HOME TOWN

Talk

By R. C. THOMAS

It is about every time we are acquainted with one situation, year after year, that we have to come along and make some changes so that the process has to be gone over again.

It is with high school football that the past two years we've kinda used to the idea of a makeup of District 6-AA, with Winters, Ballinger, Haskell, Hamlin and Stamford.

Now comes word that the makeup will be changed for next year only in numerical designation but in team makeup. The makeup will become 5-AA, and Winters will become a new member of the "Little Southwest Conference."

Interscholastic Learning has made other changes in the schoolboy football makeup. Our old friend Coleman has been so long a member of the 3-A for the next two years, that it has been shifted up and down, and now to their scholastic enrollment figures for each year are based on the "average membership" of the school for the last four years for the 1961-62 and 1962-63 years. Schools with more than 100 students are in 4-A; 45 to 100, 3-A; 25 to 45, 2-A; 15 to 25, 1-A.

A 2-A conference, of which Winters is a member, there will be next year, about 181 schools.

Speaking of football, we recently of a coach in another section of the state set up the regular training for the football team. It seems that several members of the team apparently decided the rules were for everyone but did not apply to them and they broke training, with a definite breach of the coach's discipline. The coach dismissed several members of the team, which caused half the town to get in a rage because their son was being "punished." They felt that the coach reinstated the rule of the fact that they refused to abide by it. We don't know how it turned out but fear that perhaps the pressure exerted on the "unthinking" fans may cause a complete scrapping of the game so that the town could have a football team.

Part of this is sickening, the realization hits home of the importance in the winning of games that they do in training and education of the team. We've all known instances where coaches were because their teams were winning games, or when they felt that their rules were followed usually is done without the slightest thought toward whether the athletic program is actually its main purpose, the healthy bodies and minds. The game's the reason for this ever happens here, we have reason to hang our heads in shame.

A comeback last week... only three of the games were conducted. This week, it looks like over Arkansas State over SMU over Tex. A. & M. over Texas Tech over North Texas over McMurry over Hamlin over Anson over Maryland

District Governor Will Speak At Winters Lions Club

Louis D. Carothers, district governor of District 2-AL, Lions International, will be the principal speaker at the regular meeting of the Winters Lions Club next Tuesday.

Carothers is making an official visit to the local Lions Club, and will advise and assist officers, directors and members on matters pertaining to Lions activities.

Winters Club President Mord Tucker has announced that other Lions Clubs in the area have been invited to attend the weekly meeting of the local club.

Lion Carothers is one of the 408 district governors who supervise the activities of more than 17,000 Lions Clubs. Lions International was formally founded in 1917, in Dallas, and during the past 46 years has become the largest, most active and fastest growing service club organization in the world. There are Lions Clubs in 122 countries, or geographical locations, with a world membership of some 684,000. Special mission of the Lions Club is the promotion of good government and good citizenship, development of civic, educational, social and moral welfare of the community and the nation, and to help create and foster a spirit of generous consideration among the peoples of the earth.

New Winters Public Library Dedicated In Ceremonies Here Sunday Afternoon

Winters' new Public Library was dedicated Sunday afternoon, marking what has been termed an almost phenomenal determination on the part of many local citizens, and bringing to reality a dream which has been foremost in the thoughts of the librarian for many years.

The new facilities on North Main Street were open for public inspection from 2:30 to 5 p. m. Sunday, and approximately 300 visitors registered during the open house celebration.

A dedicatory service was held at 2:30, during which Miss Myra Glover, librarian, received special recognition for her efforts and dedication toward the library. Runnels County Judge W. H. Rumpy, who was the main speaker during the dedication service, pointed out that if persons in the community recognize that they are "stockholders of the library, it will live and continue to live." Miss Glover was praised as a person "determined to be of service to her fellow man and the people of Winters."

Mayor Harvey D. Jones was master of ceremonies for the occasion and introduced the Rev. Edgar Graham, pastor of the First Presbyterian Church, who led in prayer, read Scripture and made a brief address.

Visitors at the open house were welcomed by members of the library committee, made up of individuals and members of several organizations who have been working for the library. New equipment for the library was shown, along with the many thousands of books which have been added during the past several months and through the years in the development of the library.

Among those making large donations to get the campaign started were Cal Young, president of West Texas Utilities Co., John Q. McAdams, president of Winters State Bank, G. W. Strake, of Strake Oil Co., and Mrs. J. W. Bright, formerly a resident of Winters but now of Fort Worth.

The library, now located in downtown Winters, is open on Monday, Wednesday and Saturday afternoons from 2 until 6.

FBI Called In On Bank Break-In At Wingate

Agents of the Federal Bureau of Investigation have been called in to help investigate a break-in at the Wingate Security Bank, it has been learned. The break-in occurred Monday night.

Sheriff Don Atkins of Ballinger said that his department and other law enforcement officers were working on several leads, but had no definite announcement to make.

The break-in at the Wingate bank was the second in recent weeks. The last burglary was on the night of Sept. 29, when an amount of "less than \$10" was taken, Sheriff Atkins said. The bank has been burglarized a number of times during the past 10 years.

Sheriff Atkins said that the side door of the bank was forced open Monday night, and the vault room was entered, although the vault itself was not entered. There was no report of money missing.

The sheriff also is investigating two burglaries which occurred in Ballinger Monday night. The William Cameron Lumber Co. office was entered, and a knob was knocked from the safe in an unsuccessful attempt to find money, he said.

The Gabbert Packing Plant in Ballinger was entered and about \$20 in cash taken from the cash register.

Sheriff Atkins told The Enterprise Wednesday that because the "method of operation" was the same on all three burglaries, it is suspected that the same gang is responsible for all three.

Southside Baptist Young People Attended Rally

Sixteen young people from Southside Baptist Church attended the Association Youth Rally at the First Baptist Church in Robert Lee Oct. 12, to bring home the attendance banner for highest number present.

Four students from Hardin-Simmons University presented the program and led in a fun fellowship period.

The Winters group was accompanied by their teacher, Doyle Newcomb, Mrs. Newcomb and G. B. Evans.

On October 15, the young people's group of Southside Baptist Church, held a patio party at the home of Mr. and Mrs. Doyle Newcomb. Following the meal, the group heard a report from the nominating committee, and elected officers. Members of the nominating committee were Bill Crim, Toni Eoff and Johnny Mansell.

