Winters Citizens Contribute Freely To Hurricane Victims

Mountains of food and clothing and several hundred dollars in cash was Winters' answer to an appeal for help for victims of Hurricane Carla.

Several truck loads of clothing and commodities have already been shipped from Winters, with prospects of more to come. In addition, many people made cash donations to the organizations who are working with the disaster relief program.

A drive by members of the Winters Church of Christ netted a number of cases of groceries, about 100 boxes of clothing and shoes, to be sent to victims of the hurricane in Port Lavaca. Also, cash donations in the amount of \$370 were also received and was used to purchase 50 cases of groceries to be shipped to the disaster area, and distributed by the Port Lavaca Church of Christ.

The Winters unit of the Salvation Army sent out a call last week for clothing and food. By Wednesday of this week, the office of the Winters Chamber of Commerce was piled high with boxes and bundles. Well over one hundred cases of food and clothing were loaded on a truck to be hauled to Abilene where it will be added to other donations and taken directly to the hurricane-torn coastal regions. In addition, Mrs. B. B. Bedford, secretary of the chamber of commerce, who acted as liaison agent for the Salvation Army in Winters, had received \$41.00 in cash donations for the Salvation Army to use in its rehabilitation work on the coast.

Much of the clothing donated in the Salvation Army collection was new, and many cases of food was given, particularly milk.

The Winters Manufacturing Co. furnished a truck to be used to haul the donations to Abilene. A group of high school boys loaded the truck Wednesday morning. Churches of the city publicized the need for the help for the hurricane victims. The congregation of St. John's Lutheran Church held a drive for donations of clothing and food on behalf of the Lutheran World Relief Organization. They also helped in the Salvation Army's drive. Other churches and organizations gave the matter publicity and helped to bring in the contributions.

The Runnels County chapter of the Red Cross also is working to gather funds for disaster victims. According to information, the county's quota was approximately \$1,000.00. Winters' part of the quota is \$500.00, it was reported. E. E. King of Ballinger is county chapter chairman.

Tom Holland, minister of the Winters Church of Christ, and Clifford Huffman and T. C. Hatler left Sunday afternoon to take a trailer load of clothing and food to the victims at Port Lavaca. They said that repair work and rebuilding was well underway in that hurricane wrecked city.

Lon McDonald Will Be Called To Duty With 49th CAD
Lon McDonald, Winters High School vocational agriculture teacher, will be called to active duty with the 49th Civil Affairs Detachment at Abilene, it was revealed this week.

The Abilene unit—82 officers and men—has been called to active duty, Governor Price Daniel announced Tuesday. They will report for active duty Oct. 15, according to a press dispatch, along with the 49th Armored Division and six other Texas reserve National Guard units.

McDonald will go on active duty as a first lieutenant, and will be an administrative officer in an administrative platoon. He had only 2 weeks ago been transferred from the inactive reserves into the Abilene unit.

McDonald has been vocational agriculture teacher in the Winters schools for the past three years. He is a graduate of Texas Tech, where he took ROTC training and received his commission in 1953. He was on active duty for about a year at Camp Chaffee, Ark., and Ft. Benning, Ga., and then was in Korea for 13 months. He was released in 1955, and was a member of the 112th Armored Cavalry Regiment, Co. F, National Guard at Lamesa for three years.

Superintendent of Schools James B. Nevins said that McDonald will receive a leave of absence from the Winters school system for the time he is on active duty with the armed forces.

Plans For Girl Scout Fund Drive Are Complete

Plans for the Winters Girl Scout Fund Drive scheduled for September 25-30, were completed at a meeting of the Girl Scout Council Tuesday morning at the Scout Hut.

John Gardner, chairman of the Winters Girl Scout Fund Drive, stated that a kick-off coffee would be held Monday morning at 8:30 at the Scout Hut and urged everyone to be present.

"I have accepted the chairmanship of this campaign," Mr. Gardner said, "because I believe that the Girl Scout program provides the best opportunity for girls of our city to acquire the fundamentals of American citizenship."

He called attention to the increasing need for youth programs today when young people are spending so much of their time away from home and when they have so much more leisure time on their hands.

"Through Girl Scouting," he asserted, "girls enjoy wholesome recreation, form rewarding friendships, develop practical skills and healthy attitudes that may well determine the direction their lives will take."

Dickie Hale, daughter of Dr. and Mrs. Z. I. Hale, received a letter Tuesday that she had been selected as an alternate for the National Girl Scout Encampment to be held in Vermont in August 1962.

