business world, and your name a synonym of success, again extending the fact that with educated and skilled hands, the young men and women can carry their names over the tallest tower of fame.

We have now more students in daily attendance than any other three commercial schools in the state combined. This shows the overwhelming popularity of the Tyler Commercial College. It shows that the people appreciate the advantages of the famous Byrne systems, which save the student, while qualifying himself to hold a good position, almost \$200 in time and board over what it would cost in a school teaching other systems.

We can place you in a good position just as soon as your course is finished. Write for catalogue and make your arrangements to enter at once.

A light feeling in the chest accom-

panied by a short, dry cough, indicates an inflamed condition in the lungs. To relieve it buy the dollar size Ballard's Horehound Syrup; you get with each bottle a free Horehound Syrup. Porous plaster for the chest. The syrup relaxes the lungs and the plaster draws out the inflammation. It is an ideal combination for curing colds settled in the lungs. Sold by J. V. Pearce.

Run a sore throat with Ballard's Snow Liniment. One or two applications will cure it completely. Price 25c, 50c and \$1.00 per bottle. Sold by J. V. Pearce.

Twenty thousand members of Cleveland's Thirty Cent Egg Club have agreed to eat no more eggs for three weeks. An exchange in their homes. If you want fresh eggs, you must keep hens.

A business man who travels and watches social manners closely, said the other day that whereas formerly only farmers and struggling mechanics kept chickens, now a great many people who live on good salaries and make provisions to social prominence have hen-coops in the back yard. You can pay for quite a little gasoline from your poultry house.

The high cost of eggs is no small matter. If a vote were to be taken as to what constitutes the ideal breakfast, probably more people would elect bacon and eggs than anything else.

**THE EGG QUESTION.**

There is a mythical tale about a farm hand who never moved so well as when he had a streak of big breakfast of bacon and eggs. Other days he was laggard and languid. But when the housewife provided his favorite morning dish he came out with ginger in his step, head high, and grasping his trusty old scythe, proceeded to sweep down the heavy grass, singing:

"Bacon and eggs,  
Bacon and eggs,  
Look out for your legs,  
Bacon and eggs."  
Look out for your legs.

Millions of people living in cities know no more about the taste of fresh eggs than the Dakota prairie farmer. Knows how good fish tastes when he gets enough to make it worth while, probably once or twice a week. The country egg merchant

gets quotations from dealers, and ships from one to three times a week. The dealer again ships in catched lots to the big city wholesale. The strictly fresh egg on the table may thus be two weeks old.

A great many families are "putting down" eggs by various preservative preparations, which some de- clare work perfectly, and others say are only good for eggs for cooking.

The city dweller can do little but join Thirty Cent Egg Clubs. But the country man or suburbanite of moderate means who wants kind of cooking mother used to make, needs to hear the songs of Chantrelle to hear the songs of Chantrelle to hear the songs of Chantrelle.

Regulate the bowels when they fail to move properly. HEHRING is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy for the purposes I ever used.

**PAINT.**

Every gallon costs a painter's days work. Poor paint, more gallons, good paint, less gallons.

Every gallon adds to your job's price and the painter's day's work. Get far from \$5 a gallon. There are a dozen good paints and hundreds of poor ones. Devote one of the dozen. The chances are there isn't another in this town.

DEVORE,

MRS. C. P. SHEPHERD, Society Editor

When you kick about the high cost of living, remember that it is worth more to live.

Don't forget to vote next Tuesday. It may be the last chance you ever have to srath T. R.'s name.

Uncle Sam proposes to help us build good roads by paying one-third of the cost. It is a good proposition and may not last long. Let us get busy and take advantage of our Uncle's liberal offer.

To irrigate means to prosper. Dry land farming will do for the man that has nothing but dry land to farm on, but if you have land that you can irrigate you are missing dollars by depending on the rain for your crop.

Butter fat is selling in Ballinger for 31 cents per pound. The farmer with a few good milk cows and a green oat patch for them to feed on this winter will certainly be able to keep Mary and the children in comfortable circumstances and gratified with Santa Claus on eye.

