Personals

R. C. Morris, who was carried to the Backwell Sanitarium Sunday, is still a patient there and his condition is reported to be serious.

Mr. and Mrs. Ira Ford of Odessa have been at their home here this week and have had as guests their sons, Joe Ford and family of Chicago and Glen Ford and wife of Abilene.

Those attending Workers Conference at Eastland Tuesday were Mmes. D. D. Sandlin, Wade Clark, Charlie Livingston, Archie Jackson, C. M. Burnett, Rev. and Mrs. George W. Thomas.

Miss Clara Hutchins of San Angelo spent the week end with her sister, Mrs. C. G. Stubblefield, and Mr. Stubblefield.

Emys Phillips, who has been in El Paso for some time, is visiting his brother, Zinn Phillips, and wife also John Phillips and family.

Mr. and Mrs. R. E. Thurman of Houston, Mrs. A. A. Tate and Bryan Lee Butler of Abilene visited E. R. Butler and family, Mrs. J. S. Davis and other relatives here over the week end.

Mrs. A. C. Underwood is visiting her son, Gene, of Morinic, Ariz. this week.

L. T. Reese visited his daughter and family, Mrs. Dean Turner, of Gatesville this week.

T. G. Greer of Norman, Okla. visited his sister, Mrs. J. T. Wilson, and family last week end.

D. M. Collins and family of Houston spent the week end with his parents, Henry Collins and family, and other relatives.

Bill Edmondson and wife spent Sunday with Charlie Morris and wife near De Leon.

Supt. and Mrs. T. E. Robertson attended the Oil Belt Teachers Association held in Abilene Saturday.

Mrs. Eldridge Hostess To '38 Study Club

Members of the '38 Study Club motored to Desdemona on Wednesday afternoon, March 8, for a regular meeting in the home of Mrs. C. S. Eldridge.

This was our Antique Show. A beautiful hand-carved Chinese chair was one of the first things to be seen as guests came. Also a lovely collection of various things in hand-painted china and glass. Neighbors of Mrs. Eldridge had graciously brought various old things for display. Some of these dated back for many years, and some of them were very beautiful. Several members carried and displayed their treasures.

A short business session was held at which time Mrs. Glen Justice was welcomed into our club. Baby Madge Justice was voted our Mascot.

Mrs. Eldridge gave a paper on antiques which was very interesting. Mrs. C. C. Gilbert gave a reading telling what Carbon was like many years ago.

At this meeting we were thrilled to have as our honor guest, Mrs. Snodgrass, the wife of the Doctor who used to, in his lifetime, be the one to usher into, and out of, this life, Desdemona citizens. Mrs. Snodgrass, at ninety-two, is very alert and active. She furnished some of our display.

Lovely plate refreshments of tuna fish and olive sandwiches, mints, lemon pie, and hot spiced tea were served to the following: Mesdames T. E. Robertson, W. J. Greer, B. B. Poe, Glen Justice, H. Hall, Lively Brown, C. C. Gilbert, C. G. Stubblefield, D. D. Sandlin, the hostess, Mrs. Eldridge, and honor guest, Mrs. Snodgrass.

Judy Rhyme of San Antonio spent last week end with Mrs. Mamie Redwine.

Mr. and Mrs. Lewis Tergeson and son of San Antonio visited her parents, Clayton Rhyme and family, last week end.

Livestock Raisers Visit Farms And Ranches

The annual tour of the Eastland County Livestock Raisers' Association was held last Saturday when the group met at the City Hall in Eastland and started on the tour at 9 o'clock. The first stop was the McClain ranch and from there to the C. C. Harris place. Other stops included Jack Baker, A. Z. Myrick, Ray Royal, Dr. F. E. Clark, A. V. Clark, H. C. Wilkerson and Archie Campbell.

M. E. Fry of Cisco was host to the group for lunch at his Mitcham Ranch ten miles northwest of Cisco where they enjoyed a bounteous ranch-style dinner. The group saw some very fine registered beef and dairy cattle, also sheep and hogs.

