

## HOME TOWN Talk

By R. C. THOMAS

This probably could be called the "in-between" season. We're "in between" the football games and the election and Thanksgiving and the start of the Christmas season. This is the time of year when most folks pause to take a deep breath before plunging into the hurry-hurry pool of Christmas activity.

The Christmas season in Winters begins Thursday, Dec. 1, with a big downtown parade of Christmas floats and curb-to-curb carpeting of candy-eating kids. The Chamber of Commerce is sponsoring the parade, and have urged that all business firms and organizations who wish to enter floats notify them right away. This promises to be one of the biggest Christmas season openings in many a year.

Texas voters this year finally gave the Legislature the raise it has been seeking for a long time. Each legislator now will receive a salary of \$4,800 a year, plus fringe benefits—if they can find a place to get the money. But you can bet a source will be found, some place. Our Bluff Creek farmer friend says it's like turning a young pig loose in a turnip patch and telling him to eat the careless weeds.

Even though last Tuesday's election now is just another entry on a page of history, there are many side effects which keep cropping up. Such as the increasingly narrow margin in the number of popular votes received by the two candidates—the final winning of California by Nixon—and even the questioning of the legitimacy of some of the ballots cast. In Texas, it has been revealed that many ballots were thrown out because they were not properly marked according to law. Because of the situations which developed during this election, there seems to be a ground swell of public opinion which may cause many changes in our election procedures. Which may or may not be to the benefit of the country—time and the manner of change contain the answer.

Statements such as "the best man won," and "the least qualified man won," have no foundation, however, political claims perhaps to the contrary, because there actually is no standard or static pattern to follow. Circumstances change rapidly, and who is to say that another administration would act differently in an unknown situation? Faced with emergency issues or crisis, it's a pretty safe bet that the leaders chosen by the people will act for the good of the whole.

County Commissioner Melvin Mapes says there must be some people who want steel bad enough to steal it. He says that the steel railings of some of the county bridges have been stolen.

We read the other day about a man who, for many years, has made a hobby of collecting letterheads from different sections of the country, from individuals and concerns and government departments. He decided, back about 20 years ago, that he would like to have a letterhead from the White House, so wrote the President and expressed his wish. He received an answer from the White House staff that they were sorry but could not comply with his request. The answer came back on a White House letterhead.

Still think this old world is a big place? Just watch tv and hear an Oriental singer giving out with "Swanee."

It's axiomatic that most everyone gets himself into a corner at some time or another. A workman at the Vermillion, S. D., Plain Talk really got cornered. While repairing the newspaper press at the weekly newspaper, workmen had torn down the whole press to replace a part or two.

When they were putting it back together, one of the boys crawled into the middle of the machine to complete the job. Work continued on the outside as well and when the work was finished it was discovered that no hole was left large enough to permit the trapped man to crawl out.

If the season would last long enough, perhaps we could mark up a better average than we have in predicting the outcome of the college football games. Missed three last week, it was a toss-up, the Texas and TCU, but we did think the Tech Red Raiders would come out swinging and whip Wyoming. The H-SU-Trinity game—

## Cycle Law Will Not Be Enforced Until January

The "bicycle ordinance," recently adopted by the Winters City Council, will not be enforced until after the first of the year, Mayor Harvey D. Jones said this week. The ordinance became effective November 1, and enforcement was originally scheduled immediately following publication.

Mayor Jones said that the delay is caused by failure of the city to receive the tags and other necessary registration material. He said that many people had called at the city hall to register bicycles following first publication of the ordinance last week, but that nothing can be done until after the first of January. He said that the public will be notified when materials are on hand to register the bicycles.

Members of the Junior Culture Club, who worked toward the adoption of the ordinance by the Council, will handle most of the paper work when registration begins, Mayor Jones said.

The ordinance calls for registration of all bicycles operating on the streets of Winters, and makes installation of lights and reflectors mandatory when bicycles are operated during the hours of darkness. Metal tags will be issued for attachment to the bicycles, and operators will receive registration certificates.

Under provisions of the ordinance, persons selling bicycles have a responsibility of notifying the city within five days following sale of any bicycle. This provision, also, will not be enforced until all registration materials and tags are available, it was said.

## C of C Urging Entry In Xmas Parade

Only a little more than a week remains before the opening of the Christmas season in Winters, and the Winters Chamber of Commerce is urging all organizations and business firms who plan to enter floats in the big Christmas parade to notify the chamber of commerce office as soon as possible.

