HOME TOWN Talk

By R. C. THOMAS

In the Winters Schools, there are musicians by the count 'em — hundreds . . . literally!

The greatest public exposure for the school bandsters comes on Friday nights during the football season, of course, when they parade and play during halftime activities. Then there are several concerts presented by the bands during the school year.

This year, Kirke McKenzie, band director, is fielding a marching band of near 100—the largest band probably in a good many years here, and larger than the bands of any other school Winters has played football against this year, so far.

The WHS band has made—and continues to make—a name for itself. They perform intricate maneuvers on the field at halftime, and sound off musically during many public functions. They'll give someone some stiff competition later in the year at the band contests.

Beneath the public view, though, the story is even more amazing! Not counting the high school band, there are about 220 musicians in THREE DIFFERENT BANDS in the WINTERS SCHOOLS! The Junior High School band, made up of 7th and 8th graders, numbers 94 (7th-48, 8th-46). This band plays during "B" team and 8th and 9th grade home football games. They are the replacements for the next couple of years for high school band members who graduate or otherwise leave the band.

The Junior High School Band has to have replacements, though. So Director McKenzie has that problem worked out in advance. He has TWO other bands in the Elementary School—the 5th grade and the 6th grade bands! They will provide replacements next year and the next for vacancies in the Junior High Band as those musicians move up.

There are 64 members in the 5th grade band, and 62 in the 6th grade band!

Where will next year's 5th grade bandsters come from? Simple: Mrs. Kirke McKenzie is the Elementary music teacher, and already has started teaching instrument-music fundamentals to the 4th graders! They even have instruments—flute-like instruments called "Recorders." (Similar instruments, called Tonettes have been used in previous years.) With these instruments, the fledgling musicians learn all a clobber cleft, notes, stops, pauses, etc., etc., and will be ready next year when Mr. McKenzie starts putting his 5th grade band together.

This is a broadening program, and is a sound supplement to the enviable educational program offered by the Winters Public Schools.

For the incurable football addict, Wednesday is a hollow time. Hereabouts, the "B" team and 8th and 9th grade teams play on Thursday nights; the high school team plays Friday nights; Saturday is given over to televised college games; Sunday.

School Board Amends Dress Rules Tuesday

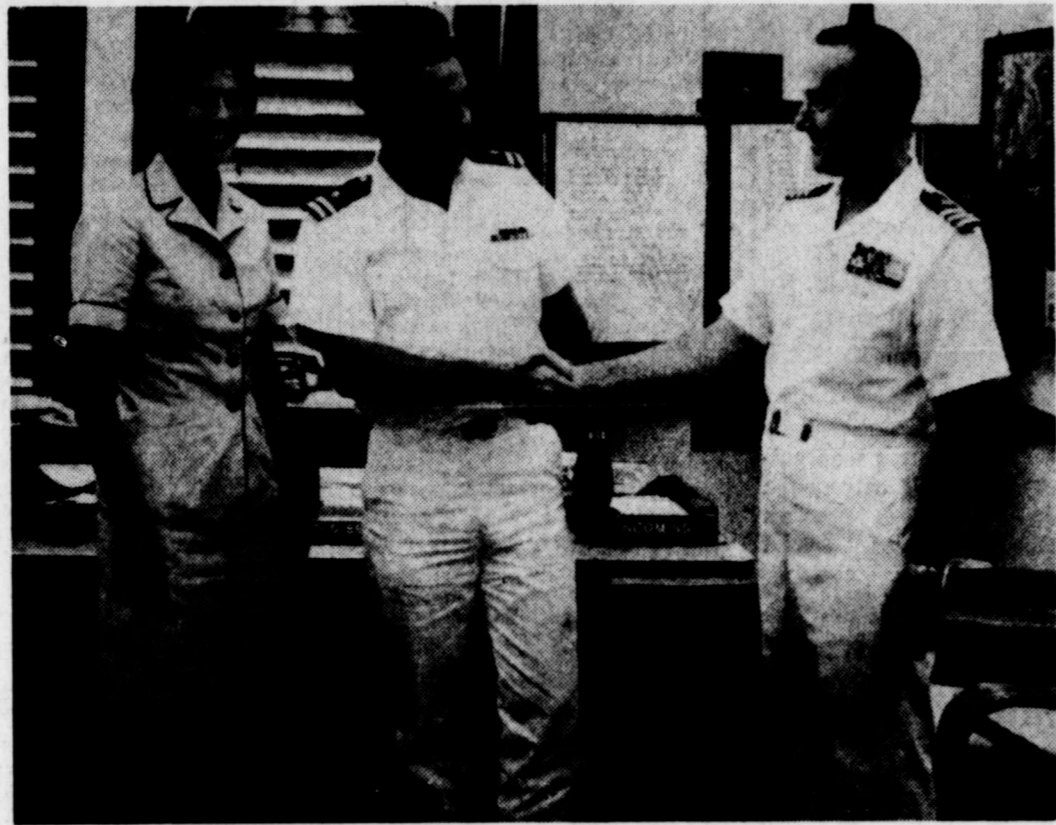

Girls attending Winters Public Schools may now wear slacks sets, under provisions of an amendment to dress rules approved by the Board of Trustees of Winters Independent School District in the regular board meeting Tuesday night.

Previous rules had prohibited wearing of slacks. Superintendent of School Carroll Tatom said under the rule amendment, "slacks sets are defined as 'slacks or blouse or hip-length loose fitting sweaters.' Previous rules had prohibited girls wearing slacks of any type to school, except during extreme weather.

In other business, the school board changed the time of regular meetings, from 8 p. m. to 7 p. m., on the second Tuesday of each month.

School board also renewed a contract with Pritchard & Abbott, tax appraisal consultants, for appraisal and valuation of oil and gas property tax assessment purposes.

Board approved the audit of the 1969-70 financial records.

PROMOTED—Now there are two Lieutenants in the family. In recent ceremonies at the Naval Magazine LT(jg) Bruce Gerig was promoted to Lieutenant, thus putting him on an equal footing for those "command arguments" with his lovely wife, LT Dickie Gerig. Mrs. Gerig is the Charge Nurse for the Officers' Ward at the Naval Hospital, Guam, while her husband is the Safety—Security Officer at the Naval Magazine. The LTs Gerig are shown here being congratulated by CDR D. G. BONEWITS, Commanding Officer of the U. S. Naval Magazine, Guam. Dickie is the daughter of Dr. and Mrs. Z. I. Hale of Winters.

District VFW Convention Here Saturday, Sunday

Winters Post 9193, Veterans of Foreign Wars, will host a convention of District 22, VFW, and Ladies Auxiliary, to be held here Saturday and Sunday, October 17 and 18.

