We especially want to thank his attending physician, Dr. T. G. Jackson, for his faithfulness and efficiency throughout the many months of his illness. The lovely floral offerings and the food were greatly appreciated. May God bless each of you in our sincere prayer. Mrs. J. T. Clement, Mrs. Sidney Roff and family.

They raised the Flag again on Corregidor...

Let's raise the money in the MIGHTY SEVENTH

OUR FLAG flies once again over Corregidor. The cost was great in blood and pain, but our fighting men did not turn back. And on Iwo Jima, four thousand men—more and more—died to take the long step forward to Victory. Twenty thousand others suffered wounds. Yes, we're on the way to Tokyo! At home, your contribution to Victory is measured in dollars. The Seventh

War Loan is the biggest in America's history because seven billion dollars must be raised from individuals alone. That means you must buy more and bigger War Bonds. This is really two great loans in one; for this time last year you had been called upon twice to subscribe in War Loans. As our fighting men raise Old Glory all over the world—let's raise the money back home!

THE TRAGEDY OF THE NORTHERN KINGDOM

LESSON TEXT—I Kings 12:26-30; 13:1-4, 13:18; II Kings 17:7, 8.
GOLDEN TEXT—O magnify the Lord with me, and let us exalt His name together.—Psalm 34:3.

Nations as well as people come to crossroads in their history, and taking the wrong road then means future disaster. Sargon had built up a great nation, prosperous, but at the expense of heavy taxes. He had forgotten God, and was succeeded by a son who followed in his footsteps.

Offered an opportunity to ease the burden of the people (I Kings 12-14), Rehoboam in his folly made it greater, and the nation was divided. The ten northern tribes, which were henceforth to be known as Israel, followed Jeroboam, and the two southern tribes under Rehoboam became the kingdom of Judah.

Jeroboam started with God's favor, and might have led his people aright, but instead he became the king whose name stood for wickedness (see II Kings 15:18). The story of that downfall is a sad picture of unbelief and failure.

I. Religion Meets Politics (I Kings 12:26-30).

Jerusalem, now in the rival kingdom of Judah, was the center of Hebrew worship. While the people of Israel were free to go there to worship, Jeroboam saw that it might lead to their being led away from him. It was a shrewd political deduction, but it left God on the picture.

The people responded to the apparent interest of the king in their welfare, and worshiped at the most convenient place. Religion had met politics, and had let politics take the upper hand.

Someone has suggested that when we begin to find ways to make our religion easy, we can be certain that it is the enemy of our souls who is at work. When Satan begins to be solicitous about our welfare and suggest that it is too far to go to church, or that the weather is too cold (or too warm), etc., etc., we should be on guard.

Religious ease was a big step downward for Israel, and it can be for any other nation. Where does America stand in that important matter?

II. A Queen Meets a Prophet (I Kings 13:1-4, 13:18).

Elijah under the mighty hand of God had defied the wicked king, Ahab, and his more wicked queen, Jezebel; yes, and all the prophets of Baal, and had been gloriously victorious (I Kings 18:17-41).

The queen, who was devilish in her wickedness and determination to destroy the worship of the true God, threatened the prophet. He who had met the challenge of the hundreds of prophets fled in fear before the relentless hatred of this venomous woman.

The prophet felt that all was lost, but God revealed to him that even in that dark day there were many who were still true to Him (v. 18).

Our main interest in this lesson is not the experience of the prophet, but in seeing the cause of Israel's downfall. Here we see one great reason—every king of Israel was a wicked man. Some were better and some worse, but all of them forgot God.

A nation is on the downward path when its rulers forget God. What about our own nation? What about the elected representatives of the people? Do they show men for public office because their Christian faith is unshaken, or do they show men of political expediency or ambition?

III. A Nation Meets Its Doom (I Kings 17:7, 8).

The hour had struck when God's heavy hand of judgment had to fall on Israel, the northern kingdom of 10 tribes. Verse 8 of this chapter relates their carrying away into captivity to Assyria, and verses 7-8 tell us the reason for that judgment.

God's blessing (v. 7) was the worship of other gods. He knew God's hatred of idolatry, and His judgment on those who walked in that way.

HOW MUCH TO MOVE A WAR?

AS SOON as we can, we'll bring to bear on the Japs all the additional might we've been using against Germany.

What will it cost, this Moving Day of War?

Estimate it in these terms: The job of moving millions of men from one front to another. Thousands of ships to carry the supplies of battle. Swarms of new-type aircraft to blast the path into enemy territory.

You can get an idea of the cost from the fact that Uncle Sam needs 7 billions from us in the mighty Seventh War Loan—now!

The Seventh War Loan will call for the greatest bond-buying we have ever done.

If you have an income—whether from work, land or capital—you have a quota in the 7th War Loan.

THE 7TH WAR LOAN IS ON!

Yes, the Seventh War Loan is on right now! There are new planes to be built . . . new tanks . . . new ships. All to bring the war to an earlier close.

Our fighting men will do *their* job. But we must do *ours*!

And right now, the most important job we have is to meet our personal quotas in the Seventh War Loan drive!

Those quotas are big. Uncle Sam needs \$7,000,000,000 from individuals. *Yes, this loan is really 2 ig*—there had been 2 drives in 1944, by this time. So now—we've got to do a two-*loan* job in one.

But Americans have never failed to meet a War Bond quota yet—and we won't fail now! So find out what your quota is—and meet it!