Big things are in the making for the Christmas Parade, according to the chamber of commerce, with several big prizes to be offered the winning floats. The parade is scheduled for 4 p. m. December 1.

Three cash prizes will be offered for floats in the parade. Awards will be \$75, \$50, and \$25. Merchants are being asked to sponsor the floats, and rules specify that no float may cost more than \$40 to build. The rules committee has stated that one or more merchants may sponsor floats together, but the total cost of the float remains the same.

Civic, social and church organizations are invited to build the

floats. Merchants or business firms may build their own floats if they choose. The practice of having merchants sponsor floats and independent organizations build and enter them in the parade has been adopted so more floats will be entered in the parade. Because the parade comes during the rush season, many merchants who would like to display floats do not have time to prepare them.

Merchants who wish to sponsor floats, and organizations who wish to build and enter floats for the parade, are asked to notify the office of the chamber of commerce as soon as possible so that the route of march and other necessary preparations can be made.

The annual Kiddies Christmas Parade will be held December 10 at 3 p. m., with Mrs. B. B. Bedford chamber of commerce secretary, as chairman. There will be five divisions in the kids' parade: best decorated wagon (miniature floats), best decorated tricycle, best decorated bicycle, costume and group entry. First, second and third prizes will be awarded in each division. Prizes are \$6, \$4, and \$2. Deadline for the children to enter the parade is December 9, at 5 p. m., Mrs. Bedford said. Participants must come by the C. of C. office and receive a number for their entry in the parade.

Out-of-town judges will be secured for both parades.

The other main event of the Christmas season will be the cash drawings to be held at the chamber of commerce office. The first will be held December 10 at 4 p. m. Other drawings will be December 17 and December 24. Three drawings will be held each day, it was announced. On the first day, December 10, and on December 17, drawings will be for \$100, \$50 and \$25. The drawings on December 24 will be for \$100 each. Tickets have been distributed to member-merchants to be given customers who will deposit stubs in available boxes. No purchase will be necessary to be eligible for the drawing, however, it was announced, winners must be present.

### Election-Exhausted Texans Get A Breather Before Senatorial Race

By VERN SANFORD  
 Texas Press Association

Shell-shocked and exhausted from one of the hardest-fought general elections in decades, Texans now can get a second wind and turn to new issues and decisions.

Some of the significant decisions ahead grow out of decisions made at the polls earlier this month.

As a result of Sen. Lyndon B. Johnson's election to the vice presidency his senate seat will be

come vacant on or before Jan. 20. It's a highly coveted position, seldom up for grabs, since the winner of a six-year term can be fairly sure of holding it for life.

It is likely that the race for Johnson's post will be the first special election in Texas history to have a run-off. A 1957 law, called the Pool Bill, provided that in special elections for congressional vacancies, there shall be a run-off if no candidate receives a majority of the votes in the first polling. Previously, special elections had been on a high-man-wins basis.

Many possible candidates are mentioned. Among them: John Connally of Fort Worth, Jack Cox of Breckenridge, Martin Dies Sr. of Lufkin, Congressman Joe Kilgore of McAllen, Wright Morrow of Houston, Lt. Gov. Ben Ramsey, John Ben Shepperd of Odessa, John G. Tower, Johnson's Republican opponent in the general election, Atty. Gen. Will Wilson and Congressman Jim Wright of Weatherford.

It is unlikely that any candidate will make a public announcement until Senator Johnson officially resigns and Gov. Price Daniel sets the date for the special election. Under the law, the governor must call the election in no less than 60 days and not later than 90 days from the time the vacancy occurs.

If Congress is in session at the time the vacancy occurs, it would also be the governor's duty to name an interim senator to serve until a successor is elected. Governor Daniel already has said that former Sen. William Blakely would have first chance at such an appointment.

When the vacancy will occur depends entirely on Senator Johnson.

**MILLION TO ONE**—Roy McCoy squats beside his all-white kill in Ashland City, Tenn. At first he thought he had shot a goat, discovered it was a seven-point albino deer. Game officials called it a one-in-a-million shot.

There is speculation that he will not lay aside his senatorial toga until he takes the oath as vice president (Jan. 20). Many feel that his presence and assistance in organizing the Senate prior to that date would help get the incoming Democratic administration off to a good start.

