## COLONEL ROOSEVELT IN TEXAS

If you want to see the only Ted dy, who has toured the old world and the new, and told the listening emperors and kings of Europe how to run their governments as well as giving the people of the United States a few lessons in that line—then go to Fort Worth on March 14 and gratify your ambition. Col. Theodore Roosevelt now a plain citizen, will be the guest of the National Feeders and Breeders Show on that date, and deliver an address to the crowd. No matter what we may think of Roosevelt, he always says something worth going out to hear and he will not disappoint the public expectation on this occasion. The Feeders and Breeders Show is held March 13 to 18, and railroads announce special low rates.

## HIGDON, MELTON, JACKSON CO.

We call attention to the page ad of Higdon, Melton, Jackson Co. this week, on page no. 5, in which they are putting on a **WHITE GOODS SALE**. This progressive firm are believers in printer's ink in dull times as well as in good times. Look this ad up, there is something mentioned therein that is just what you want.

## COUNTY COURT.

The February term of the County Court convened Monday and has been in session part of the week. As usual, the docket was light and not many cases were tried. J. H. Kelley left Wednesday for a trip to the Pecos country.

While out riding with his family recently in his Buick auto, Asa Cordill had an accident that came near being serious. He was coming around a curve in the road at a speed of 20 miles an hour, when by some slip his machine ran into a wire fence pulling up some two or three posts, and breaking the wire, but with no other bad results.

J. N. Adams returned home Wednesday from Temple and other points East.

J. T. Hayes of Hatchel spent Monday in the city.

## LECTURE ON HOGS

The following letter received of C. C. French is self-explanatory and we reproduce same so that our readers may attend.

Lometa, Texas, Feb. 7, 1911.  
Ballinger Leader,  
Ballinger, Texas.

Mr. Editor:  
J. C. Hestand of Sherman, Texas will be in your city Monday to deliver a Free Lecture on Hog raising. He is working under the auspices of the Fort Worth Stock Yard Co., and is following up the work done by the demonstration hog car that was in your town some months ago.

Please give this matter all the publicity you can and arrange the hour and place for him to speak.  
Yours very truly,  
C. C. FRENCH,  
Agt. Ft. Worth Stock Yards Co.

First Monday passed off quietly, there being a somewhat larger crowd here than for some months. Quite a good deal of "hoss swapping" took place and all parties made money as usual. Not many sales were effected as cash is too scarce in this neck-o-the woods to circulate for old horses.

Kyle Dickinson left Tuesday for the Ft. Chadbourne country where he and Ellis Thompson are busy putting in a crop.

Ed. O'Kelley and Hardy McFarland returned Wednesday from Mexia Texas where they have been selling stock.

## MISS DELIA DAY.

Seldom has it occurred that we must chronicle so sad an event as the tragic death of this young girl. When we went to press Thursday she was still alive, though it was known she could last but a few hours and at 9:45 that night she sweetly fell asleep to wake in the "sweet Beulah Land" where there is no pain and no death.

She was fully reconciled to the fate she must meet and this brings sweet consolation to the loved ones who will miss her sweet ways and bright face so sorely.

The funeral services conducted by Rev. J. D. Leslie were held at 3 o'clock Friday and the remains shipped to Ft. Worth for burial as she had requested.

To the loved ones left behind the father and mother now childless, we can only say, grieve not she rests with God.

Rev. Holmes Nichols occupied the pulpit at Methodist church Sunday night and delivered a fine sermon, his theme was, "The Church has lost its power," and he showed in a very forcible way why such was the case, and pointed out that it could regain its power by going back to old time Holy Ghost Religion.

Mr. and Mrs. E. H. Levine of Winters spent a day or two in the city this week the guests of Mr. and Mrs. B. Dornberger.

J. H. Patterson spent a day or two in San Angelo this week.

## BIG MASS MEETING AT COURT

ABOUT \$1500 SUBSCRIBED—FIRE BOYS WILL MEET

As previously announced there was a mass meeting of the citizens of Ballinger at the Court House Wednesday from 4 to 5 p. m. and the meeting was well attended there being present about 500 people, full of enthusiasm. The Ballinger High School Band played several selections in front of the Court House while the crowd gathered and two more during the progress of the meeting. C. S. Miller as president of the Business League, called the meeting to order, and in a few well chosen words stated that the purpose of the meeting was to raise funds with which to entertain the State Firemen's Convention which is to meet here in May.

