## HOME TOWN Talk

By R. C. THOMAS

This is the last week of the long days! We'll all get to sleep an hour longer Sunday morning... but will have to stay on the job an hour longer Monday (by the sun).

Probably no other piece of legislation has caused more comment—pro and con—than that which set up Daylight Saving Time, in effect from May until October in most parts of the country. Even tax legislation doesn't get as much comment.

The pros are in favor of DST, because of the longer afternoons made possible, especially during the middle of the effective period. Time they can use to go fishing, work gardens, work around the house, or just fiddle around.

The cons are perhaps louder in their protests. Most of the letters to the editor we've seen on the subject are from this group. They mainly don't like it because, like everybody else, they don't like to get up before daylight, especially early and late in the season.

The ideal way, for us sun-uppers, would be to use regular time for going to work, and saving time for quitting. That way, we'd be pleasing most everybody at least half the time. Except those who would want to turn it around.

Perhaps we should throw away all the clocks, anyway. That way we could work from can't to can't, from will to won't, depending on our mood of the moment, or our hunger pains. The scientists say we're all tuned differently, anyway, and that we'd be happier if we were not programmed and scheduled by custom, but allowed to come and go as we felt. We like the scientists' thinking; too bad they don't have enough clout to get the idea over.

The following little psalm was written by Henry Gay of the Shelton, Wash., Journal. It fits most of us:

"Our football, which art on television, hallowed by thy game, Thy fullback run, thy pass be flung in Miami as it is in Dallas. Give us this day our four quarters. And forgive us our trips to the bathroom. As we forgive our fumbblers. And lead us not into conversation. But deliver us from thinking: For this is the distillate of the opiate of the masses, Forever. Amen."

Harry London handed us this: "Can you describe your assailant?" asked the policeman as he picked the bruised and battered man from the gutter. Came the reply: "That's what I was doing when he hit me."

Mention was made recently that a proposal had been made to change the color of our paper money. The cost would not be prohibitive, it was pointed out, because Uncle Sam always is having to print new money anyway, to take the place of the old worn out stuff.

Change in the color of our money would not be nearly as expensive, some folks say, as a project now being conducted by the State Highway Department. It seems that someone has come up with the idea that many of our highway traffic signs are the wrong color, or the messages should be changed, or the shapes are not right, or something about them should be changed. And the changes are being made. There has been a

BABS TATUM... "Miss Wayland Baptist College"

## Babs Tatum Won "Miss Wayland Baptist College" Saturday Night

Babs Tatum, daughter of Mr. and Mrs. Walker Tatum of Winters, and a senior student at Wayland Baptist College, Plainview, Saturday night won the title of "Miss Wayland Baptist College," over 17 other girls who entered the competition.

The Wayland Baptist College Pageant was held as a preliminary to the Miss Texas Pageant and the Miss America Pageant. Miss Tatum will be a contestant in the Miss Texas Pageant next July.

In addition to winning the overall contest, Miss Tatum also won the preliminary talent segment of the contests, held Friday evening. For her talent, she sang "Where He Leads," a number which has been made nationally popular by Carol King.

The 22-year-old, 5-8 young

## Homecoming Activities Friday Will Include Crowning of Two Queens

Two Homecoming Queens, one chosen by the Ex-Students Association, and one from high school, elected by members of the student body, will be crowned during halftime activities at the Winters-Ballinger football game Friday night.

Crowning of the Homecoming Queens is only part of the Homecoming celebration planned for Friday, the Ex-Students Association announced. All former students are being encouraged to attend the pep rally Friday afternoon, and then register at the school cafeteria. Ex-student ribbons will be available to all who register.

Prior to the football game, the Literary and Service Club will serve a turkey dinner at the cafeteria.

The "50-Year Class"—the graduating class of 1922—will receive special recognition during Homecoming activities, Jay Dunnam, president of the Ex-Students Association, said. There were 32 members of the Class of '22. Of these, several

## Class of 1969 Reunion Saturday

A reunion of all members of the Winters High School Class of 1969 will be held in the high school gymnasium Saturday, October 28, from 2 to 4 p. m.

Ladies are asked to bring cookies; drinks will be furnished.

Families of class members and faculty members are invited to attend.

## School Halloween Carnival To Be Saturday Night, Community Center

### Tickets On Sale Wednesday For Haskell Game

## Charles Miller GAI Production Manager Here

Charles Miller, formerly of Fort Worth, has been named production manager of the Winters and Fort Worth plants of General Aviation Industries, Don Roach, president of the Company, announced this week.

This is a new management position, and Miller assumed duties October 16, and will live in Winters. He will be directly responsible for all production and fabrication in both the Winters and Fort Worth plants.

James Spill will continue as quality control manager, and Jim Guevara will remain as machine shop foreman.

A native of Fort Worth, Miller has been head of C. H. Miller Co., an independent manufacturers' representative, of Fort Worth, handling castings and forgings and engineering products for about ten years.

Miller attended Texas Christian University, and Jordon & Harrison Industrial Management School in Chicago. He is a veteran of World War II, and flew bombers and fighters with the Eighth Air Force in Europe. He is a Mason and a Shriner.