#### OKAYED AMENDMENTS POSE PROBLEM

On the purely state level, voters' approval of the four constitutional amendments during the general election pose some new decisions and issues for the state legislators next January. Among them:

**1. More Pay—From Where** — By constitutional amendment, the voters have, for the first time in history, put members of the Texas Legislature on an annual salary.

They will be entitled to \$4,800 a year, whether in session or not. They also are to get \$12 a day expenses for 120 days of a regular session and for each day of any special sessions called thereafter. This replaces the old \$25-a-day pay plan.

Question is where to get the money. State's general revenue fund is, according to State Treasurer Jesse James' latest report, \$60,535.63 in the red. By the time the next session starts, this figure is expected to be higher.

So, legislators will have to turn their attention quickly to a means of finding money somewhere if they're going to meet their own grocery bills.

**2. Loan Company Regulation**— Passage of Amendment Four dumps in the Legislature's lap the tremendous job of passing laws to regulate lending practices in Texas.

Some lawmakers gloomily and privately predict that it will result in a worse fight than trying to pass a new tax bill.

Previously, the Constitution limited legal interest rates to 10 percent. This provision was repealed. Under the new provision the Legislature has the responsibility to (1) license and regulate lenders, (2) prevent misleading advertising, (3) fix and limit maximum charges and (4) impose effective penalties for violations.

Atty. Gen. Will Wilson, elated over the passage of the amendment, warned that "the loan sharks will pitch their final battle in the Legislature to try to eliminate the penalties and to develop loopholes."

**3. Land Program Picks Up** — Since the voters gave it permission Nov. 8 to pay higher interest on its bonds, the Veterans Land Board is getting ready to do a bigger business.

Maximum interest the board can pay on the bonds it sells was to be able to sell more bonds and have more money available to loan veterans for land purchases.

A new bond sale is planned tentatively for December. Meanwhile, the board secretary said mailing of applications to veterans has been stepped up from 100 a week to 225 a week.

Some 40,000 veterans are now waiting for loans, but in actual practice, only about one in five finally finds land and qualifies for a loan.

Board has authority to issue \$62,500,000 more in bonds. This amount of money is expected to be made after Dec. 1, 1965.

**SCHOOL GOALS SET**  
 Knowing it will be a tough job in this debt-ridden era, Texas school people are, nevertheless, setting their sights on a \$100,000,000 improvement program. At an Austin meeting of educa-

### Mary Martha Circle Met At Methodist Church Tuesday

Mary Martha Circle of the Methodist Woman's Society of Christian Service met Tuesday morning at the church with Mrs. Jerry English in charge of the program.

Mrs. W. J. Poe led the opening prayer and Mrs. Gattis Neely reported that \$192.00 was made at the chili supper.

The group voted to keep the money made from selling the "dollar dozen" in the circle treasury.

Mrs. English gave "The World of Organization Man," and Mrs. Poe gave the topic "Reaching the Unchurched."

Eleven members were present. Aluminum is believed to be the earth's most abundant metal, almost eight per cent. Gold is quite fractional at 0.0000005 percent.

tors, legislators and interested citizens, Governor Daniel promised his support to the effort to pass a bill to raise teachers salaries.

This is one of the main items of the \$100,000,000 Hale-Aikin recommendations. This program resulted from a study begun in 1957. It sat on the shelf during the last legislature because of the acute money shortage.

dental expenses. Councilors are Ed Cheek, John Wade, R. D. Collins, Dr. Don Bedford, Mrs. George Poe and Mrs. Earl Dorsett.

## Mr., Mrs. M. F. Self Celebrated 50th Anniversary Sun.

Mr. and Mrs. Millard F. Self of the Graham Lake Community celebrated their 50th wedding anniversary Sunday, November 13, with an open house from 2 until 5 p. m. in the Community Center at Tuscola.

Children of the couple who served as hosts were H. O. Self of Abilene, Mrs. W. W. West of Bradshaw, Mrs. J. R. Childers of Trent and Mrs. Raymond Wilder of Tuscola. Also assisting with host duties were the daughter-in-law, sons-in-laws, 11 grandchildren and one great grandchild.

The tea table, laid with damask, featured an arrangement of gold mums and a three tiered cake topped with a gold "50."

Mrs. Self, the former Maggie Coley, was born July 18, 1883, near Calvert in Robertson County and came to Taylor County with her parents when she was six months old. She attended school at Guion.