J. A. Henderson is commander of the Winters VFW post, and Miss Nell Colburn is president of the local Auxiliary unit.

J. B. Swindle of San Angelo is District Commander; and Mrs. Wanda Guy is District Auxiliary president.

Band Boosters To Open Member Drive On Monday

A drive to add members to the Blizzard Band Boosters will begin next Monday, October 19, Mrs. A. N. Blackerby, Booster president, has announced.

Nelan Bahlman and Barry Snyder head the membership drive committee, and will be assisted by other members and bandsters.

Membership in the Band Boosters is only \$3.00 per family. Bahlman said, and will entitle members to pre-paid admission to all concerts and public functions of the band where admission is charged.

Proceeds from the membership drive will be used to buy and repair band instruments and to help pay other expenses of the WHS band. The membership drive is being conducted in lieu of the annual candy sale by members of the band, it was explained. There are only two other sources of funds for the Boosters—the annual style show and sale of calendars, it was stated.

Bahlman and Snyder will head the group to canvass the business area during the drive. Band members will solicit memberships in the residential areas.

Mrs. Blackerby said anyone who is not contacted during the drive and who wishes to become a member of the Boosters may call her at 754-4410, and membership cards will be brought to them.

PEP RALLY—Everybody got into the pep-act during the week before the Winters-Ballinger football game last Friday night. To climax a week of pep rallies, bonfires, the four first grade rooms of Winters Primary School marched over to the high school lawn Friday morning to hold their own rally. This photo shows the first-grade cheerleader leading the young Blizzard boosters in a yell. (Staff photo)

The convention will get underway at 6 p. m. Saturday with registration at the Post Home on the Winters-Ballinger highway. A hospitality hour will follow from 7 to 8 p. m., with a dance to begin at 8 p. m.

Sunday, October 18, a Commanders' breakfast will be served at 8 a. m. at Huffman House. A joint meeting of the VFW and Auxiliary will be held at the Post Home from 9 to 10 a. m. Sunday. Coffee and doughnuts will be served.

The convention will recess at 10 a. m. Sunday in order that members may attend church services.

The noon meal will be served at the Post Home at 12:30 Sunday.

Closed business meetings will begin at 2 p. m. Sunday, with VFW meeting at the Post Home, and the Ladies Auxiliary units meeting at the Winters Community Center.

Dan Reyna of Raymondville, State VFW Junior Vice Commander, will attend the District 22 convention.

Farmers Union Meeting Oct. 20

The Runnels County Farmers Union convention will be held Tuesday, October 20, at 8 p. m., in the Winters Community Center.

State Vice President Joe Rankin of Ralls will be the guest speaker. A covered dish supper will be served.

Lt. R. A. Benson Completes Course

Marine First Lieutenant Robert A. Benson, of Winters, has completed "Phantom II" aircraft maintenance course at the Marine Corps Air Station, El Toro, Calif.

Lieutenant Benson is the son of George Alvin Benson of Winters, and a graduate of Winters High School.

History Marker At Norton To Be Dedicated

A program to dedicate an official Texas Historical Marker at Norton will be held at the Norton Community Center Saturday, October 17. The program will begin at 2 p. m.

The dedication will be sponsored by the Runnels County Historical Survey Committee. The afternoon program will include:

Group singing of patriotic songs, led by the Rev. Leroy Burris with Mrs. F. A. Tidmore accompanying on the piano; invocation, Grady Barrett, master of ceremonies, Rankin Pace of Winters, chairman of the Historical Survey Committee; welcome, John Hobaugh, president of the Norton Lions Club, introduction of Guests, Mrs. Clarence Lee.

Charles Clifton of Ballinger will give the historical address. Floyd Mackey will cut the ribbon and read the inscription.

The Rev. Burris, pastor of Norton Baptist Church, will give the benediction. Following the dedication ceremony, homecoming will be observed and supper will be served by the Norton Lions Club in the Community Center.

Commission To Hear Two Damage Claims Oct. 26

The special commission appointed to hear damage claims for land to be condemned in the Winters Main Street (US 83) rebuilding project will hear claims on only two parcels of land instead of the previously reported 20, it has been stated.

The hearing will be held Monday, October 26, and will involve only two parcels, the Clyde Burton land and land of the Nitsch Estate.

Officials previously had stated that the special commissioners would hear claims on about 20 parcels, and that the hearing would be held October 14.

The special commissioners—Audra L. Mitchell, Bobby Rogers and Vester Parrish, were appointed by County Judge W. H. Rappy to hear the two cases only. In the event it becomes necessary for additional cases to be carried beyond City of Winters jurisdiction, other special commissioners will be appointed, it was pointed out.

The City of Winters has made offers to 73 property owners whose land will be affected by the street project, the City Secretary said. It was understood that about 20 property owners had not yet accepted the offers and further negotiations or hearings would be necessary, it was stated. Property owners concerned will be notified of further procedures, it was said.

Adult Ag Meet Thursday Night

An adult farmers meeting, jointly sponsored by the vocational agriculture department of Winters High School and Alderman-Cave Milling & Grain Co., was held in the Ag Building Thursday night of last week.

Lyndell Kouns and John Cheson of Texas City spoke to the group on commercial fertilizer.

About 35 adult farmers attended the meeting. Because of the interest in this type of meeting, Stanley Blackwell, vo-ag teacher in the school, said plans will be made for additional meetings.

REAGAN V. BROWN

4-H Members And Parents To Hear Reagan V. Brown

Members of Runnels County 4-H Clubs and their parents and adult leaders will hear an outstanding speaker at a special meeting in the district courtroom in Ballinger Wednesday, October 21. The meeting will begin at 7:30 p. m.

Reagan V. Brown, professional sociologist with Agricultural Extension Service, Texas A&M University, will be the principal speaker at the meeting. He will speak on 4-H Clubs and how they help in a community improvement program.

Brown holds three degrees from Texas A&M University, and has studied at Cornell, Colorado State and Utah State Universities.

He is responsible for the Texas Community Improvement Program sponsored by the electric utility companies and conducted by the Texas Agricultural Extension Service. Working with local county agents and home demonstration agents, Brown has helped more than a thousand communities in programs designed to make the communities more beautiful, more prosperous, and a better place to live.

All members of 4-H Clubs and their parents are urged to attend this meeting.

MARY JANE MATTHEWS

Jane Matthews Will Attend UT Medical Branch

Mary Jane Matthews, daughter of Mr. and Mrs. Buck Matthews of Winters, has been accepted for admission to the 1970-71 freshman class of the University of Texas Medical Branch at Galveston.

Miss Matthews attended Louisiana State University at Baton Rouge, La., before entering UTMB.

The 174 new medical students will receive training under a newly instituted curriculum which, according to Dr. Joseph M. White, vice president for academic affairs and dean of medicine, will allow the student more freedom in course selection, and a possible goal attainment at an earlier date than has been previously feasible.

