Railroad Seeking To Close Winters Track

Abilene & Southern Railway Company has filed a petition with the Interstate Commerce Commission for permission to abandon the company rail line from Abilene to Winters, it was officially announced this week.

In the "Notice of Proposed Abandonment," the railroad proposes to abandon the line from milepost 0.0 near Abilene, to milepost 39, the end of the line at Winters, a distance of 39 miles. The line runs through Runnels and Taylor counties.

The railroad gave as reasons for proposed abandonment, "... the stations located on this section of lined do not produce sufficient inbound or outbound traffic to allow (the railroad) to operate profitably." They said that the railroad incurred significant losses on this section of line in 1974, and that the line "requires extensive embankment restoration and additional ballast. Five timber bridges require reconstruction or replacement in the near future."

In the public notice, it is stated that the "Interstate Commerce Commission will rule on this application without hearings unless protests are received which contain information indicating a need for such hearings."

It is understood that experience of the four years previous to application for permission to abandon is used to determine need for the line. One Winters shipper said Tuesday that in the 1971-74 period, which would cover the four-year period, his company alone had handled 1837 cars on this line. This does not count the 1975 traffic, which has been high during the past several weeks because of a big grain crop.

Many, including grain dealers, cotton dealers, machinery dealers, and others, have pointed out that the abandonment of the line would work a hardship on most everyone in the community. Grain crops must be moved, it was explained, and machinery and livestock feed ingredients must be brought in to Winters. These uses do not work to the advantage of grainmen, cotton men and machinery dealers alone, it was pointed out, but is to the advantage of everyone in the community. Without the availability of a railroad, they said, the differences in cost and other factors would be felt by everyone.

Planning Staff Visits Elm Watershed

Members of the watershed planning staff from the Waco office of the Soil Conservation Service this week visited the Elm Creek Water Control District area, to make a "reconnaissance" of the watershed, and to "familiarize" themselves with the layout of the land.

Surveying engineers have been on the watershed for several weeks, drawing topographic maps of the area affected, which will be used to make final plans for the picking of sites and construction of flood retarding dams on Elm Creek and its tributaries.

The planning staff from Waco was

inspecting the area, "because some of us are new to the staff," and need to be familiar with all aspects of the project.

Surveyors already have designated about 20 sites which might be feasible for dam locations, it was stated. These will be reduced to about 14 for final planning, they said. They also are studying the area in hopes of locating a feasible site for a municipal water storage reservoir.

It is expected that it will be a year before all plans are in, and decisions can be made on sites for the proposed flood control structures.

Next Week's Paper Will Be Day Early

Because July 4 falls on Friday this year, the distribution day for The Enterprise, the paper will be published one day earlier next week.

This means that all deadlines will be moved up one day. Advertising deadline will be Monday noon, and news deadline will be 3 p. m. Monday.

Summer Band Camp

Kirke McKenzie, band director in the Winters Schools, said several band students have expressed interest in attending a band camp this summer.

He said there will be several band camps available for local students, and if they will contact him as soon as possible he will give them information.

Small Turn-Out For Paving Hearing

Only a few people showed up for the public hearing Monday on the assessment proposal to finance paving of many of Winters' streets—in fact, only about three or four property owners were present. The hearing was set by the City Council to discuss and explain the assessment method of financing the paving.

Each property owner with lots adjoining or adjacent to the streets designated for the new paving will be assessed \$1.70 per linear foot for the paving. Methods of payment are being worked out between the City and individual property owners. A list of

the property owners has been published during the past few weeks, along with the specified streets where the paving will be done.

Paving contractors, Reece Albert Co. of San Angelo, has the contract to do the paving, and will begin actual work on the streets July 7, according to City Hall sources. Plans had previously been made to begin several weeks earlier, but legal requirements caused postponement. It is not known when the paving will be completed, but it is anticipated that most of the unpaved streets within the city will be paved before the summer is over.

PLAQUE WINNER—Buford Owens' entry of an old U.S. Flag was judged "Best of Show" and he received a plaque in the Antique Show division of the three-day 85th Jamboree last Thursday, Friday and Saturday. The flag, with 48 stars, was one of the earliest flown in Winters, it was said, and the white hem around

the flag bears written dates of special occasions it was run up. Mr. Owens said it belonged to Owens Drug, owned by himself and his brother, Luther, in the early days of Winters. Dates on the flag are 1916, 1917; Armistice Day, November 11, 1918; American Legion Convention, May, 1944; V.E. Day, 1945; Lions Club

Convention, 1944; Baptist Church, Sept. 2, 1945; Lions Club, 1956. The flag will be kept in Winters Public Library in the case with the old books. Shown with Mr. Owens and the flag are Mrs. Milton Gerhart, left, and Mrs. Bede England, co-chairmen of the Antique Show.

