the first 17 years of its existence before becoming president, and has remained one of the officials of the bank for 48 years, with the exception of a three-year period he served as State Banking Commissioner and resided in Austin during that time.

In 1918 he received his first state recognition when he was elected treasurer of the Texas State Bankers Association. He was named president of that organization in 1931-32.

Gov. Coke Stevenson appointed McAdams as State Banking Commissioner in September 1941. During his tenure of office the Texas Banking Laws were reworked and with the revision complete, he resigned his position in April 1944, and returned to his home here and again became associated with the Winters State Bank.

Not only has Mr. McAdams received honors and recognition in the State of Texas but he has held important positions in the American Bankers Association. He first served as chairman of the State Banking Department of the American Bankers Association, and was a member of the executive committee, member of the committee on Model State Banking Code and a member of the committee on State Legislation.

When he was elected chairman of the executive committee of the State Bank Division of the association at the September con-

vention held at Detroit in 1948, he was thus placed in a position for a succession to the vice-presidency and eventually president.

At the American Bankers Association at San Francisco in October the following year, Mr. McAdams was elected Vice-President of the State Bank Division for the year 1949-50.

Mr. McAdams received his highest national honor when he was elected to the presidency of the State Bank Division of the American Bankers Association at the convention which was held in New York City in September 1950, which was the diamond anniversary of the association. Approximately 7000 bankers attended the meeting.

Mrs. McAdams the former Frances Ransom of Beeville, attended these conventions and shared in the honors bestowed upon her husband.

In addition to his duties as a local banker, Mr. McAdams has headed committees in various civic organizations in Winters. He is a past president of the Winters Chamber of Commerce and the Lions Club and throughout the years Mr. and Mrs. McAdams have been active in civic, social and church affairs. They are members of the Presbyterian Church.

### Laymen Will Have Charge At Wingate Methodist Sunday

Laymen will have charge of the services at the Wingate Methodist church Sunday, Oct. 10th.

C. J. Cornett will be in the pulpit at the morning services and Hal Langford will be in charge of the evening services. Public is invited.

History of the Winters State Bank throughout the years is interwoven with the people of Winters and Runnels County. The outstanding characteristics of the bank have been described as soundly conservative, yet progressive, with an attitude of sympathetic consideration, yet effective in action. Moving along with the people, serving them in all their banking needs and counting itself with the leaders among them the bank has emphasized a firm faith in the future of Winters and the area.

The board and management of the institution has always been quick to visualize bigger things ahead and with this atmosphere of confidence the chartered institution found it necessary to effect major expansions of the facilities. The first was the construction of a building on its present location in 1909, after the bank had outgrown the very modest quarters of the original construction. Again in 1924 the bank had outgrown the quarters of 1909 and it was then that the entire length of the building was appropriated to the banking space.

All who saw the facilities which were then provided expressed the opinion that the bank now had sufficient space and equipment to care for an institution of \$4,000,000.00 in resources. It was only a comparatively short time, however until the volume exceeded that projected figure and along with it came the need for further expansion. Building upon the solid foundation of a proven past into a busy and interesting present fraught with opportunities for service and growth, the Board of Directors of the Winters State Bank dedicated its new and modern banking facility to a future which cannot be appraised, but one in which it shares with the people of the area a faith and confidence unlimited.

The people of Winters and the surrounding area are invited to attend the Open House, Saturday, October 9th, from 2 to 6 o'clock, and view the modern banking rooms, drive-in teller's window, the night depository and numerous other conveniences which the host of friends and customers have, through their loyalty and faith, made possible.

The new building is an imposing structure with a dark granite base and Roman brick above. The first thing that catches the eye of the observer as he walks through the main entrance on Dale Avenue is the harmony of the coloring. The ceiling throughout the bank is covered with an acoustical material which absorbs sound and gives an atmosphere of coziness and effortless dispatch. The wainscoting around the main lobby is of marble, but this material is succeeded in corresponding height with walnut panel of blended color.

The fixtures are of the low, modern type and include seven teller windows, four of which are being used for the dispatch of the business incident to the duties of tellers in the bank. The other windows in the fixture line are held in readiness to take care of any future expansion of the community. The material used in the fixtures is Texas marble, aluminum wickets and walnut, all blended into the general color scheme.

The officers quarters are located on the right as you pass through the main entrance, the paneling, the floor and furniture are all blended with the delightful coloring of the walls, presenting a warm, yet dignified appearance. (Continued on page 10, Sec. 1)

### Fertilizer Tonnage Sold For Six Months Above Last Year

COLLEGE STATION — Total tonnage of fertilizers sold in Texas during the first six months of 1954 was two percent above the same period for 1953 but 11 percent over five years ago. The increase, according to J. F. Fudge, state chemist, came from sales of materials rather than mixed goods.

Mixed goods accounted for 59 percent of the total tonnage, about the same as in the preceding years. There were, however, significant changes in the ratios and grades sold. Fudge says the trend toward higher analysis fertilizers really picked up speed. Five years ago only 4,000 tons of grades with a 1-2-1 ratio of high analysis were sold compared with 30,000 tons this year. There was a drop of 16,000 tons in the sales of 5-10-5 fertilizer for the same period. Sales of 10-10-10 and higher grades of 1-1-1 ratio have increased nearly 100 fold in the 5-year period.

Sales of nitrogen materials were about a third higher than last year and four times those of five years ago. Superphosphate

sales were down slightly from last year but were less than half of those five years ago. For the first time the tonnage of nitrogen was significantly—30 percent—higher than the tonnage of phosphoric acid sold. Nitrogen tonnage sold was 19 percent above last year and 136 percent greater than in 1950.

The percentage of potash is still relatively low, however, the average percent of potash in all fertilizers shows a significant increase.

East Texas used approximately half of the nitrogen, available phosphoric acid and potash in mixed fertilizers. West Texas and the Gulf Coast areas used nearly a third of the nitrogen materials sold in the state for the six months period.

The average composition of all fertilizer sold in Texas was a 15-12-4 grade compared to 12-12-4 a year ago and 7-14-3 five years ago. The complete report is available from the Agricultural Information Office, College Station. Ask for Progress Report 1707.

### Animal Losses On Farm Can Be Equal To Price Of New Car

The number of chicks and pullets, calves and heifers, pigs and shoats, sheep and lambs that the average Texas farmer loses annually costs him the price of a new car.

In addition to these death losses, there is a staggering waste of feed and labor involved. Because of diseased or inadequately fed livestock, thousands of eggs are never laid and tons of meat and milk is never produced.

Proper feeding and management are the most important factors in producing for a profit. Most Texas farmers realize we are just not getting out of poultry and livestock what is bred into them. Yet, many other farmers are content to be just average in their results.

Here is a graphic example of waste in hog breeding: The average hog raiser breeds 12 sows. Only 11 farrow and of the 100 pigs farrowed, the farmer markets only 56, mostly because of premature deaths.

On a two litter a year system, each sow is marketing only 11 pigs a year at this rate. Actually, a hog raiser should expect to market 17-18 pigs per sow, weighing 200-225 when 5½ months old.

Similar losses occur in poultry and livestock. About 1 out of every 5 calves dropped, dies before it is six months old. Some 10 per cent of the chicks and 15 per cent of the poults will not live for 56 days.

Eliminating loss is a key to badly needed profits. The farmer in Texas has been hard-hit by drouth and insects for four years. He cannot afford to suffer unnecessary livestock deaths in addition.

The knowledge and practice of good feeding and management programs will help reduce these deaths. High production per hen, per cow and per sow is no longer a goal in Texas—it is a necessity if you intend to make money farming.

#### PROMOTED TO SGT.

Darrell Gene Gresham, serving with the 134th Inf. Division at Trieste, Italy, has been promoted to Sergeant, according to word received by his wife, the former Wilma Sanders, now living in Odessa. He has been in Italy a year. Mrs. Gresham spent the week-end in Winters with her parents, Mr. and Mrs. J. S. Sanders.

### Sarah Galindo And Joe Cortez Married Sept. 25 At Coleman

Sarah Galindo, daughter of Mr. and Mrs. Felix Galindo of Coleman and Joe A. Cortez, son of Mr. and Mrs. Jake Cortez of Winters, were married Saturday, Sept. 25 at the Sacred Heart Catholic Church in Coleman.

The bride was given in marriage by her father. She wore a gown of white imported lace fashioned with a fitted bodice, with a standup bertha, high neckline of tulle and long tapered sleeves. The bodice was designed with a scalloped peplum of lace and the full skirt of tulle was over bridal satin.

Her fingertip veil of illusion was edged in lace and fell from a half-hat of pearlized orange blossoms. She carried a colonial bouquet of white carnations.

Mr. and Mrs. Raymon Bermea of Ballinger were best man and matron of honor. Mrs. Andrew Ortega and Amada Cortez, sisters of the bridegroom were two of the bridesmaids. Among the ushers were Andrew Ortega, Joe De la Cruz, Herbert Cortez and Cruz Alambar, all of Winters. Mary Cortez, sister of the groom, Anita Montaya and Catalina Alamba of Winters assisted in the reception.

The couple will be at home in Winters where he is employed at Heidenheimer's Department Store.

#### IN OSBORNE HOME

Children in the home of Mr. and Mrs. R. B. Osborne were their son, Ralph Jr. and children of Midland and their daughter, Mrs. James Wheeler Jr. and family of Abilene.

#### FROM ABILENE

Mr. and Mrs. Frank Kittrell and Mrs. Yantis of Abilene visited Sunday in the home of postmaster and Mrs. Rankin Pace and Miss Lucy Kittrell.

Nell Gwynne was an orange-seller.