Miss Matthews will be seeing patients as a freshman within four weeks. The standard curriculum will consist of a basic science core with time at the end of the medical school training for compulsory electives. Student research will be elective. The new courses offered will be in endocrinology, cell biology and neuroscience, and two patient-related courses, behavioral science and introduction to clinical medicine.

UTMB, sixth largest medical school in the nation, has a full and part time faculty of 460 and facilities for more than 1,200 patients. It carries a roster of 267 interns and residents. Total medical school enrollment is 622.

Sheriff Atkins Talks To Lions On Drug Abuse

So far as is known, there are no marijuana or other drug pushers in Runnels County, Runnels County Sheriff Don F. Atkins told the Winters Lions Club Tuesday, but his office has arrested and filed on users, and keeps constantly watchful in an attempt to keep drug pushing and use down.

Sheriff Atkins was guest speaker at the Tuesday noon meeting, and exhibited samples of drugs and paraphernalia taken from persons arrested in the county. The proximity of the larger cities of Abilene and San Angelo, where the drug problem has become great, also creates problems for surrounding counties, he said.

The sheriff, who has presented similar programs to civic and organizational groups in the county, warned that parents, teachers and others should be constantly on the alert to detect drug use among the young people. He pointed to the probability, or near certainty, that marijuana users eventually graduate to "hard" narcotics, to become even greater problems and threats to society.

Sheriff Atkins warned against legalization of marijuana, and said that even a proposed law to reduce classification of charges for "possession" from a felony to a misdemeanor would present great problems. He asked that Lions use their influence, or vote if possible, to prevent such a law from being passed.

Blizzards Meet Coleman Friday

For the second week in a row, the Winters Blizzards will be playing in the District 8-AA "game of the week," when they meet their third conference challengers, the Coleman Bluecats, on Blizzard Field Friday night. Kickoff at 7:30.

This game probably is the most important game in the district this week, pitting two of the conference's top teams. Coleman is undefeated in two district outings—with a seasonal five-game perfect record—and is tied with Eastland for the league lead. Winters has one win and a half-game loss in district for the second spot, and a perfect pre-conference record. Friday night's game could be a decisional game for district position.

Following last Friday night's 0-0 bout with the Ballinger Bearcats, Coach Jerry Gibson says his Blizzards still are in "strong shape, and ready." The coach had high praise for the overall team performance of his squad Friday night at Ballinger.

Coleman and Winters have played no common opponents in district, and only one in pre-conference. Winters defeated Anson 7-0, and Coleman beat Anson 28-0.

The Blizzards have allowed only one team to cross their goal line all season (Merkel)—and have prevented any scoring in conference play. Coleman's opponents have scored only 18 points—Ozona scored 12 in a pre-district game, and Comanche scored 6 in the district opener.

The Bluecats are a passing team—Jimmy Alcalá-to-Dennie Woods, or Woods-to-Alcalá—with a high percentage of completions. About half their plays each game are through the air. Coleman has scored more against district opponents, in two games, than they did in their three non-conference outings.

Coach Gibson will field primarily the same starters Friday night against Coleman as have started most games this season.

The teams' records for the season:

WINTERS
Non-Conference
Winters 21-Hamlin 0; Winters 20-Merkel 7; Winters 7-Anson 0.
Conference
Winters 27-Clyde 0; Winters 0-Ballinger 0.

COLEMAN
Non-Conference
Coleman 28-Anson 11; Coleman 10-Brady 0; Coleman 10-Ozona 12.
Conference
Coleman 55-Comanche 6; Coleman 25-Hamilton 0.

Blizzards and Bearcats Battle to 0-0 Standoff In Important 8-AA Game

Even though statistically the Winters Blizzards topped the Ballinger Bearcats in every way, they had to settle for a tie on the record books in last Friday's game.

This defensive show started with the opening kickoff as the Bearcats were tackled on the 7-yard line after receiving the kick. On Winters' first possession the Blizzards drove to the Bearcats' 33 and attempted a field goal from that point.

After the field goal failed the Bearcats moved the ball only 10 yards before punting. The ball tipped Blizzard Wayne Schwartz and the Bearcats covered the ball on the Blizzard 40. This was one of only two trips into Blizzard territory for the Bearcats the entire night. After four tries at a first down the Bearcats punted.

The Blizzards traveled deep into Bearcat territory and stayed on this end of the field the remainder of the half but were unable to score.

The Blizzards began the second half by kicking and again held Ballinger inside the 18. Jerry Mack Jackson took the punt to mid-field as the Blizzards began an offensive drive in which Mike Mathis took the ball to the 15 in two plays. After a penalty and defensive action by the Bearcats, the Blizzards attempted their second field goal.

The field goal blocked, Ballinger made its deepest penetration of the game as it traveled to the Winters 33. Mickey Smith broke up a Bearcat pass on a fourth down play to stop this drive.

RICKEY DEAN

Rickey Dean Was Elected Officer For District FFA

Rickey Dean, son of Mr. and Mrs. Hollis Dean of Wingate, a junior student in Winters High School, was elected district secretary during a meeting of District IV FFA recently. Dist. IV is composed of schools in Runnels, Coleman and Brown counties.

Rickey also is secretary of the Winters FFA Chapter this year.

He was a member of the Chapter Conducting Team last year, served as Greenhand vice president, and has an active project of steers and breeding cattle. He is a member of the WHS football team and ranks high scholastically in high school.

Local VFW Home Being Remodeled

The Post Home of Winters Post 9193, Veterans of Foreign Wars, is being remodeled, according to Post Commander J. A. Henderson.

Walls and ceilings are being paneled, and plans have been made to rework the floors during this extensive remodeling project, Henderson said.

Henderson said it is hoped all work can be completed before October 17, the date of the District 22 convention to be held in Winters.

IN NURSING CENTER

Mrs. J. S. Neely, who is a patient in Four Seasons Nursing Center in Dallas, following a heart attack about six weeks ago, is reported to be resting fairly well. Cards or letters may be addressed to her at 823 Oak Park Drive, Dallas, Texas, 75232. Mrs. Neely had lived in Runnels County about 56 years.

Strike Dampens Fourth-Quarter Outlook

By Babson's Reports Inc., Wellesley Hills, Mass. 1970. The economy apparently bottomed out during the early part of the summer and has now started to move moderately higher. It should be noted, however, that the strike has dampened prospects for an encouraging continuation of the uptrend during this final quarter of the year. Some of the economic indicators that had shown improvement during the summer—such as housing starts and productivity—did not maintain this strength according to the latest reports. The basic trend still appears to be upward, but the fourth quarter will be influenced powerfully by the auto stoppage.

Real Growth For GNP

Inflation continues to spur Gross National Products and has accounted for most of the expansion this year. In terms of 1968 dollars, however, GNP during the second quarter inched ahead for the first time in two quarters, and probably continued this mild climb in the third quarter. The current final three-month period will probably see sluggishness in both GNP and industrial production.