Married couples would be happier if home troubles were kept within the four walls of the home, if they would remember that the other was a human being, and not wives would sometimes remember an angel, and if husbands and wives would sometimes remember that they were sweethearts and lovers and should be so always.

The poets have written acres of flowery verses on the beauty of the farm, orators with powerful eloquence have praised the tillers of the soil, and politicians have passed laws enough to fill a corn crib, but their efforts have never improved the yield or increased the price of farm products. It is a practical service which the farmer needs, and the business men of Texas are capable of and willing to render it.

We may be too young to give advice to older parents, but if some of the parents in Ballinger would take the trouble to see where their boys are when they should be at home and in bed, such parents might avoid trouble and disgrace brought upon them by the boy gone wrong. There is no profit for the boy between the age of ten and sixteen years loafing around town at night, and if there are a number of such in Ballinger

As the matter now stands the Republicans or the Progressives stand good chance to elect one Presidential Elector from Texas. C. W. Taylor, the nominee from the Eleventh District, withdrew his name from the ticket, and the Democratic Executive Committee of the state appointed Joe Eidson, of Hamilton, to take his place on the ticket. The copy for the tickets was made up and turned over to the printers before Eidson's name was certified to by Secretary of State, and the copy carries the name of Taylor. The tickets have been printed in a majority of the counties of the state, and as Taylor is not a candidate it leaves one blank, unless the voter writes the name of Hall and scratches out the name of Taylor.

The glare of the University has blinded many of our best citizens and its remoteness from every day life has intensified our indifference but the masterful report of Dr. Brooks, president of the Baylor University, of Waco, presents our educational institutions as a part of the farm, the factory, the mine,

and the pursuits of industry. He has given us a new vision of our institutions of learning. Read Dr. Brooks' article found elsewhere in this paper.

"Come home to me, daddy," said the little blue-eyed boy, and daddy longed to change his plans and go along with the little fellow. When the dear baby's sweet voice pleads for something and he holds out his chubby, eager arms, daddy can hardly resist the pleading, for he knows that only too soon he will grow to a man and go out into the world to fight its many battles, and little ones of his own will call to him, and clasp their tender, loving arms about his neck, and granddaddy's eyes grow dim with the flight of many years, will fill with tears as from out of the past there comes flashing back those sweet baby days of long ago. God bless the poppy-colored lips, the eyes like the evening and morning stars, the pattering footsteps and the rippling laughter that echoes through out the house. Though you may grow to be a great big man, as long as life may last, within the heart will linger the memory of the days and nights when you were with daddy, all sweet and pure and innocent, a messenger from heaven, a token of love and immortality.—Gleburne Enterprise.

If any heritage is precious to the American people, it is that of our public school system and higher and technical education. In some respects Texas has excelled in values of methods and support of her schools, but in many other ways the state is below the average, according to a table issued by the Conference for Education in Texas, comparing Texas with twenty-one other states. This should not be so, a general and technical education combined is considered the truest and best kind of a barometer, denoting or marking the progress of a section or a people. The highest record should represent the most advanced progress, progress, providing the moral plane is at the same time high. The above being true, Texas voters should be careful to support those measures of all or any party which will represent the greatest advance of education in this state. Party affiliations should not interfere with educational progress in the mind of any true Texan, for that is one thing that should be above politics which only stand for party interests.

Hubert Yeager, the young son of H. S. Yeager, subscribed for the Banner-Leader and the Dallas News this week, taking advantage of our clubbing offer. The young man proposes to keep up with the current events of the day and in this he shows good judgement. The boy that reads the newspapers can discuss most any subject with you intelligently, and has the advantage over the boy who does not read anything but his school books in mastering an education. Certain schools are opposed to the students reading the secular papers, and in this way they turn out graduates that are short on practical common sense, but may be well up on book learning. Let the child read and keep posted on what is going on in the world, and when he reaches that step in life where he must paddle his own canoe he will be better prepared to shun the breakers.