He attended the Winters school and served three years in the army, 34 months in Hawaii. She attended the Coleman schools.

#### VISITED RELATIVES

Mr. and Mrs. J. S. Sanders, Elsie Lee and Fanny Mae, spent Sunday in San Angelo with Mr. and Mrs. S. B. Pearce and family.

### ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.

## Winters Garden Club Heard Speakers On Table Setting, Planning For Fall Flower Show, And Importance of Color

Winters Garden Club met at the City Hall on Friday, Oct. 1st at 9 a. m. Hostesses were Meses. Howard Baldwin, Joe Duncan, J. F. Richie and R. W. Balke. Mrs. Ralph Lloyd presided at the guest register.

Mrs. R. M. Pray, president, presided at the business meeting which included reports of the officers. The schedule for the Fall Flower Show, which will be held on Nov. 3rd at the City Hall, was adopted by the club members. The club received a request for copies of the 1933-34 Year Book to be placed in the Extension Loan Library at Austin. The Winters Garden Club was awarded Third Place in the Second division, Class 1, Group 3, in the State for the above mentioned Year Book.

Mrs. W. D. Waggoner was the leader for the topic on, "Let's Set The Table." Mrs. Wilma Lucas, District Governor, Abilene, gave an interesting lecture on "Table Arrangement and Settings." She talked briefly of the early settler, their foraging for food, their hospitality, sharing food, and how our tribes were formed. The foundation of civilization, welcoming guests, first use of the Guest Book, origin of the knife, fork, spoon, stoves, tables, etc. and highlights on feasts and banquets of the 16th and 17th century, were included in her comments in the lovely display of the four tables using colored tablecloths, china, and floral arrangements with back drops for walls and drapes. Mrs. Lucas stressed the focal point in decoration as being Color in the China. The tables were individual and most attractive.

Following this part of the program, the Luncheon was served

at noon. Invocation was by Mrs. Lloyd Roberson. Mrs. Marion Conditt and Mrs. H. L. Way assisted in serving at the buffet table. The foursome tables were laid with white linen cloths centered with a large aqua felt leaf holding orange pyracantha berries. A large ebony bowl of orange pyracantha sprays, flanked by small gold vases, were used on the speakers table.

Following the luncheon, Mrs. G. B. King, National Flower Show Judge, Albany, spoke on "Behind the Scenes before the Flower Show." In planning a Flower Show, the first point is the adoption of the Schedule. This schedule had been read previously by Mrs. O. D. Bradford, the General Chairman. Next in importance, are the location, the theme, and the classification. She outlined other steps for the success of a flower show.

Mrs. Richard Dyess, National Flower Judge, Albany, spoke on "Color Magic" a very interesting topic. Points were brought out about what color does to one another, and to us. The use of warm colors are used to give relaxation. Symbolisms in color, such as the flag, and signals, as the use of red for danger and green for safety, were mentioned. The competition in color. The competition of two colors must be avoided. The use of one-third dark and two-thirds light is best in an arrangement. If many colors are used, then you should use about five times as much varied color as of the dominant color. In showing pictures of Flower Arrangements, and also the Sepctrum wheel, Mrs. Dyess emphasized that color is the most compelling factor in the arrangement denoting beauty

(Delayed From Last Week)

"Be true to your highest convictions." William E. Channing

Mrs. Hugh Butler of Lenorah was a visitor Sunday morning at Sunday School and Church services at the Baptist church.

Harry and Godfrey Ledbetter of Breckenridge were visitors at the Methodist Sunday school.

Tuesday night of last week at the home of Mr. and Mrs. John Braswell, Mrs. Braswell was hostess to the annual party of the Martha Sunday School class of the Baptist church. The yard picnic supper preceded the devotional and business sessions. The devotional hymn was led by Mrs. Braswell with Mrs. Wayne Hunt at the piano. Mrs. Billie McCasland said the opening prayer and Mrs. Barney Gibbs gave the lesson. Mrs. Ed Harrison said the benediction. Mrs. Archie Jackson presided as president of the election of teacher and officers. Mrs. Hunt was elected teacher; Mrs. McCasland, president and Mrs. LaVern Lusk secretary-treasurer. Mrs. McCasland, the outgoing teacher, was presented a TV lamp from the class by Mrs. Braswell. Others present at the gathering were, Mesdames N. Robinson, Cora Fine, Lena Reid and Lovey Bailey, Mr. and Mrs. Claude Mayfield, Mr. and Mrs. Odas Claxton, Billie McCasland, Barney Gibbs, Wayne Hunt, John Braswell, Archie Jackson, Lynn

Cornelius, Ed Harrison and Monroe Ethridge of Dallas.

Dr. and Mrs. Raymond Tull and daughter Marlyn of Abilene had a picnic supper at Graham Lake Saturday.

Mr. and Mrs. McBuel Gibbs and two sons of Pecos spent Saturday night with his parents Barney and Pearl Gibbs.

Last week Mrs. LaVern Lusk, Shirley and Randell, accompanied by their grandmother, Mrs. J. L. Lusk of Killeen, visited in Houston with Mr. and Mrs. Maurice Rogers and Mr. and Mrs. Walter Springman and Frances. LaVern also visited with an old school pal, Mrs. Elmer McFarland, the former May Barron. At Killeen they visited with Mr. and Mrs. Claude Levy. Shirley remained in Killeen where she is to have employment with a variety store. She will be staying with the Levys. LaVern and Randell returned Sunday.

With the Joe Buchanans for Sunday dinner were son Billy of Tech, Lubbock and the Bud Swans of Abilene.

Mrs. J. C. Hudson and Karen of Lowake visited Sunday with Ramon and Ella Hudson.

Visiting in the Fred Graham home recently were Mr. and Mrs. George Middleton of Abilene and Mrs. Jerusha Cathy and Mrs. Wif Harrington both of Tuscola.

Norma Best assisted with hostess duties Saturday at the opening of her Hilbun Self's filling station (Texaco) 2802 North 1st at Burger, Abilene. Her dad and mom and Wes and Eva and her grandparents Mr. and Mrs. Milard Self accompanied her to Abilene.

Mr. and Mrs. Clarence Shaffer, Darrell and Darlene of Alameda, Calif., have been on their vacation visiting at Moro with his parents Mr. and Mrs. W. S. Shaffer and other kin; at Winters with the Virgil Jameses and at Hattiesburg, Miss., with her parents Mr. and Mrs. O. C. Grissom. Mary Gwenn Grissom, who had spent the summer at Alameda, accompanied them to Hattiesburg.

Special greetings to: Vyrone Wood and C. M. Bishop whose birthdays were the 21st; Jimmy Richards of Abilene was 8 the 22nd; Mrs. Ora Clare Griggs was 56 the same day; Mrs. Winnie McMillon (Jake's Mom) of Lawn had a birthday the 23rd; Jim and Dovie Sneed were married 43 years the 24th; Mrs. Mary Argyle Saunders of Dallas was 82 the 24th. The celebration took place in the home of Mr. and Mrs. Joe Brooks at Dallas. Others helping her celebrate were Mr. and Mrs. Richard E. Saunders and Richlia Kay of Garland. Mr. and Mrs. Muri Saunders, Mr. and Mrs. Harry Rimington and three children, Mr. and Mrs. Eugene Brooks all of Dallas; from here were Mr. and Mrs. Joe Saunders, Jo Olive, LaRoss and Skippy Sheppard.

Joe Murphey of San Antonio had another birthday the 25th. He was treated to a fish dinner at the Clarence Ledbetters. Those in on this were Mrs. Joe, Nora, Clarence, Thelma and Judy Ledbetter.

Brenda Reid was 2 the 26th;

her grandmother Minnie Reid was 51 the 27th and Minnie and Ernest had a wedding anniversary the 28th. Mrs. Boyd Reese of Abilene was 40 the 28th. Mrs. Ennis Bishop had another birthday the 28th.

At the Dallas Graham home Sunday a dinner was given in honor of the following: Dallas, whose birthday was the 12th; Mrs. Oran Bains of Oplin the 22nd; Mrs. Hattie Powell the 25th; Mrs. Dallas Graham the 26th; Mrs. Monroe Bains of Winters the 29th. Mrs. Dallas prepared the dinner which was topped off with a white loaf chiffon cake, pumpkin and lemon pie. Others present for the dinner were, Oran Bains and daughter, Mr. and Mrs. M. E. Bains of Oplin and Monroe Bains. For supper Granny, Graham, Mrs. Beula Van Eiten, John, Lois and Virgil Lee Graham were guests.

The following students who are members on the South Taylor County school annual staff with their sponsor, Mrs. Malcolm Holiday, attended the Newsfoto Year Book Clinic at San Angelo last Saturday: Dorothy Sue Simpson, Jacque Wilkinson, Emma Shaffer, Carmen Hill, Sharon Smith and Minnie Sue McFerrin.

Doyle Buchanan, who was a medical patient at Hendrick was released Tuesday of last week and is back in school in Winters high.

Horace, son of the late Johnny and Mattie Abbott and Pearl, the daughter of the late John Henry and Mary Elizabeth Moody of the Guion community, were married Sept 25, around 6:00 p.m., 1917 at the Methodist parsonage at Ovalo. Rev. R. E. Stutts performed the ceremony. Witnesses were Pearl's sisters, Callie and Zoma and Mrs. Stutts. Pearl wore a royal blue one piece dress trimmed in white crepe-de-chine, white kid gloves, black velvet hat and white kid high top button shoes.