M. A. Traylor was elected chairman to preside over the mass meeting and after a clean snappy little speech, proceeded in his usual business-like way to taking subscriptions.

A number of talks were made by various business men, and before the list was closed approximately \$1500 was subscribed and there was probably not more than half the business interests represented and there is little doubt but that this can be doubled. There has never been the slightest doubt but that Ballinger would do the right thing about taking care of this Convention and the result of Wednesday afternoon's meeting verifies our prediction.

Following is a list of those who subscribed up to the time we go to press:

## LEON WARD

Leon Ward left Monday, San Saba where with his wife, W. H. Holman, he will engage the hardware business in that city.

Leon is a young man of more than ordinary business ability and during his connection with the Hall Hardware Co. of this city as bookkeeper he has made a fine record and the Banner-Leader wishes for him great success in his business undertaking.

Mrs. Richardson and daughter, Miss Mattie, of Moody Texas came in Wednesday to visit their daughter and sister Mrs. Joe B. Johnson and C. A. Doose and children.

## GET STARTED RIGHT

Begin the New Year by keeping a systematic record of your income and out go. Nothing else in the world will enable you to do this as easily and as accurately as a Checking Account.

And the larger part of the bookkeeping is done without expense to you by the bank. Perhaps you never thought of that—how much the bank does for you without charge. You get your check book, pass book and deposit slips free. You can have your account balanced whenever you wish without expense. The checks you deposit are collected for you (and the collection involves time, labor and postage) without charge.

Sit down and think it over. Ask yourself if a man isn't foolish not to avail himself of such a service when it is all free.

## The First National Bank

"THE BANK THAT DOES THINGS FOR YOU."

Established 1886

Ballinger, Texas.

Capital, Surplus and Shareholders Liability \$425,000.00.

## THE VALUE OF A DOLLAR

The value of a dollar in your pocket is measured by the amount of anything you want that it will buy, and this value is DIMINISHED in proportion to its liability to loss.

Now it is just as easy to increase the value of a dollar as it is to diminish it. If you deposit it in the bank, it still has its full purchasing power and in addition thereto, it has the power of obtaining conveniences and accommodations for you—the accommodation of a loan, perhaps, and the convenience of safety and a Checking account. Realize more than the face value of your money by depositing it with us.

## Farmers & Merchants State Bank

## How to Loan on Farms

American Mortgage Co. Ltd. are in a position to make liberal loans on good farm securities, for interest, from three to five years time. With the borrower except abstract and necessary papers showing good title in the borrower. Applications can now be taken for fall and winter business, thus insuring your receiving the money at the time needed promptly. With unlimited capital, this company, is not driven to the necessity of re-selling their securities, which is a great benefit to the borrower in case of his need to renew the loan. For further particulars call on our representative in Ballinger, Texas.

## Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, loss of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O.

To those who are still skeptical there is a way to prove these assertions without a penny of expense. Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty cent or one dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. It will personally be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on post card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

such case made and provided, to answer herein and that in the final hearing hereof he have judgment against said defendants for the recovery of title to said land and that said cloud so cast thereon be removed, and that he be quieted in his possession thereto, and for all costs in this behalf expended and for general relief.

STONE & WADE, Attorneys for Plaintiff.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

### HAPPY RESULTS.

Have Made Many Ballinger Residents Enthusiastic.

No wonder scores of Ballinger citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Ballinger by Doan's Kidney Pills.