Officers elected were Johnny Mansell, president; Tony Eoff, vice president; Norma Wade, secretary; Kay Bullard, assistant secretary; Elaine Campbell, reporter. Group leaders named were Glenda Campbell, Ida Martin and Glenn Young. Class Mother and Dad are Mr. and Mrs. G. B. Evans.

The Rev. Virgil James spoke to the group. Twenty-one members and leaders were present.

Friday Night Grid Game Starts at 7:30

Kickoff for the Winters-Haskell football game tonight (Friday) will be at 7:30. Remaining games this year will begin at that time.

This is in accordance with the decision of District 6-AA officials who set 7:30 as the time for conference games. Pre-conference games have all started at 8.

Jerry Dunn Student Council President At Angelo College

Jerry Dunn, son of Mr. and Mrs. J. W. Dunn of Wingate, and a sophomore student at San Angelo College, will preside as president of the student council for 1963-64 school year. Dunn is a chemistry major.

The newly elected treasurer is Marian Burrow, a sophomore from Wingate. Miss Burrow has also been selected as a member of the cast of "The Miracle Worker," a drama in three parts, which will be presented by the San Angelo College drama department on November 11-12. She plays the part of Aunt Ev.

SGT. KENNETH DUNNAM

Sgt. Kenneth Dunnam Assigned To Special Forces In Germany

Sergeant Kenneth K. Dunnam, son of Mr. and Mrs. G. L. Dunnam, left Saturday from New York to report to the Tenth Special Forces in Germany. His wife and son will remain in Temple until they can join him at a later date.

Sgt. Dunnam attended Winters High School, and volunteered for service during the fall of his senior year. He received his diploma while in the service.

Joining the Army in October 1956, Sgt. Dunnam received training at Fort Bliss. He has since been stationed in Korea, at Fort Hood, in Okinawa, in Thailand, and attended jump school at Fort Benning, Ga. He also was stationed at Ft. Bragg, N. C.

He has served in ordnance and in the Quartermaster Corps, and with several other branches of the Army before transferring to special forces. He is making a career of the service.

Sgt. Dunnam was married in 1960 and has one son, Kenny.

VFW and Auxiliary Will Sponsor Bike Safety Program

The Winters Post of the Veterans of Foreign Wars, and its Ladies Auxiliary, will sponsor a "Lite-A-Bike" safety program for Winters and community, according to an announcement this week.

The program consists of installation of safety reflectors and markers on all bicycles, it was reported. All materials for the program will be furnished by the VFW and Auxiliary, and no charge will be made to any person owning a bicycle or scooter.

In Winters, the program will be held Oct. 26 at the City Hall, from 8:30 a. m. until 10:30 a. m., or until all bicycles and scooters have been marked. Winters Chief of Police Joe Stevens will be in charge of the program, assisted by VFW members.

This program has been fully endorsed by school officials, Supt. James B. Nevins said. He added, "I hope that every person owning either a bicycle or a scooter will take this opportunity offered by this organization" to put safety markers on the equipment.

Stevens urged all parents "to avail themselves of this opportunity for the safety of the children."

In Wingate, the program will be held on Oct. 25, beginning at 8 a. m. at the Wingate School. Supt. A. Dooley will be in charge of the program, assisted by VFW members and Explorer Scouts.

Vandals Cause Damage To High School Library

Vandals entered the building of Winters High School sometime Sunday night and did some damage, Winters Chief of Police Joe Stevens said.

Books and file cards were scattered about the room of the high school library, Chief Stevens said, but there appeared to be nothing missing. Entry was made through a broken window, it was reported. Also, Stevens said, another window in the high school building was broken. He said a rock had been thrown through the window with such force that "a hole was knocked in the opposite wall."

Stevens said his department is checking out several leads in this break-in, and there is belief that the vandalism was committed by juveniles.

Homecoming Event Following Football Game Here Tonight

All ex-students of Winters High School have been invited to attend a homecoming event in the school cafeteria immediately following the Winters-Haskell football game here tonight (Friday).

The event is being sponsored by the Student Council, and will be an informal tea, honoring alumni. The come-and-go affair will last from 9:30 until 11 p. m.

This is the first time in a number of years that Winters has had a homecoming celebration. All former students and faculty members are invited to attend. Student Council members expressed the hope that this could become an annual affair.

District 22, Veterans of Foreign Wars Convention Here Saturday and Sunday

L. N. Kirkpatrick, State Junior Vice Commander of the Veterans of Foreign Wars, will be the main speaker at a joint session of District 22 VFW and Auxiliary during the district convention here Saturday and Sunday. The joint session will be held at the Winters VFW post home Sunday morning.

Haskell Here At 7:30

First Conference Grid Game Tonite

With five non-conference preliminary games behind them, the Winters High School Blizzards go into district play tonight (Friday), meeting the Haskell Indians here. Kickoff time is 7:30 p. m.

Other teams of District 6-AA begin conference play this week, with Anson at Ballinger, and Hamlin at Stamford.

This will be the last season for play under the present makeup of the district. Next year, Colorado City joins the six present members, and district designation will be changed to 5-AA.

The Blizzards have had two weeks of rest since their 37-0 coup against the Bluecats from Coleman. Coach L. G. Wilson said that workouts have all been good, with little or no letdown since their last game, and very few injuries which might seriously impair any player's usefulness against Haskell.

In the five pre-district games, the Blizzards have run into some

CAPT. RICHARD J. LONDON

Capt. R. J. London Awarded Plaque In Fighter Competition

Captain Richard J. London of Winters has scored a direct hit in his category at William Tell, U.S. AF World-Wide Fighter Interceptor competition at Tyndall AFB near Panama City, Florida.

Flying a F-102 Delta Dagger, London and his three teammates put four holes in the Ryan Q2C drone, target for the interceptors. For his accomplishment he will be presented a plaque by Ryan Aeronautical Company, manufacturer of the drone.

His team, the 59th Fighter Interceptor Squadron, Goose Air Base, Labrador, is competing against five other top squadrons including teams from Alaska, Germany and Japan for the title of best F-102 fighter squadron in the world.

Assigned To Fleet Air Wing On Okinawa

Chief Radioman Kenneth R. Wilson, U. S. Navy, has been transferred from the carrier USS Hornet (CVS-12) to the staff of Commander Fleet Air Wing One, Okinawa.