From the parsonage the party was soon on the way to the Moody home where Mom was preparing the big supper. Pearl remembers the baked chicken and dressing (the like none but Mom could prepare), the big white layer cake—she thinks it was coconut—ambrosia and whipped cream. As to what was on the table in Horace's memory, well, he just does not remember. He does remember the long table with Dad Moody presiding at the head; the bride and groom occupied one side of the center with kinsmen and friends taking the other places. Perhaps Dad Moody was making a lovely welcoming address, but the only part of it that Horace seems to remember was: "My first son-in-law."

Others attending this supper were Dad and Mother Abbott and little sister Ara, who is now Mrs. Hodge of Abilene; the bride's brothers then at home: Bill, Clarence and Jess, Mr. and Mrs. Ernie Moody and Lucille, Mr. and Mrs. Oscar Moody and Durward, Rev. and Mrs. Mac Moody Callie, now Mrs. J. C. Stovall of Abilene; Zoma, now Mrs. J. Welch of Potosi; Mattie, now Mrs. Lee Coffman of Abilene; Gladys, now Mrs. G. O. LaGrange of Midland; Rev. and Mrs. Stutts, Eunice Alexander and William Shadix. Following the supper a party was given at the home of the Ernie Moodys where the community was invited.

Last Saturday was another big day for this bride and groom of 38 years; a big dinner, and the cake was a big white 2 tier all trimmed with pink rose buds bearing "Happy Anniversary" in same color, across the top. Helping with this celebration were, Mr. and Mrs. Everett Abbott, Donna, Bob and Bill of Eagle Pass; Captain and Mrs. Arvil Rolfe, Loretta, Mike and Greg of Abilene; Mr. and Mrs. James Abbott, Linda and Susan of Lubbock; Rev. and Mrs. Merriel Abbott and Kenneth of Lone Oak; Mr. and Mrs. Truett Smith, Stephen, Pamela, Phyllis and Mike of Winters; H. O. Jr., a student in Tech, Lubbock and Ilene at home.

Sunday morning Merriel preached at the Drasco Methodist church and had the pleasure of Christening his nephew Greg

## Band Day In Texas At University Set For Sat., Oct. 16

AUSTIN — Every high school band in Texas is invited to visit the University of Texas campus Saturday, Oct. 16, Longhorn Band Director Morton H. Crockett, Jr., announced.

The high school musicians will be University of Texas guests for a Southwest Conference football game Saturday afternoon in Memorial Stadium between the Longhorns and University of Arkansas Razorbacks.

The University of Texas 19th annual Band Day will open with a huge parade of high school bands Saturday morning in downtown Austin. Four trophies will be awarded for outstanding parade performances. The prizes will go to winner and runner-up bands in two classes: those with more than 55 members, and those with 55 or fewer members.

Another trophy will be given the band coming the greatest distance.

A twirlers contest will be held Saturday morning in Gregory Gymnasium.

Winners of all contests will be announced during half time of the football game. Parade winners will be announced during the half time of the football game.

PS—On the back porch of the Abbott home hangs a, not too little, not too big bell which when rung peals out strong, loud and positive notes. The story: At a Christmas tree gathering back in 1916 at the Guion Methodist church, the late Mrs. W. H. Taylor hung this bell on the tree for Horace. Her advice to him was to carry it with him when going to see Pearlie, as there was a dense post oak thicket on the way to her home, and if he should get lost he could ring the bell for a rescue.

## Quarterback Club

Since the Blizzards have an open date this week, the Quarterback Club is going to follow suit, and take Monday night off. The next regular meeting will be at 7:30, Monday October 18th.

The coaches and some of the more interested fans are planning to treat the boys to the Ballinger-Comanche contest Friday night. It will give the boys an idea of what they are in for later in the season.

The Quarterback Club voted to supply another of the boys with some needed medical supplies, and it was reported that another of the players had received his contact lenses. The coach said that Lisso would be out for the remainder of the season with a broken shoulder bone. He also stated that Buchanan and the rest of the squad would probably be ready for Brady a week from Friday.

Herman Baker was appointed to investigate the problem of erecting some "Slow" signs on Main Street in the school vicinity. Pictures of last year's Blizzard-Brady game were shown.

## Christmas Mail For Armed Force Overseas Starts Oct. 15

The period October 15 to Nov. 15 has again been designated for mailing Christmas Parcels for the Armed Forces overseas to insure delivery by Christmas. The importance of mailing Christmas parcels during the designated period cannot be emphasized too strongly—the earlier the better. You can be reasonably assured that parcels mailed through the regular surface mails prior to Nov. 15 will reach their destinations before Christmas. However, no assurance can be given that surface parcels mailed after Nov. 15, or air parcel post mailed after Nov. 25, will be delivered in time for Christmas.

## ATTENDED FUNERAL

Mrs. Maggie Purtle and family attended the funeral of her mother, Mrs. Bennett, at Gorman, Monday. Accompanying them to the funeral were Mrs. W. P. Lloyd, Mrs. George Lloyd, Mrs. F. Puckett, and Mrs. Johnny Woodfin.

## FROM TENNESSEE

Sgt. Marvin Simmons of Nashville, Tenn., who is stationed at Goodfellow Field, San Angelo, visited recently in the home of Mr. and Mrs. Bud Little.

## VISITED RELATIVES

A. C. Little an employee at Goodfellow Field, San Angelo and Mr. and Mrs. Bud Little and Burton spent the past week-end visiting relatives in San Antonio.

**"KING OF THE KHYBER RIFLES"**

"King of the Khyber Rifles," Twentieth Century-Fox's spec- tacular CinemaScope production in color by Technicolor, starring Tyrone Power, Terry Moore and Michael Rennie, will be at the State Theatre beginning Wednes- day. Filmed almost entirely on location at Lone Pine, Calif., where the terrain resembles that of India, the locale of the story that deals with the famous Sep- sopy Mutiny against the British in 1857, the picture is replete with taking action. Henry King directed and Frank P. Rosenberg pro- duced the colorful production, made all the more effective by the new CinemaScope process which gives for greater scope to the intense drama.

**"TALL IN THE SADDLE"**

Romance and adventure vie

with two - fisted action in dis- tinguishing "Tall in the Saddle" as one of John Wyane's better westerns This RKO Radio re- lease comes to the Fiesta Drive In Theatre on Friday, with Ella Raines, Ward Bond, George "Gab- by" Hayes, Audrey Long, Elisa- beth Risdon and Don Douglas topping the surrounding cast.

**"APACHE"**

There's this very peculiar stunt- man who worked in "Apache," new Technicolor film opening on Sunday at the Fiesta Drive-In Theatre, who can jump from a horse at a full gallop, fall with a horse as unconcernedly as getting out of bed in the morning, and, on horseback, jump into a raging torrent from a height of twenty- five or thirty feet.

So what's peculiar about such a stunt man? So nothing, except that this particular stunt man

happens to be a woman! Her name is Janie Stutz, she's pretty, feminine, weighs about 110, and does the damndest stunt-riding you've ever seen in her role as an Indian girl in "Apache." **"DUFFY OF SAN QUENTIN"**  
Louis Hayward is in favor of the return of the flamboyant love scene.

The handsome actor, now start- ing with Joanne Dru, Paul Kelly, and Maureen O'Sullivan in "Duf- fy of San Quentin," which opens Wednesday at the Fiesta Drive- In Theatre, thinks Hollywood has copied too much from the Euro- pean under-paying trend, and that love scenes today are too cold.

"One reason I like doing cos- tume swashbucklers is the fact that the love scenes in them are dashing, gallant, with plenty of flavor and schmaltz," Hayward pointed out. "And such type of romance must be favored by the public, because all swashbucklers seem to make money for the producers."

In "Duffy of San Quentin" Hayward plays a convict, but still manages to get in a few deft jabs of romance with Joane Dru, who portrays the first feminine prison nurse inside San Quentin walls.

Visitors to the capital in Wash- ington may go through the build- ing from 9 a. m. until 4:30 p. m.

The U. S. owns almost 50 per cent of the world's wealth.

## Lone Star Agriculture

### FARM FIRE PREVENTION

Fire is still one of the most costly drains on a farmer's income.

Last year, fires cost the American farmer an estimated \$139 million in property loss alone. And more than 3,000 farm people died as a result.

The week of Oct. 3-9 is designated as National Fire Prevention Week. The Texas farmer owes it to himself and his family to safeguard farm life and property.

The minimum of fire-fighting equipment on a farm should include: An adequate supply of water available in any season of the year; approved fire extinguishers conveniently placed near all hazardous locations such as the barn, machine shed and gas and kerosene storage tanks, and a garden hose or filled water barrels and buckets strategically located.

Also needed are safe ladders long enough to rescue persons from the highest farm roof top, a back-pack pump, fire swatter, wet brooms or wet burlap bags to fight field fires.

Does all this sound overly cautious? It shouldn't! Below are nine major "hot spots" or main causes of farm fires. And every Texas farm endangered by at least one, and probably more, of them.

Lightning rod system should be checked for rods or wires that are damaged or worn. Be sure ground connections are secure.

Chimneys that are defective should be replaced and heating apparatus properly installed and insulated. Keep chimneys and stoves clean.

Combustible roofs should be protected with spark arresters on chimneys. When re-roofing, fire resistant material is preferred.

Defective heating apparatus should be overhauled, cleaned and repaired.

cause major fires. Cultivate careful smoking habits and keep matches in metal containers away from children.

Flammable liquids should never be stored in the house. Do not use kerosene, gasoline or any flammable liquid to start or boost fires in stoves, ranges or fireplaces.

Spontaneous ignition often occurs in barns stored with wet hay. Rubbish should be removed from house and barns regularly and never let oily rags accumulate.

Electrical defects should be repaired. Replace or repair defective electrical appliances and use proper fuses for your electrical circuits.