Those present for the meeting were John Gardner, Mesdames Clem Rozman, Don Cox, Wayne Wilson, Bill Byrns, Joyce Wilkerson, Wilbert Alcorn, W. J. Briley, Joe M. Roberts, Pyburn Brown, Clifford Hill, James Brown, George Hill and Hubert Crenshaw.

Blizzards At Home For Albany Tonite
Following two weeks on the road, the Winters Blizzards homstand Friday night, to meet the strong single-A Albany Lions.

With three games behind them, and an average of .333 for the season, the Blizzards go into Friday night's encounter with a lot of pre-conference experience under their belts. They surprised many area experts last Friday night, standing up well against a highly touted Brady string, which had been expected to roll over them like Carla, instead of the final 24-6 score for Brady.

Although they have dropped to number four position in district 7-AA standings, the Blizzards are still being considered the team to be watched.

Coach L. G. Wilson will field about the same starters he threw against Brady last week. Probable offense starters will be Jerry Dunn and Roy Clark in the end slots; Mike Mitchell and Donald Clanton at tackle; Alvis Jackson and Roger Stanford, guard; Roland Teckel, center; Denny Aldridge and Tommy Young at halfback, with Steve Grissom in the fullback position. Johnny Caskey will be calling signals at quarterback.

The Blizzards have a 1-2 record for the season, defeating Lakeview 22-14 in the opener, losing to Anson 18-0 Sept. 9, and their 24-6 loss to Brady last week.

The Lions from Albany went to the Class A state championship last year, and have been painted as a strong team again this year. They slapped Olney, 40-12, in the early part of the season. Olney gave them their only loss in the 1960 season. The Lions came back Sept. 9 to maul Merkel 60-6, and then rested last week.

The Blizzards will keep careful lookout for some of the Lions, especially Johnny Agan, last year's All State fullback, and halfback Jim Wood.

Elsewhere about the 7-AA district, Ballinger will go against

Post: Cisco will play Anson; Coleman will take on Brady; and Ranger will play De Leon.

Ballinger is in a fourth-place tie with Winters in the district, with a 1-2 record. They lost to Brady, won over San Saba, and then lost to Colorado City last week.

Cisco has a 2-1 rating, winning over Comanche, and Eastland, and losing to Hamlin.

Coleman has a 2-1 record, losing to Anson, and clipping Comanche and DeLeon.

Ranger has a 1-1-1 record, losing to Rotan and winning over Eastland, and a tie with Baird.

Peace Corps Work Would Duplicate That of Point 4

By Congressman O. C. Fisher

Another Foreign Aid Bill breezed through the House last week. This one, called the Peace Corps bill (formerly referred to as the Youth Corps) creates a new agency to supplement the foreign aid program. Actually, the functions of the personnel of the new agency will duplicate those of Point IV under CIA as well as activities being performed abroad by other agencies. I voted against it.

Point IV has been operating for years. Its personnel are supposed to go into underdeveloped countries and help the natives to help themselves by showing them new techniques, teaching them new methods, and otherwise assisting them

to enjoy a better life. There are now 4,700 Americans all mature and experienced, working overseas for Point IV.

The Peace Corps is designed to do precisely the same type of work, but will be operating completely independent of the other 7 federal agencies that are performing in the field of foreign aid.

The \$40 million-per-year Peace Corps is designed to recruit 2,500 workers. It will cost the Government a minimum of from \$10,000 to \$12,000 annually to maintain each of these people in the field.

In addition to government employees there are now 33,000 American missionaries in foreign service, dispensing in one form or another some \$200 million each year.

The Peace Corps is just another example of irresponsible spending by this Congress. We have before us at least another half dozen measures being pressed for enactment which would also create new government agencies, new staffs, new payrolls. And yet this fiscal year the deficit will

Southside Baptist YWA Gave Program For Content Group

Young Women Auxiliary of the Southside Baptist Church presented a missionary program for the Y. W. A. of the Content Church Wednesday evening in the fellowship hall of the local church.

Darlene McWright, president of the Winters group, gave the welcoming and Noleta James led the group in singing the Y. W. A. hymn "Oh Zion Haste." Mrs. W. D. Shores led the opening prayer and the girls sang "Our Best."

Noleta James gave the introduction to the program "Climbing Jacob's Ladder" by Dorothy Green Napier. The seven links "Praying Grounds" were given by Darlene McWright, Linda Eoff, Linda Freeman, Kay Bullard, Norma Wade, Doris Rice and Virgie James. Mrs. Truitt Bentley was in charge of the devotional period and Noleta James gave the closing. The prayer calendar was read by Kay Bullard and Darlene McWright led the closing prayer.