R. Rutherford, Hutchins Ave., Ballinger, Texas, says: "My kidneys were badly disordered and I had to get up several times during the night to void the kidney secretions. My back ached a great deal especially over my left kidney and any over exertion caused sharp pains to dart thru me. The contents of two boxes of Doan's Kidney Pills, procured from the Walker Drug Co., rid me of these annoyances. I take great pleasure in recommending this excellent kidney remedy to my neighbors."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### SERIOUS RUN-AWAY

#### ACCIDENT

Mr. and Mrs. B. F. Warren, living southeast of Winters were the victims of an accident Tuesday that, while serious, had every indication for the time of resulting very disastrously. They were driving toward home in the buggy, Mrs. Warren holding the baby on her lap. Without warning a team of Mr. Warren's hitched to a wagon which was driven by another party, ran into them from the rear. All occupants of the buggy were thrown out and Mr. Warren and the baby received only slight bruises. Mrs. Warren, however, sustained a broken arm and leg, and other minor hurts.

Physicians report their recovery with due haste but it will be several weeks yet before the injured lady will be up.—Winters Enterprise.

### TAKING SIDES.

From our boyhood days we have always taken sides on every issue that comes up for settlement. We never saw a dog fight in the street that our sympathy did not go to either one or the other dogs, and thus on through all contests.

We do not believe in being too partisan or rampant on a question, but we believe in taking sides and saying what we think on all questions. True there are those who do not agree with us—but what is the difference, we were not created to see things alike, and these little differences in life are what make our associations interesting.

A fence rider, we never did admire, and we have a thousand times more respect for the man who has the "nerve" to express his sentiments on any question though we do not agree with him than the man who tries to carry water on both shoulders. We have never been successful in running for office, but then there is a sight

much pleased with the prospects and outlook for his store, and thinks he will do a satisfactory business.

### MRS HOWARD H KILPATRICK

A telegram to Rev. J. D. Leslie last Monday brought the sad news of the death of Mrs. Kilpatrick at their home in Comanche Sunday night.

Mrs. Kilpatrick was afflicted with that dread disease, pelegra and her condition has been serious for some time, though hope which "sprung eternal in the human breast" bade her friends look for the best.

Mr. and Mrs. Kilpatrick resided in our city for some time, he having held a position with Higginbotham, Currie, Williams Co.

Their many friends here extend their sympathy to the bereaved husband.

### INTERIOR CHANGES.

The ever hustling firm of Higdon, Melton, Jackson, Co. are making interior changes in their store that will add very much to the convenience and looks of their already pretty and commodious store.

When finished its arrangement will be such that one can see all over the store from any point on the floor. When in town call around and see the change. The manager, Mr. Melton, will gladly show you.

Miss Estell Underwood returned Wednesday from a visit to Brownwood.

### AN OLD TIMER.

Sam Brookshire of the Benoit community was in town Tuesday and while talking to our reporter stated that he had 3500 head of stock on feed on his 6000 acre ranch on Mustang, and that he did not have to borrow a dollar with which to buy the feed. He further stated that his 6000 acre ranch was paid for, that he owed not a dollar to anyone.

It was certainly refreshing to meet a man in this condition in times like these. Mr. Brookshire though surrounded by the small farmer, still clings to ranch life and keeps his land in grass, and runs stock on it as he did 25 years ago.

### METHODIST UNIVERSITY

At last the question of locating a great Central University for the Southern Methodist church has been settled and Dallas is the winner, that city having donated 662 1-2 acres of land and \$300,000.00 cash bonus.

There has been a feeling for some time that the school at Georgetown was inadequate to the needs of the church, and that the location was such that a great university could not be built up there.

Under the new arrangement, Georgetown will be maintained as a College, and will do graduate work, but hereafter, this school will not confer the Master's Degree.

There are something like 8 or 10 small Methodist Colleges that will be feeders to this Central University, and within a period of a few years, there will be built up at Dallas a great University which will stand for Christian education and will mean much for Dallas and the Southwest.

### A LETTER.

Cleveland, Texas, Feb. 8th, 1911  
Hon. C. P. Shepherd,  
Ballinger, Texas.

Dear Sir:

By agreement between Judge A. E. Wood and myself, my connection with the firm of Toler & Wood has been severed,—this being so, I will not return to Ballinger, hence, I desire to request that my name be no longer published in the list for City Attorney.

In taking this step, I am depriving myself association with the learned members of the Ballinger Bar, and I realize that wherever I may go, I cannot come in contact with more perfect gentlemen therefore, it is with regret that I leave them.