### Conservation Practice For Runnels County Reported In Sept.

Runnels Soil Conservation District cooperators who applied or reported their first conservation practice for 1954 during September are: Dan Woodruff and Ralph Russell, Valley View; Robert Latzel, Rowena; Boyd McClure, Benoit; Bruce Howell, Hatchell and I. D. Little southeast Ballinger.

Cooperators constructed 193 miles of terraces. These were Mrs. Minnie Mitchell, Drisco; J. S. Miller, S. C. Routh of Ballinger; Sory Alexander, Walter Gerhart, Crews; Bruce Howell, Hatchell and Robert Datzel, Rowena.

Three cooperators constructed 6,432 feet of diversion terraces. They were: Sory Alexander and Arch Brookshier. Mr. Alexander also built approximately two acres of waterways to carry outside water through his field to the natural drain. Ponds for livestock water were built by Boyd McClure and I. D. Little. Dan Woodruff and Ralph Russell reported a total of 134 acres of stubble mulching.

A total of 87 acres of cover crops were reported by Alva Berry, Crews, Duncan Hensley, Wingate, and Clyde Flannagan, Ballinger. This guar, the deep-rooted, drought resistant summer legume.

Soil Conservation technicians point out that now is a good time to be thinking and preparing for the reseeding of grass in old fields. If grass is to be seeded in fields that grew small grains, sudan or sorghum this year it is best to leave this stubble standing and the field unplowed until ready to plant grass next spring.

Grass should be seeded in old stubble on a firm seed bed with a grain drill or grass seed drill. Don't plant over 1/2 in. deep. It is a successful practice in Runnels Soil Conservation District to pull a pitting plow over the land before the grass seeding drill. This can be done in one operation. It is a good idea to pit the land this fall and again before planting next spring. This stores more moisture.

After the grass comes up it is necessary to control weeds by spraying, mowing and cultivation or by careful and timely grazing with sheep. Concentrate the sheep for only a few hours. Grazing of young perennial grass plants should be delayed until they are well established, usually the second year.

### Encephalitis In Rio Grande Valley Being Studied For Cause

AUSTIN — The epidemic of encephalitis which struck some 400 persons in the Rio Grande Valley during August and September has been declared at an end, but exhaustive studies by state and federal laboratory experts still have failed to show the specific agent which caused it.

"We are still conducting tests here and at the U. S. Public Health Service Laboratory in Montgomery, Ala.," State Health Officer Henry A. Holle said.

"But the possibility persists that this is something new or at least highly unusual."

Dr. J. V. Irons, director of the State Health Department's laboratory activities, said the epidemic "may have been due to an entirely new type of virus or to a known virus appearing in epidemic form for the first time in this country."

The epidemic began in August in Hidalgo County. Two deaths were definitely attributed to the disease, and three others "probably" were.

When it first took shape, county state and federal public health officials took immediate steps to curb it. Insect control experts reduced mosquito populations to practically zero.

But investigators were confronted with many confusing fac-

tors. For example: Most known types of primary encephalitis are transmitted by mosquitos. But Hidalgo county's mosquito population were below normal due to intensive spraying operations after heavy rains last April.

The reservoir of the three most common types of encephalitis in the United States is in wild birds, and the hosts of these same types are man and horses. Thus, if a mosquito feeds on an infected wild bird, and later feeds on a horse or human, the infection is passed on.

But Valley veterinarians say they haven't seen any horse involvement which ordinarily could be concurrent with the human epidemic.

The distinction between non-paralytic polio and mild encephalitis is a difficult one to make, which adds to the uncertainty. Dr. Irons said laboratory attempts to identify the causative agent would be continued indefinitely.

### FROM ODESSA

Mr. and Mrs. Jack Underwood and children of Odessa spent Friday night and Saturday in the home of his sister, Mrs. C. E. Sullivan and family. The attended the football game Friday night between Rotan and the Blizzards. They are former residents of Winters.

In the year 2000, Easter Sunday will be on April 23.

### Funeral Services For M. E. Seymour Held Sunday

Funeral services for Mrs. Martha Emma Seymour were held Sunday afternoon at Spill Funeral Chapel with E. B. McCown of Abilene officiating. Interment was in the Wingate Cemetery.

Pallbearers were Dr. J. C. Shipman of Abilene; Dr. Richard Shipman of Sweetwater, Judson Watson, A. N. McIntyre of Abilene, Glendal Shedd and Herschel McIntyre.

Mrs. Seymour died Saturday afternoon in the Winters Municipal Hospital where she had been a patient the past several days. She had reached the age of 91 years, seven months and 10 days. She was born at Valley Mills,

THE 1954 OLD STOVE ROUND-UP SALE is on! It's the only Nationwide Sale of a major home appliance. This year's Round-Up Sale is the most exciting ever because all leading dealers are premiering the '55 Automatic Plus Gas Ranges.

This very minute at the Premiere Showing a '55 Automatic Plus Gas Range is ready to make your cooking automatic... cleaner... cooler... faster and more economical. Its smart, smooth-flowing lines and scintillating chrome will give your kitchen a sparkling new look.

It's time to modernize... time to save. Take advantage of the special values and terms. Attend the Premiere Showing of '55 Automatic Plus Gas Ranges at 1954 Old Stove Round-Up Sale today.

It's Automatic Plus Lift the smooth center work top and you've a built-in griddle. Lift the griddle... you've a 12-inch extra high-speed burner. This vanishing griddle top is three times as useful — it's Automatic Plus.

It's Automatic Plus Smaller outside... bigger inside. New 30-inch width model gives you more baking capacity than standard 36-inch model. Of course, the oven turns on... cooks... turns off by clock control.

It's Automatic Plus Gas cooking top, oven and broiler build into your cabinets wherever you wish. Only gas gives you a separate smokeless broiler beneath the fully automatic, clock-controlled oven.

MODERN LIVING is making the kitchen the center of family life. This calls for a '55 Automatic Plus Gas Range in decorator's colors to keynote or complement your color scheme. Choose pastel green, pastel yellow, brilliant red or antique copper to make your modern gas kitchen pretty as a picture.

NEW TOP BURNER TIMER times coffee, eggs, and vegetables from one to 60 minutes, then turns burner off automatically. Top Burner Timer is more useful than the automatic gas oven clock control because four out of five dishes are cooked on top burners. No over-cooking or scorching. Set it and forget it!

modern gas cooking is Automatic Plus

- cool
- fast
- clean
- safe
- flexible
- dependable
- economical — cooks for 1/4 cost of any other automatic fuel

In '54, more people than ever before are cooking with gas!

# Roger Babson's Column

## BABSON SAYS WE CAN HAVE BOTH PEACE AND PROSPERITY

What we need more than anything in this country if we want both peace and prosperity is a better recognition of the law of supply and demand.

### A LESSON FROM 1953

Many people have indicated to me in recent months a kind of fatalism about our economic outlook. They seem to feel that prosperity can be maintained only in a war economy. Perhaps this is because it has been so many years since we have prospered without a war. A lesson that we will learn from the recession which started in the summer of 1953 is that we can have both peace and prosperity if we will adjust ourselves to the law of supply and demand.

But a lot of research must be done on consumer attitudes, on finding out what makes people buy, on how to create wants and needs, and how to develop appreciably more effective selling. This especially applies to all merchants. These are the ones who determine employment and business. I wish I had a five-dollar bill for every person I have recently heard say that he would buy a new car if only someone would really try to sell him one.

### LESSONS FROM 1929

#### AND WORLD WAR II

During the peace years from 1929 through 1940, we lost in national output of both goods and services better than \$600 billions when measured by 1953 prices. This was about twice what World War II cost us! Our real trouble during those unhappy years was that the buying power of our people failed to keep pace with our productive know-how. For the law of supply and demand to work freely in peacetime, the benefits of new inventions and new methods must be passed along to the worker to the consumer in the form of an increased higher wages and lower prices, so that the public will be able to buy the products of our increased capacity. This requires spending more money on advertising.

Out of our experiences in two

world wars we have learned that the law of supply and demand, although suspended during wartime, must never be forgotten. We have learned that only by curtailing civilian demand can we meet military needs effectively, and save as many lives as possible. The trouble comes, however, when we try to return to a peacetime economy without stimulating civilian demand.

### YOUR PART IN PROSPERITY

Everybody knows that when the demand for anything becomes great, prices go up until production catches up. Remember what electric refrigerators, radios, and TV sets first cost. Look at the current asking price of color TV! When a smart businessman sees his colleagues making money by the fistful, he gets into the act too. Then as more goods are produced and more is spent on advertising, prices start to fall, people go out and buy, and more are employed.

Instead of letting business take this course after World War II, government subsidy and regulation tried to keep business good by holding prices high in the face of declining demand. Pretty soon inflation ballooned our whole price structure. The subsequent recession was in part a process of readjustment to this mistaken attention to keep prices high.

### WORK FOR THE CONSUMER

Whether or not we will have another crash depends on the kind of producers and merchants who make up our economy. The way of economic salvation is to work harder, produce better products at lower cost, and then sell harder than ever before. New markets for new products must be developed. When a market is lost the sales organization had better find another market rather than appeal to the government.

I forecast that research must be encouraged to keep a concern or a city in a competitively strong position—product research, research, and consumer research. Salaries must keep pace with the times. The law of supply and demand will require flexibility and adaptability by all of us. But, if we want both peace and prosperity, we will learn how to live under a free working law of supply and demand. This

### VISITED SISTER

Mrs. John B. Wilson accompanied Mr. and Mrs. Raymon Lloyd to San Angelo Friday to visit her sister, Mrs. W. D. Rogers, who is critically ill. Mrs. Rogers is a former resident of Wingate.