Chief Wilson is the son of Mr. and Mrs. L. F. Wilson. He arrived in Winters October 3 for a leave, and departed October 14 for San Francisco to obtain transportation to Okinawa. He has served 15 years in the Navy.

bad luck, winning two, losing two and coming up with a tie on one. They defeated Colorado City 22-3 in the opener, then lost to Mason 0-6, tied Brady 14-14, lost to Albany 6-16, and then swamped Coleman 37-0. Even with their 2-1 record, the Blizzards have held their opponents to only 44 points, while racking up 79 for themselves this season.

Haskell has a 3-2 record at the half-way mark this season. They dumped Seymour 33-18, took Clyde 25-14, and Monday 8-0. Their losses have been 6-15 to Burk Burnett, and 0-26 to Wichita Falls Hirschi.

This probably will be the most interesting game of the season thus far, for fans, not only in the fact that it is the first conference tilt, but also because both teams are similarly rated. Spectators probably will see a good bit of aerial work tonight, as both teams have been taking the air lanes to gain ground in previous games. In this department, Winters is slightly ahead of Haskell, hitting 28 out of 63 tries in five games, for a total of 462 yards gained passing. Haskell has hit 18 out of 50 attempts, for 352 yards.

In the yards rushing department, Haskell has a slight edge, with 826, with Winters' total at 776. Haskell is behind opponents in the score department, even in the face of their 3-2 record. The Indians have counted only 72 points, while their opponents have chalked up 73 against them for the season.

The Indians have three returning backfield men who have seen action against the Blizzards before. They are James Brown, a wingback who won the 100 yard dash in 10.2 in district, and respected as a fast man on the gridiron; Thigpen, a sprinter who is playing his third year in the backfield. Their quarterback, 190-pound James Davis, is a left-hander to be watched Friday night.

Coach Wilson expects to field about the same lineup he has used in the past five games. Denny Aldridge will be in the down under spot, backed by Larry Awalt and Jimmy Adams at half. Steve Grissom will fill his usual fullback position on offense.

Texas Tourist Development Agency Dedicated To Bringing Tourists Here

By—Vern Sanford
Texas Press Association

A brand new State agency dedicated to bringing more free-spending tourists to Texas now is in operation.

Texas Tourist Development Agency held its first meeting, discussed policy guidelines and set a timetable for selection of an agency to handle its \$200,000 advertising account. Advisory board members will meet on January 16-17 to pick the firm which will prepare and place its tourist-luring ads.

Sworn in as advisory board members were James M. Gaines, radio-television executive of San Antonio, chairman; Bill Berger, publisher of the Hondo Anvil-Herald; John McCarty, advertising executive of Frito-Lay, Inc., Dallas; G. A. (Pop) Mabry, public relations executive for Humble Oil and Refining Company, Houston; John Powell, hotel executive of Austin; and Chris Fox, El Paso banker.

Said Gov. John Connally: "I hope this is the beginning of a tremendous program. . . . Your work is important to the economic future of Texas."

He commented that the 1964-65 advertising budget is so small that the state will have to "ride piggy-back" on privately financed national advertising for a few years.

He noted that Texas is sixth in the nation in population — and some statisticians believe it soon will be third. But it's below the top 10 in tourist attraction.

In 1957, 10,400,000 tourists came to this state and spent \$531,000,000. In 1962, only 9,600,000 tourists visited Texas. They spent an estimated \$471,000,000.

A "See Texas First" campaign to get Texans to spend their vacations in Texas is being planned. The Agency is stepping up its administrative activity, and will add Walt Warner, Capitol correspondent, to its staff.

POLITICS BOOMING

First formal affair of the coming political campaign season will be an "appreciation dinner" to be held on October 19 in Austin for Sen. Ralph Yarborough. Texas' senior Senator, certain to run for another six-year term in 1964, will gather a political war chest through the dinner.

Bringing more campaign fodder to Texas will be Pres. John F. Kennedy. He will make a two-stop trip to the Lone Star State in November.

Texas Republican Chairman Peter O'Donnell, head of the Draft-Goldwater movement nationally, hopes to set up a dinner in January at which the Arizona Senator will announce his candidacy for president.

Both party's headquarters in Austin are increasing their staffs, as they get ready for what now appears to be a humdinger of a political year in 1964. Both democrats and republicans expect the GOP to muster more strength in 1964 than they did in 1962. Republicans are so hopeful about their chances that there is real competition in at least two of them. Don Yarborough of Houston says he will decide by December 1 whether or not he'll run against Governor Connally in next May's primary.

Close friends of Congressman Jim Wright of Fort Worth predict he will be a candidate for the U.S. Senate.

State Rep. Horace Houston of Dallas announced his candidacy

The eyes of a young Texan light up over a painting depicting one of the Lone Star State's finest moments — Sam Houston leading his troops at the Battle of San Jacinto. When the smoke cleared away, Mexican General Santa Anna was defeated and Texas became a Republic with the tough, six-and-a-half foot Houston as its first president. The portrait of Houston, twice president of Texas and its U. S. Senator, is one of 75 historic paintings, "Faces of Freedom," an art exhibit presented by the American Heritage Foundation and the John Hancock Mutual Life Insurance Company. It is currently on display at the State Fair of Texas in Dallas.

for lieutenant governor at a GOP leadership conference here.

State Sen. Franklin Spears of San Antonio is visiting newspapers and otherwise sounding out his chances in a race for the same office — as a Democrat.

Some 300 San Antonio attorneys have signed a petition urging Associate Justice Jack Pope of the Fourth Court of Civil Appeals to run for the State Supreme Court.

Smith County District Attorney Bill Coats says that reports indicating House Speaker Byron Tunnell will have trouble getting re-elected in his home district (Smith and Gregg counties) are incorrect. Says the D. A.: "The only time I hear that. . . is when I come to Austin. . . Tunnell is in good shape at home."

Four candidates for congress are thundering along 10th District campaign trails. A special election is set for November 9. Candidates from Austin are Jake Pickle and Jack Ritter Jr., Democrats, and Jim Dobbbs, Republican. The fourth, Frank B. McGhee, came all the way from Dallas to enter the Central Texas race. McGhee claims no party connections.

MOHAIR MARKET SOUGHT

Angora goat raisers brought their problem to the Texas Industrial Commission. They have asked Director Harry W. Clark for all the help his state agency can offer.

Goat raisers want to lure to Texas some mohair scouring, sorting, grading and combing industries. This so their product can be turned out in finished form. But they don't know how to go about it. As far back as they can recall, they have sold raw, ungraded, sacked mohair to buyers from four eastern firms who ship

it east for finishing.

D.W. (Speedy) Hicks of Bandera said the goat raisers don't know manufacturers requirements.