Mrs. Bentley, counselor, presented farewell gifts to Mrs. W. D. Shores for her service as YWA director and Elizabeth Grenwolge, who is leaving for Mary-Hardin Baylor.

Refreshments were served to Snooky Smith of Tuscola, Shirley and Nadean Pentecost, Mrs. Shores of Content, Darlene McWright, Noleta and Virgie James, Linda and Toni Eoff, Doris Rice, Kay Bullard, Norma Wade, Linda Freeman, Helen Lisso, Kathy Fairrey, and Mrs. Bentley, all of Winters.

exceed \$5 billion, and it may reach \$10 billion.

Another good example of Federal boondoggling was the Distressed Areas Act, enacted early this year. It was supposed to pour federal funds into areas where unemployment persisted, and \$400 million was authorized to finance it the first year. It was supposed to be used in extraordinary situations, in a limited number of spots. But six months later one-fourth of all the Counties in the United States have been certified as being eligible for Federal checks under this program. The East Texas Chamber of Commerce protested when 41 East Texas counties were certified as eligible. The Texans said they now enjoy unprecedented prosperity in that area, and they asked the Government to remove the "stigma" of the designation, which they said was done without the knowledge or consent of the counties affected.

"The Green Helmet"

An excitement-packed story of auto racing drivers is unfolded in Metro-Goldwyn-Mayer's "The Green Helmet" Saturday only at the State Theatre.

The picture stars Bill Travers, Ed Begley, Sidney James, Ursula Jeans, Nancy Walters and Megs Jenkins, with Jack Brabham, world's champion racing driver, as guest star.

Here is the true story about the men who engage in the most dangerous profession in the world—the way they live their perilous lives, the fears that possess them after a bad crash or the death of a colleague, their inborn habit of living not for the day but for the hour. It tells of the mothers, wives and sweethearts who wait for them at the finishing line the women who pray not that they will necessarily win but simply that they will finish alive.

Thrilling races in the picture were photographed at the notoriously dangerous Italian Mille Miglia (1,000 mile) Race, the French Le Mans 24-hour race, and the Sebring, Florida, 12-hour race, with spellbinding crashes among the incidents shown.

"Teenage Millionaire"

"Teenage Millionaire" opens Sunday at the State Theatre, thru United Artists release, and offers a bright, upbeat look at well behaved, well spoken and well dressed teenagers. It is a musical comedy with no social message, no expose, no problem — except what 18-year old Jimmy Clanton should do with his one million dollars! In the title role the nationally popular recording star sings six brand new songs, three of which he wrote himself, and fourteen other tunes are sung by Chubby Checker, Marv Johnson, Mary Ann Mobley (Miss America of 1959) and a half dozen of the most famous singers and groups in the teenage music world. The story revolves around Jimmy's adventures, financial, romantic and cool-so-vocal, when he inherits a cool million dollars and takes over the management of a radio station. Zasu Pitts, of the nervous hands, is on hand to worry about Jimmy,

Rocky Graziano is there to protect him—and beautiful Joan Tabor is on the scene to protect Rocky! More comedy is provided by Maurice "Doberman" Gosfield and Sid Gould—and cute, vivacious Diane Jergens is the girl Jimmy spends most of his time singing to.

"The Pleasure of His Company"

"The Pleasure of His Company," a delightful romantic comedy based on the long-run Broadway hit, will be the attraction Wednesday, Thursday and Friday at the State Theatre.

Fred Astaire, Debbie Reynolds, Lilli Palmer, Tab Hunter, Gary Merrill and Charlie Ruggles are the leading players in the Technicolor film, which was filmed largely on location in colorful San Francisco.

The light-hearted attraction tells the story of a globetrotting playboy who touches home base for the first time in fifteen years as he arrives in San Francisco for the wedding of his daughter. The playboy is so charming and worldly-wise that he puts his daughter's business-minded fiancée in a bad light, and also tries to lure his ex-wife from her second husband. The result is a sharp-witted tug of war for the young girl's affections.

Brought to the screen by the famed producing-directing team of William Perleberg and George Seaton, the Paramount release features famous San Francisco landmarks including Fisherman's Wharf, the Bay, Goat Island, Golden Gate Bridge, I. Magin's Nob Hill, the cablecars and Grace Episcopal Cathedral. Edith Head, seven-time Academy Award winning designer, created a total of fifty-five costumes for Miss Reynolds and Miss Palmer, outfitting the two stars for every social event from a picnic to a formal wedding.