### Grandson Of John B. Wilsons Killed Last Week In Idaho

Mr. and Mrs. John B. Wilson received word last week that their grandson, Jimmy Myers, 18, of Mena, Ark., was killed in a car accident near Boise, Idaho. He is also the nephew of Mrs. Raymon Lloyd.

The boy was in the car alone when the accident happened. He had gone to visit some friends in Idaho and was found dead at the bottom of a five hundred foot cliff. His parents are Mr. and Mrs. Floyd Myers of Mena, Ark.

## We're out to break a record in October!

*The Luxurious ROADMASTER Riviera, custom built by Buick, sells for the lowest price-per-pound in the fine-car field.*

**THERE'S a mighty good chance that October 1954 will be the biggest October in Buick history.**

In fact, we know it will—if we can keep Buick sales rolling as they've been rolling thus far this year.

This is the car that has romped ahead of competition—climbed up into the circle of America's three top sales leaders.

It's the car that has been winning customers because it has the power, the ride, the room, and the styling that make it the buy of the year.

So we're in the mood to talk turkey, if you are in the market. Come in today for a car—and a deal—too good to miss.

**THIS IS THE 3-WAY BONUS WE OFFER IN BUICK TODAY**

- 1. Tomorrow's Styling**  
True year-ahead beauty with long, low glamor lines, keynoted by that spectacular new panoramic windshield that most other cars won't have till 1955 or later.
- 2. Higher Resale Value in the years to come**  
From the far-in-advance styling that will keep your Buick new and modern-looking well into the future, as other cars catch up.
- 3. Bigger Allowance from our volume business**  
For the huge sales success that has moved Buick into the circle of the "Big 3" means we can offer you a higher trade-in on your present car. Come in and see for yourself that we can make you a better deal.

*Now's the time to make your buy because—*

ance. The expanded quarters embrace 4,700 square feet, 700 square feet of this space is absorbed by the directors room and snack bar which may be reached by an easy stairway. Immediately below this area is the drive-in window and the ladies lounge.

Fixtures and equipment are modern and new, all of which will greatly assist in providing a complete banking service, assuring present customers and those who come after them a pleasing and comfortable place in which to transact their business. In the basement there is a storage vault for records and the heating plant. This new arrangement includes four large vaults all protected by doors, the security of which would not be easy to violate by the most experienced yeggman.

In addition to the regular night depository there has been provided an after hour depository located to the left of the entrance. Here, customers desiring to make a deposit after banking hours can endorse their checks, complete their deposit slips, place in an envelope and drop it into a slot which leads to a burglar-proof safe in the banking room.

In speaking of the new banking facilities, John Q. McAdams, president, stated: "this institution has been built on faith and the constant realization of our responsibilities to serve Winters and Runnels County as a good bank should, keeping in mind all the while that safety and responsibility is paramount to the good name of any financial institution. This bank is grateful for the good reputation it bears in Runnels County, in Texas and throughout the county. We are hopeful that we may be worthy of the confidence and good will of all customers and friends."

### VISITED AT DUBLIN

Mr. and Mrs. Awalt Crockett spent the week-end in Dublin with Mr. and Mrs. Hershel Fuller and son.

### Blizzards Rolled Over Yellowhammers 19-14 Friday Night

With five players benched and two more disabled, the Winters Blizzard presented a sophomore back, who scored two touchdowns, to the fans as they rolled over the Rotan Yellowhammers 19-14 Friday night in a game that was not nearly as close as the score sounded. The 140 pound sophomore is Donald Casey, who is following in the footsteps of his brother David, a former Blizzard star. Winters fans will remember David; he was the one bright spot in that blackest of years for the Blizzards—1949.

The Blizzards kicked-off to the Hammers who returned the ball to the Rotan 20. On the next two plays the Woodpeckers fumbled but recovered both times losing, 19 yards in the process, to put the ball on the Rotan one. A quick kick by George Bridges placed the ball on the Yellowhammer thirteen, where Winters took over. On the next play Casey ran around right end to score, and Doyle Buchanan kicked goal.

Later in the quarter Rotan kicked to the Winters 36. A fifteen yard penalty for roughing the passer was assessed against Rotan, putting the ball on the Rotan 49. Then big Wayne Roberts smashed through the line and raced to pay dirt. James Rattliff blocked Doyle Buchanan's kick.

In the second quarter Winters made what looked for a while like a formidable scoring drive, but it fizzled. A Rotan kick went out of bounds on the Winters seven. Dwayne Williams picked up sixteen yards and a first down on the 23. John Craig then made the 27. On the next play quarterback Weldon Minzenmayer ran 39 yards to the Rotan 37. Craig carried to the 35 and Williams to the 31. Minzenmayer, attempting to pass, was thrown back to the Hammer 46, and Winters was forced to kick.

The half ended with Winters leading 13-0.

Late in the third quarter Williams kicked to the Rotan 40, and George Bridges returned the ball to the 47. Wesley Minton picked up six to the Blizzard 47. Bridges then carried to the 32 on a statue of liberty play. Jimmy Waddell made one to the 31, but Neal Funk failed to gain and Bridges lost two. It looked as though the drive had fizzled. However Bridges gambled on a fourth down pass to Jim Ashley, who carried to pay dirt. Ashley kicked goal.

Early in the fourth quarter Rotan moved to the Winters forty. On the fourth down, still from the forty, Rotan again gambled this time on another statue of liberty play. It gained ten yards but was inches short of a first down, and the ball went over to the Blizzards. On the next play Casey shook loose for the longest and prettiest run of the evening. He slid off tackle, doing a beautiful job of broken field running as he raced to pay dirt.

With about two minutes to play, Edward Hammond blocked a Williams punt on the 35. Williams recovered on his own 20, but it was Rotan's ball on downs! Minton picked up three yards, and Funk failed to gain. Funk then passed to Minton on a play which carried to the ten and first down yardage. Minton gained one to the nine and Funk raced to the three, from where Minton scored. Ashley kicked goal.

The whole Winters team was outstanding on defense even without the services of the five men.

JAMES R. PAYNE . . . Cashier

### James R. Payne Received Promotion To Cashier A Short Time After Joining Personnel of The Winters State Bank

Coming to Winters in 1949 from Lamesa, James R. Payne assumed the duties of assistant cashier of the Winters State Bank and has gained the respect and admiration of those with whom he has had the privilege to serve. Payne was named cashier when changes were made by the board of directors at the October meeting in 1952, resulting in the promotion of Gattis Neely to acting vice-president and the elevation of Payne to succeed him as cashier.

He is a graduate of the Divide School and received his Bachelor of Science degree from Texas Tech at Lubbock in 1938. Following graduation from college he was employed for a short time as bookkeeper and cotton buyer for a gin company in Stanton. He accepted a position with the Department of Agriculture as rural supervisor of Farm Security loans in the South Plains.

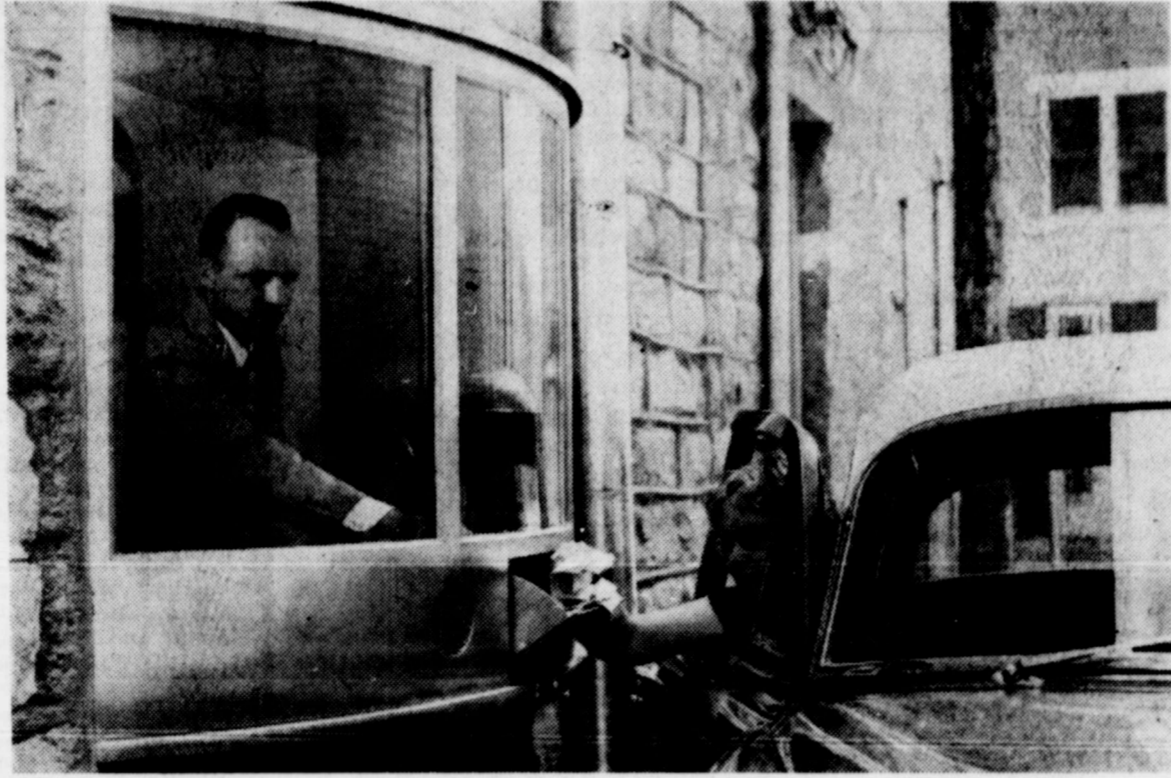

In 1942 he entered the Army Air Corps, serving as a staff sergeant. While in the States he taught instrument flying and later in the Pacific Theatre he was connected with intelligence and security operations. After receiving his discharge in February 1946, he became associated with the Sweetwater Production Credit Association in charge of loans for Borden, Dawson, Gaines, Andrews and Yoakum counties.