Miller has two daughters, Camille, a student at Texas Wesleyan University and a graduate of John Robert Powers — Professional Modeling School, and Michele (Missy), 11, who will enroll in the sixth grade of Winters Elementary School. They attend the United Methodist Church.

They will live at 305 Laurel Drive, Winters.

The School Halloween Carnival, sponsored by the Junior Class, will be held at the Winters Community Center Saturday, October 28, beginning at 7 p. m.

The carnival had originally been scheduled for next Tuesday, but because of the Elm Creek Water Control District bond election, was changed to Saturday night.

Several school organizations will have booths at the carnival. The public is invited to attend and take part in carnival activities.

## Special Hospital Equipment Fund Now \$65,186.50

Recent contributions to the Special Equipment Fund for the new North Runnels Hospital have increased the total to \$65,186.50, Ted Meyer, chairman of the equipment fund committee, has announced.

Most pledges made during the past several months have been honored, Meyer said, and contributions to the fund have been steady. The funds are invested and earning interest, against the time they will be needed to purchase equipment for the hospital, now under construction.

## Senior Citizens Group To Meet Friday Evening

The Senior Citizens group, sponsored by the local OEO, will meet at the Humble Building at p. m. Friday, October 27.

Ronald Stagg of San Angelo, Social Security representative, will be present to bring the program.

## Elm Creek District—A Vital Question

AN EDITORIAL

Voters will determine next Tuesday, October 31, whether this section of Runnels County and South Taylor County will continue working toward a proven method of conservation of two of our most precious natural resources, the soil and water, and whether we will continue on the road to progress in the areas of agriculture, industry, business and social economics, or enter a state of semi-stagnation, when they go to the polls to decide the fate of the proposed \$300,000 bond issue for the Elm Creek Water Control District.

If the proposal is approved by the voters, the board of directors of the district will be authorized to go ahead with the project, thus almost surely guaranteeing a climate of progress. If the proposal is not approved, all the work and expense which has gone into this project during the past four years will have gone by the boards.

To go into minute details surrounding this Elm Creek Water Control District project at this moment would only be a repetition of the publicity and information which has been given the project over a period of many months. Residents of the area have been fully informed regarding plans for the district—construction of floodwater retaining dams on Elm Creek and its tributaries to prevent economic loss and loss of top soil, and the eventual development of a water supply for the area, not only for Winters and Ballinger, but for most of the farms and ranches here.

Most residents also are fully aware of the value of this project, not only to individual farms and ranches, but to the urban areas as well. Without conservation of our soil and water, without protection from economic loss through flooding, and without some sort of assurance of future water supplies, the future of the entire area would be bleak indeed. Most are also aware that property and land values within the district, even though some may not be directly affected by floodwaters, in all probability would be increased.

Very important, also, is the truth that the small cost for this project, to each individual, would be a small premium indeed to pay for this type of insurance.

This proposition for progress versus stagnation will be offered for the consideration of voters next Tuesday. The Enterprise highly recommends a favorable consideration, which will key continued prosperity in this area.

## Elm Creek Bond Election Next Tuesday, Oct. 31

Voters of Elm Creek Water Control District will decide the fate of the proposed \$300,000 bond issue for the district, in an election next Tuesday, October 31.

Qualified voters of the district, which includes about 238,000 acres in the watershed of Elm Creek in Runnels and South Taylor counties, will vote in the election.

In addition to the many farms and ranches in the district, the city of Winters and a big portion of the city of Ballinger are included. Not only farm and ranch residents, but residents of both cities will be qualified to vote in this election.

Voting boxes will be at:  
—Community Center, Ballinger, Melvin Patterson, presiding judge.

—Community Center, Winters, W. T. Billups, presiding judge.

—A. D. R. Mercantile Co., Bradshaw, Wayne Hunt, presiding judge.

Gymnasium, Crews, M. L. Wood, presiding judge.

Polls will open at 7 a. m. and close at 7 p. m.

The \$300,000 bond issue, for the purpose of obtaining right-of-way for construction of water retaining dams on Elm Creek and its tributaries, is the first proposition on the ballot to be marked Tuesday. Approval will authorize the board of directors to issue the bonds, and to levy a tax for payment.

Proposition No. 2 on the ballot will be to authorize the board to assess and collect an annual tax of not exceeding 5 cents on the \$100 valuation to provide funds adequate to defray costs of maintaining the project, works, structures or improvements which the district will build.

Cost of actual construction of the dams would be borne through Federal grants.

### RATE WOULD BE LOW

W. M. Hays, chairman of the board of directors of the district, said that although final figures have not been obtained on valuations within the district, it has been estimated that valuation will reach approximately \$16 million. He said that at a proposed rate, which has not been finalized at this time and which would not become effective until 1973, taxes on 100 acres of land would run from only \$2.70 to \$8.40 per year, depending on the type of land in a particular instance.

Taxes on urban residential property would also be low, Hays pointed out. For example, taxes on a \$12,000 home in Winters or Ballinger would be only about \$6.30 per year.

Hays said that the board would not set a tax rate until after the bond election, and until the project has progressed much further.