Improved Profit Margins

There are signals of a turn-about in corporate profits. Second quarter results, for instance, were much better than earlier anticipated, particularly in computers, nonferrous metals, and autos. Corporations have become increasingly aware of how burdensome the many excesses and nonproductive frills added during the 1960s have become. By trimming some of these excesses, general productivity has been stepped up. As a result, many corporations have been able to report substantial betterment in their margins of profit.

Increased Employment And Unemployment

More joblessness and shorter working week have slowed the upward current in personal income. Total employment continues to expand, but the econo-

my has not been able to absorb all the new entries into the labor force. The result has, of course, been higher unemployment. Income may improve somewhat in the fourth quarter, since we expect a longer working week. On the negative side, dividends will be lower, and there will be fewer extras this year.

Consumer Spending Is Key

Final results for the fourth quarter will depend to a great extent on consumer spending. At present, the consumer is saving at the unusually high rate of 7.6 per cent of his disposable income, with some one-third of fresh increases in this item going into savings. If this cautious attitude persists during the fourth quarter, the economy will have a very difficult time making headway. Recent surveys of consumer confidence, however, have been favorable, indicating that the consumer may save less and spend more in this quarter. Because of this and the continuing increases in disposable income, the average of consumer spending should be up for the fourth quarter.

Interest Rates Have Peaked

Interest rates have been on the decline since the liquidity crisis caused by the Penn Central bankruptcy. This has been a key factor in these lower rates. The Fed's stated objective for the expansion rate is 4 per cent, but it has actually been much higher than that in recent months. It is felt, though, by some observers that this swift and aggressive expansion has been politically motivated and may be changed as election time draws closer.

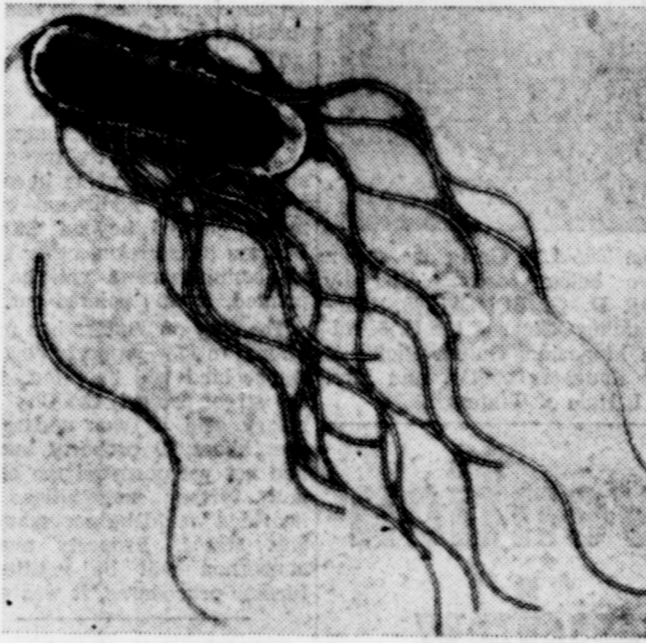

If the Fed maintains the current policy of expansion, it could very well cause a return of the too rapid inflation that might even reach runaway proportions. Opinion of the Research Department of Babson's Reports is that the Fed will tighten up somewhat during the fourth quarter and that interest rates will stay close to present levels.

Conference Of WTU Women In Abilene Monday, October 19

The 16th annual Women's Conference of West Texas Utilities is scheduled in Abilene October 19 with an expected attendance of 200 women employees and guests. The all-day meeting will be at Abilene Country Club with the Abilene District serving as host. The leadership workshop conference was established 16 years ago to help the women employees of the company develop public relations know-how in order to better serve the public.

Mrs. Marvel Henslee of the Winters WTU office will attend. The morning session gets underway at 9:00 o'clock with a call to order and explanation of the program theme by Mrs. Adis Long of the Abilene Office. The theme is "Switched On."

Guest speakers for the morning and their subjects are: Barbara Brockwell, Invocation; Durwood Chalker, "The Future Is Electricity;" Mrs. Lavelle Tallaferrro, "The Pleasure of Your Company;" Mrs. L. F. Perry, "Beauty and the Beast."

Luncheon will be served in the Abilene Country Club banquet hall during the noon break between sessions, with music provided by Rufus Edmondson, employee of WTU, and the drawing for door prizes supervised by Mrs. Joe W. Howe of the Abilene offices.

Mrs. Bill Howard of the Quanah office will introduce the afternoon session, which begins at 1:15 o'clock with R. E. Kennedy and his presentation of "It Was Only Yesterday." Mrs. Ben Lawson of the Chillicothe office will present "Don't Take It Off - Turn It On."

The final banquet entertainment will begin at 7:00 o'clock. The opening remarks will be by President Roff W. Hardy. The welcome will be presented by Mrs. Joyce Drake of the Ballinger office, and the invocation by Mrs. W. N. Huddleston of the San Angelo office. The Hat Style Show to be presented during the evening banquet will be narrated by Mrs. Claudia Koobs, regional consumer relations representative for Sperry and Hutchinson Co. in Ft. Worth. Special soloist will be Francine Morrison from Ft. Worth.

TO LUBBOCK

Mr. and Mrs. Jack Harrison went to Lubbock Monday to be at the bedside of her sister, Mrs. Earl Baughn, who underwent major surgery. They returned Tuesday night.

Attendance High At Convention of Hill Country Firemen Here Saturday

Attendance at the Hill Country Firemen's Association convention held in Winters Saturday was "successfully high," according to Marvin Bedford of Winters, president of the association. He said 168 delegates and visitors registered for the convention.

The Winters Volunteer Fire Department was host for the convention.

John W. Norman, Winters attorney, was principal speaker for the morning session, held at the Winters Community Center.

The program for the evening session, following a barbecue dinner for some 250 persons, was provided by members of the Narcotics Division of the Abilene Police Department. Music for the evening meal was played by the "Bluff Creek Discords."

The Ladies Firemen's Auxiliary of HCFA held a joint meeting, with 94 attending a ladies' luncheon in the school cafeteria.

Firemen's races were held in the afternoon. Results were: Ladies' Pumper Race: 1. Eldorado; 2. Ballinger; 3. Coleman.

Men's Pumper Race: 1. Ballinger; 2. Eldorado; 3. Mason.

3-Man Race: 1. Ballinger; 2. Eden; 3. Mason.

1-Man Race: 1. Mason; 2. Bangs; 3. Santa Anna.

Ladies' Water Polo: 1. Eldorado; 2. Ballinger.

Men's Water Polo: 1. Ballinger; 2. Coleman.

Ladies' Nozzle Race: 1. Mary Jackson (Santa Anna); 2. Judy Hartman (Santa Anna).

Man-Miles Traveled: Eldorado.