### IS IT YOUR BOY?

A certain man in Ballinger who runs a repair shop informs us that he has been called on a number of times by boys with pistols who repair man called on a lawyer for legal advice as to whether it would

be a violation of the law for him to wanted their weapons repaired. They do the work for the boys. Now, perhaps it had never occurred to you that certain boys in Ballinger were pistol toters, and it may never have occurred to you that your boy was going around with a big ugly gun hanging to his belt. But it is a fact that certain boys own pistols and while they appear, from the evidence at hand, to be out of shooting order, it is a fact that they have made efforts to get them put in shooting order. If you are the father of a boy and have the least bit of suspicion that he is the boy in question, I might pay to investigate.

### FAKE POLITICS.

That Democratic paper, published at Winters, that flirts with the Socialists, carried its front page covered with an appeal to the voters to vote the Socialist ticket next Tuesday, stating in glaring type, \$2,000 a year and a 6 hour working day is what socialism offers you for your vote. That's what we call fake politics of the rankest order. There is not a man in Runnels county, even including the Socialist, that has so small amount of gray matter in his upper story as to believe that the average laboring man would get \$2,000 a year for working six hours a day, under the Socialist rule or any other rule for that matter. But, the above is a fair sample of Socialist argument.

### PEANUTS OR COTTON.

Brownwood has a peanut factory. The Walker-Smith Company have established a factory at that place and contracted for 10,000 bushels of peanuts at seventy-five cts. a bushel. It is said that the peanut crop in Brown County is averaging about 75 bushels per acre.—Ballinger Leader.

Your country can grow peanuts just as well as the Brownwood country and they will pay the farmers much better, especially on the light sandy soils of Runnels county. You will be conferring a favor on farmers to urge the more general cultivation of peanuts, for they are now assured a market close to home at the highest prices. Besides the good price obtained for the nuts the hay is hardly less valuable than alfalfa.—Brownwood Bulletin.

## For Those Who Figure Ahead

As We are going out of business and will soon close our store, we have a big supply of Men's, Ladies', and Children's low quarter shoes in Tan, Russet, Gun Metal, Vici and Patent Leather, which would be a burden for us to pack and ship. Therefore we have decided to close them out at a loss of 20 percent below Manufacturer's Cost. They are in all the new shapes and styles, button, lace and pumps. You work for your dollar and you will have to work more should you buy them in season, as they would cost you double the amount then. This will only last one week, beginning Saturday Nov. 2.

### NOTE THE PRICES

|                 |        |   |        |
|-----------------|--------|---|--------|

**ITEMS OF INTEREST TO MISSEANARY WORKERS.**  
Why is Home Mission Week for the Home Department called for November 17-24? Because Home Mission Week is to the Home Department what the Jubilee was to the Foreign Department, and should be a season of special study of home conditions. Every Protestant church in the United States is planning to give the week of November 17-24 to the study of our moral, social and religious conditions, and to the efforts that are being made for betterment. With the hope of making our country a better country.

**STANDS AHEAD.**  
There is something about Home Mission Week that no other kind of religious observance has. It does all you recommend it for, and more. For spiritual it has no equal on earth. It stands ahead on any medicine shelf.

**TO THE DEMOCRATS.**  
Remember November 5th, 1912. It is expected and desired that all Democrats will do their duty on that day. The Socialist party is boasting of the heavy vote it will pull in this county. Come to the polls on election day; vote the Democratic ticket straight, and elect every one of our nominees.

**THE MAN BEHIND.**  
We don't mean the man behind the times, nor the man behind his payments. Julius Caesar was "the man behind" Home. Washington was "the man behind" the United States at a crisis in its history. Every successful business venture, no matter how humble, has "the man behind" the man who shoulders the responsibility and plans the campaign, who possesses those qualities that bring success to him and to those associated with him in business.

**Queen of the Prairie.**  
Very truly yours,

## INDIGESTION

### A Disorder that Breeds Disease in the Body, and an Easy Way to Cure it.

Take care of the stomach and you will have little need for the doctor.

When the stomach begins to show signs of disorder; when the food digests slowly and with discomfort; when you have heartburn; feel bloated and uneasy, you are in a condition that needs attention.

Prickly Ash Bitters corrects the disordered stomach by strengthening and toning up the digestive organs, driving the badly digested food into the bowels and thence out of the system.