The tour was under the direction of County Agent J. M. Cooper and Mr. Leslie Hagaman of Ranger, president of the association.

Frozen Food Dem. Set For Fri ay

Another Frozen Food demonstration is being given under auspices of the Grimes Bros., by the International Harvester's Home Economist, Lucene R. Indolph, graduate of Texas State College for Women and an expert on frozen foods as the demonstrator. The frozen food demonstration will be held Friday, Mar. 17 from 8 to 10 p. m. at 300 West Commerce St. in Eastland.

Freezing is a new method of preserving foods to retain their original flavor until ready for consumption, and has many advantages over the old method of canning, a process in which much of the food value and flavor is lost. The Grimes Bros. are extending an invitation to both men and women of this community to attend the demonstration. Door prizes will be given away and refreshments will be served.

West Indies Castles
There are several romantic castles in the West Indies, notably the one built by Ponce de Leon in Puerto Rico, Christopher's castle in Haiti, the buccanniers' castle in St. Thomas, and the Morra de San Juan, Puerto Rico, Santiago de Cuba and Havana.

Automobile Vapers
Water produced by the autos in this country in the form of vapor from the exhaust annually amounts to 17 1/2 billion gallons, or enough to fill a canal 25 feet wide and 6 feet deep running between New York and San Francisco.

Feed Crops
Agriculture officials estimate that in 1915 it required 90,000,000 acres of farm crops to feed horses and mules in the United States, but in 1890 only 54,000,000 acres were required. Pasture requirements dropped from 90,000,000 acres to 55,000,000.

More Peanuts From fewer Acres

With the prospect of another peanut acreage reduction, many farmers will find it imperative that they raise more peanuts per acre. The use of more fertilizer will help. The use of a well cured fertilizer that is guaranteed to put out will save time and money.

The use of ground peanut hulls and lime rock as a conditioner in mixing PABAK and HEART OF TEXAS fertilizers adds to the plant food value as well as making the fertilizer easy to put out.

HEART OF TEXAS fertilizer contains the following trace elements, vital to a good peanut production: Manganese Sulphate, Copper Sulphate, Iron Sulphate, Borax, Zinc Sulphate and Magnesium Sulphate.

The Living Faith
 Lesson for March 19, 1959

MANY a funeral sermon has been preached over the Christian church, but somehow the corpse never stays put. What keeps it going? All sorts of explanations have been given by unsympathetic outsiders. The church (we are told) is an upper-class hobby, or a lower-class opiate; it is a social club; it is a burial society; it panders to pride, or it is a perversion of the self-form of self-torture; it is kept alive by a well-run organization. Such explanations do not explain. The truth is at heart quite simple: The Church is kept alive by faith. What is Christian faith, the faith of the church? A study of the Scripture for this week, or brief search through the New Testament from end to end, will convince any impartial reader of the falsehood of some of the notions about what Christian faith is.

Some have claimed that it is nothing but faith in the Fatherhood of God and the brotherhood of man. Let the reader try to find this in the New Testament if he can. If you had said this to an early Christian, he would have replied along this line: That is just the problem—how can we become sons of God? How can men achieve brotherhood? Others tell us that faith is belief in a series of doctrines.

Let the reader search the New Testament and see if he can find there anything about faith in a creed. Sometimes this notion takes another form—that faith originally was a belief that Jesus' beliefs were true; in other words, that faith is accepting the "religion of Jesus."
 Now the church from the beginning believed that Jesus' thoughts were true thoughts; but faith was never a simple second-hand acceptance of any one's creed, not even that of Jesus. The faith we find in the New Testament is none of these things.

Faith: Not About, But IN . . .

THE FAITH that broke out in those early days of the church, and has continued shining down through the centuries, was not belief about anything or anybody; it was belief IN Some One; and that Some One was Jesus Christ.