Clark said the commission is ready to lend a helping hand, through research and promotion. But he added, "I foresee real obstacles in trying to sell manufacturers before style centers are established here."

James L. Powell of Fort McKavett, president of the Texas sheep and Goat Raisers Association; L. M. Stephens of Lometa; Howard G. Hay of Bandera; Houston Smith of Texas A & M, and Armer Earwood of Sonora will work as a committee with the Industrial Commission's staff.

APPOINTMENTS MADE

Governor Connally, whose October calendar is so crowded with out-of-town speaking engagements that he told an aide he would be home only two nights this month, managed to squeeze in time to pick five appointees to the Good Neighbor Commission.

Jack Drake of Weslaco, Robert Galvan of El Paso and Charles L. Nunn of Sweetwater were appointed to six-year terms. Mrs. Bob Long of Austin and Ramiro B. Martinez of McAllen were chosen to fill vacancies on the commission.

Drake is executive vice president of the Lower Rio Grande Valley Chamber of Commerce. Galvan, Nunn and Martinez are attorneys. Connally reappointed Walter Buckner of San Marcos as employer representative on the Industrial Accident Board. Buckner is co-owner of the San Marcos Record.

COUNTY OFFICIALS ELECT

Pat Vaughan Weds California Girl; To Live In Texas

Mr. and Mrs. E. E. Williams of National City, California announce the marriage of their daughter, Barbara Avery to Mr. Pat M. Vaughan of Winters.

The wedding vows were exchanged Thursday evening October 10, in the Gretna Green Wedding Chapel, Wintershaven, California.

The bride is a graduate of National City High School and has been employed as a secretary for the Navy exchange, Balboa Hospital, San Diego, California.

Vaughan, a graduate of Winters High School, attended Abilene Christian College and San Angelo Junior College. He has recently completed four years in the Naval Airforce and is now employed at Bell Helicopter Company at Hurst, Texas.

Mr. and Mrs. Vaughan are now residing at 704 Shady Lane at Hurst.

Texas' County Judges and Commissioners meeting here elected Elmer Zahn of Fallsburg president. Sam Brazier of Emory was named secretary-treasurer, and Harold C. Green of Water Valley, vice president. In a resolution, the county leaders said the State should get out of the property tax field and turn over the property tax to hard-pressed local governments.

PROPERTY TAX INCOME HIGH

Despite the Homestead Exemption Act of 1933, property taxes in Texas provide about five times as much revenue as the sales tax. So says the Texas Research League, which has just completed a study of the tax.

BANKS SEEK CHARTERS

Banking Commissioner J. M. Falkner has an application for a charter from the proposed Security Bank and Trust Company of Canyon.

He scheduled a State Banking Board hearing this week on the charter application of Forest State Bank, Dallas. Proposed Texas Bank and Trust Company of Midland also has applied.

Department will check into the need of a proposed Howe State Bank in Howe, Texas on October 28.

SLANT-HOLE CASE TRIED

First of the 52 slant-hole oil well suits filed by former Atty. Gen. Will Wilson finally came up for trial. Seven East Texas oilmen were hit with a \$4,500 penalty by District Judge Herman Jones of Austin's 53rd District Court. State asked \$139,000.

HEALTH LETTER

This world . . . is now, and ever shall be an ever-living Fire," said Heraclitus, an ancient Greek philosopher. This theory was refused long ago, yet fire never ceases to demand man's respect. Fire, we know, can either serve or destroy man.

Everyone benefits from the heat of a flame. But paradoxically, 500 Texans unwittingly sacrifice their lives to fire each year. Seventy-seven percent of these lives are lost in the sanctity of the home.

Last winter, while about ten million Texans warmed themselves by the fire, nearly 200 people died from fire mishaps.

With this in mind, October 6 through 12 is designated National Fire Prevention Week. It's a good time to look for and eliminate the fire hazards in your home.

Fire can start anywhere, but it usually originates in rooms housing the most activity. The living room and kitchen are each credited with 27 percent of home fire origins. Another 12 percent originate in bedrooms; 14 percent in closets and halls; 10 percent in basements.

To understand the anatomy of fire, think about these percentages. They are related to human activity.

It is people who doze in chairs and drop cigarettes under cushions to smolder and kill hours later after the family is asleep. Kitchen stoves don't burn, but

grease in an oven will someone has allowed it to accumulate.

Equipment in a house, especially electrical and heating, is the source of heat necessary to start a fire.

To prepare heating appliances for winter use, bear these points in mind. Install furnaces, heaters and stoves including flues vents-at proper distance combustibles. Clean and inspect appliances periodically. Place table room heaters well from curtains, towel racks and bed clothing.

Your best friend in the months is the gas man, who readily check your gas appliances before connecting them for use.

The charm of an open fire is irresistible on a cold winter day. You can enjoy it without if it's enclosed with a screen.

Should one of the 1500 daily accidental fires occur in your home, make sure your family know way out." Formulate a plan, allotting each member a secondary path of escape is the customary one is blocked.

BEEF FACTS
The quality of beef and the tenderness of the cuts are the two factors which determine the cooking methods which should be used in their preparation. Tender cuts of beef should be cooked by roasting, broiling and panbroiling and may be served either rare, medium or well done, according to personal preference. The less-tender cuts should be cooked by braising or in liquid to the well-done stage. All cuts of beef, regardless of the cooking methods, should be cooked at low or moderate temperature. This applies to all other meats, as well as beef.

Giesecke Named Chairman of Runnels SCD

H. (Pete) Giesecke, Jr., who ranches east of Ballinger, was elected chairman of the Board of Supervisors of the Runnels Soil Conservation District at the Board's first meeting last Friday, after the supervisors election at Crews.

Other officers elected were Arthur Eggeneyer, of Rt. 1, Miles, vice chairman; Kirby Robinson, of Rt. 3, Winters, secretary; and members Bill Minzenmayer, of Rt. 1, Winters and Jake Presley of Rt. 2, Winters.

"It is the policy of the board, after election each year, to select new officers for the coming year," Giesecke said.

Giesecke said that the board accepted, with regret, the resignation of Mrs. Thelma Vancil, the district's clerk, because of health reasons. The board approved construction plans for Charles Matuschek, Jr., and Price Middleton. The board signed a certification for the land rights on a flood control structure on Grape Creek.

Honor Roll For Elementary and Junior High School

Twenty-seven pupils of Winters Elementary and Junior High School are listed on the honor roll for the first six weeks period of the 1963-64 school year, according to George M. Beard, principal.