Self was born in Haleyville, Ala., on June 7, 1885 and came to Texas with his parents in 1900. His father, a Methodist preacher, was pastor at Potosi one year before the family moved to Guion.

Mrs. Self was church organist and he led the singing at the Methodist Church in Lemon Gap and also for community singing. Later, when the church was moved to Guion, they continued to perform

the same service. The couple was married November 13, 1910 at Ovalo by a Rev. Burke. After their marriage, they lived at Guion where Mr. Self did fruit farming until they moved to Ovalo in 1915. He was in the cafe business for four years before going into the insurance business.

In 1934, he bought a 66 acre farm at Graham Lake, the site of his present home, and went to work grubbing out the brush and trees in preparation for planting an orchard. He built a half-dugout and stayed there, doing his own cooking.

He was offered the district managership of an insurance business, but his wife, who was still living in Ovalo, advised against it. She told him if he would prepare a place for her she would move to the farm with him.

Today, he runs a tractor taking

care of his orchard of berries, grapes, plums, peaches, apples, and pears. He also raises black-eyed peas.

Mrs. Self spends most of her time at the telephone, taking orders for fruit and notifying customers when their orders are ready.

Mr. Self has been a member of the Oddfellow Lodge at Tuscola for the past 36 years.

### MOVED TO COLORADO

Mr. and Mrs. G. M. Beard of Ballinger have moved recently to Cortez, Colorado where they are operating a trailer park. Mrs. Beard will be remembered here as Mrs. Fletcher England.

Assets of the nation's farmers amount to \$203 billion, about equal to the value of all stocks listed on the New York Stock Exchange.

## Blizzards Lose Final Game To Ballinger, 30-6

In the final game of the 1960 football season, the Winters High School Blizzards bowed in defeat to the Ballinger Bearcats to the tune of 30 to 6 last Friday night. The game, traditionally the last of the year for both schools, was played before a capacity crowd of Winters and Ballinger boosters.

Pre-game and half-time activities added to the entertainment for this last game of the season. A few minutes before kickoff, in celebration of Veterans Day, November 11, the Winters Veterans of Foreign Wars and the VFW Auxiliary made a formal presentation of a 50-star flag and new flag pole to the school. VFW Commander Ted Meyer made the presentation, and Robert Gans, band director, accepted for the school.

At half-time, the 1960 Band Sweetheart was revealed. Diane Buckner, a WHS senior, was named for the honor.

Ballinger won the toss and chose to receive and defend the south goal. Taking the ball on their own 33 yard line, QB Tipton Lee called for a slant off left guard by Howard Patton, good for 6 yards. This started the touchdown drive, and twelve plays later, sparked by David Brevard, 154-pound halfback, and left end Johnny Bigby and Patton, the Bearcats had the ball on Winters' 22. Lee passed to FB Billy Jones, who went over for the first touchdown of the game. Try for the extra points failed, and the score, with 5:57 left in the first quarter, was 6-0 for the Bearcats.

Winters' first try on the offensive came after the TD kick-off, as they moved from their own 41 yard line. A hand-off to halfback Steve Grissom netted 4 yards, and after an incomplete pass fell short of Kenneth Crowe's fingertips, big fullback Robert Marks charged through for 3 yards. QB Caskey decided to not chance the fourth down run, and kicked out to Ballinger's 32 yardline.

Three plays by the Bearcats were good for only 5 yards, as the Blizzard line tightened up, and Brevard kicked out to Winters' 32 from where the Blizzards called on Tommy Young, who came through with one. Grissom was thrown for a loss of 6 yards, and on the next hand-off to Young, the ball slipped away, and was recovered by Ballinger's Joe Davidson.

From Winters' 22 yardline, Lee attempted a pass, but it fell incomplete, then Patton was thrown for a 3-yard loss. Lee again attempted a pass, but Caskey moved in front of the intended receiver, intercepting on the 21 yard line and being able to move to Ballinger's 32 yardline for a 47 yard run. A handoff to Robert Marks was good for 14 yards, moving the ball to the 19. Steve Grissom took the hand-off next for one, just as the first quarter ended. On the second down, Marks moved 6 yards, then again moved 3 for the first down. From the 9 yardline, again Marks carried for 3 yards, putting the ball on the 6. A hand-off to Sophomore Young worked beautifully, and he sailed across the goal line for the six points. Try for extra points, a pass, was not good. Score, with 10:48 in the first half, Winters 6, Ballinger, 6.