The Winters Volunteer Fire Department, as host department, was not eligible for race competition.

LBJ Lake Fishing Gets Better

AUSTIN—As Lake Lyndon B. Johnson gets smaller and smaller, the fishing gets better and better. Up to a point.

Then, after a chemical treatment and restocking with hatchery-reared fish, the lake will grow back to normal size and again the fishing will in time get better and better.

If that description sounds overly optimistic, say Texas Parks and Wildlife Department officials, it is easily enough explained.

The LBJ Lake level has been dropped some 31 feet to permit construction of a Lower Colorado River Authority steam plant on the Central Texas reservoir in the Highland Lake chain. That means the surface area of the water, from shore to shore, is now only 30 percent of its normal size.

Since the 20-year-old lake now has a fish population made up predominantly of undesirable

species (rough fish), the Department's Inland Fisheries Division this winter or early in the spring of 1971 will apply the fish toxicant rotenone to eliminate virtually all of its fishes. Reduced water volume at this time makes such a treatment economically feasible and also concentrates the fish population for greater overall effectiveness of the renovation program.

This concentration is already responsible for reports of increased catches of black bass and catfish at LBJ. As the availability of food fishes is depleted, both bass and catfish should be even hungrier and easier to catch, according to Department observers.

But it is being planned for about 30 days before the lake begins to refill, and the timing is important. For one thing, it should coincide with the 1971 spawn of bass in the State's hatchery system, so that young bass will be immediately available for restocking the lake. This will also provide the game fish with a decided advantage over any spawns of rough fish

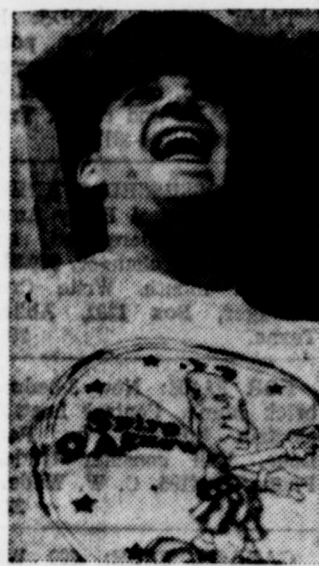

Nan Wright Circle Has Program On "Communications"

Nan Wright Circle of the First United Methodist Church met with Mrs. M. E. Leeman, with Mrs. Mildred Hambright in charge. Opening prayer was led by Mrs. Susie Baker.

Mrs. Sally Gray was in charge of the program on "Communications," and Mrs. Leeman told of the lack of communication in Europe. On a recent trip to Europe, she said there were not many television sets and telephones in the hotel where she stayed and she did not hear of the recent series of hijacked planes until she returned to hear the people here were worried about her group.

Refreshments were served to Mesdames Hood, Stanley, Gray, Hambright, Baker, Crockett, Mitchell, Nan Wright and a visitor, Mrs. Cecil Parks from Birmingham, Ala.

Austin, Texas. — State employees want a 17 per cent pay raise within the next two years. They served notice of their desire at the annual meeting of the Texas Public Employees Association.

TPEA's legislative program for 1971 seeks a three-step (10.2 per cent) raise effective next September; and a two-step (6.8 per cent) hike the following September; plus a 3.4 per cent merit raise for half of the employees.

Also requested are "career incentive" benefits—a \$10 a month automatic raise after three years of service, ranging up to a \$60 a month supplement for employees with 30 years' service.

Substantial pension benefits also were included in TPEA's far-reaching legislative package which would give retired employees with 30 years' service 50 per cent of their base pay.

State employees also want their travel allotments boosted to \$16 a day per diem and 12 cents a mile.

SOCIAL WELFARE CHANGES

Continuing growth of welfare rolls will bring changes in basic operating methods of the State Department of Public Welfare after January 2.

Welfare Commissioner Burton G. Hackney says that the key procedural change would require welfare applicants to fill out their own "declaration forms." This would replace face-to-face interviews with overworked caseworkers.

This method already has been tested in Corpus Christi, Austin and Nacogdoches regions.

Another change would reduce social services to that which can be quickly provided and for which specific goals can be defined.

Hackney predicts that legislators will be called on for \$96 million annually in state funds, just to keep the financial assistance programs at present levels. This is \$16 million above the constitutional ceiling. Some \$291 million in federal funds would match the state outlay.

INSURANCE LAWS PUSHED

State Insurance Board is pushing four new laws to protect both the policy holders and the ailing insurance industry.

Insurance Board told the House probing committee that it is becoming increasingly difficult to get home and auto protection in disaster-hit areas.

Therefore, it will advocate these changes in the law: —Stiff regulation of holding companies, assessment of all companies to protect citizens against insolvencies, a mandatory pool to provide fire and windstorm insurance in areas subject to catastrophes and provision for

AG OPINIONS

Mobile homes or trailers owned by non-resident servicemen are not subject to ad valorem taxation, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that: —A junior college district has the power of eminent domain to acquire buildings, lands for buildings, campus sites or other property the board of trustees

identifying and segregating company assets. Board members said they are unanimously opposed to the "no-fault" auto insurance plan now before Congress and in effect in Massachusetts.

Three deaths in a new water well near Queen City in Cass County brought warning to water well drillers in Northeast Texas, Arkansas and Louisiana to beware of escaping nitrogen gas.

Texas Water Development Board issued a warning that a high concentration of nitrogen gas and a lack of oxygen were found in a Cass County well. Most likely source was found to be a natural condition caused by denitrification of organic matter in sub-surface strata, with entrapment in small reservoirs. A similar condition was found in Marion County.

NEW JOBS ANNOUNCED Jerome D. Chapman Jr., assistant welfare commissioner, is new president of the 28,000-member Texas Public Employees Association.

George Bolin of Houston is new chairman of the Texas Real Estate Commission.

Tommy V. Smith, commissioner of the State Bureau of Labor Statistics, was named a member of the Selective Service System appeal board for the western federal judicial district.

Newton T. Fisher, retired Dallas police assistant chief, has joined the Texas Criminal Justice Council staff as program coordinator.

COURTS SPEAK

Interest on debts after the death of the borrower may not be deducted in computing the net taxable value of an estate, says the Texas Supreme Court.

In other recent opinions the Supreme Court decided: —Kentucky Fried Chicken distributors don't have to pay Texas' chain store tax.

—An Odessa woman is entitled to \$3,750 damages due to a fall at a drive-in grocery store.

—Distributorships of a Florida-based cosmetics firm are not subject to state securities registration because investors must work for profits.

—Whether a Fort Worth judge should have postponed a Sunday closing suit until similar cases have been decided will be reviewed November 18.

—Voters signing a petition to get a new party nominee on the general election ballot are entitled to know who the candidate is in advance of signing. Decision was in a case where the High Court ruled La Raza Unida candidates off the ballot in Dimmitt, LaSalle and Zavala Counties.