These pupils made an average of 90 or above on all subjects for the period.

CARD OF THANKS
This is a very small way, but we would like to try and express our gratitude, thanks, and appreciation to all who helped in any way when God called our loved one, Mrs. Homer Butts Sr. A special thanks to the ones who visited her over the period of time to make her days happier, to the Church's, friends and neighbors for the food, to the ladies who served it, for the beautiful floral offering, cards, letters and calls, we are grateful. To Bro. Ray Elliott for all his nice visits, words of encouragement and prayers. To Bro. Cecil Taylor for his words of comfort, to Dr. McCreight for all his kindness over these years she was bed fast, to Ted, Mildred and John and those who sat vigil. May God who has been so conspicuous in all of this Bless each an every one of you, and let us be a helping hand when sorrow comes your way in the prayer of The Family of Mrs. Homer Butts, Sr. 1tp

Another Road In South Runnels Being Widened

Word was received this week that another section of a highway in South Runnels County will be widened.

The Texas Highway Department has announced that State Highway 67 will be widened and improved from Benoit to the Coleman County line.

The highway was widened from Ballinger to Benoit in 1957, according to information received. The latest improvement plans will complete a highway widening project from the Coleman County line to Ballinger, thence to San Angelo via a four-lane construction.

According to information received, County Judge W. H. Rampsy said the county and state will participate jointly in the project. The county will secure the right-of-way and the state will pay half the cost, Judge Rampsy said.

Clyde Chapman, commissioner of Precinct 1, will secure the necessary deeds, and the right-of-way is expected to be purchased by the first of the year and contracts let soon after, County Judge Rampsy said.

Clouds Threaten, Only .10-In. Rain

Clouds rolled over North Runnels County Tuesday afternoon, but failed to release much more than a measurable amount of rain. Winters proper received only 0.1 inch of moisture, to bring the year's total to 20.1, the driest year since 1960.

No great amount of rain has fallen in this area since August, when only 5.2 inches was received. Wettest month of 1963 so far was May, with only 7.7 inches.

Sans Souci Dinner Party Held Tuesday In George Poe Home

Mr. and Mrs. George Poe hosted a dinner party for San Souci club members at their home on Tuesday evening. Co-hosts were Mr. and Mrs. B. T. Gardner.

A Halloween theme was carried out in decorations and upon arrival each guest drew his fortune from a pumpkin on the fireplace mantel.

Dinner was served buffet style from a table laid with a sheer handwoven cloth over orange and centered with an arrangement of grapes and fall flowers. Orange colored tapers in silver candleabra on the buffet furnished light for the diners.

Guests were then seated at four-some tables lighted with Halloween candles and place cards were spooky figures with heads of ghosts, pumpkins and black cats on slender black stems.

In addition to the hosts, after dinner games were played by the following members who attended, Mr. and Mrs. Gattis Neely, Mr. and Mrs. Fred Young, Mr. and Mrs. Bill Minzenmayer, Mr. and Mrs. Harry Herman, Mr. and Mrs. Ladell Davis, Mr. and Mrs. Raymond Lloyd and one guest, John Norman.

Mr. and Mrs. Derden Celebrated Silver Wedding Date

Mr. and Mrs. R. W. Derden celebrated their twenty-fifth wedding anniversary Sunday from 3 to 5 p. m. in their home.

Mr. and Mrs. Derden were married Oct. 13, 1938, in Stamford.

Mrs. W. M. Stiner, and Mrs. Ralph Parker greeted and registered guests in a bell shaped white book with silver trim. The book was made by Mary Louise Bishop.

Mrs. Haywood Tierce and Mrs. Ray Gray showed the gifts. The table was centered with a three tiered cake, which was decorated in white and silver, with "25" inscribed on the top. The cake was made by Mrs. Glenn Stiner and Miss Maynet Stiner.

Coffee was served by Mrs. Bill Hoppe from a silver service. Miss Maynet Stiner served punch, and Mrs. Glenn Stiner served the cake.

Others in the house party were Miss Ruby Bailey, Mrs. W. T. Billups, Mrs. A. L. Crockett, Mrs. L. R. Hoppe. Out-of-town guests were Miss Maynet Stiner, Mr. and Mrs. W. M. Stiner, Mr. and Mrs. Glenn Stiner, Mrs. E. L. Brooks, of Childress, Mr. and Mrs. Earl Hickman, Mr. and Mrs. Griff Heath of Austin, Mrs. O. C. Beddox of Sweetwater.

Approximately fifty guests registered.

Many people from out of town, interested in the progress and growth of the Winters Public Library, were on hand and registered during the dedication services and open house Sunday afternoon.

They include Mrs. J. W. Bright, Miss Frances and Sheila Allen, of Fort Worth; Mr. and Mrs. Homer Hutto, Tuscola; Mrs. R. L. Conner, Abilene, Dr. and Mrs. R. A. Lewis, Abilene; Mr. and Mrs. Carby Watkins and children, Ballinger; Dr. and Mrs. M. W. Condit and children, Temple; Mr. and Mrs. Earl Richey, Mr. and Mrs. Billy E. Richey, Content; Mr. and Mrs. Roy Smith, Novice; Mrs. Gladys Barnes and Nolvina, Norton.

Also, Charles Richardson, Abilene; Mr. and Mrs. R. E. Ruble, Ballinger; Mr. and Mrs. Dan L. Hasley and children, Stephenville; Mrs. Yancy McDaniel, Abilene; Miss Thelma Andrews, and Miss Marguerite Anderson, both of Abilene Public Library; D. Frances Bright, San Angelo Junior College Library; Mrs. W. J. Carnathan, Mr. and Mrs. J. T. Randolph, Abilene; and Judge and Mrs. W. H. Rampy, Ballinger.

SON TO TRAYLORS

Mr. and Mrs. Wendell Traylor of Houston are announcing the arrival of a son, Kelly Britt, on Sunday October 13, at St. Luke's Hospital. The paternal grandparents are Mr. and Mrs. Jewel Traylor of Houston, former residents of Winters and the maternal grandparents are Mr. and Mrs. Alton Walker of Houston.

CARD OF THANKS

We would like to express our thanks and appreciation to all our friends for the visits, flowers, gifts, letters and cards sent during my stay in the hospital, Victor White and wife.