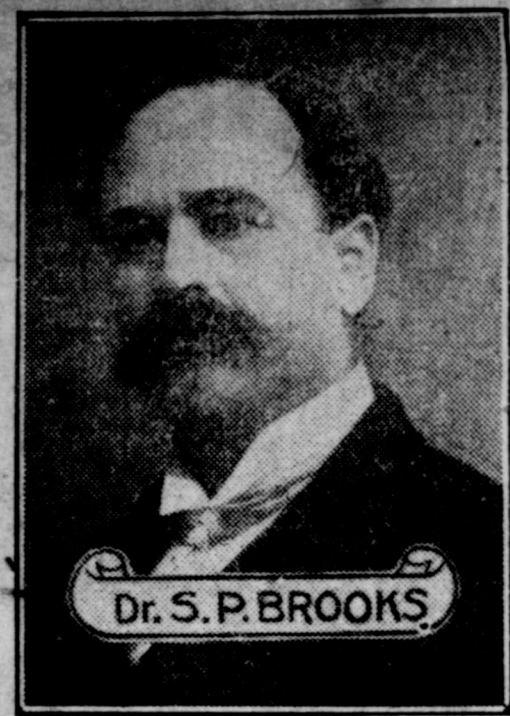

Constipation is nearly always present when the stomach becomes sour or disordered. Prickly Ash Bitters contains the medicinal qualities which act as a restorative and regulator for the stomach and bowels. It strengthens the digestive organs, cures constipation and prevents the return of bilious conditions.

Thousands of people who have received lasting benefit from this great remedy willingly testify to its power in curing indigestion, constipation and kidney trouble.

"I suffered from constipation for years, and tried many remedies, but Prickly Ash Bitters is the only medicine that has ever done me any good. Through its use I am now in good health and entirely free from all traces of my former trouble."—B. P. STIGALL, Winnsboro, Louisiana.

## BROOKS DECLARES FOR COMPULSORY EDUCATION.

Dr. S. P. BROOKS

Waco, Texas, October 29.—In a report submitted to the Texas Welfare Commission by Dr. S. P. Brooks, President of Baylor University and Chairman of the Committee on Education appointed by the Commission to investigate educational affairs in this state, a strong plea is made for higher education and for advancement and enlargement of Texas educational institutions into a broader scope of educational work. "Too long have Texans lulled themselves to sleep in contemplation of their great public school fund, trying to believe that there was naught for the present generation to do but drink at the fountain prepared by the fathers," says Dr. Brooks' report.

"Our university might as well take its place as a world institution as its officers and professors can do. Its buildings and grounds should be planned on a scale that will attract the best educational architects of the world. Its departments should embrace the whole field of known university knowledge and be ready to discover and adopt every other method now hid from the mind of man. Twenty million people will be in Texas in a few years. Our university should not only have departments of art, law, medicine, labor, commerce, and engineering, but should project a school of mines and forestry."

Dr. Brooks appeals for a standardization of all public and private institutions that give the well known college degree and declares for some wise system of compulsory education.

### CONTINUE THE AD.

The gentleman who came here some days since to look after the affairs of the Ballinger Lumber Co. noting that the ad for this concern was of the stereotyped kind, decided to cut it out, but before doing so referred the matter to his house in Chicago, and this week they wrote him to put in another ad. They said they believed that a newspaper should receive the support of the business firms of a town, and by this means the paper could refuse foreign ads of a competitive nature.

We appreciate the spirit manifested by this big-hearted firm, and wish that more firms in Ballinger would give us an ad if nothing more than a card.

## Decidedly unusual. Wunderhose the improved standard.

It takes more than a guarantee to equal Wunderhose—it takes a pretty high standard of quality and a knowledge that the quality will outwear the guarantee. The obligation the manufacturer assumes when he tells you that you are entitled, and do receive without question, new Wunderhose free for any that wear into holes within four months after purchase, is ample proof of value.

No child however hard on hosiery has any terrors for Wunderhose. Men and women who are annoyed by punching toes through the foot of a stocking need have no further annoyance from that source.