"The Hound Dog Man"

Ask any teenager who the recording idol of her set is, in spite of the fact that her hero is known by only one name, and nine times out of ten the answer will come up "Fabian." "Fabulous Fabian" or "Tiger" as he is more affectionately known among his fans is making his motion picture debut in Jerry Wald's "The Hound Dog Man" which opens Saturday at the Fiesta Drive-In Theatre.

BRIDAY PARTY: Fred Astaire and Lilli Palmer, right, are the parents of Debbie Reynolds, bride of Tab Hunter in Perleberg-Seaton's "The Pleasure of His Company," at the State Theatre. Co-starring Gary Merrill and Charlie Ruggles, the romantic comedy is a Paramount release in Technicolor.

First signed for records because he looked like a cross between Ricky Nelson and Elvis Presley, Fabian had to learn to sing before he hit the big time. His fifth record, "Turn Me Loose" made it over the million mark. With a hit record going for him, he made fast appearances on television for Perry Como and Ed Sullivan—and then Buddy Adler made his move.

Winters Gins Have Started Season Work

Cotton picking has gotten off to a start-and-stop beginning for this fall. Rains have slowed picking to some extent, and cotton has not reached a full maturity. Winters gins had ginned 131 bales up to Wednesday afternoon. The work is expected to gain momentum within the next few days.

Some Korean Vets To Receive Special Insurance Dividend

Approximately 393,000 Korea Veterans who have converted or exchanged their "RS" insurance policies for "W" insurance will receive a special dividend as a result of a law signed by the president Sept. 13, John S. Gleason, Jr., Administrator of Veterans Affairs, said today.

An additional 234,000 who have not yet changed from "RS" to "W" insurance may become eligible for the dividend if they convert or exchange their policies for the new type "W" insurance within two years from the date the law was signed.

Some \$65-million is available for distribution in this special dividend Mr. Gleason said, to liquidate a surplus built up in this non-participating "RS" insurance. About \$35-million of this amount will go to the policyholders who have already changed to "W" insurance. Payments are expected to average approximately \$90 for each policyholder, depending on the size of his "RS" policy, and the number of months it was in force.

"RS" insurance was issued as five-year term policies to Korea Veterans discharged between April 25, 1951 and Dec. 31, 1956. They could not be converted to a permanent plan of insurance and were not eligible for dividends. A new law effective January 1, 1959 established the new type "W" insurance on either a permanent or five-year plan.

Payment of the dividend is automatic and application for payment is not necessary. Policyholders who have already converted to the "W" insurance will receive their dividend early in December. At the same time, Korea Veterans who still hold "RS" policies will receive application blanks for conversion or exchange for "W" insurance and notices advising them of the amount or their dividend should they elect to make the change.

The VA urges those eligible for the dividend as well as those who may become eligible by converting to "W" insurance, not to write or call the VA with individual inquiries. Such requests will only delay payment of the dividends the VA pointed out.

This is a "one-time only" dividend payment, the VA explained. It is not a regular annual dividend. "W" insurance is non-participating and not eligible for regular dividends.

nothing new. It has always been going on and I see no reason why it should not continue. It may increase gradually, or it may increase in spurts—rising rapidly for a while, and then being followed by a period of deflation. On the other hand, we believe that each period of inflation will be greater than the last period of inflation, and that each period of deflation will be shorter than the previous period of deflation. I believe that for the next few years you will see a fairly rapid increase in inflation.

IT'S THE LAW—IN TEXAS

Upon his retirement from the banquet circuit, Mr. Witty compiled a joke book entitled, "After Dinner Jokes I Have Known." At his request, the local printer made 200 copies of the book which were quickly purchased at the local book store by the author's admirers. No notice of copyright appeared on any of the copies.

The next year Mr. Witty was surprised to discover that a nationally distributed book, "After Dinner Jokes," was actually a direct copy of his own work. He

wrote the publisher demanding a fair royalty, but his request was denied. He then sued the publisher demanding a fair royalty, but his request was denied. He then sued the publisher for the royalties on his book.

Can Mr. Witty force the publisher to pay him for his work? No, said the court. Mr. Witty had neglected to place a notice of copyright on the earlier published copies. Although an author has an inherent right to his literary productions, this right can be lost easily by general publication, unless he seeks the protection of the copyright law.