There is a simply astonishing variety of ways in which he is spoken of in the New Testament. He is Son of Man, he is teacher and healer, he is first-born of many brothers; he is Priest and Sacrifice, he is the Propitiation, the Reconciler of men to God; he is Master and Lord; he is the Word—that is, what God has to say to us; he is the Son of God, he sits on the throne of the universe, he will judge every man; he is the pattern for every man's character.

Any form of Christianity that thinks of Jesus chiefly as a Christ-mas baby; or a stary-eyed idealist; or as a pathetic figure hanging on a crucifix is a perversion of New Testament ways of thought. Everywhere in the center is the Christ who "was dead and is alive forevermore."

There is NO OTHER
A YOUNG MOSLEM who became a Christian and is very happy about it, was asked what it was that changed him, for Moslems are hard to change. It was not an argument, he said, it was the lives of some missionaries in Iran whom he knew.

He wanted what they had—it was as simple as that. And he went on to say this: "Christianity doesn't have much in theology that Mohammedanism doesn't have. There is just one thing Christianity has that we didn't have, nor anything like it; Jesus Christ."
 This is what—that is who wins men today, and that was the secret of the early church, and that is the secret today of the living church everywhere. Christ alive by faith in the lives of those who love him.

The Way it Happened . . .

IN BUTLER, Pa. . . Mrs. Marie Osterling son her for divorce on the grounds that her husband didn't like to have the neighbors share his television set.

IN CHICAGO . . . Mrs. Harry Linacover, wife of a divorce lawyer, answered the doorbell of her home, told the well-dressed caller that the attorney was not at home, told police later that the man exclaimed, "Here's a present for your husband"; punched her repeatedly in the nose.

IN SEATTLE, Wash. . . Nick Valos, haled into court for driving on the wrong side of the street, was let off by the judge when he explained that his wife had pulled the throttle when she intended to turn off the heater, adding, "She was just trying to be helpful. She is just like many other wives."

IN FRANKFORT, Ky. . . A member of Alcoholics Anonymous, charged in court with reckless driving, explained how he obeyed the cardinal rule of AA never to take that "first drink"; "I order the first drink and set it aside. Then I order a second drink, a third drink and so on. But that first drink never gets touched."

FIRST AID TO THE AILING HOUSE
 BY ROGER C. WHITMAN

QUESTION: How would you remove a spot on an office floor about 2x4 feet, caused by dragging feet when spinning chair from desk to typewriter, without sanding the whole floor? The floor has had a coat of stain and two coats of shellac.

ANSWER: Take off the remains of the shellac by quick wiping with denatured alcohol. Then apply one or two coats of fresh shellac, thinning them down with denatured alcohol, about one-half. Feather out the strokes. Do not expect perfect results. If you intend to do over the whole floor at some time, you might consider a penetrating floor wax or penetrating floor seal. These finishes are not apt to show scratches.

Provident Pioneers

Frozen Lemon Pie Is Toothsome Dish

FROZEN lemon pie is a toothsome dinner dessert for the family that's been working hard all day, says the Country Cooking editor of Capper's Farmer.

Graham cracker crumbs are crust and topping for the chilled and yellow filling, she writes in the nationally circulated farm magazine. Pie-shaped pieces are made by cutting diagonally across the refrigerator tray in which pie is frozen.

The dessert which will be an ever-popular family favorite, serves 6 the Capper's Farmer expert advises.

FROZEN LEMON PIE
1 egg, separated
1/2 c. lemon juice
1/2 c. sugar
1/2 c. evaporated milk, well yellow
1/2 c. grain cracker crumbs
1/2 c. graham cracker crumbs

Beat egg yolks; add lemon juice and piece of rind sliced from lemon and all but 2 tablespoons of the sugar. Cook over low heat 15 minutes, stirring constantly. Remove rind and cool. Beat egg whites until stiff; add remaining sugar and fold into cooled mixture. Add whipped evaporated milk. Line refrigerator tray with waxed paper. Sprinkle with 1/4 cup of the crumbs. Pour in lemon mixture; sprinkle with remaining crumbs. Freeze with temperature set at coldest. Serves 6.