The board said if voters approve the bond issue, bonds would be sold only when funds are needed to acquire right-of-way and for other work required of the district. Applications for the Federal grants for actual construction have already been made.

### STATE BOARD ACTION

Priority of the proposed project in regards to obtaining Federal funds and the go-ahead signal is up to the State Soil and Water Conservation Board, Hays said.

However, he stressed, the State Board will take no action of any kind until the bond election is approved by the voters of the district.

The State Board held a public hearing on the project here September 12, at which time landowners presented evidence of flood damage in the district, and the need for the project to prevent further damage. It was pointed out at the hearing that annual damage by flooding in the Elm Creek watershed is estimated at about \$376,000. Evidence of loss to crops, livestock, fences and roads due to flooding was presented at the hearing, along with evidence of loss of top soil in the area.

It is expected that the State Board will render a priority decision on the project some time this year, if the bond issue is approved.

In addition to floodwater control in the district, long-term plans for the district include possible development of a multipurpose dam structure. This would be for a municipal water supply for Winters and Ballinger, and the new North Runnels Rural Water Supply Corporation, which proposes to distribute water to much of the area through a rural pipeline system. This in itself would enhance property values throughout the

district, the district board pointed out.

The board of directors of Elm Creek Water Control District, along with others interested in the project, have pointed out the value of the project to the future of the entire area. They point to the rise in water tables in the area of Valley Creek Water Control District in the western part of Runnels County, and the fact that water has run in that

FIRST MATERNITY CASE—Although the foundation and sub-flooring of the new North Runnels Hospital are barely down, Rose, a pretty Collie-like dog, picked the appropriate place—she had her five babies under what will be the entrance to the hospital. Mamma and Papa—called Rose and Jim—started living around the hospital construction site when work was started, and have been adopted by the construction workers, who feed them and help care for the puppies. Jim was out foraging when this picture was taken.

If you would like to have one of Rose's babies, see Bob Ashley, construction superintendent, at the hospital site. It might be a good idea to get your name in early because one pup has already been spoken for.

## Blizzards Meet Ballinger Friday

The decades-old rivalry between Winters and Ballinger football teams will surface once again Friday night, as the Blizzards and the Bearcats meet on Blizzard Field. Kickoff at 7:30.

This will be the Homecoming game for Winters, with special activities planned for halftime and following the game for all former students of Winters schools.

This will be the second district game for each team. Winters had a fair record—3-2—for preconference play, with Ballinger recording 1-3-1. The tables were turned last Friday night, however, when both teams began district play. The Blizzards lost their district opener 7-6 to Hamlin, while the Bearcats went to the top of the district standings with their 44-0 win over Stamford.

Winters and Ballinger have played two common opponents this season. In their opening game of the season, Ballinger defeated Brady 20-0. Winters lost to Brady 35-6 for one of their two pre-conference losses.

Johnny Slaughter, 6-1, 190 pounds of running back, is one of the best running backs in the area. He has good speed, and is Ballinger's main running threat.

Bill Jernigan will be one of the best quarterbacks to face the Blizzards this season. He can throw, and has proven himself to be a wily scrambler. He is expected to give some trouble to opposing teams this season.

# Vote FOR the Elm Creek Project Tuesday, Oct. 31

SAMPLE

GENERAL ELECTION
Runnels County, Texas November 7, 1972

OFFICIAL BALLOT

PORTION

INSTRUCTION NOTE:
Vote for the candidate of your choice in each race by placing an X in the square beside the candidate's name. You may vote a straight ticket (that is, vote for all the candidates of a certain party, and for no candidate outside that party's column) by placing an X in the square beside the name of the party at the head of the party column. (If you use this straight-ticket method of marking, do not mark squares beside the name of individual candidates.)

Table with columns for Candidate For, Democratic Party, Republican Party, Socialist Workers Party, Raza Unida Party, and Write-In. Rows include President and Vice President, District Judge, District Attorney, County Attorney, County Sheriff, and County Tax-Assessor-Collector. Includes handwritten name 'Va Rue McWilliams' in the Write-In column.

We Can Hire An Experienced Person For a Job That Requires Experience!

ELECT WRITE-IN CANDIDATE

VA RUE McWILLIAMS

FOR

COUNTY TAX ASSESSOR-COLLECTOR

The vacancy in this county office must be filled as of January 1st, 1973. The person filling this vacancy must file and secure bond before January 1st, 1973. The person to serve and to be placed under bond in this capacity should have experience and knowledge of the job, to rely on his OWN performance of duties in this office, thereby making HIMSELF liable and responsible to you, the people of Runnels County, and to the State of Texas, as of January 1st, 1973.

VaRue McWilliams has had 20 years experience in performing these duties and has proved herself most capable ... capable as of January 1st, 1973!

A Write-In-Vote is more difficult than a vote for a candidate whose name appears on the ballot, but there will be no problem since we are permitted to ask the Election Officers how to mark the write-in ballot correctly.