At present, Mr. Payne is serving as secretary-treasurer of the Winters Annual Roundup, Inc.; secretary-treasurer of the Winters Livestock Show and Agriculture Association; auditor for Boy Scouts; director and secretary-treasurer of the Salvation Army and chairman of the American Red Cross. He is a member of the Baptist Church, the Winters Sportsman Club and the Quarterback Club, and is a former director of the Winters Chamber of Commerce.

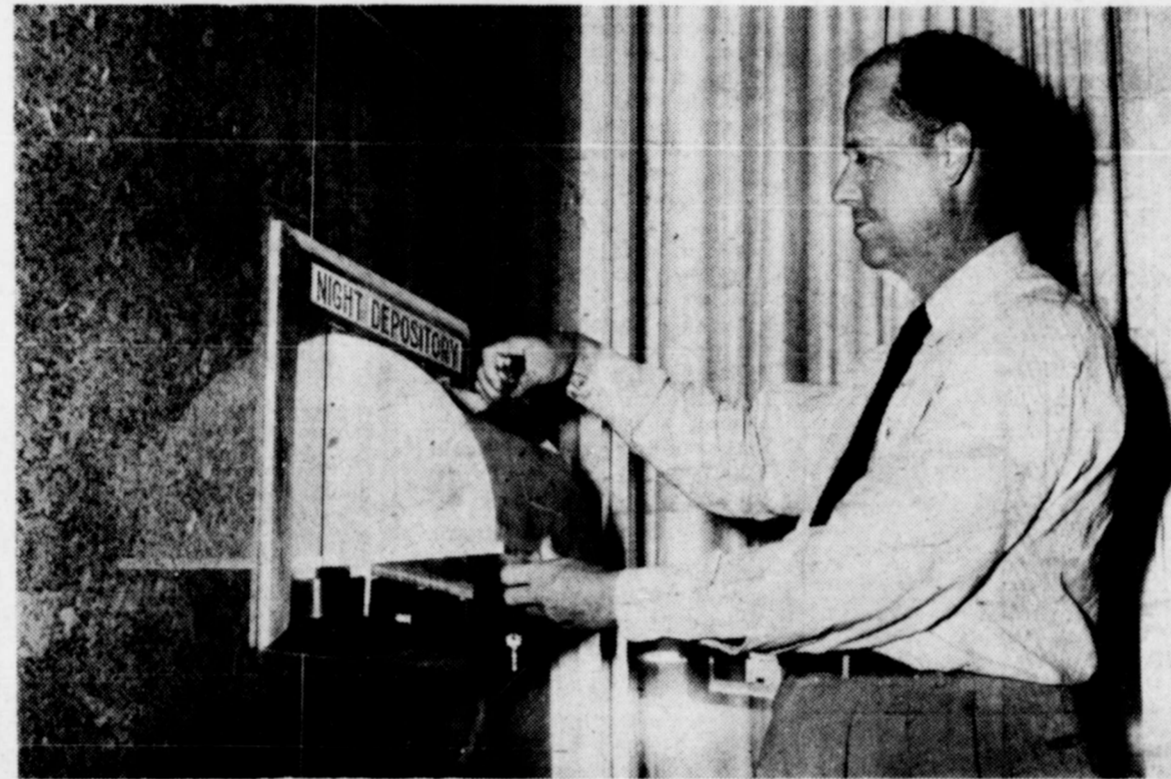

He and Mrs. Payne, the former Ollie L. Huff, of Merkel, are the parents of a daughter, Phala Sue.

On July 18, 1938, Douglas Corrigan landed in Dublin on his "wrong way" flight.

GATTIS NEELY . . . Vice-President

### Gattis Neely, Active Vice-President, Advanced Steadily In Banking Career; Is Active In Church And Civic Affairs

Gattis Neely, active vice-president of the Winters State Bank, has been connected with the institution since 1927. He was reared in Winters, the son of J. S. Neely and is a graduate of the Winters High School.

He attended McMurry College in Abilene from 1924 to 1926, and during his early years with the bank was employed in part-time capacity and also was engaged in farming with his father. Since 1933 he has been a full-time employee at the bank and has advanced steadily until he was named cashier to succeed Ronald Duncan, who moved to Lubbock in 1949. He has served as one of the directors of the bank since 1949.

Neely was promoted to active vice-president at the October meeting of the board of directors in 1952, a position he has filled most efficiently. Presently he is serving as a director of the West Texas Association of Bank Auditors and Comptrollers.

A member of the official board of the First Methodist Church, he also teaches the Men's Bible Class and is active in district church affairs. He is one of the directors of the Winters Livestock Show and Agriculture Association and for a number of years he served as secretary of the Winters Country Club.

Active in Boy Scout work Neely served three years as Finance Chairman of Coleman-Runnels Area of the Chisholm Trail Council, and has taken an active part in numerous civic projects and other worthwhile drives.

He and Mrs. Neely, the former Marie Jones also of Winters, were married in 1935.

#### CARD OF THANKS

My wife joins me in saying thanks to our many, many friends here for your expressions of kindness during my illness and stay in the Big Spring Hospital. # A Cordial Invitation . . .

## From All of Us to All of You!

**REMEMBER THE DAY AND DATE  
SATURDAY, OCTOBER 9, 1954**

It is on that day we will celebrate the opening of our new and greatly improved banking quarters. We shall be pleased to have you as our guest to take part in the celebration. An opportunity will also be afforded for you to see the many things we have done to make this a more convenient and more pleasant place to transact business—a better bank for the community -- and a better bank for you.

In 1906 this bank first opened its doors for business. Since that time the community has developed tremendously and

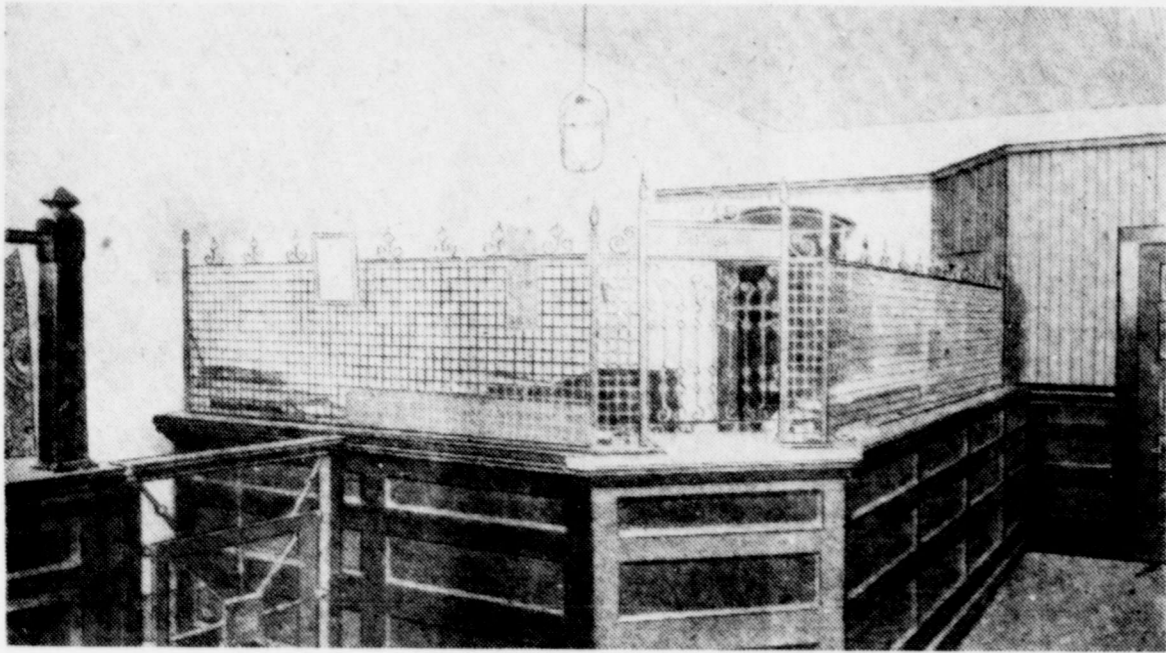

here we have kept pace with that growth. Services and equipment have been gradually improved, always with specific aims in mind to make this a better place to bank, in keeping with the changing times and the needs of our depositors. Sound constructive policies and friendly helpful service have ever been cherished objectives. The interests and welfare of depositors have always been among our first considerations.

A most cordial invitation is extended to you and your friends to come in to help us celebrate the arrival at another milestone in our progress, for the event means much to the community, and your presence here will mean much to us. Everyone is invited and everyone will be welcome. Remember the day and date. Be sure to come.