I am pleased to say that I launched my Legal Craft at Ballinger, and while it had to strain hard against the legal winds from technical seas controlled by those more aged than myself, it is still afloat, and I am at the wheel with the motto: "Think and Work and Win."

Yours truly,  
C. A. TOLER

The above communication was received Thursday and we publish it verbatim. We are indeed sorry to lose this worthy young man from our city and wish for him abundant success, wherever he may cast his lot.

### HEYWOOD MILLER.

Report comes from Talpa that Heywood Miller, an old Ballinger boy, filed a voluntary petition in bankruptcy this week. Heywood has been conducting a general merchandise store at Talpa the past two or three years and did quite a large volume of business in his section. We hope he will come again as he is a young man of splendid business ability.

Jno. A. Weeks was reappointed on the State Board of Pharmacy by Gov. Colquitt to serve another term. John is one of two of the old Board who was reappointed and he feels proud of this fact as he should do so.

### MILES LAWYER

GOES TO BALLINGER

Hon. I. F. Wade Goes to Ballinger to Make His Home. Forms Partnership With A Leading Attorney There.

Hon. I. F. Wade left on today's train for Ballinger, where he goes to make his home in the future. Judge Wade has formed a law partnership with Judge M. C. Smith of that city, which will be known under the name of Smith & Wade. Judge Smith is one of the most prominent attorneys of Ballinger, and an old time resident of that city. Therefore Judge Wade feels that it is the opportunity of almost a lifetime to become associated with one so widely and favorably known as Judge Smith.

Judge Wade regrets to leave Miles, an only goes to Ballinger because it will afford him better opportunity to attend to the affairs of his large clientele at and around Miles, and will also give him better opportunity to enlarge the scope of his acquaintance and the volume of his practice.

It is with sincere regret The Enterprise chronicles the decision of Judge Wade, for truly he is a noble man—the soul of honor, an enterprising citizen who always stands for all that makes for the common welfare of the people and one of the brightest and brainiest young lawyers in West Texas.

He is a graduate of Vanderbilt and Cumberland Universities, both in the literary and law departments. We without any mental reservation in the least commend Judge Wade to the splendid citizenship of Ballinger. There is just one thing: we serve notice on the young ladies of Ballinger that Judge Wade is not married, that he is of marriageable age, and we do not know of a better matrimonial prospect in all the land. We believe candidly, speaking matrimonially, that he is a jewel, and would make an ideal husband.

Here's hopin' Judge, come back to see us and if you get tired of roaming, and will come back "home," we will kill the fatted calf.—Miles Enterprise.

#### An Object Lesson.

The drinking of beer or whiskey is a habit which is abandoned easily enough when the opportunity for drinking is removed. There are no saloons in Emporia, and so there is little drinking. Scores of men who would drink more or less if there were open saloons go about their business day after day, and year after year, and never think of beer or whiskey.

This is one of the great results of prohibition. It removes the opportunity and temptation, and legions of people who would state a certain amount of money if the saloons were open, use that money in sensible ways to increase the comfort of their families, or to acquire property, and the general prosperity is thus enhanced.

People who live in communities where there are open saloons don't realize how easy it is to get along without beer or booze. The man who takes a certain number of drinks every day knows it is doing him no good, but he is in the habit of dropping into Charlie's Place on the way home, and taking a few snifters for sociability's sake, and so long as the swinging doors of that family resort are working he finds the habit hard to break away from. When Charlie's Place is closed he is surprised how easy it is to trot along home without the snifters.—Emporia (Kan.) Gazette.

What Hon. W. P. Frye said of Maine prohibition, is true everywhere. He said: 1. It has made rum-selling a crime. 2. It has made the rum-buyer a criminal. 3. It has created a sentiment against the trade. 4. Twenty years ago, there was a grocery tavern on every cross road, and near such a place unpainted houses, broken windows, neglected farms, poor school houses and broken homes and hearts. Prohibition has made the whole country respectable. Shut the saloon and you will shut the poor house and the penitentiary. Shut the saloon and you will cause young men to live morally. Shut the saloon, and property will rise in value."