—Appeal of a Ward County attorney to prevent the county's participation in a retirement system for employees was dismissed for want of jurisdiction.

determines is needed to carry out its functions. —A minor's driving license automatically is suspended when finally convicted for driving while intoxicated.

—County Commissioners Court can order publication of information relating to redistricting of the county into voting precincts in addition to the minimum publication required by the election code.

—It is not a violation for a motorist to make a left hand turn off a four-lane highway across a double yellow stripe into an alley, a private road or a driveway.

—Nursing home administrators must pass an examination by the Texas Board for Licensure for Nursing Home Administrators in order to get a license. However, the Board may not establish additional training requirements for those with sufficient experience.

DRINKS PASSAGE PREDICTED

Sen. Joe Christie of El Paso head of the committee campaigning for passage of the local option liquor-by-the-drink amendment, predicts its passage at the election on Nov. 3.

Christie says that sponsors of the amendment hope to dry up bogus private clubs in areas which vote against liquor-by-the-drink. "Hypocrisy" of present liquor laws, argued Christie, contributes to the "generation gap" and promotes disrespect for all laws.

Opponents contend that passage would increase liquor consumption.

NEW PARK LANDS ACQUIRED

Parks and Wildlife Department has acquired new park land tracts in Hardeman, Clay, Burleson and Lee Counties.

A Hardeman county tract of 1,931 acres cost \$143,862 and a Clay county tract of 524 acres on Lake Arrowhead, \$50,000.

Southeast Texas lands near Somerville Reservoir in Lee county were leased from the U. S. Corps of Engineers.

SHORT SNORTS

Railroad Commission allowed 69 of 282 fields put under a special low allowable order on Oct. 1 to resume production at 87 percent.

Myra Glover On Cerebral Palsy Board in Austin

Miss Myra Glover, former resident of Winters, recently was elected to the board of directors of the United Cerebral Palsy Association of the Capitol Area, in Austin. The 25 board members have management of the Cerebral Palsy Organization which serves Travis, Bell, Blanco, Burnet, Caldwell, Comel, Coryell, Gillespie, Gonzales, Kerr, Lee, Mason, Milam, Mills, San Saba and Williamson counties.

Miss Glover has been engaged in volunteer work with cerebral palsied persons for about two years. She began her work with children at the Austin Cerebral Palsy Center, and finding no program for the teenage and adult cerebral palsy persons, she began to work toward establishing such a program. After working on the project for one year, the Longhorn Chapter of United Cerebral Palsy was organized in July with Miss Glover as president.

Miss Glover was chosen by the UCP Association to deliver the speech of appreciation at a dinner in honor of Carrell Royal, University of Texas football coach. Coach Royal has been interested in persons handicapped with cerebral palsy for a number of years and has given support to the work with the cerebral palsied of the Capitol Area.

Other activities with which Miss Glover has been engaged in have been her volunteer work in the State Capitol building last January when Senator Cris Cole was "Governor For A Day." Senator Cole is a handicapped person himself.

Miss Glover recently attended the Governor's Conference on Employment of the Handicapped. She is employed at Travis County Mental Health-Mental Retardation as a personal adjustment trainer for retarded and emotionally ill young adults.

Miss Glover moved from Winters about three years ago. Several years ago, she founded a private library in Winters, a library which was to grow to become the Winters Public Library, supported by public subscription. She was librarian for many years prior to moving to Austin.

Davis Family In Reunion Oct. 11

The family of Mrs. P. C. Davis of Winters and the late Mr. Davis met at 1717 Butternut, Abilene, Sunday, October 11, for their 7th annual reunion. The reunion was held on this date to celebrate Mrs. Davis' 80th birthday, which was October 12. Nine children attended, along with 12 grandchildren, six great-grandchildren, and two great-great-grandchildren, Chere and Rickey Carter, great-grandchildren of Mrs. Ida Stafford of Abilene.

Charles Mitchell of Pecos led the invocation and presided at the business meeting at which time plans were made for the 1971 reunion with Mr. and Mrs. J. B. Davis in charge of arrangements. "Do You Remember When" was presented by the secretary, Mrs. Johnnie Townsend of Hereford. Events which had happened through the years were brought to memory and discussed.

Children present were Mrs. Ida Stafford, Abilene; Bertha Mitchell, Winters; L. C. and P. C. Davis, Odessa; Belah Allen, A. J. and J. B. Davis, Abilene; Fannie Pearl Townsend, Hereford; Addie Johnson, Robert; and John S. Davis, Ballinger.

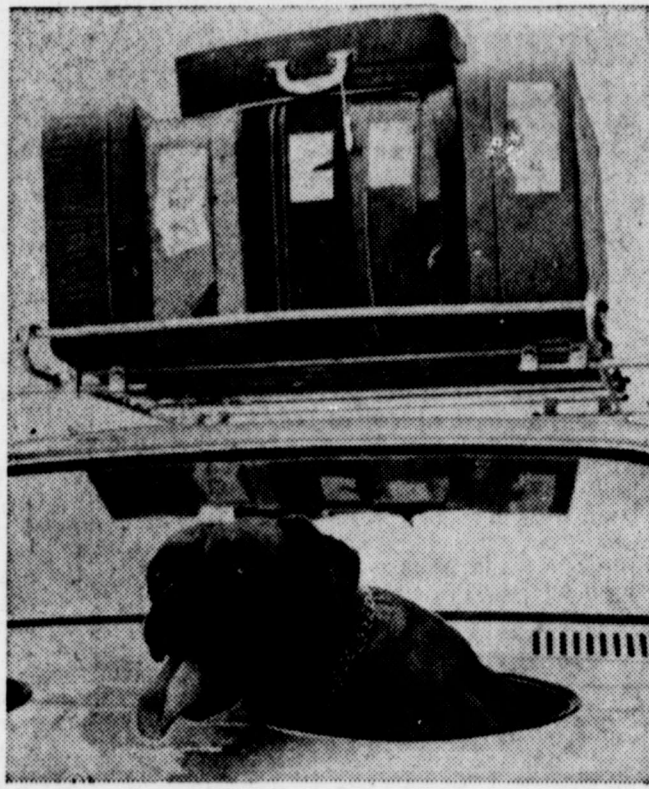

Visitors from Lubbock, Winters and Abilene called in the afternoon.

WASHINGTON
"As it looks from here"
OMAR BURLESON
Congressman
17th District

WASHINGTON, D. C.—The organized crime control bill cleared the House of Representatives last week and it is hoped that it will shortly become law. This measure has been tied up in the Judiciary Committee for months where it was opposed by the Chairman and other members of the more liberal persuasion.

Opponents of the measure have complained long and loud that it restricts personal liberty. As a matter of fact, it does give law enforcement powers never before provided but this is not proof that it is repressive. Such measures were never before as necessary as they are today. Law enforcement continues to be essentially a local matter but local officers cannot cope with crime as is the case today and which is steadily increasing. The lawless are organized and criminals have invaded legitimate businesses to prey on the public.