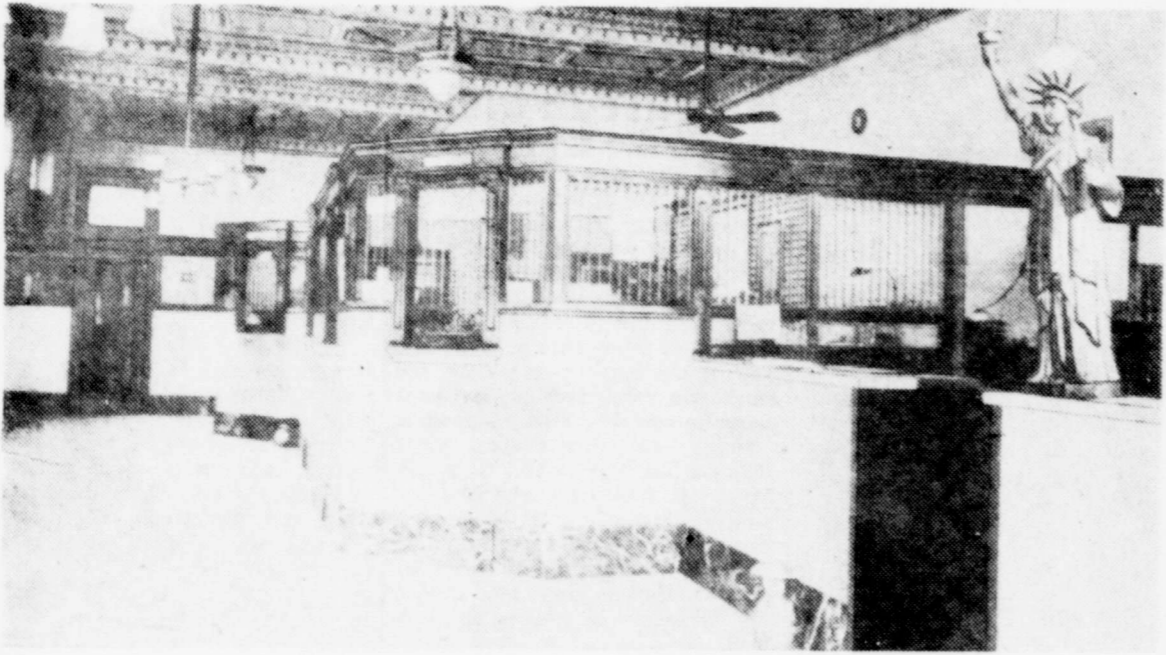

# THE WINTERS STATE BANK

# Winters State First Runnels Bank With Million On Deposit

INTERIOR THE WINTERS STATE BANK 1906 TO 1909

INTERIOR THE WINTERS STATE BANK 1909 TO 1923

INTERIOR THE WINTERS STATE BANK 1924 TO 1954

In recent years, being first in its field has become common-place for The Winters State Bank. They were among the first to install all modern machines to facilitate bookkeeping, first to install the Recordak machine which makes a photostatic copy of each depositor's check; first to be fully air-conditioned; and now they boast the most modern banking quarters in this whole area... with night depository and drive-in window, in addition to every safeguard and convenience.

But back in 1923 leadership was nothing new to this forty-eight-year-old institution. It was the first bank in Runnels county to reach a million dollars on deposit.

In searching through our files and old newspaper clippings we found one which was sent to the Dallas Morning News by their Ballinger correspondent on Oct. 12, 1923:

### WINTERS BANK DEPOSITS EXCEEDING \$1,000,000.

Special To The News.  
BALLINGER, Texas, Oct. 12.—The Winters State Bank at Winters, in the northern part of this county, is the first bank in the history of the county to exceed \$1,000,000 in deposits. The Winters bank passed the \$1,000,000 mark this week. The bank has a capital stock of only \$50,000.

The heavy deposit is due to the big cotton crop and the good price at which cotton has been selling this fall. Winters' gins have turned out more than 10,000 bales of cotton and are still running on full time. It is now estimated that Runnels County will gin around 40,000 bales, which, at prevailing prices, equal 4,000,000. All the banks in the county show heavy deposits.

Checking over copies of old financial statements recall many interesting facts about the bank and its growth as well as that of Winters.

Deposits in 1909, the first available statement of condition, were \$161,005.15 and a footnote at the bottom of the statement made the remark that on the same date in 1908 deposits were only \$58,477.92 an increase of \$102,527.22.

A 1911 statement carried the line: "46% in cash, only 25% required."

March 1918: "Let's all pull together, save and serve our Uncle Sam to the fullest. He deserves it and we owe this obligation."

Dec. 31, 1919: Deposits neared a million for the first time, when cotton was bringing 40c and Winters made a bumper crop.

March 1945: Let's show our fighting men that we are with them, all the way! Not just with what we say, but with what we do. Let's be patriotic with our hearts as well as with our lips. Let's buy War Savings Bonds, pay our taxes, pitch in at home whenever opportunity to do so arises. That's the spirit that will win the war.

### Ft. Worth Will Host Baptist Convention During October

Fort Worth, which numbers 80,000 Baptists among its 278,000 residents, will be the host city for three annual Baptist state conventions in October.

The sixty-ninth annual session of the Baptist General Convention of Texas will begin on Tuesday evening, Oct. 19, with Dr. James N. Morgan, pastor of the North Fort Worth Baptist Church presiding as convention president. Sessions of the three-day convention will be held in Will Rogers Coliseum.

Preceding the general convention, the Woman's Missionary Union will have its annual convention on Monday and Tuesday, October 18-19, in the Will Rogers Auditorium.

Simultaneously with the WMU convention, the annual Baptist Brotherhood convention will be in session in the Will Rogers Col-

iseum.

Speakers for the general convention include Dr. Carl E. Bates, pastor, First Baptist Church, Amarillo, who will preach the annual convention sermon on Tuesday evening; Dr. J. D. Grey, pastor of the First Baptist Church of New Orleans and former Southern Baptist Convention president, who will bring the closing message Thursday evening, and Dr. Forrest C. Feezor, executive secretary of the BGCT, Dallas, who will speak Wednesday evening.

"Christ the Savior of the World" is the convention theme, and emphases during the sessions will include Texas Baptist schools, hospitals, and children's homes, and state missions and foreign missions.

An invocation in this year's convention will be twice-daily sessions instead of the usual three session days. The morning meeting will open at 9 o'clock and close at 1 p. m. Night sessions will get underway at 6:45.

Dr. Baker James Cauthen,

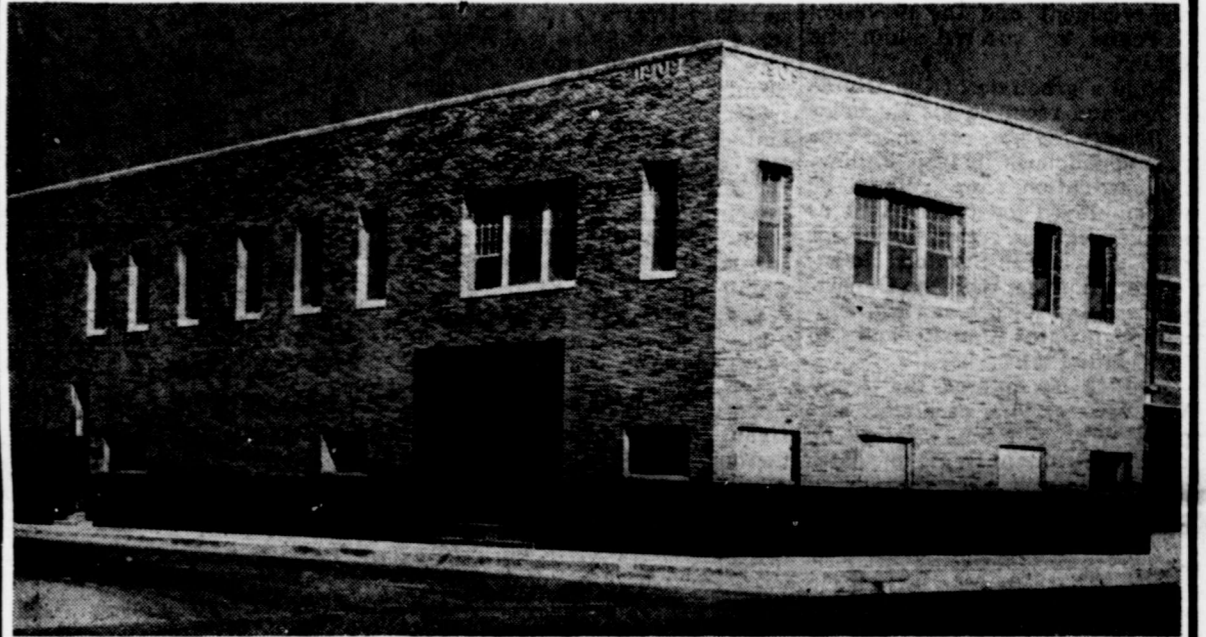

Richmond, Va., executive secretary of the Southern Baptist Foreign Mission Board will headline the Monday evening session of the WMU convention. Other speakers during the meeting will include Mrs. Edgar Bates, president of the North American Baptist Women's Union and dean of women at McMaster University in Ontario, Canada; and Miss Virginia Wingo, Southern Baptist missionary to Italy.

Mrs. R. L. Mathis of Waco is president of the convention and Miss Eula Mae Henderson of Dallas is executive secretary for Texas Baptist WMU. The convention will open at 10:30 a. m. Monday with a devotional by Mrs. Howard E. Butt, Jr., of Corpus Christi. She will speak on the convention theme, "I Love to Tell the Story."

# Winters State Paid Over \$300,000 For Assets of 1st National

Growth and expansion of the Winters State Bank which began from the time of organization in 1906, is due largely to the vision and management of its efficient officers and directors. Winters had no bank in the beginning and for a period of three or four years, prior to 1905, the Citizens National Bank of Ballinger maintained a branch office here where banking interests were cared for by Frank Pierce. This branch closed in 1905.

It was in 1906 that John Q. McAdams, realizing the growing need of a bank in Winters, organized the Winters State Bank. The building now occupied by the Thelma & Vernie Gift Shop on South Main Street, was constructed as the home of the newly organized bank. Three years later, in 1909, the present building on the corner of Main street and West Dale avenue was built as the permanent quarters for the bank.