The first and most important step in securing copyright protection is to place the correct notice in the proper place on every copy. Formal registration is es-

sential, but must follow publication.

The copyright notice must include the word "copyright", the abbreviation "copr." or the symbol (C), plus the name of the owner and year of publication. Unless this notice appears on each copy, an author loses his right to keep others from copying. The notice serves to warn the public of the author's assertion of his rights.

Since 1955 the use of the symbol c has been more widespread in this country, in order to confer international protection of an author's works. By treaty, other countries recognize our copyrighted works and afford them full protection if the copyright notice includes the symbol c, the owner's name and year of publication. Since both domestic and

international literary protection depend upon it, the short copyright notice should never be ignored.

Lodging Important Grain Sorghum And Corn Disease

Charcoal rot or lodging is a common disease of grain sorghum and corn in most areas of Texas. The fungus root rot causes more damage than head smut in many areas. Close to 100 percent infection may occur in susceptible selections or varieties. Losses are apt to be heaviest during years of little rainfall with dryland farming. Although lodging is caused

by other things in many cases it is charcoal rot disease. Damage is noticed during June and July in South Texas. The disease appears in North Texas during August and September.

Damage is easiest to detect when the plants are approaching maturity. Charcoal rot damaged plants have poorly filled heads or ears with lightweight grain. Diseased stalks ripen and dry early.

Weakening of the stalks by the fungus, in many cases, causes them to lodge. Stalks are soft and discolored at the base with the pith disintegrated and shredded. Small pin-point, blackish, seed bodies (sclerotia) may be among the shredded pith.

"At the summit of every noble human endeavor, you will find a steeple pointing to God."—Dr. Mack Stokes.

Thursday and Friday of last week friends and neighbors responded beautifully and generously to the relief drive for Hurricane Carla's victims. Two loads of merchandise were delivered to the Salvation Army Post at Abilene where Major James A. Anderson was in charge. The following clipping comes from the Abilene Reporter: "Maj. James A. Anderson of the Abilene Salvation Army Citadel was the first person reaching Placios in the Gulf Coast disaster area with emergency relief supplies and a mobile canteen for the Hurricane Carla victims."

Mrs. Anderson said she received a telephone call from her husband late Friday and he told of "floating in" at the devastated city. He said a larger vehicle was needed to tow him through a high water area.

The local Salvation Army unit has sent more than 370 boxes of relief supplies into the disaster areas."

Due to illness Pastor Jerry Henson was unable to be with his congregation Sunday. Rev. Don Adams of Abilene delivered the Sunday messages. Mrs. Adams accompanied. Mr. and Mrs. Bill Fry-

mire of Ovalo attended the night services.

At the Moro Baptist services Sunday morning Pastor and Mrs. Jack Bedford gave the special "Hand in Hand With Jesus," accompanied at the piano by Mrs. J. W. Allmand. For the night special Mrs. Earvine Carey and son Randall sang "Be still and Know." At this service Mr. and Mrs. Ignacio Aranda and daughters, Vera and Jamie united with the Church.

Gaius: Commitment to Christ's work is the subject for next Sunday's Sunday School Lesson. The following is by Amos John Traver.—As a child I recall how we enjoyed entertaining pastors, secretaries of church boards and returned missionaries in our homes. Christian hospitality is basic to our belief in Christian brotherhood. Our homes and churches should welcome visitors as members of the family of our Lord.

It would have been a joyous experience to visit the congregation where Gaius was a leading layman. He would have noted the stranger, given a personal welcome and probably invited him to his home for dinner. Gaius needs no bronze tablet to record his good life. His name is read wherever the Holy Bible is read.

State Capital Highlights

Capitol Grounds Damaged By Carla; Austin Took Care of Storm Refugees

BY VERN SANFORD Texas Press Association

Hurricane Carla had its impact on the State Capitol. But not like it did on the Coast.

Refugees camped on the Capitol grounds the first night of the storm. They were moved into public buildings as the rains reached Austin. Several giant trees on the Capitol grounds were blown down, and the Board of Control estimated damage of \$5,000 to Capitol grounds and buildings.

State officials were busy, too. Gov. Price Daniel's on-the-scene inspections led to several coastal counties being declared disaster areas. Thus they became eligible for Federal aid.

State Insurance Chairman Thomas Ferguson announced that several hundred insurance adjusters had moved into the coastal area to begin estimating damages to insured properties.

So far no one had any estimate of the total damage Carla did to Texas.