Since we have had so few "WRITE-INS" in Runnels County, it is necessary to recall how one votes for a Write-in-Candidate. The last column on the ballot is headed WRITE-IN. To have a valid ballot on a write-in-ticket, one must mark a line through the candidate's name in the Democratic Column, mark a line through the candidate's name in the Republican Column, and WRITE THE NAME OF THE WRITE-IN CANDIDATE IN THE WRITE-IN COLUMN UNDER THE APPROPRIATE OFFICE TITLE.

Article 7.15, Sub. 13 of the Texas Election Laws states, in part, that "if any Voter desires further instructions, an

election officer shall give such instruction". So, if help is needed with your Write-in-Vote, it is legal to ask the election judge to explain it to you.

Article 8.13-AID TO VOTER-Second paragraph, in part, states-instead of being assisted by two election officers, a voter who is entitled to assistance may select any qualified voter residing in the precinct to assist him. Before assisting the voter, the person selected shall take an oath (which states in part) that he will prepare his ballot as the Voter himself shall direct.

Article 5.05 Sub. 15, Assistance to Voter (in part). If a voter is unable to sign his name, any signature of the Voter required by this section shall be made by the Voter's affixing his mark, attested by two witnesses.

It is permissible to vote a "SPLIT TICKET" in the General Election. All candidates for all parties PLUS A

WRITE-IN COLUMN appear on the Ballot. The voters may vote for candidates under each party column on the ballot if it be his choosing to do so. Your vote is not restricted to any one party column.

Article 6.06 contains the following: The failure of a voter to mark his ballot in STRICT CONFORMITY shall not invalidate the ballot, and a ballot shall be counted wherein the INTENTION OF THE VOTER is clearly ascertainable. This should make the "near correct" spelling of a write-in-name for a candidate acceptable.

And taking the card with the write-in-name spelled correctly, to the polls with you should cinch your ballot being counted.

YOUR WRITE-IN VOTE FOR VA RUE McWILLIAMS FOR RUNNELS COUNTY TAX ASSESSOR-COLLECTOR

WILL BE A MOST APPRECIATED ONE. This name is an odd one to spell, but would also be difficult to mistake for another name when the "Intent of the Voter" is being considered.

Se puede preguntar a los election oficiales a asistir a usted cuando usted vaya a la polls a votar.

Es legal que ellos le ayuden a usted con el Tiquete de Write-In.

Si necesita ayuda mi nombre es VaRue McWilliams de manera que esciva mi nombre y ponga una linea sobre el nombres de Farmer y Brookshier, y vote en Write-In por VaRue McWilliams, Collectora de Taxes, Runnels County.

Es importante preguntar a los Election Oficiales asistir a usted con este Write-In Vote.

## WINGATE

Last week's news was sent in too early to mention the passing of our friend, Ed Donica. Burial was in Wingate Cemetery.

Willie Bradshaw was buried in Shep Cemetery Monday.

Mrs. Hazel Gannaway Carpenter and daughter Christi were killed in a plane crash near San Saba, which also took the lives of her daughter and son-in-law and three children last Friday. Hazel's father, Guy Gannaway, lives in Winters.

Mrs. Emma Doggett visited her father, Miles Huckaby, at Stanton. He came home with her for a visit.

The 80th anniversary of the Wingate Baptist Church Sunday was well attended. Some of the out-of-town visitors were: Marie and Bob Brannon of Colorado City; Mr. and Mrs. Tru-

man Bodine and family, Bill and Lorena Polk, Stanton; Mr. and Mrs. R. B. Dean and daughter, Lubbock; Mr. and Mrs. A. J. Dean and son, Big Spring; C. Ray Dean and sons, Abilene; Lila Marie Dunnam, Mr. and Mrs. Lloyd Compton, Winters; Mr. and Mrs. Allen Mosley of Sweetwater; Mr. and Mrs. Oliver Wood, Winters.

Also, Mr. and Mrs. John Phillips, Spring Lake; Norma and husband, Ft. Worth; Runa Mosley, Cisco; Mr. and Mrs. W. F. Matthews and Tommy, San Angelo; Mr. and Mrs. Patterson, Winters; Mr. and Mrs. Dean Holder, Abilene; Mr. and Mrs. Doc Pingear, Pumphrey; T. A. Patterson, minister; Dennis and Barbara Rogers and children, Winters; Mr. and Mrs. Floy Wood, Winters; Bro. Charles Myers and wife, Dorothy, Abilene.

Mr. and Mrs. Carl Green were visiting their daughter and family in Graham over the weekend.

Mrs. Hubert Bryan received word that her brother-in-law passed away in Florida.

Mrs. Otto Turk, Mrs. Irvie Talley, Mr. Erwin Voss and granddaughter from San Angelo were guests in the Edwin Voss home. Edwin and Emily were recent visitors in the John Onken home.

Kay Rogers and girls of Ballinger were visiting her parents, Mr. and Mrs. David Bryan. The girls also were guests with their grandparents, Mr. and Mrs. Doc Rogers.

Leon Bahlman and family were visiting at the Church of Christ Sunday. Leon was guest speaker and will also be speaker next Sunday. The public is invited.

Cloy Allen is home now and will be for three weeks.