With new tools in their hands, Federal law enforcement may be able to deal with this serious and never before experienced situation in our country—guerrilla warfare, bombing, arson and wanton attacks on police officers.

In addition to wider jurisdiction, which this measure provides for Federal law enforcement, there is now before the Congress a Bill authorizing the expenditure of over \$3 billion dollars during the next three years for law enforcement grants to the states and localities. Further efforts are being made by a Senate Investigating Committee to identify and expose the organizations and influences which are waging guerrilla warfare in this Country against law and order.

Testimony before the Senate Committee strongly indicates that not only is there propaganda designed to portray local policemen, state troopers and national guardsmen as brutal and dangerous but at the same time many vicious attacks have been made on the police for no cause at all.

These deliberate attacks are too widespread, instances too numerous, the methods used too similar, not to be organized. It is intended to undermine the pillar of law and order from one end of this country to the other.

Evidence has been developed from law officers across the country that these organized efforts have distributed manuals in the cities and on campuses with instructions on how to wage guerrilla warfare. Information is

Babs Tatum In Play Production At Wayland College

Babs Tatum of Winters, daughter of Mr. and Mrs. Walker Tatum, is in the cast of the Shakespearean comedy, "A Midsummer Night's Dream," to be presented October 22-24 in Harral Memorial Auditorium at Wayland College, Plainview.

Miss Tatum, a 1969 graduate of Winters High School, is a sophomore student at Wayland. She is a physical education major and is a member of Wayland's famed Flying Queens basketball team. She holds membership in Physical Education Majors and Minors Club.

furnished on how to manufacture bombs and use explosives. The U. S. Attorney General is convinced that unless some pretty drastic action is taken to discover and punish the bombers, the arsonists and the murderers, the fabric of the Nation's order will be seriously imperiled. "The wave of senseless attacks on our police officers must be stopped. We will find a way to do it," said the Attorney General testifying before the Committee.

Policemen are not only being hamstrung by permissiveness, they are being murdered by militant terrorists who are striking at the mainstay of lawful authority. Connected with the overall challenge to law and order is the need for better legal machinery to bring violators to justice in the courts. Delays and technicalities are hindering the courts and generally the courts themselves have seemingly had a greater concern for "justice" for the criminal than justice for society.

Jack Harrison's Return From Tour of Ireland

Mr. and Mrs. Jack Harrison of Winters returned home Sunday, October 4, from an "unforgettable" five-day trip to Dublin, Ireland, and other places of interest in Ireland.

The tour was sponsored by AC Spark Plug Co., and the tour group was flown to Ireland by Pan American Airlines. Arriving in Ireland, Mrs. Harrison said, the group was greeted by the colorful "Irish Pipers." She said they arrived in time to see the last of President Nixon's party depart.

The group had a "Molly Malone" lunch and saw a variety show at Jury's Hotel. Mrs. Harrison said that at all luncheons and dinners, they were entertained with Irish music, singing and dancing. They visited renowned "Abby Tavern," and had a full day's trip on the unique AC Spark Plug Radio Train through the countryside to Killarney. At Killarney they were taken on a horse-cart tour of the area, saw a small part of the 11,000-acre park where beautifully flowering plants from every part of the world are exhibited.

Returning to Dublin, they visited the American Embassy, and the mansion of Ireland's president, toured the famous Library at Trinity College, and lunched at Clontarf Castle.

Mrs. Harrison said Dublin is the "Land of forty thousand welcomes."

Senator Ruairi Brugha, chairman of Dublin Tourism, presented all members of the group with scrolls, proclaiming them "Honoured Visitors to the City of Dublin."

Enroute home, the chartered flight stopped at Shannon Airport for last-minute shopping.

NEWS for OUTDOORSMEN

By VERN SANFORD

If you ever wonder about the speed of a Texas jackrabbit, it sometimes revs up to 45 miles an hour, darting and dodging among the prairie cacti.

Those tumbling tumble weeds also have a poetic name. They are identified as the "roses of Jericho."

Certain wasps have been credited with becoming the world's first paper mills. Their nests are paper-like substances which they make themselves.

Some say bees are color blind. That's why very few red flowers are fertilized by them because the red is blind to their sight.

Ever wonder why termites stay around so long? Some of them are known to have lived for 30 years or more.

That cute little dormouse is not a mouse at all. It is a relative of the squirrel family.

A steel auto wheel makes an excellent stove for outdoors cooking. Perched on stones, it will hold pots and pans, while the fire burns beneath.

Minnow fishing is not permitted in Oregon. It is illegal to fish with live bait, either whole or in part. This is done to keep down rough fish in stocked impoundments.

Summer flounder is a favorite fish along the east coast. They sometimes weigh up to five pounds. Although most flounder in Texas coastal waters are gigged, they do hit on small lures.

Texas has more coon hunters than fox hunters. Mainly this is because there seem to be more coons than foxes.

When winding new line on your reel, add it to the spool as it comes off the original spool and it will work better.

If you think you've caught a large black bass, consider the known world's record of 22

pounds 4 oz. caught in 1932.

Of all small game, the squirrel ranks second only to the rabbit in hunter popularity. And it is well to remember that most any kind of a dog will develop into a good squirrel hunter.

Swat that mosquito if you are speedy enough... but it bats its wings pretty fast... in excess of 300 times a minute.

Stay far back from a skunk if you want to be safe. It can hit its target at ranges up to 10 feet and has the capacity of a six-shooter.

The mayfly, of which there are more than 550 species in North America, spends all but a few days of its life under water.

A female dragon fly, such as the one that sits on the tip of your rod, will lay up to 100,000 eggs and there are 412 known species of the dragon fly in the United States.

No wonder termites are so numerous. A queen will lay 60 eggs per minute or something like 80,000 in a single day.

Possoms, which long have lived in Texas, now are braving the cold of the north and are found even in New England.

When not molested the trumpeter swan, which almost became extinct, has a life span of 30 years.

Of all the trout species the German brown is the heartiest. It can withstand pollution much better than its many cousins.

Veterans Rehab Program Grows

The number of disabled veterans in vocational rehabilitation programs increased 29 percent in the last fiscal year — from 19,000 to 24,500, Jack Coker, Director of the Veterans Administration Regional Office in Waco, has reported.

Discussing a trend of generally higher enrollments since 1967, he noted that 750,000 disabled veterans have trained under the rehabilitation programs since World War II.

Coker said 16,749 disabled veterans were in training in April this year, the peak attendance month. In the peak month of April last year, 12,179 participated in vocational rehabilitation programs.

He also said 10,801 disabled veterans were in training in July, compared to 7,824 in July a year ago. The number of on-

the-job trainees remained relatively unchanged at about 1,000 during the April through July period this year.