AROUND THE 6-AA FOOTBALL LOOP

This week it'll be go for broke for each of the six teams in District 6-AA as they confine their battles to conference-mates. All the other games this year have been only in preparation for championship play, and a prelude of things to come. Pre-conference games serve only to get the teams on their feet, get them oriented, and have nothing whatever to do with the outcome of the district race.

Of course, pre-conference games do serve to build reputations can be shattered at any given moment, and standings can go tumbling. The infighting is yet to come, with a sample to be dished out come Friday night.

Only one team remains undefeated and untied in 6-AA. With the defeat of Hamlin and Stamford this past weekend by outsiders, Ballinger remains on top of the pile—by the skin of their teeth.

Winters and Haskell rested last week, and visited around the circuit as other 6-AA conference members won their contests or were set back on their heels. Winters invites Haskell this Friday night.

Ballinger, in a successful attempt to keep the undefeated-untied honors in the area south of Abilene, eked out an 8-6 victory over the Coleman Bluecats at Coleman Friday night. The Bluecats, still chaffing at the 37-0 whipping at the hands of the Blizzards on the previous weekend, held the Bearcats to only 9 first downs, chalking up 11 for themselves. Ballinger did net 173 yards, with nothing passing, while Coleman had 109 rushing and 65 passing. But the numbers on the scoreboard were what counted. This game could easily have been headed, "Bearcats Beat Bluecats, But Barely," as the Coleman bunch used the last minute of the game to punch across for their TD. An incomplete pass for the extra points was the only thing that

saved Ballinger from joining the rest of the district in the standings. Ballinger had scored less than two minutes deep in the second quarter, but were unable to keep the ball rolling. They have had a perfect record for the season, as they prepare to go into conference play next Friday night against Anson.

Stamford, with a 4-0 record behind them this year, went against Snyder, a 3-A team Friday night, and dropped that one 28-21, to fall from their undefeated perch. To read the account of the game, it was a slug-fest all the way, with the Tigers coming out on top. The Bulldogs kept at it all night, and given a few more minutes, might have come back to make a different total on the scoreboard. That game seasawed across the field all evening, with Snyder drawing first blood with a TD, minus the conversion. Stamford then came back to edge ahead, kicking for the extra, and then Snyder left the field at halftime with a 12-7 lead. Early in the third quarter, Stamford got ahead again 13-12, but the Tigers came right back and tilted the scoreboard for 20-13. So it went all night, with not enough minutes left for the Bulldogs to set things straight again. As the Stamford squad goes into conference play this weekend against Hamlin, they'll still present a formidable front against the rest of the district.

Some quarters said last week that Hamlin would have an easy task against Post Friday night—it was merely formality, the game itself. But as this column pointed, the fall can come sudden like. And come it did, the upset of the week. The Antelopes from Post held Hamlin to 63 yards on the ground, making 130 themselves. They completed 5 of 9 passes for 46 yards, while the Pipers hit 8 of 17 for 141. Post showed their spirit and prowess by holding Hamlin to a scoreless first quarter, and then scoring first. Hamlin came back with 1:32 remaining the first half, to tie up the ball game for the

half. The third quarter was a ditto of the first, and then Post came back in the fourth to score and convert. Hamlin, in an effort to gain at least a tie, came up with their last TD with 1:18 left, but failed in the conversion attempt. They'll go against Stamford Friday night.

Anson outgunned 3-AA Colorado City in ground gained Friday night, but failed to come up with a TD counter, and let the Wolves slip by them 2-0. Trapped in the end zone after fading back to pass from his own 7 three minutes deep in the game, the Tigers' Dennis Cooley was smothered by Wolves, and the final score was kept that way from the beginning. There were some threatening advances by each team all night, but nothing happened. Anson goes to Ballinger Friday night, to play for keeps.

MR. AND MRS. F. D. BEDFORD

Mr. and Mrs. Fred Bedford Honored On 60th Wedding Anniversary Sunday

Observing the 60th anniversary of their marriage, Mr. and Mrs. Bedford, were honored on Sunday, October 13, at an informal dinner at the home of their daughter, Mrs. W. G. Bedford, North Rogers, from 2:00 to 4:00 p. m.

Elected commissioner of Precinct 2 in 1939, Bedford served until he retired in 1959. He has been a song leader since he was 15 years of age and served as choir director of the First Baptist Church for 25 years.

Bedford has been a member of the Winters Chamber of Commerce and Lions Club almost from their beginning. He has been a Woodman of the World. He has served on the city council and has twice served as trustee of the Winters Public Schools, 5 years at one time and later for 9 years when he was president of the board.

Mrs. Bedford, the former Cordelia Thomasson, was born March 3, 1886 in Massac County, Ill., and came to Texas with her parents when she was four years old, settling near Weatherford.

They moved to Indian Territory in 1896, the present Murray County, Okla., and returned to Parker County in 1901. Her parents moved to Winters in 1909, but returned to Oklahoma the following year.

Mrs. Bedford is a descendant of Shelbys and the Clays. Her grandmother was a Shelby and her great-grandmother was a cousin of Henry Clay.

Mr. Bedford was born Jan. 31, 1884, in Parker County. His father, W. G. Bedford, was a Texas Ranger in the Civil War for four years and was stationed at Ft. Belknap. His grandfather, T. J. Shaw, helped survey the townsite of Weatherford when it became the county seat, and planned the post-oak board for its first hotel.

More than a hundred friends called during the afternoon and the time was spent in informal visiting.

OUTDOORS IN TEXAS

By VERN SANFORD

It may be too early to know what the water fowl situation in the Central Flyway will be this year, but it is not too soon to learn about ducks.

Just issued by the U. S. Fish and Wildlife Service is a 25 cent bulletin entitled "DUCKS AT A DISTANCE."

You can get his bulletin by sending a quarter to the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

If your local club wants to buy them in lots of 100 or more, there is a 25 percent discount.

This is an exciting little booklet. It's in full color and illustrated by noted wildlife artist Bob Hines. Furthermore, it carries illustrations of all the major species of ducks and geese.

Unlike other field guides which show mating colors, Ducks at a Distance offers invaluable identification clues for students, hunters and everyone who enjoys the study of birds, or just a walk along the shore.

Booklet contains 24 pages. It re-

veals the shapes, colors, voices, flight patterns, rising views and flock formations of these fascinating fowl.

Because of an anticipated heavy demand, a delivery delay of at least six weeks is expected. So send your order as early as possible.

There is increasing necessity for such a book among hunters. Bag limitations on certain species now make it a requirement to know your ducks. For the average hunter, who gets out after waterfowl only two or three times a year, this identification is no easy job. Especially where the duck supply is limited!