### VISITED IN ALPINE

Mr. and Mrs. G. W. Scott Jr. and Mrs. Gladys King spent the weekend in the home of Mr. and Mrs. Sam Scott and sons in Alpine, and attended the Sul Ross-McMurry football game Saturday. Sam Scott is on the Lobo football team, and is a junior at Sul Ross University.

## Graveside Service For Air Crash Victims Monday

Graveside services were held at Shep Cemetery at 3 p. m. Monday for Mrs. C. T. Carpenter, 57, and her daughter, Cristi Carpenter, 17, of San Saba, victims of an airplane crash near Goldthwaite Friday afternoon.

Burial was under direction of Spill Funeral Home.

Five other persons died in the airplane crash which occurred about 11 miles south of Goldthwaite. They were Mrs. Carpenter's son-in-law and daughter, Fred McCall, 33, and his wife, Margaret McCall, 32, and their three children, Lee Ann, 12; Troy, 10, and Melissa, 5, all of San Saba.

Mrs. Carpenter was the daughter of Guy Gannaway of Winters, and sister of Mrs. Harold (Christine) Waggoner, also of Winters.

Funeral services for the seven victims were held in the San Saba High School gymnasium at 3 p. m. Sunday, with the Rev. Albert Brown, pastor of the San Saba First Baptist Church, and the Rev. W. L. White, retired Methodist minister of San Saba. Burial for the McCalls was in San Saba Cemetery.

The crash occurred about 4 p. m. Friday only minutes after the seven had taken off from San Saba. They were enroute to Lafayette, La.

Mills County Sheriff Horace H. Brooks said the plane was a 1967 Piper Cherokee six-passenger model. He said the plane hit at a 60 degree angle in the rugged ranchland near the Colorado River and struck with such impact that it scattered debris over a 150-foot area.

Mrs. C. T. Carpenter was born Hazel Gannaway Nov. 6, 1914, at Wingate. She married C. T. Carpenter in Runnels County and the couple lived in Abilene while he was an employee of the Highway Department. He died in 1969 and Mrs. Carpenter moved to San Saba in 1970.

Survivors of Mrs. Carpenter are her father, Guy Gannaway of Winters; a son, Wayne Carpenter of Abilene; three daughters, Mrs. Cathryn Cunkel of Dallas, Mrs. K. W. (Joyce) McCall of Lafayette, La., and Sherry of the home; two sisters, Mrs. Bob (Doris) Hook of Merkel and Mrs. Harold (Christine) Waggoner of Winters; eight grandchildren.

Cristi Carpenter was born Sept. 26, 1954 and was a cheerleader and a senior at San Saba High School. She attended elementary school in Abilene before her family moved to San Saba in 1970.

Mr. McCall was co-owner of the Howell-Doran Funeral Home in San Saba and was owner of the San Saba Nursing Home.

Mrs. McCall was an administrator-in-training of the San Saba Nursing Home. She was a member of the First Baptist Church.

Survivors of Mrs. McCall are three sisters, and her grandfather, Guy Gannaway of Winters.

## Lutheran Evening Circle Presented Program Sunday

Mrs. Homer Hodge Jr. presented a review of the book, "Close Your Eyes When Praying," at the quarterly meeting of St. John's Lutheran Church Women of the Church, Sunday at 2 p. m. in the Educational Building.

The program was sponsored by the Evening Circle.

Mrs. Lee Roy Chaney gave the scripture reading. Miss Kathryn Bredemeyer played the piano.

Mrs. Charles Kruse Jr. introduced Mrs. Hodge.

Reports were given by Mrs. R. C. Kurtz Jr., Mrs. R. T. O'Dell, and Mrs. Jerry Holle.

## "Rent Watch" Book Available At Social Security Office

Copies of a booklet describing the Rent Watch program, recently announced by the Cost of Living Council, are now available at the Social Security Office, according to J. M. Talbot, social security manager. The "Rent Watch" program,

chased and installed in the Educational Building, and the plans to buy two large tables for the Fellowship hall, and to recover lounge furniture.

Mrs. Walter Kraatz reported that several boxes have been sent to the Arizona Navajo Indians.

Forty-one were present for the program.

Mr. Talbot said, is aimed at preventing landlords from illegally boosting rents to take advantage of the increased social security benefits which became payable this month.

The booklet tells social security beneficiaries what to do if they receive a notice of a proposed rent increase and how to file a complaint with the internal Revenue Service if they believe that the increase is in violation of Economic Stabilization Program regulations.

AUSTIN — Competitive auto and homeowners insurance rating legislation failed to clear the special session, but Gov. Preston Smith claimed the gathering served a purpose.

Smith, disappointed at a logjam in conference committee on the session's windup night, declined to call lawmakers back to work as he had hinted he might. He said he and legislative leaders decided another session now would be fruitless.

The Governor announced he will make recommendations for "thorough reform" of the insurance regulatory system before he leaves office in January.

"I am hopeful," he said, "that because of the exposure and public attention that this issue has received during the past 30 days, competitive rates and other insurance reforms can and will be approved."

He cited these accomplishments of the session in addition to those which had been wrapped

up earlier. —Establishment of a Texas Offshore Terminal Commission to define the role and responsibility of State government in developing a deep draft offshore port for supertankers.

