## Things To Think **About In Planning To Build Home**

After years of saving money and months of looking for your with everything you need, nice location, modern conveniences, enough space and price you can almost afford. So you move in, expecting to relax and enjoy your new possession. Then the septic tank doesn't

work. The foundation slips or cracks or the house is flooded. Your dream home turns into an expensive nightmare. You thought you were so careful, checking everything, every-

thing but the soil, the basic foundation of your house. What should you consider

or build your house. 1. Does the soil shrink and swell under dry and wet condi-

tem can be used or does it abdream house, you find the house sorb moisture so slow that the effluent will come to the surface and cause a serious health

District 6-AA teams won 3, lost 1, and tied 2 last Friday night, in non-conference games against outside-district teams. The district, with two games of the season behind-for all but Stamford-now stands 6-3-2, and has scored 206 to opponents'

It would be hard to pick the game of the week for last week, unless it was the Ballinger-Reagan County game, which was parade in that department with loss to the Yellowhammers.

The Winters-Merkel game was another runaway contest, with everybody but the waterboy from the Blizzard bench getting a piece of the action. The Blizzards scored in three quarters as they piled up 266 on the ground and 18 in the air, to Merkel's 41 on the ground and 35 in the air.

The Ballinger-Reagan County contest was fairly even, with neither side giving ground toward the goal line throughout the night. Reagan County led in rushing yardage -100-90-and 19-0 in the air. The contest wa marked with errors, as Ballin ger intercepted four passes an the Owls pulled in three of th Bearcats' aerials. Result-noth ing-to-nothing when the gu sounded.

AROUND THE 6-AA Hamlin and Clyde deadlocked 6-6, with Clyde, beaten by the Blizzards 20-16 the previous week, leading on the ground— Organized At the air-35-25.

> headon Friday night, and came Stamford drew first blood in the day night. second, and then came back in the fourth to chalk up 12 more. Breck tied up the game in the fourth for a while, but could not hold the Jones County boys.

Anson, after taking a drubbing from a strong Coleman members. played to a scoreless tie. # It's 1973, and Chevrolet roofs are opening, seats are swiveling, bumpers are retracting, hatches are flipping up.

Did you ever have so much to talk about that you didn't know what to say first?

We're happy to report that's us for 1973. But since everything must begin somewhere ...

Isn't it romantic? You see that rectangle beaming

at you from above? That's a moonroof. Not to be confused with a sunroof. (Although many people will undoubtedly be caught using it like one.) A power roof is available on Chevelle and Monte Carlo; a manual one on Nova.

**Bumpers are exciting?** 

This year's are something to get

stirred up about. One of our new bumpers, for example, is built around twin hydraulic cylinders. So on minor impact, the whole system retracts to cushion the shock.

It's standard on all big Chevrolet, Chevelle and Monte Carlo

New Malibu Colonnade Hardtop Coupe.

models. Nineteen different models to choose from.

You know us for our little Vega Hatchback. Now dependable Nova has one. Which literally makes it half trunk with the backseat down. It's a feature as practical as Nova

We've been thinking about your legs

One of the few things people asked us to improve in our popular Chevelle was leg room in the backseat. Well, your knees will be pleased with the '73s. There's almost 31/2 more inches in the sedans.

So what else is new

Naturally this is only a taste of what's new for '73.

Among other things, we're introducing larger gas tanks for longer cruising range, a new Exhaust Gas Recirculation system, a hatchback for wagons, and a highly refined flowthrough power ventilation system.

Plus a reading light for front seat passengers, improved suspension systems, engines that give you performance combined with gas economy, reclining seats and scores of dramatic styling changes.

We invite you to see it all at your Chevrolet dealer's.

**Building a better way** to see the U.S.A.

(above) Caprice Coupe. Our new uppermost Chevrolet. Its luxury, comfort and quiet ride rival the most expensive cars you can buy.

THE '73 FORDS A At 60 mph a '73 Ford LTD rode quieter than an airborne glider.

Quiet is the sound of a well-made car. And the new LTD is well made in every sense of the word. That's why it's so quiet. Outside it has all-new styling. And power

A'73 Torino rode so smooth, a high wire artist kept balance on a road of 2x4's.

Smooth riding, strong and quiet—the solid mid-size car. You'll appreciate how the new Torino's refined suspension helps to cushion bumps, absorb road vibrations and reduce body sway. You feel solidly in control while you ride in comfort and luxury. HE SOLID 19/3 FORD TORINO BROUGHAM thown with optional front bumper guards, eluxe wheel covers and whitewall tires).

> '73 Pinto: When you get back to basics, you get back to Ford. When you get back to basics, you get back to Ford: the new Pinto. Every '73 Pinto

has rack-and-pinion steering. A solid welded body, electrocoated to fight corrosion. 4-speed transmission—lubed for life. All in all, everything we've learned in seventy years of car making—all the basics—we build into every Pinto Wagon, Runabout and Sedan.

That's why it's become America's top selling economy car. THE 1973 PINTO WAGON (shown with Squire Option, luggage rack, Deluxe Bumper Group and whitewall tires).

There are 39 new models to choose from.

Every 1973 Ford, Thunderbird, Torino, Mustang, Maverick and Pinto comes equipped with new energy-absorbing bumpers and steel guard rails in all side doors. Steel-belted radial ply tires are available on every model, too.

DALE'S FORD SALES — 242 South Main — Winters

Most changed Ford Division car for 1973 is the full-sized Ford, Shown here is the LTD four door hardtop. All-new sheet metal below the window line and a new segmented grille give the 1973 Ford a more formal look. All 1973 Fords have a new impact-absorbing bumper system, although the overall length of the car is increased only about one inch. Power front disc brakes, power steering. SelectShift Cruise-O-Matic transmission and a 351-2V eight-cylinder engine are standard in all new Fords.