#### Lincoln and Temperance

It is eminently fitting that the popular pled-signing movement of the day is named "Lincoln Legion." Lincoln was a total abstainer and an active temperance worker. His motto was to try to "pluck a thistle and plant a flower wherever a flower would grow. There could be no more noxious 'thistle' than the liquor traffic; and so we find Lincoln, as one who loved his fellowman, opposing that great evil. He said, in 1853, "The most effectual remedy would be the passage of a law altogether abolishing the liquor traffic. There must be no more attempts to regulate the cancer; it must be eradicated."

His temperance principles were shown again when the committee called upon him to notify him of his nomination for President. It had been considered proper, and even necessary, to serve wine on such an occasion, and accordingly friends brought in wine and wine-glasses. Lincoln thanked them for their good intention, but ordered the wine removed and water substituted, saying, "We will drink to the fortunes of our party in the best beverage ever brewed for man." And the morning before his assassination, April 14, 1865, he said to J. B. Merwin: "After reconstruction, the next great question will be the overthrow of the liquor traffic."

In 1846 Lincoln spoke on temperance at a log school-house near Springfield, Ill. He wrote and took to the meeting the following pledge, inviting the people to sign it:

"Whereas, the use of intoxicating liquors as a beverage is productive of pauperism, degradation and crime; and believing that it is our duty to discourage that which produces more evil than good, we therefore pledge ourselves to abstain from the use of intoxicating liquors as a beverage."

The Lincoln Legion invites the Sunday Schools of the nation to honor Lincoln's birthday by signing this Lincoln pledge on Sunday February 12. Pastors, superintendents, and others interested are invited to send for full information of this "Lincoln's Birthday Sunday School Service," to Rev. Howard H. Russell, general secretary of the Lincoln Legion Box 1, Westerville, Franklin Co. O.

We are prepared to print Bank Stationery such as checks, charge slips, credit slips, etc. A part of your work is solicited.

#### TERRIBLE ACCIDENT AT BROWNWOOD

The long expected tragedy was enacted at the Austin Avenue crossing on the Santa Fe last night about eight o'clock, when a string of cars, being switched about in the yards, ran down a sully loaded with young folks and all were more or less seriously injured, and two persons perhaps fatally hurt. The injured are:

Miss Pearl Wilbourn, cuts on head and under eye, back hurt, finger and thumb on left hand cut off; severe bruises on body and scalp torn.

Miss Lizzie Strother, great gash on head, scalp torn, body bruises and hurt in back.

Miss Stella Rucker, foot cut and hole in ankle.

Ira Rucker severe bruises about head and body.

The young people had started to the Baptist church to attend the lecture given by Judge T. C. Wilkinson and when they reached the Santa Fe crossing hesitated a moment on account of an engine which came to a standstill above the crossing. When the engine stopped and the party started to drive across the tracks they did not notice a string of cars coming down the main line. The cars hit the sully when it was center

across the track and the wrecked vehicle was pushed in front of the foremost car for a distance of fifty yards before the cars were brought to a standstill by the brakeman. The cars were unattached at the time of the accident and were not moving at a very rapid rate of speed, yet the momentum was sufficient to crush the vehicle and shove it along on the track.

Just how any one of the party escaped sudden death is a thing that baffles those who have visited the scene of the wreck and learned the true situation. Miss Wilbourn was taken from under the car at the rear trucks, and Mr. Rucker was so entangled in the wrecked vehicle that it was with difficulty that he was extricated. The life of Miss Wilbourn was perhaps saved only by the fact that the rails on that portion of the track are very heavy and very high and the road bed is clear to the ties. Lying lengthwise between the rails it is possible that the cars would pass over her without serious injury. She was probably hurt before she rolled from the wrecked vehicle, save for the cutting off of her finger and thumb, and this was done under the wheels. That she had the closest call for her life, if indeed she will recover, is evidenced by the fact that portions of her hair were cut off by the grinding wheels. Her clothing was cut into strips and a cloak worn by her was torn into rags.

Miss Rucker was picked up on the south side of the track almost a car length from the vehicle when the car stopped. She was suffering from a severe cut on the foot and a great hole in the ankle but no bones were broken and she will recover.

