Farm Bureau Members Attend State Meeting

Four leaders of the Runnels County Farm Bureau participated in a special statewide Farm Bureau membership report activity October. They were Mr. and Mrs. Doyle Condra and Mr. and Mrs. Lucius Evans.

The District 7 meeting they attended in Brownwood was one of 13 such meetings held that same evening across the state.

Runnels County turned in a report showing 942 member families signed up as of that date. The end of the Farm Bureau fiscal year is October 31. Runnels County has a goal of 1000 members this year. Last year's membership was 980.

A telephoned report of membership results in the district was made that evening to Texas Farm Bureau President Sidney Dean in Waco, when reports from all districts had been compiled. The TFB leader called each district meeting with statewide results.

As of October 26, the Texas Farm Bureau membership stood families, making it the third largest state Farm Bureau in

Preston

Preston Smith believes in working hard. For you. And that's why he's doing such a good job as Governor of Texas.

When Preston Smith entered public service, he didn't start by asking Texans to elect him Governor. That would have been foolish, because being Governor carries great responsibilities. And it demands the clear, steady judgement that comes only from experience.

Preston Smith had the good common sense to work his way up-gaining insight into how our state government functions. He served six years each—as State Representative . . . as State Senator . . . and as Lieutenant Governor. Only then, when he felt fully qualified, did he seek

the Office of Governor. Now, after two years he has expanded the duties of the Governor's Office to better serve all the people of our State.

Yes, Preston Smith believes in hard work. For 20 years, he's been working for Texas—doing a good job. You can help keep him as Governor. Vote. Vote for Preston Smith on Tuesday, Nov. 3.

Success Is Home-Grown

Most successful farmers and ranchers find their opportunities in the same place they were born and raised — or perhaps a mile or two down the road. Success is a crop we like to cultivate at the Land Bank Association - and it's best if it's home-grown.