Ballinger took the ball after the kickoff on their own 49, but was unable to move, so again Brevard moved back and kicked. The same tale for Winters, as, with their back to their own goal line on the 2, could not take a chance after gaining only 7 yards in three downs, so Caskey kicked out to the 33.

Form here Patton carried for 2 and Brevard called for one more. A pass, Lee to Bigby, netted 14 yards, giving Ballinger sight of the Winters goal line again from the 16. Again Lee passed to Brevard for 10 yards. Patton made one on a hand-off; Lee's pass fell incomplete, and then Patton carried again, for the TD from the 6. Pass-try for extra points incomplete, with 4:26 minutes remaining in the half, Winters, 6, Ballinger, 12.

Little Steve Grissom took the kickoff after touchdown and headed downfield to his own 27 yardline. Here he was hit hard, and the ball rolled free, only to be recovered by Ballinger on Winters' 28.

Ballinger, after a four-yard gain by Brevard, called for Big Tommy Pleasants, 167-pound guard, who moved in and kicked a field goal from the 24 giving Ballinger a 15-6 lead with 3:00 minutes left in the first half.

Those last few minutes were sparked by a beautiful 31-yard run by David Brevard.

After receiving the kick-off, Winters was unable to move but six yards from their own 30, and Caskey again kicked. The same story held true for Ballinger, as after three tries, Brevard kicked, giving Winters the ball on their own 47. On the first play, QB Caskey attempted a jump-pass, the Ballinger defense knocked the ball back into his hands, and he was thrown for a two yard loss. Caskey again kicked to Ballinger the 30.

Patton took the hand-off for 3,

then a fumble on the pass from center caused Ballinger a four-yard loss. Brevard took the hand-off, and was hit hard by Steve Grissom for another four-yard loss, and Ballinger again kicked out. From Ballinger's 45 yardline, again with hand-offs to Marks and Grissom, the Blizzards were short, and the ball changed hands.

A pass, Lee to Brevard, moved the ball to Ballinger's 48. Another pass, Lee to Bigby, was good to Winters' 34. An incomplete pass, a 2 yard loss by Brevard, and then Lee passed to the Winters 17. Four more pass tries, all incomplete, gave Winters the ball on their own 22 as the third quarter ended.

Unable to make the first down, the Blizzards kicked out to their

own 44, from where Ballinger again took over the show. Again taking to the air, Lee completed a pass good for nine yards. The pass again was good, and David Brevard moved in for the TD from the 35. However, the play was called back on a penalty for offensive holding, and the TD was nullified. From the 47 Lee hit Bigby, who moved in for a copy of the TD, this time good.

Pleasants moved in and kicked the extra point to give Ballinger a 22 to 6 lead over Winters.

Winters took the ball on the 18, but with a 15-yard penalty was forced to kick on fourth down, giving Ballinger the ball on Winters' 33. Two hand-offs to Patton netted 7 yards, then a fumble and a five yard penalty forced Ballin-

ger to kick. Winters took the ball on their own 12. Again they were ineffective in gaining the needed yardage, and on fourth down Caskey kicked.

From Winters' 36, Jerry Smith and Jim Slaughter moved the ball to the 24, from where Lee pitched out to Dave Hall, who made it over from the 24 for Ballinger's final TD. The pitch-out, Lee to McMillan, was good for two more, making the final score Ballinger 30, Winters 6.

## Fire Does \$2,000 Damage To Kiser Home Wednesday

Fire Wednesday morning at the Rube Kiser home, 1007 Concho, did an estimated \$2,000 damage to the kitchen, contents, roof and floor, according to Fire Chief D. Waggoner.

The blaze was discovered and reported at 9:30 by Mrs. H. D. Jones and Mrs. C. C. Clanton.

Firemen said the fire started in the corner of the kitchen and destroyed most of the kitchen and the roof. It burned the walls, floor, and roof in the corner where the

stove was located.

Mrs. Kiser said she left home at 9 a. m. to go to work selling cosmetics and she told firemen that she left the oven on. However, it was not determined that this was the exact cause of the fire.

Mrs. Kiser said they had a small amount of insurance on the residence.

Mr. Kiser was away at work, and two children, a 12-year-old daughter and a 14-year-old son, were in school at the time of the fire.

**Experiments Indicate Electronics May Be the Country's Biggest Industry**

Babson Park, Mass. —When the electronics stocks were becoming popular I was slow to discuss them in this column. Now, however, I have concluded that electronics will be the next big industry.