Miss Lizzie Strother, who is the daughter of W. N. Strother, is hurt equally as bad as Miss Wilbourn. She received a great gash on the head and cuts on the body and was practically scalped. It is feared that Miss Strother is also hurt in the back in a way that will endanger her life.

Mr. Rucker although apparently lifeless in the wreckage when assistance arrived, was able to stand and walk when extricated and today he is able to go to his home.—Brownwood Bulletin.

Miss Wilbourn mentioned above is a sister of our J. H. Wilbourn and the sympathy of our people go out to him in this terrible anxiety. Latest news from all the young people is that they are getting along very well though seriously injured.

nearest District to said 35th Judicial District, to appear at the next regular term of the District court of Runnels County, to be held at the Court House thereof in Ballinger on the First Monday in March A. D. 1911, the same being the 6th day of March A. D. 1911, then and there to answer a petition filed in said Court on the 19th day of January A. D. 1911 in a suit, numbered on the docket of said Court No. 1264, wherein Paul Trimmier is Plaintiff, and J. S. Patterson, M. J. Stacy, R. A. Terry, J. H. Patterson, J. W. Godwin, W. L. Ellis and H. S. McCowan are Defendants, and said petition alleging that on March 8, 1910, M. J. Stacy and R. A. Terry executed and delivered to J. S. Patterson two notes of said date, one for \$200, and the other for \$800, both payable to J. S. Patterson, first due Jan. 1st, 1911, and second due Jan. 1st 1915 both bearing 8 per cent interest from date, the interest payable annually on both notes on Jan. 1st of each year; that each of said notes provide that a failure to pay either of said notes or any installment of interest when due, shall at the option of the holder of them, mature both of said notes; that each of said notes provide for the usual attorney fee of 10 per cent if placed in the hands of an attorney for collection or collected by suit; that H. S. McCowan is a non-resident of Texas.

That on March 8th, 1910, J. S. Patterson by warranty deed of said date conveyed to M. J. Stacy and R. A. Terry 80 acres of land situated in Coleman County, Texas, being the west half of the S. W. 1-4 of B. B. B. & C. R. R. CO. Survey No. 65; that the consideration for the above said conveyance, among other things, was the above said notes, and in said deed a lien was retained to secure said two notes; that on May 10th, 1910 J. S. Patterson endorsed the above described notes in blank and sold the same to plaintiff and that plaintiff is now the legal owner and holder of same, together with the legal title securing them which was also transferred to him by said J. S. Patterson; that on April 14, 1910, M. J. Stacy and R. A. Terry conveyed the above described land to J. H. Patterson, J. W. Godwin and W. L. Ellis and as a part consideration for said conveyance, said grantees assumed the payment of the above notes; that on May 18th, 1910, said Patterson, Godwin and Ellis conveyed said land to R. A. Terry and as a part consideration for said land said Terry assumed the payment of said notes; that on June 3rd, 1910, the said Terry conveyed said land by general warranty deed of said date, to H. S. McCowan who as a part consideration therefor assumed the payment of the above described notes.

That on Jan. 1st 1911, the above \$200 note with the annual interest on both of said notes became due and payable and the defendants failed and refused to pay same and that plaintiff in accordance with the terms of said notes thereafter on Jan. 10th, 1911, declared both of said notes due and payable; that plaintiff has placed both of said notes in the hands of Stone & Wade, attorneys for plaintiff and has contracted to pay them the 10 per cent attorney's fee provided for in each of said notes for their services in collecting said notes by suit.

Plaintiff prays that on final hearing he have judgment for the amount of his notes, including principal, interest and attorney's fee, and costs of suit, with a foreclosure of his vendor's lien on the above described property; that said real estate be ordered sold and the proceeds applied to the payment of his debt as the law directs, and for general relief.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Ballinger, Texas, this 2nd day of February, A. D. 1911. 21-4t

**CITATION BY PUBLICATION.**

THE STATE OF TEXAS, To the Sheriff or any Constable of Runnels County—GREETING:

You are hereby commanded to summon the Unknown Heirs of Carter Anderson, deceased, by making publication of this Citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 35th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 35th Judicial District, to appear at the next regular term of the District Court of Runnels County, to be holden at the Court House thereof, in Ballinger, on the First Monday in March A. D. 1911, the same being the 6th day of March, A. D. 1911, then and there to answer a petition filed in said Court on the 13th day of December, A. D. 1910 in a suit, numbered in the docket of said Court No. 1253, wherein Hermann Clemens is Plaintiff, and the Unknown Heirs of Carter Anderson, deceased, are Defendants, and said petition alleging:

THE STATE OF TEXAS, County of Runnels, in District Court, March Term, A. D. 1911.