Most men know a mallard at a glance. They'll recognize a spoon bill or a teal. But they have difficulty in identifying a canvas back, sprig or other species.

Same is true of geese. If you see them every day, or if you hunt a good many times each year it soon becomes easy to know the species. But when the laws say you can't kill but certain species and perhaps only one or two, at that, then it becomes very important to every hunter to know the difference.

I have been told many times about hunters in the rice fields of south Texas finding dead birds stashed away in straw stacks where hunters have hidden them. Such a bird doesn't do anyone any good.

Sometimes we wonder at the manner in which biologists reach their conclusions about bag limits.

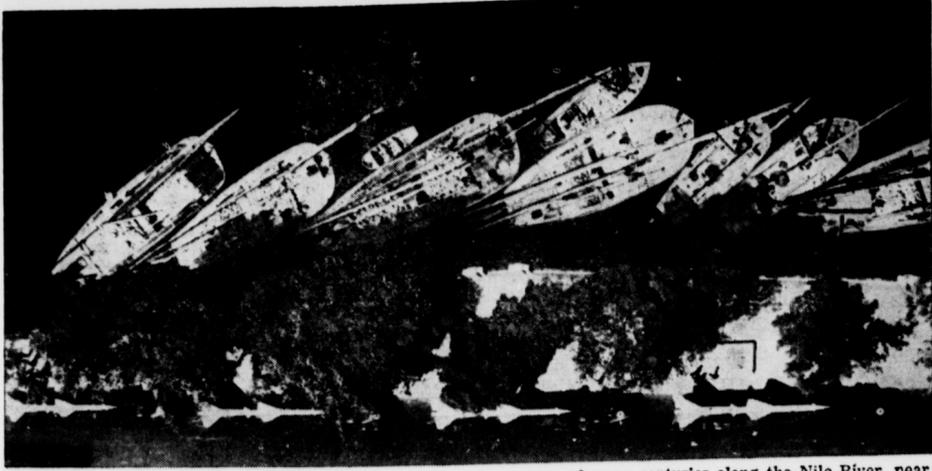

Most of them will tell you that legal gun pressure will not deplete the birds. Then they will put a limit on them that is so impractical it results not only in violation, but worse still, in loss of the game entirely.

Same can be applied to turkeys. In Texas we have an all-gobbler law. Yet in the field every year there are hundreds of hens killed and left in the woods. Occasionally one winds up in the pot, but most of them are wasted.

No sportsman will shoot a hen intentionally. In fact it is seldom that a hen is killed by a sportsman accidentally.

Usually he knows the difference between a hen and a gobbler. And in hunting season the two seldom run together, unless it is a young tom not yet broken away from the mother hen.

Basically there is no reason for a hunter to kill a hen. But when one is killed, it is a shame that its meat has to spoil. Perhaps a longer look at the system might

Negroes Getting Share Of Jobs In Government

By Congressman O. C. Fisher
Talk about Negroes not getting a fair shake in government jobs is not borne out by the record. Today more than 300,000 Negroes work for Uncle Sam—about 14 per cent of all federal employees, while only 10.5 per cent of all Americans are colored.

Nearly 100,000 Negroes now work in postal service alone—more than 18 per cent, and 25 per cent of all employees in the VA are colored.

Clifford Rucker, a Commerce Department official whose job is to promote Negro employment in that agency, recently said: "Two years ago only about a score of Negro employees here were making \$10,000 a year or more; now there are about four times that many." That would make more than 80. The Attorney General's office reports between 70 and 80 Negro lawyers work in that Department.

And some of the juiciest jobs are going to Negroes. Thurgood Marshall, former general counsel of NAACP, is now Judge of U. S. Court of Appeals, along with William Hastie who received a similar appointment.

A Negro was named U. S. District Attorney in California, and three Negroes have recently been made U. S. District Judges. Luke Moore, a Washington Negro lawyer, was recently chosen U. S. Marshall in the Nation's Capitol, and Negro John Duncan was named District Commissioner, a much sought-after spot.

improve this. Other states have. Anyway, if you really want to learn how to identify ducks, get off your order right now for one of these new books, DUCKS AT A DISTANCE."

Negro John R. Wilkins is General Counsel of AID—the agency that handles all foreign aid. He makes \$20,000. Roger Wilkins, a nephew of NAACP's boss, Roy Wilkins, is Special Assistant to the Administrator of AID.

In higher echelons are Robert Weaver, Housing Administrator; Leon Higginbotham, Federal Trade Commissioner; Howard Jenkins, a member of the National Labor Relations Board; George Weaver, Assistant Secretary of Labor; Carl Rowan, Deputy Assistant Secretary of State; Christopher Scott, Deputy Assistant Postmaster General; and a Negro, Mrs. Ruth Jones, was appointed Collector of Customs for the Virgin Islands. . . .

Ralph Bunch is our Under Secretary of State at the UN; Clifton Wharton is Ambassador to Norway, and Mercer Cook has a similar spot in African Nigeria. Andrew Hatcher serves as the President's Associate Press Secretary at the White House.

Fall Screwworm Buildup Is Here

There is no longer any doubt that Texas will experience an increase in screwworms this fall. The buildup that officials of the Southwest Screwworm Eradication Program warned about is a reality.

Officials at the sterile fly production plant near Mission say that more than four times as many infestations are now being reported weekly as a month ago. Producers in a number of counties where no screwworms have been reported for months are now discovering cases. Recent rains over most of the state and plenty of animal wounds are credited for the upswing in cases.

At the present tempo, observers believe the Negro ratio in federal jobs may be up to 16 per cent in another year.

LITTLE THINGS MEAN A LOT

We deal in the same money as any bank. What does seem different here is the way our officers and staff members try to make you feel at home.

They do it with a smile . . . a warm and friendly greeting . . . an extra effort to satisfy your financial needs.

Little things? Perhaps. But, to our customers, they seem to mean a lot. That's why we'll always try to do "a little more."

LONE STAR GAS COMPANY

Can your range keep meals serving-hot for 4 hours without over-cooking?

With the new gas Cook 'n' Keep oven control you can go shopping and still be a guest at your own party without a last minute rush. Just set the time and temperature oven controls as your recipe requires. Dinner will cook automatically to perfection. When it's done the way you want it, Cook 'n' Keep oven turns itself down to exactly the right temperature for serving. An hour later — or two, three or four — food's still moist, tender and serving hot! No over-cooking. No drying out. Because of this new automatic oven control and the many other gas cooking conveniences, you'll want to trade in your old range. Now's the time — the new ones are on sale at Gas Appliance Dealers and Lone Star Gas.

