### Where Were You?

"I came to church last Sunday; As I Walked up and down the aisle, I noticed your seat was vacant," Said the Master with a kindly smile.

"I was at home," I answered. "Some folks from over Salem way Drove down for a week-end visit, So, we stayed at home all day."

Or, "I had an awful headache;" Or, "I had roast in the pan;" Or, "We overslept that morning, But I go whenever I can."

"I went to the morning service, About two or three months ago; Much work must wait till Sunday, There is no time for church, you know."

The Master looked at me sadly, As He was about to speak. "My child," he replied, "are there Not six other days in the week?"

I saw I had grieved my Master, As slowly He turned away; And I vowed He'd not find me absent

From church again on His Holy day.

Use Chewing-Gum Laxative —  
REMOVES WASTE... NOT GOOD FOOD

When you can't sleep—feel just awful because you need a laxative—do as millions do—chew FEEN-A-MINT. FEEN-A-MINT is wonderfully different! Doctors say many other laxatives start their "flushing" action too soon right in the stomach. Large doses of such laxatives upset digestion, flush away nourishing food you need for health and energy, you feel weak, worn out. But gentle FEEN-A-MINT, taken as recommended, works chiefly in the lower bowel where it removes only waste, not good food! You avoid that weak, tired feeling. Use FEEN-A-MINT and feel fine. Full of life! 25c, 50c or 10c.

Cough medicines usually contain a large quantity of plain syrup—a good ingredient, but one which you can easily make at home. Mix 2 cups of granulated sugar with 1 cup of water. No cooking! Or you can use corn syrup or liquid honey, instead of sugar syrup. Then get from your druggist 2½ ounces of Pinex, pour it into a pint bottle, and fill up with your syrup. This gives you a full pint of wonderful medicine for coughs due to colds. It makes a real saving because it gives you about four times as much for your money. Never spoils, and children love it. This is actually a surprisingly effective, quick-acting cough medicine. Swiftly, you feel it taking hold. It loosens phlegm, soothes irritated membranes, makes breathing easy. Pinex is a special compound of proven ingredients, in concentrated form, a most reliable, soothing agent for throat and bronchial irritations. Money refunded if it doesn't please you in every way.

**Jesus' New Year**  
Lesson for January 7, 1951

SCRIPTURE: Mark 1:1-20. DEVOTIONAL READING: Isaiah 42:1-9.

THERE is no room in this one thin column for a commentary on the whole Sunday school lesson each week. If the reader is interested, as it is hoped he will be, he will first study the Bible passages themselves, with whatever aids his own denomination furnishes him. The Sunday school teacher or Bible student who wishes to do really thorough work will need a Dr. Foreman Bible Dictionary and at least a one-volume commentary on the entire Bible.

**When Is New Year's Day?**  
EVERY day is a New Year's Day for somebody. The legal holiday that goes by that name seldom comes at a real turning-point in any one's life.

The real occasion is when some momentous change occurs, so that after that day life never flows in its old channels. In this sense, a very important New Year's Day for Jesus was the day when he was baptized in the Jordan river.

Before that day he lived as a carpenter in one village; after that day, as a public man, indeed THE public Man of all times. The pattern of his life completely changed.

**Decisions**  
NEW YEAR'S is a good time to review three things: your decisions, your life's work, and your friendships.

Have you put off a decision for a long time? Now is the time to face it. Have you been making "unfortunate" decisions, choices you regret? Now is a good time to look into these and see why you have been taking the wrong road too often. Have you any bed-rock principle on which you base all your decisions? — Jesus' New Year was marked by certain decisions made once and for all.

To begin with, there was his baptism. One thing it surely meant: Jesus that day decided deliberately to be counted among those who need repentance rather than among those who think they don't. Not everybody came down to the Jordan to be baptized. Some came only to criticize. Jesus sided with the sinners, not the critics. It was a life-long decision. He became known as the "Friend of sinners."

**Life's Work**

THERE is a great thrill in setting out on the work one is going to do for the rest of one's natural life. Out of the harbor traffic on to the open sea! Jesus now becomes a preacher, and this was his work for the rest of his life. His carpentry has long since mouldered to dust; his preaching and teaching are immortal.

But suppose Jesus had been a slipshod, inefficient, careless carpenter? Would he have ever become a great teacher and preacher? It is quite true, the products of his shop have vanished, but there was something taking shape in that shop which did not vanish: his character.

Your choice about your future and final life's work may still be in the future; your best work may not yet have begun. But the way you do what you have to do, today, will help set the pattern for every choice and every work in your life.

**Friendships**

NEXT after Jesus' life-work came his choice of friends. No doubt he had known Simon and the others before, and Mark simply records in his abrupt way the climax of a long story, in telling how Jesus "called" them.

We cannot imagine Jesus without his disciples. It is not exaggeration to say that even the Son of God would have been a failure, as a man, had he won no friends.

Around New Year's time it is well to ask oneself the question: Am I as careful in selecting my friends as Jesus was in selecting his?

**The Way it Happened...**

IN SYRACUSE... John F. Blomberg and William S. Klink of Central Islip, N.Y., delegates to the state volunteer firemen's association convention, pleaded guilty to a charge of turning in a false fire alarm.  
IN GRAND RAPIDS... Cornelius Weeda complained to police that, while the temperature was hanging near 90, a prankster broke into his house and started a roaring fire in the furnace.  
IN MANHATTAN... Hyman Krasow appeared on a TV show called "Draw Me a Laugh," was spotted by his daughter in Boston, who told her mother, who re-opened 14-year-old desertion and nonsupport charges against him.  
IN MILWAUKEE... An electrician treated his son and 39 other boys to chicken dinners in a restaurant, paid the bill with \$20 in cash and the worthless \$120 check the restaurateur had given him in 1948 in payment for some electrical work.

**AROUND THE HOUSE**

Ordinary starch will often put a whitish cast on black and dark-colored clothes, unless you do something about it. Put a small amount of leftover coffee—the brew, not the grounds—into the starch.

If the stockings you want to discard is the same shade as some of the ones you're still using, unravel the threads in the useless hose and wind them on a spool. They'll be just right for mending the stockings you still have.

If someone burns a hole in a leather-covered table top, hide it by melting candle wax of a matching color; pour it into the

hole and smooth it out while it's soft.

In starching flimsy curtains, ordinary methods won't always distribute the starch evenly throughout the fabric. Try this: have the starch solution boiling hot, dip the curtains in, and then put them through the wringer.