To Hon. John W. Goodwin, Judge of Said Court:  
Your partitioner, Hermann Clemens, who resides in Comal County, State of Texas, hereinafter styled plaintiff, complaining of the Unknown Heirs of Carter Anderson, deceased, hereinafter styled defendants, who are to plaintiff unknown, represent: That heretofore, to wit, on or about December the First 1910, plaintiff was lawfully seized and possessed, by fee simple title, of the tract of land hereinafter described, and that on the date last aforesaid defendants unlawfully entered upon and ejected plaintiff therefrom and unlawfully withholds from plaintiff the possession thereof to his great damage One Thousand Dollars; That said tract of land is described as follows: Seven Hundred and thirty three acres of land situated in Runnels County, Texas, being a part of Survey No. 523, originally granted to Carter Anderson, by virtue of certificate No. 214, known as Abstract No. 4 and patented to the heirs of Carter Anderson on April 13th, 1858, per Letter Patent No. 32, Vol. No. 6, said 733 acres described by metes and bounds as follows: Beginning at the Southwest Corner of said Carter Anderson Survey, thence North 2688 varas to the Northwest Corner of said Survey; thence East with North Line of said survey, 1540 varas; thence South 2688 varas to a stone mound in the South Line of said survey; thence West 1540 varas to place of beginning.

Plaintiff claims title to said land not only by regular and consecutive chain of deeds and transfers from the Sovereignty of the soil to himself, but also by virtue of the Statute of Limitations of five years, in this: That he and those whose estate he has and under whom he claims, claiming same under deeds duly registered in the deed records of Runnels County, Texas, have had and held peaceable and adverse possession of said tract of land, cultivating, using and enjoying the same, and paying all taxes due thereon, for a period of more than five years next preceding the commencement of this suit. And he also has the title to said tract of land by virtue of the Statute of Ten Years Limitations, in this: That he, and those whose estate he has and under whom he claims, claiming to have good and perfect right and title to said tract of land have had and held peaceable and adverse possession of same, cultivating, using and enjoying the same for a period of more than ten

years next before the commencement of this suit.

Plaintiff would represent that defendants are asserting some character of claim to said tract of land the exact nature of which is unknown to plaintiff, which has cast a cloud on plaintiff's title to his great damage:

Wherefore premises considered, plaintiff prays that the defendants be duly cited in manner and form as required by law, in such case made and provided and that on final hearing hereof he have judgment against defendants for the recovery of the title and possession of said tract of land, for his said damages, and all costs of suit, and for general and special relief.

Jno. I. Guion,  
Attorney for Plaintiff.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Ballinger, this the 13th day of December, A. D. 1910.

**MILES NEWS FROM  
MILES ENTERPRISE**

There was quite a falling off in the poll tax receipts in the city of Miles for 1911. In 1910 there was something over 200 receipts issued and yesterday City Marshal Dellinger told an Enterprise man that he only issued 165 receipts so far this year. Considering the removals from this city and the newcomers who were not assessed this is a very favorable showing. The collections were very close only a few remain delinquent.

**PROHIBITION RALLY.**

Over one thousand people were present at the opera house Sunday night to hear the speech of Rev. Alticus Webb of Granbury on "Temperance and State Wide Prohibition."

The News has not space to renew the splendid effort as thoroughly as its importance demands but that every point against the saloon and its defenders was well received and the many witticisms and strong sallies met with a hearty response in the vast audience was amply attested by the generous bursts of applause so frequently elicited.—Coleman News  
P. E. Truly's new paper shows the Prohibition question is being called up and widely discussed the Statewide election.