Coker explained that in addition to a monthly allowance, veterans in vocational rehabilitation programs also receive full tuition payment, books, supplies and any equipment required in their training programs.

He urged disabled veterans interested in entering vocational rehabilitation programs to contact their nearest VA office.

Governor Accepts Dinosaur Gifts, Dedicates Park

GLEN ROSE—Dinosaur Valley State Park was officially dedicated Friday, Oct. 2 with Governor Preston Smith the key speaker.

Presiding over the ceremony was State Senator J. P. Word of Meridian. James McLaughlin, superintendent of Padre Island National Seashore, presented a bronze plaque to Governor Smith identifying the new park as a Registered National Landmark.

O. P. Thomas of New York City, former president of Sinclair and now chairman of the executive committee for Atlantic-Richfield Co., presented the State with replicas of the kinds of dinosaurs that roamed the area millions of years ago.

The fiberglass replicas were part of the famous collection featured at the New York World Fair in 1964.

Also representing the Atlantic-Richfield Company were Frank Segorka of New York City, the man who assembled the dinosaur collection, and E. M. Benson of Dallas, vice president in charge of exploration and production of the company.

The Texas Parks and Wildlife Department was represented by J. R. Singleton, executive director; Robert G. Mauermann, deputy director, and William M. Gosdin, director of Park Services.

Texas Railroad Commissioner Jim Langdon was also present at the ceremony.

Dinosaur Valley is the first State park to be purchased under the Bond Program authorized by the 60th Legislature. Under this program, the Parks Department may sell up to \$75 million in bonds to acquire and develop new parks.

"Kelly's Heroes"

This different sort of war movie centers on five offbeat military characters, played by five unusually cast actors—Rickles co-stars with Clint Eastwood, Telly Savalas, Donald Sutherland and Carroll O'Connor.

The Katzka-Loeb production, produced by Gabriel Katzka and Sidney Beckerman in Metrocolor and Panavision, involves the offbeat GI's in a heaving-the-lines bank robbery during their Rest and Recreation period near the end of World War II.

Director Brian Hutton has enlivened the story with the same sort of explosive action he created for his hit war film, "Where Eagles Dare." But Hutton points out that in "Kelly's Heroes" "laughter and character come first." He calls the movie "a comedy caper with a war background."

Flavorful Onions:
October menu planners can include lots of onions. The late summer onion crop has been estimated by the U. S. Department of Agriculture at 21.4 million hundredweight, about 7 per cent more than last year.

So it's a good time to spotlight the onion in your cookery. It can be served baked, boiled, creamed, spiced, fried or raw. And of course, it's the prized vegetable for flavoring such items as potato dishes, casseroles, souffles, salads and meats.

You'll probably find it best to buy onions often, since home storage conditions frequently vary, and onions are best when kept in a cool, dry place. The size onions to purchase will vary with the use. Small ones are best for boiling whole, stewing or creaming. Medium onions are best for serving stuffed, and you'll like the larger ones for luscious, thick slices on top of delicious hamburgers and other sandwiches. All are good for grating, chopping, dicing or slicing.

In selecting, look for hard or firm onions which are dry and have small necks, says Mrs. O'Connor. They should be covered with papery outer scales and be reasonably free from green sunburn spots and other blemishes. Avoid onions with wet or very soft necks, which usually are immature or affected by decay. Also avoid onions with thick, hollow, woody centers in the neck or with fresh sprouts.

This recipe for Crunchy Glazed Onions serves five to six.

- 1 1/2 pounds small white onions, peeled
 - 3 tablespoons butter or margarine
 - 2 tablespoons brown sugar
 - 1/3 cup roasted diced almonds
- Cook onions in boiling water, until fork-tender, about 25 minutes. Drain well. In saucepan, combine butter, brown sugar and almonds. Cook, stirring occasionally until butter and sugar are melted. Add the onions and heat through, turning onions to coat with glaze.

Frankfurter, Onion and Potato Soup

- 2 cups diced potatoes
 - 1 small onion, sliced
 - 1 1/2 cups boiling water
 - 4 frankfurters
 - 1 3/4 tsp. salt, pepper
 - 2 cups milk
 - 2 tablespoons finely chopped parsley
- Cook potatoes and onion in boiling water until soft. Put through a ricer or mash slightly. Cut frankfurters into 1/4-inch slices. Add frankfurters, seasonings and milk to potato mixture. Heat thoroughly, add parsley and serve.

AROUND THE 8-AA FOOTBALL LOOP

The 8-AA spotlight continues to be focused on the western reaches of the district, as the BIG, BIG game of the week will be played at Winters Friday night—the Blizzards vs. the Bluecats from Coleman.

All other games of the loop will be so-so, Ballinger at Cisco, Comanche at Hamilton, and Eastland at Clyde.

District competition has only begun, with none of the so-called strongees paired thus far. But that little item will be changed with this week's Winters-Coleman get together.

Eastland and Coleman are the tied leaders of the district, without blemishes in pre- or district contests this season. Winters' record has only the 0-0 tie with Ballinger to smudge the picture. But the statistics on that game may become mighty important on down through the season... if Winters and Ballinger SHOULD come to the wire tied up for final leadership, the three Blizzard penetrations against the Bearcats last Friday night in that 0-0 knock-down-drag-out would be important.

The Blizzards continue to be choosy about who crosses their goal line—they still lead the league in that department. They'll get their stiffest trial against Coleman's Alcalá-Woods passing-receiving due Friday night.

The Eastland-Clyde game at Clyde this week COULD be a leveler. Clyde, with a 1-1 count for district, and a 4-1 for the season, could upset some plans for the Mavericks.

Ballinger is given a wide edge over hapless Cisco this week, to

day, of course, is full with two to four pro-games; another TV-d pro game on Monday night; and the meeting of the Blizzard Boosters on Tuesday night, when films of the previous Friday night's game are shown.

There's hope for them, though. We've heard of a "football game" played on a board with marbles, which might serve to soothe the mainliners on Wednesday night... should be a good market for them around here.

"RUNNELS IS MY COUNTY"

BY CHARLSIE POE

An authentic history of Runnels County and the people who built the county. Filled with known and little-known stories of the early days. Gathering material on the many facets of the development of the county, the author searched old records for historic fact; she talked with old-timers who remembered life as it used to be; she combed the county for an amazing collection of treasured photographs. And she presents it all within the covers of a single volume. Town by town, and community by community, Charlsie Poe reports in detail the county's marked progress in cultural, educational and religious endeavors — the introduction of civic improvements as time went on.

She looks back on a way of life that now seems quaint to this fast-paced generation. She tells of the tent shows and carnivals which drew country-wide audiences.

Collectors of Texana will welcome this book as a missing tile in the mosaic of county histories. The student of social history will find it an impeccable source of information.