One sure thing is that insurance companies, which have taken in about \$15,000,000 in premiums this year for windstorm and rain damage in the seacoast territory, will have substantial losses to pay above their income from this source.

MORE SALES TAX RULINGS Comptroller Robert S. Calvert is still issuing rulings on how the new state sales tax applies to specific sales situations.

He has changed his mind for the first time. It's on the subject of repairmen.

New ruling declares that the repairman is the consumer of the tangible personal property which goes into a repair job, unless he has a contract under which he is to bill the customer separately for labor and parts or materials. In that case, he can collect the sales tax from the customer on the materials only. But if the repair contract is for a lump sum price, the repairman must pay the 2 percent sales tax on the supplies and materials at his cost.

These and other complications of the huge tax law led to two proposals for changes.

Atty. Gen. Will Wilson recommended that it be changed to an across-the-board 2 percent tax, with no exemptions.

State AFL-CIO Pres. H. S. Brown called for complete repeal of the sales tax, and substitution of an income tax which he said "you pay just once a year, instead of 15 times a day."

WHAT'S A FARM TRAILER? The new revision of the law

which used to exempt farm trailers from license fees has lots of people in a swivet. The law was revised twice during the spring sessions of the Legislature. Governor Daniel vetoed the first bill by Rep. Grainger McIlhenny of Wheeler, so it was passed again in modified form.

It now requires the larger farm trailers to have "exemption tags" which cost \$5. It also requires owners of oil-well servicing and drilling equipment to have license plates if they are to be moved over the highways.

Oilfield servicing companies brought suit to set aside this interpretation of the law. License plates, based on weight, would be staggering, they claim as they maintain that the legislature did not mean to tax them when it wrote in an exemption for the water well drillers.

Rural legislators report some farmers aren't happy about having to pay \$5 to be exempt.

CLUB TAX REVENUE HEAVY Another new act of the Legislature which took effect Sept. 1 levied a tax and license requirements on the "private clubs" where mixed drinks are served.

Texas Liquor Control Board had little idea how many such clubs there are, and how many members they had. In the first two weeks, the license-fee receipts at the Liquor Board came to \$420,000, and returns are still coming in.

This would indicate a private-club membership of about 210,000, since the tax is approximately \$2 per member per year. Clubs operated by veterans organizations and fraternal organizations are exempt from the tax and license requirements.

The new law was pushed by the hotel and restaurant people, who wanted to get the private clubs legalized and out of the no-man's land where they have been operating for several years. Regulations require them to have food available to serve their members and guests in order to be eligible for a license.

MORE ELECTIONS Special elections will have to be held in Bexar, Grayson-Cooke, Galveston and Potter Counties to fill House vacancies before Governor Daniel can bring the Legislature back into the special session he plans for it this fall. If he sets the special session for late October or early November, as many think he will, the elections will have to be called soon, to have the new lawmakers ready to go to work when the sessions opens.

Major item for the special session is the enactment of legislation to license lenders and regulate interest rates.

House passed a bill during the regular session in the spring to set up tight regulation with fairly high interest charges. But the Senate could not agree. So the bill died.

As the law now stands it is illegal to charge more than 10 percent per year in interest. Courts have wiped out all the various subterfuges by which higher rates were being charged. So lenders, who contend they cannot get by on 10 percent on small loans, are anxious to be legalized in some fashion.

NEW OIL POLICY-MAKER Lieut. Gov. Ben Ramsey became Railroad Commission Ben Ramsey in ceremonies Monday, and went right to work at the statewide oil proration hearing held Tuesday.

Ramsey leaves behind a record that probably will never be broken—election to six terms as lieutenant governor. Some earlier holder of that office had won as many as three terms, but there had been few of them.

Ramsey's salary goes up from \$4,800 a year and an apartment in the Capitol to \$17,500 a year, but he will have to pay his own rent.