BEARDED—These three entries in the beard growing contest of the 85th Jamboree were judged, front to rear, "Most Unique," Don Vinson; "Best Kept," E. J. Nunez; and "Ugliest," J. B.

Denson. Each received \$75 cash awards for their troubles. The contest was judged Friday evening, with local barbers as judges.

MRS. J.L. LOMBARD III

Miss Tatum and Mr. Lombard Married

The First Baptist Church was the setting on Saturday evening, June 21, at 7:00 p.m. for the double ring ceremony uniting Jeanne Babs Tatum and Joseph Lewis Lombard III. Vows were directed by Rev. Steve Springer, Corpus Christi, cousin of the bride.

Parents are Mr. and Mrs. H. Walker Tatum of Winters and Mr. and Mrs. Joseph L. Lombard of Fort Wayne, Indiana.

A setting of hurricane candelabra, tropical foliage and votives atop white Grecian columns provided the background for the recitations. Arrangements of red carnations, roses and statice flanked the column holding the unity candle. Side candles were lighted by the mothers of the bride and groom.

Providing nuptial music were soloists Tommie Sue King of Arlington and Richard Gonzales of Dallas. Gonzales also served as pianist and organist was Randy Stevens of Winters.

Attending the couple were Miss Doreen Odom of Tustin, Calif., cousin of the bride, as maid of honor, and Max Lombard of Indianapolis, Indiana, who served as his brother's best man.

Bridesmaids were Tommie Sue King, Arlington, Jan Cryer, Plainview, Laura Lombard, Ft. Wayne, Indiana, sister of the groom, Denise Rodgers, Abilene, Mrs. Bob Colburn, Mesquite, and Mrs. Elmer Reed, Sonora.

Groomsmen were Tony Igo, Lubbock, Tim Powers, Muncie, Indiana, Mike Johnson, Ft. Wayne, Indiana, Rick Werling, Ft. Wayne, Indiana, Phil Hester, Nacogdoches, and Kent Snodgrass, Aberrath.

The bride was escorted to the altar by her father. She had chosen a formal length gown of jersey knit featuring scooped neckline accented with galloon lace enhanced with seed pearls. The controlled skirt swept into a cathedral length train accented with galloon lace embroidered with seed pearls. Her Juliet cap held a burst of illusion overlays which extended to the train.

The bride's cascade bouquet of white roses, orchids and gardenias was carried atop a white Bible, borrowed from Mrs. Lee Harrison. She wore an heirloom pin that belonged to her great grandmother. Her ensemble was completed with a touch of blue and she wore a sixpence in her shoe.

Feminine attendants wore floral knit formal gowns featuring the bride's chosen

colors of red, black and white. The gowns feature "V" necklines, fitted bodice, circular skirts and bouffant sleeves. Completing the costumes were white garden hats and baskets of red carnations, roses, and statice.

Serving as flower girl was Julie Springer, Corpus Christi, and Bradley Kinney, Hamilton, served as ring bearer.

Guests were served at a reception in Fellowship Hall by Mrs. Joe Provence, Plainview, Mrs. Dennis Rodgers, Abilene, Mrs. James Kinney, Ponca City, Okla., Mrs. Larry Kinney, Jonesboro, Mrs. Ben Tatum, Eules, Mrs. James Allen, Santa Anna, Mrs. Steve Springer, Corpus Christi.

The bride's table was laid with a floor length taffeta cloth with crystal and gold appointments. A tiered wedding cake served as focal point alongside a massive arrangement of red and white carnations, roses and statice around a seventeen branched hurricane candelabrum.

The groom's table was laid with a red, rib-cord set with black and silver china and silver service and black wrought iron candelabrum. A basket arrangement of red carnations and roses completed the decor.

Both the bride and groom are graduates of Wayland Baptist College, Plainview.

The bride is a 1969 graduate of Winters High School. At Wayland she was a member of Sigma Tau Delta, honorary English fraternity, Alpha Psi Omega, honorary drama fraternity, and was Miss Wayland College, 1973. She is a teacher and head basketball coach at Hale Center High School.

Lombard is a spring graduate of Wayland and is employed by Cleveland Athletics, Plainview. He is a graduate of Northside High School, Ft. Wayne, Indiana. At Wayland, he was a 4 year letterman in varsity basketball, serving as team captain his senior year. He was recipient of the coveted Roscoe Snyder Athletic Award and is listed in Who's Who in American Colleges and Universities.

Following a short wedding trip, the couple will be at home in Hale Center.
