### Almond Chicken With Rice

Chinese Chicken Almond With  
Rice, a delightful delicately fla-  
vored dish with chicken, celery  
topping, is sure to please your  
family. It makes an attractive  
"one main dish type meal" and  
is easily served to a crowd.

Fresh or canned mushrooms may  
be used for making Chinese Al-  
mond Chicken.

#### INGREDIENTS

- 1 cup uncooked rice
- 1 cup sliced mushrooms (canned  
or fresh)
- 1 cup almonds — blanched
- 8 tablespoons salad oil, to be  
used 1 tablespoon at a time
- 1 clove garlic, cut in half
- 1 teaspoon salt
- 1 cup cubed bamboo shoots  
(canned)
- 1 cup thinly sliced water chest-  
nuts (canned)
- 1 cup thinly sliced celery
- 1 cup diced, cold chicken (fresh  
or canned)
- 1 1/2 tablespoons liquid (1 table-  
spoon each, from bamboo  
shoots and water chestnut  
cans)

#### INGREDIENTS FOR GRAVY

- 2 teaspoons cornstarch
- 1/2 teaspoon sugar
- 1/4 teaspoon onion water
- 1/4 teaspoon soy sauce

#### GARNISH

- 1/2 cup sliced green onion

PREPARING THE FLUFFY  
WHITE RICE—To make 3 cups  
fluffy rice: Put 1 cup of uncooked  
rice, 2 cups of cold water and  
1 teaspoon of salt in a two-

quart saucepan and cover with  
a tight-fitting lid. Bring to a  
vigorous boil. Then reduce the  
heat as low as possible and steam  
for 14 minutes or until all the  
water is absorbed, leaving the  
separate rice grains with their  
full nutritional value. This  
makes very firm rice grains. (If  
you prefer more tender rice  
grains, add 1/4 cup more water  
and increase the slow cooking  
time 4 or 5 minutes.) Remove  
the lid, permit the rice to steam  
dry to the desired consistency  
and the grains will be separate  
and fluffy. Never stir rice; lift  
gently with a fork.

METHOD: Brown almonds in 1  
tablespoon oil. Set aside. With  
table fork, mash garlic into salt  
in skillet. (Be sure there is a  
tight-fitting cover, which can be  
used later.) Add 1 tablespoon  
oil, then add chicken. Brown  
lightly. Add 1 tablespoon oil and  
then bamboo shoots and mush-  
rooms. Brown lightly. Add liq-  
uid, drained from canned bam-  
boo shoots and water chestnuts.  
Cover tightly. Cook over low  
heat 5 minutes. Add water  
chestnuts, celery and 1/2 of the  
almonds. Just heat through.  
Celery and chestnuts should re-  
main crisp. For gravy . . . shake  
up in small jar, cornstarch, salt,  
sugar, water and soy sauce. Stir  
into mixture. Cook until liquid  
thickens and is smooth. Sprinkle  
over dish, green onions and rest  
of almonds. Serve with hot fluffy  
cooked rice. This will serve 4.

### Texas Apppear Contented With Duck Hunting Plans

AUSTIN, Aug. 15. — Texans  
seem generally contented with  
the 1953 waterfowl harvest regu-  
lations, according to the Execu-  
tive Secretary of the Game and  
Fish Commission.

He said the state's season on ducks and geese,  
running from November 6  
through January 4, has been fav-  
orable. The fact the season ex-  
tends through the Christmas holi-  
days has pleased Gulf coast  
hunters on the

The Executive Secretary said  
north Texas hunters understandably  
were disappointed again at  
not being zoned like the mourn-  
ing dove upper state shoot. He  
said prospects of a late flight  
from the north Washington shoot  
as reported in aid help compen-  
sation.

The United States Fish and  
Wildlife Service, which has final  
authority over seasons for migra-  
tory waterfowl, generally follow-  
ed the request by the Game and  
Fish Commission for a sixty-day  
season: a limit of five and ten for  
ducks and a limit of five for  
geese.

The Executive Secretary said  
the barring of waterfowl will not  
affect many Texas hunters since  
the practice has not followed in  
this State.