**Automobile Investments**  
Forty-five years ago, nearly forty different types of automobiles were being advertised and sold. In the stocks of the companies making these forty automobiles there was much speculation. Mr. Ford's "Tin Lizzie" was the most popular, selling around \$500, while the most expensive car was the Packard. Another popular car was the Studebaker, whose manufacturer was once the largest maker of wagons and carriages. Both the Packard and the Studebaker since declined in production, resulting in severe reorganization which effected a com-

bination of the two companies. Another very popular car of those early days was the Hudson, while the Nash also forged ahead. Notwithstanding intensive advertising and sales efforts, the production of these two companies also declined. Finally, after a reorganization these two companies were united into the present American Motors Corporation. Thousands of investors lost money buying the stock of these once popular auto manufacturers. American Motors, however, has since put out the Rambler, and under a very able leader, Mr. Romney, has been rapidly coming to the fore. While the other stocks have gone down, American Motors has climbed from around 2 in 1956-1957 to 20 today.

**History Repeats Itself**  
My reason for giving the above

illustrations is to warn investors that the market for electronics stocks will probably go through the same history. In other words, of the forty popular electronics stocks in which people are now speculating, probably over thirty will go through a severe reorganization and most of them will go out of business. Yet the industry as a whole will be a great and permanent one. Let me explain one reason for this last statement.

Thus far, the electronics industry has depended very largely on defense spending. Present talk about a reduction of armaments gives the electronics people the jitters; they wonder what they will do when, as, or if there comes a reasonable peace. This must come about some day, or else we will all go broke from armament expenditures or World War III. Electronic automation is inevitable; but it must come slowly. It is very expensive for private manufacturers to change their plants over to electronic automation.

The electronic experiments at the Providence, Rhode Island Post Office may hold the answer. The government, to prevent unemployment, could greatly help the industry by operating all their important post offices electronically. This would take some time and, in the meantime, prevent any serious period of unemployment. Furthermore, with the government's getting behind this proposition, congress could pass legislation requiring the standardization of all mail as to size of envelopes, location of addresses, stamps, etc.

**What Is the Miracle?**  
Some post offices are now using electronic "shaking" machines to sort letters and drop them into the proper slots for 300 cities; but the reading of handwriting electronically is just being developed, and this is what I call the miracle of the industry. It is technically known as "scanning." The scanning machine will first be used in the Oakland, California Post Office, and then in Detroit. "Scanning" should keep down the postage rate, which will interest every reader of this column.

The concern which is getting the most publicity on this scanner is Farrington Manufacturing Company of Needham, Mass. Its main competitors in postal equipment include International Telephone and Telegraph (which built the Providence, R. I. Post Office), International Business Machines, Chance Vought, Pitney-Bowes, Food Machinery and Chemical (now building the Oakland plant), Emerson Radio, Sperry Rand and Western Union. Many others will enter the field. In some cases the stocks will triple in price, but in many cases the companies will go into bankruptcy. However, I now say: "Watch Electronics."

**H. A. Hardegree, Former Resident, Died Saturday**

H. A. Hardegree, 81, of Colorado City, former resident of Winters and father of Mrs. Claude Carwile of Winters, died at his home in Colorado City early Saturday morning following an extended illness.

Born December 31, 1878, in Brown County, Mr. Hardegree had lived in Colorado City since 1938. He was a member of the First Methodist Church.

Funeral services were held Sunday afternoon at 2 o'clock in the First Methodist Church in Colorado City. The Rev. Darris Egger, pastor, officiated and the Rev. E. V. Brooks, pastor of the Oak Street Baptist Church, assisted. Burial was in the Colorado City Cemetery.

Surviving are his wife; one son, Don of Colorado City; two daughters, Mrs. R. B. Cain of Colorado City and Mrs. Claude Carwile of Winters; a step-daughter, Mrs. Fred Farrar of Seminole; six grandchildren and nine great-grandchildren.

Her parents were not Christians. They never prayed. When they gathered round the table for their meals they never asked a blessing, or acknowledge God as the giver of all their mercies. And when the day was passed they lay down at night never thanking God for all His favors, and never asked Him to take care of them while they slept."

"At length there came a pious uncle to spend a few weeks with them. During his stay he was invited to ask a blessing on their meals."