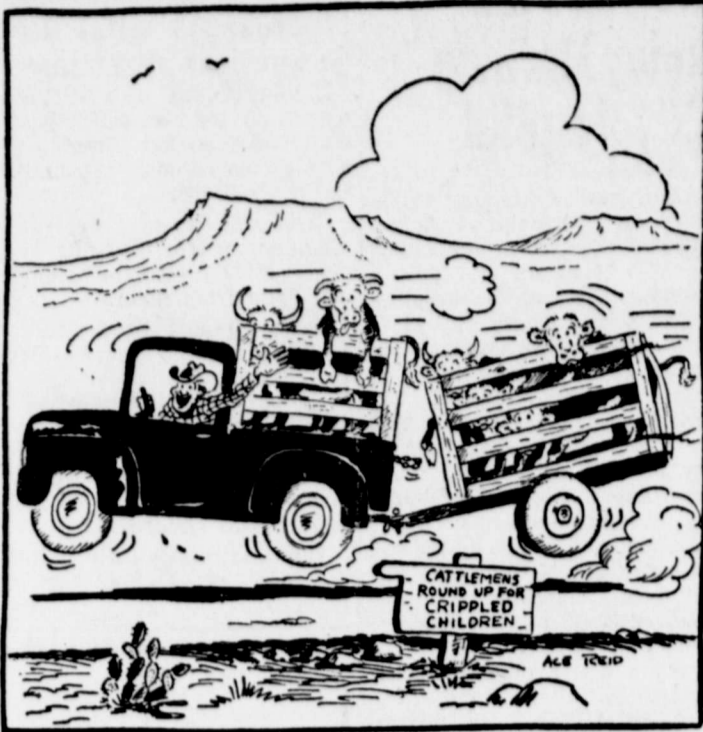

Senator Bruce Reagan of Corpus Christi assumes the duties of lieutenant governor until the special session opens. Then the Senate will choose another senator to preside over its meetings. Choice lies between Senators Culp Krueger of El Campo, Charles Herring of Austin and Henry Gonzalez of San Antonio. All three came to the Senate on the same day in 1957.

Senators Preston Smith of Lubbock, Crawford Martin of Hillsboro, Robert Baker of Houston, Wardlow Lane of Center, A. M. Aikin Jr. of Paris, George Parkhouse of Dallas and Speaker James A. Turman of Gober are among the office holders considered likely to run for lieutenant governor.

Don Yarborough of Houston, who gave Ramsey his closest race for the office in 1960, is also expected to run.

Maury Maverick Jr. of San Antonio is another potential candidate.

STATE DOLLARS

The year-end report of Comptroller Calvert gives Texans an idea of how big their state government has become.

During the state fiscal year which ended Aug. 31, the state government took in \$1,210,107,355 and spent \$1,192,569,099. Of the spending, \$370,000,000 went for highways, \$468,000,000 for education, and \$188,000,000 for public welfare.

Those three big items total \$1,000,000,000, leaving less than \$90,000,000 for all other activities of state government, including the executive department, the courts, the legislature, safety, health, state mental hospitals and the correctional institutions.

The figure on state spending will be substantially larger this year, mainly because of the increases in the school-aid program and the improvements in higher education. Biggest source of state money is Federal grants for highways, education, welfare, game and fish, health and other programs. They add up to \$288,000,000 a year. The new retail sales tax will be the third biggest source of money this year. It is estimated to bring in about \$150,000,000, which will put it ahead of the oil production tax, the present third-place source of money at \$122,000,000 a year, but still behind the motor fuel sales tax, which brought in \$177,000,000.

Harvey L. Havner Died Sunday In Winters Hospital

Harvey L. Havner, 67, resident of Winters since 1947, died Sunday afternoon in Winters Municipal Hospital following a stroke ten days ago while on a business trip in Eagle Pass. He was hospitalized there for four days, then transferred to Winters.

Born April 9, 1894 in Comanche County, Mr. Havner moved to Runnels County in 1912 settling between Crews and Paint Rock. Later he moved to Eastland County where he lived for several years before moving to Dimmitt where he lived for a year. He moved back to Eastland County before returning to Runnels County in 1941 settling at Wingate. In 1947 the family moved to Winters. He was married to Emma Wheeler in 1918 in Cross Plains.

Mr. Havner, a retired farmer and employee of the City of Winters, was a member of the Assembly of God Church.

Funeral services were held Monday afternoon at 3 o'clock in the Winters Assembly of God Church with the Rev. Johnnie Curtis Amburn, pastor, officiating. The Rev. Virgil James, pastor of the Winters Southside Baptist Church, assisted and burial was in the Lakeview Cemetery.

Survivors include his wife, four sons, James of Eunice, N. M., Dock of Odessa, Junior W. of Sweetwater and Virgil Ray Havner of Abilene; three daughters, Mrs. J. E. Dawkins of Abilene, Mrs. J. Z. County HD Council Held Meeting In Ballinger Tuesday

The September meeting of the Runnels County Home Demonstration Council was held Tuesday morning in the conference room of the court house in Ballinger with Mrs. M. R. Pettie presiding.