The extra day's shooting  
legal gunning to sunset, will have  
no appreciable effect, he said.  
"Waterfowl are too smart," he  
explained. "They will be rough on  
them for the first few days but  
they soon catch on. After they  
get wise, they simply won't move  
around much until after the  
shooting stops. In this case, the  
ducks and geese simply will have  
to delay moving into feeding  
grounds and back up their sup-  
per another hour."

### Tips on Touring

By Carol Lane  
Women's Travel Authority

Twenty million anglers can't be wrong about the fun of fishing. But they sure can make mistakes about the best time to fish.

Here are some portents for a lucky day's catch that you can look for when planning to drive off to your favorite piscatorial retreat.

Fish bite best when they can see best. This means they feed more when the waters are clear, not muddy. The moon seems to affect the fish's appetite too. In fact, there's a saying, "Fish bite best when the moon is bright, and this is true both day and night," that many fishermen swear by.

A good off-shore breeze is another lucky omen. The ripple on the water hides you from the fish. Rough water, however will hide the bait from the fish.

Many anglers consult a barometer before setting forth on their sport. They stay in bed if the barometer is low, but jump out early and fast when it is high or rising.

Incidentally, the warmer the water, the deeper should be your plugs, spoons or spinners as the fish seek out the cooler levels.

Actually, the enjoyment, for most people, is not in catching fish—but just in "goin' fishin'."

### Vets Questions And Answers

Q — I want to take training under the Korean GI Bill, but the only way I can reach my goal is to take courses in two different schools at the same time. Would this be possible to do?

A — Yes. Concurrent enrollment and attendance at two schools is permitted under circumstances such as yours. But you'll need monthly certifications of training from each of the schools you attend.

Q — I'm planning to enroll in college under the Korean GI Bill this fall, and I want to know if I could get a part-time job in the evenings to supplement my monthly GI allowance. Also, would my allowance be reduced if I got a job?

A — There are no restrictions on veterans getting part-time jobs to add to the monthly allowance they receive while going to school under the Korean GI Bill. And they'd receive the same allowance regardless of how much money they earned on the side.

Q — If I interrupt my Korean GI Bill schooling some time within a month, would I receive my GI allowance for that entire month?

A — No. Your GI allowance would be discontinued as of the last date of attendance in school. It would not be paid to the end of the month.

### Curried Rice and Tuna Make a Tasty and Thrifty Filling for Luscious Tomatoes

Rice brings together the deep sea goodness of tuna fish and the Oriental excitement of curry in this versatile main dish. The curvy powder contributes exotic flavor and intriguing color enhanced by the bits of green pepper and the brilliant red of the tomatoes.

Served piping hot from the oven or cold and refreshing on a bed of greens, this "something special" for the family is also something quick and easy for Mom to fix.

INGREDIENTS:  
8 medium sized ripe tomatoes  
4 tablespoons minced onion  
2 tablespoons minced green pepper  
4 tablespoons butter or margarine  
1 7-ounce can tuna fish  
2 cups cooked rice  
1 teaspoon curry powder  
1/4 teaspoon salt  
1/2 teaspoon pepper  
1/2 cup water

PREPARING THE FLUFFY WHITE RICE: To make 3 liberal cups of fluffy rice, put 1 cup of uncooked rice, 2 cups of cold water and 1 teaspoon of salt into a 2 quart saucepan and bring to a vigorous boil. Turn the heat as low as possible. Cover saucepan with a lid and leave over this

low heat for 14 minutes. Do not remove lid nor stir rice while it is cooking. Turn off the heat.

Use exact measurements of uncooked rice and water. Time the cooking accurately.

For real convenience and economy of time and effort, keep unused rice in the refrigerator in a covered container at all times. Use it for many quick, delicious and inexpensive soups, salads, casserole dishes, hot breads and desserts.

METHOD: Peel tomatoes easily by scalding, plunging into cold water and then peeling. Slice off stem end of tomatoes. Carefully scoop out pulp. Cook onion and green pepper in the butter or margarine until tender. Add the tuna fish, rice, curry powder, salt, pepper and water. Mix thoroughly. Fill the tomatoes with the tuna and rice mixture and bake at 350° F. about 15 minutes or until the tomatoes are tender. Serve hot. Garnish with green pepper rings if desired.

For a cool and refreshing salad, chill the tomatoes after they are stuffed and serve on salad greens.

This recipe makes 8 servings or 3 cups of the curried tuna and rice mixture.
