Easy Rice and Cherry Pie With Coconut Crust
 is a New Idea for Heavenly Eating

This is a pie to remember! It is so good you won't be able to forget it. The rice and cherry filling is tinted a luscious red. The sweet and chewy coconut crust turns a golden brown as it bakes in the oven. As a fitting halo for this rice dessert, which is positively out of this world, clouds of fluffy whipped cream swirl over the luscious rice and cherry filling.

The family can enjoy this sumptuous pie all the time because the rice and cherry filling cooks in a hurry and the coconut crust takes only seconds of attention before the oven takes over.

The three magnificently good parts of this pie—the coconut crust—the rice and cherry filling—the whipped cream topping—combine to make one of the year's most talked about pies.

INGREDIENTS:

- 2 tablespoons soft butter or margarine
- 1 5 oz. package or can of moist coconut (1 1/2 cups)
- 2 cups cooked rice
- 2 eggs
- 3/4 cup beet or cane sugar
- 1 1/2 cups canned tart, red cherries, drained
- Red food coloring, if desired
- 1 cup whipping cream, chilled
- 1/2 teaspoon vanilla
- 3/4 cup beet or cane sugar

PREPARING THE FLUFFY WHITE RICE: To make 3 liberal cups of fluffy rice, put 1 cup of uncooked rice, 2 cups of water and 1 teaspoon of salt in a quart saucepan and bring to a boil. Turn down heat. Cover and leave

over this low heat for 14 minutes. Turn off the heat. Do not remove lid nor stir rice while it is cooking. After rice has cooked, remove saucepan from heat—but keep the lid on until you are ready to use the rice. Use exact measurements of uncooked rice and water. Time the cooking accurately.

For real convenience and economy of time and effort, keep unused rice in the refrigerator in a covered container at all times. Use it for many quick, delicious and inexpensive soups, salads, casserole dishes, hot breads and desserts.

METHOD: To make the coconut crust, spread butter or margarine evenly over an 8 or 9 inch pie pan. Sprinkle the coconut into the pan and press into the butter. It helps to use a moist teaspoon to press the coconut against the pan. Bake in a 350° F. oven until crisp and golden brown.

To make the rice and cherry filling, mix together the rice, eggs, sugar and cherries and cook over a low heat, stirring constantly, until the mixture thickens. The egg whites make the mixture foamy, but soon cook into the rice. If desired, add red food coloring. This makes a more delicious looking filling. Pour the filling into the coconut crust. Cover with wax paper or aluminum foil and chill in the refrigerator.

To serve, whip the cream and fold in the vanilla and sugar. Spread over the rice and cherry filling. This recipe makes 8 servings.