"The morning after he had left them the family gathered round the table were about to commence their breakfast when little Anna, who sat next to her father, looked up to him and whispered, 'Is there no God today, Papa?' This touching question of his child went straight to his heart."

## Winters Chapter of Quill & Scroll Is Rated Among Top

The 1959-60 Winters High School chapter of the Quill & Scroll was rated as one of the top thirteen of the 7,500 chapters in the nation and the free world, according to the November edition of Quill and Scroll magazine.

Coveted Honorable Mention recognition was given the chapter for its outstanding service to its school and community through chapter activities the past year. The Winters chapter of the international honorary society for high school journalists was the only chapter in Texas receiving a rating in the annual contest. A hand-engrossed certificate of award was received recently by Mrs. Myrle Frazier, WHS student newspaper sponsor.

Mrs. Harry A. Benson sponsored the award-winning organization whose fourteen members were headed by Billy Pumphrey, president. The chapter's activities were highlighted by a talent show, Salute to the South, which brought the school recognition from seven governors of southern states, the United Daughters of the Confederacy, and newspapers throughout Texas. Proceeds from the show provided a \$100 college scholarship.

Other officers of the organization were: Billy Little, vice president; Ernestine Scott, secretary; Pat Patterson, treasurer; Cecile Nitsch, reporter; and Rita Walker Green, sergeant-at-arms.

## At Local Movies

**"A Dog of Flanders"**  
David Ladd, Donald Crisp and Theodore Bikel, co-starring in Twentieth Century-Fox's cinema-scope and DeLuxe color adaptation of Ouida's famous novel, "A Dog of Flanders," currently playing at the State Theatre Friday and Saturday, have received the motion picture industry's highest accolades.

**"Hell to Eternity"**  
Here is a film that gives us two things, maybe the greatest war film to come out of Hollywood and the correction of an odd oversight of World War II, a hero whose exploits dwarf even those of Sgt. Alvin York who returned from World War I to ticker tape parades.

**"Hell Bent For Leather"**  
Actor Audie Murphy plays his 25th motion picture role starring with Felicia Farr and Stephen McNally in Universal-International's "Hell Bent For Leather," opening Thursday at the State Theatre.

Eighteen of Audie's twenty-five film portrayals have been in western roles. The frontier film ratio is in proper keeping with the actor's background—he is a native of Texas and presently operates his own ranch.

**"The Last Days of Pompeii"**  
A thriving ancient city destroyed by an erupting volcano—Christians being fed to lions—a courageous man facing gladiators in the arena before blood-thirsty multitudes—a dissolute populace indulging in shocking orgies before going to its doom. These are the elements of "The Last Days of Pompeii," a colossal superspectacle in Eastman-color, starring Steve Reeves, and made with a cast of thousands for release through United Artists. It is slated to open Saturday at the Fiesta Theatre.

**FROM ACC**  
Carol Ann Smith, student of Abilene Christian College, spent the weekend visiting in the home of her parents, Mr. and Mrs. Jim C. Smith.

**FROM WACO**  
T-Sgt. and Mrs. Bob McClelland and little daughter, Debra of Waco attended the Winters - Ballinger football game Friday night and spent the weekend visiting in the home of Mr. and Mrs. Bill Milliron in Winters and the J. A. and Glyn McClelland homes in Ballinger. Mr. and Mrs. Glyn McClelland and son, Macky were visitors in the Bill Milliron home Friday night.

**WEEKEND VISITORS**  
Weekend visitors in the home of Mr. and Mrs. Floyd Condra were her sister, Mrs. Albert Haupt and Mr. Haupt of Rockdale.

**CARD OF THANKS**  
I wish to express my sincere appreciation to my many friends and neighbors who were so kind and thoughtful on my birthday. For your gifts and visits, I am deeply grateful. Mrs. J. P. Knight. 1tc

**FROM FORT WORTH**  
Mrs. Roy Austin of Fort Worth spent the week end visiting in the home of her parents, Mr. and Mrs. J. E. Smith. She also attended the funeral of J. D. Smith Jr.

Billy Lynn Little, student of the University of Texas, spent the week end visiting in the home of his parents, Mr. and Mrs. Eddie Little.

**RETURNED HOME**

**IN MINZENMAYER HOME**  
Bena Minzenmayer and her roommate Peggy Ater, both students of McMurry college in Abilene, spent the weekend visiting in the home of Mr. and Mrs. W. F. Minzenmayer.