Another bank was organized in Winters shortly after 1906 which was known as the Farmers and Merchants Bank and was located in the building now occupied by

the Smith Drug Company. This institution after changing management a number of times was taken over by the State Banking Department after which the assets were purchased by the Winters State Bank and the depositors paid by that institution. Within a year or two following this liquidation Mr. Henry James of Abilene organized what was known as the Winters Banking Company, which later became a national bank taking the name of the First National Bank of Winters. This institution served the banking public of the area for a number of years.

The Winters State Bank purchased the assets of the First National Bank in November 1937 in what was believed to be the largest financial deal in the history of trade area. They acquired the assets by purchase which totaled \$324,675.50, the deal being made by Henry James, president; I. N. Wilkinson, vice-president; Jack Wilkinson, Lyle Deffebach and Dr. J. W. Dixon, principal stockholders of the First National Bank, Mrs. Albert Spill and Mrs.

D. M. Hillyard. Acting for the Winters State Bank in the consumation of the deal were its officers, Jno. Q. McAdams, president; Dr. C. T. Rives, vice-president; Carl Henslee, cashier; Ronald Duncan, assistant cashier; and its directors, Jno. Q. McAdams, Dr. C. T. Rives, Wm. Stevens, Albert Afillerbach and Carl Henslee.

In a letter sent to depositors of the First National Bank they were notified that moneys on deposit at the First National had been transferred to the Winters State Bank and was subject to check, as usual. Continuing, it was stated in the letter:

"We want to assure you that we have appreciated very much the good business you have given us, and we have done our best to give you every accommodation consistent with sound banking principles. We hope you will continue to be a valuable customer of the Winters State Bank.

"Our Mr. Lyle Deffebach will be connected with the bank and will be glad to serve you. We feel that the management of the bank will continue to render you the same safe and efficient service that we have endeavored to render."

**BANKING HISTORY**  
The F&M State Bank was organized in 1909, with W. E. Norton as managing head. A few years later the F&M was sold to F. Merrick and associates, the F&M finally being taken over by the Winters State Bank, in August 1913.

The following year, 1914, the Winters Banking Co. was organized with the late D. M. Hillyard as managing head, and out of this company grew the First National Bank, which was issued its charter in March, 1915, Hillyard remaining as its head.

At the death of Mr. Hillyard in 1921, Bert E. Low became head of the First National until in June 1927, when I. N. Wilkinson became active vice-president, moving here from Ovalo, where he had been cashier of the First State Bank of Ovalo, at which place he started in the banking business in 1923.

Mr. Wilkinson, who had been in the banking business practically all of his business life, is a business leader of the community, having served as president of the local chamber of commerce in

1930 and a director in the Board of Community Development. During his banking career at Ovalo, his bank was destroyed by fire in 1925 and in 1927 the bank was robbed by Togo and Aubrey Ray, both of whom were later sent to the penitentiary for the crime.

The First National, under the management of Mr. Wilkinson, was one of the strongest banks in this section and weathered the recent depression without difficulty, however, he wanted to dispose of the bank in order that he might devote his entire time to his personal interest in Midland and Taylor counties.

**WINTERS STATE BEGAN IN '06**  
The Winters State Bank was organized in 1906 by Jno. Q. McAdams with a capital stock of \$15,000, and has been under the same management since its organization. It has shown progress each year since its organization and today its recognized throughout Texas and the nation for its strength and conservative banking policies.

In speaking of the acquisition of the First National Bank, John Q. McAdams, president and managing head of the Winters State, said:

"This bank will continue to provide Federal Deposit Insurance Corporation security for deposits the same as has been provided by the two banks of the town. The consolidated figures show no change in the capital structure or undivided profits of this bank. We have paid the stockholders of the First National Bank in cash for their holdings. The aggregate of the deposits in this bank at the opening of business November the 12th will be in excess of \$1,000,000.00 against which we have over \$950,000.00 available cash. Those who are interested in the two banks believe that the interests of the depositors, stockholders and general public may best be served through the merging of the assets of the two banks and we want to assure you now of our sincere efforts in behalf of the patrons of the First National Bank. It shall be our constant aim to serve you as a conservative financial institution should, and we will try to live up to the high standards of conduct which you have learned to expect from the management of the First National Bank. It is our intention to serve you well and satisfac-

## Bradshaw Bank Consolidated With Winters State During War

Consolidation of the Bank of Bradshaw with the Winters State Bank was consummated in December 1942. Liquidation of the bank, which was one of the oldest institutions in South Taylor County, was attributed to conditions growing out of the war.

Established in 1910 by the late B. T. Bomer of Fort Worth, and others, the Bradshaw Bank was owned and operated by Ocie Hunt and associates.

In giving written notice of the consolidation to depositors, Mr. Hunt, in part, said: "Feeling that it would be more convenient for a large majority of our customers, we have arranged to transfer your bank balances to the Winters State Bank at Winters."

One of the oldest State Banks in Texas, the Winters institution was established by John Q. McAdams, who was at that time State Banking Commissioner. At that time Dr. J. W. Dixon was president and W. S. Horn, now of Crowley, was the vice-presi-

dent. Deposits of the Bradshaw bank totaling approximately \$115,000, brought the total deposits of the Winters State Bank up to more than \$1,900,000 at the end of the year 1942.

# Daily Newspaper Columnist Pays Tribute To Winters Banker

**(EDITOR'S NOTE—** Below we are reprinting an item written by Austin Callan, noted columnist, which appeared in the Nov. 26, 1946 issue of the San Angelo Standard and other daily papers at that time. Mr. Callan so vividly described the Winters banker that we believe our readers will enjoy the story as told about a citizen who has done much for the growth and development of Winters and surrounding territory.

**By AUSTIN CALLAN**  
This section of West Texas, adjacent to the Conchos and the Colorado, has developed leadership in many lines. There have been lawyers of distinction, cattle kings known all over the Southwest, and gifted painters to portray on canvas some of the

beauty of the hills and soft green valleys that win our hearts. It has had men of genius to sing of its open glades "where the deer and the antelope play."

**FAMOUS BANKERS**  
It has had bankers famous all over the nation, including Melvin Traylor, whose untimely death ended a career as spectacular as a night of shooting stars. There are bankers of distinction now and one who came out of an humble Texas farm home in boyhood to guide the destinies of a financial institution, is John Q. McAdams of Winters. He started at the bottom, as an inexperienced country boy, with little cash but a laudable ambition, and became a force of progress and security in his community. On a recent occasion he was in New York advising with some of the principal bankers of the nation.

John McAdams has sometimes been called ultra-conservative. But he has only been careful, sound, far-seeing and persevering in his efforts to serve the home people and protect his depositors. He has stood at the helm, a pilot of faith through severe depression storms, directing his boat always into a safe harbor. He has had the full confidence of all the citizenry all the time, and has merited the commendation: "Well done thou good and faithful servant."

There is the belief among uninformed people that it is only in the atmosphere of skyscrapers and the counting room of the big money lords that one may be a successful leader. But genius, like a flower, springs up in the quietest valley. It is not confined to any favored center or particular individual, but comes out of the cabin as well as the mansion. It is born within like a prayer.

**KEEN VISION**  
John McAdams, as a boy, had keen vision and saw the possibilities of West Texas. He planned his own life like every independent American should and with supreme courage and intellectual application of his talent he has conquered difficulties and won his way to the delectable heights. A stalwart in the little town

where he lives, he could be a stalwart in a greater field. But he loves every fragrant bloom and blade of grass that quivers in the Western winds. He wouldn't part with his old home friends for a cushioned seat among the monied mighty on the golden shores of ice-bound Wall street.

**RECEIVED DISCHARGE**

Edward Bredemeyer has received his discharge from the army and arrived home Sunday. He is the son of Mr. and Mrs. W. E. Bredemeyer. Edward was a MP and was stationed at Presidio Camp, near San Francisco, Calif., where he was sent following his training at Camp Polk. He is a graduate of Winters high school and an ex-letterman of the Blazers.

## Lone Star Gas Gets Nat. Safety Council Award Of Honor

The National Safety Council announced today that Lone Star Gas Company has been presented the Council's Award of Honor for its excellent safety record.

The award is presented only where an establishment's record satisfies rigid requirements laid down in the Council's Award Plan for Recognizing Good Industrial Records.

Ned H. Dearborn, president of the National Safety Council, in a letter of congratulations to D. A. Hulcy, president of Lone Star Gas Company, explained that Lone Star qualified for the award because of its low injury rate in 1953.

The company's injury frequency rate was 46 per cent better than its "par" rate, and its injury severity rate was 80 per cent better. "Par" rates are computed by the National Safety Council from the company's experience in other years from the rates of the industry's classification to which the company belongs.

James R. Payne, cashier of the Winters State Bank, explains to Maxie Lee Swanner the advantages of belonging to the School Savings Club and the importance of beginning a bank account early in life.

### School Savings Club Of Winters State Bank Encourages Boys And Girls To Prepare For Future, Teaches Thrift

One of the many services offered by the Winters State Bank is the School Savings Club which was first organized in November of last year. It offers the opportunity to boys and girls to save for future years by depositing \$1.00 or more.

To open an account children are given a pass book when they make their first deposit and their account is credited in the same manner that all accounts are entered on the books of the bank.

As an extra award for the first 100 accounts in which \$17.75 had been deposited the bank added

\$1.00 to the account making a total of \$18.75. When a depositor had saved that amount the bank encourage the boy or girl to buy a United State Savings Bond and start all over again to save for another bond.

Sixty-three children are members of the School Savings Club and have, early in life, started a bank account which may prove helpful during their college years or when entering business in later life.