MOVIES

"The List of Adrian Messenger," the first time in Hollywood to show still photos of a group of stars appearing in make-up released for publicity purposes for theatre displays.

Stars are Tony Curtis, Kirk Douglas, Burt Lancaster, Robert Mitchum and Frank Sinatra, all of whom appear in fantastic disguise for their character delineation in the mystery melodrama, "The List of Adrian Messenger," a production directed by John Huston for Universal, showing on Monday and Tuesday at the State Theatre. The completed film is an epilogue in which the stars remove their disguises and their identities to the viewers. They were naturally photographed by the stillman during the making of their scenes and the film is put under lock and key. In

addition, the revolutionary make-up process which each star went through for three hours before reporting to the set, was also photographed step by step. A number of national magazines have already offered elaborate spreads in their publications if the studio would release these photos.

However, Universal feels that any published photos would remove the vital element of surprise for theater audiences when the suspense film is released. As a result, only photographs of scenes involving the rest of the cast playing their natural selves, George C. Scott, Dana Wynter, Clive Brooks, and Herbert Marshall, will be released for exploitation purposes.

But, ironically, some of the best known faces in the world, in probably the most unusual photos ever taken, will only be seen on the screen.

Audiences at the State Theatre will not be admitted during the final ten minutes of the picture. Those who see "The List of Adrian Messenger" will know the reason why. A plea is made by the management of the theatre to refrain from giving away the ending. There's little sense in spoiling the surprise for others.

Drive-in banks were established so that the cars could see their real owners.

Foxes and hounds play colorful roles in John Huston's mystery film, "The List of Adrian Messenger." Dana Wynter and Kirk Douglas, shown here, are part of a cast which also stars George C.

Scott and presents Tony Curtis, Burt Lancaster, Robert Mitchum and Frank Sinatra in "secret" character delineations. Shows Sunday and Monday at the State Theatre.

ROGER BABSON

Future Of Free World Depends On Churches, Schools, Parents, Papers

Babson Park, Mass. This is National Newspaper Week, an ideal time for me to talk with you about how tremendously important I feel newspapers are in our daily lives. In fact, I believe the future of the Free World depends on four equally fundamental features of our democratic way: (1) Our role as responsible parents, (2) our churches, (3) our schools and colleges, and (4) our newspapers.

Influence Of The Press
Ever since I can remember, I have urged people to support and encourage our newspapers in every way. Ten years ago I completed at Babson Park the World's Greatest Revolving Globe, which I unhesitatingly dedicated to the newspapers of the Free World. My attitude toward the value of the press is the same today.

Newspaper publishers often are not given the regard and consideration that they deserve. This lack of appreciation is especially unfortunate since, in many ways, these publishers are even more important to the future of America than are bankers, manufacturers, or shopkeepers. Newspapers are a key factor in helping the people elect the right leaders, and then in guiding these leaders along the difficult and treacherous political paths of today.

Newspapers Stimulate Business
The advertising columns of papers like this one you are reading right now greatly influence employment conditions. Editorial writers pretty well determine what the preachers and teachers are going to talk about and, sometimes even, what they actually say! In order to realize what newspapers really mean to a city, you need only have been living in New York last winter during the strike that closed up all the dairies for many weeks. In no time the theaters were reporting a terrific slump in attendance; restaurants

Ever-Widening Circles

When I say that newspapers are important, I mean in a thousand indirect ways as well as the obvious direct ways. There are few endeavors in the world today that are not influenced by our papers. When I speak of newspapers, I consider everybody connected with them: The woodsmen who cut the trees in the forest; the mill workers who turn the logs into pulp, the pulp into newspaper; those who make the ink; the publishers, reporters, writers, and printers; and all associated employees, including the young boys (or girls) who deliver the papers to your very door.

As important as anything in such an analysis is the part played by advertisers, and their advertising. Without such stimulation to buy, without newspaper reminders of special sales and notices of new merchandise—and also available services—both the local economy and our whole industrial system would suffer. Little wonder that now and again I rally to the cause of the newspapers of the nation! This present National Newspaper Week gives me an excellent chance to do so in today's column.

Newspapers A Vital Force
In 1962 about 46 million of the 52 million households in the U. S. BOUGHT A MILLION COPIES OF PAPERS EVERY DAY. Remember newspapers give you "more for your money" than just about anything else you can buy! Radio and TV can never displace our newspapers; they supplement them. . . and in this they do a very effective job. But perhaps the most important role of all those undertaken by the papers is their vital part in building up the moral, political, and social responsibility of a community. They surely deserve our support. If you people didn't believe this, you wouldn't be reading this column now!

Opportunity is hard to recognize because it usually goes around wearing work clothes.

NEWS for truck owners who need a new one now

Things Chevrolet has developed since the last time you bought to give you more for your money:

Double-wall construction. This feature of Chevrolet cabs and the Fleetside pickup body has two advantages. Insulation and sound-deadening material is sandwiched between the two layers of steel in the cab to give you more comfort; in the body, the lower inner wall acts as a buffer against load damage, preserving the outer appearance of the truck.

Suspension to fit the truck. Conventional half- and three-quarter-ton models have independent front suspension with variable rate coils in the rear. Variable rate coils do not "bottom out" as readily.

Mediums and heavies have I-beam suspension with variable-rate leafsprings. It automatically stiffens as the load increases—and vice versa. It means a smoother, flatter ride regardless of load, a better handling truck.

The right engine. Chevrolet never has been in better position to give you the type and size you need for maximum efficiency. Today there are many different capacities of gasoline and diesel

Chevrolet truck engines—fours, sixes, V8's.

Stronger frames. Every conventional 1964 Chevrolet truck has a ladder-type frame. This type is more resilient, better able to give with the load and terrain. Its simple design also makes it easier to mount special bodies on the truck. Its riveted side rails are stronger.

Greater model selection. This time you're going to find it a simple matter to pick the exact type of Chevrolet truck for the kind of work you do. In delivery trucks, for instance, in addition to regular panels and pickups, we have eleven different sizes of ready-made walk-in vans, some with full-width rear doors.

Quality and value. Chevrolets today are a lot more truck than your money bought the last time, and yet the price tag is just about the same as 5 or 6 years ago. Call your Chevrolet dealer for information or for a demonstration.

Quality trucks always cost less!