Ten clubs with 23 members were represented at the meeting and Miss Olive Chenoweth, Runnels County Home Demonstration Agent was a guest.

Reports were heard from the chairman of education and the civil defense committees and Mrs. Frank Greger, adult leader for Norton 4-H Girls Club, gave a report on the electric clinic held in Ballinger August 15, and announced that a district 4-H leader training school would be held Oct. 12, in Coleman. Marshall Crouch will conduct the training school. Beatrice Urbaneck of the Rowena 4-H Club was announced as the Runnels County Gold Star Girl.

The resignation of Mrs. Clyde Simmons, council secretary, was accepted by the council and Mrs. Neuman Smith was appointed to serve temporarily. Mrs. E. F. Voegelsang was elected county THDA chairman to complete the term of Mrs. Glenn Eager, who moved to Abilene.

A nominating committee composed of Mrs. Bill Hays, Mrs. Halton Laxon and Mrs. J. L. Ohausen was named for 1962 officers. A meeting of the yearbook committee will be held September 29, at 9:30 a. m. in the conference room at the court house and all club presidents and council committee chairmen will attend.

Miss Chenoweth conducted two shoe-covering workshops recently in Winters and Ballinger.

Highlight of the August club reports was the announcement by

the Ballinger Club that one of their members, Mrs. Lyle Currie, had attended the National Home Demonstration Council convention held recently in Orono, Maine.

The Bethel Club reported the completion of a road sign project in their community and a demonstration on making hand cream was given by Mrs. J. D. Rneau, a non-club member. The South Ballinger Club has enrolled two new members and the East Ballinger Club has re-organized with Mrs. F. W. Spieker as president and nine members enrolled.

The often Club reported that a donation to the Ballinger Memorial Hospital had been made in the memory of Mrs. Marion Hays, who was a member of the Bethel Club and of the council. Miss Chenoweth expressed a deep love for Mrs. Hays when she spoke of her life of service to her church, community and club.

As the council adjourned, members stood for a few moments in silent prayer for Mrs. Hays.

The art of cooking does not end with the preparation of plain food. Better to sink beneath the shock than moulder piecemeal on the rock.

Nature does make mistakes; sometime she puts all the bones in the head and none in the back.

It is said that it takes 11 years of intensive study to learn to speak the Navajo language.

Living in a trailer house at Farmington, 60 miles from her work, because no property can be purchased on the reservation, Miss Mitchell says that some of the roads are almost impassable. On one trip near Sweetwater it took her one hour to drive 14 miles. Near a four state intersection, she can drive into Utah, Colorado or Arizona for many miles and there is no mission work of any kind being carried on, principally because of the bad roads. A new highway from Shiprock to Tuba City, Arizona is being constructed and when completed will be equivalent to Highway 66.

Becoming a mission volunteer at Breckenridge in 1946, Miss Mitchell was born and reared at Straw, finished high school at Caddo attended Ranger Junior College, Howard Payne, and Southwestern Seminary at Fort Worth. Her first work was on a small farm near Albuquerque. She then worked at Shiprock with Rev. and Mrs. George Wilson for four years. On June 1, 1960 she was appointed by the Home Mission Board and began her present work.

Following Miss Mitchell's talk Mrs. W. S. Cooke conducted a discussion on mission work in Texas. Those taking part were Mrs. J. E. Smith, Mrs. Joe Baker, Mrs. Loyd Roberson, Mrs. Charles Hester, Mrs. T. H. Worthington and Mrs. Russell Mote.

Approximately 30 women attended.

GROWTH

Keynote of the Center of the Southwest

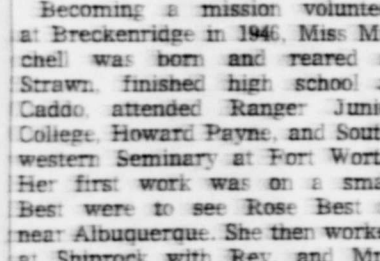

West Texas Utilities Company's service facilities are growing as the area we serve grows.

This service area is the Center of the Southwest—the very heart of a five-state region that is growing 25 per cent faster than the Nation.

A multi-million-dollar growth program is now under way, and even more expansion is in the planning stages. Major examples are our new generating, transmission and distribution facilities, where much construction is now going on.

Our continuing growth program is seen also at the local level. Pictured here, for example, are three of our local offices which have been remodeled recently.

This Company is convinced that we face Growth Unlimited. The money we are spending for expansion today is our INVESTMENT IN THE FUTURE.