One Dollar per box of four pairs.

## COMING TO BALLINGER THE UNITED DOCTORS

An Association of Prominent American Physician Specialists Giving Free Medical Services to the Sick.

At Hotel Central, Wednesday, November 20, one day only.

Startling disclosures relative to the most remarkable treatment now known. The United Doctors are visiting the principal cities throughout the United States. Licensed by the states for the treatment of diseases, deformities, ailments and maladies of various forms without use of surgical operation.

By this developed system no more operations for appendicitis, gall or kidney stones, tumor, goitre, piles or cancer. They were among the first in America to do away with the knife, blood and pain in the treatment of these serious and dangerous disease.

Selected cases of consumption, asthma, bronchitis, and catarrhal diseases, absolutely cured with combination of medicine, diet, hygiene, and exercise. This is the most reliable and scientific home treatment known today.

Rheumatism, diabetes, bed-wetting, leg ulcers, sore eyes, and diseases of the stomach, liver, heart, kidneys, bowels, bladder, all treated by their successful methods, developed after years of special practice and experience.

Patients with cancer, tumor or tubercular glands not larger than one or two inches can be cured with their hypodermic injection method, used in hundreds of cases with entire success.

These doctors and nerve specialists treat successfully neuralgia, constant head aches, epilepsy, sciatica, nervous debility and other diseases related to the nervous system.

Because of their vast experience in the treatment and the cure of chronic blood diseases, scrofula, discharges from the nose, itching of the hair, hydrocele, varicose veins, swelling of the limbs, enlarged veins, psoriasis, and all diseases of men, women and children they are eminently fitted for the high position they have attained in the extensive practice of their profession.

If your case is incurable, the Doctor will give you valuable advice that will relieve you and stay the disease. They are curing the diseases they undertake and you may some day regret it if you don't give them a chance.

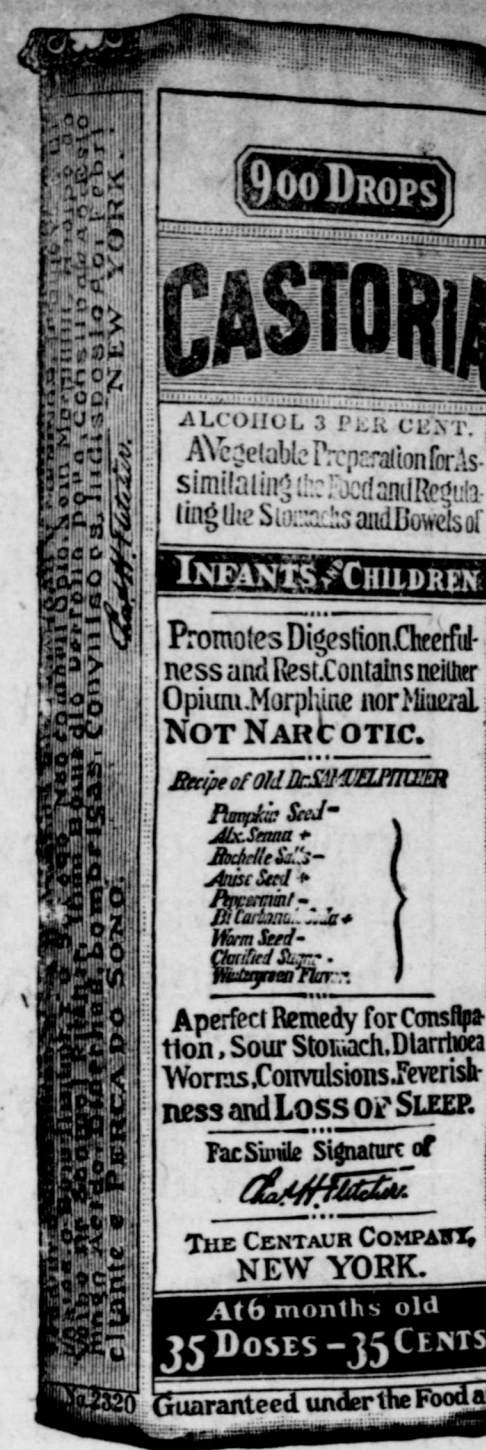

The United Doctors will give free treatment (except a small charge for medicines) on this particular visit, and this only to those who are interested and really sick.