—Relaxing of trailer and brake lighting requirements for trailers.

—An increase in funds by \$1 million for the Anderson County junior college occupational extension center.

—Defining the legal age at which both male and female youth offenders can be tried as adults.

—Appropriation of \$211,372 for a citrus and vegetable training center and improved beef production programs at Texas A & I University.

The Legislature also passed a bill to lower rates in the hurricane windstorm insurance pool for coastal areas. It petitioned Congress for a constitutional convention on an anti-busing amendment.

ALLOWABLE MAINTAINED For the eighth straight month the statewide oil allowable will be retained at 100 percent for November.

Production is expected to be slightly more than 3,500,000 barrels a day.

Major oil buyers requested 3,753,055 barrels of crude daily next month, a decrease of 23,538 for the October record.

The East Texas field, where an 86 percent production figure was set, is an exception to the 100 percent allowable. So is Kelly-Snyder at 76 percent, Tom O'Connor at 70 percent and Big Wells at 80 percent.

Only one of the 15 major crude buyers requested more oil next month than this month, while 11 asked the same amount and three asked less.

Texas crude stocks totalled 97.6 million barrels on October 6, a decrease of 4.2 million from the October, 1971, level.

DEATH PENALTY RESTORATION A bill to restore the death penalty for certain cases of murder started too late to get through the Legislature in special session.

It was knocked out in both the House and Senate because it had not emerged from committees until the last 72 hours of the session.

The legislation sought to permit the death penalty (outlawed by the U. S. Supreme Court) in cases of atrocity murder, murder by hired assassins, murder of prison guards, intentional homicide during kidnapping, rape, burglary, robbery or arson, murder of a policeman or fireman and killings during prison escapes.

BUILDING SHIFT ORDERED The State Highway Commission received firm advice from the Legislature to move the proposed site of its controversial new 11-story, \$20 million building.

Lawmakers said they don't want the building on the block across the street from the state capitol and governor's mansion. They indicated they prefer an underground parking garage topped by a park on the choice site in downtown Austin.

The legislative resolution recognizes the Highway Department should be compensated for the \$1.5 million it spent on the site and plans. Funds will not be appropriated until next year. Since the Highway Department is pressing for a two-cent-per-gallon gasoline tax increase, it is expected to go along with the Legislature's directive without further argument.

COURTS SPEAK The Texas Supreme Court upheld lower court verdicts that a Bowie County couple should

It's easy to diet nowadays and get as thin as a board, when you do your grocery shopping only buy what you can afford.

The rain gauge was a happy sight this passed week in our community—from 3 inches up. Most stock tanks have water once more.

We're all glad to hear Mrs. Effie Deitz is back home and doing fine and here are her visitor list this week: Her pastor, the Rev. Sanders of Winters, Clay Bailey, Mrs. Gaston Ernst and girls of San Antonio, Mr. and Mrs. Arthur Allcorn, Mr. and Mrs. Adolph Ernst, Mr. and Mrs. Marvin Hambricht, Mr. and Mrs. Clarence Hambricht, Mr. and Mrs. Carl Baldwin, Mrs. Deitz came home Friday.

## "FROGS"

Huge lizards from South America's jungles, along with hordes of frogs, toads, snakes and alligators form part of the cast in "Frogs," American International's exciting film adventure showing Saturday and Sunday at the State Theatre.

A suspenseful drama describing the battle of a Florida family against a mighty invasion of deadly swamp creatures, the film portrays the lizards as part of the "mob scene" as they move against the humans from the wilderness.

Known as "tejus," the lizards are of the genus Tupinambis, family Teiidae. Their bite is dangerous and painful but not poisonous. Tejus are edible, and their flesh is considered a delicacy. But in "Frogs" they are the eaters.

Sharing billing with the creatures in the screen thriller are veteran Hollywood star Ray Milland, Sam Elliott, Joan Van Ark and Adam Roarke. The American International release was produced by George Edwards and Peter Thomas and directed by George McCowan from a screenplay by Robert Hutchison and Robert Blees.

## M. L. Kaufman Sets Record For Marine R-T Course

Pvt. Marvin L. Kaufman, 18-year-old Marine Corps Basic Radio-Telephone student at the Pensacola, Fla., Naval Base, recently set a new record for the course by completing the curriculum requirements in only 14 academic days.

Pvt. Kaufman is the son of Mr. and Mrs. Kenneth Kaufman of Abilene, and the grandson of Mr. and Mrs. Marvin Bedford of Winters.

Pvt. Kaufman, a "Ham" operator, was copying 25 words per minute Morse Code prior to his entry into the Marines. After familiarizing himself with the Marine course requirements, he decided to shoot for a new school record. Since the code presented no serious obstacle, Kaufman tackled the other requirements of the course, and on September 27 attained his sought-after goal and set the new record.

He received a "Well Done" from his commanding officer, and will be awarded the Samuel F. B. Morse award for excellence in Morse Code receiving ability.

## Perry B. Brown Died in Abilene Hospital Thursday

Perry B. Brown, 83, died in Hendrick Memorial Hospital in Abilene at 12:43 a. m. last Thursday, following an illness of several months.