In as much as these doctors are giving their valuable services free to the sick they will expect of those treated to tell the results to their friends.

If you have kidney or bladder trouble bring a two ounce bottle of your urine for analysis.

Married ladies must come with their husbands and children with their parents.

Hours 9 a. m. to 4 p. m.

Editor Kubela, of the Rowent Re-  
view, had business in Ballinger  
Monday.

Ed Maier and family and W. D.  
Hunt and family, of San Angelo,  
were visiting friends in Ballinger  
making the trip in their auto.

The Guio family left yes-  
terday for Abilene, where Mr. Guio  
has accepted a position with a gro-  
cery house. We regret to lose  
this family from Ballinger.

Robert Yates and family, Mes-

Tuesday.

N. J. Wardlow and E. A. Jeanes  
went to Menard first of the week,  
where they had orders for a car  
of apples to be shipped.

### GROCERIES. GROCERIES.

Call at A. J. Zappes for Short Crop  
Prices and Groceries.

Judge H. P. Young and wife and  
Walter Midgley and wife were  
Paint Rock visitors last Sunday.

Earnest Buckwald, of Winters,  
was here Wednesday to furnish  
music for the home talent play  
presented at the opera houses.

Miss Jim Gilliam, the county sec-  
etary of the County Sunday School  
Association, went to San Angelo  
Tuesday to attend the District Con-  
vention.

W. T. Padgett, who was injured  
while lifting a sack of oats last  
week, is still confined to his bed.  
The hurt is going pretty hard with  
Mr. Padgett and it will be some  
time before he can be himself  
again.

R. H. Stokes loaded out his house-  
hold goods and left Tuesday with  
his family for Corsicana, where he  
will live. Mr. Stokes said he re-  
gretted to leave old Runnels county  
and we cannot afford to lose many  
citizens like him.

J. M. Joiner loaded his barber  
shop fixtures out Monday and ship-  
ped them to Waco where he goes  
to open a shop. This reduces the  
barber shops in Ballinger to  
three and the Palace shop is no  
more.

John Castleberry, of the Meyerie  
country, was here winding up busi-  
ness first of the week, preparatory  
to moving to his new home in the  
Gaines county. Mr. Castleberry  
traded his interest in this county  
for Gaines county land some time  
ago.

The East bound Santa Fe train  
was tied up at Ballinger about 3  
hours last Saturday. The engine  
went dead just as the train pulled  
out, and it was necessary to get  
an engine from Brownwood before  
the run to Temple was made.

R. L. Williams, of the Crews  
country, was in from his farm first  
of the week. Mr. Williams re-  
port that he had planted about fifty  
acres of oats and that they were now  
coming up, but would not stand  
unless it rained soon. He had his  
fifty acres more when the season  
is favorable.

Arthur Wilkerson, at one time  
a citizen of this county, and for a  
number of years postmaster at  
Crews, is in the race for the post  
office at Fort Stockton. His many  
friends here have been asked to

## Stubborn Case

"I was under the treatment of two doctors," writes  
Mrs. R. L. Phillips, of Indian Valley, Va., "and they pro-  
nounced my case a very stubborn one, of womanly weak-  
ness. I was not able to sit up, when I commenced to  
take Cardui.

I used it about one week, before I saw much change.  
Now, the severe pain, that had been in my side for years,  
has gone, and I don't suffer at all. I am feeling better than  
in a long time, and cannot speak too highly of Cardui."

**TAKE The  
CARDUI Woman's Tonic**

if you are one of those ailing women who suffer from any  
of the troubles so common to women.

Cardui is a builder of womanly strength. Composed  
of purely vegetable ingredients, it acts quickly on the  
womanly system, building up womanly strength, toning up  
the womanly nerves, and regulating the womanly system.  
Cardui has been in successful use for more than 50 years.  
Thousands of ladies have written to tell of the benefit they  
received from it. Try it for your troubles. Begin today.