Funeral services were held at 2 p. m. Saturday at the Main Street Church of Christ in Winters, with Mr. Paul Wallace, minister, officiating.

Burial was in the Atoka Cemetery near Novice, under the direction of Spill Funeral Home. Mr. Brown was born Nov. 24, 1888, in the Fort Worth area. As a small child, he was placed in the Fort Worth Orphans' Home and was later adopted by Mr. and Mrs. C. T. Bryson of Sunset.

He married Myrtle Elizabeth Kincaid, Sept. 7, 1913, at Decatur. They lived at Sunset for two years before moving to Arkansas. He worked for the Fort Worth Denver Railway Company for 22 years.

Mr. Brown moved to Taylor County, settling near Ovalo, where he bought a farm in the late 1940s. He and his wife lived there until about 17 years ago when he retired and moved to Winters.

He was a long time member of the Main Street Church of Christ.

Survivors are his wife; a daughter, Mrs. Lloyd Cornelison of Lancaster, Calif.; four grandchildren and five great-grandchildren.

Palbearers were Raymon Lloyd, A. J. Hodges, Carson Easterly, Coy McNeil, Jim Jones and Bill Mayo.

**BUILDING SHIFT ORDERED**  
The State Highway Commission received firm advice from the Legislature to move the proposed site of its controversial new 11-story, \$20 million building.

Lawmakers said they don't want the building on the block across the street from the state capitol and governor's mansion. They indicated they prefer an underground parking garage topped by a park on the choice site in downtown Austin.

The legislative resolution recognizes the Highway Department should be compensated for the \$1.5 million it spent on the site and plans. Funds will not be appropriated until next year. Since the Highway Department is pressing for a two-cent-per-gallon gasoline tax increase, it is expected to go along with the Legislature's directive without further argument.

## AROUND THE 6-AA FOOTBALL LOOP

After the smoke had cleared Friday night in the opening conference games of District 6-AA, the Ballinger Bearcats, who had been in the third-place slot for season play, suddenly found themselves leading the pack, with their 44-0 win over the Stamford Bulldogs, who had previously won only one game while dropping four.

The Ballinger squad literally mauled Stamford, holding the Dogs to only 3 first downs and 60 yards gained. The Bearcats rolled up 21 first downs, 309 yards on the ground and in the air. During the evening, Stamford was unable to get past the Bearcats' 40-yard line.

The Haskell Indians, in the top rankings of the state since the start of the season, had lost two games in the two weeks before the start of conference play, they outran the Anson Tigers 20-6 in the district opener at Anson Friday night. The game was played in mist and fog.

The Pied Pipers of Hamlin, without a win to their credit all

season, and only one tie game, hit the Winters Blizzards hard and often Friday night, and came away with a 7-6 victory. The Blizzards, who had been in the top seasonal rankings for the district, failed to mesh in any direction. Hamlin got their 7 on the board in the first period, while Winters waited until the third to go across for their 6.

It's still too early in conference play to make any predictions about the way the district wind will blow, but this week's Game of the Week will be the Winters-Ballinger bout at Winters. This will be Winters' Homecoming, and the age-old rivalry between the two teams will outshine any kind of action elsewhere about the district.

Stamford will host Anson, and Hamlin will travel to Haskell Friday night.

**THANKS!**

I would like to thank all the people of Runnels County for their support in the past years that I have had the opportunity to serve you as Tax Collector. As some of you don't know, the Tax Collector is not responsible for the amount of Tax Value assessed. Your Commissioner's Court sets the percent of assessment and the Collector has the responsibility of Collecting.

The reason for increase in tax was the decrease in Oil Values—from \$20,000,000 to about \$4,000,000 over which we have no control. The first year I was Collector, Humble Oil Company paid more taxes to this county than all the Land Owners in the county combined paid. Humble's value is now less than a million dollars.

The duties of the Tax Assessor-Collector are a lot more than taxes, for which, no one without experience, could possibly do. I would appreciate it if you would support VaRue McWilliams for Tax Assessor-Collector in November. I think she and the present staff could do you an excellent job. And I do not and have not intended to work for VaRue or any other person in this office.

I again thank you for your support in the past years.

**COUNTY TAXES**

Almost anyone could collect taxes. Runnels county needs someone with the experience to assess them fairly and equally.

We believe Gordon Brookshier to be qualified to do this and more. Consider that he is a lifelong county resident familiar with its problems.

He is a successful farmer and rancher who has had much experience with property and its fair value. He is a respected and trusted member of our county who will only benefit from inquiry into his character.

## Blizzards Drop First District Game To Hamlin 7-6 In Defensive Contest

Defense was the name of the game in Hamlin Friday night, with the host Pied Pipers edging the Winters Blizzards 7-6.

Hamlin scored on their first offensive play of the game, speedster Johnny Jones breaking loose on a 54-yard run. The kick for the one-point conversion was good, making the score 7-0 early in the first quarter. Winters was in good scoring position following Lee Choate's 60-yard return of the kickoff to the Hamlin 15, but they were unable to move the ball. Jerry Mack Jackson's 33-yard punt return later in the quarter again put

the Blizzards in good field position, but again they were unable to crank up the offense.

The remainder of the half was a defensive contest, the rain and slippery conditions making it difficult for either team to get anything going.

The third quarter was more of the same. It was late in this period before the Blizzards put together enough offense for a first down. Oscar Torres gave first to Choate for two yards and then to Jackson for 15 yards, putting them on the Hamlin 38 yard line. Then Choate took it up the middle on the next play for the Blizzards score. The attempted two-point conversion failed.

The Blizzards fell on Choate's on-side kick but were again unable to move the ball. The scoreboard clock ticked away the fourth quarter, with neither team able to muster any sort of offense, and when it was all over the Hamlin Pied Pipers had made their one-point edge stand up for their first victory of the season.

The Blizzard defense was good throughout the game; standouts were Torres, Rickey Mathis, Rodney Richards, and Glenn Hoppe.

## County Farmers, Ranchers Receive 10,595 Catfish

A total of 10,595 channel catfish and sunfish were delivered to 40 farmers and ranchers October 16 by the National Fish Hatchery at Burnet. Dave Hicks of the hatchery made the delivery.

The fish were made available to the pond owners of the county by the U. S. Fish and Wildlife Service, an agency of the U. S. Department of the Interior.

Fish are distributed twice each year. Channel catfish and sunfish are delivered in the fall, and bass in the spring. These fish are free and can be ordered through the Soil Conservation Service now by pond owners for delivery next year.

Following stocking, a fish pond should be managed in one of three ways: By feeding, by fertilization or by a combination of the two, according to Ken Schrank of the Runnels County SCS field office. A properly managed pond may yield from 100 to 300 pounds of fish annually for each acre of water surface.

For additional information on management of fish ponds and obtaining fish for farm and ranch ponds, contact the Runnels County Soil Conservation Service field office.

## Cong. O. C. Fisher Will Serve On Board of Spirit of '76 Foundation

Congressman O. C. Fisher has accepted an invitation to serve on the National Advisory Board of The New Spirit of '76 Foundation.

Announcement of the Congressman's acceptance was made today by Dwight Fuller Spear, founder of the new patriotic organization, during a visit to present him with an award for his service.

The award plaque recognizes Mr. Fisher for his "efforts to rekindle patriotism in America as a Member of the National Advisory Board of The New Spirit of '76 Foundation."

The Foundation is a non-profit group, established by and in behalf of private citizens concerned with the lack of participation in public affairs by too many Americans. Its goals are motivational and aim at overcoming the apathy that infects the American body politic.

At the same time, the Foundation has no political ties. It is not connected with any government agency. It is strictly a citizens' effort to involve people in public affairs.

By his acceptance of the Foundation's invitation, issued by its managing director, Monte Bourjaily, Jr., Congressman Fisher has endorsed these basic goals.

"We appreciate the wisdom, experience and love of country that Mr. Fisher brings to the

Foundation," Spear said in making the service award presentation. "We shall turn to him for advice and comment on the specific programs which we are undertaking to persuade Americans to stand up and be counted in their belief in America and in public affairs. The Foundation offers all Americans an opportunity to display a new Spirit of '76. We are grateful that the Congressman is strengthening, as a fellow American, our efforts to make more meaningful at the grass-roots level the celebration of our national bicentennial four years hence."

## Home Town Talk--

(Continued from page 1)

wide publicity campaign to get the people "educated" on the new system.

Colors of some of the signs will be changed—from yellow to red in some cases. Also, some worded messages such as "School Zone" are being done away with, and signs with pictures of running kids are being substituted. The way we get it, the new "No U Turn" sign will be unworried: the sign will show a "U" crossed out—looks like a brand on a longhorn. The idea he shouldn't. (We send the idea he shouldn't.) (We send the kids to school to learn to read, and then install signs that they don't have to!) Other traffic and directional signs presumably will be changed, along with the stripes down the middle of the highway. At what cost is a good guess.

Signs are not the only things being changed along the highways. As a ferinstance, take those concrete curb things installed at some intersections supposedly to guide traffic from one highway to another. About the time we get used to one of these concrete mazes—such as the one west of Winters on FM 53—they go out and change them all around. We go out Business Route 53, try to get onto main 53, take a look at the obstacle course laid out for us, and give it up and come on back to town. Only wanted to go to Wineate, but always end up headed toward Crews.

## Elm Creek--

creek, even during the dry seasons, since the retaining dams were built. This creek flows into Ballinger's lake.

Proponents of the Elm Creek project also stress that sedimentation in Winters City Lake would be almost nil in the event retaining structures were built on the upper Elm Creek watershed, thus giving a longer period of usefulness to the lake.

The board of directors of Elm Creek District stressed that if the voters approve the bond issue for the project, actual work could not be expected to begin for some time, because of time-lags in obtaining priority, obtaining Federal funds, obtaining rights-of-way, engineering work, and other procedures. They reminded voters, however, that if this bond issue is not approved, it probably will be many years before anything further can be accomplished toward controlling floodwaters in the area and providing additional water supplies for the municipalities and rural sections of the district.
